GRAND RAPIDS has always been recognized as the market for the highest and best grade furniture made in the United States. For years it has been the home of the largest manufacturers of strictly high grade furniture, and they have jealously guarded their reputation in every possible way. Wherever you find a piece of fine furniture that was made in Grand Rapids by one of the large and reliable manufacturers you will find a label or trade mark. As a guarantee that every one of the bedroom suites illustrated and described on this page is made by one of Grand Rapids' most reliable manufacturers, the trade mark illustrated opposite appears on every piece.

BEDROOM
SUITES
generally
sold at
\$60.00 to
\$70.00.

No. 1F1576 This strikingly handsome, high grade Bedroom Suite cannot be excelled at any price. Exceptionally attractive in design, strictly high grade in material and construction, beautiful in finish. We challenge any house on earth to furnish this splendid Grand Rapids made bedroom suite at a price as low as we ask. This bedroom suite should be compared with suites generally sold in retail stores at \$60.00 to \$70.00.

THE WOOD is the best grade quarter sawed oak or birch, perfect imitation mahogany finish, and is thoroughly air seasoned and kiln dried and specially selected for the beauty of its highly figured grain. Every panel, post and piece is the highest quality obtainable.

THE CONSTRUCTION of this magnificent Bedroom Suite is perfect in every detail. The best skilled workmanship and modern machinery are used in the construction of this high grade bedroom suite. The frame work is carefully mortised and joined, the drawers dovetailed on the sides and grooved on the backs and bottoms. The panels are built up of transverse layers of specially selected highly figured stock which prevents warping or checking or shrinking. In fact every part and piece is perfectly fitted and joined. The drawers work smoothly without friction. Each bedroom suite is the perfection of construction throughout and guaranteed not to warp, check or split no matter how severe the climate, changes and conditions.

THE FINISH on this high grade Bedroom Suite is a rich dark golden color, or perfect imitation mahogany finish, which brings into strong relief the beautiful highly figured grain of the wood perfectly. The materials used in the finishing of this bedroom suite are the best obtainable. Each joint, from the filler of the wood to the last coat of varnish, is given plenty of time to harden and dry before being polished and rubbed down and the result is a perfectly smooth glossy transparent polished surface that will not wear off in a short time as ordinary finishes do, but will last a lifetime.

THE BED. We call your special attention to the graceful outline and splendid proportions of the bed. It is regular size, 76 inches high, 75 inches long and 54 inches wide. The broad panels in head and foot end are made of built up stock to prevent warping or checking. Note the massive rounded top rail, on foot end.

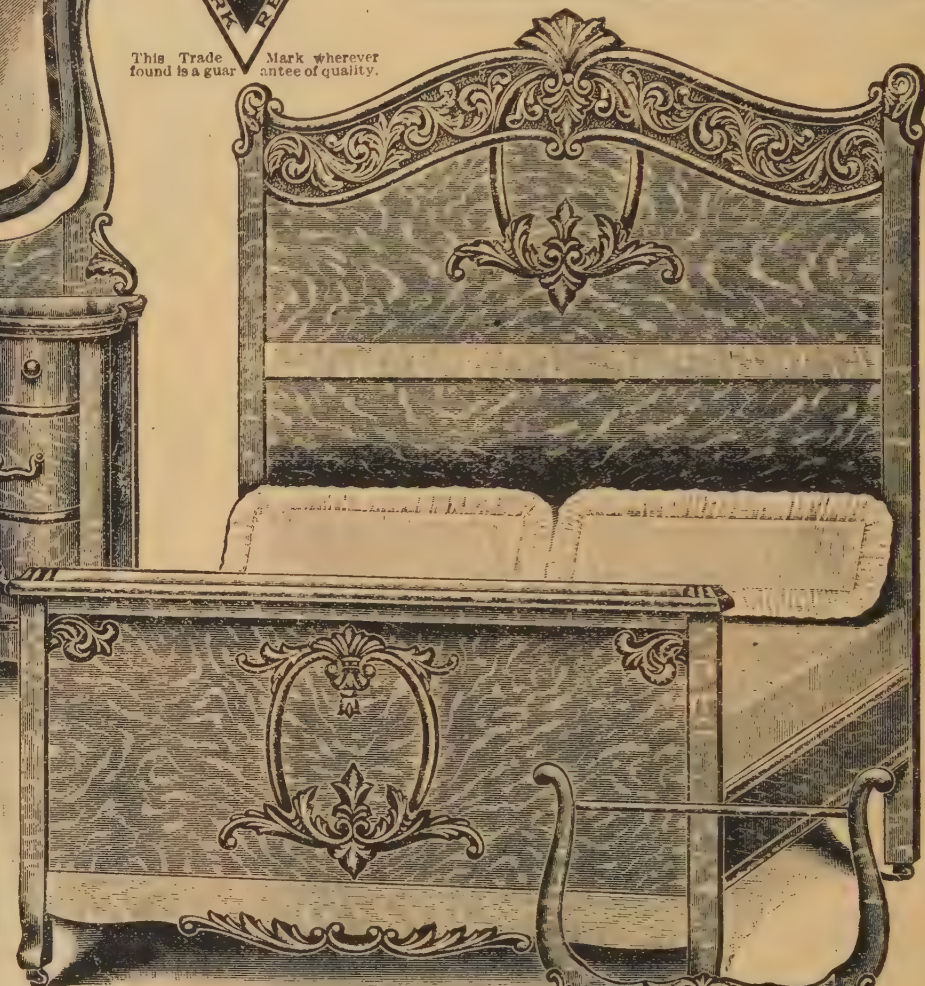

THE DRESSER responds with the full swell serpentine curved front. The two top drawers and two large drawers below afford ample room for wearing apparel. Note the beautifully rounded and shapely curved front posts. The new design pattern shaped mirror, size 24x30 inches, is the best quality thick French bevel plate. Mirror frame and standards match the bed perfectly.

THE WASHSTAND has a 20x34-inch shaped top to correspond with the serpentine curved top drawer, two drawers and roomy cupboard, and matches the dresser.

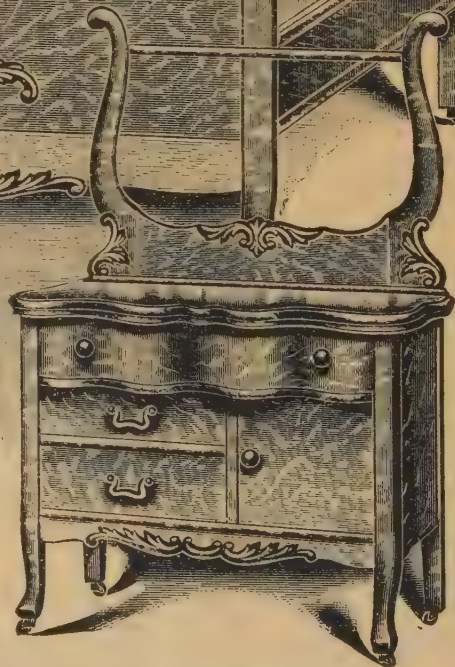

THE CARVINGS on this magnificent high grade Bedroom Suite are exceptionally attractive in design, being hand made, smooth cut and finely executed. Not the cheap, coarse, rough made and carelessly finished carvings formed on bedroom suites made by most manufacturers.

THE TRIMMINGS used on this high grade Bedroom Suite are the best quality obtainable. The handles are made of genuine cast brass, highly burnished and lacquered. Drawers fitted with locks and keys, and each piece has steel frame casters.

OUR PRICE, \$36.85, on this Bedroom Suite represents a saving to our customers of fully 50 per cent as we are offering you this bedroom suite at a lower price than most dealers pay wholesale. In fact bedroom suites, compare it with any suite offered by any retail furniture store at \$60.00 to \$70.00 and if you do not find it made of better quality of material, higher grade in construction and finish, you may return it to us and we will immediately return your money together with transportation charges. This suite is securely packed to insure delivery in the same perfect condition as it leaves the factory and shipped direct to our customers from factory in Grand Rapids, Mich.

IRON BEDS

AT \$1.39 TO \$12.85

We offer you FINER IRON BEDS than were ever before shown. Newest Designs, First Class Material, Construction and Finish. WONDERFUL VALUES.

We Challenge the World on QUALITY and PRICE. A Lower Price than Ours MEANS A POORER QUALITY.

THEY ARE INDESTRUCTIBLE AND WILL NEVER WEAR OUT.

THE METAL USED In the construction of our beds is strictly high grade throughout. No rusty scrap iron or corroded refuse metals. The highest and best quality of malleable iron, rolled Bessemer steel and drawn brass tubing.

THE CONSTRUCTION of our metal beds is the best that modern machinery, science and skilled workmanship can possibly produce. Every part is carefully modeled, framed and joined. The joints and chills carefully rounded and smoothed. The rails are made of Bessemer steel in angle shape and will not bend or break. Great care is taken in the fitting of the tongue and grooves by which the rail is fastened to the head and foot end. They stand firm and will support any weight of persons.

THE FINISH of our iron beds, we guarantee the best that can be made. The enamel which is used for the several coatings is the highest grade obtainable. Each coat after being carefully and thoroughly applied is baked in a large oven heated to a very high degree of temperature, then thoroughly smoothed and polished. This produces a finish that is impervious to water and all our iron beds can be cleaned of finger marks or other soiling by washing with soap and water.

THE BRASS TRIMMING which is used in the ornamentation and construction of our metal beds is of the highest quality of drawn brass tubing, highly polished and burnished, coated with the best quality of French lacquer, which

absolutely preserves the polish and prevents tarnishing. Lacquer is to brass what varnish is to wood, it preserves the material.

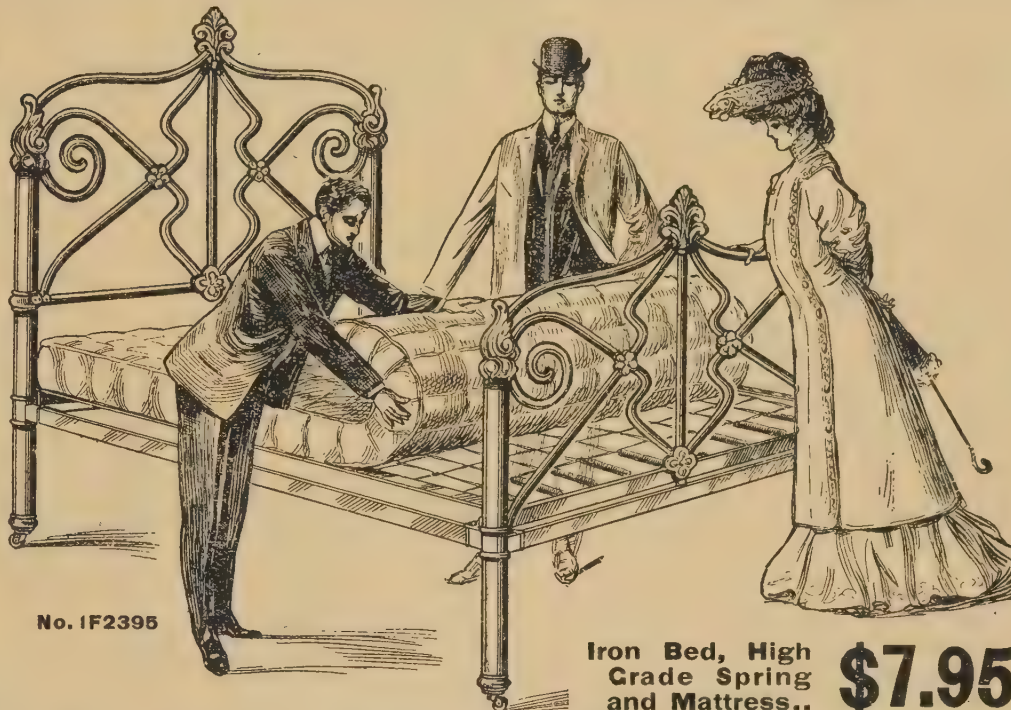

COLOR BEDS. We furnish all our iron beds in white enamel unless ordered otherwise. Under the special description of each bed it specifically states whether furnished in single solid color or in combination colors. Many designs of beds are much more attractive in single solid color only and for that reason we furnish certain patterns in single solid color only. When beds are ordered in colors, shipment will be made direct from factory near Chicago and from three days to one week's time is required before shipment can be made.

THE SIDE RAILS on all our iron beds are made of the best high carbon Bessemer steel, angle shape. THEY ARE FITTED to the bed with the reverse side up to allow the use of wood slats or regular extension and bar springs as desired. TO SET UP IRON BEDS, place the rail in the groove, lay a piece of wood on shank of the rail and drive into the groove with hammer by striking the wood.

HOW TO ORDER. When ordering a metal bed, be careful to state the width wanted, also the color, otherwise white will be shipped. We illustrate our beds made up with bolster, mattress and covering, but the price quoted is for the bed only. Springs, mattresses and pillows are illustrated and described on pages that follow.

\$7.95

for this handsome design high grade, massive iron bed complete with best quality steel springs and a strictly first class mattress. The bed is one of our special 3-piece combination beds which has no side rails. The long bar of the spring forms the side rail of the bed. One of the finest methods of construction known and offered exclusively by us. This method makes it possible to pack and ship the bed at less expense. We offer this combination outfit to show what it is possible for us to produce in a strictly high grade bed, spring and mattress at an extremely low price, which is offered only as a sample of the wonderful values we are giving in our entire bed line. Height of the head end of the bed, 56 inches; foot end, 44 inches. The corner posts are 1 1/2 inches in diameter and are mounted with massive, smooth cast, ornamental chills. The top rod and filling rods are 3/4 inch thick. These dimensions make an unusually substantial and massive bed. Finished throughout in best quality white enamel, thoroughly baked and hardened. The spring frame is made of high carbon steel angle bars, 1 1/4 inches wide. The fabric is made of best quality heavy tinned wire interwoven and interlaced in what is called hairpin style, making it absolutely nonsagging and noiseless. The fabric is fastened to the steel frame at each end by 15 high carbon steel spiral springs. This spring combines the greatest comfort and lasting qualities it is possible to obtain. The mattress is the finest of its kind and that skill and our knowledge of mattress construction could enable us to produce. A combination mattress never before offered, suitable for use in any climate. The filling is made of white basswood excelsior, thoroughly screened and freed from all impurities. This forms the inner filling only. One side is covered with a tick layer of the best quality sanitary sea moss, which is not excelled for its hygienic and comfort giving qualities. The other side of the mattress is covered with thick layers of elastic felt of good quality. This makes the mattress suitable for cold or warm weather and furnishes a firm or soft bed as may be desired. The ticking is extra quality heavy twill, closely stitched and full bound. The mattress is made in the very latest and most up to date manner. Diamond tufted with leather tufts, and we place it in competition with mattresses sold throughout the country at \$6.00 to \$7.00.

THE SIDE RAILS ON ALL OUR IRON BEDS

are made of the best high carbon Bessemer steel—angle shape. They are fitted to the bed with the reverse side up to allow the use of wood slats or regular extension end bar springs as desired. To set up iron beds place the rail in the groove, lay a piece of wood on shank of the rail and drive into the groove with hammer by striking the wood.

IRON BEDS IN COMBINATION COLORS.

THE ART OF DECORATING IRON BEDS WITH A COMBINATION OF COLORS AND GILT ORNAMENTED CHILLS, HAS WITHIN THE PAST FEW YEARS BEEN BROUGHT TO A HIGH STATE OF PERFECTION, AND YOU WILL FIND OUR LINE WITHOUT QUESTION THE HANDSOMEST IN DESIGN AND MOST ATTRACTIVE IN HARMONIOUS COLOR EFFECTS THAT CAN BE OBTAINED.

No. 1F2445

WE RECOMMEND THIS BED IN WHITE OR ANY SOLID COLOR.

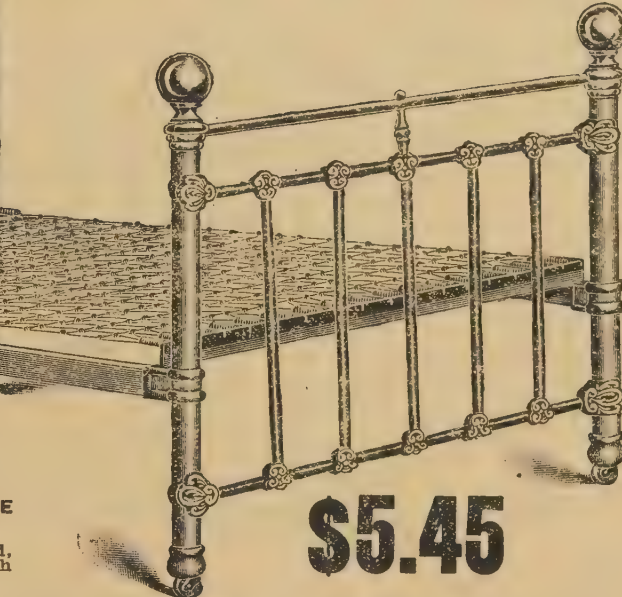

Always be sure to state size and color desired, otherwise we ship full size white enamel with gilt chills.

THE ENAMEL used on all our beds in the combination colors as well as in the solid colors is the best obtainable, producing a rich, glossy surface and handsome effect not to be found on beds where a poor grade of enamel is used. Each coat of the enamel, after being carefully applied, is baked and hardened by a very high degree of temperature, producing a finish impervious to water and can be cleaned of finger marks and other soiling by washing with soap and water.

WE CALL YOUR SPECIAL ATTENTION to the fact that we furnish any bed in our entire line in white enamel or in any solid color. We also furnish our iron beds shown on pages 758 and 759 in combination colors, with gilt decorated chills, as follows: Maroon and white, light blue and white, pea green and white, dark blue and white, pink and white, olive green and white, or dark green and white. When you wish to order a bed in combination of colors, be sure to state colors desired, otherwise we will ship white with gold chills.

WE ESPECIALLY RECOMMEND maroon and white, light blue and white, pea green and white, as the most effective and desirable combinations. When finished in combination colors the posts and top rods are finished in the first color mentioned above and the filling rods in white.

HIGH GRADE THREE-PIECE IRON BED, \$5.45

\$5.45

NO. 1F2445 THIS BED is so constructed that the high grade steel spring forms the side rails and on this account the cost of making is reduced and the price will be found much lower than the regular iron bed with regular iron springs. This bed is exceptionally strong, the corner posts are 1 1/16 inches in diameter surmounted with handsome brass knobs and mountings. The brass top rail on the head and foot end is 1/2-inch in diameter. The horizontal and vertical filling rods are 1/2-inch thick. The ornamental chills are smooth cast and molded. We furnish this bed in the best quality white enamel finish or any solid color. This bed is fitted with our genuine hairpin fabric metal spring attached to angle steel end bars by 30 steel coil wire helical springs, making the most comfortable spring it is possible to produce, absolutely guaranteed not to sag, and exceptionally durable and strong. The side rails of the springs forming the sides of the bed fit into the grooves on the corner posts perfectly, making the bed stand rigid and firm. Convenient for handling and shipping. The head stands 61 inches high, foot end 38 inches high. Length, 76 inches. We furnish the bed in white enamel, or any solid color, with gilt chills. Made in 3 foot 6 inch, and 4 foot 6 inch widths. Shipping weight, 100 pounds. **\$5.45**

\$4.75

NO. 1F2438 THIS HAND-SOME NEW DESIGN, HIGH GRADE IRON BED is made of the best quality, high carbon Bessemer steel and drawn tubing. It is the equal of any iron bed generally sold in retail stores at \$7.50 to \$8.00. The head end stands 61 inches high, the foot end 43 inches high. The heavy corner posts are 1 1/16 inches in diameter. We call your special attention to the shapely curved and interlaced filling rods 1/2 inch in diameter. Note the handsome designed, smooth cast and molded chills on corner posts and connecting the filling rods. The material used in our iron beds is specially selected; no rusty scrap iron or corroded refuse metals. The rails and filling rods are made of Bessemer steel and the posts of drawn steel tubing, the joints and chills carefully rounded and smoothed. Special care is taken in the fitting of the tongue and grooves by which the rails are fastened to the head and foot end. They stand firm and rigid and will support the weight of any person. Artistic beauty, comfort and durability are combined in this splendid bed. Made in 3 foot 6 inch, and 4 foot 6 inch widths. Length, 76 inches. Finished in white enamel or any solid color with gilt chills. Shipping weight, 110 pounds.

Price, any solid color with gilt chills. **\$4.75**

WE RECOMMEND THIS BED IN SOLID COLORS ONLY.

Always be sure to state the color and size desired, otherwise we ship full size white enamel.

**WE CHALLENGE THE
WORLD ON QUALITY
— AND PRICE. —**

No. 1F2454 This handsome, massive new design iron bed is made of the best quality high carbon Bessemer steel and drawn tubing. The head end is 62 inches high and the foot end 45 inches high. The corner posts and shapely curved top rails are $1\frac{1}{8}$ inches in diameter. The bottom rods are $\frac{3}{4}$ inch thick. All the other filling rods are $\frac{3}{8}$ inch thick. We call your especial attention to the heavy oval design castings in the middle of the perpendicular filling rods in the head and foot end and the large smooth cast chills on corner posts, top and bottom rails. We furnish this bed in white enamel or any solid color with gilt decorated chills, but it is especially attractive in dead black, pea green and white or light blue and white with gilt decorated chills. Best quality ball bearing casters. The construction and finish of this splendid bed is the best that scientific, skilled workmanship can produce. Special attention is given to the fitting of the rails. Every bed stands firm and rigid. This magnificent, high grade iron bed cannot be purchased in retail stores for less than \$10.00 to \$12.00. Furnished in 3 foot 6 inch and 4 foot 6 inch widths. Shipping weight, 150 pounds.

Price, any solid color with gilt chills..... **\$5.95**

**EXCEPTIONALLY
HANDSOME, HIGH GRADE**

BRASS TRIMMED IRON BED.

No. 1F2467 In beauty of design, high quality of construction and finish this brass trimmed, high grade iron bed cannot be excelled. The head end stands 65 inches high and the foot end 45 inches high. The corner posts and top rails are $1\frac{1}{8}$ inches in diameter, the bottom rails $\frac{3}{4}$ inch thick. Perpendicular filling rods $\frac{3}{8}$ inch thick. Note especially the large trumpet shaped, brass spindles, 13 inches long, encircled by heavy oval shaped filling rods. The large, massive chills on corner posts and filling rods are deep, smooth cast and perfectly moulded. Best quality ball bearing casters. We furnish the bed in white enamel, or any solid color, with gilt chills, but especially recommend either of the following combinations of colors with gilt chills: Pea green and white, maroon and white or light blue and white. Made in 3 foot 6 inch and 4 foot 6 inch widths. Length, 76 inches. Special attention is given to the fitting of the rails. Every bed stands firm and rigid. The enamel used on this bed as well as on every other bed in our line is the best grade obtainable. Each coating is thoroughly baked and hardened. Compare this handsome bed with those offered by others at \$14.00 to \$15.00. Shipping weight, 150 pounds.

ONE OF THE NEWEST AND MOST EFFECTIVE DESIGNS FOR \$23.85 COMPLETE.

This illustration shows four pieces of our No. 1F5788 Parlor Suite. The fifth piece is a duplicate of the parlor chair which has no arms.

No. 1F5788 We are only too anxious to have such furniture introduced into every neighborhood, for we know that anyone who examines this suite and learns the price which we quote will be fully persuaded that a large percentage can be saved by purchasing their goods from us. An example of actual money saving is worth more to us as an advertisement than hundreds of dollars spent in newspapers.

THE FRAMES ARE MADE OF HANDSOME SELECTED BIRCH with mahogany finish. The heavy carving on the back of each piece, combined with the stylish and effective upholstery, makes this suite distinctive from all others at anything like the price. **COMFORT IS LOOKED AFTER.** Spring seats and edges fitted with the best high carbon steel springs making each piece free and easy. Springs are supported by steel corrugated wire instead of the old-fashioned webbing which sags or tears so easily. Bottom of each piece is left open to light and ventilation, which prevents moths.

YOU MUST SEE, examine and compare this suite with anything you can buy elsewhere at anything like the price to appreciate the value we are giving, and to make this possible we offer to send you this, or any other suite you may select, guaranteeing it to reach you in perfect order, with the understanding that you may use it in your own home for 30 days, and if for any reason you become dissatisfied with your purchase or do not feel that you have received a much better suite than you could have obtained elsewhere, even at much more money, you may return the suite to us at our expense and we will immediately refund your money together with any freight charges you may have paid.

ON PAGE 768 we fully describe the colors and quality of upholstery material we can furnish. The illustration shows silk damask covering of beautiful pattern and combination.

WE HAVE NO FEAR OF ANY COMPARISON that may be made between this suite and those carried by local dealers. Our facilities for turning out high grade furniture at marvelously low prices are unequalled, and we will be only too glad to have you compare our prices with any other that you may be able to secure.

The number of this Parlor Suite is No. 1F5788. Always order by number and send the price which corresponds with the kind of upholstery you select. Be sure to state color desired.

THIS MAGNIFICENT FOUR-PIECE PARLOR SUITE, \$25.75

This illustration shows our four-piece parlor suite, No. 1F5782.

No. 1F5782 This handsome strictly high grade 4-piece parlor suite is made of specially selected highly figured birch in a perfect imitation of mahogany with piano polish finish. In every detail of workmanship, material and finish, it is strictly high grade and guaranteed to please the most exacting taste. The broad center panels in the back of each piece are decorated with hand made smooth cut carvings beautifully executed. The frame is made of extra heavy stock. We upholster each piece in the very best possible manner with the different styles of covering as noted below and described on page 768. Each piece has a full spring seat, the springs being made of the best quality of high carbon Bessemer steel wire with a corrugated steel wire bottom instead of webbing. Our prices on this suite represent the actual cost at the factory with but a small margin of profit added. By shipping direct from the factory, we save all extra expense of handling, enabling us to quote very low prices. We require from 7 to 10 days after an order is received before we can make shipment, as every suite is made to order. Weight of suite complete, crated for shipment, about 175 pounds.

The number of this Parlor Suite is No. 1F5782. Always order by number and send the price which corresponds with the kind of upholstery you select. Be sure to state color desired.

THIS MAGNIFICENT FIVE-PIECE SUITE, \$27.⁸⁵

HIGH GRADE IN MATERIAL, CONSTRUCTION AND FINISH.

EXCEPTIONALLY HANDSOME
IN DESIGN

No. IF5774 This beautiful five-piece Parlor Suite is a splendid example of up to date workmanship, artistic design and first class finish. A design that ranks with the best productions of the day, and at the very low price at which we offer it is **WONDERFUL VALUE**. You cannot fully appreciate the wonderful value of this parlor suite until you have seen and compared it with those offered in retail stores at almost double the price we ask. **WE INVITE COMPARISON.**

THE FRAMES of this handsome five-piece parlor suite are made of specially selected birch in a perfect imitation of mahogany finish. Each piece is ornamented with handsome design, clean, smooth cut, hand made carvings placed with a view to harmonious effect. Note the shapely curved arms and legs as well as the handsomely designed back.

THE FINISH. The materials used in the finishing of our parlor suites are the very best obtainable. Special care is taken in the finishing of each frame, plenty of time is given each coating to thoroughly dry and harden before rubbing and polishing. The color is a perfect imitation of mahogany.

THE SPRINGS. Each piece of this beautiful Parlor Suite has spring edges and the seats are fitted with very best high carbon steel springs, highly tempered, supported by steel corrugated wires in place of webbing. The top parts of the spiral springs are securely tied, retied and cross-tied in the strongest and best manner possible. The bottom is left open to plain view and ventilation. For softness, resiliency and lasting qualities our spring work has no equal.

THE COVERINGS used on this handsome Parlor Suite, as noted in the price list below, are fully described on page 768. Each kind of covering is fully described as to kind and colors. We use a better class of material in our covering than is used by the average maker of upholstered furniture and you will find the handsomest and newest designs, the most harmonious color effects and fine close weaves not found in the ordinary grade of upholstery goods. You will find our coverings more lasting and satisfactory than any similar goods furnished by others that will approach our goods in general appearance and style.

FREE SAMPLE COVERINGS

We furnish Free, large sample coverings used on this suite. See page 768.

\$27.⁸⁵ FOR THIS
FIVE-PIECE
PARLOR SUITE.

THE DEEP HAND TUFTED BACKS are carefully overlaid and fastened securely with metal buttons. The gimp and cord are made to match the coverings.

IN EVERY DETAIL OF CONSTRUCTION, in every piece and in every part that enters into the making of this beautiful Parlor Suite, the greatest care is taken that the best materials, the best wood, best upholstering materials, best high grade springs, best finishing materials and best workmanship are used throughout.

OUR PRICE OF \$27.85 represents the actual cost of labor and materials with our one small percentage of profit added. In offering the suite at \$27.85, we have eliminated the profits of the middlemen and in shipping direct from factory you save extra cartage and handling and the additional liability of damage to the goods, all of which adds to the cost but does not improve the quality. You get the benefit of every cent saved in this way.

AS A GUARANTEE that this suite will please you and that you will find it far greater value for your money than you could possibly get elsewhere, we will gladly accept your order for this suite to be sent to you under our guarantee that it will reach you carefully packed and in perfect condition, allowing you the privilege of taking the suite to your own home, setting it up in your home and keeping it thirty days, during which time you can compare it with suites sold by others, and if you are not perfectly satisfied with your purchase you can return the suite to us at our expense and we will immediately refund your money, together with any freight charges paid by you.

THIS HANDSOME FIVE-PIECE PARLOR SUITE, \$26.30.

No. 1F5784 The exceedingly low price of \$26.30 which we are able to make on this regular \$50.00 parlor suite, is only made possible by large contracts with a leading manufacturer. This suite is made up in accordance with our own design and from the illustration you can form some idea of the general elegance and richness of effect of this beautiful suite. The five pieces of this suite are as follows: Large sofa, large arm chair, large rocker and two handsome reception chairs, both of which are alike, but only one of which is shown in the illustration. Without making undue comparisons with our other upholstered furniture, we can scarcely avoid saying that nothing else in the line of upholstered goods has ever been offered by us which combines the same elegance, durability, finish and quality as shown in this beautiful suite. **IT IS MADE OF SELECTED BIRCH, RICHLY FINISHED IN MAHOGANY.**

THE FINISH IS NOT MERELY LAID ON, as is the case with very cheap furniture, but it is beautifully hand polished.

ed. The daintiness of the design is greatly added to by the rich hand made carving with which the backs of the pieces are decorated. The greatest skill of cabinet makers is brought into effect in this beautiful suite, and we offer it as an example of the great value which can be obtained from us in this line of goods.

EACH PIECE has easy spring seat and spring edges, the springs being made of the best high carbon steel wire, supported by steel corrugated wires in place of the webbing which is usually used in manufacturing suites. Webbing tears and sags, which is, however, entirely overcome by using these steel wire supports instead. We use a heavy duck canvas over springs where others use cheap burlap. Each piece is left open from the bottom to air and ventilation, which will prevent breeding of germs and moths. The fronts are ruffled, and the top of the back is finished with biscuit tufts, which gives a wonderfully beautiful effect to the suite. Every piece is double stuffed and has stitched fronts.

\$26.30

This illustration shows four pieces of our No. 1F5784 Parlor Suite.

The fifth piece is a duplicate of the parlor chair which has no arms.

The number of this Parlor Suite is No. 1F5784. Always order by number and send the price which corresponds with the kind of upholstering you may select. Be sure to state color desired. Shipping weight, 200 pounds.

MASSIVE HIGH GRADE FIVE-PIECE PARLOR SUITE, \$44.95.

MADE IN QUARTER SAWED GOLDEN OAK OR BIRCH, PERFECT IMITATION MAHOGANY FINISH.

No. 1F5812 This magnificent high grade Five-Piece Parlor Suite is generally sold in stores at \$85.00 to \$100.00. No illustration or description can do justice to this splendid parlor suite. Exceptionally handsome and massive in design, decorated with deep smooth cut, hand made, finely executed carvings. Each piece has broad and deep seat and back, constructed according to the latest and best method known in the art of high grade upholstering. **THE FRAMES** are exceptionally attractive and massive in design, perfect in every detail of material, construction and finish. Made of especially selected highly figured quarter sawed golden oak or in birch, perfect imitation of mahogany finish. Polished like a piano. Note the heavy veneered roll on the back, the broad, shapely curved arms with large hand made smooth cut, finely executed dragons' heads and the massive hand carved claw feet. Strength, beauty, comfort and durability are combined in this splendid suite. **THE SPRINGS** used in each piece are the very best quality high carbon Bessemer steel securely fastened at the bottom to corrugated steel wire and covered with an extra quality duck canvas. Sofa has eighteen springs; easy chair, nine springs; rocker, nine springs; parlor chair, four springs. Each piece has soft spring edge.

THE COVERINGS used on this Parlor Suite comprise all the newest and latest effects in high grade textures, the choicest designs and harmonious colorings. The beautiful fabrics must be seen to be fully appreciated. Note the beautiful deep diamond tufted backs and corded front. Read what we say about our upholstering materials on page 768. **OUR PRICE, \$44.95 to \$67.35,** according to the kind of covering selected, is much lower than most dealers pay wholesale for such a parlor suite. For some time we have utilized almost the entire capacity of one of the largest parlor suite factories in the United States. The immense volume of business we have been able to give them has enabled them to lower the cost of production from time to time and we are able to give our customers the full benefit of this reduction by making our parlor suites lower in price and better in quality. We challenge any other factory in the world to produce this high grade parlor suite at the price we ask. This parlor suite is securely wrapped and crated to insure safe delivery and shipped direct to customers from our factory in Chicago. Shipping weight, 225 pounds.

This illustration shows four pieces of our No. 1F5812 Parlor Suite.

The fifth piece is a duplicate of the parlor chair which has no arms.

The number of this Parlor Suite is No. 1F5812. Always order by number and send the price which corresponds with the kind of upholstering you select. Be sure to give color of covering, whether golden quartered oak or mahogany finish is desired, otherwise we ship mahogany finish.

RECLINING AND FOLDING GO-CARTS.

EVERY VEHICLE listed on this page is of an entirely new and special design, in fact, it is the finest selection ever placed on the market. Great care has been taken to produce attractive patterns, which are substantially built; even the smallest detail has been carefully considered. The back can easily be adjusted to an upright or reclining position. The dash can be raised or lowered, as desired. In addition to these special features, these carts can be compactly folded, thereby taking little room when not in use. They are light in weight and can easily be folded and carried when necessary. The material used is the best. The body has been considerably enlarged, and stands at a convenient height. The frame work is made of selected kiln dried maple; all joints are dovetailed, doweled and glued, making it strong and rigid. The handles are made of steel, gracefully bent, and connect with the gear, placing the cart under direct control. All our folding and reclining go-carts on this page have three polished imitation walnut grips, excepting the three highest priced carts which are fitted with richly enameled Arabian green 5-piece handle grips with gold plated ferrules. The reed work is entirely woven by hand from

selected imported manilla reeds. They are finished in light, natural color, and coated with a heavy coat of weatherproof shellac. They have strong cane seats, 11 1/2 inches wide and 14 1/2 inches long. All folding and reclining go-carts, shown on this page, have the latest Improved Reliance Folding Gear, equipped with the finest quality elastic oil tempered steel springs, which are arranged directly below the seat, thereby removing all jar and jolt. Besides this important feature, each vehicle has a patent lock, which prevents accidental closing or folding of the cart. All our carts, with the exception of No. 25F2011, have four 12-inch rubber tired wheels, with patent rubber hub caps and wheel fasteners (a device which detaches the wheels by the simple operation of a thumb spring), and have the latest improved automatic foot brake. The three highest priced vehicles shown on this page are furnished with automobile cushion tired wheels. They are enameled in Brewster green and ornamentally gilt weight, 60 pounds.

\$4.15

Without Upholstery and Parasol.

Exceptionally strong and well made. The best low priced go-cart on the market. The sides are made of spindles, fancy reed scrolls and finished at the base with round reeds. Read what we say about size and construction of this cart at top of this page.

If furnished with regular rubber tired wheels, 80 cents less.

REMEMBER, PART OF OUR PROFIT IS YOURS. SEE PAGES 1 AND 2.

RECLINING SLEEPER GO-CARTS.

A LINE UNSURPASSED FOR ELEGANCE OF DESIGN, GENERAL CONSTRUCTION, FINISH AND EQUIPMENT.

THIS SEASON'S LINE eclipses everything heretofore shown. Great pains have been taken to select a line which is the best in every respect, one which is sure to prove entirely satisfactory.

OUR USUAL LOW PRICES. Compare this line with others and you will be convinced that our prices are 25 to 33 per cent lower than those of any other dealer.

NEW AND ORIGINAL DESIGNS. Every go-cart shown on these pages is entirely new this season, having been especially designed for us by America's most expert designer of children's vehicles. They are so constructed that the dash and reclining back can be adjusted to any position desired and, therefore, can be instantly transformed into a sleeper go-cart.

THE FRAME WORK is made of kiln dried maple; all joints are dovetailed, doweled and glued. The reeds used are only the best imported stock and are woven by hand. They have cane seats measuring 15 inches wide and 13 inches long, which are

extra large and comfortable. The handles are made of steel, gracefully bent and fitted with three imitation walnut grips on go-carts under \$8.45, and the higher priced carts from No. 25F2431 to No. 25F2652 have the improved Arabian green enameled five-piece hand grips, with gold plated ferrules. The reed and woodwork is finished in natural light color and coated with a heavy coat of weatherproof shellac.

ALL OUR RECLINING SLEEPER GO-CARTS, with the exception of our six lowest priced carts, have our Patent Perfection Automobile Gear, the best and easiest riding gear made. It consists of four strong, double coiled spiral springs arranged directly below the body, causing an easy elastic effect. It has four 14-inch heavy rubber cushion tired automobile wheels, fitted with rubber hub caps, patent wheel fasteners and automatic foot brake. The six lowest priced carts have our Patent Perfection Gear, exactly like our Perfection Automobile Gear, but with our regular rubber tired wheels. Enameled in Brewster green and ornamentally striped in gilt. Each cart is carefully wrapped and crated to insure safe delivery. Shipping weight, about 60 pounds.

Our Special Leader.

\$3.95

Without Upholstery and Parasol.

LOWER PRICES. NEW MODELS. MORE IMPROVEMENTS. MORE WONDERFUL VALUES THAN EVER BEFORE.

retailers, about three times as many sewing machines as all other small order dealers. You will find our sewing machines in every neighborhood, in every village, town and city in the United States, and if you have any idea of buying a sewing machine, please make a little inquiry in your own neighborhood, for you will surely find one or more sewing machines that were furnished by **Sears, Roebuck & Company**. Just ask the owners of these machines what they think of our sewing machines, and whether they would advise you to send your money to us. We will gladly give you the names of your own neighbors who are using our sewing machines, and you can easily learn from the purchasers whether they are well pleased and whether they saved money by ordering from us.

those asked by any other house. We guarantee safe delivery, we guarantee the freight charges will be very low, a few cents, nothing compared to the enormous saving in price; we guarantee the machine itself for full twenty years, we guarantee to give you a full three months' trial on the machine; we guarantee to refund your money if you are not satisfied with the price; we guarantee that if you do not want to place your order elsewhere. **We guarantee everything.** We know that with our experience as the largest dealers in the world in sewing machines, with our surprisingly liberal terms of shipment, our liberal guarantees, our Minnesota Sewing Machine representing the greatest advance and the highest type in sewing machine building that we can give you, that you will get the best machine as you could not get anywhere else for quality, and at a wonderful saving to you in price.

Birdseye View of the Minnesota Sewing Machine Factory.

REPRESENTS THE HIGHEST STANDARD OF QUALITY THROUGHOUT. IT IS OUR
policy to select for our very finest machine, and in order to give our customers a variety to
 select from, so that we could offer a range of prices to appeal to everyone, we have the Minnesota
 Sewing Machine made in seven models, namely: Models "A," "B," Model "B" Special, "C,"
 "D," "E" and Model "S," as illustrated and described on the following page. Whether you buy
 the highest grade sewing machine made in the world, the Minnesota Model "A," or one of the
 cheaper grades, the Minnesota Models "B" and "C" are superior to any Minnesota model or any
 other make of machine you can find elsewhere. It goes to you direct from the one fac-
 tory which manufactures all of the Minnesota standard for quality.

REMEMBER, IF YOU ORDER A SEWING MACHINE ON THE C. O. D. PLAN, YOU MUST pay the railroad agent or your banker the price of the machine less the amount you sent direct to us as a deposit. By sending CASH IN FULL, as nearly all of our customers do, you save the extra charge, 40 to 75 cents, made by the express companies and banks for attending to the collection of the money on C. O. D. shipments.

NEARLY ALL OF OUR CUSTOMERS SEND THE FULL AMOUNT OF MONEY WITH THEIR orders, and we recommend this method of ordering, as it is more convenient both for you and for us, and you certainly take no risk whatever, as our guarantee and refund offer, three months' trial contract, etc., protect you in every way, and you can get your money back, including the \$1.00 freight charges you paid, any time within three months if you are not satisfied. If you send \$1.00 as deposit with your order, we will ship the machine right away, and after 60 days the balance of our price and the freight charge will be paid when the machine is received and accepted.

If not satisfactory you need not accept it, the machine will be returned to us at our expense. If not charged both ways and we will promptly return your dollar.

Three Months
Trial Guarantee

This is to Certify that, this machine is sold by us with the understanding and agreement that if it does not prove perfectly satisfactory in every respect to the purchaser, that it can be returned, at any time, within three months from date it is received, and the full amount paid for the machine, including freight, charges, will be refunded, to the purchaser, at once.

Leas, Proebuck & Co.

REPAIRS AND SUPPLIES.

WE WILL ALWAYS CARRY, AT the factory, a full supply of all the different pieces and parts in which our various styles of sewing machines are made, and if you should meet with an accident of any kind and should want any part or parts of any sewing machine purchased from us, you can get these parts promptly and at actual factory cost.

OUR SPECIAL SEWING MACHINE CATALOGUE IS FREE.

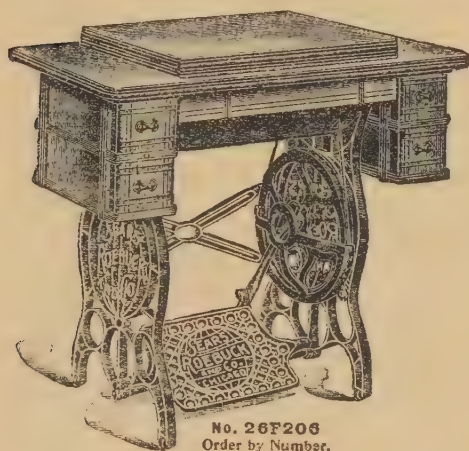

ALTHOUGH OUR COMPLETE LINE OF SEWING MACHINES is thoroughly illustrated and described on the following pages and our very lowest prices and best offers are shown in this our Special Sewing Machine Catalogue, a very handsome book that we will gladly mail free on application. This Special Sewing Machine Catalogue, as illustrated hereon, shows the same line of Minnesota Sewing Machines, but shows them with larger pictures, and in this special book we are able to show the sewing machines beautifully illustrated in colors, exactly as they appear. We are also able, in the Special Sewing Machine Catalogue, to go into the subject of sewing machines more thoroughly, and if you would like to see finer illustrations of these machines and a more extended description, you can write and ask for our free sewing machine catalogue and it will be sent to you immediately by mail, postpaid, FREE.

UNDERSTAND, you can order a sewing machine with every assurance of perfect satisfaction, direct from the following pages, and you need not delay to first write for the Free Sewing Machine Catalogue, for our entire line of sewing machines is shown on the following pages; all are thoroughly described and our lowest prices printed, and you cannot take any risk in ordering immediately without waiting to write for a Free Sewing Machine Catalogue, because if the machine is not all and more than you expected, or if you have any reason to feel dissatisfied at any time during three months, you can return the machine to us at our expense, and all your money, including the freight charges you paid, will be immediately returned to you. But if you hesitate to order immediately and there is a little further information on the sewing machine subject that you would like, don't fail to write and ask for our Free Sewing Machine Catalogue.

IN THIS SPECIAL FREE SEWING MACHINE CATALOGUE we not only show beautiful colored illustrations of the machines, but we give a history of the sewing machine business. We explain how our low prices are possible; we explain how our sewing machine agent operates his expensive selling methods; we show facsimiles of our Three Months' Trial Contract; our Twenty Years Binding Guarantee; our Prompt Shipment and Safe Delivery Guarantee; freight rates on a sewing machine to different towns in every State; and, in fact, this is the most complete book on sewing machines ever published. It contains 86 pages, 11 1/2 x 8 1/2 inches in size, has 165 illustrations, 42 of which are full page and in color, and if you cannot make an immediate selection from the following pages, don't under any circumstances place your order elsewhere before you first write and get our Free Sewing Machine Catalogue.

This large Special Sewing Machine Catalogue mailed free upon request.

7 Buys Our Minnesota Model "F" Sewing Machine. \$7.65 IN OUR MINNESOTA MODEL "F" SEWING MACHINE

WE DEMONSTRATE OUR SUPERIORITY IN THE SEWING MACHINE line. We show for how very little money we can offer a good sewing machine by reason of our immense advantages, our enormous output of machines, our economical manufacturing, our wonderful money-saving methods in marketing machines, our policy of asking the narrowest possible margin of profit on everything we sell. All these immense advantages combine to make possible this \$7.65 price for a good five-drawer drop head oak cabinet sewing machine. The same advantages make it possible for us to offer our beautiful Minnesota "B" Special, five-drawer drop head, marquetry decorated sewing machine for \$12.45; our Minnesota Model "S" automatic lift five-drawer drop head sewing machine in the beautiful oak cabinet with automatic lift at \$14.95; our splendid Minnesota Model "A" ball bearing five-drawer drop head cabinet sewing machine with automatic lift at \$15.75, as well as our other Minnesota machines at slightly different prices.

OUR \$7.65 MINNESOTA MODEL "F" SEWING MACHINE IS MERELY AN EXAMPLE OF THE WONDERFUL VALUES TO BE FOUND IN sewing machines throughout the following pages. Our ability to furnish this five-drawer drop head oak cabinet sewing machine for \$7.65, a price never before attempted, is only further proof of the marvelous values we offer in our higher grade sewing machines, our Minnesota Model "B" five-drawer drop head cabinet machine at \$12.45; our Minnesota Model "S" Special in the beautiful oak cabinet with automatic lift at \$14.95; and our unequalled Minnesota Model "A" Sewing Machines in the various styles described further on.

OUR NAME AND ADDRESS APPEARS ON THIS MODEL "F" SEWING MACHINE put our name and address on this machine, the only sewing machine in our line on which we do place our name and address, because many dealers buy these sewing machines from us and sell them again as higher grade Minnesota Machines. Dealers will buy this sewing machine from us and then sell it again as a higher grade Minnesota Model and this is an injustice to the purchaser. Therefore, as a necessary protection to our customers from this action on the part of dealers, we have our name put on the machine as illustrated. The Model "F" is guaranteed for 5 years.

THIS, OUR \$7.65 MINNESOTA MODEL "F" MACHINE, IS NO GREATER BARGAIN, REPRESENTS NO GREATER VALUE THAN OUR OTHER MINNESOTA MODELS, "A," "S," "B," "C," "D."

When you send us \$12.45 for the Model "B" Special, in the marquetry decorated cabinet, or \$15.75 for the ball bearing Minnesota Model "A" in the five-drawer drop head cabinet, with automatic lift, you get just as much value for every penny of the \$12.45 or \$15.75 in the particular sewing machine we send you as you would get if you sent us \$7.65 for the Model "F" machine. Our margin of profit is just the same. Every additional dollar, half dollar, cent and penny that we ask for the highest grade machine in our line is received by you, given back to you in the machine itself. Every penny goes into the improvement of the machine, the higher grade mechanism, the finer finish, the more perfect adjustment, the finer woodwork and in the improved woodwork. Such being the case, since our higher grade Minnesota Sewing Machines represent the same intrinsic value as is shown by this five-drawer drop head, oak cabinet machine at \$7.65, since every additional dollar you send us for the higher grade machine goes into the material and workmanship, we feel that in justice to our customers, purely in your own interests, we would recommend and advise the purchase of one of our higher grade machines, particularly our Minnesota Models "A," "S," and "B" in the various styles described further on. As you will probably buy only one sewing machine in a lifetime, we know that it will pay you to add the small difference in the price and get one of our higher grade machines, one that has no equal for material and workmanship, as fine a machine as it is possible for us to build and offered at the lowest possible price. We know it will pay you handsomely to pay the difference and get a Minnesota Model "A," "S," "B,"

\$5.25 DROP HEAD SEWING MACHINE.

or "C." Understand, we are not discouraging you from ordering this sewing machine at \$7.65 if you are thinking of buying a machine as cheap as is offered by most all catalogue houses at \$9.00 to \$12.00, and you are perfectly welcome to order this Model "F" but since the additional cost is put right back into the machine itself, since our margin of profit is exactly the same on our finest machines as on our very lowest in price, since the small additional amount you pay for a Model "A," "S," or "B" buys so much in superior quality, we feel free to urge you in your own interest, for your own greater satisfaction, to get one of our higher grade machines. **DON'T FAIL TO READ CAREFULLY THE DESCRIPTION OF THE BEAUTIFUL NEW STYLES OF IMPROVED MINNESOTA SEWING MACHINES** we are furnishing in Models "A" and "B" as described farther on at lower prices than ever before. Our sewing machine line throughout for this season has been greatly strengthened and improved, many new features added; we have spared no pains or expense to make our sewing machines superior to any in the world, and in our Minnesota Models "A" and "B" we feel that we are offering sewing machines that admit of no comparison. Our prices on these highest grade sewing machines are indeed so very low; our prices represent so much in value; every additional dollar you allow us in the price goes so far in buying high quality that you really cannot afford to overlook our higher grade machines. If you want a sewing machine such as has never before been shown in your neighborhood, something far superior than has ever been offered to you by any dealer or agent, a machine that has no wear out to it, that embodies every high quality feature, that combines the best points of all other high grade machines with the defects of none, a machine that has no comparison for light running quality and ease of operation, for the variety of work it will do, for simplicity; a machine representing the very acme of high quality, then by all means select one of our beautiful Minnesota machines in either Model "A" or Model "B" style in any of the various styles of woodwork offered.

\$4.50 UPRIGHT SEWING MACHINE.

SUCH SEWING MACHINES ARE POSSIBLE.

WE COULD OFFER A FIVE-DRAWER DROP HEAD SEWING MACHINE for \$5.25 or a five-drawer upright sewing machine for \$4.50 if we were to simply sacrifice quality in an effort to make an attractive, catchy, low price. There is no telling how far we, or anyone else, could go in the low price question or how low a price we might be able to quote if the idea were simply to offer something under the name of sewing machine without any regard to its quality or usefulness. Please remember, therefore, that you cannot compare our Minnesota Model "F" Sewing Machine at \$7.65 with any of the sewing machines offered

at catchy prices by other concerns. Don't confuse our \$7.65 machine with any flimsy makeshift machines that might be put forth by others in an attempt to match our low price. A comparison would quickly show how far superior our \$7.65 five-drawer drop head sewing machine is to the machines offered by others at anything approaching this price, and the same difference would be apparent between our higher grade machines and the highest grade sewing machines offered by others. If any catalogue house offers a sewing machine for less money, it is an inferior sewing machine, one that will not give satisfaction, and a machine that we could not afford to offer our customers.

No. 26F206 Minnesota Model "F" Machine. Cash in full must accompany all orders. Price, on board cars at Dayton, Ohio, \$7.65

\$10.45 Minnesota Model "D" \$10.95

FIVE-DRAWER DROP HEAD STYLE. SEVEN-DRAWER DROP HEAD STYLE.
THE MINNESOTA MODEL "D" SEWING MACHINE IS
FURNISHED ONLY IN THE FIVE AND SEVEN-
DRAWER DROP HEAD STYLES.

AT \$10.45 FOR THE FIVE-DRAWER DROP HEAD STYLE, \$10.95 FOR THE SAME machine with seven drawers, we offer our Minnesota Model "D" Sewing Machine, our second lowest in price of our entire line, as a strictly high grade sewing machine, one that will give perfect satisfaction in every way, that will do any and all kinds of work, can be operated by anyone, a sewing machine embodying all new and up to date features, representative of the Minnesota highest standard of quality; such a machine as other dealers and catalogue houses ask \$14.00 to \$16.00 for; agents and local dealers would ask \$25.00 to \$30.00. Our Model "D" Minnesota Sewing Machine, which we offer in competition with machines sold generally at double the price, is inferior only to the Minnesota Models "A", "S", "B" and "C". If you do not care to pay the additional cost for a Minnesota Model "A", "S", or "B", and even if a Minnesota Model "C" is beyond your reach, do not, under any circumstances, order any sewing machine from anyone else until you first see and examine this, our Model "D" Minnesota, which we furnish in the beautiful drop head style at \$10.45 for a five-drawer machine, and \$10.95 for a seven-drawer. Our special prices of \$10.45 and \$10.95 are based on the actual cost of material and labor, with only our one small percentage of profit added. These prices are figured as low as we could possibly make them, every unnecessary expense common to other sellers of sewing machines is eliminated, and the price you pay us, every penny of it, is represented in fine material and skilled labor, with just an extremely narrow margin of profit added. We guarantee the Minnesota Model "D" Sewing Machine, illustrated and described on this page, to be a better machine than you can buy from any other catalogue house for \$15.00, a better machine than you can buy from your dealer at home under \$25.00, and we would be glad to send you our Model "D" Sewing Machine for a comparison and test under these claims.

WE RECOMMEND OUR BALL BEARING MINNESOTA MODEL "A" Automatic Lift Sewing Machine to all our customers. There is only a few dollars difference between the cost of our Minnesota Model "D" and the highest grade sewing machine we sell, the Ball Bearing Minnesota Model "A", which is put out under our guarantee that it is the highest grade sewing machine made in the world. We always feel like urging our customers to select one of our highest grade machines because the difference in price represents only the actual difference in cost, and by buying a Ball Bearing Minnesota Model "A" Automatic Lift you get the highest grade sewing machine construction it is possible to produce, a machine capable of doing any and all classes of family sewing, a machine which will sew the thinnest and finest fabrics, as well as the heaviest and coarsest cloth, without necessitating a change in the tension. You get the lightest and easiest running sewing machine, the only family sewing machine on the market today constructed with ball bearings in the operating parts of the head. The stand is the lightest running because all the bearing parts have ball bearing adjustment. In fact, you get the very best of everything, and you get it on the basis of the actual cost of material and labor and with but our one small margin of profit added.

OUR MODEL "D" DROP HEAD CABINET MINNESOTA MACHINE IS PUT OUT

under the same terms and conditions as cover the sale of our very finest machines. It is covered by our written, binding 20-year guarantee, guaranteeing every piece and part that enters into its construction. It is offered to you on the most liberal terms of shipment ever heard of, and after you have bought and paid for the machine, we will allow you to use it three months, give it every possible test, and if at any time during the three months you have any reason whatever to feel dissatisfied, you may return it to us at our expense of freight charges, and we will promptly return your money, including the freight charges you paid on receipt of your machine. Nearly all our customers send the full amount of money with the order, as they know we are perfectly reliable and will carry out every agreement we make to the letter.

DESCRIPTION OF OUR MODEL "D" SEWING MACHINE.

THE MINNESOTA MODEL "D" HEAD IS OF THE lockstitch vibrating shuttle type. It has a round needle bar, self setting needle and self threading cylinder shuttle.

THE BOBBIN WINDER IS AUTOMATIC AND OF THE LATEST pattern, being operated by direct contact with the belt; in fact, the Model "D" head is similar to that of our Model "C" head, which is more fully described on page 794. While the Model "D" head is a smaller size head and has smaller operating parts than the Model "C", nevertheless, the arm is high enough to permit the handling of practically all household sewing and will compare favorably with sewing machines offered by others at double the price. The finish of the head is not the ordinary japanning used on many machines. A high grade of enamel is used and the entire surface is hand rubbed, giving a smooth and high finish, after which it is varnished and baked in a high temperature. The head is tastefully ornamented with color transfers, while the face plate, balance wheel, tension plates and shuttle slides are heavily nickel plated. The take-up is positive in operation, being driven by the main shaft, thus insuring a perfect and regular stitch. The upper tension is a very simple arrangement and very easily understood. It is the same tension used on other standard machines, has a certain amount of elasticity, and for a large variety of work does not require any change whatever. Every bearing point in the machine is made of the very finest steel that can be obtained, being thoroughly hardened by the latest, most improved process. All bearings are made adjustable so that any slight wear that may result after years of use can be quickly and easily taken up, and any lost motion removed. This makes it practically indestructible and the most durable machine ever produced.

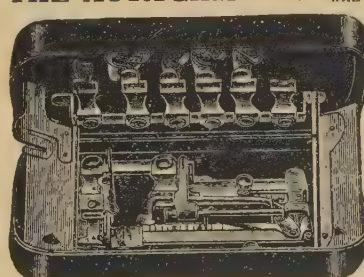

THE SHUTTLE IS THE MOST PERFECT SELF THREADING CYLINDRICAL shuttle, made of finest steel, hardened and ground, absolutely self threading, being open at one end for inserting the bobbin, after which the thread is instantly drawn into place by two motions of the hand. There are no holes to thread through and the shuttle can be threaded with the eyes shut. The bobbin carries a large amount of thread. The needle is self setting, both as to height and position in the needle bar, making it impossible to set a needle improperly.

No. 26F216 Price.....\$10.45

No. 26F216 Model "D" Five-drawer Drop Head. Price.....\$10.45
No. 26F217 Model "D" Seven-drawer Drop Head. Price.....\$10.95
The above prices do not include attachments. A full set of attachments 75 cents extra.

THE ATTACHMENTS

one binder and one set of hemmers, different widths up to 1/2 of an inch. Our price for the full set, 75 cents. Be sure to state if you wish the attachments shipped with your machine. If ordered separately allow 17 cents extra for postage.

WILL BE FURNISHED with or without the machines and at cost price, 75 cents per set, and comprise a full set of all the latest patent foot attachments, which will be furnished by no other dealer.

WE FURNISH THE FOLLOWING SET, packed in a handsome velvet lined metal box, as shown in the illustration: One ruffler, one shirring plate, one tucker, one short foot, one under brailer, one foot, one set of hemmers, different widths up to 1/2 of an inch.

ACCESSORIES.

WE FURNISH with our Minnesota Model "D" Machine a complete set of accessories, such as are usually furnished with every high grade machine, consisting of one quilter, five bobbins (and one in the machine), one cloth guide, a thread cutter, a large screwdriver, one oil can filled with oil, one shuttle screwdriver, one foot hemmer, and one package of needles.

No. 26F217
Order by Number.
This illustration shows our Model "D" 7-drawer drop head, open, ready for work.

THREAD CUTTER. THE MODEL "D" HEAD IS PROVIDED WITH A such a position that the thread can be instantly cut and sufficient thread remains drawn from the needle and also from the shuttle so that the machine remains threaded and ready to sew the next piece of goods. This does away with the necessity of using scissors and prevents the possibility of breaking or cutting the thread too short. By means of the stitch regulator the stitch can be regulated from 7 to 24 stitches to the inch. We guarantee that the mechanical features of the Minnesota Model "D" excel in quality and in the various improvements they embody any sewing machine offered by anyone else at anything near our price.

THE STAND OF THE MINNESOTA MODEL "D" IS A NEAT, GRACEFUL style, as illustrated, and will stand the severest usage. The side frames are joined together by a full set of braces, making the stand absolutely rigid.

THE TREADLE IS OF THE OPEN WORK STYLE, WITH FULL ENDS, pivot bearing, accurately trued, adjustable take-up between the balance wheel and the treadle, putting the entire machine under easy control of the operator. The balance wheel is extra heavy, carefully adjusted, perfectly true, pivot bearing, insuring an even, easy speed to the machine and at all times under the control of the operator. The stand is complete with dress guard, protecting the operator's dress from contact with the balance wheel and belt, and at the same time bracing the side frame. The machine comes complete in a beautiful solid oak cabinet as illustrated. The one illustration shows the seven-drawer machine open, with leaf extended, ready for work, and the small illustration shows the five-drawer machine closed with the head dropped from sight and leaf folded over. The woodwork of the Minnesota Model "D" is very superior to the woodwork generally furnished with machines at this price. It is made of solid oak, only the best kind dried and air seasoned oak is used, and it is only inferior to the beautiful cabinets shown in our Models "A" and "B". The table is made of built up stock with cross band veneers, a construction that guarantees against warping, cracking or splitting. The side drawers are large and roomy, fitted with handsome nicked drawer pulls and strong locks. The center or pull drawer is carved to correspond with the side drawers and is also fitted with a lock. The interior is partitioned off for needles, bobbins, etc., for convenient handling.

We furnish, free of charge, with every MINNESOTA MODEL "D" Sewing Machine a book of instructions telling how to operate the sewing machine. This book covers every point, makes everything so plain and simple that anyone without previous experience can learn to run the machine at once and do perfect work; tells you how to get the best results, how to take care of your machine, tells you where to oil and when. It tells you how to use the different attachments, the ruffler, hemmers and binders, and contains illustrations of these attachments in use.

DESCRIPTION OF THE

MINNESOTA MODEL "C" HEAD.

THE MINNESOTA MODEL
"C" HEAD

HAS BEEN CONSTRUCTED WITH A VIEW OF
FURNISHING AN EXTRA HIGH ART MACHINE.

ONE THAT WILL GIVE UNQUALI-
FIED SATISFACTION

TO MEET THE NEEDS OF OUR CUSTOMERS who
desire a medium priced machine which will do a large
range of work, heavy and light, equally well. While
the parts are all

**ABSOLUTELY GUARANTEED
FIRST CLASS MATERIAL.**

they are not of as fine construction as our Minnesota
Model "A," "S" and "B" heads, but larger, stronger and
better finished than our Minnesota Model "D" head.

DESIGN. OUR MODEL "C" HEAD IS OF
the very latest design, with
gracefully rounded lines which give it a handsome, well
proportioned and strong appearance.

SIZE. THE HEAD IS EXTRA LARGE SIZE,
having as much room underneath the arm
as the largest family sewing machine head. Height
of arm from bed plate, $5\frac{1}{2}$ inches; from needle bar
to base of arm, $8\frac{1}{2}$ inches; size of bed plate, $14\frac{1}{2} \times 7$ inches.

FINISH. THE HEAD IS FINISHED WITH
three coats of enamel, each coat
being thoroughly baked and hardened before the next
is put on and carefully rubbed down to a smooth sur-
face, and finally treated to a coat of special varnish,
which is also baked at a high degree of heat, which
makes the finish practically indestructible and of a
beautiful, rich black luster. Before the enamel is put
on the head is treated to a coat of anti-rust prepara-
tion, which prevents the finish from cracking, check-
ing or peeling, which so frequently
occurs with other makes of machines.

DECORATION.

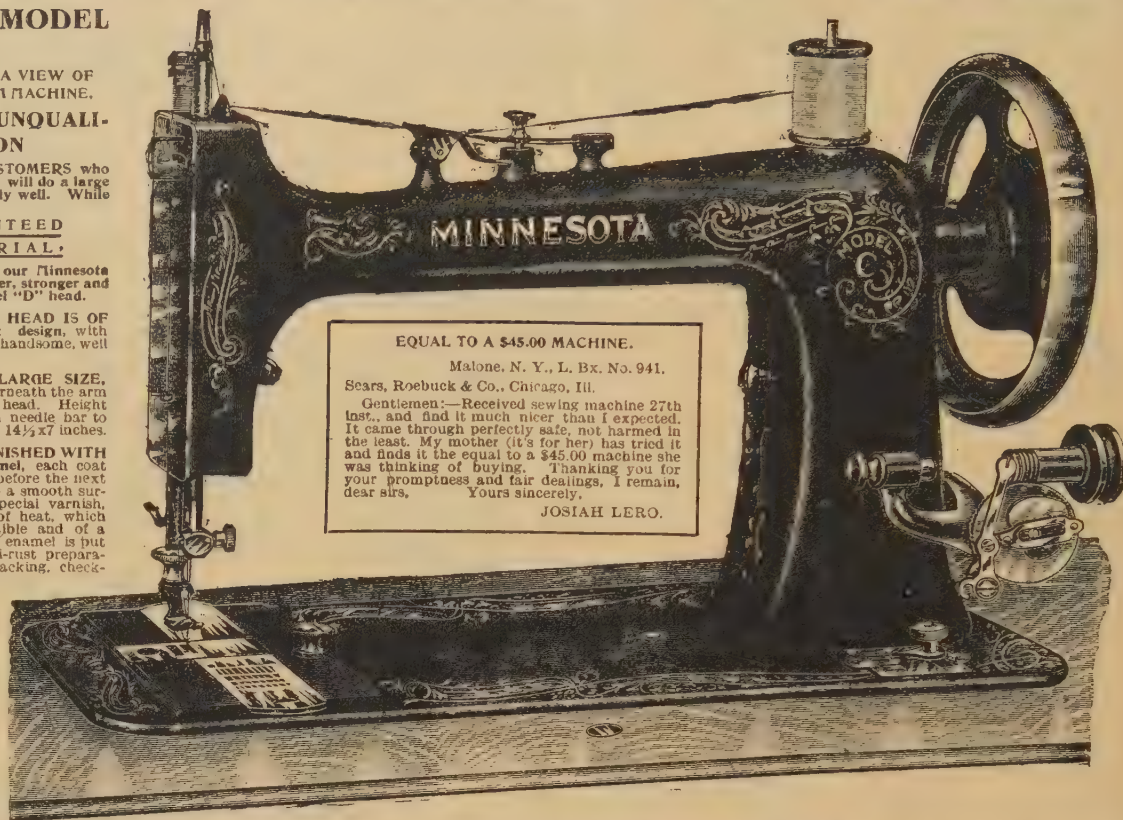

THE ARM AND BED PLATE ARE
decorated with handsome floral figures
in a combination of silver and gold,
especially designed for this machine.

NICKEL PLAT-

ING. THE RIM OF THE BAL-
ance wheel, face plate,
shuttle slides, tension plates, needle
bar, presser bar, stitch regulating plate,
presser bar lifter and screw heads are
all heavily nickel plated and form a
handsome contrast to the black enamel
finish.

IN THE CONSTRUCTION OF THE MINNESOTA MODEL

has been spared to make this one of the highest grade sewing machine heads in the world, combining all the best known features in sewing machine head construction, in order to produce a sewing machine head which for simplicity, ease of operation and ability to perform a large variety of work, would not be excelled by any sewing machine used by any other manufacturer, regardless of the price of sewing machine it is used on. Our Minnesota sewing machine heads throughout are built along the lines of the most advanced ideas in sewing machine construction. We have in our factory a corps of the most expert mechanics who are continually experimenting and trying out new features, new ideas, always working for the betterment of the machine, and wherever we can improve the machine in the slightest degree, such idea is immediately adopted, even if it increases the manufacturing expense. We aim to give our customers, not only a sewing machine as good as they can obtain elsewhere at any price, but even a little better. We feel that our customers are entitled to the best it is possible to produce, and entirely different from the policy of many dealers, particularly among catalogue concerns, it is our constant effort to improve the quality of our merchandise, to make it a little better than is necessary, perhaps, so that the machine or other item of merchandise cannot fail to give satisfaction to the customer. This is the policy we have followed in the construction of our line of Minnesota sewing machines, and it at any time within a month or a year after this catalogue is issued, we are able to make a still further improvement on this Minnesota machine head, you can feel sure that you will get the benefit of such improvement, and a machine embodying our very best ideas and latest improvements will be furnished you. In our line of Minnesota sewing machine heads we can state without fear of contradiction that we produce the highest grade sewing machine head made of highest grade materials, and put together by more skilled mechanics and with better care than is used by other makers. We use a better grade of iron and steel, we use heavier nickeling, heavier enamel, more time and effort is put on every single operation, such as the drawing, shaping, punching and bending

EQUAL TO A \$45.00 MACHINE.

Malone, N. Y., L. Bx. No. 941.

Sears, Roebuck & Co., Chicago, Ill.

Gentlemen:—Received sewing machine 27th
Inst., and find it much nicer than I expected.
It came through perfectly safe, not harmed in
the least. My mother (it's for her) has tried it
and finds it the equal to a \$45.00 machine she
was thinking of buying. Thanking you for
your promptness and fair dealings, I remain,
dear sirs, Yours sincerely,

JOSIAH LERO.

of the steel parts, the length of time the nickel plated parts stay in the battery, the amount of work put into the enameling, finishing and polishing. All this enters into the result of producing a sewing machine head, the most important part of the machine, such as cannot be compared with the sewing machine heads found on the general run of machines.

ALL BEARINGS ARE MADE OF THE BEST STEEL THAT CAN BE properly tempered and case hardened so as to minimize the friction and prevent wear. All bearings are fitted with adjusting devices whereby any lost motion caused by the slight wear through years of constant use can be taken up.

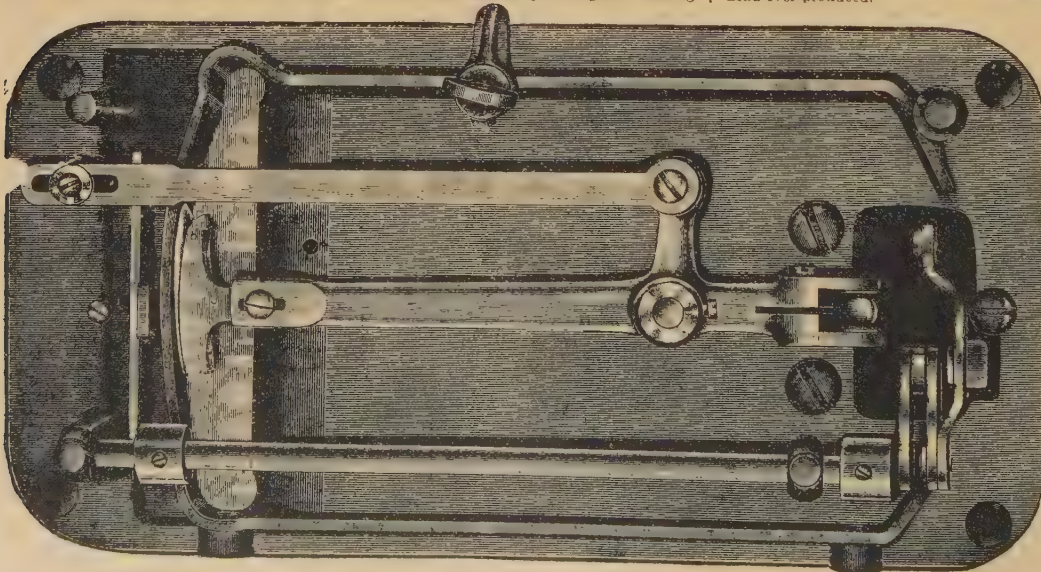

RUNNING SPEED. EVERY MACHINE BEFORE BEING SHIPPED from the factory is put to the severest possible test, being set up and attached to a power pulley and run at a speed five times greater than it is possible to run any machine by foot power, and by this severe test we first learn that every machine is perfectly true in every particular and capable of the highest possible speed.

OPERATING PARTS. OUR MINNESOTA MACHINES ARE CON- structed with less running or operating parts than any other machine on the market, rendering them easy to understand and operate, light running and free from vibration and noise. To do away with the liability to get out of order, common to many machines, the mechanism is so constructed that the few running parts in the Minnesota head operate entirely independent of one another and all driving power is supplied direct from the main shaft without the agency of the numerous connections, cogs and many unnecessary devices used in some machines to propel the feed, shuttle and needle bar. The operator does not have to tamper with or adjust these parts regardless of the weight of goods being sewed. The construction has made the Minnesota head famous as the most durable head ever produced.

ADJUSTMENT. MUCH DEPENDS upon the adjust- ment of the working parts, for should any part, for instance the shuttle, be adjusted 1-32 of an inch out of place the harmony between the parts will be destroyed and imperfect work will re- sult. The operating parts of our Minnesota machines receive the finest and most accurate adjust- ment and are tested on all grades of materials and pass through numerous inspections, so that it is practically impossible for a Minnesota machine to leave our factory unless perfect in construction and adjustment.

THE NEEDLE BAR IS ROUND AND MADE of the very best quality tool steel, highly tempered. It is absolutely positive in its action, insuring even and automatic operation on materials of any weight and thickness.

THE SELF SET- TING NEEDLES FOR THIS MACHINE ARE THE very best grade of needle it is possible to procure. Every needle is inspected and tested as to size, temper, position of the eye, etc. The needle bar is constructed with a groove so that the needle can only be placed in the proper position. It is not necessary to guess at the height or position of the needle, as is the case with many other makes of machines.

Our Minnesota Model "B"

AN ENTIRELY NEW ADDITION TO OUR MINNESOTA LINE, FITTED WITH DOUBLE BALL BEARING STEEL PITMAN.

IN THIS MINNESOTA MODEL "B" SEWING MACHINE, FITTED IN THIS

five-drawer drop head cabinet, we believe we have one of the handiest, most attractive sewing machines ever placed on the market.

THE CABINET IS THE POPULAR FIVE-DRAWER STYLE. TWO DRAWERS ON EACH SIDE AND ONE CENTER OR PUSH DRAWER. Made of extra selected beautiful solid sawed golden oak, of the appearance of this Minnesota Model "B". Shown on any cabinet offered by any other dealer. This is a beautiful effect not only in the appearance of the cabinet, but in the colored marquet effect, in beautiful contrast to the solid golden oak finish of the woodwork, a rich handsome high class effect that is sure to please you. Send us your order, and if you do not agree with us that you have never seen sewing machine woodwork to compare with this, you may return the machine to us and get your money back at once.

THE WOODWORK ON THIS OUR MODEL "B" SPECIAL IS A MUCH HIGHER GRADE THAN THAT FOUND ON MACHINES sold by others at double this price. It is made of well seasoned solid oak, finished in the highest and most beautiful manner. The drawers are large and roomy, the side drawers being fitted with knobs, nicely oxidized; the center or push drawer is partitioned off for convenience for keeping needles, bobbins, thread, etc.

WE SHOW ONLY ONE LARGE illustration of this machine, showing the machine open and ready for work so as to bring out all the features. The machine of course can be closed up the same as any of our other drop head style machines. We make this machine in the popular five-drawer style only, any of our other drop head style machines. The drawers are large and roomy, the side drawers being fitted with knobs, nicely oxidized; the center or push drawer is partitioned off for convenience for keeping needles, bobbins, thread, etc.

WE FURNISH, FREE OF CHARGE, WITH EVERY MODEL "B" SPECIAL sewing machine. This book covers every point, makes everything so plain and simple that anyone without any previous experience can learn to take care of your machine, tells where to go for parts and when to call on us. It tells you how to use the different attachments, the runner, tucker, hemmers and binders and contains illustrations of these attachments in use.

THE MECHANICAL FEATURES OF OUR MINNESOTA MODEL "B" SPECIAL are of the same high quality as are found in the Minnesota Model "B" Upright and other drop head styles. The machine itself is of the highest type of construction, perfect in operation, easy to run, very light running, perfectly adjusted, all bearings made of solid tool steel, a machine that is almost noiseless. The finish of the metal work is also particularly fine, the machine being treated with special anti-rust preparation before being painted, and finally brought up to a beautiful high polish. The head has a nickel plated face plate and is beautifully decorated with transfer ornamentation. For more complete description of the Minnesota Model "B" head and mechanical features see page 799.

BALL BEARING THROUGHOUT. THE MINNESOTA MODEL "B" SPECIAL is distinguished over all the friction bearing points. The ball bearing feature of our stand is superior to that of any other make. Ball bearings eliminate practically all friction and make the machine run extremely light. The Minnesota Model "B" is fitted with a double ball bearing steel pitman, which is an illustration. The entire stand is absolutely rigid, especially braced and strengthened, with no vibration. The entire stand is very simple and of a very graceful design.

OUR WRITTEN BINDING 20-YEAR GUARANTEE GOES WITH EVERY machine. Every machine is sold under our three months' free trial plan by which it can be returned at any time and your money refunded. In fact, within three months if you are dissatisfied or expose to absolutely prove that we furnish the highest grade sewing machines made in the world and at much lower prices than you can get from any other concern.

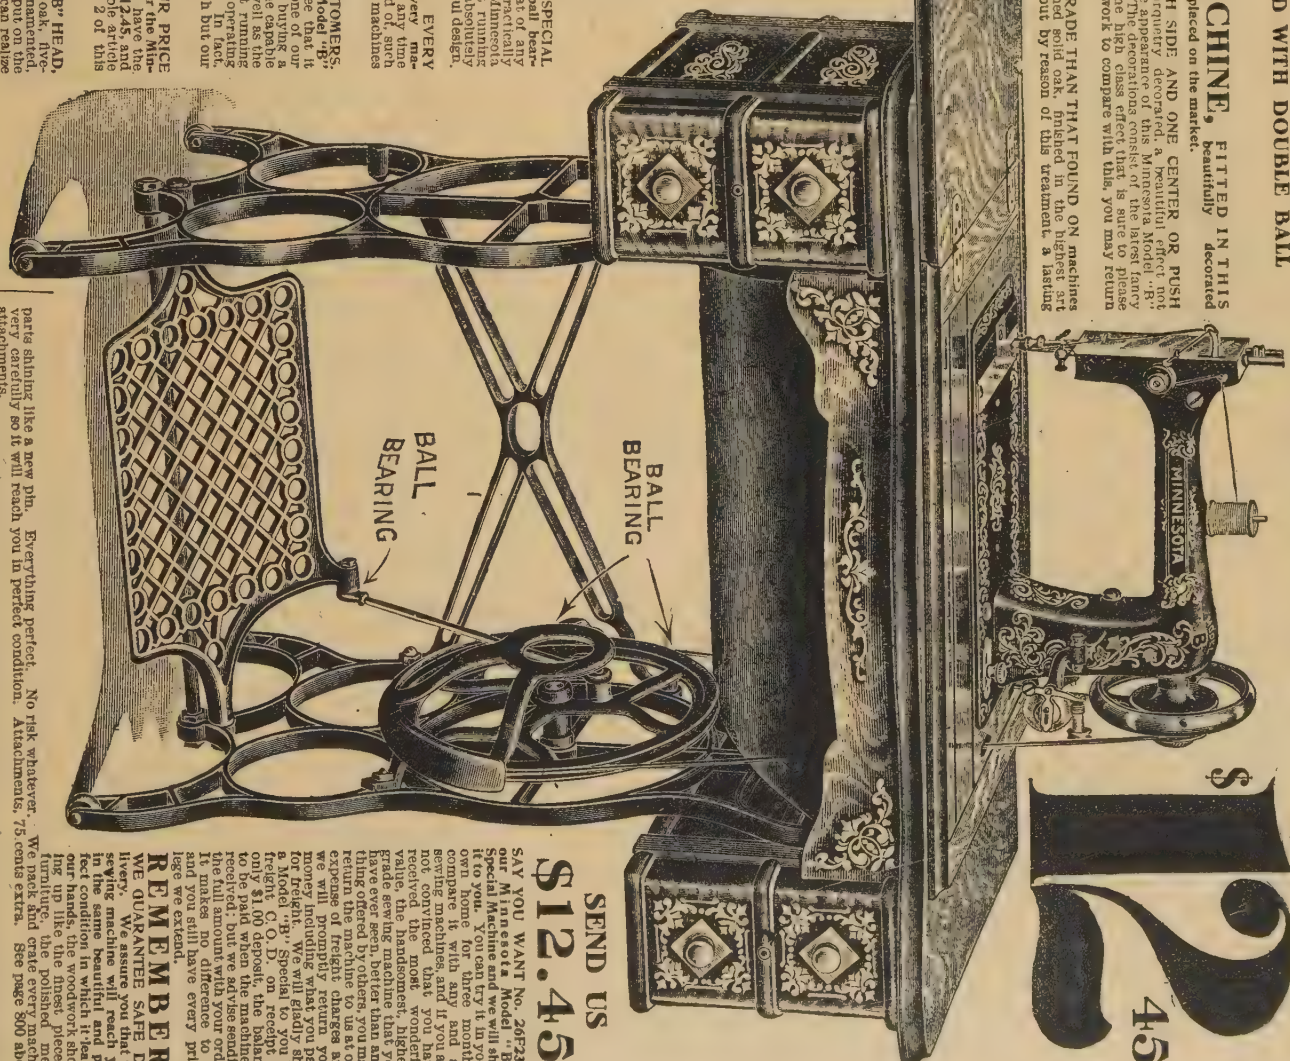

WE RECOMMEND OUR MINNESOTA MODEL "A" SEWING MACHINE TO ALL OUR CUSTOMERS. There is only a few dollars difference between the Minnesota Model "A" and the Minnesota Model "B". We always feel like urging our customers to select one of our machines, because the difference in price represents only the actual difference in cost, and by buying a Minnesota Model "A" you get the highest grade sewing machine construction it is possible to produce, a machine capable of doing any and all classes of family sewing, a machine which will run for years. You get the lightest and easiest running machine and the most interesting machine on the market today, constructed with ball bearings in the operating sewing mechanism. The stand is the lightest running because all the bearing parts have ball bearing adjustment. In fact, you get the very best of everything, and you get it on the basis of the actual cost of material and labor and with but our one small margin of profit added.

THE PROFIT SHARING CERTIFICATE IS YOURS. WHILE OUR PRICE of \$12.45 for the Minnesota Five-Drawer Model "B" Special Machine is a wonderfully low price as low as we can make it, yet you have the opportunity of sharing in our profit if you send us your order. You will get a Profit Sharing Certificate for \$12.45 and this, together with your other purchases from us will enable you to share in our profit. Look over Profit Sharing pages 1 and 2 of this catalogue and see what is yours as your share of the profits in this business.

NOTE THE SPECIAL FEATURES. THE HIGH ARM, THE GENUINE MODEL "B" HEAD, DRAWER, DROP HEAD CABINET, decorated with the latest transfer marquet effect, the beautiful solid oak, the colored marquet effect, in beautiful contrast to the solid golden oak finish of the woodwork, a rich handsome high class effect that is sure to please you. Send us your order, and if you do not agree with us that you have never seen sewing machine woodwork to compare with this, you may return the machine to us and get your money back at once. It is the only way in which you can realize the value of the Minnesota Model "B" Special Machine to examine. It is at our special price, \$12.45, how much superior to any sewing machine offered in any other catalogue or by dealers generally. Only a trial can prove what a high grade and beautiful sewing machine it is.

OUR 7-DRAWER DROP LEAF AND BOX COVER

MINNESOTA

MODEL "B" SEWING MACHINE

DO NOT BE MISLED BY SEWING MACHINE ADVERTISEMENTS. There are any number of sewing machine advertisers in the field, any number of very attractive sewing machine catalogues published, with beautiful illustrations, and even prices that are very attractive. Do not believe for a minute that anyone else can furnish you with a sewing machine of the same quality as our Minnesota at our price. No other dealer or manufacturer can do it. If you doubt our ability to furnish you a very much finer sewing machine in every way than you can get for the money from anyone else, just let us send you a sewing machine to examine and try. If you do not like to send the money with your order, send only \$1.00 deposit, balance payable C. O. D. Take our machine home, try it, do any kind of work on it, put the agent's sewing machine next to it for comparison, get the sewing machine offered in any other catalogue, try them all, and if the Minnesota does not lead them all and come out of the test with flying colors, then we won't expect to make a sale; you may return our machine, and any money you have paid us or deposited in your bank will be promptly returned to you, and we will return the amount you paid for freight charges. It is true that you can find seven-drawer sewing machines in other catalogues priced at \$14.00 to \$16.00, a very near approach to our wonderful \$13.20 price, but the difference is not alone in the \$1.80 or \$2.80; it is a far greater difference than this in the quality. You will find by comparison that the Minnesota Model "B" seven-drawer machine as illustrated on

this page is worth \$10.00 to \$15.00 more than the machine that would be furnished for \$14.00 to \$16.00 by anyone else. We know all this from comparison; there is no doubt about it, and we do not want you to be deceived by attractive pictures and catchy prices that may be offered in other catalogues. IN THIS, OUR SEVEN-DRAWER DROP LEAF and box cover Minnesota Model "B" Sewing Machine you will find all of the high grade features that have made the Minnesota Sewing Machines famous for years. You will find the head of this machine the best sewing machine head on the market, the least complicated, the least liable to get out of order, the simplest, the easiest running, a sewing machine that will do the greatest variety of work. You will find the cabinet itself almost a work of art. The illustration will give you only a little idea of the beautiful rich carving and heavy embossing. It is impossible to bring out the rich grain effect of the oak, nor can we show the same effect in the box cover, which you see behind the machine. The drop leaf is large and ample for the handling of any kind of material. In the illustration the leaf is extended. While most of our customers prefer the drop head cabinet style of sewing machine, this upright style of sewing machine with the drop

leaf and separate box cover is still very popular, is preferred by quite a few people, and as far as a work doer is concerned, this style machine will turn out as much work and as good work as any other. The Model "B" head is exactly the same, a very high grade head on the upright as well as the drop head style; the stand is the same, an extra high grade, thoroughly well made, strongly braced, very durable and rigid stand. The treadle and dress guard are exactly the same. The only difference is in the style of woodwork of the cabinet. One Minnesota Sewing Machine is as great in value as another. Each for style, quality for quality, for much less than double the price we ask, and no matter whether you order the Model "B" sewing machine in this seven-drawer upright style with any of the various styles we furnish it, you will be getting a wonderful bargain in a sewing machine. You will be saving a great deal of money, getting a very fine sewing machine, much better than the sewing machines offered by any other catalogue house, even very much better than the sewing machines offered by dealers and agents at \$40.00.

DESCRIPTION OF WOODWORK ON OUR MINNESOTA MODEL "B" SEWING MACHINES.

THE WOODWORK ON OUR MODEL "B" SEWING MACHINES is of a very much higher grade than is usually used in sewing machines. It is made especially for our machines, under contract, by the largest manufacturers of sewing machine woodwork in the world, who supply cabinets only for the highest grade sewing machines, and it cannot be in any way classed with the woodwork commonly used on machines that sell generally at \$25.00 or less.

MATERIALS. ONLY THE MOST SELECT GRADE OF MODEL "B" woodwork. It is carefully selected with reference to grain and color and is thoroughly aired and kiln dried to insure against warping, splitting or cracking.

DESIGN. THE MINNESOTA MODEL "B" CABINET IS A model of beauty and artistic design, second only to our Model "A". It is made on the lines of the high grade, up to date furniture, especially designed for us and not made for nor used on any other machines.

TABLE. THE TABLE IS MADE OF BUILT UP STOCK and faced with highly figured quartered oak. This construction has proven the most durable, being practically indestructible. The front edge of the table is handsomely shaped. All tables on the upright box cover Model "B" machines, as illustrated, have a drop leaf, which, when raised into place, is supported by an iron brace and produces a table of ample length for any and all requirements.

No. 262230 Model "B" Three-Drawer, Box Cover. Price.
No. 262231 Model "B" Five-Drawer, Box Cover. Price.
No. 262232 Model "B" Seven-Drawer, Box Cover. Price.

The above prices do not include attachments. We furnish a complete set at 75 cents extra, as fully explained on page 800. The small illustration shows the Model "B" upright machine with five drawers at \$12.80 Attachments, 75 cents extra.

BOOK OF INSTRUCTIONS
IS SENT WITH
EVERY MACHINE.

FOR 20 YEARS.

BALL
BEARING

Before placing your order for any machine, be sure to read the descriptions of our Improved Ball Bearing Minnesota Model "A" Sewing Machine, Ball Bearing Head, Ball Bearing Stand, Double Ball Bearing Steel Pitman.

AT OUR SPECIAL PRICE OF \$12.35

FOR THE MODEL "B" THREE-DRAWER BOX COVER, \$12.80 FOR THE MODEL "B" five-drawer box cover, \$13.20 for the Model "B" seven-drawer box cover. In all cases, we furnish a sewing machine on board the cars at our factory in Dayton, Ohio, from which point the customer pays the freight. However, the freight charges are small compared with your saving in price. The sewing machine is light, thoroughly crated for shipment, 120 price after you have paid the freight charges. With each Minnesota sewing machine we furnish a complete set of accessories, as shown on page 800. We do not include the case of attachments in making our selling prices, as there are many people who do not want the attachments. If you want attachments, we can furnish them for 75 cents additional, a complete set of the highest grade attachments, as explained on page 800.

DRAWER FRAMES. THE DRAWER FRAMES IN are of the latest skeleton type, much handsomer in appearance and far preferable to the old fashioned solid cases.

DRAWERS. THE DRAWERS ARE VERY LARGE AND roomy, made with rounded corners to harmonize with the table. The fronts are handsomely decorated with drop carvings of floral design and fitted with brass, nickel plated and polished ring pulls. The center drawer is made of built up stock, with swell front, which are in constant demand when the machine is being used. Every drawer is fitted with a lock and one key fits them all.

FINISH. IN POINT OF FINISH OUR MODEL "B" MACHINE is strictly first class and of the very latest golden color, the popular finish put on high grade oak furniture. Before the finish is put on, the woodwork is most carefully sandpapered so that the varnish, which is of the very best quality, produces a hard glossy surface. The table is hand rubbed and polished.

COVER. ALL UPRIGHT MACHINES ARE PROVIDED with box cover, made of built up stock, surfaced with quartered oak and strengthened with mouldings. The front is ornamented with carved, raised panel. The cover is fitted with sockets and lock, so that when placed on the machine it can be locked, thereby affording full protection to the head.

Mrs. Mixon says, "I Have Used All the Attachments and they Worked All Right. I Saved \$15.00 to \$20.00 by Ordering a Minnesota."

Sears, Roebuck & Co., Chicago, Ill.

Gentlemen:-I received the Minnesota machine which I bought of you about four months ago, in good condition, and I am well pleased with it. I think it is as good as the machines which sell here for \$30.00 and \$40.00. I have used all the attachments and they work all right, and I am well pleased with my machine. I think that I saved \$15.00 to \$20.00 by ordering my machine from you.

Yours truly,
MRS. MAY MIXON.

DRUG DEPARTMENT

IN THIS DEPARTMENT WE PRESENT A COMPLETE LINE OF

DRUGS, MEDICINAL PREPARATIONS, FAMILY REMEDIES, SOAPS, INVALID CHAIRS, NURSERY ACCESSORIES, PERFUMES, RUBBER GOODS AND SUNDRIES,

ELASTIC STOCKINGS AND BELTS, BATH CABINETS, TOILET PREPARATIONS, ARTIFICIAL LEGS, TRUSSES, VETERINARY REMEDIES AND VETERINARY INSTRUMENTS.

WE CALL PARTICULAR ATTENTION to this, our very complete, thoroughly up to date and high class Drug Department, including everything in the line of drugs, druggists' sundries and everything in the lines mentioned above. This department includes a larger and more carefully selected line of preparations and sundries than we have ever before presented and we believe it to be the best drug department in the country.

EXPERT CHEMIST IN CHARGE. The manager of our Drug Department is a thoroughly competent, highly educated, technical chemist and pharmacist, and is a graduate of the best chemical and pharmaceutical courses in the country. In addition to this training he has also had many years' practical experience in charge of retail drug stores and drug manufacturing concerns and knows every detail of the trade. He has associated with him a large corps of registered pharmacists and chemists, all of whom have been personally examined by the Illinois State Board of Pharmacy and received certificates of proficiency in their profession. You therefore can feel assured that you are perfectly safe in entrusting us with an order for anything in this department, feeling sure that all your drug orders will be made up carefully and accurately and of absolutely pure ingredients.

DRUGS AND MEDICINES.

PROBABLY IN NO OTHER LINE is it so easy to practice adulteration as in drugs and medicines. Chemicals, of varying strength can be secured, quality can be secured to match any price, cheapened and inferior drugs and chemicals are offered by some manufacturers and strictly pure goods by others. We wish to say most emphatically that we use only the very best, purest and highest grade drugs and we carefully analyze every drug and chemical we use to ascertain its purity and prove its identity. We will not use any goods that are not strictly pure and up to a certain high standard of quality and this is your safeguard in ordering drugs from this department.

THE SAME CONDITION holds true in medicines. For example, preparations like Beef, Iron and Wine can be made to sell at all prices, from 70 cents a gallon upwards, depending upon the material used. Please remember this in comparing prices on drugs and medicines and bear in mind that a preparation like Beef, Iron and Wine may be, very much cheaper at \$2.00 a gallon by reason of its efficiency than the inferior, weakened and adulterated preparations that might be sold as low as 70 cents a gallon.

WE GUARANTEE OUR PRICES THE VERY LOWEST, quality considered; no one undersells us if the quality is only taken in consideration. Our prices in this line and throughout our institution are based on our cost for material and labor with just our own small percentage of profit added. We ask only a uniform small profit on drugs and we guarantee that our prices are below any kind of competition, quality always, especially in this line, being taken into consideration.

OUR OWN LABORATORY. About four-fifths of the drugs and remedies sold by us are prepared in our own laboratory and so labeled. Our laboratory is known as Seroco Chemical Laboratory and it is second to none in the country. We positively guarantee every preparation from the Seroco Chemical Laboratory to be absolutely pure, positively free from any adulteration, made of the very best drugs and never cheapened in any way; in fact, with our facilities, with the most skilled chemists and pharmacists, with the facilities afforded in our big laboratory, we are in position to furnish a better and higher grade of preparations than can be furnished by any other concern. We are in better position than any retail druggist can possibly be in to thoroughly test and carefully analyze the goods we buy and sell, to know they are strictly pure and of the highest efficiency. You are sure of getting not only the highest quality, but you are also sure of getting the lowest prices, one-half the prices charged by others and many times even less than this.

THE PRICES ASKED by the manufacturers for most patent medicines make it impossible for us to save you more than from 25 to 50 per cent, whereas, from our own laboratory, the Seroco Chemical Laboratory, we can furnish you higher grade remedies on the basis of the actual cost for the ingredients, compounding, package, etc., with but our one small percentage of profit added, and as a rule, the price is from one-third to one-half that charged by retail dealers for inferior goods.

OUR POSITION ON THE PATENT MEDICINE QUESTION.

WE SELL NEARLY ALL OF THE ADVERTISED or so called patent medicines without adding our recommendation to any particular preparation. (We can furnish only the patent medicines listed on page 841.) We simply furnish our customers such advertised patent medicines as they may want and, which they would buy anyway, just the same as we supply any other merchandise, giving our patrons, however, the advantage of our buying facilities and supplying this class of goods at from 25 to 40 per cent lower prices than the prices which they would have to pay at any drug store. It must be understood, however, that we know nothing about the formulae or ingredients and we can, therefore, say nothing for or against the merit of such patent medicines.

IN ADDITION we furnish to our customers a selected line of household remedies, not only for the minor ills, but also for chronic diseases, and these remedies, being prepared in our own laboratory under our own supervision, every ingredient going into these remedies being known to us and the formula itself being in every instance one used by thousands of physicians as the most reliable and efficient for the treatment of symptoms for which they are intended, we do not hesitate to guarantee them absolutely pure and harmless and to highly recommend these remedies, feeling confident that they will meet all reasonable hopes and expectations of the customer.

THESE HOUSEHOLD PREPARATIONS of ours, put up in the Seroco Chemical Laboratory, are preparations that are the result of a great deal of experience and are based on the most successful formulas and prescriptions that are recognized by practitioners as the most successful in the treatment of these certain symptoms and for the relief and cure of the disorders and diseases for which they are intended.

IN ALL CASES OF ACUTE SICKNESS, it is usually necessary, and diseases it is advisable, to employ the services of a skilled physician. The patient may not know what is ailing him; he may not be able to judge as to the nature of his symptoms, and a careful diagnosis should be made and the treatment employed should be suitable to his condition as ascertained by the physician's examination and as determined by his judgment. When you know, however, that you are suffering from indigestion or stomach trouble; when it is a question of saving for yourself inconvenience, time and expense; when you know that your ailment is a catarrh trouble, which may have become chronic and which neither by treatment of the physician or by the use of so called patent medicines has been benefited, you need not hesitate to give our household remedy for indigestion or for catarrh, as the case may be, a fair test, as it may be just the remedy that covers your condition exactly, affording quick relief and a possible cure within a comparatively short time.

EVERY ONE OF OUR HOUSEHOLD REMEDIES is considered one of the best, if not the best prescription employed by the most successful medical practitioners for the treatment of the condition for which we supply them. Of this fact you may be certain. We also wish to emphasize the fact that these remedies are prepared in our own laboratory; that we know every ingredient that goes into the preparations, and we consequently know and can assure you that they are absolutely harmless. You are not taking the slightest risk in giving our household remedies a thorough trial.

WE DO NOT CLAIM that any one of our household remedies is a "cure (or anybody else) can claim that without a diagnosis of your case we know beforehand that our remedy will cure you. This would be unreasonable, and you would have a perfect right to question our sincerity. What we do know is that our household remedies comprise the most valuable and highly successful prescriptions for the different ailments which they cover. We know that there is nothing harmful in any single one of our preparations. We know that they have afforded relief and even permanent cure in hundreds and thousands of cases. We know that they are prepared with the greatest care, and we know that we are able to and do offer these remedies for a fraction of the cost of what same prescription would cost put up in any drug store.

YOU CAN EASILY ASCERTAIN whether any one of the household remedies we recommend is suitable for the treatment, relief and cure of your case. You are taking no risk, for we do not ask, nor do we expect, that you should risk a single penny when making a test of these remedies. They may be the best remedies made, they may have relieved and cured thousands of men and women, which fact would ordinarily be sufficient to secure your confidence. No matter how good a remedy may be, no matter how much it has done for others, the question for you to determine is "What will it do for me?" Is it at all suitable for your particular case? To learn whether it is or not you have the privilege of ordering the first bottle or package of our household remedies with the understanding that after you have used it you find that it has not benefited your case, upon receipt of your report to that effect and the statement that you have never ordered or used the same remedy before, we will refund you the entire amount you have paid for the first package. We shall not expect you to be put to any expense or to proceed with the treatment, unless you find that the medicine is helping you and seems to be what you need for obtaining relief and a cure.

PRESCRIPTION DEPARTMENT.

OUR PRESCRIPTION DEPARTMENT is under the direct charge of one of the most able chemists and pharmacists in the country. Every prescription is compounded with the greatest care, only the very best drugs are used, and yet we are able to save our customers in nearly all cases one-half in price. If you send your doctor's prescription, or any other prescription, to us, you can rest assured it will be given professional care. There will not be any substitutions such as local drug stores are often compelled to make for want of certain drugs. The prescription will be compounded in the most scientific manner and returned to you immediately and at a saving in price on an average of more than one-half.

WE DO NOT HANDLE OR SELL SPIRITUOUS LIQUORS.

POISONOUS DRUGS. We will not fill orders for morphine, opium, laudanum or cocaine or any preparation containing them, either with or without a physician's prescription.

OUR FAMILY REMEDIES comprise the most commonly used remedies and preparations for the housewife. Remedies that should be on the shelf of every home ready for emergency and sickness. It also includes other well known sundries and appliances for household use.

NURSERY ACCESSORIES. This includes talcum powder puffs, rattles and other items for the amusement and comfort of the baby.

PERFUMES. We wish to call special attention to our perfumes. We have made arrangements with one of the most famous French perfumers, located at Grasse, France, for all our perfumes. They will be shipped to us from Grasse, France, in sealed packages, and we will bottle these elegant floral odors in small bottles and furnish them to our customers at practically cost. Every one admires an exceptional fine perfume and we assure you that the perfumes we sell at our best price are the same, or in some cases a higher grade, to what is ordinarily sold at retail stores at 65 cents to \$1.00 per ounce.

TOILET PREPARATIONS. Our toilet preparations are of exceptionally fine grade and will have the effect desired. We also absolutely guarantee that no toilet or facial preparation we list contains arsenic, mercury, corrosive sublimate or any form of poisonous ingredients. Many of our face powders and rouges we import from France direct, as the French stand today as the most expert in this line of work.

RUBBER GOODS AND SUNDRIES. We carry a complete line of rubber sundries, including water bottles, fountain syringes, nipples, urinal bags, complexion bulbs, wrinkle eradicators, toilet masks, rubber gloves, finger cots, invalid rings, bandages, rubber sheeting, ice bags and nearly every item carried in the up to date rubber line.

SOAP DEPARTMENT. Our soap department includes all the finest medicated and fancy toilet soaps. They are all made by the highest grade soap manufacturers and are guaranteed as represented.

ELASTIC STOCKINGS. Our elastic stockings are made in our own house, by experienced and high salaried men, and are manufactured of the best grade rubber and lilac silk. With our large facilities we are prepared to make on short notice all kinds and sizes of elastic goods for all parts of the body at rock bottom prices.

ARTIFICIAL LEGS. We make to order any form or size of leg, stump or foot. This division is under an expert who has made this work a life study. We guarantee a perfect fit and satisfaction.

INVALID CHAIRS. Our invalid chairs are the best that can be manufactured. We carry a complete line of all forms and shapes of reclining house and street chairs, propelling chairs, reed chairs, children's chairs, etc. Send for our special Invalid Chair Catalogue.

BODY BRACES AND SUPPORTERS. Our line of body braces, shoulder braces, abdominal belts and supporters is very complete and of the highest grade. They are of various sizes and ordered according to size.

TRUSSES. We handle nothing but the very best grades of trusses, made for us by one of the largest truss manufacturers in the world. They are fitted by experts in the line, and a perfect fit and satisfaction is guaranteed.

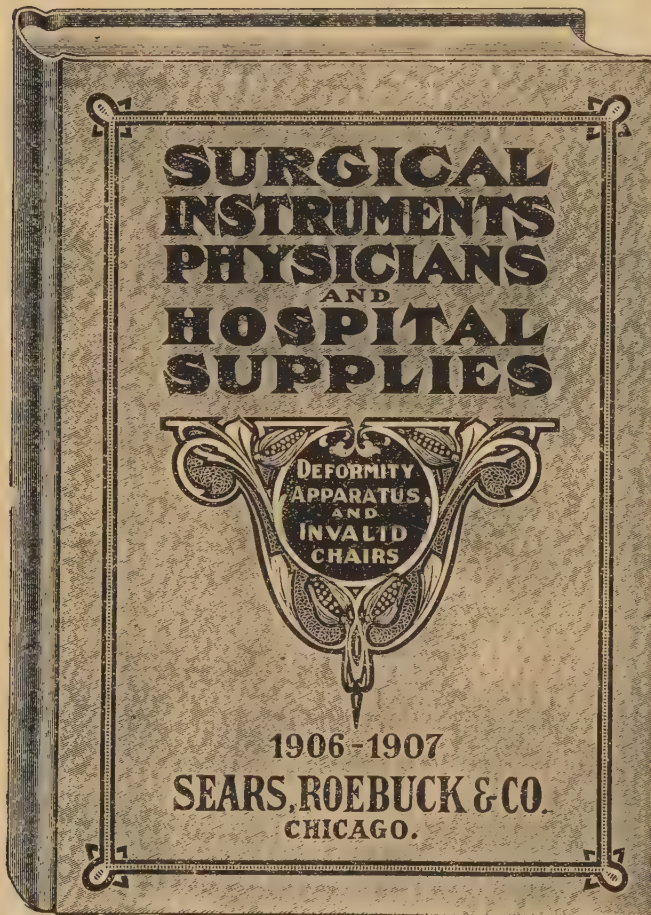

BATH CABINETS. We have now made arrangements whereby we are exclusive dealers in the famous Quaker Bath Cabinet. This cabinet needs no introduction, as it is the recognized best, up to date steel frame cabinet manufactured. Do not confuse the old fashioned wood frame with our new up to date steel construction frame.

ACIDS, POISONS OR INFLAMMABLE GOODS CANNOT BE MAILED.

HOW TO ORDER.

IN ORDERING state the catalogue number of the goods you want, enclose our price and your order will be carefully filled by us with the understanding and agreement that if anything does not prove perfectly satisfactory, it can be returned to us at our expense and your money will be promptly refunded. Where goods can be mailed, we state the amount of postage required with the description of the article. If you order goods to be sent by mail, don't fail to include the necessary amount of postage. Please remember also that we do not fill orders for less than 50 cents, as fully explained in the introductory pages of this book.

A SPECIAL CATALOGUE FOR PHYSICIANS AND SURGEONS FREE

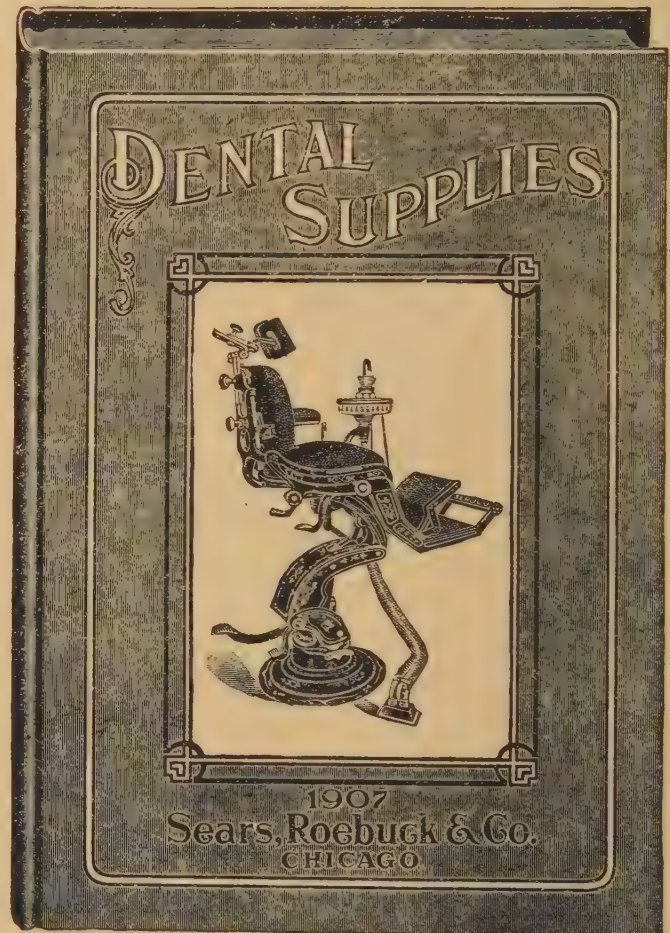

WE ISSUE A VERY COMPLETE, SPECIAL CATALOGUE of Surgical Instruments and Physicians' Supplies, which will be mailed to any physician free on application. We don't send it to anyone except physicians and surgeons, for no one else would have any use for it. This special catalogue for physicians and surgeons illustrates and describes the most complete line of surgical instruments and physicians' supplies than the same high quality of goods can be bought elsewhere. We handle only the very highest grade of instruments, appliances and supplies, everything sold subject to approval, with the understanding that if the quality is not the very best, the goods can be returned to us at our expense and the money and transportation charges will be promptly refunded.

IF YOU ARE A PHYSICIAN OR SURGEON don't pay specialty house prices for your instruments. We can save you so much money that you will be surprised and you will also be surprised at the high quality of the goods we handle in this special department.

IF YOU ARE A PHYSICIAN OR SURGEON you should write for this catalogue immediately. Just ask us to send you our free Catalogue of Surgical Instruments and it will be sent to you immediately by return mail, postpaid. It is a large book, as illustrated, containing 160 pages, fully illustrating and describing and pricing at the lowest prices ever heard of the most complete line of these goods ever offered to the profession.

DOCTOR, please don't buy another thing in this line until you first write and get our free Catalogue of Surgical Instruments and Physicians' Supplies and see what we offer you.

A SPECIAL CATALOGUE TO DENTISTS ONLY FREE

WE HAVE JUST ISSUED the most complete, comprehensive and lowest priced Catalogue of Dental Instruments and Supplies ever published, and this handsome and valuable catalogue as illustrated, we will gladly mail free to any dentist on application. Encouraged by the success we have made in selling surgical instruments of the highest quality, at prices in many instances one-half what the regular specialty houses ask for the same goods, and also in response to many inquiries as to whether we could furnish dental instruments and supplies on the same low price basis, we have established this new department of dental instruments, following the same policy that has proven so successful in our department of surgical instruments. Our lines of dental instruments and supplies are now complete and our special catalogue illustrating, describing and pricing it all is just off the press. It will prove a revelation to every dentist. These instruments and supplies have always been sold at high prices on a long profit basis, and our new plan of handling these goods is in direct opposition to the regular method. We are offering everything in the line of dental instruments and supplies, all of unquestioned quality, the very best in every class on the basis of our first cost in the largest quantities, adding only a very narrow margin of profit.

EVERY DENTIST NEEDS THIS CATALOGUE. It not only shows the complete line of dental instruments and supplies at lower prices than any concern ever dared offer direct to the dentist, but also the most complete line of artificial teeth ever presented.

IF YOU ARE A DENTIST, please write us and let us send you this new Catalogue of Dental Instruments and Supplies. Ask for our Catalogue of Dental Instruments and Supplies and it will be sent to you immediately by return mail, postpaid, everything with our compliments.

These remedies are neither patented nor secret preparations. We publish the ingredients so you may know what they contain. We positively guarantee that they contain the ingredients named and nothing else. They represent the best standard formulas in prepared form for the treatment of the conditions for which they are intended.

DR. WILDEN'S QUICK CURE FOR INDIGESTION AND DYSPEPSIA

DO YOU SUFFER FROM INDIGESTION? Do you have dyspepsia? Does your food distress you?

DO YOU SUFFER after meals from a stuffed up, choking feeling and difficulty in breathing, pain in the chest, as if a lump were there? These are some of the easily recognized and sure symptoms of indigestion. Send for Dr. Wilden's Quick Cure for Indigestion and Dyspepsia, a stomach remedy of recognized merit. Each tablet contains in correct proportion: Sodium Bicarbonate,

Extract Rhubarb, Extract Gentian, Powdered Capsicum, Powdered Ipecac, Powdered Pancreatin, Powdered Willow Charcoal.

THIS VALUABLE PRESCRIPTION is furnished by us, designated as Dr. Wilden's Quick Cure for Indigestion and Dyspepsia; is put in the form of chocolate coated, easily taken tablets and highly recommended for the treatment and cure of indigestion and dyspepsia. If you suffer from only an occasional attack of indigestion, even though your stomach is out of order but seldom, keep Dr. Wilden's Quick Cure for Indigestion and Dyspepsia on hand, take a tablet after your meals as a protection against the trouble. You can then enjoy your meals without suffering from a distressed condition of your stomach. In fact, you won't know you have such an organ as a stomach, so far as any pain is concerned.

Price, only 35 cents per box, containing fifty doses, enough for fifty treatments.

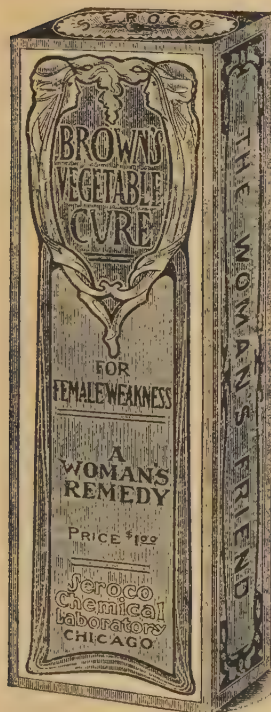

FOR 35 CENTS we furnish a box of Dr. Wilden's Quick Cure for Indigestion and Dyspepsia, containing almost double the number of tablets or treatments found in boxes of other so called dyspepsia tablets that retail at 50 cents everywhere.

FOR 54 CENTS we furnish a large box containing as much as three small ones and more tablets than are contained in any other dyspepsia remedy that retails at \$1.00.

BROWN'S VEGETABLE CURE FOR FEMALE WEAKNESS.

The Great Female Tonic and Regulator.

One 20-ounce bottle, retail price, \$1.00; our price, per bottle, . . . 52c

UNDER THE GENERAL HEADING OF FEMALE WEAKNESS are included a vast array of systemic troubles, including most derangements of the female organism and other difficulties. The term "female weakness" itself has no specific meaning and covers a multitude of ailments, in fact, given six different women with six different ailments peculiar to their sex, each one of them would be sure to characterize her trouble as female weakness. Brown's Vegetable Cure is a remedy that can be used with benefit in the treatment of diseases peculiar to women.

OUR PRICE, ONLY

52c

Regular Retail Price, \$1.00

This highly beneficial remedy contains the following ingredients in correct proportions: Partridge Berry, Helonias Root, Blue Cohosh, Black Haw, Golden Seal, Podophyllum, Hydro-Alcoholic Menstruum, Sugar q. s.

If you have any of the following symptoms, give this preparation a test, it may afford you prompt relief and an easy cure.

NAUSEA AND BAD TASTE IN THE MOUTH, sore feeling in lower part of bowels, an unusual discharge, impaired general health, feeling of languor, sharp pains in region of the kidneys, backache, dull pain in small of back, bearing down feeling, a dragging sensation in the groin, courses irregular, or suppressed, timid, nervous and restless feeling, fainting spells, temper irritable, a feeling of fullness, pain in the womb, swelling in front, sleep short and disturbed, headache, dizziness, morbid feeling and the blues, nerves weak and sensitive, appetite poor, spirits depressed, a heavy feeling and pain in the back upon exertion, fainting spells, etc.

IF YOU HAVE ANY OF THESE SYMPTOMS, try a bottle of Brown's Vegetable Cure and give this preparation a trial. It will be sufficient to show you whether Brown's Vegetable Cure is just the

remedy you need, a remedy that will not only bring relief, but a cure, so far as a cure is possible, as it has in thousands of cases of suffering women, who have given this medicine a fair test. Invalids have found health from it. One bottle will be sufficient to convince you.

BROWN'S VEGETABLE CURE FOR FEMALE WEAKNESS is a prescription that has proven highly efficient in a very large number of cases. It is put up in our own laboratory, under our own supervision, and is guaranteed to contain nothing harmful, but made up of the ingredients named above, which are known to have the best effect in cases where the symptoms of female weakness are present. We offer it with every confidence and, if you are suffering, you can give this remedy a trial. If it affords you no relief, it will not harm you and we will return you your money, if you have not used this remedy before.

DO NOT WAIT until your digestion or occasional stomach trouble has become chronic. Do not think that because you suffer from distress after meals only once in a while you should overlook it. With Dr. Wilden's tablets at hand for convenient use, you can check the trouble and at the slightest intimation of indigestion, the least fullness or uncomfortable feeling after eating, take a tablet (they dissolve easily) and in a short time you will be relieved. At the same time the stomach is toned and strengthened, better able to perform its natural functions and you are protecting yourself against after complications.

ONE TABLET OF DR. WILDEN'S QUICK CURE FOR INDIGESTION AND DYSPEPSIA

helps the stomach to digest food. There is a recognized stimulating power to aid digestion in a single tablet of this stomach remedy and yet this splendid preparation does not contain one single particle of opium, calomel or any other harmful ingredient, but it nevertheless assists the stomach and strengthens the digestive organs.

YOU MAY PREFER TO HAVE YOUR PHYSICIAN take charge of your case and prescribe for you. You may wish to get information as to the merit of Dr. Wilden's Quick Cure for Indigestion and Dyspepsia, and he can judge by the printed formula and you will find that he will tell you in all fairness that this prescription is one of the best for the treatment and cure of indigestion and dyspepsia. We do not believe there is a preparation on the market that possesses more valuable properties to stimulate digestion than are found in Dr. Wilden's Quick Cure for Indigestion and Dyspepsia.

DR. WILDEN'S QUICK CURE FOR INDIGESTION AND DYSPEPSIA

is the best remedy of its kind. It is, however, of importance to you to know whether it will reach your case or whether it will benefit your condition. We are, therefore, willing that you should send for a box of Dr. Wilden's Quick Cure for Indigestion and Dyspepsia, with the understanding that you can give it a trial, and if it does not benefit you, simply tell us that you received no benefit from it and that it is the first package that you have tried, and we will immediately return your money. We have great confidence in this remedy and we do not want any of our customers to suffer, if we are able to offer them the means of relief and cure. We have supplied this preparation for many years, and from reports received from our customers, we feel justified in recommending Dr. Wilden's Quick Cure for Indigestion and Dyspepsia to those that need a remedy of this kind, believing that it will do for them what it has accomplished for thousands of others who have given it a fair trial and found it satisfactory in every respect.

CELERY MALT COMPOUND.

A HIGH CLASS PREPARATION.

Large 20-ounce capacity \$1.00 bottles. OUR PRICE, ONLY 52c
A NERVE BUILDER, BRAIN TONIC AND STIMULANT.

CELERY MALT COMPOUND contains the following ingredients: Celery Seed, Liquid Extract of Malt, Coca Leaves, Cinchona, Senna, Couch Grass, Rochelle Salts, Iron Phosphate, Hydro-Alcoholic Menstruum, Sugar q. s.

CELERY COMPOUND has for years been recognized as one of the best tonics. Our celery compound is improved by the addition of malt, making it superior to other similar remedies, and being absolutely pure and unadulterated, is regarded of superior merit as compared with any other celery compound on the market, regardless of name or price.

OUR PRICE, ONLY

52c

Regular Retail Price, \$1.00

IT IS A TRUE NERVE TONIC,

a genuine appetizer, a stimulant for both the young and old. We do not claim that Celery Malt Compound is an absolute specific for any chronic disease, but it has a much wider range of usefulness, as it is just the preparation required in hundreds of cases and where no chronic disease has taken hold, it is very beneficial in hundreds of ills that require a reconstructive tonic.

CELERY MALT COMPOUND IS A RECOGNIZED NERVE AND BRAIN MEDICINE.

It combines the tonic and quieting effects of celery and other standard tonics with the nutritive and digestive elements of malt, and thereby gives an opportunity to secure relief in nearly every form of nerve trouble. This preparation contains in concentrated form the active medicinal properties of celery seed, well known to physicians as one of the best and most controlling agencies for the nerves, also the phosphates, as required for a strong, healthy, vigorous body, and other medicinal properties in correct proportion, the value of which have been thoroughly demonstrated in all brain and nerve affections and in emaciated conditions. In addition, it contains a large percentage of malt, which creates a tendency for building up strength. All this makes it an ideal combination, and it is not only a useful tonic and stimulant but an extremely pleasant tasting preparation as well. As a brain and nerve tonic, appetizer and stimulant it has few equals in the realm of medicine. For insomnia, nervousness or mental exhaustion, loss of appetite, impoverished blood and for that tired feeling that comes from close confinement or sedentary habits, it is very effective and infinitely better than all stimulants of an alcoholic nature.

IF YOU ARE NERVOUS, EXHAUSTED, CANNOT SLEEP, DIGESTION IMPERFECT, or if you are out of sorts generally and in a low physical condition, we recommend a trial of Celery Malt Compound. As a rule it will give new life and vigor and build up the entire system.

IF YOU ARE SUFFERING you can make a trial of this preparation, under our liberal offer: order one bottle, use it and if it does not benefit you, if you do not find that it is the remedy that suits your condition and will help you, all you have to do is to notify us that you have never used the remedy before and we will refund to you, upon request, the full amount that you paid us for the first bottle of this preparation. You assume not the slightest risk in making the test. The remedy can do you no harm, and you can ascertain whether the Celery Malt Compound is the proper remedy indicated for the treatment of your condition. Large size (20-ounce bottle), sufficient for about one month's treatment.

WINE OF LIFE—"VIN VITAE"—WINE OF LIFE.

A TONIC STIMULANT FOR THE TIRED, WEAK AND SICK OF ALL CLASSES; A RENEWER OF ENERGY; A STIMULANT FOR THE FATIGUED.

A STRENGTHENER FOR THE WEAK, AN EFFECTIVE AND AGREEABLE FOOD FOR THE BLOOD, BRAIN AND NERVES.

Retail price, per bottle, \$1.25; our price, 64c

A popular medicine because it is delightful to the taste and to the stomach. Not merely a stimulant, but a genuine toner and strengthener.

A TONIC WHICH YOU WILL FIND TO REACH YOUR CASE.

WHAT IS VIN VITAE? Vin Vitae is a preparation combining the curative, healing and strengthening powers of ingredients named below with the invigorating tonic effects of the purest and finest wines of sunny California. The herbs supply the needed food and strength for the blood and nerves; the wine element counteracts the disagreeable, nauseous properties of the herbs and gives just the right fire and life to the preparation. It is a combination producing a pleasing and effective medicinal tonic.

VIN VITAE is an ideal tonic and strengthener for all, combining all the best elements of similar medicines with distinctive and peculiar advantages of its own that make it enjoyed and appreciated by all who try it. A pleasant medical tonic to strengthen and tone up the nerves, purify and enrich the blood, invigorate brain, body and muscles, regulate the system.

VIN VITAE is an excellent tonic. It is in a class by itself. Are you easily tired? Do you sleep badly? Are you nervous? Do you feel exhausted? Have you lost your appetite? Is your stomach weak? Are you thin? Is your circulation poor? Are you weak, either constitutionally or from recent sickness? You should take Vin Vitae, because it may be just the very tonic you need.

OUR PRICE, ONLY

64c

Regular Retail Price, \$1.25

TAKE VIN VITAE and the good effects will be apparent. You will get stronger, you will feel brighter, more fresh and active; you will feel your health and strength and energy improving.

VIN VITAE MAKES WOMEN STRONG.

Weak women, easily tired, worn out by ordinary household duties, should take Vin Vitae, the Wine of Life, as a tonic. Women suffer from the diseases and troubles peculiar to their sex will realize benefit from the strengthening and tonic effects of Vin Vitae. It is a tonic for ailing and suffering women. Vin Vitae is giving thousands of women new health.

VIN VITAE is compounded in our own laboratory, under the direction of our own skilled chemists, after a formula comprising the following ingredients: Coca Leaves, Iron Pyrophosphate, Gentian, Corn Silk, Senna, Port Wine.

FOR LACK OF APPETITE, fude, worn out nerves, Vin Vitae is recommended. It improves the appetite, assists digestion, purifies and enriches the blood, carries strength to every part of the body and induces a vigor and tone not usually obtained by the use of ordinary medicine. If you are not enjoying your usual good health, if you feel the need of a powerful tonic, you need not hesitate giving Vin Vitae a fair trial.

ORDER ONE BOTTLE as a test of this splendid preparation. We offer it on its merits; offer it to our customers as an excellent preparation. Everyone who is in need of a tonic should try Vin Vitae. We offer it feeling confident that if you recommend Vin Vitae to your friends and neighbors, you will not fail to

IN FAIRNESS AND AS A PROTECTION to you, you are permitted, under the terms governing the sale of our household remedies, to order a bottle of Vin Vitae, take it according to directions, and if you do not feel a decided improvement within a few days, if you do not feel that it renews your energy, soothes the nerves, improves digestion, induces restful sleep, brings back former strength; in fact, if you do not find that it does you more good than any medicinal tonic you have taken before, notify us and we will not hesitate to refund to you on the first bottle that we ever supply to you the full amount that you have paid for it.

DR. HAMMOND'S NERVE AND BRAIN TABLETS.

A GREAT REMEDY FOR WEAK MEN.

A special prescription in a prepared form for the treatment and cure of men's special diseases and all disturbances of the nervous system.

Our price, per box, only 55 cents; six boxes for \$2.80.

DR. HAMMOND'S NERVE AND BRAIN TABLETS

are designated for the use of weak men and will not disappoint those who will use this treatment systematically and for a reasonable length of time, and a test of one single box of these tablets will be entirely sufficient to show the actual merit which they possess.

THOUSANDS OF MEN IN

ILL HEALTH, or only slightly causes, yes, thousands

of men who otherwise are strong and well, are suffering from a weakness which they are desirous and anxious to overcome. In some cases, owing to the peculiar cause of the weakness, it may require the personal supervision and treatment by a reliable physician. In such cases we warn you to be careful and under no circumstances place yourself in the hands of a so called advertising physician. Be sure that you personally know the physician as a man of standing, skill and reliability. To such a man explain your case freely and without reserve, without false pride and he will either do for you what medical science can do in such cases or else frankly give you the very best advice.

IN MANY CASES OF MEN'S WEAKNESS it requires, however, only a safe yet powerful stimulant; a remedy that will reach the nervous system and build up the former strength and endurance without having a disturbing effect upon the digestive organs. There is but one prescription that has been tested for many years that will do this; but one remedy that will meet, in the majority of cases, the expectations of those who require a medical treatment of this kind; a prescription which we have sold for many years—Dr. Hammond's Nerve and Brain Tablets. These tablets comprise the following ingredients, in correct proportion: Dried Sulphate Iron, Potassium Carbonate, Asafetida, Ext. Damiana, Aloin, Zinc Phosphate, Ext. Nux Vomica.

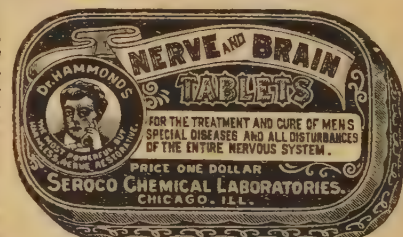

THE MERIT OF DR. HAMMOND'S NERVE AND BRAIN TABLETS is perhaps best illustrated by the fact that their sale has steadily increased from year to year. Millions of these tablets are used today by men who have convinced themselves by actual test that these tablets are the best medicine for the treatment of that condition for which they are intended.

IF YOU HAVE USED THIS MEDICINE BEFORE, you will, of course, ever you need the stimulating benefit they afford. If you have never tried Dr. Hammond's Nerve and Brain Tablets, you have the privilege of sending for one regular size box, containing about three or four weeks' treatment, use them as directed and if you are not entirely satisfied with the results, write us and we will refund to you at once the price of 55 cents which you have paid for them.

DR. HAMMOND'S NERVE AND BRAIN TABLETS is a very carefully compounded remedy; a preparation that took years of study and experimenting to perfect, in order to combine the elements that would restore vital force and revitalize the weakened sexual organism, and at the same time strengthen the heart action and tone up the stomach, liver and kidneys.

BUY THE BEST. Many nerve and brain pills are offered at cheaper prices, but Dr. Hammond's Tablets cannot be sold for such figures. They are the best, and we know you want the best, and our price of 55 cents is as low as this grade of a remedy can be sold. It pays to buy the best.

HAVE YOU CATARRH?

CATARRH OF THE THROAT, NOSE, STOMACH, BLADDER, OR ANY FORM OF CATARRHAL AFFECTION?

Do you suffer from catarrh of any kind, in any of its stages or from any of its effects? If so, try Dr. Hammond's Internal Catarrh Remedy.

Retail price, \$1.00; our price.....51c

WHAT IS CATARRH? Catarrh is a congestion of the blood vessels of any mucous surface with a large increased discharge from the part, but usually speaking, catarrh refers more to a catarrhal condition of nose, air passages or throat.

SYMPTOMS numerous and varied, but mostly a mucous discharge from the nose, a continual cold in the head, foul breath, slight deafness, watery eyes, throat troubles, indigestion, etc. Its effects are quite similar in these instances and often deceive those so afflicted. If you have any one or more of these symptoms, you are invited to give Dr. Hammond's Internal Catarrh Remedy a trial. It is designed to go straight to the root of the malady and enables the tissues affected to throw off

OUR PRICE, ONLY

poisons and perform their functions perfectly.

OUR CATARRH REMEDY, designated as **Dr. Hammond's Internal Catarrh Remedy**, is a preparation which has met with decided success in the treatment of this disease and contains the following ingredients in correct proportion:

Potassium Iodide, Burdock Root, Poke Root, Couch Grass, Golden Seal, Marigold, Rochelle Salts, Hydro-Alcoholic Menstruum.

It is a highly efficient preparation and composed of ingredients known for their beneficial action upon catarrhal diseases.

IF YOU KNOW THAT YOU ARE A SUFFERER FROM CATARRH, send for **Dr. Hammond's Internal Catarrh Remedy** and give it a thorough trial, according to directions. Your experience, no doubt, will be that other customers who have received benefit by the use of this remedy right from the start and obtained final relief and cure by continuing the treatment a reasonable length of time.

DR. HAMMOND'S CATARRH REMEDY is designated as **Internal Catarrh Remedy** because it reaches all kinds of catarrh, whether in the head or elsewhere, for it acts through the blood, enables it to throw off diseases and to fortify the entire system against catarrhal trouble of every description.

WE HAVE SUPPLIED DR. HAMMOND'S CATARRH REMEDY for many years to thousands of customers located in every state in the Union and particularly to those residing in the localities where catarrhal diseases are most prevalent, and judging from the reports received from those who have learned of the merit of Dr. Hammond's Internal Catarrh Remedy by its use and the benefit derived from it, we feel justified in saying to you: "If you need a remedy of this kind, send for a bottle, use it in the proper manner, and if not found suitable for your particular case, if the first bottle does not benefit you to a noticeable extent, do not proceed with the treatment, but notify us and we will pay you back every cent that you paid for this remedy." We believe, however, you will, as have thousands of others, decide to proceed with the treatment of Dr. Hammond's Internal Catarrh Remedy, so that by following up this treatment you can bring the beneficial change in your condition produced by the first bottle of this medicine, if possible, to an established cure.

PLEASE UNDERSTAND, however, that we want you to be the judge. We want you to know beyond a reasonable doubt that this remedy is really benefiting you before you are expected to proceed with the treatment.

Drugs, Chemicals, Pills, Extracts, Etc.

We have always in stock a full assortment of **Drugs, Chemicals, Fluid Extracts, Compressed Tablets, Elixirs, Wines, Liniments, Ointments, Tinctures, Druggists' Sundries**, in fact, every article that is generally kept in large, first class drug stores. You can safely send us your order for any drug or chemical, either in the crude state or prepared in the form of **extract, tincture, elixir, etc.**, and rest assured of receiving exactly what you ordered in a fresh condition and pure quality, and at a price far below what is usually charged for such articles in retail stores, which is a very important item for you to consider. **Poisons cannot be sent by mail, and a four-ounce bottle of liquid is the largest that can be mailed.** As articles in our drug department are not, as a rule, very heavy, they can be sent by express at very little cost, but the most economical method is for you to include an order for drugs when you are ordering goods from our other departments.

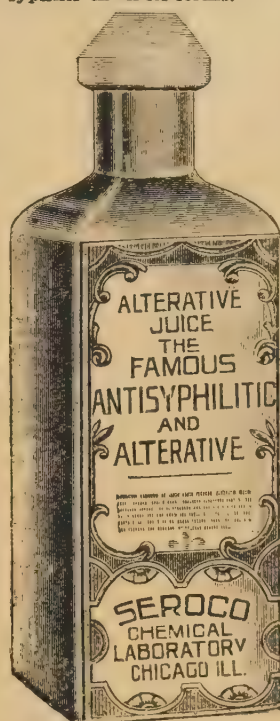

We will not sell any drug which we know is to be used for abortive purposes.

POISONS. We will not sell any form of poisons as cocaine, morphine, strychnine, prussic acid, corrosive sublimate, etc., either with or without a physician's prescription.

ALTERNATIVE JUICE.

THE FAMOUS ANTISYPHILITIC AND ALTERNATIVE.

Made after the formula of one of the most prominent syphilitic specialists in the United States. This preparation is now recognized by prominent physicians as the best remedy obtainable for the cure of syphilis in all its forms.

PURE JUICE FROM THE PLANTS.

Alternative Juice is the preserved fresh juices of the true medicinal plants *Stillingia Sylvatica*, *Smlax Sarsaparilla*, *Physalis*, *Decandra*, *Lappa Minor* and *Xanthoxylum Carolinianum*. They are all collected in the proper season when the roots are at their highest stage of medicinal activity, and their juices carefully extracted by the latest and most improved methods. Each pint bottle of Alternative Juice contains in natural combination the unimpaired virtues of sixteen troy ounces of the true medicinal plants mentioned above. The virtues of these plants are extracted in such a manner that they remain perfect and unimpaired, and the patient always gets the medicinal effect desired.

OUR PRICE, ONLY

\$1.00

Regular Retail Price, \$2.00.

ALTERNATIVE JUICE

stimulates all the secretions throughout the system, more especially those of the stomach, kidneys, liver and granular systems. It increases the appetite, aids the digestion of food, tones up the kidneys and liver, purifies the blood, frees the system from secretions, aids elimination of these poisons through the kidneys, bowels and skin.

FREE FROM MERCURY OR IODIDES.

For many years Mercury Salts and Potassium Iodide have been the treatment in all serious blood disorders, but on account of their injurious effects on the stomach, they should be used with caution. Alternative Juice, on the other hand, is a purely vegetable medicine, exerting the same effect as the chemicals mentioned above, but absolutely free from any injurious properties. This being the case, Alternative Juice can be taken for any length of time, without in the least disturbing or injuring the system.

A CONSTITUTIONAL REMEDY.

Alternative Juice is the one great constitutional medicine, possessing in a marked degree the power of eliminating specific poison from the blood, and at the same time increasing the proportion of red corpuscles in poor and poisoned blood, thus enabling the system to free itself from all this poisonous matter.

CURES SYPHILIS.

Alternative Juice, consisting of the fresh juices of medicinal roots, is Nature's great remedy for curing syphilis and freeing the system from the effects of this disease. If, at the first appearance of the disease, Alternative Juice is promptly used, it will free the system from the disease in a much shorter time than if treatment is delayed. Alternative Juice should be persistently used from the first appearance of the disease. As a general rule primary cases should have time to four months, secondary cases seven to nine months and tertiary cases from nine to twelve months' treatment. While this is the general rule, there are, of course, exceptions, depending upon the condition and peculiarities of the person, other disturbances in the system, effect of medicines upon the person, and the length of time since contracting the disease. It is advisable in all cases that the patient take the medicine for several months after all symptoms disappear in order to be sure the system is entirely free from the disease.

OTHER USES.

Alternative Juice is Nature's purely vegetable juices for curing poisoned blood. Therefore, it is very beneficial for curing all forms of blood poisoning, including scrofula, pimples, eczema, and all skin diseases.

TREATMENT.

For the treatment of syphilis, a tablespoonful of the medicine should be taken before or after meals each day for three weeks out of every month allowing the system to rest the fourth week. This treatment should be continued for eight to twelve months, depending upon the severity of the disease. As Alternative Juice is a purely vegetable remedy it can be continued for any length of time without injury. For regular blood diseases the dose is one teaspoonful before each meal.

DR. WORDEN'S FEMALE PILLS.

Female Diseases and Troubles, Peculiar to the Sex and Woman's Delicate System, Regulated by the Use of Dr. Worden's Female Pills.

PRICE, ONLY 33 CENTS PER BOX.

THIS REMEDY, designated as **Dr. Worden's Female Pills**, is a combination of ingredients well known for their value and effectiveness. These pills contain in correct proportion: **Extract Squaw Vine, Dried Ferrous Sulphate, Potassium Carbonate, Ext. Sumbul, Ext. Helonias, Fo. Asafetida, Ext. Gentian, Ext. Viburnum.**

THOUSANDS OF WOMEN

suffering from ailments, peculiar to their sex, have learned to regard this remedy as a valuable treatment and peculiarly adapted to overcome the ailments from which they are suffering.

FEMALE TROUBLE,

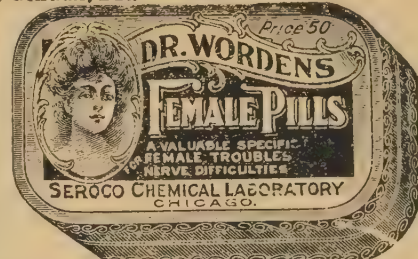

as a rule, is indicated by headache, nausea, weakness, sickness, depression, etc., the direct result of a derangement of the delicate female organism and Nature's regular functions. Nearly every woman understands the suffering her sex must undergo by what is known as female trouble, suffering which is usually borne in silence, because of the disinclination to place the case before a physician. With all due respect to your modesty, we believe, if your case is very serious and complicated, that you should not hesitate to place yourself under the treatment of a capable and responsible physician. In a number of cases a systematic treatment with Dr. Worden's Female Pills will bring the system back to its normal condition.

DR. WORDEN'S FEMALE PILLS

are for the cure of female troubles. They contain nothing that will injure the most delicate woman. They are not cure all. They are intended to relieve only the trouble peculiar to women. They can be employed in cases where leucorrhea, irregular, suppressed or painful periods, thin blood, nervousness, sleeplessness (insomnia), sick headache, weakness, anemia, chlorosis or green sickness are present. It has been demonstrated that no other prepared remedy offered to the ailing women has given better satisfaction than this remedy has in every form of female trouble.

DR. WORDEN'S FEMALE PILLS are the very best prescription intended for the treatment of ailments for which it is intended. If you have not used this remedy before, you can send for one box, give it a thorough trial and if you do not receive the full amount you have paid for same, nor do we expect that you should continue with the treatment, unless you have, by the use of the first box, convinced yourself that it is just the remedy for you, that it reaches your case effectively and you have become convinced that final good results can be secured by continuing for the further reasonable length of time.

DR. McBAIN'S BLOOD PILLS.

A Very Successful Blood Remedy in Pill Form. 27 Cents per Box.

OUR PRICE, ONLY

27¢

Regular Retail Price, 50 cents.

ONE-HALF OF ALL THE SICKNESS is due to impure blood. The results of impure blood are far reaching, as the blood is the medium through which every tissue of the body is fed and renewed. Therefore, impure blood, thin blood, poor blood means lack of nourishment of the flesh, the nerves, the brain, the bones of the body and a general disorganization of the entire physical system.

DR. McBAIN'S BLOOD PILLS are intended as a blood cleanser and purifier. The effect of these little blood pills is very beneficial. These pills are not of the cathartic nature; they do not upset the system by violent purging, but they act upon the blood, the seat of the trouble, vitalize it, renew the red corpuscles by feeding the proper nourishment to them, thus permitting the blood to purify itself. The elements of which these pills are compounded enrich the blood and also assist digestion, regulate the bowels and act upon the liver and kidneys. Dr. McBain's Pills are invaluable to men and women alike.

This remedy, designated as Dr. McBain's Blood Pills, contains in correct proportion: Extract Iris, Extract Queen's Root, Extract Burr Seed, Extract Gentian, Extract Red Weed, Extract Couch Grass, Extract Lep-
tandra.

THESE BLOOD PILLS are offered by us to our customers for a fair trial and no one should overlook the opportunity we offer where so much benefit can be derived. If you are not benefited, it will not cost you one cent. If you have any trouble arising from impure blood, give this preparation a fair trial and convince yourself of the good it will do in your case.

DR. McBAIN'S FAMOUS BLOOD PILLS can be taken according to directions without any danger to either sex, and if carefully followed, will give splendid results. Weakness, poor, thin blood, sallow or pale complexion, loss of appetite, chlorosis or green sickness, pain in the back, facial eruptions, skin diseases, nervous headache, and diseases resulting from humors in the blood, which cause erysipelas, sores, swellings, are benefited by this remedy.

ONLY 27 CENTS A BOX, THREE BOXES FOR 75 CENTS, is our price for this special remedy. It usually sells at from 50 cents to \$1.00 per box. Sold by us with the privilege offered by no other firm. You can send for the first box, use it and if you do not find the benefit or relief expected, notify us and we will unhesitatingly refund the amount that you have paid for same.

THE PRICE OF THIS REMEDY IS EXTREMELY LOW. Don't think that this affects the value of the remedy, for Dr. McBain's Blood Pills represent a high class blood remedy. With every box of these pills you are furnished a booklet, "How to Have Pure Blood," which is a short treatise on the blood and its diseases, with a safe, sure and convenient method of treatment for men, women and children.

DR. BARKER'S BLOOD BUILDER.

This remedy, designated as Dr. Barker's Blood Builder, contains in correct proportion: Stillingia, Burdock, Blue Flag, Elder Flowers, Pipsissewa, Aromatics q.s., Gran. Sugar q.s., Hydro-Alcoholic Menstruum.

IF YOU ARE FEELING POORLY, and are not quite able to define what the trouble is, try a bottle of Dr. Barker's Blood Builder and give it a test. It is possible your blood needs nourishment and Dr. Barker's Blood Builder may prove exactly the remedy for you. It is certainly a remedy worthy of a test, for purifying the blood, building up the system and toning and strengthening every organ. It helps to eradicate and even prevent these disorders becoming chronic, when the patient is suffering from scrofula, pimples, chronic ulcers, boils and other painful and disfiguring maladies, which show themselves on the surface of the body or create serious disorders within. It purges the blood and is a remedy of merit for all forms of blood disorders, has been put to the test and many cases have yielded to its beneficial and curative influence. Dr. Barker's Blood Builder is of great value in eradicating all eruptions on the skin and face by improving the blood and by its effect on skin imperfections, helps to attain a perfect complexion. We offer you the opportunity to give this remedy a fair trial. The combination of ingredients includes some of the best known remedial agents for purifying the blood and building it up to a healthy condition and we guarantee its purity. There is nothing harmful in this preparation and it is very likely that you will receive great benefit from its use. Order a bottle under our liberal proposition that enables our customers to receive the greatest benefit from our splendid line of household remedies, namely, with the understanding that if results are not entirely satisfactory, you can write us to that effect and if this is the first bottle you have tried, we will gladly refund your money. We have received many reports of the benefits derived by those who have suffered owing to the poor condition of their blood, and who have used Dr. Barker's Blood Builder with very gratifying results.

WITH EVERY BOTTLE of Dr. Barker's Blood Builder we send free the booklet, "How to Have Pure Blood," which explains in detail the action of this remedy and also gives important hints on the care and upbuilding of the system.

PUTS FLESH ON THIN PEOPLE.

DRINK IT AT YOUR MEALS,

\$1.42
PER
DOZEN.

to keep well; if **IF YOU ARE WELL,** you are sick, to regain your health and strength. Builds tissue and muscle and adds flesh to thin, bony figures. It strengthens as it builds.

DR. HOFFMANN'S MALT EXTRACT, guaranteed the genuine malt and hops extract, now offered for \$1.42 per dozen bottles, or \$2.55 per case, containing two dozen bottles.

WHAT IS MALT EXTRACT? Malt is barley that has been allowed to partially sprout and germinate and then dried, which changes the rich kernel into easily digested food. Hops are the female flowers of the Humulus Lupulus and adds the soothing tonic and stimulating properties. Malt and hops are recognized as a flesh building, strengthening combination in liquid form. It is among drinkables what beefsteak is among meats.

DR. HOFFMANN'S MALT EXTRACT is made from malt, the concentrated liquid food, and hops, a gentle nerve tonic. If you will order a dozen bottles or a case of Dr. Hoffmann's Malt Extract, take a glass at your meals and another glass before retiring and you will bring yourself up to a normal condition of health and strength.

FOR INVALIDS AND CON-

VALESCENTS, for those recovering from fevers, for those whose system is run down, who want an agreeable, nourishing tonic to drink at their meals, there is nothing equal to Dr. Hoffmann's Malt Extract. It is very nutritious, it stimulates the appetite, it is a food as well as a tonic, and a preparation that builds up the system after fevers or other wasting diseases. For invalids or convalescents it is especially recommended. If there be a new baby in the house or one is expected, it will supply to the mother just the right nourishment, and plenty of it, so that baby will be strong and healthy, and no nursing bottle will be required. Dr. Hoffmann's Malt Extract contains the very best nourishment; concentrated, palatable, and easily digested. Nurses and doctors use it to keep up the strength of their patients. It will renew your energies, your strength and spirits. It helps the stomach in its work, gives new appetite, produces rich, red blood, and makes the thin stout.

IF YOU ARE WEAK OR RECOVERING FROM ILLNESS, or under ask your own doctor if he would advise you to drink a good malt extract at your meals. He will no doubt answer that there is nothing better provided, of course, you get a good, carefully prepared extract. Dr. Hoffmann's Malt Extract is the best the market affords, the best that skill and care can produce.

DR. HOFFMANN'S MALT EXTRACT is especially recommended for loss of appetite. Take a small glassful a half hour before meals. It is a splendid appetizer. For sleeplessness take a glassful on retiring at night. It produces refreshing sleep. When troubled with dyspepsia or indigestion take malt extract regularly at meals in place of coffee, tea, milk, alcoholic stimulants or other drugs. For invalids or convalescents, Dr. Hoffmann's Malt Extract is the ideal food and drink in one. For thin people, pale women, Dr. Hoffmann's Malt Extract improves the appetite, will add to the weight, build flesh, round out the figure and give new zest to life. In wasting diseases you can drink the malt extract directed. It builds up and strengthens. Full directions furnished with each bottle. The usual quantity is a glassful at each meal and one before retiring at night.

DR. HOWE'S LA CRIPPE CURE.

THE SURE CURE FOR LA CRIPPE IN ALL ITS FORMS.

DO YOUR BONES ACHE? DO YOU HAVE CHILLS? Do you feel weak and nervous? Have you cold and then flashing spells, headache, watery eyes, discharges from the nose, etc.? If so, you, in all probability, have that lingering and distressing La Grippe.

HARD TO CURE. La Grippe is recognized by physicians as hard to cure, and if allowed to run causes bronchitis or pneumonia or at least leaves the patient with some ailment, as poor hearing, sore eyes, weak lungs or stomach or may weaken any organ, depending where the disease affects.

DR. HOWE'S REMEDY CURES THE DISEASE. We guarantee Dr. Howe's tablets to quickly cure La Grippe. They are very efficient and meet all the symptoms of the disease. When taken at the very start, it can be cured in a day, but where fully developed it requires 3 to 5 days.

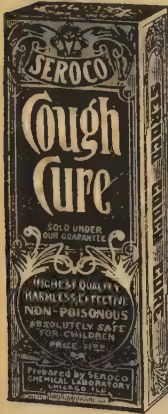

KEEP ON HAND. Dr. Howe's Tablets should be in every home. La Grippe comes on suddenly and you should have the treatment from the very start. They will cure the disease and have our guarantee. Full directions with each package.

Our Twenty-Minute Cold Cure. NEVER FAILS.

Retail price, 25 cents; our price..... 15c

OUR TWENTY-MINUTE COLD CURE contains in correct proportions: Quinine sulphate, acetanilid, camphor, podophyllin, Dover's powder and tincture gelsemium.

OUR TWENTY-MINUTE COLD CURE is not only what its name implies, but a gentle laxative and a powerful tonic. It acts gently on the bowels without griping, induces the liver to healthy action and assists in restoring your general health. It is a splendid tonic for the nervous system, and if once used you will never be without it. It promptly cures colds, la grippe, headache and all the symptoms usually present in a severe cold.

YOU MAY SIT IN A DRAFT, get your feet chilled and you will soon notice that the pores are stopped up, perhaps a slight fever starts and you begin to snuffle. These are the signs of your getting down with a cold. This is the time to use our Cold Cure. Use one or two doses, follow it up by another dose or two in twenty minutes, and you may have cured your cold in its incipency.

TWENTY MINUTES' TREATMENT with our Cold Cure will very often be sufficient to stop the cold, to prevent it from getting any further. A few doses of this preparation taken right at the beginning of the first symptoms of a cold will do the work. Don't wait a day or even an hour. Take our Cold Cure at once. Promptness is the important part.

HAVE OUR COLD CURE in the house and if away from home carry a box with you in your vest pocket. The remedy is supplied in tablet form, in neat tin boxes, convenient to be carried in that manner. In cases where the cold has already become seated before our cold cure could be obtained and used, be sure to get same as quickly as possible, use it in accordance with directions supplied with the remedy, and in connection with it Our Own Cough Cure, and you may feel assured that the combination of these two medicines will break up and cure the most severe cold and cough in the very shortest time.

HERBENA.

**NATURE'S REMEDY FOR CATARRH
AND KINDRED AILMENTS.**

THE GREAT TONIC HERBENA is one of the greatest tonics ever manufactured. It has been in use for years and has given new life and strength to thousands. It is the very remedy required by all persons experiencing that tired feeling, that depression of the nervous system, irregular appetite, that sensation of fatigue.

HERBENA IS NATURE'S REMEDY, being a combination of well known medicinal drugs and absolutely free from potassium iodide, arsenic, mercury and other remedies injurious to the stomach and general system. It is the one remedy that should be taken at the first appearance of that languid feeling and taken according to directions. It will not only increase your appetite and tone up your system, but will make you feel like a new person, strong and ambitious and free from the depressing feeling experienced before starting Herbena.

CHANGE OF SEASONS. With the change of seasons persons are very liable to disease. The nerves need bracing, the brain strength and vigor and the blood purifying. Herbena is the one great remedy for this condition. Obtain a bottle at once, and take it regularly. It has helped thousands and we know it will help you.

CATARRHAL ORIGIN. Many diseases are of catarrhal origin, including affections of the head, throat and lungs as well as those of the stomach, kidneys, bladder or pelvic organs. Herbena, exerting a positive action on all mucous membranes of the body, is wonderfully beneficial in curing any disease of the mucous membrane whether in the head, lungs, stomach, kidneys, bladder or pelvic organs. La Grippe is another disease of catarrhal nature being always attended by some inflammation of the passages of the head, throat and lungs, and this is another of the many affections greatly benefited and cured by Herbena.

A SPLENDID REMEDY. Very few remedies cover and benefit such a wide scope of diseases as Herbena. It is equally good for men and women, old and young, and will aid in overcoming any disease of catarrhal nature wherever located. It is the one remedy for convalescents and for any person requiring tone and strength.

OUR LIBERAL OFFER. In order that you may know what benefit can be derived from Herbena and to protect you at the same time, you are permitted under the terms governing the sale of our household remedies, to order a bottle of Herbena, take it according to directions, and if you do not feel a decided improvement within a few days, if you do not feel that it renews your energy, soothes the nerves, improves digestion, induces restful sleep, brings back former strength, in fact, if you do not find that it does you more good than any medicinal tonic you have taken before, notify us, and we will not hesitate to refund to you on the first bottle that we ever supplied to you the full amount that you have paid for it. Full directions furnished with each bottle.

PRESCRIPTION DEPARTMENT.

WE HAVE UNEQUALLED FACILITIES for preparing prescriptions and family recipes. In this branch of our Drug Department we employ only registered druggists having long experience. Our medicines are always fresh and of the best quality. Send your prescriptions and recipes to us—you can always feel well assured of having them prepared with the greatest care by competent and skillful druggists and chemists, using only the purest and freshest drugs, and at a price very much cheaper than you could have them prepared elsewhere. Our prices for prescriptions in general average: For liquid preparations, 7 cents per ounce; for powders and pills, 27 cents per dozen. These prices can be applied to the majority of prescriptions and recipes, but there are exceptional cases where the substances called for are very expensive, and hence in such cases we are compelled to charge more, but in all cases our prices are always far below retail druggists' prices.

MEXICAN HEADACHE CURE.

A SPLITTING HEADACHE CURED

IMMEDIATELY by our positive Headache and Neuralgia Cure. Almost everyone is more or less troubled with a headache at some time or other. Some persons are hardly ever free from them, and suffer martyrdom. We confidently say to our customers that it is not necessary to suffer longer than the time it takes to get a package of our Mexican Headache Cure. We can promise relief within a short time after the first dose has been taken. A second dose is not required except in very obstinate cases. No matter from what cause, whether a nervous headache, or from the stomach, or a severe case of neuralgia, you will usually obtain complete relief. It is perfectly harmless, no bad results follow its use. Give it a trial when you suffer, and you can easily convince yourself that the Mexican Headache and Neuralgia Cure is the best and most uniformly successful headache remedy in existence.

LLOYD'S ENGLISH BOIL REMEDY.

A New Remedy—A Specific for Curing Boils.

LLOYD'S ENGLISH BOIL REMEDY is a discovery by an eminent English chemist of certain peculiarities in the poison which causes the formation of boils and his further discovery of the antidote. Calcium sulphide, which, when given in correct proportions, destroys this poison in the blood. It removes almost invariably the soreness in a few hours. The remedy is perfectly safe and it seems certain in its cure. No trouble, easy to take, the results are all that can be expected. Don't wait until you are tortured with a boil! Be ready for the trouble! Keep a package on hand! It never spoils!

LITTLE LIVER PILLS.

Retail price, 25 cents; our price, per box...11c
Entirely vegetable in their composition. These little pills operate without disturbance to the system, diet or occupation.

It is a well known fact that a large proportion of all human sickness is due to constipation and a torpid liver. The bowels become clogged and the refuse cannot escape by the proper channels. The result is jaundice, torpid liver, biliousness, sallow skin, indigestion, foul breath, coated tongue, pimples, belching foul gases, blotches, boils, dizziness, headache, cramps, colic, etc. You can easily avoid these troubles and keep your system pure and healthy by taking from time to time one or two of our **LITTLE LIVER PILLS**. Whenever your stomach, liver and bowels get out of order take one or two of our **LITTLE LIVER PILLS** and notice the quick effect and great relief you will experience. Use them occasionally and they will keep you regular and well conditioned.

INSTANTANEOUS EARACHE DROPS.

A FEW DROPS APPLIED ON A PIECE OF MEDICATED

COTTON and inserted into the ear will relieve earache in a comparatively short time, removing the cause of the pain. **INSTANTANEOUS EARACHE DROPS** are VERY PENETRATING and, when properly applied, will reach all parts of the inner ear, removing and healing every portion in a diseased state. While earache drops are intended for relieving earache, they will also be found useful in many cases for deafness resulting from nasal catarrh, inflammation of the ear drums, unusual discharges and for removal of hardened ear wax deposits.

INSTANTANEOUS EARACHE DROPS ARE PENETRATING, HEALING, SOOTHING AND EMOLLIENT.

HAMMOND'S SARSAPARILLA.

Guaranteed the Best on the Market.

Retail price, \$1.00; our price...46c
contains in correct proportions: Sarsaparilla, licorice root, senna leaves, sassafras, burdock, potassium iodide, aromatics, hydro-alcoholic menstrum.

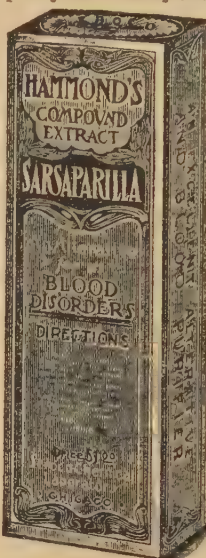

DR. HAMMOND'S SARSAPARILLA combines in an agreeable form the medicinal properties of the most approved alterative and blood purifying remedies of the vegetable kingdom. Dr. Hammond's Sarsaparilla will not cure everything, but the fact that on the purity and vitality of the blood depends the vigor and health of the whole system, and that disease of various kinds is often only the sign that nature is trying to remove the disturbing cause, lead to the conclusion that a remedy which gives life and vigor to the blood and eradicates scrofula and other impurities, as this preparation undoubtedly does, must cure and prevent many diseases. Hence the field of its usefulness is a large one, and we are warranted in recommending it for all derangements caused by an unnatural state of the blood.

FOR SCROFULA Dr. Hammond's Sarsaparilla is especially recommended. It has been found to be the ideal remedy for eruptions and eruptive diseases of the skin, ulcers, tumors, erysipelas and other disorders arising from a low condition of the system or impure state of the blood. There are many sarsaparilla preparations on the market, but none of them will excel in strength and merit the one we offer. We know exactly what goes into it, for it is compounded in our own laboratory. We know that it contains only the purest and best ingredients and we can offer it to our customers with every confidence and every assurance. It has a long splendid record of satisfactory results to its credit, and if you feel that you need a preparation of this kind, we certainly recommend that you give it a trial. Remember, that you can send for a bottle of Dr. Hammond's Sarsaparilla and give it a trial, and if you do not receive benefit, you can simply write us to this effect, state that this is the first bottle you have tried, and we will cheerfully refund your money. This is a fair proposition and enables everyone to get the benefits of our meritorious line of household remedies.

OUR PRICE, ONLY

46c

Regular Retail Price, \$1.00

OUR SARSAPARILLA is a purely scientific preparation. It is carefully prepared from perfectly safe and harmless alternatives and blood purifying agents, selected from the vegetable kingdom. This preparation does not contain mercury or arsenic in any form or combination whatever. It combines the merits of all other sarsaparilla compounds with defects of none. For blood making, blood cleansing, flesh and appetite producing, our Sarsaparilla is unequalled. No family can afford to be without it. For infants, children, grown people, it should be taken regularly. Our prices are very low.

DR. ROSS' RHEUMATIC CURE.

The recognized cure for rheumatism and endorsed by thousands that have been cured. Retail price, \$1.00; our price...59c
RHEUMATISM is a blood disease, always due to one cause, namely, the presence in the system of an excess of uric acid, which element could not be retained unless there was a defective kidney action underlying the rheumatic disease.

THIS REMEDY, designated **DR. ROSS' RHEUMATIC CURE**, is an old and time tried preparation, a combination of elements that has had success in relieving and curing this disease. So many of our customers have received great benefit from its use, that we consider it the duty of everyone who suffers from rheumatism in any form to give this remedy a fair trial. We are willing that you should send for it, take it according to directions, and then if you find you have not received any benefit and this is the first bottle you have tried, we will gladly refund your money. It has met with such great success and is so highly recommended by those who have given it a fair trial, that they bring it to the attention of those of our customers who may suffer from rheumatism, and ask them to give it a trial. It is put up in our

DR. ROSS' RHEUMATIC CURE contains:

Colchicum Seed
Salicylic Acid
Potassium Acetate
Potassium Iodide
Black Cohosh
Sodium Bicarbonate
Hexamethylene Tetramine

own laboratory, under our own supervision. We know every ingredient that goes into it, we can guarantee it absolutely pure and harmless, and, we have found that there are few preparations that compare with it in effectiveness. If you have been suffering with rheumatism for years, we still recommend that you give Dr. Ross' Rheumatic Cure a fair trial. If you have rheumatic pains occasionally, it is important that you take this remedy in time, for it will, in all probability effect a permanent cure. Dr. Ross' Rheumatic Cure acts on the blood and removes from the system the uric acid upon which the disease depends. We have received many letters, describing the benefit received from the use of this preparation, and in many families it has been in use for years with uniformly good results.

**PERUVIAN WINE OF COCA.**

Retail price, \$1.00; our price.....63c

PERUVIAN WINE OF COCA contains in correct proportions: Peruvian bark, coca leaves, ginger, gentian, port wine, aromatics q.s.

A GENUINE RICH WINE and well known for its strong tonic and nourishing qualities. It sustains and refreshes both the body and the brain and has deservedly gained its excellent reputation and great superiority over all other tonics. It is effective and rapid in its action. It may be taken for any length of time with perfect safety, without causing injury to the system, the stomach and gastric juices. Peruvian Wine of Coca also aids digestion, removes fatigue and improves the appetite, without causing constipation. For many years past it has been thoroughly tested and has received the endorsement of many who expressed their utmost satisfaction with the results obtained by using it for ailments for which it is prescribed. They recommend its use in the treatment of anemia, impurity and impoverishment of the blood, weakness of the lungs, asthma, nervous debility, loss of appetite, malarial complaints, biliousness, stomach disorders, dyspepsia, languor and fatigue, loss of forces and weakness caused by excesses, and for similar diseases of the same nature. It is especially adapted for persons in delicate health and convalescence. It is very palatable and agreeable to take and can in many cases be borne by enfeebled stomachs where everything else has failed.

NUTRITIVE TONIC. BEEF, IRON AND WINE.

AN UNRIVALED STRENGTHENER FOR WORKERS, FOR ATHLETES, FOR THIN BLOODED PEOPLE. SPLENDID FOR PUNY CHILDREN.

The very essence of strength, health and vitality. **GUARANTEED HIGHEST GRADE** ever produced. No family should be without a bottle of Beef, Iron and Wine. This is an old time tonic, universally known for its great strength giving and flesh producing qualities.

OUR PRODUCT CONTAINS BEEF. Many so called beef, wine and iron products are made cheap, some not even containing any beef and very little iron. These of course can be sold much cheaper than a product like our own, made of the very best extract of beef, iron and pure wine and aromatics. No product as good as our own has ever been sold at anywhere near our price. It is especially prepared for assimilating and enriching the blood.

THE BEST TONIC KNOWN to be used when suffering from extreme exhaustion, produced by overwork or other causes, brain fatigue, debility of all kinds, blood disorders, salt rheum, eruptions, anemia, scrofula and all conditions depending upon impure blood. It stimulates digestion, improves the condition of the blood, and enriches and enables it to throw off accumulated humor, and to give tone and vigor to the entire system.

DR. MATHEWS' COLIC CURE.

THE ONE SURE AND HARMLESS RELIEF FOR COLIC IN INFANTS.

COLIC IN INFANTS arises mostly from indigestion, slight cold, constipation, gas on stomach or in bowels, over feeding, etc.

SYMPTOMS. The many symptoms of infantile colic are quite familiar to all, including crying, kicking of the legs, drawing up the knees toward stomach, rolling of the eyes, distended stomach, gas on stomach, etc. **DR. MATHEWS' COLIC CURE** will relieve any case of stomachic colic. It

neutralizes any acidity, tones up the stomach, throws off the gas, relieves the pain, and is a blessing to every household.

ABSOLUTELY HARMLESS. Many colic cures are very injurious to children, ruining their little stomachs and causing harm by reason of their harmful nature. Dr. Mathews' Colic Cure is free from whiskey, laudanum or other harmful substances. It is the prescription of this well known child specialist and is regarded as the best remedy for relieving this common ailment. No home with an infant can afford to be without it. Full directions with each bottle.

THE GENUINE GERMAN HERB LAXATIVE TEA.

Retail price, 25 cents; our price, per box.....12c

A HARMLESS VEGETABLE REMEDY and a

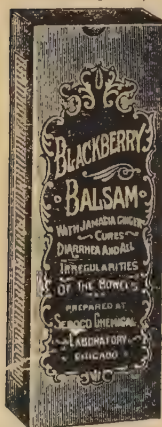

successful treatment for constipation, with no bad after effects. It is composed of herbs and roots familiar to the peasants of Germany, especially those who nurse the sick. Through irregular living, poorly cooked food, improper habits of eating, nearly all persons are suffering more or less from constipation, and the resultant sick headaches; although there may be a daily movement of the bowels, there is still much fecal matter adhering to the intestines and poisoning the blood. Our Herb Tea, made of the simple, harmless herbs, will, when taken regularly for a short time, thoroughly cleanse the stomach and bowels of all unclean matter. The blood becomes purified and the person greatly improved in health.

HERB LAXATIVE TEA contains in correct proportions: American saffron, elder flowers, senna leaves, fennel seed, licorice root, anise seed, dog grass.

IF YOUR KIDNEYS ARE WEAK AND INACTIVE, if there is any bladder trouble noticeable in your case, we can recommend Dr. Ross' Kidney and Bladder remedy as a very effective preparation; one that will give prompt relief in most disorders of the kidneys and bladder.

OUR PRICE, ONLY

58c

Regular Retail Price, \$1.00

DR. ROSS' KIDNEY AND BLADDER CURE

contains in correct proportions: Sodium phosphate, sodium benzoate, couch grass, corn silk, potassium acetate, shepherd's purse, queen meadow, senna, hexamethylene tetramine, hydro-alcoholic menstruum, syrup.

The great value of Dr. Ross' Kidney and Bladder Cure is derived from the fact that this combination of remedies acts directly upon the organs affected, stimulating the filtering activity of the kidneys and restoring vigor and tone to the whole system. The kidneys are one of the most important parts of the digestive system and if they are in a weakened condition, if they do not perform their duties properly, every other organ of the body will feel its effect and a general break down of your health may quickly result.

WE WANT YOU TO GIVE Dr. Ross' Bladder and Kidney Cure a trial because we believe that after you have given it a test, you will find that it is the best kidney and bladder remedy on the market today. You can make this trial without any risk to yourself. There is absolutely nothing harmful in this remedy, so you can feel perfectly safe in using it as directed and experience its beneficial effects within a short time. The remedy is guaranteed to give satisfaction and if you do not receive any benefit from its use and will write us to that effect, we will promptly refund to you the full amount that you have paid for the first bottle.

FOR CONSTIPATION. The great remedy of the age for this trouble. Laxative Fig Syrup was never retailed for less than 25 cents. Our special price is 17 cents.

OUR PRICE, ONLY

17c

Regular Retail Price, 25 Cents.

If you suffer from constipation, order a large bottle of Laxative Fig Syrup and you will find immediate relief and in time a permanent cure. It contains in correct proportions: Figs, senna, cascara sagrada, mandrake, rhubarb, tamarinds, aromatics, syrups. Laxative Fig Syrup is Nature's own remedy for restoring the bowels to a healthy and normal condition. Unlike pills and purgatives, it strengthens instead of weakening and enfeebling their action. For chronic constipation, to secure the best results a remedy is required that will not only act quickly on the bowels, but will produce a tone and stimulating effect upon the inner coating of the intestines, strengthen the muscular action and restore the paralyzed functions. Laxative Fig Syrup, if taken regularly, will cure constipation with its attending ills. Laxative Fig Syrup is perfectly harmless. It is a liquid made from fruits, plants and herbs, is mild in form and easy to take, and when used in cases of bowel, stomach, kidney and liver complaints its effect upon the system is marked.

CUROLENE.

VAPORIZED CUROLENE cures while you sleep. A remedy for whooping cough, asthma, catarrh, diphtheria, croup, colds, coughs, etc.

89c**VAPORIZED MEDICINES** have for years been recognized as the best means for curing all diseases of the nose, throat and lungs. By this means every parti-

cle of air becomes charged and loaded with medicine and as we breathe or inhale every part of the channel becomes coated. The vaporizing has heretofore been usually performed by means of a spray atomizer, but in doing this some liquid must be used with the remedy, and this being heavier than the air, soon settles and does not have the beneficial results as though no liquid was used. With this point in view we have devised the new aluminum Curolene Vaporizer. The Curolene liquid is placed in the small pan above the little alcohol lamp, lighted, and before long the Curolene will be converted into a vapor, the air around becomes loaded and, being heated, it rises and gives place to more air. In this way all the air becomes charged and, before long, every crevice, every nook and corner becomes filled with these beneficial and curing vapors. By this means the air is not loaded with moisture, but with nothing except the medicine itself. This will not settle, but, on the other hand, will purify every spot.

THE GERM THEORY. It is now acknowledged by all physicians that the causes of scarlet fever, diphtheria, whooping cough, croup, asthma, etc., are from minute germs, which, once present, grow and increase the severity of the disease until killed. To successfully accomplish this some strong and effective remedy must be used and this remedy can now be successfully accomplished by Curolene Vapors.

CUROLENE is a strong antiseptic and germicide with marked germ destroying properties. Curolene vapors permeate every crevice and afford the only means of quickly and surely curing all forms of germ diseases. The vapors of Curolene are pleasant, of the nature of carbolic acid, yet will not injure the youngest child. The vapors are carried to every passage and cell of the respiratory organs and this is the reason it has such a beneficial effect upon all diseases of the nose, throat and lungs.

SHOULD BE IN EVERY HOME. A complete Curolene outfit should be in every home. Croup, whooping cough, diphtheria and many other germ diseases arise very quickly and you should have a vaporizing outfit always ready for any emergency. It may save the life of your child. It will not deteriorate with age and the vaporizer will last a lifetime. No home with children can afford to be without it.

No. 8F822 Hard Rubber Syringe, to be used with this remedy. Price. (Postage, 2c extra) .16c

RELIABLE WORM SYRUP AND WORM CAKES.

YOU CAN SAVE YOUR CHILDREN from much suffering and in many cases save their lives. No other disease is so fatal to children as worms. Unfortunately they are seldom free from them, and as the symptoms resemble those of almost every other complaint, they often produce alarming effects without being suspected. Worms are not only a cause of disease in themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves up into large balls, obstructing the bowels and frequently the throat, causing convulsions and too often death.

OUR RELIABLE WORM SYRUP effectually destroys the worms and removes the nest in which their young are deposited. It moves the bowels very gently the worms being to a greater or less extent dissolved by the action of the medicine, can scarcely be recognized in the stools, but the improvement in the health of the child will be sufficient evidence of the beneficial effects of the medicine.

EVERY MOTHER ought to have a bottle of the syrup or a box of the cakes always in the house. The syrup and the cakes are two medicines used for the same purpose. The syrup is more pleasant to the taste and more suitable for very young children. The cakes can be given to older people; even adults can be benefited by using them, as grown up folks, as well as children, often suffer from worms. These reliable worm medicines are not only worm destroyers, but act as a general tonic, destroying sourness of the stomach and producing a healthy appetite. Mothers, keep your children healthy.

WHITE STAR SECRET LIQUOR CURE.

Regular retail price. \$2.50
Our price, complete, box of thirty treatments 94c

THIS EXCEEDINGLY SUCCESSFUL LIQUOR CURE is designated as a Secret Liquor Cure because it can be administered secretly without the knowledge of the drinker and can be given in tea, coffee or food, without the consent of the unfortunate victim of the drink habit.

THE WHITE STAR SECRET LIQUOR CURE contains the following ingredients in correct proportion: Gold Chloride, Ammonium Muriate, Scutellaria, Erythroxylon Coca, Ext. Cayenne, Ext. American Valerian, Cephalis Ipecac, Ext. Bleeding Heart, Saccharum Lactis.

THIS REPRESENTS a tasteless preparation in powdered form, which, given to the drinker in tea, coffee or food will not upset the patient, but by its action on the system and the tonic stimulating effect that desire, that craving for intoxicating liquor, upon the nerves, it often removes in a comparatively short time.

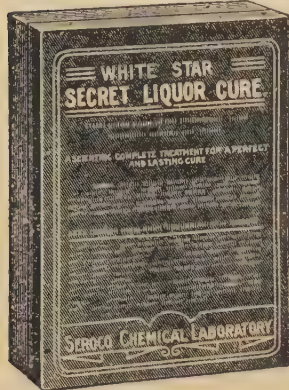

IT IS NOT CLAIMED that there is a liquor cure, secret or otherwise, that is absolutely infallible in all cases, but so many have been entirely cured and stayed cured, so many have been reclaimed for months or years before they suffered a relapse that it would really seem a neglect of duty not to make the attempt to help them, even save them against their will, especially when you can undertake this treatment without the slightest risk, so far as expense is concerned, without any risk whatever of harming the patient.

THE WHITE STAR SECRET LIQUOR CURE will do no harm in any case. It will always improve the general condition of the drinker to a marked degree. It is considered one of the best prescriptions to be employed secretly in the treatment of the liquor habit. Neither you nor we ourselves can tell, however, beforehand, what it can and will accomplish for the patient whose treatment you contemplate, nor do we wish you to be disappointed in the results and we therefore make you the following liberal offer.

SEND FOR A BOX of the White Star Secret Liquor Cure, which contains thirty treatments, give it according to directions, a small powder in tea or coffee. After you have made a fair trial according to instructions, if there is no benefit derived, write us. State that this is the first box that you have tried and we will promptly refund your money.

REMEMBER, the price is only 94 cents per box of thirty complete treatments.

Full directions sent with each box. Medicine sent in a plain sealed package.
No. 8F151 Price, 3 boxes for, \$2.50; per box 94c
If by mail, postage extra, per box, 12 cents.

WINE OF COD LIVER OIL WITH LIME, IRON AND CHERRY BARK.

THIS IS A PLEASANT, ELEGANT PREPARATION, recommended and prescribed by physicians for the treatment of pulmonary affections and as a general system tonic.

WINE OF COD LIVER OIL contains the active medicinal principles of cod liver oil in a palatable form, avoiding the nauseating effect of the oil. It is preferred by many to plain cod liver oil, and at the same time admits of combining with it the very best tonics, tissue and blood builders, making the Wine of Cod Liver Oil with Lime, Iron and Cherry Bark one of the most satisfactory cod liver oil preparations obtainable.

WINE OF COD LIVER OIL with Lime, Iron and Cherry Bark is a remedy that should always be used by patients who are constantly weakening and who are debilitated and wasting away. It is undoubtedly very valuable in the treatment of all lung troubles, colds and chronic coughs, scrofula, blood disorders and skin affections, as well as diseases of the joints and spine. It will build up the strength of the entire system, giving renewed health and vigor to the weak and debilitated, increasing the functional activity of every organ of the body.

WINE OF COD LIVER OIL with Lime, Iron and Cherry Bark is a valuable general tonic; its pleasant taste makes it very palatable. It is easily taken by the patient, who will like it and relish it. It is quickly assimilated and taken up by the system. Consequently it will improve the patient's condition almost from the first dose taken.

No. 8F160 Wine of Cod Liver Oil with Lime, Iron and Cherry Bark.

GENUINE ENGLISH PILE REMEDY.

Retail price. 50c
Our price, each. 30c
Three boxes for. 80c

A scientifically prepared pile remedy in suppository form, soothing, healing and for the most effective curing of blind, itching or bleeding piles. Speedy in relief, safe in its action, permanent in its effect. No matter what you may have employed for the treatment of this trouble, if all else has failed to afford you relief and cure, you should send for the Genuine English Pile Remedy at once.

You may have the same experience as have thousands of other sufferers troubled with different forms of this ailment. That is, you will find that the Genuine English Pile Remedy will not only promptly relieve, but establish the desired result. The remedy having been prepared in the form of suppositories, admits of easy and convenient application, and will in this manner thoroughly reach the affected parts, and by its prompt healing action will prove more satisfactory than almost any mode of treatment of piles. The preparation is furnished in regular 50-cent size boxes, which we, however, supply to our customers at the exceedingly small price of only 30 cents per box.

CASCARA CATHARTIC TABLETS.

A VERY PLEASANT LAXATIVE.

FOR CONSTIPATION AND ALL GENERAL STOMACH, LIVER AND BOWEL COMPLAINTS.

A pleasant, efficient laxative and stimulative tonic, the most effective remedy for the quick relief and cure of constipation, jaundice, nausea, dyspepsia, biliousness and all complications resulting from a disordered condition of the stomach and bowels. Our Cascara Cathartic Tablets are a combination of the most successful, yet perfectly harmless remedies, recommended and used by the most eminent physicians, as a positive laxative and tonic. On account of their mild action on the bowels they are not only a valuable cathartic, but at the same time the most pleasing treatment for the cure of symptoms for which they are intended. You will never know how easy it will be to keep yourself in a perfect and regular condition, how quickly you can dispel those apparently unimportant yet exceedingly distressing little troubles resulting from a disturbed digestion or an irregularity of the bowels. Using two or three Cascara Cathartic Tablets for a few days will tone up the entire system, strengthen the digestive organs and bowels connected with the function of digestion and the elimination of waste matter. You will feel lighter, brighter, more restful and cheerful and free from the nervous and painful state which always follows indigestion and bowel trouble. Least valued remedies of this kind are usually sold at 50 cents in boxes containing 30 to 35 doses. Our price for 54 doses is 27 cents. We guarantee our Cascara Cathartic Tablets to give satisfaction.

No. 8F165 Price, large size, containing 54 doses, 3 boxes for 70c; per box 27c
If by mail, postage extra, per box, 4 cents.

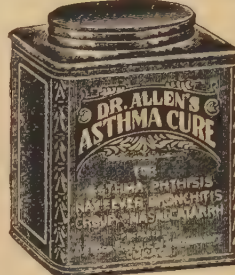

DR. ALLEN'S ASTHMA CURE.

DR. ALLEN'S ASTHMA CURE is for the relief of Asthma, Hay Fever, Bronchitis, Croup and Nasal Catarrh. It is a scientific combination of oxygenating chemicals with such herbs and barks as have proven themselves effective for the relief of asthma and other affections of the respiratory organs, attended with short, difficult or spasmodic breathing. It is the result of many years' study and experiment in the treatment of diseases of the lungs and air passages, and all stages of asthma. It has never failed to give some relief or effect a cure when a fair trial was given and used according to directions. This remedy is used by inhalation and as its virtues reach the air passages direct, the relief obtained is instantaneous. Plain directions and valuable information enclosed in each box, and if the sufferer will follow these directions carefully, mild forms of asthma, hay fever, etc., are often cured in a week or two; but if the disease is old and deep seated and has obtained a firm hold on the system, the treatment ought to be continued for several months, even though the patient may believe himself entirely cured.

DR. WALTER'S DIGESTIVE ELIXIR.

For the prompt relief of dyspepsia, indigestion and stomach complications generally.

DR. WALTER'S DIGESTIVE ELIXIR contains, in correct proportions: Pepsin, diastase malt, rennin, menthol, thymol, bismuth, hyposulphite, rochelle salts, hydrochloric acid, lactic acid, elixir simplex.

DOES YOUR STOMACH DISTRESS YOU? Do you suffer with dyspepsia? Are you troubled with indigestion? Send for a bottle of Dr. Walter's Digestive Elixir. It will be furnished to you with the understanding that after you have used the first bottle and if you have not tried this remedy before, if you do not find results entirely satisfactory, all you have to do is to notify us of that fact, and the full amount that you have paid for the first bottle of this remedy will be refunded to you at once.

DR. WALTER'S DIGESTIVE

ELIXIR increases the gastric juices, aids digestion, makes the food antiseptic, tones the system, removes all gas and makes the stomach strong, healthy and able to perform its work.

PLEASE BEAR IN MIND that Dr. Walter's Digestive Elixir is a digestive remedy; a preparation that will have a beneficial effect upon the entire digestive system by performing a portion of its work in a most natural way, thus resting the stomach when in a weakened condition and by this rest which it affords to the digestive system will strengthen these organs so that they soon can and will perform their work without any medical aid.

DYSPEPSIA is a very common and exceedingly distressing disease and as a rule manifests itself by the following symptoms: A feeling of fullness and weight in the stomach after eating, flatulency, decomposing of food from slow and imperfect digestion, which produces gases, swelling of the stomach, great discomfort or pain, constant belching, heartburn, frequent fainting, sick headache and constipation.

THE ABOVE SYMPTOMS are usually caused by a weak stomach, inability to digest the food, so that it sours in the stomach and the trouble starts.

BY USING DR. WALTER'S DIGESTIVE ELIXIR you will not only assist the digestion of the food but this remedy will gradually strengthen the stomach and the entire digestive system, resulting in the proper assimilation of the food, furnishing the right nourishment and building up your general health to a point where you can eat all kinds of food without being distressed; enjoy all your meals to the fullest measure.

DR. WALTER'S DIGESTIVE ELIXIR combines in an agreeable form some of the best medical substances used for the cure of dyspepsia and indigestion in all its forms.

ONE TEASPOONFUL of this remedy taken three or four times a day after meals will increase the gastric juices, free the stomach from all gas, aid digestion, and in a very short time you will know what it means to be free again from dyspepsia and indigestion. When using Dr. Walter's Digestive Elixir you can eat nearly everything that you like without experiencing any discomfort or ill effects the least.

No. 8F180 Dr. Walter's Digestive Elixir, each bottle, 12-ounce capacity. Price, 3 bottles for \$1.40; per bottle.....52c
Unmailable on account of weight.

DR. CURTIS' SORE THROAT CURE.

The great remedy for sore throat and all acute throat affections.

COMPOSITION. Dr. Curtis' Sore Throat Cure is the formula used in private practice and contains in permanent solution, chlorine, ferric iron, chlorates, oxychlorides, etc., combined in such a manner as to continually liberate free chlorine, oxygen and oxychlorides. The efficiency of these cases in sore throat and early diphtheria is well known and combined with other beneficial substances forms one of the foremost treatments for these conditions.

ITS USES. Dr. Curtis' Sore Throat Cure may be used locally or internally as conditions may require. The preparation is best used undiluted and should reach as nearly as possible every part of the throat. This is best accomplished by means of an atomizer, if at hand, otherwise by gargling and swallowing the quantity remaining in the mouth after each treatment.

IF YOU SUFFER FROM SORE THROAT, tonsillitis, the tonsils, or any one of similar throat affections, we would urge you by all means to order a bottle of Curtis' Sore Throat Cure, as a trial. Use it according to directions and a severe sore throat can be prevented. It is far better to use the product as soon as possible after the soreness is noticed and before the inflammation becomes deep seated as it is then much harder to cure.

A HOUSEHOLD NECESSITY. This excellent sore throat cure should be in every household. None of us are able to tell just when we will experience a severe sore throat and then is just the time we want a good remedy. A bad sore throat should be carefully treated, otherwise diphtheria or other chronic symptoms may arise. With our liberal offer on this product you cannot afford to be without it. Full directions with each bottle. Regular retail price, per bottle, 50 cents.

No. 8F182 Price, three 4-ounce bottles, 80c; per bottle.....32c
If by mail, postage and tube extra, per bottle, 19 cents.

SYRUP HYPOPHOSPHITES COMPOUND.

(Dr. Hammond.)

The Great Tonic and Reconstructive for Nervous Exhaustion, General Debility.

DR. HAMMOND'S SYRUP HYPOPHOSPHITES COMPOUND has for years been recognized as one of the very best reconstructive tonics, stimulating and toning the appetite, the functions of digestion and assimilation, and the entire nervous system.

While it also contains the necessary mineral constituents for supplying the required energy to aid in overcoming disease.

COMPOSITION. The composition of this new but highly successful tonic comprises the hypophosphites of potassium, sodium, lime, manganese, iron and quinine. Potassium, sodium and lime serve as great constructive tonics to bone, muscle and nerve tissue. Manganese and iron supply the red color to the blood. Phosphorus, as it exists in the composition, forms a large per cent of the different parts of the body and especially the brain. Quinine, the main alkaloid of this preparation, acts as a tonic, keeping up the strength of the system, toning the appetite and improving all the functions of the body.

IN ALL AFFECTIONS OF THE BRONCHIAL TUBES, Dr. Hammond's phosites Compound should be given a trial. It used conscientiously, this syrup will diminish the tendency to consumption and may even prevent the further formation of tuberculous deposit after the disease has taken hold. In the first and second stages of tuberculosis this composition may, when rightly used, overcome the disease, and even in advanced stages great benefit will be derived from its use.

A UNIVERSAL TONIC. Dr. Hammond's Syrup Hypophosphites Compound may be considered the one universal tonic. It stimulates and increases the appetite and has a favorable influence upon the red corpuscles of the blood, tones up the functions of digestion and assimilation, strengthens the nervous system, supplies the necessary mineral constituents of the body and induces, by its tonic action on the digestive organs, regular and easy evacuation of the bowels. Patients taking this syrup, as a rule, gain flesh from the very first and it is considered to be one of the foremost tonics for use in a debilitated or weakened condition.

THIS REMEDY is sold under our liberal guarantee allowing our customer who has never used it, to order one bottle to ascertain whether this product reaches your condition and whether it will afford you benefit, otherwise the full amount paid will be refunded upon request.

DR. ROSE'S RED CLOVER COMPOUND.

This is a splendid remedy for worn out, tired, and exhausted conditions of the system.

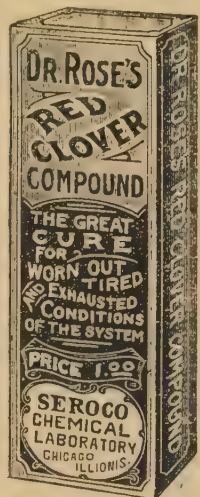

This well known and highly beneficial blood purifier is in all probability better known than any other combination ever offered. It is a system builder of the highest nature.

COMPOSITION. Dr. Rose's Red Clover Compound contains in permanent syrup: Red clover blossoms, stillingia root, burdock root, berberis aquifolium, cascara amara, prickly ash bark and potassium iodide in the proportions best suited for quick and effective results. Red clover blossoms is a very good blood purifier and general alterative.

Stillingia root acts especially beneficial in syphilitic skin diseases, scrofula and bronchial affections. Burdock root acts upon the blood, kidneys and liver, purifying the blood and aiding in the elimination of the impurities. Berberis aquifolium is a tonic as well as aiding elimination of the impurities of the system through the kidneys and skin. Cascara amara comprises one of the very best tonics and laxatives, especially valuable in syphilis, chronic liver troubles, eczema and consumption. It also aids elimination through the bowels. Prickly ash bark is an excellent stimulant tonic, highly recommended in chronic rheumatism, syphilis, liver troubles and wherever a stimulating alternative is required. Potassium iodide affords one of the very best remedies for syphilis, rheumatism and as a general blood purifier.

CONCLUSIONS. After studying the separate drugs entering into this valuable remedy one cannot but be impressed that Rose's Syrup Red Clover Compound is one of the very best medicines for treating all blood, skin and bronchial affections. It enriches the blood, aids elimination of waste matter, increases appetite and digestion and in general improves the entire system. Full directions with each bottle.

LIQUID IROZONE (FERROUS LIQUID OXYGEN)

A GERM KILLER. AN OXYGEN SUPPLIER.

Cures Germ Diseases. Strengthens, Invigorates and Cures by Furnishing that Great Life Property, Oxygen, to the Blood.
No. 8F189 Price, per bottle (commercial pint size).....46c

A WONDERFUL DISCOVERY.

LIQUID IROZONE (Ferrous Liquid Oxygen) is a harmless but powerful preparation for the prompt and effectual cure of all germ diseases. It cures by supplying oxygen to the blood and thus creating healthy tissue. Germs cannot thrive or live in healthy oxygenized tissue.

MANY DISEASES are directly caused by germ infection. In all such cases Liquid Irozone is an ideal, positive remedy because it kills the germs, it purifies the blood by supplying oxygen and it does all this without harming tissue or organ.

OUR PRICE, ONLY

46c

Regular Retail Price, \$1.00.

GREAT BENEFIT IS DERIVED by taking Liquid Irozone even if you are not positively sick, because it strengthens, invigorates and purifies the blood by supplying an extra quantity of oxygen, the life giving principle of the atmosphere. It is perfectly safe, wonderfully effective and positively certain, a complete destruction of all germ life wherever germs may be the real cause of disease. It is nature's own tonic, supplying to the blood that substance that the human body most vitally requires in health and in sickness, namely, oxygen, and it supplies this great life principle in a new and scientific way.

YOU KNOW, OF COURSE, LIVE. Every second of your life you need oxygen. Nature supplies it to you in every breath of air you inhale. It reaches the blood through the lungs. It is at this stage of the circulation of the blood through the body that the oxygen is taken into the blood, immediately changing the impure dark venous blood (vein blood) into purified, healthy, bright red or arterial blood. The blood after being ozonated with oxygen becomes purified and then passes into the heart and finally into the circulation, supplying to the weakened, impoverished and diseased tissues, cells and organs an abundance of that life sustaining fluid, pure, rich and healthy blood. If the blood is liberally supplied with oxygen, in its travel through the system it destroys germ life and at the same time revitalizes every organ, every part of the body, acting as a stimulative, tonic and invigorator, sustaining life and the healthy condition of the body.

THE NORMAL QUANTITY OF OXYGEN needed is supplied in nature by our breathing pure, fresh air. A lack of fresh air means a diminishing of the supply of oxygen for your body. Those that live constantly in the pure, open air, feed their lungs with all the oxygen needed to maintain life and to protect them against germ diseases, but millions of men, women and children, under the modern system of living, suffer from an insufficient supply of oxygen and therefore their systems are not immune from the attack of germs, and they may already be troubled with a germ disease in some form, or from the lack of pure air, or oxygen, they are unable to resist an attack if exposed to germ infection, no matter in what manner the infection may present itself.

BY TAKING LIQUID IROZONE you fortify your system against sickness, you ward off and cure all germ diseases by furnishing your system with a liberal and greater supply of oxygen. In Ferrous Liquid Oxygen we have the only liquefied oxygen that will destroy germs without destroying the tissues of the body and without creating a disturbing or distressing effect upon the digestive organs. Oxygen, as every one knows, is the vital part of air. It is the very source of vitality, the most essential element of life. Oxygen is also nature's greatest tonic, the blood food, the nerve food, the scavenger of the blood. It is oxygen that turns the blue blood to red in the lungs, it is oxygen that eliminates the waste tissue and builds up the new. You can therefore realize what a wonderful and valuable preparation Liquid Irozone is, how important it is that every one should avail himself of this great chemical product, Ferrous Liquid Oxygen or Ozone Liquefied.

LIQUID IROZONE supplies to weakened, exhausted and anemic subjects, a soluble, tasteless and non-constipating form of iron, which is so combined with purified ozone (or concentrated oxygen), as to produce a pleasant and palatable blood and tissue building tonic.

No. 8F189 Price, 3 bottles for \$1.15; per bottle.....(Unmailable).....46c

Dr. Rowland's System Builder and Lung Restorer.
Large Commercial Quart Bottles.

Retail price.....\$1.00
Our price, per bottle.....\$0.52
Three bottles for.....1.45
A Powerful Vegetable Medicine for the thousand ailments common to the masses.

FOR THE RELIEF OF COUGHS of all kinds, lingering, especially bronchitis, laryngitis, consumption, ulcerated throat, ministers' or public speakers' sore throat, hoarseness and suppression or loss of voice. It does not nauseate or debilitate the stomach or system, but improves digestion, strengthens the stomach, builds up solid flesh when the system is reduced below a healthy standard, and invigorates and cleanses the whole system.

As a remedy for torpor of the liver, generally termed liver complaint or biliousness, and for habitual constipation of the bowels it has no equal. For loss of appetite, indigestion and dyspepsia, and for general or nervous debility or prostration, in either sex, it is especially recommended. As an alternative or blood purifier, this medicine is far superior to any preparation of sarsaparilla, iodide of potassium, or any other medicine now offered for general sale. It is, therefore, very valuable in all forms of scrofulous and other blood diseases, also for all skin diseases, eruptions, pimples, rashes and blotches, boils, ulcers, sores and swellings, arising from impure blood, and usually cured by the use of a few bottles of this compound. Unlike other alternatives or blood cleansing medicines, it does not debilitate, but strengthens the entire system. This is a very concentrated vegetable extract. The dose is small and pleasant to the taste. Full directions accompany each bottle.

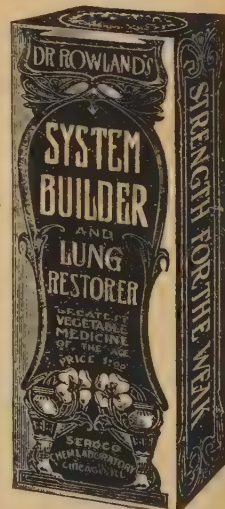

OUR PRICE, ONLY

52c

Regular Retail Price, \$1.00.

BUILD UP YOUR ENTIRE SYSTEM by using a few bottles of this remedy. Is your health impaired, are you overworked, do you need a general toning up? If so, we earnestly recommend a trial of this preparation.

ANTI-CONGESTION PLASTIC DRESSING.

THE GREAT REMEDY FOR RELIEVING AND REDUCING INFLAMMATION AND SWELLINGS OF EVERY DESCRIPTION. TAKES THE PLACE OF THE OLD FASHIONED LINSEED OR BREAD POULTICES.

RECOMMENDED, USED AND PRESCRIBED TODAY BY EVERY PHYSICIAN IN THE CIVILIZED WORLD, in the treatment of diseases accompanied by external or internal inflammation or congestion.

SOLD UNDER OUR PERSONAL GUARANTEE.

IF USED AND FOUND NOT SATISFACTORY, we will return every cent you have paid us for same. NO HOUSE-HOLD, whether rich or poor, should be a single day without a sufficient quantity of ANTI-CONGESTION PLASTIC DRESSING. Order a supply without a moment's delay. Send for it even before you send for a physician, for it is a remedy for any and all cases, acute or chronic, where superficial or deep seated congestion exists. DO NOT UNDER ANY CIRCUMSTANCES FAIL TO PROVIDE YOURSELF with a package of ANTI-CONGESTION PLASTIC DRESSING and keep it in the house ready for instant use. DO NOT WAIT until you need it and then send for it. IT MAY BE TOO LATE WHEN IT ARRIVES to give you the protection it would have afforded you if it had been kept for ready use.

ALTHOUGH IN CASES LIKE pneumonia, bronchitis, pleurisy, peritonitis, erysipelas, and poisoned wounds a physician should be called in, you should have Anti-Congestion Plastic Dressing on hand. In nine cases out of ten he will surely make an immediate application of an Anti-Congestion Plastic Dressing to reduce and remove the inflammation. You will, therefore, save money, worry, and perhaps the life of the patient by having this remedy on hand to meet the emergency without any delay. **BUT THIS IS NOT ALL.** Simple instructions are furnished with this remedy and anyone can make the application, so that you can in critical cases do as the first step after his examination of the patient. In anticipating the action of the physician, you have aided him as much as may lie in your power in making the sufferer comfortable and in saving the life of the sick one.

WHAT ANTI-CONGESTION PLASTIC DRESSING WILL DO:

It is the only bland and non-irritating remedy which allays and heals inflammation and congestion. It absorbs from the tissues over which it is placed the moisture resulting from the inflamed condition. It is applicable in all stages and in all varieties of inflammation.

It acts as a complete dressing, furnishing compression, support, rest and protection for that part of the body to which it is applied; it acts as a

poultice, does all any poultice can do, supplying heat and moisture, but it goes a great deal further, as it is absorbent, antiseptic, anodyne and nutrient, lasting from twelve to forty-eight hours. It does not annoy and irritate the patient, which nearly always is the case where irregular and too frequent poultice applications are made. Anti-Congestion Plastic Dressing does not interfere with internal remedies of any kind.

ANTI-CONGESTION PLASTIC DRESSING WILL GIVE INSTANT AND CERTAIN RELIEF IN ALL CASES OF

PNEUMONIA, PELVIC INFLAMMATION, TUMORS, FELONS, TONSILLITIS, BOILS, POISONED WOUNDS, INFLAMMATORY RHEUMATISM
BRONCHITIS, INFLAMED BREASTS, PERITONITIS, SPRAINS, ERYSIPELAS, PILES, DYSMENORRHEA, FROSTBITES,
AND OPEN WOUNDS IN WHICH INFLAMMATION OR CONGESTION IS A FACTOR. HEED OUR WELL MEANT ADVICE AND KEEP IT ON HAND READY FOR IMMEDIATE USE.

FREMONT UNFERMENTED GRAPE JUICE.

The pure unfermented dark red juice of the best ripe Concord grapes. Delicious in taste, dark red heavy body and real grape flavor.

PURE RED JUICE. The Fremont Grape Juice is made from the choicest Concord grapes grown in the famous Lake Erie Island vineyards of Ohio. Only perfectly ripe fruit, carefully assorted, is used, and the juice is separated and expressed by the latest and most improved methods.

GUARANTEED. The Fremont Grape Juice is positively guaranteed clean, pure, unfermented (non-alcoholic) and without any antiseptic or preservative in any form. The juice after expressing is put up in crown sealed amber bottles and Pasteurized by heat—never boiled or cooked and is the only pure grape juice on the American market that will not mold in the bottle or have a heavy sediment at the bottom. We do not bleach or filter out the pulp (body of grape) in order to make the juice clear like wine, as this sacrifices good quality and nutritive value for looks only.

EFFECTS. Taken in quantities of from one to three glasses daily it increases nutrition, promotes secretion and excretion, improves the action of the liver, kidneys and bowels and adds to the health. The sugar of the grape requires no digestion, but is taken almost at once into the blood, where it renders up its force as required; so also the water. Taken moderately, with a suitable diet, it will not produce cathartic effects, but a more natural action of the bowels, so important to health: if taken in large quantities, it is generally laxative. As soon as this occurs, obstructions disappear, and a feeling of comfort arises, which is very gratifying to the sufferer. Being absolutely free from alcohol, you may drink a quart and yet not become intoxicated. Alcoholic juices and beverages are temporary stimulants at best, while with Fremont Grape Juice, the beneficial effects are permanent and lasting. The one pure unfermented juice for medicinal, hospital and table use.

NOTHING BUT THE JUICE. The Fremont brand of Concord Grape Juice is positively pure, and being pure conforms to the pure food laws everywhere. This juice according to Government analysis is all Grape except outer skin and seeds, and not the transparent or watery looking kind, sometimes sold for pure grape juice.

FOR SACRAMENTAL USES. Fremont Grape Juice is certainly the safest, purest and best that can be procured for this purpose.

ALL CAN DRINK FREMONT GRAPE JUICE without the slightest injury; as a chemical analysis of our JUICE shows it to contain, measure for measure, MORE NOURISHMENT than milk. It affords a household and health beverage of the highest order, a pleasant drink and food in sickness and convalescence, in summer and winter, for the young and the aged. Not a stimulant, but nature's own true tonic, and the best that money can buy. If you want the pure unfermented dark red juice of the grape, buy this product. Satisfaction guaranteed.

GREATER LIBERALITY IN OUR PROFIT SHARING DEPARTMENT THAN EVER BEFORE.

OUR WONDERFUL PROFIT SHARING DEPARTMENT, by which we share the profits of our business with our customers, and which has been so wonderfully popular the past two years, has been greatly extended by us. The variety, the beauty, the value of our Profit Sharing Articles have been vastly improved over any previous season, and though our prices on everything catalogued in the pages of this big catalogue are lower than those named on similar qualities by any other merchandising institution in the history of the world, we have gone even further than ever before in sharing the profits of this immense business with those who send us a liberal share of their patronage, and this greatly enlarged Profit Sharing Plan so far outclasses all plans ever devised by any other concern for rewarding their customers that no possible comparison can be made.

WE HAVE ISSUED a large beautifully illustrated Special Profit Sharing Catalogue in which these useful and valuable Profit Sharing Articles, which we give you free are fully described, and this big free book, containing full information with reference to this wonderfully liberal Profit Sharing Plan, will be sent you by return mail upon request. Just send us a postal card, or a letter, and say, "Please send me your free Profit Sharing Catalogue," and it will go to you immediately, free and postpaid.

OUR PROFIT SHARING PLAN has so greatly increased our business, it has so promoted the sales of all kinds of merchandise catalogued in the greater advantage and further enabling us to reduce our prices, that we have determined to make this, our Profit Sharing Plan, much stronger than it has ever been before, and in this free Profit Sharing Catalogue, which we will be glad to send you on request, we offer hundreds of beautiful and valuable articles, such articles as we know will please you and which are wonderful values; in fact, so wonderfully liberal is this, our Profit Sharing Plan, that you will wonder at our ability to make such a liberal distribution of the profits of this business.

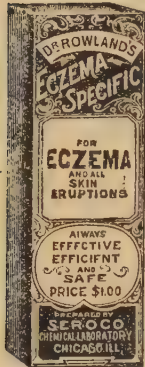

SEND FOR THIS FREE PROFIT SHARING CATALOGUE containing a full explanation of this, our liberal Profit Sharing Plan, and it will explain to you why our business is growing by leaps and bounds; why millions of families in the United States find it enormously profitable to them to send to us for the goods they need to eat, to wear and to use.

Boracine Eye Remedy.

The purest and best remedy for curing all sore and inflamed eyes and for keeping them well and strong. Modern hygienic rules as laid down by the up to date physician and specialist include the occasional cleansing of the eyes the same as the use of the bath and the daily washing of the body. In using Boracine, the purest and best remedy, a few drops at a time will remove inflammation, heal any irritation or swelling, act as a tonic to the mucous membrane of the eye and restore tired eyes to their natural condition and brilliancy.

Boracine is an eye remedy, not an eye water. Is absolutely harmless and highly beneficial when used as an eye cleanser and eye protector. It will cure all forms of sore eyes, red, inflamed or scaly, itching or granulated eyelids. Complete directions will be furnished with each bottle. Retail price, 50 cents.

Dr. Rowland's Eczema Specific.

What is Eczema? This troublesome disease is a local inflammation, manifesting itself upon the skin in the form of a rash and eruption, and causing intense itching and suffering. This itching causes scratching and soon a red, highly inflamed rash makes its appearance and may spread to any part of the body.

Dr. Rowland's Eczema Specific is made in accordance with a special formula and is without doubt the most satisfactory and reliable remedy for the treatment and cure of this troublesome complaint.

Very few diseases are more distressing to the patient or harder to cure, but Dr. Rowland's Eczema Specific will relieve the itching at once and soothe the inflammation, killing the germs causing the disease.

Dr. Rowland's Eczema Specific will cure rash, eczema and skin eruptions of every description and should not be compared with the cheap eczema pastes on the market. We guarantee our preparation to be made from absolutely pure materials and strictly in accordance with the original formula, and it is supplied by us with the distinct understanding that the patient has the privilege of using the first package and if it does not afford relief, if there are no indications, after the treatment has been continued for a reasonable length of time, that it will afford a complete cure, all you have to do is to notify us that results are not satisfactory, stating that this is the first package that you have ever used of Dr. Rowland's Eczema Specific, and we will cheerfully refund to you every cent that you paid for same.

The Ideal Medicine for general household usage, pronounced by many superior to Listerine or any similar preparation.

BOROSEPTINE is an absolutely safe and powerful antiseptic made from menthol, thymol, eucalyptol, glycerine, wintergreen, benzol and boric acids, and acts as a preventive remedy; is swift and certain in the destruction of microbes, etc., which form contagion. It does not irritate and may be applied to the most delicate tissues. Used in diluted form as a mouth and throat wash by the most careful ladies and gentlemen. The faithful use of Boroseptine in catarrh establishes prompt and satisfactory relief, and even in chronic cases of catarrh of nose or throat, the parts if sprayed with Boroseptine night and morning will feel its immediate effect in a cooling and refreshing manner, overcoming the sore and sometimes inflamed condition of the tissues. As a mouth and throat wash, also as a gargle, it is acknowledged to be the very best remedy. Should be used as a toilet antiseptic, also after shaving. In the sick room when sprinkled upon furniture and clothing it will impart an agreeable odor, refreshing to the patient and those in attendance. There is really no more valuable general remedy than Boroseptine, the great antiseptic household remedy. It is not a luxury, but a necessity for every home.

THE CELEBRATED DRY POWDER FIRE FIGHTERS.

SOLD EVERYWHERE FOR \$3.00 EACH. OUR PRICE ONLY 55 CENTS EACH.

WHAT HAVE YOU IN READINESS IN CASE OF FIRE?

PROTECT YOUR HOME, YOUR BARN, YOUR STABLE, YOUR SHOP, or any other valuable premises by placing within handy reach a few of the celebrated Fire Fighters, the latest improved dry powder fire extinguisher, absolutely safe in its use, instantaneous in its action and never failing in results. Each Fire Fighter is complete, and SUPERIOR AND MORE EFFECTIVE THAN ANY OTHER SIMILAR APPLIANCE OBTAINABLE.

THE FIRE FIGHTER IS A DRY POWDER FIRE EXTINGUISHER, put up for use in a metallic tube 22 inches in diameter. One end of the tube is fitted with a cover, held in place by natural tension and fitted with a ring by which the tube is hung from a strong hook, attached for this purpose to a wall, column, door or window frame. By grasping the tube firmly and jerking it, it will immediately be released from the cover, which remains hanging on the hook, leaving the tube open at the upper end and its contents free for immediate use. The dry powder is thrown on the floor by a sweeping motion in accordance with complete instructions furnished with each Fire Fighter. Anyone, even children, can use a Fire Fighter with perfect safety and never failing success. It will extinguish the fire, not in five minutes or ten minutes, but instantaneously by blotting it out in a few seconds after proper application of the dry powder has been made.

3 for.....1.50 (Not mailable)

Gentlemen:—

Allow me to congratulate you upon the magnificent work you are doing by aiding your patrons in extinguishing fires. The night before last I filled my gasoline lamp in my working office. Being rather dark, I could not see the gasoline was overflowing, so when, shortly afterwards, I generated with wood alcohol the lamp, externally, reservoirs and all, became one mass of flame, which paid no attention whatsoever to ordinary methods of extinction at my command. My wife called, the Fire Extinguisher, the Fire Extinguisher!!! at the same time following my injunction: Tear from the hook and hand it to me! which she did more than quickly. In less than sixty seconds the gasoline flame (the strongest flame possibly today known to man) was entirely extinguished. Guess, if you will, the awful results possible had that most precious yellow can the Fire Fighter, not been within instant reach.

God knows, gentlemen, I thank you with all my heart. Send me another one of the tubes and oblige. Gratefully, G. GEO. GIVEN, M. D., AND FAMILY

Old English Wart Remover.

GUARANTEED TO GIVE SATISFACTION.

This is a very reliable and harmless remedy for the removal of all forms of warts. After the first application, the wart commences to shrink and after the treatment is continued for a reasonable length of time, the wart will drop off without leaving any scar. The treatment is perfectly painless. All that is necessary is that the patient follow directions furnished with each package. The Old English Wart Remover is guaranteed to be absolutely free from nitric, sulphuric, carbolic or salicylic acids, corrosive sublimate, chrysarobin or creosote, all of which are dangerous to be used for the removal of warts.

Cole's Petroleum Emulsion with Hypophosphites of Lime, Soda and Potash.

A True Nutritive Tonic and Reconstructive.

Emulsion of Petroleum and Hypophosphites is today regarded as the greatest flesh builder known to medical science and rapidly replacing Cod Liver and Feather Oil emulsions on account of its pleasing and agreeable taste.

Petroleum has been known for many years, but to get the objectionable ingredients removed without affecting the flesh building and antiseptic properties has only been successfully accomplished recently. Our oil is a special grade for internal use imported direct from Russia, and not obtainable by chemists generally.

The Hypophosphites of Lime, Soda and Potash greatly increase the efficiency of this preparation and taken as a whole it is superior to any other flesh building product.

The success it has attained is wholly due to the good and lasting effect derived. It fills a long felt want in medicine rapidly replacing other products. Thousands of people who need a strengthening and building tonic cannot take Cod Liver Oil or fatty matters on account of the taste as well as the nauseating effect upon the stomach.

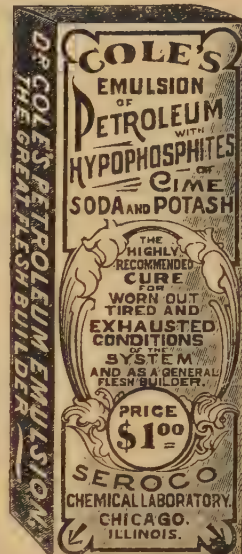

Cole's Petroleum Emulsion, on the other hand, is pleasant to the taste, agreeably taken and does not affect the stomach or digestion. It is easily absorbed by the blood and its beneficial effects are soon felt throughout the system.

Wasting Diseases—For all affections of the throat and lungs, especially bronchitis and consumption, general debility and wasting diseases, particularly when due to faulty nutrition, Cole's Emulsion of Petroleum and Hypophosphites stands without an equal. It has all the advantages of all other flesh forming emulsions and has none of their objectionable features. For the early stages of consumption, there is nothing so beneficial, as it rebuilds the wasting tissues, tends to counteract the disease and often effects a cure. For hard coughs and bronchial affections it is invaluable.

Our price of 67 cents for the \$1.00 size bottle is exceptionally cheap and we hope our customers will appreciate the exceedingly low price we are able to offer.

Try a bottle of Cole's Emulsion of Petroleum, take it regularly after meals and if you are not more than pleased with the beneficial results obtained, we will gladly refund you the money you have paid for the first bottle.

No. 8F319 Regular price, \$1.00 per bottle; our price, 3 bottles for \$1.30; per bottle.....67c

**Lavender Bath Powder.**

A highly perfumed luxury for the bath. A scientific preparation for softening, purifying and perfuming the water. It adds value and pleasure to the bath, by making it more agreeable and refreshing, neutralizing the germs and impurities in the system, tending and invigorating the system like an ocean bath, and at the same time leaving that exquisite fragrance of Old English Lavender about the entire body. You will never know or appreciate the real luxury of such a bath with its refreshing, stimulating and exhilarating effect until you have used this delightful toilet necessity.

FAMOUS YELLOWSTONE LITHIA SPRING WATER.

Absolutely the purest, softest, best and choicest of natural remedial spring waters. Every glass a cup of vitality, health and strength.

IN PRESENTING THIS WATER we have ascertained that it is not only above all waters in America, but is among the best in the world, and have a standing offer of \$500 for any water that equals it in certain attributes.

THE ANALYSIS herewith given indicates its worth, but a simple test of its organic and mineral purity you can make for yourself. Expose ½ gallon bottle of this natural water to the sun and light for a long period, a year or more if you please. The result—no organic or mineral deposit or any perceptible change. This is a wonderful showing. Find any other water on the market that will withstand such a test for even 30 to 60 days. They will all show both an organic and mineral deposit. This proves to you that the famous Yellowstone Lithia Water is absolutely free from all organic matter and impurities and is the purest and best water ever offered to the public.

OUR PRICE, ONLY
\$3.37
Per Doz, ½ Gal. Bottles
Regular Retail Price, \$4.75

THIS IS THE AGE OF MINERAL WATERS. There is today perhaps more mineral water on the market than at any other time in the history of the world. Some are good, some tolerable and the greater part of little value. In the highest rank, in fact the best of all, stands the now famous Yellowstone Lithia. It is pleasant to take, invigorating and strengthening, clear and sparkling, and a strictly pure, high class mineral spring water. Dame Nature has prepared this wonderful medicine in her own depths of earth, and has herself forced it to the surface of the earth that suffering humanity may drink.

The analysis of this famous water has been carefully performed by accurate analytical chemists and reported as follows:

Sulphate Potassium.....	1.2214 grains
Sulphate Sodium.....	5.5475 grains
Chloride Sodium.....	1.3640 grains
Bicarb. Sodium.....	39.9671 grains
Bicarb. Calcium.....	1.1402 grains
Magnesium Bicarb.....	0.2419 grains
Bicarb. Iron.....	0.0648 grains
Silica.....	0.4198 grains
Lithium Bicarb.....	7.3236 grains
Alumina.....	0.0784 grains

Total to gallon solid 57.3677 grains

THE ANALYSIS OF THIS WATER discloses medicinal properties that make it one of the very best remedies for Stomach, Liver and Kidney diseases, Dyspepsia, Gravel, Bright's Disease, Constipation and Rheumatism ever known. Note the predominance of Bicarbonate of Sodium (40 grains to gallon shown in analysis). Bicarbonate of Sodium is the basis of all stomach remedies. In this water you have it direct from nature. Then why should not this water be one of the greatest cures for Dyspepsia, Indigestion, etc.; very effective in results, aiding the action of the kidneys and liver and not like most stomachic remedies, having a bad effect upon the system.

NEXT NOTE the absence of Bicarbonate of Calcium (Lime) about one grain to the gallon, the mineral above all others that is undesirable in a water. There are many so called Lithia waters that are simply lime waters, containing from 25 to 75 grains of lime to the gallon, and are positively dangerous to use. There is no water in America to our knowledge so pure or that contains such a small amount of lime as the famous Yellowstone Lithia. A test will show you that you can wash in this water, it is so soft that you cannot detect it from rain water, yet it has not that insipid water taste. Only pure, sparkling, invigorating, refreshing health. New life and enjoyment in every drop to the last.

IMPORTANT NOTICE.
DURING THE WINTER MONTHS, December, January and February, and when the weather is extremely cold, all mineral waters are liable to freeze and during that period we cannot accept orders and ship same, excepting at the customer's risk. It will be perfectly safe to ship the water during ordinary cold weather.

EFFERVESCENT YELLOWSTONE LITHIA WATER.

The Choicest Sparkling Mineral Water, Palatable, Appetizing and Bracing.

THIS HIGHLY BENEFICIAL MINERAL WATER is carbonated at the springs, possessing marked sanitary properties and preferred by many expert critics to London Apollinaris. It is strictly a health drink and especially beneficial as a restorative in headache, nausea, flatulency, heartburn, indigestion, vertigo and other temporary indispositions. Taking into consideration all its beneficial properties, when taken in amounts sufficient for these properties to exert themselves, the effervescent Yellowstone Lithia Water is the most agreeable, far-reaching, and highly curative of all sparkling or bottled waters. Unsurpassed as a remedy for stomach disorders; gout, rheumatism; weak, inflamed or ailing kidneys, torpid liver, flatulency, diabetes, obesity, gravel, or gall stones, dropsy, melancholia, and in fact all disorders caused by improper drainage or removal of the poisons from the body. The carbonated Yellowstone Lithia Water is the one water that will satisfy and quench any thirst. It is intended to be used at meals. It quickly stimulates the glands of the stomach and promotes the flow of gastric juices, thereby assisting in the digestion of the food and assuring a perfect assimilation of the nutritious elements present. Put up in pints and quarts.

APERIA SPLITS-EFFERVESCENT.

The Latest. The Best. Once Used—Always Used—Because It Does The Work.

EFFERVESCENT APERIA SPLITS has taken the place of all other laxative waters, for the reason that it is never failing in its results. It contains several laxative salts in natural combination, is made from the famous Yellowstone Lithia water, and being effervescent makes a refreshing and beneficial draught. One Aperia Split just fills an ordinary drinking glass and is one full dose. It sparkles like champagne, is very agreeable to the taste and always produces a free, easy, thorough passage. Aperia Splits furnish the ideal morning beverage. It quickly quiets the nerves, sweetens and soothes the stomach, causes the proper secretion from the liver and a mild evacuation of the bowels. This water is a mild aperient, delightful and refreshing, and gives the relief sought by thousands of persons. It is a revelation to those who have felt compelled to dislike the flat, sickish, nauseating taste of the purgative waters commonly employed. Continued use of Aperia Splits cures constipation, biliousness, headache and all diseases or ailments caused by a torpid liver.

No. 8F332	Regular price, per bottle, 15 cents; our price.....	\$0.12
No. 8F333	Regular price, per case of 1 dozen, \$1.50; our price.....	1.18

THIS WELL KNOWN SPRING WATER comes through over 100 feet of solid rock. The water gushes forth from Mother Earth several feet above the ground. No possible contamination can occur as the pure water is bottled by special machinery direct at the spring. The utmost cleanliness is observed in bottling, etc., the bottles and cases being washed with the water and then the clean bottles filled with the pure water which preserves the unsullied purity and the perfect natural state of this highly beneficial water.

THIS IS THE FIRST ATTEMPT ever made to supply a strictly and exceptionally high class mineral water at a price that would enable its free use by all as a pure drinking water. So many persons need a water of this kind that we trust our customers will appreciate the great opportunity we offer of obtaining one of the best and purest waters in the world at an exceptionally low price.

TREATMENT OF RHEUMATISM: The Yellowstone Lithia Water has the greatest effect in relieving rheumatism of any water known. The disease is caused by the deposit of uric acid throughout the system. The water promotes the activity of the kidneys, increases the elimination of urea and converts uric acid into a soluble form. Hence, in gout and rheumatism the continued drinking of this water will effectively allay the inflammation caused by the presence of gritty, deleterious matter in the joints, and after continued use will cure the disease. This water, being practically free from lime and having a high percentage of sodium bicarbonate, forms one of the very best preventives against rheumatism in all its forms, as it improves the digestive power, dissolves the deposits and carries them out of the system.

IN KIDNEY TROUBLES, it is the only water that should be taken. Many people are especially liable to the formation of insoluble, gritty particles of gravel, urinary calculi or stone in the bladder. This water being free from lime, will dissolve out these deposits, diminish their size and carry them out of the body.

MANY WATERS are highly advertised for this purpose, but the actual result can only be performed by a very few waters and the Yellowstone Lithia stands supreme for this purpose. Gall stones may also be kept in check and gradually diminished by drinking this beneficial water. In Bright's Disease it is of great value as it prevents the accumulation of toxic products and hence is influential in reducing albuminuria.

IN FACT the Yellowstone Lithia Mineral Spring Water is the one cure for nearly every disease. Dr. Chas. L. Dana, one of the head Professors in the New York Post Graduate Medical School, says: "Pure water should be drunk before meals or between meals, and a moderate amount at meals. At least three pints, or about six tumblerfuls should be taken daily. American neuratics do not drink enough water. They have half dessicated nerves and dessication increases nervous irritability." This is merely the opinion of one medical expert and all others verify his statements. Nothing but pure lime free water should be taken and about six to eight glasses per day. The drinking of ordinary hard well waters is what causes nearly all the rheumatism, gravel stone, gall stones, etc., as the heavy amount of lime present being unable to be thrown off by the system becomes deposited in the system and soon rheumatism, gravel, stone in bladder, etc., result. Not so with Yellowstone Lithia. None of the above will ever be caused by this famous spring water. It tends to carry off what is present and always prevents their formation.

THERE IS no state of the system where the free use of this water would cause ill effects. It will build up a weak body and fortify a strong system against disease. What a blessing to invalids; the persons above all others that should have nothing but the purest organic free water.

DO NOT WAIT. Knowing the great dangers from drinking all kinds of impure and hard well waters, we feel every satisfaction in offering to our many customers this now world famous Yellowstone Lithia Mineral Spring water and stating that there has never been offered on the market a true spring water that better deserves your every confidence than this water. We sell it at such a never before heard of price for such an elegant water, that it is within the reach of all. Nothing more desirable, whether as an aid to the recovery, or the preservation of health, or as a pure healthful and delicious table water, can be obtained anywhere in the world.

No. 8F325 1 dozen ½ gallons. Regular price, \$4.75; our price, \$3.37
No. 8F326 1 dozen quarts. Regular price, \$2.50; our price, 1.78
No. 8F327 Our Special Offer: With every first order of 1 dozen ½ gallons Natural Yellowstone Lithia Water, for a limited time, we will pack free 1 pint Effervescent Yellowstone Lithia Water, and 1 Effervescent Aperia Split at price of No. 8F325.

MEDICATED MINERAL WATERS.

Hunyadi Janos.

THE FAMOUS AND WORLD WIDE known Hunyadi Janos Natural Aperient water, collected from the springs in Hungary. For 43 years it has been regarded as of exceptional value by the medical profession due to its peculiar natural combination. It is the only natural mineral water of such favorable composition, and to this is unquestionably due the fact that its action is prompt and reliable, yet gentle and pleasant. In the treatment of constipation from whatever cause, Hunyadi Janos has no equal; in many other diseases in which an aperient is indicated, it has proven its value.

OUR PRICE, ONLY
27¢
Regular Retail Price, 35 cents

FRANZ JOSEF.

The Most Palatable and Most Reliable.

THIS WELL KNOWN WATER is from the famous Aperient Springs of Budapest, Hungary, and due to the special medicinal action contained therein, permission was given by His Majesty, Emperor Franz Josef of Austria, Hungary, to bear his name. This fact alone proves that the water must hold some exceptionally fine medicinal properties. The "Franz Josef" water contains by far the greatest quantity of aperient sulphates and is apparently the strongest water of which we know at present. It has in its favor the advantages of certainty of action, smallness of dose, and the fact that the various sulphates are present in nearly equal proportions, which has been found by experience to produce the best results. It does not affect the appetite, is painless in its action, and, moreover, unlike most other waters, it is almost tasteless, and only presents to the palate a delicate, appetizing bitter flavor. Used and prescribed by thousands of physicians for the relief and cure of all forms of constipation.

No. 8F341 Regular price, per quart, 35 cents; our price.. 22¢

WORLD FAMOUS PITCHER'S CASTORIA.

THE OLD RELIABLE BRAND.

THE BEST REMEDY KNOWN FOR ALL STOMACH AND BOWEL COMPLAINTS OF INFANTS AND CHILDREN.

PROMOTES DIGESTION, CHEERFULNESS AND REST.
FREE FROM HARMFUL SUBSTANCES.

Castoria is truly a wonderful medicine for children. Doctors prescribe it, medical journals recommend it, and more than a million mothers are using it in place of Paregoric, Bateman's Drops, so called soothing syrups and other narcotic and stupefying remedies. Castoria is the quickest thing to regulate the stomach and bowels, and give healthy sleep, the world has ever seen. It is guaranteed to be perfectly harmless.

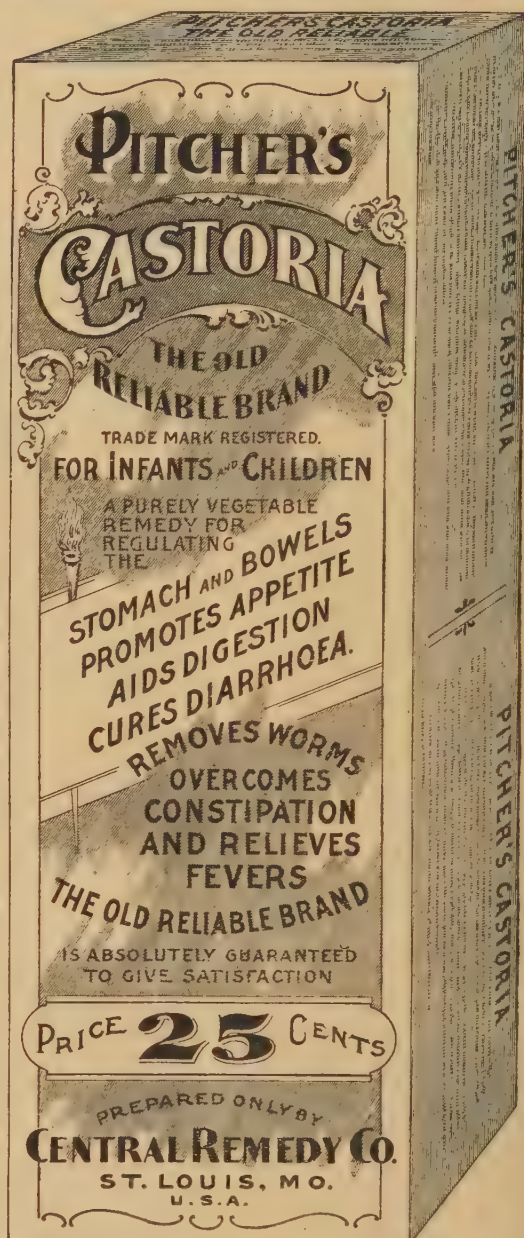

MORTALITY. Nearly every married couple have children and every infant and child is sick more or less during the first and second years. Infant mortality is something frightful, and we can hardly realize that 22 percent or nearly one-fourth of all born die from stomach and bowel troubles before the age of one year. This being true, it is very essential that their young bodies be closely watched and irregularities be quickly corrected. If now one remedy was to be selected which would cure all these ills, but one name would be on every tongue, Castoria, Castoria; nothing but Castoria. The best physicians of today prescribe it, recommend it, and even go so far as to state that if a child's stomach and bowels were kept in perfect condition with some harmless remedy like Castoria, that infants and children would be free from nearly all their more serious ills. Castoria is the one remedy that meets all the requirements of children, it is the one medicine that is known the world over as **The Mothers' Blessing and the Babies' Friend.**

CHILDREN CRY FOR IT. Children cry for Castoria because they like it. No trouble to give, is beneficial and makes the child healthy and cheerful. We do not hesitate in saying that Castoria has done more for suffering children than all other remedies combined. The least irregularity in the food of the nursing mother upsets the stomach and bowels of the child, then comes indigestion, sour stomach, wind colic, constipation, loss of sleep, etc. The child becomes cross and feverish and sickness follows. Every mother then thinks of but one remedy, Castoria; only Castoria. The popularity of this wonderful remedy has so increased until it now stands alone among druggists and physicians as the only reliable and harmless regulator of children's complaints. It is being used more and more every week, until the sales of this beneficial remedy double every three years. This proves but one thing—Castoria is very beneficial, is harmless and does the work. "It is truly a Mother's Blessing, a Baby's Friend and a Father's Comfort."

WHAT IS IT? Dr. Pitcher's Castoria is composed of the medicinal properties of Pumpkin Seed, Alex. Senna, Rochelle Salts, Anise Seed, Peppermint, Bicarbonate of Soda, Worm Seed, Clarified Sugar and Wintergreen. A pure, vegetable preparation for assimilating the food and regulating the stomach and bowels of children and infants. Promotes digestion, cheerfulness and rest. Contains neither opium, morphine or any form of narcotic. A perfect remedy for constipation, sour stomach, diarrhea, worms, convulsions, feverishness and loss of sleep.

A FEW FACTS FOR MOTHERS.

1. No medicine should be given to children without knowing what you are giving. Castoria is purely vegetable, and the ingredients are given upon every package.
 2. Castoria is harmless, is the standard prescription of Dr. Pitcher, and has been in constant use by thousands of mothers for over thirty years.
 3. Castoria may be given to any one and at any time; it is superior in its effects to Paregoric, Castor Oil or any other cathartic or quieter. It is free from dangerous or nauseous properties.
 4. Castoria keeps indefinitely and hence no danger of spoiling by age. The last drop is just as effective as the first one taken from the bottle.
 5. Castoria is without doubt the best medicine for children and infants the world has ever known. In it mothers have something absolutely safe, pleasant to give, effective in results and perfectly satisfactory in every respect.
 6. Castoria assimilates the food, regulates the stomach and bowels, and produces perfect and natural sleep. With this valuable medicine on hand, much sickness may be avoided, the child kept cheerful and robust and the parents obtain their needful sleep.
 7. Castoria being the world's medicine for children, is grossly imitated and adulterated. Many castorias are on the market, but we handle only the well known and world famous Dr. Pitcher's Castoria. Do not allow anyone to sell you anything else on the plea that it is just as good. What you want is Dr. Pitcher's Castoria.
 8. Castoria is usually sold for 25 to 35 cents per bottle; but now consider our exceptionally low price of 18 cents. Order now and obtain a supply. It should be in every home.

GRANULAR EFFERVESCENT SALTS.

Headache, see Bromo, page 829
Kissingen Salt.

Each heaping teaspoon dissolved in a half tumblerful of water forms a refreshing and agreeable draught, identical with the natural water. Highly recommended in daily alternation with Vichy, by Dr. Wm. T. Cathell, of Baltimore, for the successful treatment of obesity. The dose of Kissingen Salt is taken in water 20 to 30 minutes after each meal one day, and a similar dose of Vichy after each meal the next day, and this treatment continued week after week, until patient is relieved of the discomforts of

overfresh. When near the desired weight, gradually reduce the dose and at last stop treatment entirely.

No. 8F365 Price, 12-oz. bottle. 28c
Unmailable on account of weight.

Laxative Lithia.

Each dessert spoonful contains potassium citrate 30 grains, sodium phosphate 30 grains, lithium citrate 5 grains. Laxative, refrigerant, diuretic and antacid. This double salt of lithium is very efficient for relieving excess of acid existing in the secretions, and hence is indicated in rheumatism, gout, neurasthenia, cystitis, gravel and in all similar affections, arising from a uric acid diathesis.

No. 8F368 Price, 12-oz. bottle. 28c
Unmailable on account of weight.

Magnesium Sulphate.

Each heaping teaspoonful contains 30 grains magnesium sulphate. Laxative, cathartic, refrigerant, antacid. This effervescent form affords a pleasant method of administering this salt. It possesses the power to render the secretions alkaline, especially those of the alimentary canal, and at the same time is agreeable to the stomach and does not in the least interfere with the appetite or digestion. For laxative effect take one or more tablespoonfuls in small glass of water and drink while effervescing. For cathartic effect take two or more tablespoonfuls in the same manner.

No. 8F370 Price, 12-oz. bottle. 28c
Unmailable on account of weight.

Sodium Phosphate.

Each heaping teaspoonful contains 30 grains sodium phosphate. This well known medicinal agent is one of the very best in the treatment of liver trouble, jaundice, obesity, rickets, constipation, diarrhea of small children, and in all cases requiring a saline laxative. Dose: One or two heaping teaspoonfuls in half glass water before breakfast and teaspoonful before dinner, if necessary.

No. 8F372 Price, 12-oz. bottle. 28c
Unmailable on account of weight.

Sodium Sulphate.

Each heaping teaspoonful contains 30 grains sodium sulphate. Aperient, laxative, diuretic. A very efficient laxative where watery stools are required. Dose: One or two heaping teaspoonfuls in half glass of water for laxative effect and one or two tablespoonfuls as a cathartic.

No. 8F374 Price, 12-oz. bottle. 28c
Unmailable on account of weight.

Vichy.

We have taken the French governmental analysis of the famous Vichy Springs as the correct one, and have carefully and strictly followed it, adding to our product all the valuable therapeutic properties contained therein. Each teaspoonful of this salt when added to a glass of water forms a grateful and refreshing draught, identical with the natural water. Highly recommended in daily alternation with Kissingen, by Dr. Wm. T. Cathell, of Baltimore, for the treatment of obesity. The dose of Vichy Salt in water is taken 20 to 30 minutes after each meal one day, and a similar dose of Kissingen after each meal the next day, and this treatment continued week after week until patient is relieved of the discomforts of overfresh. When near the desired weight, gradually reduce the dose, and at last stop treatment altogether.

Seroco Egg Preserver.

The best and most effective means for preserving eggs for an almost indefinite period of time.

Carefully conducted experiments have shown that the Seroco Egg Preserver is practically the only egg preserver today that will accomplish all that can reasonably be expected from a preparation of this kind.

An equal quantity of eggs having been treated for preserving purposes with a mixture of glycerine and salicylic acid, another in salt water, another wrapped in paper, another rubbed with salt, another coated with paraffin, another placed in alum solution, another in boiling water for a short time, another in salicylic acid solution, one lot varnished with collodion, one lot coated with silicate of potash, another lot covered with lard, another lot preserved in wood ashes, and one lot with Seroco Egg Preserver, and while in each and every instance in all other preservatives used, a larger or smaller number of the eggs were bad after a lapse of eight months, those preserved with the Seroco Egg Preserver proved to be as fresh as they were the day they were preserved. Seroco Egg Preserver is supplied in gallon jars, the quantity is sufficient for the preserving of forty to fifty dozen of eggs. Complete directions furnished with each gallon of the preservative.

No. 8F665 Price, per gallon.....48c
Unmailable on account of weight.

Lightning Tanner.

Lightning Tanner is the very latest mixture for quickly and perfectly tanning furs and skins of every description in from 24 to 36 hours. Very simple to use, requires no experience and first class results can always be obtained. By means of Lightning Tanner you can make your own robes, furs, muffs or caps, and your leather belts, tie straps, halters, etc. Does not, like many other tanning compounds, rot or weaken the leather but makes it tough, soft and pliable. Full directions for preparing the hides and tanning are furnished with each package.

No. 8F670 Box with powder sufficient to tan two raccoon skins in 36 hours.....(Unmailable) 10c

LIQUID HICKORY SMOKE.

FOR SMOKING AND CURING MEAT AND FISH IN A SIMPLE AND INEXPENSIVE MANNER.

Our genuine Liquefied Hickory Smoke is not only the most perfect, reliable and absolutely harmless modern vegetable liquid meat smoker, but it imparts a true and delicious hickory smoke flavor to meats, dried beef, sausages, fish and game, which renders them at the same time wholesome and palatable. Liquid Hickory Smoke is not only a meat smoker, but a meat preserver. By using Liquid Hickory Smoke you can keep your meat solid and sweet for any length of time. Liquid Hickory Smoke will accomplish the work of weeks of smoke house smoking in a few minutes. A brush and a bottle of Liquid Hickory Smoke will do it better and quicker and the cost is almost nothing. One bottle of genuine Liquid Hickory Smoke, which we furnish you for 35 cents a quart, will smoke about 300 pounds of meat, and by this new way of smoking you will make your meats more wholesome and get a finer flavor than in the old and slow way of the smokehouse method. Full directions furnished with each bottle.

No. 8F660 Price, full quart bottles ready for immediate use.....35c

NEW SEROCO FAST AND STAINLESS DYES, ONLY

Dyes Evenly Cotton, Wool, Silk and Mixed Goods, All in the Same Bath.

7 Cents

DYES

No more trouble with dyeing cotton and wool goods separately, as by means of the new Seroco Dyes, it can all be performed together, and an even color be obtained. The best and most satisfactory dyes as well as the simplest to color, of any dyes ever offered to a customer.

For nearly ten years we have supplied to our customers the old style Dyes, up to the present time considered the best household dyes on the market, at a small price, and while they have given good satisfaction everywhere, we are pleased to be able to furnish to our customers, to the economical housewife, a new process dye, the New Seroco Fast and Stainless Dyes which are beyond any question the finest, brightest, most durable and always reliable household colors for dyeing perfectly cotton, wool, silk and mixed goods. Owing to the immense output of these dyes we have secured the control for our house exclusively and we are therefore in condition not only to supply you the best dyes made, but supply them to you at a price which is much lower than what you would pay for an inferior grade or an entirely unsatisfactory dye.

These dyes are made in our own laboratory, are the result of many years of experimenting, and knowing all about their composition we can fully guarantee them. They are simple and easy to use and will not stain the hands or the container. Will color from one to six pounds of goods according to the shade desired. The New Seroco Fast and Stainless Dyes can be successfully used for coloring dress goods, coats, carpets, ribbons, feathers, yarns, silk fabrics, grass and basket material, moss, and in general for coloring all forms of material. When using the New Seroco Fast and Stainless Dyes you are always sure of obtaining bright, fadeless colors, and each package of dye is true to its name. The New Seroco Fast and Stainless Dyes are furnished in the following beautiful shades:

Pink
Pale Blue
Light Green
Olive Green

Wine
Seal Brown
Navy Blue
Turkey Red

Orange
Cerulean
Royal Purple
Black

Cardinal
Lemon
Tan
Emerald Green

Heliotrope
Brown
Yellow
Royal Blue

Old Rose
Drab
Salmon

A direction booklet is furnished free with each package of dye. In it is contained a fund of valuable information, including general directions, detection of cotton from wool or mixed goods, cleaning goods before dyeing, using the dye, preparing the goods, preparing the dye bath, boiling, removing goods from bath, various shades of color, ripping the goods, drying, pressing, dyeing light shades, etc., and ending with a complete list of colors produced by dyeing over various shades of cloth. Be sure to state color wanted.

No. 8F730 New Seroco Dyes, fast colors only. Price, per package, 7c
If by mail, postage extra, 2 cents.

STRIP-IT.

This new product is a wonderful invention as it enables the housewife to take all the colors out of all goods except black. It removes all colors except black. It does not injure the goods. It is equally good results on cotton, wool and silk. Dark colors can be removed, enabling the cloth to be dyed any of the lighter shades of sky blue, pink, etc. This enables the wife to change the color of cloth to any desired tint or shade. The greatest advantage for dyeing and obtaining beautiful bright shades ever offered to the dyer. Each package is sufficient to remove the color from 2 to 5 yards of cloth, depending upon the color and weight. Full directions with each package.

MAKE YOUR TOTAL ORDER \$1.00 OR MORE, SO THAT YOU WILL GET A PROFIT SHARING CERTIFICATE AND CAN SHARE IN OUR PROFITS.

Liquid Skin.

A newly invented preparation to be used for all cuts, bruises and abrasions. Acts instantaneously. Better, cheaper and quicker than any other adhesive bandage, court plaster or other method usually applied for stopping loss of blood in any open, bleeding wound. Can be applied in a few seconds, forming at once a new skin over the cut, bruise or abrasion, protecting the wound from all foreign matter and healing it without a moment's delay or danger. If promptly applied it will positively prevent forming of pus or the setting in of blood poison. No person should be without this valuable yet inexpensive remedy. It may save your life or that of your friends almost any day. Put up neatly in small vials, so it can be carried in the vest pocket ready for immediate use.

No. 8F830 Liquid Skin, vest pocket size, Price, 9c
If by mail, postage extra, 3 cents.

Artgum Cleaner.

No grit, no grease, no odor, no danger from fire. It never dries out or hardens. Artgum removes surface dirt from everything without the use of water or any other liquid, and does not change the color or injure the articles rubbed with it. It does not take out grease spots or other stains which have gone below the surface. Artgum cleans gloves, white kid and suede slippers, belts, corsets, hand bags, canvas and tan shoes, felt and straw hats, coat collars and lapels, neckties, hatbands, silk and satin goods, furniture coverings, etc. Artgum renovates and cleans pictures, photographs, frescoes, wall paper, drawings, tracings, books, art specialties, burnt wood and leather work, etc. It removes pencil marks and memoranda from books and papers without erasing anything that is written or printed in ink. It cleans by picking up the dirt and rolling it up with the fine particles of artgum that crumble off the piece. It is made soft in order that it may wear away without abrading or scratching the surface of the article rubbed with it.

No. 8F835 Price, 2 1/4 x 1 1/2 x 1 1/2 inches, in carton, 8c
If by mail, postage extra, 2 cents.

No. 8F836 Price, 3x3x2 inches, in carton, 19c
If by mail, postage extra, 4 cents.

Sulphur Candles.

For fumigating infected rooms and clothing in times of cholera, diphtheria, typhoid and scarlet fevers and all contagious diseases. The most powerful disinfectant known. Kills all insects. Destroys noxious vapors. When you wish to fumigate with sulphur, use these; no danger of fire, easily lighted, burns steadily, a most convenient article to have.

No. 8F840 Price, per candle, 8c
If by mail, postage extra, 5 cents.

Lightning Carpet Cleaner.

For cleaning and whitening carpets and rugs. Will quickly clean the carpet, restore its color, remove grease spots and at the same time act as a powerful, invaluable disinfectant and germicide. It not only leaves a freshness upon the carpet with but little work, but will also destroy disease germs very effectively without the slightest injury to the carpet or rug. Furnished in boxes with full directions, sufficient for cleaning two small or one extremely large carpet.

No. 8F850 Price, per box, 23c
If by mail, postage extra, 10 cents.

Magic Kid Glove Cleaner.

A great money saver. Will make kid gloves almost like new. Requires but little work and always gives satisfactory results. Put up in paste form and tin boxes so it can easily be used and always handy.

No. 8F855 Price, per box, 9c
If by mail, postage extra, 4 cents.

Copper, Brass and Nickel Polish.

Put up in paste form. No dust, no dirt, no grit, but a reliable and inexpensive preparation for cleaning and polishing copper, brass and nickel. A necessity to every particular housekeeper. Put up convenient for use in 1 and 2-ounce tin boxes.

No. 8F860 Price, 1-ounce box... 15c
If by mail, postage extra, 3 cents.
No. 8F861 Price, 2-ounce box... 25c
If by mail, postage extra, 5 cents.

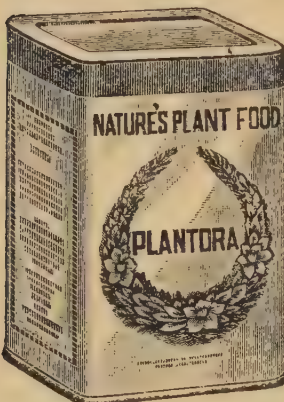

Seroco Silver Polish.

An entirely new preparation for cleansing, renewing, polishing and preserving silver and all silver plated articles. This preparation will not evaporate or change with time, and the last drop in the bottle will be just as efficient as the first part used, giving the same brilliant polish and excellent results.

No. 8F865 Price, per bottle... 80.16
Per dozen bottles... 1.60
If by mail, postage and tube extra, each, 13 cents.

Plantora.

Nature's Great Plant Food.

The one great combination of nature's foods for giving life and healthy growth to all household and flowering plants, palms, ferns, vegetables, strawberries, grasses, lawns, shrubs, hot house plants, etc. The best plant and shrub food in existence. Will positively mature them from two to three weeks earlier than ordinary fertilizers. Plantora is the body, life and blood of the plant. The great quantity of nitrogen, phosphoric acid and potash in this article gives to the roots just the very substances required, and creates a healthy and vigorous growth. Used by prominent growers, expert gardeners and up to date garden specialists. Try it and be convinced. Try it on your puny fruit trees, your potatoes, lettuce, wax beans and other vegetables, sugar cane, tobacco plants, lawns, flower gardens, house plants, in green houses, etc. We cannot speak too highly of the results you will obtain with Plantora. They will certainly surprise you. Each pound package make 28 gallons of solution.

No. 8F870 Price, 1-lb. can... 19c
No. 8F871 Price, 5-lb. can... 73c

Spot and Stain Eradicator. (NON-INFLAMMABLE.)

An absolute necessity for the careful housekeeper. The most efficient and safest liquid preparation for the prompt removal of spots and stains from clothing, carpets, linen, woollens and all kinds of fabrics. Will remove stains caused by iodine, paint, iron rust, fruit, etc. It is colorless, odorless and non-inflammable. Guaranteed to do the work quickly and thoroughly. Complete directions with each bottle.

No. 8F875 Spot and Stain Eradicator, Price, 2-ounce bottle... 12c
If by mail, postage extra, 12 cents.

Metal Polishing Cloth. ALWAYS READY, SAVES TIME AND MONEY FOR THE HOUSEWIFE.

The handy polisher for silverware and all nickel service. No polishing powder, polishing paste or polishing liquid required. Better than a chamolite skin and much cheaper. With this especially prepared polishing cloth, you can keep your tableware, gold, silver, and nickel clean and free from corrosion, tarnish, dirt, etc., by simply rubbing the articles with this cloth. Full directions with each package.

No. 8F880 Metal Polishing Cloth, the handy polisher. Price... 9c
If by mail, postage extra, 2 cents.

Flake Tar Moth Destroyer.

A chemically pure product of coal tar for the preservation of furs and clothing, etc., from moths. It will not injure the most delicate fabrics and is a certain preventive of moth attacks which are so destructive to winter clothing, woolen goods especially.

No. 8F885 Price, 1-lb. package... 10c
If by mail, postage extra, 18 cents.

English Moth Balls.

The well known Pure Naphtha Moth Balls in marble form. A certain preventive to moths. Can be easily removed from clothing.

No. 8F935 Price... 16c
If by mail, postage extra, 6 cents.

Formaldehyde-Sulphur Fumigator for Household Use.

A new and perfect disinfectant; a combination of formaldehyde and sulphur. This is the most perfect and convenient of all fumigating devices, and, at the same time, the most powerful and far reaching in its effects, combining the fumes of sulphur and the great disinfecting and penetrating power of formaldehyde gas. Equally successful in destroying the germs of disease and vermin. This fumigator has no soldering joints to melt off and no bottle to break. It is absolutely safe and guaranteed to do the work every time.

RECOMMENDED BY U. S. GOVERNMENT

AS A PREVENTIVE OF SMUT IN WHEAT, OATS, BARLEY AND OTHER GRAINS, ALSO OF THE POTATO SCAB.

VERY LOW IN COST. A very small expense, for one pint is sufficient to use in fifty gallons (a barrel) of water. Used in a very simple manner. Just spread your seed out on the barn floor and sprinkle with the formaldehyde after it has been diluted with water, one part of formaldehyde to ten thousand parts of water (about a pint to a barrel of water), then let the seed dry before sowing or planting. In this way, at a very small expense of a few cents, you can treat your seed and protect your crop of wheat, oats, barley, etc., from smut and your potatoes from scab in the most effective manner.

Pamphlet of instructions free with each package giving you complete information on its preparation and use.

MILLIONS OF DOLLARS SAVED FOR FARMERS. Bulletin No. 91 of Wisconsin, states that the loss from smut in the oat crop in the year 1901 in that state alone was approximately \$6,387,500.00, and that all this vast sum of money could have been saved had the farmers treated their seed with liquid formaldehyde. Thousands of dollars are lost by the farmers every season in the loss of the crops caused by smut and other germ diseases. Formaldehyde treatment is the only preventive and cure, very much better than the poisonous sprays, has many advantages, always certain of results and is perfectly harmless. Every bushel of seed should receive this treatment before sowing as it guarantees freedom from diseases and largely increased crops in every case. Wheat, oats, corn, barley, tobacco, cotton, flax and potatoes are all subject to certain destroying diseases, and for these, formaldehyde is the only certain cure. The diseases are all caused by minute germs or spores adhering to the seeds, developing as the plant grows and maturing in the kernels of the full grown plant. Our liquid formaldehyde is the ideal remedy as it can be applied easily, effectively and very economically with perfect safety. It is cheap enough to use extensively and it has no tendency to retard the germination of the seed; in fact it facilitates it.

IN ADDITION to preventing smut and potato scab, liquid formaldehyde is now recognized as the best and most certain antiseptic, disinfectant and germicide. It is far superior as an antiseptic and disinfectant to chloride of lime, carbolic acid, etc., very much cheaper, much safer and much more easily handled and applied. A few drops of the 40 per cent solution sprinkled around will prevent decomposition or putrefaction or retard it if already started, or a small amount greatly diluted with water (about two ounces to a bucket of water) can be used more freely with equally good results. It destroys all odor, and is a positive antiseptic and disinfectant. You will find a hundred uses for it in the house and around the farm, and no one should be without a full size package.

FULL 40 PER CENT SOLUTION. We guarantee our liquid formaldehyde to contain a full 40 per cent quantity of formaldehyde gas and is so recognized by the pure food and drug laws of every state. This cannot be said of many other formaldehyde solutions which are diluted with water and which are thereby debarred from entering certain states. We guarantee our liquid formaldehyde to be full strength.

REMEMBER, with each package we send you a pamphlet "Usefulness of Liquid Formaldehyde on the Farm," giving the various uses and dilutions necessary for best results. Don't fail to include a bottle with your next order.

BLACK DEATH!

BUG KILLER AND FERTILIZER.

Absolute death to all Insect Life. Cheaper than any other insecticide known. A GOOD FERTILIZER. Any child can apply it. Not dangerous to handle. Ready for immediate use, no mixing or preparation required.

IT WILL POSITIVELY KILL potato bugs, squash bugs, pumpkin bugs, watermelon bugs, rose bugs, currant worms, cabbage worms, etc. It will kill all kinds of creeping things that eat the leaves of vegetables or plants. Black Death has been on the market for five years, during which time it has met with unprecedented success wherever introduced all over the United States. It has proven to be the most successful destroyer of all insects, bugs or beetles that live on vegetation. We can recommend this preparation to our customers with every confidence; we can assure them it is a better and cheaper insect powder than they have ever used and it operates with certainty.

WHAT IS "BLACK DEATH?"

IT IS AN INEXPENSIVE POWDER as fine as flour and extremely diffusible, and completely covers, with a fine dust, all plants over which it is sprinkled. In addition to being powerful in its effect in killing all insect life, it is also a splendid fertilizer, increasing the crop very materially to which it is applied. It is superior to all other bug poisons on the market.

A GOOD CROP OF POTATOES, CABBAGE, or any other vegetables cannot be obtained, no matter how good your soil and seeds may be, or how favorable the weather, or how much labor or care you expend on them, unless the vines and leaves are kept vigorous and healthy. Such a condition cannot be kept up unless all insects and bugs are destroyed as fast as they appear. Any cause that injures the leaves hurts the plants, and anything that destroys the foliage affects the roots also and poisons the crops. Nothing, therefore, is more necessary than that the growing vines and trees be kept free from the ravages of insects and bugs.

"BLACK DEATH" KILLS POTATO BUGS IMMEDIATELY. The potato bug is the greatest enemy the potato grower has. This bug eats the leaves of the plants. He is fitted with powerful upper and under jaws and works the greatest ravages in a field of potatoes. "BLACK DEATH" sprinkled on the leaves kills him with neatness and despatch. Three crops of eggs are laid each year. Prompt action is therefore necessary. Just as soon as the potato bug makes his appearance, dust the potato vines thoroughly and carefully with "BLACK DEATH" and your plants are safe from destruction. Kill off the first arrivals and you will have no further trouble, pursuing the same course in the case of other bugs and insects. Dust the leaves of the plants as soon as there is the slightest indication of their presence and save your crop from destruction.

THE WAY TO APPLY "BLACK DEATH."

THE BEST WAY is to shake "BLACK DEATH" on the vines dry (never mix with water), early in the morning when the plants are damp with the dew, or otherwise, but do not apply it when the plants are dry. It can be applied with a sifter, or can be put on with a small burlap or sack made of moderately coarse cloth. In this way the powder is not unnecessarily wasted. Be on the lookout for the first appearance of the bugs, as at that time a few pounds will do the work of a much larger quantity later. One application will usually exterminate all the bugs for the entire season, but sometimes two applications are necessary.

AMOUNT NECESSARY. We recommend that you apply 10 to 15 pounds per acre for potatoes, but 20 to 30 pounds can be applied with safety and the expense of it will be returned in an increased crop.

EVERY POTATO GROWER, every cabbage grower, every farmer, every market gardener, every grower of roses and flowers and plants of any kind, should give "BLACK DEATH" a fair trial. If it is once used, it will always be used. DO NOT FAIL TO GIVE IT A TRIAL.

Paris Green, Powder Form.

Paris Green is recognized as one of the most important insecticides and is used for destroying insects of all kinds, either in wet or dry conditions, but in all cases it is first largely diluted. When it is used in the dry or powder form, it should be mixed with plaster, sifted wood ashes or flour. The strength of the mixture should depend upon the plants and insects to which it is to be applied, but at no time should more than one pound of Paris Green be added to 50 pounds of mixture, as that is usually sufficient. Care should be taken when using Paris Green mixed with water that the liquid is constantly stirred up when it is used for spraying, as otherwise the Paris Green will settle and the last quantity in the bottom of the cask will be so strong as to be liable of doing serious damage.

YOU CAN SHARE LIBERALLY IN OUR PROFITS.

We not alone save you the greatest possible amount of money on your purchases, but with every purchase over \$1.00 you get a profit sharing certificate, and these will soon enable you to get something very valuable, entirely free of charge, as explained on pages 1 and 2.

RUBBER GOODS.

We present to our customers a complete line of rubber goods for bathroom, sickroom and toilet. Every article is perfect in material, workmanship and appearance. Our stock comprises all the best makes, and in syringes and water bottles are found all from medium priced to the very best manufactured. By comparison you will find all our prices far lower than others on the same grade of goods, and we offer you a much better article in every case than sold by competitors at anywhere near our prices.

SPECIAL NOTICE.

When your physician suggests the use of a 2, 3 or 4-quart fountain syringe, it is very important that the syringe bag should hold the full quantity. We are today the only house furnishing our customers full capacity fountain syringes. Compare our fountain syringes with those of other houses and you will not only find our quality superior but also that the average 2-quart bag sold by others, holds little more than 1 quart and the 3-quart bag about 2 quarts or less.

When buying a fountain syringe, always insist on full capacity bags, as otherwise the prescribed irrigation or douche may prove insufficient and ineffectual.

These bags are the very best possible values for the money and are all guaranteed for a period of one year. Will gladly replace any found defective.

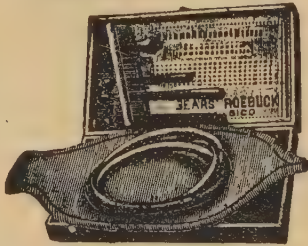

Gem Fountain Syringe.
GUARANTEED FULL CAPACITY.

(Full capacity.)

A good quality fountain syringe, has infant, rectal and vaginal hard rubber pipes. Patent shut off for stopping flow of water and fine quality of rubber tubing make syringe perfect in every respect. The water bag is full measure and guaranteed so by us. Compare the size of our syringe bag with those from other houses. Packed complete in neat, strong paper box.

While these bags are much better than can be obtained elsewhere at 25c to 50c extra, to get the greatest possible value for your money we advise you by all means to add 50c to \$1.00 extra and order one of our highest priced syringes.

No. 8F2300 2 quarts. Price.....52c
No. 8F2301 3 quarts. Price.....62c
No. 8F2302 4 quarts. Price.....72c
If by mail, postage extra, 16 cents.

If by mail, postage extra, 12 cents.

The Wonder Bent Neck Douche.

The Latest and Safest Quick Action Vaginal Syringe. The only vaginal syringe that can be used with ease, comfort and positive results in a recumbent or other position. Will fit perfectly and accomplish a thorough dilation and cleansing of all parts in the shortest possible time. Recommended by physicians for the purpose for which it is intended, and this appliance can be used without the slightest discomfort, inconvenience or harm. The advantages and merits as pointed out by leading physicians recommending the Wonder Douche to their lady patients are as follows: It is practical, safe and sanitary. It prevents injection of air. It is the only douche that can be used with ease and convenience, as the bent neck brings the bulb within reach without straining forward. It can be operated by the user while in a reclining or otherwise convenient position. It has no long, hard rubber tube to injure the delicate membranes of the vagina and the mouth of the womb. It will stand firmly on the bottom of the large bulb when filled, thereby preventing spilling of the liquid. It has a large capacity, about half a pint, and the bulb is soft and easily compressed. It will inject a solid, copious stream, which thoroughly flushes and cleanses the vagina. It will distend the vagina, thereby exposing every portion of its surface to the injection, and all secretions will be withdrawn with the injection fluid. It is the best and most perfect douche ever invented, and is invaluable to every married woman. The wholesale price of the Wonder Douche or Vaginal Syringe is \$2.50, and we furnish the same to our customers with a positive guarantee that we supply the genuine Wonder Bent Neck Douche for women.

No. 8F2345 Our price.....\$1.48
If by mail, postage extra, 20 cents.

Ladies' Perfect Syringe.

The Ladies' Perfect Syringe is constructed on the latest scientific principles regarding injection and suction. Cleanses the vaginal passages thoroughly of all discharges. Recommended by the medical profession as one of the best and most efficient of any syringe ever made. Especially adapted for injections of hot water without soiling the clothing. Made of one piece of fine soft rubber.

No. 8F2350
Price.....55c
Postage extra, 17c.

The Truefrend Vaginal Spray.

The Truefrend Vaginal Spray has just been patented and this is the first time ever offered for sale. It combines all the advantages of all other bulb syringes, along with many valuable features not shared by any other. It can be regulated to any degree of force, from an energetic flow to a gentle spray. It can be carried about filled, always ready for use, being the only bulb syringe that can be made water tight. The Truefrend is free from danger of clogging and is the only bulb syringe that has a direct unimpeded flow. Can be taken apart and cleansed. Perfectly sanitary. Retail price, \$5.00 each. We guarantee to furnish you this same syringe.

No. 8F2353 Our price... \$2.25
If by mail, postage extra, 20 cents.

Dr. Tullar's Vaginal Spray.

The latest and safest patented new ball spraying, quick action douche. Made entirely of soft and hard rubber. The one physicians always recommend. Dr. Tullar's Vaginal Spray is the latest and only reliable injection and suction bulb syringe. No other vaginal douche compares with it for convenience, safety, comfort and effectiveness. Used and preferred by every married woman that has ever seen it. The new patent ball tip discharges a hollow or cup shaped spray. The only instant cleansing spray ever invented. This is Dr. Tullar's new invention. In this syringe the nozzle or discharge pipe is only 1/8 inch in diameter and 5 inches long. It is made with a highly polished ball shaped tip which allows its insertion under all conditions without the slightest discomfort or harm. It is long enough to allow a ball spraying injection to come in immediate contact with and remove all secretions and discharges that have become lodged in the folds about the neck or mouth of the womb. It is furnished with a soft rubber shield which is so shaped that it will fit correctly and properly, and close the vaginal entrance, allowing the passage to be thoroughly flushed. It prevents spilling of the fluid and soiling of the clothes. The regular price of the Dr. Tullar's Ball Spraying Quick Action Douche everywhere is \$3.00. We furnish the same to our customers with a positive guarantee that we supply the genuine Dr. Tullar's Ball Spray, Vaginal Douche for women at \$1.57. Dr. Tullar's interesting folder, containing complete instructions and advice, sent with every Dr. Tullar's syringe free.

No. 8F2355 Our price.....\$1.57
If by mail, postage extra, 20 cents.

The Whirlpool Syringe.

The well known and highly advertised Pneumatic Cushion Syringe. It has a heavy glass open end vaginal tube, fine rubber bulb and is the only syringe admitting of thorough cleansing and sterilizing with hot water. Will not break. The patent pneumatic cushion is adjustable on the tube, absolutely preventing the injection of air or the inserting of the tube beyond the depth desired. It overcomes all the dangers and harshness of solid rubber guards, and being so soft and pliable conforms to the size and shape of the orifice. Highly recommended by the medical profession as one of the very best and safest syringes made.

No. 8F2358 Price.....\$1.69
If by mail, postage extra, 20 cents.

Hard Rubber Stem Syringe.

Superior to other syringes of this class and a most perfect syringe for a far reaching vaginal douche. Made with soft rubber bulb and hard rubber stem. Has no valves. Cannot corrode or get out of order. This is one of the most efficient syringes for cleansing the vagina, and is highly recommended by the best physicians to married ladies for that purpose, and for the treatment of any local disorder and female complaints.

No. 8F2360 Price.....55c
If by mail, postage extra, 10 cents.

Omega Syringe—Continuous Flow.

No. 8F2364 Made of pure Para rubber. Omega Syringe No. 5, continuous flow, with hard rubber vaginal and rectal pipes. The valves are secured and cannot be lost. The continuous flow is the correct principle on which a syringe should be made. Packed in neat maroon box. Price.....34c
If by mail, postage extra, 10 cents.

No. 8F2365 Omega Syringe No. 4, continuous flow. Hard rubber vaginal and rectal pipes, valves secured and cannot be lost. Omega No. 4 has a flattened outlet tube which is made by a specially invented process, that produces the continuous flow. Packed in neat octagonal box. Price.....62c
If by mail, postage extra, 15 cents.

No. 8F2367 Omega Syringe No. 3, continuous flow. Has hard rubber vaginal, rectal and infant pipes, noiseless and non-corrosive sinker, patented screw joint socket, by which pipes are quickly attached without use of threads or washers. Packed in oval box. Price.....75c
If by mail, postage extra, 10 cents.

Alpha Continuous Flowing Syringe.

Made of best Para rubber. All intermittent syringes inject more or less air, which is invariably drawn back into the tube while the bulb is expanding and refilling; this is often painful as well as dangerous. Not so with the Alpha Continuous Flowing Syringe.

No. 8F2369 Alpha E Syringe, continuous flow, hard rubber vaginal, rectal and infant pipes, noiseless and non-corrosive sinker, valves cannot be lost. Packed in handsome cloth covered case with nickel plated clasp.

Price.....\$1.25
If by mail, postage extra, 15 cents.

No. 8F2371 Alpha D Syringe, continuous flow, fitted with extra large valve chambers, hard rubber vaginal, rectal, infant and nasal pipes and improved vaginal irrigating spray, noiseless and non-corrosive sinker. Packed in nice cloth covered case.

Price.....\$1.45
If by mail, postage extra, 15 cents.

Dr. Thiebaud's Expanding Vaginal Bath Speculum and Douche.

Can be used in connection with all our fountain and family syringes.

Is made with nickel plated, highly polished wire frame, with metal nozzle, and so constructed to make it collapsible. When placed in position it can be easily expanded, thus acting as a speculum and syringe at the same time. It will do what no other

syringe will accomplish and will always insure a thoroughly successful douche. No. 8F2373 Dr. Thiebaud's Expanding Vaginal Bath Speculum and Douche. Price.....35c
If by mail, postage extra, 4 cents.

Bath Speculum and Douche.

No. 8F2375 Expanding Return Flow Bath Speculum and Douche. This expanding bath speculum is fitted with latest improvements: a soft rubber shield preventing the spilling of fluid, also metal base with outlet tube and is recognized today as the most hygienic, convenient and always satisfactory appliance for vaginal irrigation. Can be used with fountain syringe or irrigator. Price (Postage extra, each, 6c.) 55c

THE FAMOUS H. AND H. BUST FORMS.

The Only Bust Form Made Which Defies Detection.

Nature's Only Rival.

THE CELEBRATED H. & H. BUST FORMS are now so perfect that they cannot be detected from the natural bust whether by sight or touch. Strikingly stylish, a source of relief, delight and pride to the wearer and of admiration to others. Very durable, economic and hygienic.

THESE FORMS do away with all unsightly, unhealthy and uncomfortable padding. They produce perfectly the full bust and slender waist decreed by the latest fashion. Positively the only device which perfectly simulates flesh and blood. Applied in an instant; made of white rubber, invisible with any costume; neither sight nor touch reveals their use. Worn with or without corsets. Eagerly welcomed by society women everywhere. Indorsed by leading dressmakers and ladies' tailors. They fit any figure, adapt themselves to every movement and position, take the desired size and shape, filling out ill-looking wrinkles, making the "fit" of any dress perfect and stylish. In light waists and evening dress they are worn low in the corset, forcing the natural bosom upward while they remain concealed. As a support they are a grateful relief to mothers. Made of a quality of Para rubber so amazingly tough that a strong man cannot break a piece an inch broad. They are pronounced by an eminent woman "more an inspiration than invention."

FOR BATHERS their buoyancy keeps the wearer's head above water and makes swimming easy. Natural as life and without the slightest inconvenience. They accurately fit the form, are enclosed in fine muslin cover, lace trimmed, cannot get out of place, and can be made any desired size.

BE ADMIRER. pads or be flat chested, both of which are unnatural and plainly detected, when so natural a form as this is within your reach. Light as air, takes all the motions of the body and cannot be detected. Do not delay any longer, but buy a bust form, make it the desired size and have a perfect figure. No. 8F2475 Regular price, \$1.50 to \$2.00; our price. \$1.39
If by mail, postage extra, 8 cents.

Hot Water Throat Bag.

This newly patented Throat Bag is an article that should be in every home. Used for quickly curing sore throat, tonsillitis or any irritation or inflammation of the throat. Japanese Loofah Flesh Brush.

The Loofah is the fibrous part of a gourd that grows in the south of Japan. Their use gives a healthy glow to the body, removes all accumulations from the pores of the skin, increases the circulation of the blood, and leaves a pleasant sensation.

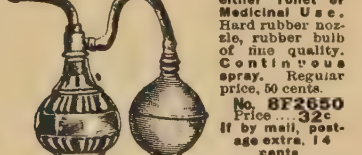

DIRECTIONS—The loofah may be used as a sponge just as it is, or to make it a trifle more handy, soak in water until it expands full size; cut lengthwise and remove the inner substance so that the loofah opens out like a cloth.

No. 8F2632 Large 14-inch size. Price...7c
If by mail, postage extra, 3 cents.

Loofah Bath Mitten.

Loofah front, with Turkish towel back. The best bath mitten in the market.

Dr. Barclay's Hygienic Face Atomizer (Face Steamer).

For the rational and common sense treatment of the skin for the attainment of a clear, beautiful complexion. Dr. Barclay's Hygienic Face Atomizer (Face Steamer) is a handsome apparatus built on the same model as the large and expensive steaming apparatus used by dermatologists all over the country, but adapted in every detail for home use. The treatment with Dr. Barclay's Hygienic Face Atomizer will accomplish for you better results in a few weeks than you could obtain with any other steaming method in months or years. It will make the skin firm and elastic, and gives the complexion a freshness, purity, transparency, brilliancy and harmonious coloring, which could not be gained in any other way. Dr. Barclay's Face Atomizer will successfully remove blackheads, liver spots, freckles; in fact, every known facial blemish, and bring back oily and dry skins to a normal condition, make them firm, pliable and velvety, establishing at the same time that beautiful hue usually designated as a natural fine complexion. Dr. Barclay's Hygienic Face Atomizer (Face Steamer) has never been sold for less than \$3.50; we furnish the same to our old customers for 95 cents, with a guarantee that we supply at this special price the genuine Dr. Barclay's Hygienic Face Atomizer complete, with full directions and instructions.

YOU GET A PROFIT SHARING CERTIFICATE

WITH EVERY ORDER OF \$1.00 OR MORE.

You will be able to share in our profits and get something valuable absolutely FREE, very quickly. If you send us your orders. We guarantee our prices to be lower than you can get elsewhere. The quality of the goods is the very highest, and under our PROFIT SHARING PLAN you are able to share with us in the profits of this business.

PERFUMERY DEPARTMENT.

WE OFFER THIS SEASON THE FINEST UP TO DATE IMPORTED PERFUMES IN THE LATEST ARTISTIC STYLES OF FANCY BOTTLES.

WE OFFER below the finest grade of imported perfumes manufactured. They are blended and made direct from the flowers by the best perfumers of Grasse, France, and represent in every case the true odor of the flower. Their delightful fragrance, delicate blend, lasting qualities, true representation of odors and the high quality has won for them a world wide reputation. No American perfume can compare in flower odor with those manufactured direct in France from the true flowers, and this is the only grade we sell. We import all our perfumes ourselves, obtaining them fresh from the producer. It is by this means that we can offer our customers the very best perfumes at a price much less than others charge for cheaper and inferior products. We guarantee our perfumes as pure, imported odors, unequalled for sweetness of odor, fragrance, lasting quality and true representation of the flower.

THE ILLUSTRATIONS will give you a very accurate idea of the handsome packages or bottles in which our perfumes are supplied. In sending your order, select the size and style bottle desired, state the name of the odor which you wish to receive, and we will execute your order carefully. We know that you will be more than pleased with the perfumes when you receive them.

REMEMBER that a handsome bottle of high grade perfume always makes a welcome and dainty gift.

While the bottle, of course, will add nothing to the quality of the perfume, the handsome appearance of the perfume container serves a double purpose in making the package pleasing to the eye and later the bottle can be used for different toilet purposes, if desired. Although we supply our one-ounce perfume packages at extremely low prices, you can obtain an additional and considerable saving by ordering two ounces, four ounces, or still better, 1/2-pound bottles. Wherever it is stated that perfume packages can be sent by mail, the amount of postage as stated with each item must be included, together with the price of the perfume, providing the customer wishes them forwarded in that manner.

LIST OF IMPORTED ODORS WHICH WE ALWAYS CARRY IN STOCK:

Hyacinth, Jasmine, Crab Apple, Lilac Blossoms, Trefle, Lily of the Valley, Carnation Pink, White Heliotrope, Peau d' Espagne, White Rose, Jockey Club.

NOTE—The above odors are all imported from France and are of exceptionally high grade. They are sold regularly at 50 to 85 cents per ounce.

Imported Perfumes of any Odor.

This 1-ounce genuine round Lubin bottle with ball glass stopper, only 25 cents.

The bottle, although of simple design, is one of quiet beauty, and, when filled with any one of the above elegant odors makes a package that cannot be duplicated anywhere for less than 50 cents. We offer you this fine bottle filled with any odor perfume you may select for 25 cents. State odor wanted.

No. 8F3000 Price, 1-ounce round Lubin bottle...25c

If by mail, postage and mailing tube extra, 7 cents.

Your choice of any triple extract perfume of odors above listed, with genuine 1-ounce square Lubin bottle and sprinkler top, only 25 cents.

Usually sold in drug stores at 50 to 85 cents per ounce. Sprinkler top bottles are extremely convenient and many will prefer this style. You cannot realize what a fine grade of perfume you are receiving until you compare it with an odor sold by druggists at 50 to 75 cents per ounce. A beautiful package and a fine perfume. State odor wanted.

No. 8F3002 Price, 1-ounce square Lubin bottle, sprinkler top...25c

No. 8F3006 Price, 2-ounce square Lubin bottle, sprinkler top...45c

If by mail, postage and mailing tube extra, small, 7c; large, 12c.

No. 1 1-oz.

No. 2 1-oz.

We will send you our celebrated La Dore's imported perfume, worth 50 cents an ounce, for only 30 cents, and with it your choice of either one of the handsome and attractive bottles Nos. 1 and 2, as illustrated, without extra charge. We will supply you same packed in a beautifully lithographed perfume box. These packages make a very acceptable present, welcome to and appreciated by every lady. State odor wanted.

No. 8F3009 Any of the above odors in Bottles Nos. 1 and 2, as may be selected by you. Price, 1-ounce bottle in neat paper case...30c
If by mail, postage and mailing tube extra, 15c.

This handsome cut glass stoppered bottle with one ounce of our fragrant and exclusive dainty La Dore Perfume, which you cannot obtain elsewhere in this country at any price, and which retails in foreign countries for 75c to \$1.00 an ounce, you can obtain from us in this beautiful bottle for the small sum of 40 cents. La Dore Perfumes are the finest that can be produced. This beautiful cut glass stoppered bottle, with fine La Dore perfume, for only 40 cents per bottle, is exceptional value. Shipped in neat lithographed boxes without extra charge. State odor wanted.

No. 8F3012 Price, 1-ounce beautiful cut glass stoppered bottle, filled with any odor of our imported perfumes...40c

No. 8F3013 Price, same style bottle only 2-ounce capacity, filled with any odor...60c

No. 8F3014 Price, same style cut glass stoppered bottle, 4-ounce capacity, filled with any odor...95c

If by mail, 1-ounce bottle only, postage and mailing tube extra, 8 cents. Other bottles unavailable.

If by mail, postage and mailing tube extra, 13c.

This large, beautiful cut glass stoppered bottle and filled with our fine imported perfume, worth 50 to 75 cents an ounce, or \$1.00 value, for 50 cents. Almost one-half the price others would ask for the perfume alone, not mentioning the costly bottle in which the perfume is supplied. There is nothing that can please people of good taste and refinement more than a faint trace of true odors of favorite flowers. Avoid cheap, coarse, diluted extracts. They have no lasting qualities and usually prove offensive. Our perfume extracts are always pleasing, elegant, lasting. Our 2-ounce cut glass stoppered bottle, filled with any odor you may select. State odor wanted.

No. 8F3016 Price, 2-oz. bottle, 55c

RECOGNIZING THAT UP TO DATE TOILET AND BEAUTIFYING PREPAR-

ATIONS are largely adulterated, many containing harmful ingredients and are injurious to the skin, we have taken the initial start in offering our customers an opportunity to obtain from us the very latest beneficial standard articles free from harmful substances. Our assortment includes lotions and article of merit many being made by the famous Parisian perfumer, La Dore. Knowing all about his various lotions, and being assured that nothing but the best and purest goods are used therein, our customers can feel a sense of security in using these pure articles. All of our lotions and toilet preparations are scientifically prepared, strictly up to date, finely perfumed, possess merit and will give satisfaction when used for the purposes for which they are intended. We guarantee every product we sell, as well as giving our customers the positive assurance that in making their selection from the following list, they will obtain not only the latest and best toilet preparations, but they will save from fifty to sixty per cent in price on nearly every article.

La Dore's Toilet Waters.

We can say nothing but the very finest grade of toilet waters, made by the famous perfumer, La Dore, direct from the flowers and in concentrated form. They are much stronger in flower odor and sweetness than the average toilet water and cannot but be appreciated wherever used. They are furnished in four odors, violet, carnation, lilac and rose. Beautiful in color, sweet and lasting odors and handsome bottles. The occasional sprinkling of a few drops of any of these waters on furniture, clothing, linen, etc., will keep these articles fresh, and owing to the highest purity and strength of the perfumes used in the waters, the lasting quality is fully equal to their fragrance, thus making them more desirable and of greater value for toilet requisites than any other toilet preparations of this kind.

La Dore's Toilet Water, violet, carnation, lilac or rose. Always state plainly in your order the odor desired.

**Violet
Cold
Cream,
Only 28
Cents
Per Jar.**

This exquisite cold cream, by means of its healing action upon the skin, preserves that freshness and whiteness of the skin so much admired by all. This cream is so different from cold cream should be careful to apply only a pure cold cream and our Violet Cold Cream is pure, the purest of all cold creams made. Our Violet Cold Cream is different from all other cold creams in being so absolutely pure and white that it never turns rancid. The last particle out of the jar is just as sweet and delicately perfumed as a fresh jar.

Do not grow hair. Impure cold creams contain largely, as a base, vaseline or other ingredients that promote the growth of hair. No refined woman desires a growth of hair upon her face, neck or arms, and hence every careful woman will restrict herself to a high grade cold cream the composition of which need not excite this danger. Our cream contains no vaseline or other harmful ingredients. Its uses—Our Violet Cold Cream affords an excellent application for tan and sunburn, for chapped lips and hands, for scalds and burns and as a general soothing agent. When again in need of cold cream order a jar of our Violet Cold Cream. It is the most effective and elegant of preparations. We know you will use no other in the future. (Unmailable on account of weight.)

IF YOU BUY FROM US, WE WILL SEND YOU A FREE PROFIT SHARING CERTIFICATE.

**Violet Witch Hazel.**

Is a face and hand application, a delicacy after shaving, and as a general perfume and antiseptic. Violet Witch Hazel is a comparatively new product, combining the exquisite odor of violets with the antiseptic properties of pure extract of witch hazel. No household antiseptic can compare with extract of witch hazel, and when sweetly perfumed with odor of violets, makes an article that has won the favor of every lady and gentleman that has ever given it a trial. When used for perfuming the hands and face, or as a delicacy after shaving, it removes inflammation, makes the parts antiseptic and leaves that exquisite odor of violets about the person.

OUR WHITE LILY FACE WASH

THE LADIES' FAVORITE TOILET PREPARATION.

37c
PER BOTTLE

An Invaluable Remedy for Pimples, Freckles, Sallowiness, Roughness, Wrinkles, Tan, Blackheads and Irritations and Imperfections of the Skin.

Retail Price, 75c. Our Price, 3 Bottles for \$1.00; each, 37c

Recommended By Thousands of Beautiful Women.

DIFFERENT FROM MOST COMPLEXION PREPARATIONS, our White Lily Face Wash contains not a particle of lead, silver, sulphur, arsenic, mercury or other poisonous mineral by which most complexion remedies, and particularly the advertised ones, produce a temporary smoothness and brilliancy of the skin. White Lily Face Wash is clear and harmless as water, contains no poison, no sediment, nothing to hurt the most tender and delicate skin. Its effect will aid in removing pimples, blackheads, freckles, roughness and tan in a short time. White Lily Face Wash smoothes out wrinkles and roughness, imperfections and irritations of the skin disappear, restores the delicate tint of girlhood and youth, leaving the skin soft and velvety. Nothing is more attractive than a lovely complexion.

DO YOU WANT TO BE BEAUTIFUL? Do you want a spotless skin, a matchless complexion? Send for a bottle of White Lily Face Wash, use it according to directions and give it a fair trial. You will be satisfied with the good results obtained.

WHITE LILY FACE WASH has a wonderful sale. The market is full of injurious complexion preparations. Many, in fact most, of these preparations contain lead, arsenic, bismuth or mercury and are really dangerous in their effects. You can protect yourself from serious skin diseases by using our White Lily Face Wash. Take no chances. Avoid all danger. Use only a preparation that is absolutely harmless, one that you can depend on for a spotless skin, a positive beautifier that has been recommended by thousands of ladies.

USE ONLY THE GENUINE WHITE LILY FACE WASH, TO SECURE FOR YOURSELF THE BEST RESULTS.

FOR REMOVING SUPERFLUOUS HAIR

OUR FAMOUS PARISIAN DEPILATORY

FOR REMOVING SUPERFLUOUS HAIR

Regular retail price, each, \$1.50
OUR PRICE, EACH, \$0.58
3 BOTTLES FOR \$1.50

At 58c Per Bottle We Offer Our Celebrated PARISIAN DEPILATORY. A Harmless and Successful Preparation for Removing Unightly Hair from the Face, Neck and Arms.

WE POSITIVELY GUARANTEE OUR PARISIAN DEPILATORY NOT TO HARM THE MOST SENSITIVE SKIN OR MAR THE MOST DELICATE COMPLEXION.

Hair on the face, neck or arms, so embarrassing to ladies of refinement, can be removed without danger or chance of failure. The Parisian Depilatory instantly dissolves the hair wherever applied and removes it entirely.

THE GREATEST DRAWBACK TO PERFECT LOVELINESS in woman is a superfluous, unnatural growth of hair where nature never intended it. The prettiest face is marred and disfigured by hair on the lips, cheeks or chin. By means of our Parisian Depilatory every vestige of hair can be removed, a perfect, clean, smooth, soft, beautiful skin is assured.

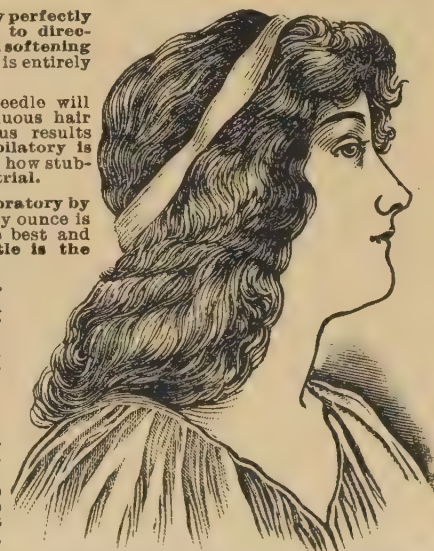

NO UNPLEASANT EFFECTS. The Parisian Depilatory is not only perfectly harmless when used according to directions, but it has the additional effect of a fine depilatory cosmetic, softening the hair and removing it entirely. It leaves no burning sensation, it is entirely painless, easily applied; one application is usually sufficient.

FAR SUPERIOR TO THE ELECTRIC NEEDLE. The electric needle will remove superfluous hair by destroying the roots, but it is a very painful operation. Serious results have often followed the use of the electric needle. Parisian Depilatory is highly recommended. No matter what you have tried before or how stubborn the growth of hair is, you ought to give Parisian Depilatory a trial.

A WONDERFUL PREPARATION. Compounded in our own laboratory by a competent chemist. Every ounce is prepared under his personal supervision. The ingredients are the best and purest, carefully selected. **OUR PRICE OF 58 cents per bottle is the lowest price ever heard of for this genuine depilatory.**

DON'T PAY \$1.00, \$2.00 AND \$3.00 for a so called hair remover. Be careful about using the preparations of unknown concerns. Some of the hair removers widely advertised are very powerful, very corrosive; they remove the hair and often burn the skin. You can use our Parisian Depilatory with perfect safety. Leaves no marks, no ill effects, no one can tell that you are using a hair remover. No one will know the difference except in your improved appearance, the enhanced loveliness of the skin and complexion.

NO TOILET IS COMPLETE without the famous Parisian Depilatory. Ladies of refinement everywhere find the Parisian Depilatory an invaluable toilet requisite. It removes the hair only where it is applied, does not interfere with the use of cosmetics, washes; has no effect whatever on the blood, complexion, health or hair, or any part of the person, except where it is applied. If you are bothered by superfluous hair, whether on face, neck or arms, if you want perfectly smooth, clean clear skin, send for a bottle of our celebrated 58-cent Parisian Depilatory, the only absolutely harmless hair remover ever compounded.

Our Celebrated Parisian Depilatory removes all superfluous hair and other imperfections, and leaves the skin soft, smooth and velvety.

One bottle is usually sufficient for any case.

No. 8F3105 Our price, 3 bottles for \$1.60; each, 58c (If by mail, postage and mailing tube extra, 8 cents).

HOW TO BE BEAUTIFUL. FLORAL MASSAGE CREAM, THE GREAT AID TO BEAUTY.

A WONDERFUL TOILET PREPARATION. A NEW PURIFYING, ANTISEPTIC, CLEANSING AND BEAUTIFYING MASSAGE CREAM. A MOST EXCELLENT PREPARATION. MAKES THE OLD YOUNG, THE PLAIN BEAUTIFUL AND REMOVES THE TELLTALE MARKS OF TIME.

Regular 50-cent size jars.....**32c**
Extra large size jar, one-half pound, enough for 60 treatments, regular retail price \$1.00 Only.....**55c**

A BOOKLET, A COMPLETE COURSE OF INSTRUCTIONS FOR FACIAL MASSAGE, SENT FREE WITH EACH JAR.

COMPLETE DIRECTIONS for taking a complete course of massage treatment sent with each jar, a booklet written by a specialist, illustrated throughout with pictures and diagrams showing the same course of treatment society ladies receive in the fashionable city massage parlors at \$1.00 per treatment. This booklet shows by pictures the exact way to massage the face, the various movements, the position of the hands, all explained by illustrations, so that anyone by following the plain and simple instructions, and the methods as shown by the pictures can get the same delightful, wonderful and improving effect from facial massage that makes this treatment so much appreciated by ladies of refinement and fashion everywhere.

WITH FLORAL MASSAGE CREAM and with the complete illustrated booklet of instructions you can do all this yourself at a mere fraction of the cost and get all the benefit and all the results that you would get if you went regularly to any of the fashionable massage parlors in large cities.

FLORAL MASSAGE CREAM is our latest and most improved toilet preparation, a standard, high grade and perfectly satisfactory facial massage cream, guaranteed by us as the very finest preparation of its kind on the market, very much superior in quality and effectiveness to the many creams and ointments on the market, many of which are widely advertised and sold through retail stores at two to three times the price that we ask for our matchless preparation.

FLORAL MASSAGE CREAM is a luxury which no woman, young, middleaged or old should deny herself. It is composed of the purest ingredients, perfectly harmless to the most delicate skin. Our Floral Massage Cream contains no grease of any kind, its emollient effects are greater, its cleansing and beautifying results more marked than can be obtained from any other combination prepared for massage purposes.

OUR FLORAL MASSAGE CREAM is based on a combination used so successfully by the leading professional masseurs in the massage parlors of the large cities, and is supplied by us exclusively to our customers for home massage. We have taken this basis of combination and by careful experiment we have refined and improved the preparation until it is now without question the most attractive and delightful toilet preparation ever offered, one that will appeal to ladies of refinement everywhere, who would not use any of the usual so called toilet preparations, cosmetics or skin preparations. Floral Massage Cream is a pure preparation, contains nothing to harm the most delicate skin, is not to be classed with cosmetics or other skin preparations. It is a preparation that no one can feel the slightest embarrassment in using. Our Floral Massage Cream is just as necessary an adjunct to the dressing table as a bottle of fine perfume; just as important to the toilet as a tooth brush.

FLORAL MASSAGE CREAM removes the horizontal lines from the brow, takes out the laughing wrinkles and crows' feet, removes the wrinkles under the eyes, makes the cheeks plump and round, cleanses the skin absolutely of all dirt, soot and impurities of all kinds, makes your complexion just what you want it to be, healthy, clear and rosy. For removing wrinkles, flitting out the cheeks, clarifying the skin and bringing out that rosy color, Floral Massage Cream does indeed work wonders. It brings fresh bloom to faded faces, it smoothes away age lines and care marks. Underneath wrinkles and hollows and unbecoming flabbiness it builds firm sound healthy tissues; it is a food to the starved skin system and is absorbed with a grateful sense of delight.

HAVE YOU EVER EXPERIENCED the peculiarly delightful, stimulating and exhilarating effects upon the facial nerves and muscles produced by a scientifically prepared and properly applied massage cream? Do you know that massaging the face is now considered a function which no progressive lady omits in order to produce and preserve that healthy glow, that pink complexion which makes beautiful features more beautiful, and adds to regular ones attractions, the effect of which is really remarkable. We all know that exercise means increased circulation of the blood, but generally exercise is not entirely sufficient to produce the results in the most delicate measure for the facial perfection. Local exercise, in other words massage of the face, becomes necessary to induce increased circulation through the facial blood vessels, but even this is incomplete unless you use in connection with it the famous Floral Massage Cream which cleanses and clears the skin, arouses to activity every facial nerve and muscle, stimulates and feeds them, removes wrinkles under the eyes, on the brow, fills out the cheeks, making them plump and round, and insures a beautiful complexion in all cases. It is not surprising that the foremost professional masseurs will use nothing else in their work but Floral Massage Cream, which can be found in every fashionable massage parlor, where it is used almost exclusively.

IT IS NOT GREASY, it does not contain any animal fats, and therefore is not subject to decomposition. It is absolutely reliable and certain in results. It is, however, not necessary that you should employ the services of a professional masseur, for with our Floral Massage Cream you can mass your face in the privacy of your own home, and at an expense of only a cent or two. We supply the regular large \$1.00 size of the genuine Floral Massage Cream to our customers for 55 cents, sufficient for many months of facial massage treatment. Complete instructions are sent with each jar.

This is a life size illustration of the jar.

OUR FREE OFFER. Send us an order for a jar of our Floral Massage Cream, use it according to directions, and if you are not more than pleased with the result, if you find any then simply write us to this effect, tell us you are not satisfied and if it is the first jar you have ever ordered we will, without further question, refund your money. Anyone who has ever tried Floral Massage Cream will never be without it. The cost is so little, the benefit so great, one extra large size jar, which we sell at only 55 cents, lasts so long and it is, therefore, so inexpensive that anyone who has ever used it and given it a fair trial will never be without it.

THE BUST CREAM OR FOOD is applied as a massage.

So many cheap and injurious bust creams are offered to the public that we have discarded every one and now handle only the original, world famous La Dore's Bust Food. This is absolutely free from injurious ingredients and is made from the purest of materials. We are pleased to offer it to our customers as a bust food unrivalled for its purity, perfume, elegance and effect. It forms just the right food required for the starved skin and wasted tissues. It is delicately perfumed and is unsurpassed for developing the bust, arms and neck, making a plump, full, rounded bosom, perfect neck and arms, a smooth skin, which before was sorry, flat and flabby. **FULL DIRECTIONS ARE FURNISHED. SUCCESS IS ASSURED.** You need no longer regret that your form is not what you would like it to be. Ladies everywhere welcome the Princess Bust Developer and Cream Food as the greatest toilet requisite ever offered.

THE PRINCESS BUST DEVELOPER AND FOOD is a treatment that will when properly used for to full and natural proportions, give that rounded, firm bosom which belongs to a perfect symmetrical figure.

DON'T PAY an extravagant price for a so called bust developer. Be careful of the medicines and treatments offered by various irresponsible companies. Send for the Princess Bust Developer, complete with the Bust Food and Bust Expander, at our special reduced price of \$1.46, state whether you wish the 4 or 5-inch developer, and if you are not entirely satisfied with the results, if it does not meet your expectations, without the slightest harm or inconvenience, return it, after giving it a trial, and we will refund your money. Don't put off ordering. Nowhere else can you buy a Princess Bust Developer for only \$1.46.

OUR 57-CENT PRINCESS TONIC HAIR RESTORER

A RELIABLE NEW HAIR TONIC AND PRODUCER

RESTORES THE NATURAL COLOR, PRESERVES AND STRENGTHENS THE HAIR, PROMOTES THE GROWTH, ARRESTS FALLING HAIR, FEEDS AND NOURISHES THE ROOTS, REMOVES DANDRUFF AND SCURF AND ALLAYS ALL SCALP IRRITATIONS, THE ONLY INVARIABLY EFFECTIVE, UNIFORMLY SUCCESSFUL, PERFECTLY HARMLESS, POSITIVELY NO-DYE PREPARATION ON THE MARKET that restores gray hair to its natural and youthful color, removes scales and dandruff, soothes irritating, itching surfaces, stimulates the hair follicles, supplies the roots with energy and renders the hair soft and makes the hair grow.

EVERY SINGLE BOTTLE of PRINCESS TONIC HAIR RESTORER is compounded especially in our own laboratory by our own skilled chemists and according to the prescription of one who has made the hair and scalp, its diseases and cure, a life study.

PRINCESS TONIC HAIR RESTORER IS NOT AN EXPERIMENT, remedy, depending upon advertisements for sale, but it is a preparation made of ingredients that will effectively prevent the falling of hair, stimulate the growth of new hair, remove dandruff and other scalp diseases.

ARE YOU INCLINED TO BALDNESS? Is your hair thin or falling out? Does your hair come out easily and gather on the comb and brush when you brush it? Does your head itch? Do you have dandruff or scurf, and do white dust like particles settle on your coat collar? Is your hair stiff and coarse and hard to brush? Is your hair fading or has it turned prematurely gray? If your hair suffers in any one or more of these particulars, you can order a bottle of PRINCESS TONIC HAIR RESTORER as a trial, for speedy relief. Use it according to directions and you will be surprised and delighted at the good results. It acts direct on the tiny roots of the hair, giving them required fresh nourishment, starts quick, energetic circulation in every hair cell, tones up the scalp, freshens the pores, stops falling and sickly hair, changes thin hair to a fine heavy growth, puts new life in dormant, sluggish hair cells, producing in a comparatively short time a new growth of hair. If your hair is fading or turning gray, one bottle of Princess Tonic Hair Restorer will give it healthy life and renew its original color. PRINCESS TONIC HAIR RESTORER is good for both men and women. Is equally effective on men's and women's hair.

PRINCESS TONIC HAIR RESTORER IS ABSOLUTELY HARMLESS. IT IS NOT A DYE. It can be applied to the most delicate hair, it will not stain the faintest head dress. Princess Tonic Hair Restorer is made under a special process, perfectly pure and clear, without any sediment, and containing the following named ingredients, recognized as the best constituents of highest efficiency for hair and scalp treatment for restoring them to a natural, healthy condition. Princess Tonic Hair Restorer contains in correct proportions: LEAD ACETATE, SOLUBLE SULPHUR, NITRIUM TURIATE, RESORCIN, CANTHARIDES, CAYENNE, GLYCERINE, and if you do not and it just the hair tonic you want, stimulating the growth, cleansing the scalp, stopping hair from falling out, restoring natural color, curing dandruff or promoting a new growth of hair, return it to us at once and we will cheerfully refund your money.

EVERY BOTTLE OF THE GENUINE PRINCESS TONIC HAIR RESTORER IS STAMPED WITH THIS LABEL AS SHOWN IN THE ILLUSTRATION—OUR GUARANTEE OF HIGHEST QUALITY.

YOU WILL FIND VARIOUS SO CALLED HAIR TONICS and hair restorers widely advertised in the newspapers and magazines. Some of them possess merit and others do not. Those that possess merit are sold for two and three times the price we ask for genuine Princess Tonic Hair Restorer, and are not equal to the preparation that we put out under our binding guarantee for quality. If you have any doubt as to the merit of the Princess Tonic Hair Restorer as against the preparations advertised and offered by others, we would be willing for you to order our preparation, and then send for any other preparation on the market, give both preparations a fair and honest trial, and if you do not find the Princess Tonic Hair Restorer better by far than any other hair tonic, you need only write us to this effect and we will return your money. By using the remedy properly it will overcome almost any hair trouble, and a single month's treatment is often sufficient to accomplish result, sometimes a few weeks will do the work, it depending somewhat on the length of time the trouble has existed.

No. 8F3125 Price, 3 bottles, \$1.55; per bottle..... (Unavailable on account of weight.)..... 57c

This Label is your Protection. It shows that only the purest and finest ingredients are used.

Dr. Cooper's Scalp Food.

A highly beneficial and absolutely harmless hair dressing for invigorating the scalp, preventing the falling of the hair and for keeping it soft and glossy. Dr. Cooper's Scalp Food should be applied to the scalp after each treatment with Princess Hair Tonic. It materially aids the hair tonic in performing its work and leaves the scalp and hair in a clean, antiseptic condition. Full directions with each jar.

If by mail, postage extra, 15 cents.

Orange Flower Skin Food.

This celebrated preparation has quickly grown into popular favor, and is today, by ladies of fashion, considered an indispensable toilet article. It acts as a skin nourisher and a wrinkle remover, smooths roughness and fills out hollow cheeks, giving the natural healthy glow and beauty to the skin. Orange Flower Skin Food is today often preferred and used instead of preparations that would cost three and four times the price at which we can furnish same to our lady customers.

If by mail, postage extra, regular size, 15c.
No. 8F3161 4-ounce jars. Price.....33c
Not mailable.

Smooth Up.

A scientific treatment for removing wrinkles. Wrinkles are caused by a lack of nutrition of the tissues underlying the skin, and muscular contraction. Smooth Up is a medicated ointment plaster and is the result of over 20 years' experience of a prominent facial specialist. It rebuilds the depleted tissues, increases the surface fat, holds the skin smooth and assists nature to permanently remove the wrinkles. It preserves the youthful appearance of the skin indefinitely, and removes wrinkles of all ages. Full directions with each package.

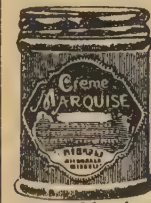

No. 8F3163 Retail price, 25 cents; our price.....13c
If by mail, postage extra, 2 cents.

Oriental Complexion Balm.

The Latest Parisian Liquid Face Powder and Complexion Balm. An exceptionally fine and valuable article for beautifying the skin and producing a smooth natural complexion. Effective and absolutely harmless. It is applied by means of a chamois or wool puff, rubbed dry and leaves the skin so soft, and youthful, covers up the red spots, and leaves the powder invisible. Do not buy cheap imitations of this now famous preparation. This is the genuine. Invaluable to the lady that is particular about her appearance.

No. 8F3164 White, regular 50-cent size; our price.....38c
No. 8F3165 Flesh tint, regular 50-cent size; our price.....38c
Not mailable.

Crene Marquise.

This cream is equally as popular as the Orange Flower Skin Food, and while it can be used successfully alone, most society ladies employ it together with the Orange Flower Skin Food. It is especially effective for whitening, softening and preserving the skin. When Orange Flower Skin Food and Crene Marquise are used together, they should be alternated by changing every other night.

Elite Powder Leaves for the Complexion.

A specially prepared absorbent, chamois finished paper coated with a delightfully perfumed face powder, containing only ingredients of the purest quality and best known properties. A absolutely free from all injurious substances. Detach a leaflet and apply gently the coated side over the face or hands; it removes dust and oily secretions from the surface of the skin, giving it a beautifully soft, velvet like appearance and producing a cool, refreshing feeling. An examination of the leaflet after using will show how the paper has removed the oil and dust, which by use of the old style puff were simply covered. Ladies will find it handy, as it can be conveniently carried in the pocket, hand or traveling bag, etc.; it will not soil the dress with powder. A handsome mirror is attached to each book. Gentlemen prefer to use it after shaving, especially when traveling.

No. 8F3191 Price, per book, containing about 50 leaves, 20c

Pocket Book Toilet Case.

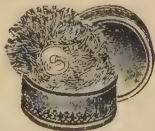

Handy Little Toilet Case. Appeals to every woman. Small silver plated box, hinged cover with mirror within, small down puff with handle. Being small enough to carry in pocket book, is just the article for parties, traveling, etc. Regular price, 25 cents.

No. 8F3193 Price, 18c

Handy Toilet Box.

Beautiful round blue and gold box of handsome design, contains a round glass mirror, and down puff box, is leather covered, filled with imported rice face powder. This article is especially imported by us from France. A very handy toilet set for traveling.

No. 8F3195 Price, 21c

Rouge de Theatre.

This is positively the best, giving a natural and lifelike glow, never injures the skin, is today considered by the theatrical profession the only safe and satisfactory rouge, and used by them almost exclusively owing to the fine distributive qualities which it possesses so that it can never be noticed or detected.

No. 8F3197 Price, per box, 12c
If by mail, postage extra, per box, 8 cents.

Liquid Rouge.

A harmless liquid preparation for giving color to the cheeks and lips, making them a perfectly natural, pretty color.

No. 8F3200 Price, per bottle, 15c

If by mail, postage extra, per bottle, 10 cents.

La Dore's Rubylane.

Rubylane is a refined and harmless rouge prepared in the form of a cream for tinting the cheeks, lips and fingers, leaves a perfectly natural stain or glow and can never be detected. The majority of ladies prefer rouge in this form, as it is put up in a very convenient manner and easily applied.

No. 8F3202 Price, per box, 18c
If by mail, postage extra, 5 cents.

Eye Brow Pencils.

For darkening the eye brows and lashes. The genuine imported pencils. Unsurpassed for slightly darkening the eye brows and lashes in a manner so natural that cannot be detected. Absolutely harmless and largely used by theatrical people to bring out the beauty of the eye. Specify whether brown or black is desired.

No. 8F3205 Regular price, 25 cents; our price, 20c
Postage extra, 2 cents.

Camphor Cold Cream.

A SALVE OF REMARKABLE HEALING QUALITIES. Of great value when the skin is chapped from cold; it will heal up the cracks and make the skin soft and smooth again; also it cannot be excelled as a soothing and healing application to burns, and dressing for abrasions of the skin, pimples, boils, etc.

No. 8F3208 Price, per box, 16c
If by mail, postage extra, per box, 6 cents.

HAIR PREPARATIONS.

Dandruff.

The Great Scalp Cleaner and Tonic. Dandruff is to the hair what warm showers of rain are to vegetation. It invigorates, strengthens and gives new life to the very roots. Permanently cures dandruff, eczema of the head, itching, hair falling out, humors, and all troubles of the scalp and hair. Will positively clear the scalp from dandruff and render it healthy, promoting the growth of the hair. Its life producing properties cause the hair to grow quickly, long, healthy and beautiful. It is recommended to ladies who desire long, glossy hair. It keeps the hair soft and silky; prevents baldness. You will see improvement in the first few applications.

No. 8F3210 Price, per bottle, 34c
Unmailable on account of weight.

Hair Elixir.

A beautiful dressing for the hair, making it soft and fluffy; prevents it from splitting and falling out. Cures dandruff and makes the hair grow. Our Hair Elixir is used and recommended by every professional hair dresser in large cities. It is the only safe hair preserver known, and should be used especially for protecting and promoting a fine growth of hair.

No. 8F3213 Price, per 8-ounce bottle, 45c
Unmailable on account of weight.

Eau De Quinine Hair Tonic.

Excellent preparation for strengthening and dressing the hair; much used in Europe by the ladies of the best society. We have the genuine, imported by ourselves from France, where it has gained a much deserved reputation as a valuable hair dressing and tonic. The genuine Eau de Quinine is recognized the world over as a stimulant to the hair nerves and roots, a strengthener and builder where the natural strength and growth of the hair has become impaired.

No. 8F3214 4-ounce bottles, 32c
No. 8F3215 8-ounce bottles, 35c
If by mail, postage and tube extra, small, 16 cents; large, unmailable on account of weight.

Barbers' Egg Shampoo.

This shampoo is the highest grade of shampoo preparations used by the first class barbers in the large cities, and is very popular in every part of the country. As a gentleman's shampoo it is unequalled, makes clean and healthy hair, removes itching of the scalp, and is guaranteed not to contain, like most other egg shampoos, any alkali, which leaves the hair harsh and dry. Our Barbers' Egg Shampoo renders the hair soft, smooth and fluffy.

No. 8F3216 Price, 8-oz. round shampoo bottle, 25c
Unmailable on account of weight.

Imperial Shampoo.

A preparation put up especially for ladies use, thoroughly antiseptic, and supplied in liquid form, making a soft and copious lather, free from alkalies and any injurious substances whatever. It stimulates the scalp and leaves the hair soft and luxuriant, and should be used once or twice a month. The Imperial Shampoo represents the highest art of shampoo preparations and is put up in handsome eight ounce sprinker top bottles, making it very convenient for use. The genuine Imperial Shampoo is never sold for less than \$1.00 per bottle.

No. 8F3218 Price, 8-ounce sprinker top bottle, 32c
Unmailable.

La Dore's Hair Powder.

Will clean the hair, remove all oil, is an absorbent and will keep the hair dry and fluffy without the use of water. The powder absorbs the oil from the hair, leaving it soft and glossy and at the same time leaves the oil at the roots where it is required to give life and nourishment to the hair. Easy to apply, easily removed and very effective. Saves washing the hair so often, which is injurious.

No. 8F3220 Price, per bottle, with sifter top, 18c
Unmailable.

Pomade Philacome.

An exquisite dressing for the hair and mustache, nicely perfumed, and highest quality, in 2-ounce large mouthed screw top bottle, very convenient for making application. This pomade is far superior to any other pomade usually retailing for 25 and even 50 cents per bottle.

No. 8F3222 Pomade Philacome. Price, 2-ounce screw top bottle, 14c
If by mail, postage extra, 5 cents.

Olive Wax Pomatum.

For fixing and laying the hair, whiskers and mustache. Highly perfumed, each stick wrapped in tin foil.

No. 8F3224 Price, per stick, 7c

If by mail, postage extra, 4 cents.

French Cosmetique.

Wrapped in foil; black, pink or white. Retail price, 10 cents. Be sure to state kind wanted.

No. 8F3226 Price, per stick, 8c
If by mail, postage extra, 1 cent.

Magnesium Carbonate.

Rose Perfume Lump Magnesia. Used after shaving by some, who prefer it to Talcum Powder. No. 8F3227 Price, 5c
If by mail, postage extra, 2 cents.

Styptic Pencils.

Used at shaving. Will instantly stop bleeding. Should be kept on hand by everyone shaving himself.

No. 8F3228 Price, each, 4c
If by mail, postage extra, 2 cents.

Hair Curling Fluid.

This preparation will keep the hair in curl during the dampest or warmest weather; quite harmless to the hair; directions on each bottle.

No. 8F3230 Price, per bottle, 15c

If by mail, postage and mailing tube extra, 17 cents.

Blondine.

The Famous Hair Bleach. This is a perfectly harmless preparation that will gradually turn the hair from any color to a beautiful blonde color. Any shade of color can be obtained, from light brown to golden by following the simple instructions which go with each bottle. We guarantee that no harm to the hair will result in using it, but rather it is cleansing and strengthening.

No. 8F3232 Price, small trial size bottle, 4 ounce capacity, 42c

No. 8F3233 Price, large bottle 70c
If by mail, postage and mailing tube extra, small, 16 cents; large, unmailable on account of weight.

SEROCO FAMILY SOAP, 100 BARS (75 LBS.)

We guarantee Seroco Family Soap the best laundry soap in the world. It will wash clothes cleaner, more quickly, last longer, has less waste, perfectly harmless, absolutely pure, no laundry soap made that equals it. For 88 cents we furnish a 30-bar box of our Celebrated Seroco Family Soap. The lowest price ever quoted on this grade of soap.

OUR GUARANTEE. We guarantee our Seroco Family Soap to be the highest grade laundry soap it is possible to produce. We guarantee our Seroco Family Soap to give perfect satisfaction in every instance. Will be glad to have you order a trial box, use a few bars in comparing it with other laundry soaps, and, if after comparison you find that our soap is not all we claim it to be, you are at liberty to return the balance to us and we will return the full amount of money paid, together with the amount you paid for transportation charges. We have never before offered this soap at less than \$2.80 for a 100-bar box (75 pounds), but on account of our enormous sales on this soap, we have succeeded in reducing the cost to such an extent that we can now quote the very low price of \$2.80 for a 100-bar box (75 pounds). The cost on this soap is figured on very large quantities on the basis of the actual cost of the material and the labor, to which we add the narrowest kind of a margin of profit, making our Seroco Family Soap the cheapest good laundry soap on the market. As an incentive to our customers to try our Seroco Family Soap, we pack a trial box of 30 bars, which we quote at 88 cents. This illustration shows the manner in which we pack our laundry soap, 100 bars in a box. You can add a box to your next order and as laundry soap takes the lowest possible freight rate, it will add next to nothing to the transportation charges. If 100 bars are more than you need, we are not possibly buy as good soap for as little money, and you can even make a profit on the soap and still give them extra good value for their money.

THIS ILLUSTRATION gives you an idea of the appearance of a single bar of our Seroco Family Soap. Every bar is full weight, nicely wrapped, and in appearance and quality is the equal of any laundry soap sold, regardless of price. We especially recommend our customers in making up their orders not to overlook the extremely low price we quote on this, our celebrated Seroco Family Soap, the great leader of our soap department. You will be getting absolutely the very best laundry soap it is possible to manufacture, and at our special \$2.80 price for a box of 100 bars, you will make a saving of at least 20 per cent.

FOR ONLY \$2.80 equal of laundry soaps that sell everywhere at 5 cents a bar, and even more. At our \$2.80 price per box of 100 bars we feel confident we are giving such value in laundry soap as is offered by no other house.

OUR SEROCO FAMILY SOAP is put up for us under contract by one of the best soap manufacturers in Chicago, a manufacturer who sells the same soap under other names at almost double our price. The cost of our family soap is figured on very large quantities, on the basis of actual cost of the material and the labor, to which we add the narrowest kind of a margin of profit, making our Seroco Family Soap the special leader of our soap department.

\$2.80

THE NEW IMPROVED RATIONAL BODY BRACE

REDUCED FROM
\$1.69 to

\$1.19

SOLD UNDER OUR PERSONAL GUARANTEE.

The Highest Grade, Most Perfect Woman's Brace for only \$1.19. Guaranteed to be Not Only Equal, but Far Superior to Any Other Body Brace, Regardless of the Price at which they are Sold.

DO NOT PAY \$8.00, \$10.00 OR \$12.00 for an inferior body brace when you can obtain from us the New Improved Rational Body Brace for only \$1.19, guaranteed to render equal and better service than any other body brace, no matter what price you would be willing to pay for the same. You will never know what a Rational Body Brace means to a woman, as regards her comfort, general health and well feeling, until you possess one of these genuine New Improved Rational Body Braces, the greatest boon to weak, suffering womankind.

A WOMAN'S GENERAL HEALTH,

strength, grace, erectness and beauty of form are regained and retained by wearing a properly adjusted Rational Body Brace. It will, in the most natural and always successful manner, cure the complaints of women. It will meet and remove the cause of weaknesses and organic displacements by applying its strengthening influence and natural support to parts of the body where it is most needed.

THE FRONT PAD,

as illustrated, and abdominal support is fitted

with the new hygienic, sanitary perforated, nickel plated shield, and made of specially prepared scientifically and correctly tempered brass perforated plates, which makes them pliable and strong. They quickly adjust themselves, and fit all figures. The springs used in this brace are silver plated and welded, the recently discovered Bessemer process being employed for this purpose, which makes them practically indestructible. Four nickel plated pads form a joint attachment to these springs, arranged in a manner so as to make the hips the main part upon which the supporting power of the New Improved Rational Body Brace rests, thus relieving the weakened internal organs, muscles and nerves from all unnatural strain. The effect is an immediate feeling of relief to the wearer, followed by regular and natural functions of every organ of the body involved.

THE IMPROVED RATIONAL BODY BRACE is highly recommended by physicians for all persons suffering from general weakness, to persons whose shoulders droop and whose posture is neither natural nor correct. It is the proper and only comfortable brace for fat people. A large abdomen is often reduced a few inches per month as a result of relief afforded by the brace to the stretched and overloaded muscles.

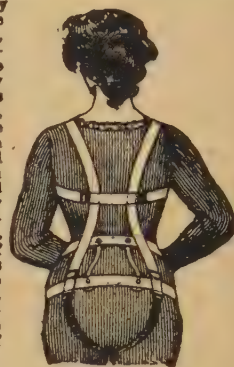

IT IS THE ONLY APPLIANCE that should be used by women troubled with falling of the womb or other irregularities of the female organism, including unnatural discharges, painful, delayed or profuse menstruation; also for all affections of the bladder. For the removal of pains in the shoulders, backache, headache, pains in the chest and weakness of the lower limbs nothing will equal it.

EVERY RATIONAL BODY BRACE IS FURNISHED BY US UNDER OUR PERSONAL GUARANTEE.

THE IMPROVED RATIONAL BODY BRACE

is an abdominal supporter and shoulder brace combined, constructed so as to form a natural support to every organ of the body, including the spine, ribs, lungs, heart, liver, bowels, womb; in fact, every organ, bone and muscle of the human body. The supporting, strengthening and healing influence of the Rational Body Brace has never been approached by any other appliance. It assures the wearer comfort, vigor, health, elasticity, ease; all of the utmost importance to women subject to physical changes, in all conditions and in every walk in life. The Improved Rational Body Brace is made of specially prepared material and is adjustable, thus always insuring a perfect fit. The upper portion of belt and shoulder pads consists of strong elastic webbing. The lower belt is non-elastic and as a result you will find in this appliance perfect support, yet absolute freedom for every movement of the body.

WHITE MATERIAL

is used throughout, which can easily be laundered and kept clean and in a sanitary condition. Every part of the belt and straps is treated by a special process, so as to reduce absorption of perspiration to a minimum.

YOU CAN WEAR

the Improved Rational Body Brace to suit your own convenience and over open drawers. The adjustable features of this brace make it possible to wear the same appliance at all times; whether before or after confinement will make no difference.

WOMEN SHOULD NOT under any circumstances cease wearing the genuine newly Improved Rational Body Brace before and after confinement. It will not only support them better than anything else, but will preserve their figure, and, what is still more important, it may be the means of saving their life.

HOW TO ORDER. Take measure over vest and drawers; state size around body about two inches below tops of hip bones. Mention if extra large adjustment is desired, giving height and weight at the same time.

An extra set of understraps is furnished with each body brace, free of charge, to be used when the first set is in the laundry, thus enabling the wearer to use the Rational Body Brace without interruption during the time when it is most needed.

No. 8F3500 The Improved Rational Body Brace complete, only.. \$1.19
If by mail, postage extra, 20 cents.

EVERY RATIONAL BODY BRACE IS FURNISHED BY US UNDER OUR PERSONAL GUARANTEE.

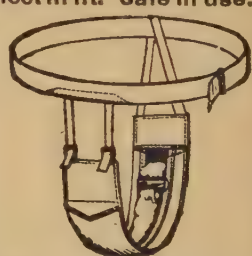

THE VENUS OR SANITARY PROTECTOR, 23c

NOW ONLY 23c EACH! No woman who values comfort, cleanliness and health should be without it. The only practical protector. Perfect in fit. Safe in use.

THE ENORMOUS SALE of this grand protector has enabled us to manufacture it in such immensely large quantities, to reduce the cost of production to such an extent, that we are today in a position to offer this valuable appliance for the never heard of low price of 23 cents each.

THE VENUS PROTECTOR is made of a transparent India rubber sack which is very silky, soft and pliable and also very strong. This sack readily admits a napkin or any other soft substance like cheesecloth or cotton, and will hold it securely in the proper position. The belt is made of the very best lisle, non-elastic. The strap to which the sack is buckled is made of a superior grade of lisle elastic, which gives with the different movements of the body, thus keeping the protector always in the right place.

THE VENUS OR SANITARY PROTECTOR will save many times its cost in washing and bleaching. It is absolutely waterproof and thereby positively prevents soiling of the underwear. Each protector comes put up in a neatly finished box with full and explicit directions. With proper use will last a lifetime. After use each month all that is necessary is to clean it with a damp cloth or sponge. In ordering give waist measure. **POINTS OF EXCELLENCE** in the Venus or Sanitary Protector. It is perfectly sanitary, comfortable, pliable and non-irritating; easily adjusted and readjusted, and indispensable to women walking, riding or traveling. Always clean and ready for use. Feels cool in summer and protects the wearer from cold in inclement weather. Retail price of the Venus or Sanitary Protector, \$1.00 each.

Additional information and explicit instructions will be sent with each box.
If by mail, postage extra, 8 cents.

SPECIAL DEPARTMENT OF TRUSSES

IMPORTANT REDUCTION IN TRUSS PRICES.

HAVING COMPLETED OUR NEW TRUSS FACTORY and employed the most expert operators in producing these appliances, we are today not only in a position to place at the disposal of our customers the finest grades, the most substantially made trusses, but in addition by installing many labor saving devices and the latest improved machinery for the manufacture of trusses, it has given us an opportunity to still further reduce our already very low prices on nearly every style of our trusses. We can now sell our trusses at lower prices than others can manufacture them, ours being always superior in quality, finish and workmanship. Being made by expert truss operators, we can always guarantee a perfect fit and comfortable appliances.

THE GENTLEMAN IN CHARGE OF THIS DEPARTMENT alone has made trusses by mail possible, and by following our rules for measurement he can not only fit you as accurately as you could be fitted by a physician at home, but, different from your physician or your druggist, who may not have your exact size or shape, he is able to have the truss made and adjusted to your exact requirements, and from his long experience, as soon as your order is received and examined, he understands your case thoroughly, can furnish you the exact size required, knows just what readjustment or changes are necessary, and as a result our customers really get in addition to receiving a truss at lowest factory price a professional service, which for comfort, health, money saving and general satisfaction is worth five times the price of the truss.

FROM THE LIMITED STOCK carried by the average druggist a professional man could not honestly fit and adjust a truss for one man in ten, for he would be unable to find the exact size, the exact shape and the proper adjustment, but the druggist or his clerk, in his eagerness to make the sale and get your money, will furnish you a truss which he claims is a fit at from \$2.00 to \$10.00, and for want of a professional man to study your case, select or make a truss to your exact size and adjust it to your case perfectly, you are compelled to pay this druggist three or four prices for a truss that is little better than nothing and very dangerous at the best.

WE MAKE A SPECIALTY OF FITTING TRUSSES and are prepared to offer to our customers unusual advantages in these goods. We employ only expert and thoroughly competent truss manufacturers, and we guarantee to send to any of our customers a perfectly fitting truss that will give satisfaction. A most important point is that we will save you from one to two hundred per cent on any truss you purchase. You take no risk in sending to us for a truss. You can try on our trusses, and if you are not satisfied, both as regards quality, comfort in wearing it, and saving in money, simply return the truss to us and we will **PROMPTLY RETURN YOUR MONEY.**

... HOW TO ORDER ...

No. 8F3515 Lea Special Elastic Single Truss, with Special Radical Cure Center Spring Pad, for adults only. Price..... 1.60
No. 8F3516 Lea Special Elastic Truss, youths' or adults' sizes, double. Price..... 1.60
No. 8F3517 Lea Special Elastic Double Truss, with Special Radical Cure Center Spring Pad, for adults only. Price..... 3.00
Be sure to send with your order measurement around the waist on a line with rupture, also state whether leather or silk covered pads are desired. If by mail, postage extra, 20 cents.

Dr. Walker's Approved French Pad Single Elastic Truss, \$1.60.

SINGLE, \$1.60

The most expensive elastic truss that can be produced. This truss is fitted across the body the full part of the pad facing the center. The advantages of this style of truss over other elastic trusses are as follows:

First—By fitting across the body and fastening on the center steel posts on the back of pad a center draft over the top of pad is produced, insuring, in all cases, the right kind of pressure.

Second—By hooking on the tie strap the pad tips produce upward and inward pressure at the same time. Dr. Walker's Approved French Pad Elastic Truss is, therefore, especially adapted for rupture which comes out egg shape, usually known as inguinal hernia, or light cases of scrotal rupture, where the intestines go down in the scrotum, called inguinal scrotal rupture. Fitted with rubber tubing understraps. Can be furnished in stuffed pad or water pad. In ordering state which kind is desired. Made of the finest, extra wide and heavy web elastic. Handsomely trimmed and stitched. This truss is reversible and adjustable.

No. 8F3512 Dr. Walker's Approved French Single Elastic Truss. Price..... \$1.60

No. 8F3513 Dr. Walker's Approved Truss, with Special Radical Cure Center Spring Pad. Price, \$2.90
If by mail, postage extra, 20 cents.

Lea's Special Elastic Truss.

A superior quality of a high grade elastic truss, made of the finest quality of heavy web elastic. It has a new style belt, adjustable at both ends so it can be lengthened or shortened as may be desired. It is fitted with improved safety clutch fastenings. Complete with the celebrated water pads, which can be supplied either leather or silk covered. These water pads are very popular, comfortable, are reversible, so that they can be arranged for either right or left side. This class of truss is never sold by others for less than \$4.00 or \$5.00, single, and as high as \$8.00 or \$10.00 for the double truss. We furnish them with a positive guarantee to our customers that they cannot get a better truss of this style, no matter how much they would be willing to pay, at the following low prices.

NOTICE—THE RADICAL, CURE SPRING PAD IS FOR USE OF ADULTS.

OUR UNQUALIFIED GUARANTEE.

WE GUARANTEE EVERY TRUSS SENT OUT BY OUR FIRM TO BE STRICTLY AS REPRESENTED AND OF THE HIGHEST GRADE OF ITS KIND.

WE GUARANTEE that our prices are one-fourth to one-tenth of the prices charged by others and that, taking each style as a class, you cannot get a higher grade, finer or more substantial material or better fitting truss, no matter what price you would be willing to pay. We will send any of our trusses on request for comparison with trusses of other houses, and, if you do not find that our appliances are better in material, workmanship and fit, if you cannot see at a glance that you can save from \$2.00 to \$10.00 on our trusses (the saving depending on the style of truss you wear) you can return our truss at our expense and the full amount you have paid for it will be returned to you for the asking.

THERE IS PROBABLY NO OTHER ARTICLE OF MERCHANDISE, nothing in the medical or surgical line which sells at such an exorbitant price as trusses, nothing on which the original cost to manufacture has been so utterly disregarded in arriving at the selling price. It seems ever since trusses have been made it has been the custom of everyone whose hands they pass through, from the original manufacturer to the final retailer, to exact an exorbitant profit, until a truss that really costs from 60 cents to \$1.00 to make, has and is now being retailed everywhere at from \$2.50 to \$10.00 and even upward.

WE CHANGE ALL THIS. We quote you the very highest grade trusses on the market, put every truss out under our binding guarantee, and name a price barely covering the actual cost to manufacture, manufactured under the direct supervision of our own professional man, thus insuring for you the very best grade of goods possible to manufacture, and saving you all the profit that the manufacturer, jobber, retailer and physician have heretofore added to make up a BIG FANCY PRICE.

SPECIAL NOTICE. Do not be misled by houses imitating our illustrations of trusses and quoting apparently low prices, but furnishing you a different, inferior, cheaply made article. Nice pictures can easily be made but on all leather covered trusses and out whether they are covered with cheap red leather or pure calfskin. Every truss we furnish is the highest grade of its kind, and our low prices do not mean cheaply made trusses. We recommend that when you buy a truss, order one from us, and one from any other firm, and compare them. If you do not find that our truss is better made, better quality of leather and spring, better workmanship and finish than trusses advertised and supplied by others, you may return ours, and we will not only refund you the amount paid for truss, but will pay expense of shipping both ways.

Dr. Walker's Approved French Pad Double Elastic Truss, \$2.15.

DOUBLE, \$2.15

Has all the advantages, as explained in the description of the single truss, and is furnished with double rubber tubing under straps. It is adjustable in width, and also enables you to get the proper angle in the groin, thus making this double elastic truss the easiest and most comfortable in existence.

No. 8F3519 Dr. Walker's Approved French Pad Double Elastic Truss. Price..... \$2.15

The Genuine Lever Elastic Truss.

DOUBLE, \$2.10

The Genuine Lever Elastic Truss has many valuable features, the most important of which is the fact that by means of the lever appliance, extra pressure may be obtained in cases of severe rupture. The Lever Elastic Truss always gives satisfaction. Can be used for both single and double rupture. The belt is 1 1/2 inches wide, made of the very best web elastic. Solid leather casing and brass trimmings. Fine enameled finished double pads on one plate, as shown in illustration.

SPRING TRUSSES.**Calf Leather Covered French Spring Truss.**Single,
40cDouble,
85c

This illustration will give you an idea of the appearance of our single calf leather covered French truss, which we can furnish you at the extremely small price of 40 cents. The double plain leather covered French truss costs only 85 cents. These trusses cannot be duplicated at three and four times the price if bought elsewhere, and, although we supply them to our customers at a nominal figure, they are high grade, well made, leather covered spring trusses and give good satisfaction. Even at our low prices we sell this truss with a guarantee that it will fit perfectly, and, if not entirely satisfactory when you receive it, you can return it at our expense and we will cheerfully refund your money.

NOTE—Do not confuse this truss with those in other catalogues. Our truss is covered with genuine calfskin and not with cheap colored leather.

No. 8F3528 Calf Leather Covered Spring French Truss, single. Price 40c

No. 8F3529 Calf Leather Covered Spring French Truss, double. Price 85c

If by mail, postage extra, 20 cents.

In ordering the single truss, be sure and state where the rupture is located (if on the right or left side). Also give in all cases the measurement around body on a line with rupture.

Fine French Calf Leather Covered Truss.Single,
\$1.25Double,
\$2.65

Contains the very best new process tempered steel springs, the finest quality of heavy calfskin cover, silk double stitching, extra wide and soft edges, hand made hair pad, white casing padded inside. The handsomest, most substantial and comfortable fine French spring truss that money can produce. Not reversible. When ordering be sure to state side on which the rupture is located (right or left); also measurement around body on a line with rupture.

NOTE—Beware of the cheap red leather covered truss quoted in other catalogues at a few cents below our prices. Our truss is covered with genuine calfskin and double instead of single stitched. Compare illustration with other catalogues.

No. 8F3534 Fine French Leather Covered Spring Truss, single. Price \$1.25

No. 8F3535 Fine French Leather Covered Spring Truss, double. Price 2.65

If by mail, postage extra, 20 cents.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

Dr. Walker's Approved Fine French Leather Covered Spring Truss.Single
\$1.35

With or without new patent adjustment. This truss has fine Russia calf covering and is furnished with fine water pad or stuffed pad to make it soft and comfortable for wearer.

This truss has a special feature by which it may be adjusted to any angle to suit the position of the rupture, by releasing the thumbscrew that goes through the nickel steel neck into the pad, thereby allowing pad to revolve as on a pivot.

No. 8F3540 Dr. Walker's Approved Fine Leather Covered Spring Truss, single. Price \$1.35

If by mail, postage extra, 20 cents.

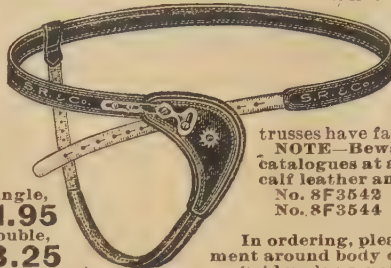

In ordering, state side on which rupture is located (right or left), also give measurement around body on line with rupture.

Sold under our positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

Unless otherwise specified by the customer we will send the leather covered stuffed pads in all cases.

SPECIAL NOTICE.

DO NOT BE MISLED by houses imitating our illustrations of trusses and quoting apparently low prices, but furnishing you a different, inferior, cheaply made article, without guarantee of fit or wear.

An Extra Fine Scrotal Truss.Single,
\$1.95
Double,
\$3.25

This Scrotal Truss is extra fine and most carefully made, complete in every respect and is highly recommended for that class of rupture, which is difficult to hold. Even the worst cases can be made comfortable for the patient by wearing this truss. It will always give satisfaction. The fine steel springs are covered with Russia leather; pads are soft and adjustable and in many cases will hold the rupture where all other styles of trusses have failed. Furnished for single and double rupture.

NOTE—Beware of the cheap red leather covered truss shown in other catalogues at a trifle cheaper price. Our truss is covered with genuine calf leather and double stitched. Compare cuts with other catalogues.

No. 8F3542 Extra Fine Scrotal Truss, single. Price \$1.95

No. 8F3544 Extra Fine Scrotal Truss, double. Price 3.25

If by mail, postage extra, 20 cents.

In ordering, please give side on which rupture is located; also measurement around body on a line with the rupture.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

Unless otherwise specified by the customer, we will send leather covered stuffed pads in all cases.

Dr. Walker's Approved Fine French Leather Covered Spring Double Truss.Double,
\$2.75

The style, material and finish of this appliance is the same as the single Dr. Walker's Fine French Covered Truss, but with the additional spring back pad, as shown in illustration, which is soft, pliable, and makes this double truss very comfortable. The regular selling price of this style double truss is from \$6.00 to \$9.00.

No. 8F3550 Dr. Walker's Approved Fine French Leather Covered Spring Double Truss. Price \$2.75

If by mail, postage extra, 20 cents.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

Unless otherwise specified by the customer, we will send leather covered stuffed pads in all cases.

Fine German Truss.Single
\$1.35
Double,
\$2.45

In cases of rupture which are exceedingly difficult to be held in position the Fine German Truss is especially recommended. This is a spring truss, leather covered, with scrotal pad. It is fitted with an additional understrap, which holds the pad in position and which prevents the moving of the pad. Consequently it will hold the rupture better than most any other style of belt, yet it is comfortable and very effective in the treatment of rupture.

No. 8F3552 Fine German Truss, for rupture that is difficult to hold, single. Price \$1.35

No. 8F3554 Fine German Truss, for double rupture, double. Price \$2.45

If by mail, postage extra, 20 cents.

In ordering the Single Fine German Truss be sure and state the side on which the rupture is located, whether right or left; also give measurement around body on a line with rupture in all cases.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

Unless otherwise specified by the customer, we will send leather covered stuffed pads in all cases.

The Peerless Improved French Extension Spring Truss.Single,
\$1.60
Double,
\$3.75

This truss is manufactured of heavy calfskin, padded inside, and tire casing, double silk stitched, with hand made hair pad preventing its cutting the body. The belt is of the finest spring steel, leather covered, easy and comfortable. Pad can be extended and placed exactly in the proper position. Fine nickel trimmings. The pad is not reversible, but adjustable. Always state where rupture is located (right or left side) and give measurement around body on a line with the rupture. Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

No. 8F3560 Peerless Improved French Extension Spring Truss, single. Price \$1.60

No. 8F3562 Peerless Improved French Extension Spring Truss, double. Price \$3.75

If by mail, postage extra, 20 cents.

Ball and Socket Truss.Single,
\$1.15Double,
\$2.10

Ball and Socket Truss

or Set Screw Imperial.

Made of the finest tested

steel springs, covered with Russia leather; highly polished nickel mountings; is reversible; can be arranged for either right or left side, and the pads can be placed in any position desired, and when so placed are held firmly by a perfect fastener. This style of truss has in late years found many admirers, and those who have given same a trial prefer it often to any other style of appliance for the treatment of rupture. The fact that the pad can be placed in almost any position is a very good feature, appreciated by all.

No. 8F3567 Ball and Socket Truss, single \$1.15

No. 8F3568 Ball and Socket Truss, double 2.10

If by mail, postage extra, 20 cents.

In ordering, always give measurement around body on line with rupture.

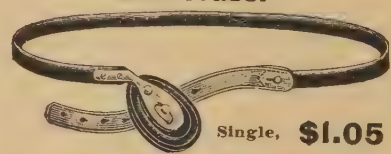

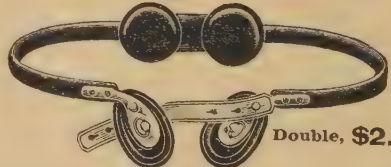

HARD RUBBER TRUSSES.

HARD RUBBER TRUSSES HAVE MANY ADVANTAGES, AND A LARGE NUMBER OF OUR CUSTOMERS PREFER THIS STYLE OF APPLIANCE.

THEY ARE ALWAYS CLEAN, ARE NOT AFFECTED

BY PERSPIRATION NOR BY HEAT OR COLD.

They are free from any unpleasant odor and can be easily shaped and adjusted. We carry only the finest grade of hard rubber trusses and supply them at such very low prices that even those in moderate circumstances can now afford to secure for themselves the very best, the very finest hard rubber trusses at the extremely low prices offered below.

Dr. Walker's Oval Pad Hard Rubber Truss.Single, **\$1.05**Double, **\$2.15**

Especially recommended where the rupture comes out shaped like an egg. This small oval pad will easily fit in the right place, and will retain that class of ruptures better than any other style of pad. When applied constantly for at least a reasonable length of time a complete cure can be established. Adjustable pad; high grade hard rubber spring; finely finished nickel plated attachments; hard rubber oval pad, with two set screws.

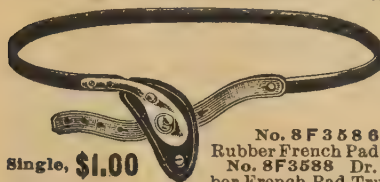

No. 8F3580 Dr. Walker's Oval Pad Hard Rubber Truss, single. Price \$1.05

No. 8F3582 Dr. Walker's Oval Pad Hard Rubber Truss, double. Price \$2.15

If by mail, postage extra, 20 cents.

When ordering, state location of rupture, whether on right or left side, also give measurement around body on line with rupture.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

Dr. Walker's Hard Rubber French Pad Truss.

Single, \$1.00

No. 8F3586 Dr. Walker's Hard Rubber French Pad Truss, single, \$1.00
No. 8F3588 Dr. Walker's Hard Rubber French Pad Truss, double, \$2.15

If by mail, postage extra, 20 cents.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

In ordering, state location of rupture, whether on right or left side, also give number of inches around body on a line with the rupture.

The Solid Comfort (Hood's) Hard Rubber Truss.

\$1.75

This is an elegant hard rubber single truss, especially recommended by all truss experts and scientific truss fitters of the world. Before putting on this truss, the rupture should always be returned into the inguinal ring, placing truss in position, the pad right over the spot where the rupture is located. Then fasten the truss at the back. This truss not only cures rupture quicker than any other appliance, but prevents a breach or rupture on the opposite side. It has a small flat pad on the opposite side from the rupture, known as a "blind" pad, which will save you from a double rupture. Once adjusted it usually proves to be the most comfortable and safest truss for single rupture.

No. 8F3590 The Solid Comfort Hard Rubber Truss, for single rupture. Price, \$1.75
No. 8F3592 Double Truss. Price, \$1.75

If by mail, postage extra, 20 cents.

Sold under a positive guarantee that no better truss of this style could be obtained anywhere, no matter what price you would be willing to pay.

In ordering, state location of rupture, whether on right or left side, also give number of inches around body on a line with the rupture.

The Solid Comfort Truss with Radical Cure Pads.

We now supply the best truss ever offered. A combination of the Solid Comfort truss with Radical Cure hard rubber center spring pad.

This new Radical Cure pad will cure almost any rupture within a reasonable length of time and the patient, if moderately careful after he is cured, will remain cured beyond question.

No. 8F3595 Solid Comfort Truss with Radical Cure center spring pads, for single rupture. For adults only. Price, \$3.45

No. 8F3596 Solid Comfort Truss with Radical Cure center spring pads, for double rupture. For adults only. Price, \$3.90

If by mail, postage extra, each, 4 cents.

The Genuine Radical Cure Truss.

Single, \$3.15

Double, \$4.55

For adults only.

There are many so called Radical Cure trusses on the market but very few possess the merit claimed for them and that can positively be found in our genuine Radical Cure Truss. Owing to the wonderful influence of the pad, which is constructed on the most advanced ideas of truss experts, the Radical Cure truss will not only serve the purpose of holding up the rupture better than any other similar appliance but it will, even in cases of old standing, reduce the rupture and gradually affect an absolute cure in many of the most difficult cases, if worn properly for a reasonable length of time.

The Radical Cure Truss is made of best spring steel with a wide orange calfskin leather cover padded inside, top and bottom edges of the new style roll finish, that will prevent the edges from cutting into the skin. A handsome practical truss made of the best material, in the most approved manner, for which truss fitters everywhere charge from \$15.00 to \$25.00. We furnish it to you for \$3.15, with full adjustment, so that the pad can be placed in the exact position required; that is, higher up, or lower down, or more towards the right, or more towards the left, making it possible for the patient to shift the pad to any position within reasonable limits, so that you can get yourself to perfection and save for yourself from \$10.00 to \$20.00, which truss fitters usually charge for this service.

This Radical Cure Pad has a soft leather covered outer rim with a stationary hard rubber inner pad on metal plate back adjustable in every direction and can be used for either the right or left side.

No. 8F3598 Radical Cure Truss with stationary hard rubber center pad, single. Price, \$3.15
No. 8F3599 Radical Cure Truss with stationary hard rubber center pad, double. Price, \$4.55

If by mail, postage extra, 20 cents.

With or without new Patent Adjustment.

Dr. Walker's Hard Rubber French Pad Truss for Scrotal Rupture. The pad can be adjusted to any angle; raised and lowered to reach the conditions of the patient. The shank attachment is so called malleable, and can be bent to suit. Fine hard rubber springs; highly finished nickel plated attachments; hard rubber French pad. Clean and comfortable.

Double, \$2.15

Infants' Soft Rubber Umbilical Truss with an

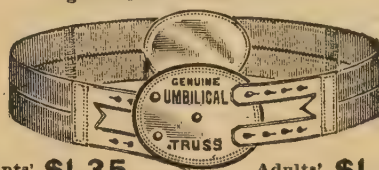

inflatable pad. An excellent truss for very young infants. Sizes, 10 to 17 inches inclusive. It consists of a soft rubber belt which laces in the back. The pad, which covers the navel, is inflated through the rubber tube and when filled, the tube is tied with a soft string to prevent the escape of air from the pad. Give the circumference of the patient's body when ordering.

No. 49F3462 Price, \$1.00

If by mail, postage extra, 3 cents.

Umbilical Trusses.

Our Elastic Stockings, Bandages, Suspensories and Abdominal Belts.

Cost only from one-half to one-third what other firms charge. We guarantee quality and workmanship to be the best. You can get nothing better at double the price at which we sell these goods.

For the relief of varicose veins; weak, swollen or ulcerated limbs; corpulency; abdominal weakness and tumors. As rubber goods spoil with age, these Elastic Stockings and Belts to wear will should be made of fresh material. We make these goods only to order. As soon as we receive an order from a customer for elastic stockings, belts or other elastic goods, we at once send it to our factory and have the article manufactured exactly according to measurements given. We guarantee perfect fit and goods that are actually fresh. Anyone who has had trouble in obtaining either serviceable or good fitting stockings is requested to give us a trial.

Take measurements carefully at each letter as indicated in the illustration; also give the length from the lowest letter to the highest. For example: A garter stocking you would take circumference at A, B, C, D and E; also the length from floor to E inside limb. For stockings extending above and below knee be sure to take size at F, also length from lowest point to F, and from F to highest point. For thigh knee cap give circumference at E, F, G, H and I; also length from E to F and from F to H. For hand piece give circumference at U, V, W, and length from U to W. Also state whether for right or left hand. Give us the exact measurements, which should be taken, if possible, in the morning. We allow for expansion. Prices for Single Stocking or Pieces.

**OUR QUALITY AND PRICE GUARANTEE.**

WE GUARANTEE OUR PRICES for like quality to be lower than any other house in America. In comparing our catalogue with other houses, when another house quotes as low or a lower price than we, we guarantee that you will find a wide difference in quality in our favor. If you send us an order and do not find this difference in quality in our favor in every instance, you can return the goods to us at our expense, and we will immediately return your money.

NO MORE COUGHS AND COLDS.

Wear a Royal Frostproof Chamols Jacket, sure protection against coughs, colds, pneumonia and all chest and lung troubles.

Only \$1.42 for the genuine Royal Frostproof Chamols Jacket, warm, light and comfortable, the most sensible garment ever devised. You cannot make a better investment during the fall and winter season.

The Royal Frostproof Chamols Jacket is made for either men or women. The vest is made of the very best grade of chamols skin, which is the best cold resister known, and it is lined with the finest grade of fine flannel. It is carefully made and will last season after season. The seams, buttonholes and all parts of the vest are made in the most workmanlike manner. It is easy to wear, light, soft, pliable and comfortable, and does not interfere in any way with the wearing of other garments.

The knitted self adjusting sides insure a perfect fit. Each jacket nicely put up in a handsome carton. Look out for imitations. The Royal Frostproof Chamols Jacket is extensively imitated, but the Royal is the best of them all. It is the lowest in price and yet the best in quality.

The Royal Frostproof Chamols Jacket is handsome in appearance. It is a thorough protection to the lungs and chest, and at our extremely low price of \$1.42 is an extraordinary value.

No. 8F3790 Royal Frostproof Chamols Jackets for Men. Sizes, 34 to 44 in. chest measure. Price. \$1.42

No. 8F3792 Royal Frostproof Chamols Jackets for Women. Sizes, 32 to 38 in. bust measure. Price. \$1.42

Be sure to state size wanted, the number of inches around chest. If by mail, postage extra, 8 cents.

We are the only house supplying the GENUINE FROSTPROOF CHAMOIS JACKETS with Patent Self Adjusting Side Pieces.

Hygienic Paper Vests.

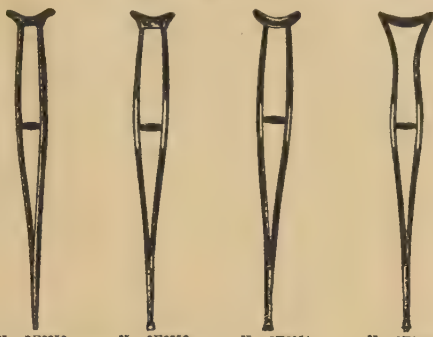

The paper from which these vests are made is especially prepared from wood fiber, which lends it a tenacity that is truly remarkable and at the same time gives a flexibility which permits the paper readily to conform to every movement of the body. When to these advantages is added the extreme lightness of the material, it will be seen that paper clothing makes an ideal covering for the body during the cold days of winter. These vests are a perfect substitute for the heavier, more bulky and expensive chamoms and flannel vests on the market. Hunters, sportsmen, prospectors, policemen, motormen, teamsters, and in fact anyone whose business or occupation takes them out of doors in cold or inclement weather, find these vests a great comfort and preserver of health. Always order one size larger than vest. Be sure to state size wanted.

No. 8F3800 Hygienic Paper Vests for Men, sizes, 36 to 46 inches, bust measure. Price....45c

No. 8F3802 Hygienic Paper Vests for Women, sizes, 34 to 40 inches, bust measure. Price..45c

Electric Insoles.

A boon to those troubled with poor circulation and cold feet. If the feet are kept warm, the body will be less subject to the various complaints arising from cold. These Electric Insoles contain the pure polished metals arranged in such a manner that a mild, pleasant current is produced along the soles of the feet, which stimulates the blood and keeps it circulating constantly. They are worn with good results for cold feet and keep the feet dry.
No. 8F3810 Price, per pair.....18c
If by mail, postage extra, 10 cents.

Electric Ring for Rheumatism.

These are the first rings introduced into the United States, all others being imitations. Their popularity has caused many rings to be placed on sale that are without any curative properties.

If by mail, postage extra, per dozen, 3 cents.

The London Horn.

The most popular of all the trumpets is the London Horn. It is constructed on scientific principles and answers for those who are moderately deaf. It can be easily carried in the pocket and concealed in the hand when in use. It consists of a small cup shaped bowl, provided with a mechanism properly adapted for sound wave concentration and conduction. A perforated diaphragm over the mouth of the trumpet admits the sound waves, while a curved tube extending from the base of the bowl conducts them from the collecting bell to the ear. Can be used for conversation or for distance hearing, as in church, halls, or at lectures, etc. Made in three sizes, finished in black.

No. 49F2320 Small, 2 1/4 inches high. Price..\$0.95
No. 49F2321 Medium, 3 1/4 ins. high. Price.. 1.05
No. 49F2322 Large, 4 inches high. Price.. 1.10
If by mail, postage extra, 1 cent.

Greene's Trumpet.

This is a trumpet which is an improvement in shape over all other instruments. The portion which receives the sound is flat, oval shape, 5 1/4 inches in diameter by 1 1/2 inches in depth. It is made in two pieces which can easily be taken apart and put in the pocket or hand bag. The peculiar shape is especially adapted to gather in sounds and convey them distinctly to the ear. It wonderfully assists in hearing public speaking or conversation and is especially useful to the aged and infirm, as it can be perfectly held to the ear without raising the hand. Made of light metal, japanned black.

No. 49F2328 Price.....90c
If by mail, postage extra, 12 cents.

The Conversation Tube.

The most powerful of these conductors is the Conversation Tube, for with this, by placing the lips close to the mouthpiece, a conversation may be carried on either in a low tone or a whisper, and while it can be plainly heard by the one using the earpiece, yet others who may be in close proximity will not be able to hear what is being said. Loud talking through the tube is unnecessary; in fact, it conveys such an unpleasant sensation to the hearer that it should be avoided. Consists of an ear tip and mouthpiece of hard rubber, both connected by an elastic spiral wire tube, covered with rubber and overspun with either silk or mohair, the tube is conical shaped, thus forming a gradually decreasing channel from the mouthpiece to the ear. These tubes can be worn around the neck under the coat or cloak, or coiled up and put in pocket. They are best adapted for very deaf people, as the sound is direct from the speaker to the hearer, acting on a telephonic principle, but are of no service to those wishing to hear public speakers or to listen to general conversation.

No. 49F2330 Medium size, 3 ft. long, mohair. Price, \$0.95
No. 49F2331 Medium size, 3 feet long, silk. Price, 1.05
If by mail, postage extra, 15 cents.

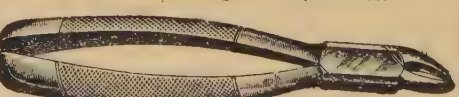

The Telescopic Hard Rubber Trumpet.

This Trumpet can be conveniently carried in the pocket or small hand bag, as it is so constructed in three sections as to telescope together, making it less bulky to carry. When ready to use it, the sections are drawn out and adjusted to the ear. It is a very powerful conductor of sound, the bell being cut away so as to gather in sounds and convey them strongly to the ear. Made of hard rubber with bright polished surface and being of good length can be held to the ear without the arm being raised and becoming tired.

No. 49F2334 Telescope Trumpet, three sections. Price.....(Postage extra, 1 1/2 cents).....\$1.55

The Favorite Medicine Glass.

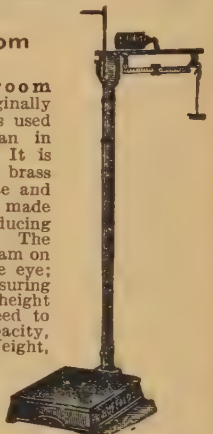

A valuable and important article for the sickroom. The cover of the glass is so arranged that it prevents all impurities from polluting the medicine, at the same time preserves its full strength and effectually prevents decomposition of the ingredients in the medicine. The cover of dial glass has an indicator which can be set to indicate the time the next dose is to be taken, therefore making it unnecessary for the attendant to tax their memory when giving several different medicines. All the attention the dial requires is the resetting of the indicator after the dose has been given. The glass is provided with a clip which holds the spoon in such a position that it prevents it from staining or collecting lint, dust or other impurities, which it certainly does when laid down. The glass can be used for all forms of medicines, such as liquids, powders, pills, etc.

No. 49F2292 Price, without spoon.....20c
Cannot be mailed.

The Buffalo Bathroom Scale.

No. 49F2307 Bathroom Scale. This scale, while originally designed for the bathroom, is used extensively by the physician in gymnasiums and hospitals. It is constructed of iron and brass throughout, finished in white and gold, the beam and poise are made of brass, nickel plated, producing a handsome appearing scale. The pillar being tall places the beam on a level or nearly so with the eye; it is furnished with a measuring rod by which the patient's height can be ascertained. Guaranteed to weigh very accurately. Capacity, 1 ounce to 300 pounds. Weight, boxed for shipment, 90 pounds.

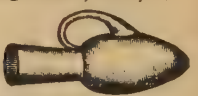

Price.....\$15.45

The Seroco Adjustable Bedside Table.

In the Seroco Adjustable Bedside Table we offer to the public the most useful piece of furniture ever made. It cannot only be used in the greatest number of ways, but can readily be taken from one place to another. The metal parts are done in the finest black, bronze or cream white enamel, nicely decorated in gold or plated and oxidized with copper, nickel or bronze and lacquered to prevent tarnishing. The tops are of golden oak, hand rubbed; highly finished quarter sawed golden oak, birdseye maple and mahogany with the finest piano finish. When folded and not in use it occupies less than four inches of floor space. Adapted to use as a table for serving meals in bed, a table for reading in bed, a bolster or prop in bed, a writing table, a reading table for old or young, a work or sewing table, an aseptic table for medical purposes, a screen for intercepting light, a manure table, a card table, a music stand, a table for children's games, a lunch table for porch or lawn, a drawing table, a table for displaying drawings and paintings, a stand for reference books in the office, and many other uses. Each table is carefully packed for shipment in a single box, dimensions, 18x29 1/4 inches, weight, about 22 pounds net, and about 36 pounds packed for shipment. A wrench is furnished with each table free of charge. The Seroco Adjustable Bedside Table is of great value and comfort in the sickroom. It affords the only convenient way of getting to the patient and can be adjusted to any desired height. The top may be readily tilted for reading book or paper at any desired angle. The Seroco Bedside Table is absolutely sanitary, is easily operated, durable and attractive in appearance. Weight, boxed for shipment, 40 pounds.

Perfection Rectal Dilator and Irrigator.

Three in set, made of fine glass, perfectly smooth and easily sterilized. Considered the best rectal dilating and irrigating set on the market. Inexpensive, yet durable, and always effective. Our price for complete set, only 48c. We furnish the Perfection Rectal Dilator and Irrigator in sets of three, each one a different size. These dilators are made of very fine and smooth lead glass, and are highly endorsed by many physicians who have successfully employed this dilating and irrigating set in the treatment of constipation and hemorrhoids (piles). On account of its extremely low price, it offers an advantage over all dilators, as the patient will be in a position to use the set himself at his home without any difficulty and very successfully. In this way the patient himself can obtain quickly the very best results, and establish a satisfactory cure in such cases where proper dilating and irrigation is all that is required to secure a cure. The set of three is furnished by us in cardboard box, with printed instructions for using same, so that the patient can aid as much as possible to make the treatment of the case absolutely successful. The set consists of one small, one medium dilator, and one large dilator and irrigator fitted with cork and tube to which the tubing of the fountain syringe may be attached, making irrigation easy and effective. There is nothing better for the treatment of constipation, piles, fissures and nervousness.

No. 49F270 Set of Three Perfection Dilators. Price.....48c If by mail, postage extra, per set, 10 cents.

VETERINARY INSTRUMENTS.

WE LIST HEREWITH a splendid line of instruments for the use of veterinary surgeons and those who are large stock raisers and desire to be prepared for any emergency requiring the use of a surgical instrument. In quality we guarantee these instruments to be made from the very highest grade materials it is possible to secure, and if you will compare quality and price you will quickly discover that we give you great values.

THE PRICES WE QUOTE on these high grade instruments are very much lower than the prices special instrument dealers ask for the instruments offered by them which are in no way any better than these we offer and in most cases inferior in every respect. Our instruments are sold on a guarantee as to quality and they are sent to you with the distinct understanding and agreement that if you are not perfectly satisfied with them they may be returned to us at our expense of transportation charges both ways and we will promptly refund your money.

IF YOU DO NOT FIND JUST WHAT YOU WANT in veterinary instruments and supplies catalogued here, please write for our free special catalogue, in which we list a complete line for the veterinary surgeon and we are sure that you will find therein just the instruments and supplies required by you at a very large saving in price.

Hercules Horse Mouth Speculum

Our new Hercules Patented Veterinary Mouth Speculum represents the best, the strongest, the safest and yet the easiest operated horse mouth speculum for general all around work on the teeth of horses that is in the market today. You simply cannot get anything better no matter how much more you pay or would be willing to pay. In fact, you could get nothing better of this kind at any price. Our new Hercules Patented Horse Mouth Speculum has many important features of distinct and desirable advantages in the work for which this instrument is used. It is light in weight, very strong in material, thereby safe for the operator, aseptic in every part, not complicated, is interchangeable and very easy to operate. It can be taken apart and carried in pocket or satchel, occupying very little space. Its construction is so simple that it cannot get out of order and has patented self locking joint. It is free from every obstruction on sides and it allows operator to operate with ease from front or either side. A single pull of the lower chain closes the speculum instantly. The Hercules Horse Mouth Speculum is made from the best and finest steel and is handsomely finished, nickel plated and is really the best, strongest and also the cheapest instrument of its kind. If you need a horse mouth speculum we recommend that you send for the Hercules Patented Horse Mouth Speculum. You may compare it with other speculums that sell at \$9.00 to \$12.00 and you will prefer the Hercules Patented Speculum every time. The merit and advantages of this instrument are so apparent that everyone can see them, our price for same is so extremely low that we do not hesitate to send it to any one of our customers on 20 days' approval. Send us your order for the Hercules Patented Horse Mouth Speculum with remittance to cover, examine it, use it, and if it is not entirely satisfactory you can send it back in 20 days and we will refund every cent you have paid for it and transportation besides.

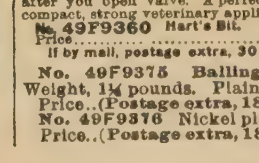

No. 49F9350 Hercules Patented Horse Mouth Speculum. Price.....(Cannot be sent by mail).....\$6.55

Hart's Improved Drenching Bit. FOR GIVING MEDICINE TO HORSES. A NECESSITY FOR HORSE OWNERS.

This bit has a container with a screw cap so that horse cannot spit medicine. A shut-off valve allows the medicine to be turned on and off at will. No other bit has these two advantages. You may take container from bit, fill it with medicine, and screw into position after the bit has been adjusted to animal's head. The bit keeps horse's head up and keeps his mouth shut. He has to swallow every drop after you open valve. A perfectly made, compact, strong veterinary appliance. No. 49F9360 Hart's Bit. If by mail, postage extra, 30 cents.....\$1.69

Milk Fever Cured.
The Sterilized, Compressed Air
Treatment as especially recom-
mended by Bureau of Animal Indus-
try, U. S. Department of Agriculture
is shown in this illustration. This
treatment is the only successful one
known. It has cured over 95 per cent
of all cases treated, and saved thou-
sands of valuable animals to stock
owners. The method is so simple
that any one, by reading over the
complete instructions sent with each
outfit can easily operate successfully.
The appliance is durable, and will
last a lifetime by renewing rubber
ordering; but get an outfit and have it on hand to be used at
a moment's notice when a sudden attack of this very prevalent
disease comes on. Full descriptive circular and copy of govern-
ment report with full directions in each outfit.

No. 49F9675 Milk Fever Outfit. Price.....\$1.68
If by mail, postage extra, 20 cents.

Poultry Instruments.
No. 49F9680
Poultrymen can double
their profits by capon-
izing their chicks. The
operation is very sim-
ple, the instructions be-
ing so explicit that any-
one, after a careful
reading, can do it with
these instruments. The
complete caponizing set
contains the best instru-
ments on the market,
and at the price at which
they are offered no one who keeps chickens can afford to neglect
this opportunity of increasing their profits.
Price, per set, in velvet lined case, with book, "Instructions
for Caponizing".....(If by mail, postage extra, 10c).....\$1.85

Angular Poultry Killing Knife.
No. 49F9682 Angular
Poultry Killing
Knife. The shape of this
knife permits making incisions which are impossible with any
other instrument. Price.....38c
If by mail, postage extra, 5 cents.

No. 49F9684
French Poultry Killing
Knife. Every poultry
raiser should have one. They are made of finely tempered in-
strument steel, with nickeled handle. Price.....31c
If by mail, postage extra, 5 cents.

No. 49F9685 The Philadelphia
Poultry Marker. Do you keep a record
of chickens? There is no better or
quicker way than by this marker, as
over two hundred different marks can
be made by punching between the toes; for
instance, between first and second toes
of right foot can mean Wyandotte or
Plymouth Rock; between second and
third toes, White Leghorn or Langshan,
etc.; so that hundreds of private marks
can be made, not only to keep records, but
by your private marks you can secure
yourself from the chicken thief. They are well made,
with steel spring and cutter, nicely nickel plated.
Price.....(If by mail, postage extra, 4c).....13c

No. 49F9690 Cape
Worm Extractor. The
disease commonly known as gapes is caused by a small worm in
the windpipe of the fowls. When the chick seems to gasp fre-
quently, it is a sure sign of gapes and it should receive attention
at once. The only certain cure is to remove the worms by me-
chanical means. You will save time and money by having on
hand a Cape Worm Extractor. The extractor quickly removes
without injury to the chick, the worms and the matter from the
windpipe and effects an instant cure. One chick saved pays price
of instrument. Price.....(If by mail, postage extra, 2c).....13c

The New Ease and Comfort Back Rest.

The New Ease and Comfort Back Rest, as illustrated here, is of the most simple construction, but durable and convenient, and should be on hand in every home to be used in the sick room. Others ask from \$2.50 to \$4.00 for back rests which are not made in as substantial and convenient a manner as the well known Ease and Comfort Back Rest. The Ease and Comfort Back Rest relieves much of the discomfort of persons confined to the bed, and is really indispensable to those who are compelled to endure a prolonged stage of illness, also to invalids who have to spend most of their time in bed, and in addition it will relieve the attendant waiting on the sick of much arduous labor. The construction of the Ease and Comfort is very simple. Made of a stout wood frame with a ratchet underneath the back, so that the back rest can be placed in any inclined position to make the patient entirely comfortable. The cover is made of stout linen duck, laces in back, so that it can easily be removed and washed thus giving an opportunity to keep the back rest always in a clean and sanitary condition. The new Ease and Comfort Back Rest is cool and elastic, can be used with or without a pillow, or it can be placed under a mattress if preferred. No. 49F8020 Ease and Comfort Back Rest. Price.....\$1.10

INVALID RECLINING AND ROLLING CHAIRS

ARE YOU AN INVALID, or have you a relative or friend who needs a reclining or rolling chair, built especially for the comfort of invalids? We carry a complete line of standard styles of invalid chairs which are supplied to our customers at about half the prices at which these chairs have heretofore been sold. You need not pay from \$40.00 to \$60.00 for an invalid chair. We show you below a few styles with prices so low that you might think the chairs must be of inferior quality. We furnish these invalid chairs, however, under a binding guarantee that they are the highest grade of invalid chairs made; that their style, arrangement, adjustment, workmanship and finish is equal to, and in many cases better than that of any invalid chairs sold at two and three times our special low prices. We have a special Invalid Chair Catalogue, giving every form of chair. If you care for a larger selection, send for it, it is free.

IF YOU DESIRE one of the chairs shown here you need not wait to write for this special free catalogue of invalid chairs, for you can send your order direct from this catalogue with the assurance that you will get the very best values we have to offer. We show on this page a few of our leading and most popular styles of chairs, representing the very best values in the entire department, and if you find a chair among the following styles that pleases you, send us your order immediately. However, if there is any other style which you want (not shown herein), do not fail to write for the special Free Catalogue of Invalid Chairs.

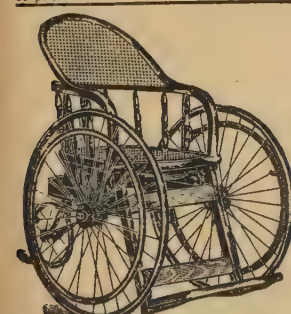

Reclining Rolling Chair.

Swivel wheel of large diameter. It is one of the most popular styles of invalids' chairs. We particularly recommend it as being the easiest to run because of its large swivel wheel. The chair is very comfortable, being a perfect fit to the human body and well proportioned. It is made of the best hardwood, finished in oak, rubbed and polished, with cane work as shown in illustration. It is equipped with our improved patented reclining device, which is so constructed that by simply turning a thumb screw and by bringing a slight pressure to bear against the back, the occupant can assume any desired position without any assistance. The footboard folds up when not in use. It is furnished regularly with stationary push handle without extra charge. The above is but one

Illustration and description of reclining chairs. We issue a special Invalid Chair Catalogue, giving large illustrations, complete descriptions of every up to date, practicable, comfortable invalids' chairs at prices about one-half to one-third what other houses charge for same. If interested send for special Invalid Chair Catalogue. It will be sent free on application.

SPECIAL INVALID CHAIR CATALOGUE

IF YOU WANT ANY KIND OF AN INVALID CHAIR NOT SHOWN ON THIS PAGE.

Rolling Chair.

WITH SPRINGS AND STEEL EXTENSION PUSH HANDLE. REED WORK IS FINISHED, SHELLACED AND VARNISHED.

This chair is similar to the World's Fair Rolling Chair, but far superior to that famous chair in many respects. It is lighter, and has 10-inch front wheels that run in a straight line. Body is made of the best grade of prime India reeds, and has a hygienic close woven cane seat. It has two elliptic springs, made of the best quality of spring steel, and steel extension push handle, with a turned hardwood cross bar furnished free of charge. Push handles are so constructed that a little pressure on same clears the front wheels from the ground, and allows the chair to be turned in a very small space and to go over crossings and obstructions very easily.

SPECIAL DEPARTMENT OF VAPOR BATH CABINETS.

OUR SPECIAL \$2.15 PEERLESS VAPOR BATH CABINET.

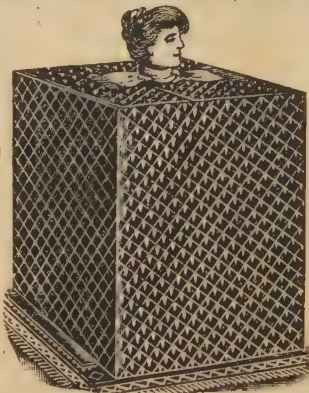

THE CHEAPEST FOUR-WALL RUBBER LINED BATH ROOM, WITH IMPROVED FULL DOOR OPENINGS.

FOR ONLY \$2.15 we offer this genuine Peerless Vapor Bath Cabinet as the only good and practical low priced bath cabinet made. We offer the \$2.15 Peerless Vapor Bath Cabinet as the equal of cabinets you will find advertised in thousands of papers at \$5.00 and \$6.00.

THE ILLUSTRATION will give you a good idea of the appearance of our \$2.15 Vapor Bath Cabinet in use, but you must try it to appreciate the convenience of the cabinet and the excellent value we are offering. It is made of strong woven goods, impervious to the vapor, as it is rubber lined throughout. It is made with a square galvanized steel frame, regular four-wall room construction, and is not one of the cheap collapsible or crush cabinets which merely rest on the shoulders of the party using them.

WITH EVERY \$2.15 VAPOR BATH CABINET we furnish a complete alcohol heater and vaporizing pan as illustrated. With a small quantity of wood alcohol, which can be purchased at any drug store at a very small expense, to burn in the alcohol heater, and our \$2.15 Vapor Bath Cabinet, you are in position to take any of the Turkish, Russian, vapor or medicated baths so highly recommended by physicians, and which cost \$1.00 or \$2.00 in regular bath houses.

THE IMPROVED Peerless Turkish and Vapor Bath Cabinet at \$2.15 represents a four-wall room, rubber lined, with galvanized steel wire frames, and it will fold into the smallest space of any square folding bath cabinet. The cover material is of the best rubber coated muslin. Size, 28x30½x42 inches. Weight, complete, 11½ pounds.

WE FURNISH FULL DIRECTIONS and complete formulas how to prepare and take Turkish, Russian, hot air, steam or vapor baths, perfumed or medicated, in your own home with our \$2.15 cabinet, at a cost of less than 3 cents a bath.

AS THE LOWEST PRICE HOME BATHING APPLIANCE

our \$2.15 Peerless Bath Cabinet is without an equal. While we recommend the purchase of one of our higher priced cabinets, our Peerless is fully guaranteed in every respect, will give entire satisfaction, and is the lowest priced bath cabinet ever offered. Many people go to Hot Springs, Mineral Springs and other health resorts for the purpose of taking baths.

OUR \$2.15 CABINET brings these baths within the reach of the poorest person in the country. With this cabinet you can receive in your own room all the beneficial treatment offered at such health resorts or sanitariums at an expense that is almost nothing. There isn't a man, woman or child that vapor baths will not benefit. Everyone, whether in health or in disease, should use a vapor cabinet bath. It is a perfect and natural way of freeing the skin and tissues of the poisons that clog and injure the system and produce disease. \$2.15 is by far the lowest price ever made on a high grade square folding bath cabinet. \$2.15 is a price based on the actual production cost of the cabinet, with the smallest margin of profit added. It is a price much lower than you can buy a good bath cabinet from any other concern, and with the well known benefits from vapor baths, everyone should avail themselves of this price without delay. Regular price, \$5.00 each.

THE QUAKER BATH CABINET No. 1, \$3.95 WITH A \$2.00 BOOK, "THE GUIDE BOOK TO HEALTH" FURNISHED FREE.

THE SPECIAL QUAKER CABINET No. 1 is made of the very best material and made on the most scientific principles. It is a cabinet large enough to enable you to take a foot bath while you are taking a Turkish bath. The top of the Quaker Cabinet No. 1 is in two pieces. The Quaker top is a very great convenience in entering as well as in cooling off. The construction of our Quaker Cabinet No. 1 is most substantial. The covering is of special cabinet material (rubber coating inside, checked drill outside), that never stretches, thoroughly vapor proof. The frame is of the best steel construction and unlike old fashioned wood frames, does not warp or break. In cooling off, both sides of the top may be unbuttoned and thrown back. The whole cabinet is so jointed and hinged it can be put away in the smallest possible space. When you have finished using the cabinet, simply loosen the braces, tip the frame and it folds up completely. Any child can open and close it in a second.

RESULTS: Seated upon a chair within the Cabinet, with only the head outside, so as to breathe the pure air, one enjoys at home, in the privacy of their own room, all the remarkable cleansing, invigorating, purifying and curative health giving effects of the famous Turkish-Russian Hot Air, Steam or Vapor Baths for 3 cents each. Perfumed or medicated if desired; with no danger of taking cold or weakening the system if directions are followed. The body is surrounded by clouds of hot air, steam or vapor, which dilate the pores all over the body, causes profuse perspiration, draws out of the system the poisons and impurities of the blood, cleanses inwardly and outwardly.

THESE BATHS are justly famous for producing a clear skin, sound, reposeful slumber in young and old, a brilliant complexion, preserving health, breaking up colds, fevers, la grippe, and disease. They give you the vim and vigor of younger days—actually make you feel 10 years younger—eyes bright, nerves strong, brain clear. Physicians use and highly recommend them for almost every disease. Hospitals, sanitariums, and families all over the world use and recommend them. Thousands owe their life to the "QUAKER."

SPECIAL ADVANTAGES OF THE QUAKER CABINET.

You require no assistant—everything is so simple and convenient. You simply open the door, step in, close the door and you immediately get the full benefit of the high temperature. Temperature can be regulated at the will of the bather. Plenty of room in the cabinet to move about, sponge, towel and cool the body perfectly. A five-minute vapor bath in a Quaker cabinet starts the millions of skin pores at work expelling the dirt, impurities and poisons from the system, does more good than six months of drug taking. No other cabinet is so simple to operate, to open and close, folds up into such small space; is more convenient, compact, strong, light, roomy, handsome, durable or gives such excellent satisfaction.

WE FURNISH FREE with our Quaker Cabinet No. 1 at \$3.95, a 100-page \$2.00 book (copyrighted), known as the Guide Book to Health and Beauty, containing a vast amount of information as to how diseases are so successfully treated in both Europe and America. This book gives information worth hundreds of dollars, tells you all about these famous baths, their ancient and modern history, how to take them, when, where, how often, and the course of treatment that should be followed for different diseases, so you can treat and cure yourself at home without drugs, the same as you would be treated if you went to the famous health resort at great expense.

It tells how to live, what to eat and drink, how to attain the greatest amount of enjoyment out of life and become strong and athletic, with all the vim and vigor of younger days. Also how to attain and maintain perfect health, a clear skin and brilliant complexion by natural living. Much information especially valuable to the ladies, both married and single, written in plain English, understood by all. Only book of its kind in existence.

THE PRICE OF THIS BOOK IS \$2.00, but, until further notice, will include one copy absolutely free with each of our No. 1 and No. 2 Quaker Cabinets. Retail price, \$7.00. No. 8F4005 Our price complete, with stove and vaporizer....\$3.95

THE HICHEST GRADE QUAKER BATH CABINET No. 2, \$5.98

FOR \$5.98 we offer the highest grade bath cabinet of the celebrated Quaker make, as the very finest and highest grade bath cabinet made. There is no better bath cabinet construction possible.

THE FRAME of the Quaker Bath Cabinet is made of galvanized steel, cannot warp or get out of shape or come apart. The cover used on the Quaker Cabinet is non-absorbent, germproof, antiseptic and odorless. This material is the result of years of experiment. It is not only perfect for the purpose, but practically lasts forever.

OUR \$5.98 BATH CABINET is constructed with double walls of the best rubber coated material that can be made, everlasting and always new. This gives a black rubber coating inside and outside, with air space between. The top is of double faced material, rubber coated both sides and held firmly in place by snap buttons. The construction of our special \$5.98 Cabinet is without doubt the best ever shown.

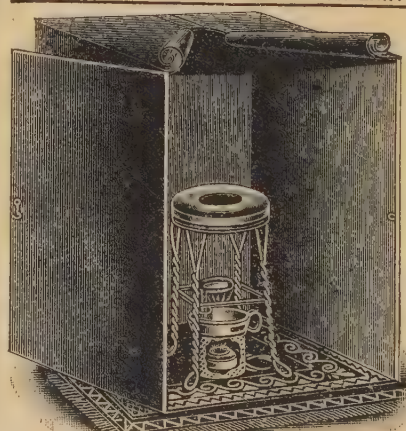

FACE STEAMER FREE. A celebrated Quaker Face Steamer, improved style, as shown in this illustration, will be included with each No. 2 Quaker Vapor Bath Cabinet free. For treatment of the complexion the Quaker face steamer is one of the most important parts of a vapor bath cabinet. If same is wanted with other cabinets, price is \$1.00 extra.

A COLD IS CURED IN ONE NIGHT. Any kind of a cough or cold, throat trouble, lungs is effectually cured with one good hot vapor bath taken according to directions. For overworked men and women of all classes, the Quaker Bath Cabinet treatment is a grand relief. The vapor bath soothes the tired nerves, permits a more vigorous circulation of blood thus restoring energy to the exhausted system.

AT OUR SPECIAL \$5.98 PRICE we furnish this No. 2 Quaker Cabinet complete with face steaming attachment, alcohol stove and Turkish or vapor bath. \$2.00 book free.

GUARANTEED THE BEST CABINET ON EARTH.

WE FURNISH FREE with this, our best Quaker Bath Cabinet No. 2, one copyrighted \$2.00, 100-page book free, as described above, giving formulas and directions for making the various remedies for the treatment of the following diseases:

THE TRUTH ABOUT STOCK FOODS

FACTS THAT EVERY FARMER AND STOCKMAN SHOULD KNOW.

Is there any good reason why the farmer and stockman who is constantly besieged to invest his good money in this and that brand of stock food, should not know the full truth about that article?

He should know. He is entitled to know. Not only for the satisfaction of knowing what he is getting for his money but also in self defense—he should know what kind of stuff he is putting into his animals. The latter is a most important reason why he should know.

You never think of buying a brood mare, a Jersey bull, a Berkshire sow or a pen of thoroughbred Wyandottes without knowing the pedigree of that stock, do you? You want to know its history, its performance in the past, in other words, what it is made of and what it will do. So why should any one ask you to buy a "pig in a poke" in the shape of a package of so called stock food, to be fed to that stock, something about which you know absolutely nothing except glittering generalities, claimed by the makers. Perhaps you can afford to experiment with old Brindle or with that bunch of mongrel hens or old Bill, the plough horse, who has seen his best days. They can probably stand it, and anyhow you are not apt to lose so heavily if anything went wrong. But when it comes to that fine litter of Berkshires, those Jersey buttermakers or that pen of fancy Leghorns that you bought at a fancy price; well, you would like to know just where you are at before you begin to "dope" that kind of stock with a strange mixture, wouldn't you?

But if a stock food has any merits at all, if it will help you to get more profit out of common stock you should be able to feed it to even thoroughbred stock, with implicit confidence and get larger proportionate returns.

But, first of all, why give stock food at all? Just because the manufacturer said so? That is a mighty poor reason, is it not? If your stock is doing well, perhaps it might be best to let well enough alone rather than take chances. If there is serious trouble perhaps a veterinarian is needed rather than stock food.

So, before the stockman can intelligently feed stock food he must know the philosophy of the thing, why he is doing it and what specific object he expects to gain.

Now, the first important thing about stock food that the stockman should know is that he knows practically nothing about the stock foods on the market today, for the simple reason that nothing has been told him. He does not really know what the package contains, what the stuff is made of or what the ingredients are even supposed to be, or what they are for. Neither does he know whether he is paying a reasonable or an exorbitant price for the goods or for the results he expects to gain. He is asked to feed the article blindly and assume

that the makers know more about the feeding of his particular stock than he does himself. What the stockman wants is facts, he is not simply actuated by a desire to achieve some of the wondrous results, painted in such glowing colors by the makers. What is there in these various preparations to get these returns.

And yet, when the stockman does invest in such goods, nine times out of ten it is because of the urgency of the appeal rather than his own free will. He makes the venture against his better judgment in the hope that his fellowman is as honest as he is himself and will give him a square deal, also hoping for the results that the literature indicates; surely a worthy reason, but after all a mere speculation. And in these progressive days, when everything else about the farm, the live stock business, breeding, feeding, etc., has been reduced to such a definite scientific basis, the stockman should not be asked or expected to buy stock food on speculation.

Another thing that the stockman ought to know is that when he does invest in stock foods that are now on the market, however sure he may feel of his gain in results, he certainly will get the short end of the speculation, as long as he continues to buy something about which he knows nothing, with only the manufacturer's word for it, that it cannot do him any harm and will prove useful. Again, legitimate stock foods have suffered more or less on account of the innumerable cheap and worthless preparations put out in the guise of stock foods.

The stockman well knows that any stock food must contain some proportion of shorts or other material as a filler to provide a vehicle for the carrying of the proper drugs, facilitating the measuring and administering of the medicinal agents contained therein.

We must not assume that on account of questionable and in some cases of unscrupulous methods, which have and do exist in the making and marketing of stock foods, that the whole idea of stock food is a delusion and snare, without any legitimate purpose, and a waste of money. That would be an insult to the intelligence of thousands of the best breeders and feeders in this country, as well as in foreign countries, who have used stock foods, condition powders and condiments for ages. Stock raisers in this country during the past decade have demonstrated beyond all doubt that stock foods may safely be accepted as a suitable and valuable adjunct to economic and profitable stock raising, breeding and feeding.

England and Scotland, the pioneers in improved stock breeding, share the honor of first recognizing the value of condiments. They have used them in some form or other for centuries. Breeders and feeders of these countries would soon think of raising stock without the good stock food that they would of fattening without grains.

THE PHILOSOPHY OF STOCK FOOD.

Its Purposes and Possibilities.

There is only one logical, legitimate purpose of stock food, and that is to assist nature in keeping stock in prime condition by toning and invigorating their systems, keeping the blood pure and the bowels regular, and by so aiding their digestive organs that they will get all of the nourishment obtainable from the food that you feed them, thus more than paying their way.

The actions of an ideal stock food are three fold: First, stomachic; second, digestive; third, tonic. The first, "stomachic," means to stimulate the flow of saliva and the gastric juices, thus assisting materially in the first stages of digestion; "digestive" means to stimulate the flow of digestive juices in the stomach and intestines, and increase the muscular action of the bowels, thus assisting peristalsis and guarding against constipation. In accomplishing these results the ideal stock food materially assists the assimilation of the digestible nutrients by the lymphatic villi and the capillaries of the intestines.

As a tonic it nourishes and tones up the nerves, both directly and indirectly. It purifies the blood both by contact and by so invigorating the various organs of the body that they are enabled to properly perform their functions.

The foregoing are the general purposes of a stock food, and the accomplishment of these ends means much in dollars and cents and in additional service and profit to the stock raiser.

Stock food is not a patent medicine for animals. It is not, was never intended to be, and should not be claimed or advertised as a cure all or a remedy for specific diseases. It should be and is a great preventive of diseases, but accomplishes its ends only by assisting nature, by helping to keep the system in such a healthy, vigorous condition that it is able to withstand the attacks of germs and diseases that would find an animal in poor condition a ready victim.

Take, for instance, worms, perhaps the most prevalent and insidious foe to the animal world. The consumption of worms in the shape of eggs and larvae cannot be avoided by the animal in feeding, for these pests are omnipresent. A good stock food should contain an anthelmintic, and in performing its regular functions by assisting and increasing the secretion of the various digestive juices assist nature in disposing of these incipient worms before they have had a chance to develop and breed in the intestines. But once they get past the stomach and are allowed to develop in the intestines they oftentimes work irreparable injury and require more heroic treatment than a stock food to get rid of them. Should they be allowed to develop, thus far we strongly advise a specific remedy, administered either by a veterinarian or yourself, in the shape of a good reliable vermifuge or worm powder. Stock food cannot accomplish impossibilities. It cannot take the place of clean housing and bedding, pure water, kind treatment and plenty of good food, intelligently fed, although in a measure it may atone for some shortcomings in the foregoing.

This is the philosophy of stock food. Any claims beyond these are likely to be misleading and overdrawn, and yet the possibilities of increased service and profit resulting from the faithful, judicious use of a good stock food, along the simple lines indicated, are truly wonderful and so pronounced in some cases as to seem greatly exaggerated.

A COMMON PREJUDICE AGAINST STOCK FOODS.

But some argue, and very plausibly, that we "believe that right feeding and right treatment is the best medicine. Let nature do the rest."

This argument might be sound if your animals were living under natural conditions, and if you were equipped to take care of them as they should be. But this is not the case. They are no longer nature's subjects in the animal kingdom. They are man's subjects. Under modern conditions they are machines.

For instance, the horse: The original wild horse in its natural state roamed the plains at will in warm, temperate climates, cropping the sweet grass to his heart's content, nibbling a herb here and there as instinct prompted him (herbs, roots and bark were nature's stock foods). He had at all times just enough of feed of the right kind, regardless of market prices, to supply his daily needs; he had just enough pleasant exercise to keep his blood in active circulation, with plenty of rest whenever nature prompted it to soothe and refresh his nerves. The reproductive organs were regularly called into action at appointed times—both male and female lived as nature intended.

But now the horse is a machine, a great power plant, driven hard and ruthlessly day by day, to furnish power for man's uses, and only a favored few of either sex may exercise the functions of reproduction. In the male nature is tampered with, in the female nature is thwarted. They lack, therefore, the natural action and instinct of the original horse. The modern dairy cow is a milking machine, a butter and cheese maker, while in the natural state she was called upon only to produce enough milk to nourish her young up to a feeding point, and spend the balance of the time with the herd.

The original jungle fowl exercised both wing and feet, with plenty of grain food and plenty of meat food at hand whenever she wanted it. She laid eggs enough in season to reproduce her kind and quit. Today the hen is an egg machine, constantly driven to the limit, being speeded up to the 200 eggs a year limit, as fast as man knows how to speed her. Her forage ground is a small tract and often a damp, filthy coop, a small gravel run, a manure heap, and, if she is fortunate, a little grass. She depends almost entirely for sustenance upon what man sees fit to give her, and even her natural functions of motherhood are denied her, the incubator and brooder taking their place.

Are these natural conditions? Hardly. They are machine shop conditions. Man is the superintendent of this factory and must not only see to the furnishing of the fuel that furnishes the steam and power, but also that the machine is properly geared and that all the wheels and points of friction are oiled. In other words, he must give nature that assistance which he himself has rendered necessary by his own interference with nature's plans.

We can safely assume then that the intelligent and judicious use of stock food for the purpose outlined is just as necessary and natural as the continued use of condiments to the human family. How many of us, for instance, could get along without our spices, our salt, our pepper, our spring tonics and our laxatives to keep the bowels open, and similar aids to nature, adapted by modern humanity. All of these things, while seemingly unnecessary and contrary to nature, are yet rendered indispensable by the unnatural pace at which we live today.

Abusing nature, as we do, therefore, both in the human and the animal world, let us not lay on to mother nature all the burden of responsibility of keeping things going right. Let us render what help we can toward repairing the damage which our interference with nature's methods have caused. We must help nature in keeping this vast animal machine shop in constant and smooth running order.

Stock food has its legitimate place in the world's work today.

Our Guarantee

N^o.

We hereby guarantee the contents of this package to be composed of the ingredients as printed on this package; that all the drugs are absolutely pure and conform to the standard of the United States Pharmacopeia.

Furthermore, use the entire contents of this package as directed, and if you are not entirely satisfied, return this certificate telling us why you are not satisfied, and we will cheerfully refund every cent you have paid us.

The foregoing applies to all preparations manufactured by us.

Signed,

Davis Stock Food Co.

CHICAGO, ILLINOIS, U. S. A.

There never has been the slightest doubt in our minds as to the absolute need and legitimate mission of the really good, reliable stock food in the live stock world. But there has been a decided question and an ever growing doubt in our minds as to the legitimacy of the stock food business as it has been carried on heretofore; that is, that while there are at present, undoubtedly, perfectly legitimate stock foods in the market, there are also a large number which are not, consequently stock food has suffered in prestige as the result of the use of worthless preparations.

Some have considerable merit, but not in proportion to the price they ask. Some have meager or indifferent merits and some are practically worthless. Some might even be considered dangerous.

But because one stock food is worthless it does not signify that they are all so, and the good should not be condemned with the bad, neither do the successful one or two indicate that all are good.

The question is: How is a stockman or farmer to know what is good and what is bad? He should be able to know before experimenting on his own stock, but under existing conditions he cannot. He simply takes this firm's word or that firm's word for it, and then takes chances on results.

But that is not right. Modern farming, dairying, poultry raising, stock feeding and breeding is too serious a business to speculate on any feature of it. Either stock food should be left severely alone as a doubtful and expensive experiment, or, if there is a profit to be gained from its use, then the stockman is entitled to some system by which he can buy with **absolute certainty**, knowing just what he is getting, whether he is getting it at the right cost, and be able to feed it with **absolute safety** and confidence in the results.

WHY WE OFFER YOU DAVIS' STOCK FOOD.

We have given the stock food proposition as a whole quite a little study during the past few years and have investigated thoroughly the merits of all brands on the market. We are sorry to say that we have found a great majority of them to be unworthy of confidence, and, taken all in all, the results of our investigations demonstrated to us beyond any doubt that we would have to look further before we could offer the American stockman such a stock food as we believed he should have, and which we were willing to handle. We are happy to state that we believe we have found an ideal stock food, manufactured in an ideal manner and placed before you in an ideal way, in the shape of the **Davis Stock Food**. Above everything else the Davis Stock Food Company had the courage of their convictions. They readily agreed to place their formulas on every package in plain letters, so that the stockman could see exactly what he was buying.

They, like ourselves, could see no legitimate reason for making a profound secret of the formulae and ingredients of their stock foods. Their view coincided with ours to a dot. No other makers do this, although they expect the stockman's confidence and ask him to believe all that they claim for their preparations. They ask him an arbitrary price for their wares without giving him any adequate idea of the ingredients or the market value of the same. They ask faith and confidence from the farmer. Is there any **good reason** why they should not **reciprocate** and tell him **frankly just what he is getting**? If the stock food manufacturer's business cannot survive the full daylight of publicity then there is no legitimate excuse for its existence, and the sooner it goes out of existence the better. On the other hand, if the manufacturer of a stock food is making a legitimate preparation of ingredients which he can secure and put up better, at less cost, to the stockman than the stockman could for himself, he will soon find that the American stockman is indeed liberal in his patronage when he gets a square deal.

We have gone into this matter carefully, endeavoring to look at it frankly, from the standpoint of the buyer as well as the seller. Our policy has always been "a square deal." We know that the great American public is still to be trusted, and expect a due appreciation of the desire and the policy on the part of the manufacturer or seller to give them a square deal.

We feel confident that a stock food business conducted along the line of common honesty will result in immense sales, and we much prefer to build up an enormous business at a moderate profit than to have a business limited in its output with an enormous profit.

We realize that we are blazing a way along a new path, that we are pioneers in the policy of taking the purchaser into our fullest confidence, giving him the same degree of our confidence that we ask of him. We are willing to rest our case with the sound judgment of the American stock raiser, and we confidently believe that when the sincerity of our methods and our policy is once fully realized by the American buyer of stock food that our returns in sales will fully justify our efforts to return confidence for confidence, to meet the buyer half way in solving the much vexed stock food problem.

Our formulas are **public**. They belong to the purchaser. We are simply his supply agents, if he sees fit to use us, and we believe he will after he has investigated to his **entire satisfaction**, and finds what we can do for him as compared with what he can do for himself. We want our stock foods to practically sell themselves, by appealing to the good judgment of the buyer rather than to have them forced on him by long winded arguments. With this end in view, instead of offering you a mixture of mysterious and rare ingredients, you will find in Davis' Stock Foods only such simple and time tried ingredients as have been **proven by long experience** to be the **best fitted** for their respective purpose, well known drugs and condiments, which have the **official endorsement** of the leading **authorities and practitioners of the United States**. The Davis Stock Food

Company goes even further, and in their book "One Thousand Pointers for Stock Raisers," they give you extracts and descriptions of the various ingredients, as taken from the **United States Dispensatory**, an official publication by the **United States Government**.

Their formulas are **published openly on every package** of stock food sold. There is **no buying "a pig in a poke"** when you buy a package of Davis Stock Food, you know **exactly what you are getting** and what you are paying for. Nothing is left in doubt, nothing left to your imagination.

OUR GUARANTEE.

Read the guarantee of the Davis Stock Food Company that is reproduced on the top of this page. This is a facsimile of the certificate appearing on every label, on every package of the products manufactured by the Davis Stock Food Company. **It is a guarantee that guarantees.** This is not merely an advertisement; it is **part and parcel of the contract covering every purchase** of Davis Stock Food Co. products, no matter where, when or how you buy them.

The list of ingredients is not only published openly, but you are given a bona fide written guarantee, right on the package, to the effect that the contents are exactly what they are claimed to be, that and nothing else. You are at liberty to **subject these goods** to the examination and **analysis of any chemist** in the country, to your agricultural college or to the department of animal industry, at any time; in fact, we invite you to do this; we have nothing to fear, nothing to lose and everything to gain by the test, for the results will only serve to strengthen our position in the esteem and confidence of the stock food buyer.

With every package of the **Davis** goods you buy, whether for horses, cattle, sheep, hogs or poultry, you get the same frank statement of facts, the same open formulas, the same ironclad guarantee, as part and parcel of the contract; the same degree of protection. This does not refer to your first or your second order, but to each and every order, whether you buy this month, next month, next year or five years from now.

DAVIS STOCK FOODS ALWAYS MAINTAIN THE SAME UNIFORM QUALITY.

This policy insures continued unity in the quality of our goods from month to month, from year to year.

MONEY BACK, IF NOT SATISFIED.

If at **any time**, in **any place**, under **any circumstances**, you find a package of Davis Stock Food, the contents of which are not exactly as represented in every particular and detail, or if the results are not absolutely satisfactory, when used according to directions, you can do us no greater favor than give us the opportunity of returning your money without quibble or argument on our part.

How can we introduce the Davis Stock Foods to you on any more honest and equitable basis? Can you suggest a fairer plan? Can you discover any flaws or weak spots in our proposed plan of doing business? If you can, or if you feel that you can detect any note of insincerity in our proposition, we would consider it a favor if you will write us frankly and tell us about it, for the entire success of our business, along the new lines that we propose to run it, depends upon the soundness of our policy and the degree of confidence and favor with which it is received by the stock food buyer.

Once again: Read the certificate of guarantee, or, better still, with your next order for a freight shipment, ask us to place in it a **free trial package** of Davis Stock Food (see page 873). That will give you an opportunity of getting acquainted with it without cost to yourself.

Upon this guarantee, upon the published formula and upon the quality of the material which these two features naturally insure you, are based the fundamental principles in conformity with which we expect to build the largest legitimate stock food business in the world.

The guarantee certificate means exactly what it says. **It is a legal contract which will be recognized by any court of law or equity** in this broad land. It protects you fully in your purchase and use of Davis Stock Foods. **You take no possible chance.**

TELL US: Is there any other stock food manufacturer that dares to pursue a policy like this? If there is, why don't they do it?

As our business grows, Davis will no doubt be imitated and copied by other makers as closely as the honesty of their methods, quality of their goods and legitimacy of their margins of profit will allow. We are blazing a new path of honesty and legitimate methods in the stock food business, and before we are through we expect the American stock raiser to be with us, and the opinion of the American stock raiser will compel all other legitimate stock food companies to do likewise. Davis and his products will undoubtedly be bitterly assailed, but **just remember this, legitimate manufacturers** who put out **legitimate preparations** will be only too glad to do as Davis is doing. **It is they who see danger in publicity to their business that will make the bitterest fight**, and when an attack on Davis' methods and Davis Stock Food is brought to your attention, just remember this and ask yourself **why**.

PRICE
\$3.00

THIS BIG~FREE STOCK BOOK

THIS GREAT STOCK BOOK

ENTITLED

"One Thousand Pointers for Stock Raisers"

IS ISSUED IN TWO SEPARATE EDITIONS.

THE EDITION shown in the illustration is printed on heavy paper, beautifully bound in full cloth binding, making a large, heavy and valuable—in fact, invaluable book for stock growers. It retails the world over for \$3.00 and is worth ten times its cost to any stockman. We have, however, secured a special edition of this valuable \$3.00 book, printed on lighter paper and securely bound in a heavy paper cover. This edition we will send by mail, **postpaid, free**, on application, to any owner of stock, anywhere in the United States, subject only to the liberal conditions set forth at the bottom of this page.

THE CLOTH BOUND EDITION consists of two hundred pages, is 8½x11½ inches in size. It has never been sold for less than \$3.00, but under a special arrangement with the publishers, based upon the actual cost of the material and labor, paper, cloth, printing and binding, we are able to make our customers and their friends (owners of stock) a special and heretofore unheard of price of 50 cents for the regular \$3.00 edition. If you want this big, elegant, cloth bound book, the \$3.00 edition, for 50 cents, send us your order, enclosing 50 cents, and the book will go to you by mail, postpaid, at once.

WE WERE SO IMPRESSED WITH THE VALUE of this book that we made special arrangements with the publishers for the printing of a cheaper edition, containing the exact matter, word for word, but printed on a lighter and cheaper paper, substantially bound in a heavy paper cover. The lowest retail price of this edition is 50 cents, which does not more than pay for the printing, but it is our wish to place this book in the hands of every stock raiser or owner in the United States. We want you to have it. If you have stock, write us a letter or a postal, tell us how much stock you own; just say, "I have... head of horses,.... head of cattle,.... head of hogs,.... head of sheep. Send me, free of charge, your book, '1,000 Pointers for Stock Raisers,'" and we will send you this regular 50-cent book free by return mail, postpaid.

A THOUSAND AND ONE things that you know. Innumerable little items and questions that come up every day. You cannot afford to miss the valuable information, data and suggestions which this book contains. It is, beyond all doubt, the most modern, comprehensive, reliable and authoritative book which has ever been offered or sold to stockmen or farmers.

THERE IS AT LEAST ONE PAGE in this book that contains just the information that you are hungry for; that will solve some particular problem that has been vexing you. The chances are that you will find 50 such pages of vital interest and especial value to yourself and your location. The abstract value of the information contained in this book, if it cannot be replaced or obtained elsewhere, is worth hundreds or even thousands of dollars to any stock raiser. Its value to the inexperienced beginner in any branch of stock raising cannot be estimated. It brings the science and knowledge of the live stock and farming world to your door, and is a veritable library in itself.

IT IS THE GREATEST BOOK EVER PUBLISHED

and you CANNOT AFFORD to be without it, if you want to know

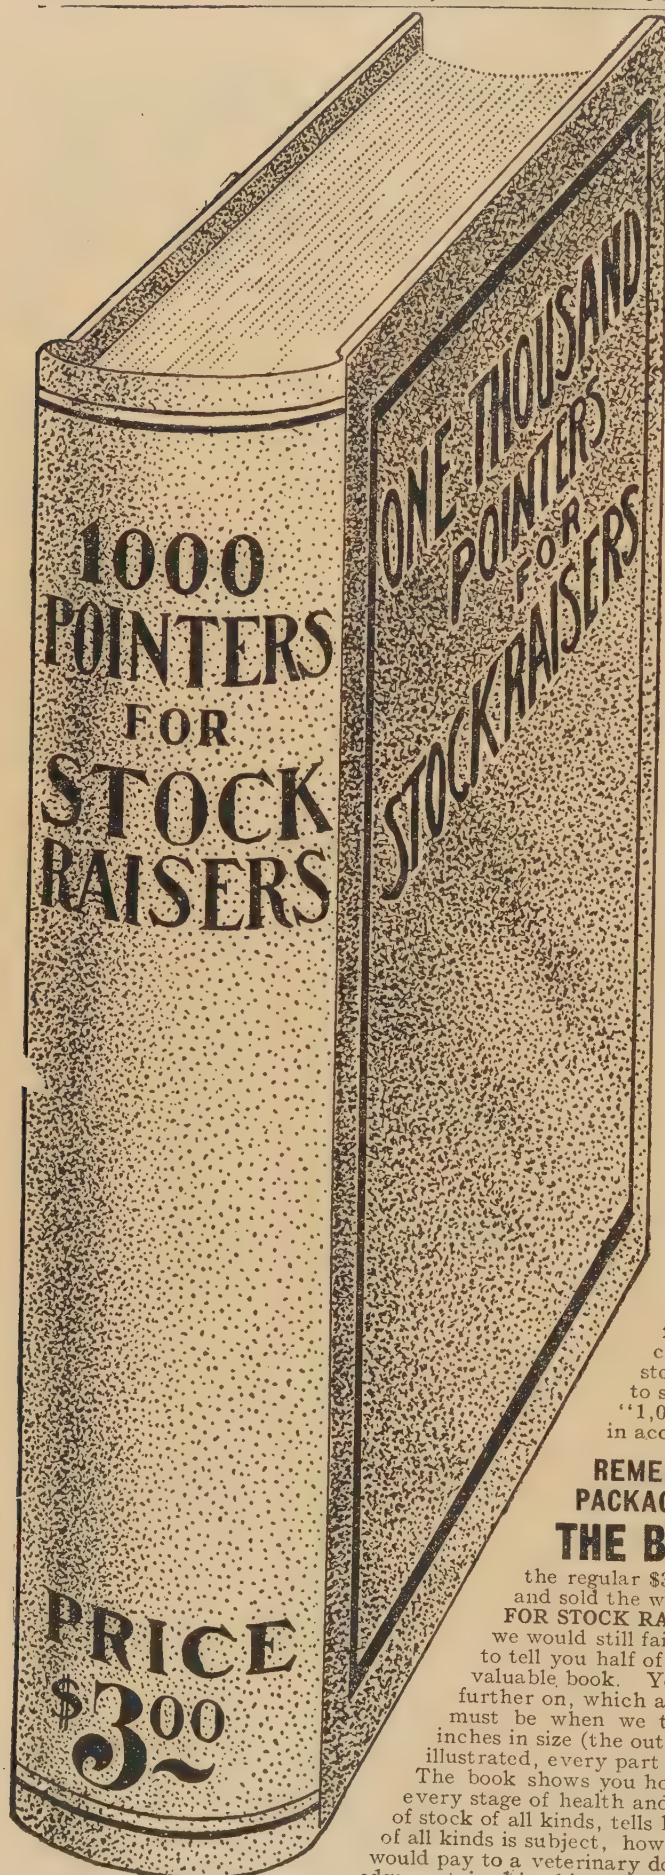

1. How to top the market.
2. How to get 15 pounds of pork from 1 bushel of corn.
3. How to feed for milk and butter.
4. How to feed for lard or bacon.
5. How to feed for wool and mutton.
6. How to feed for eggs and table fowl.
7. The comparative value of American feed stuffs.
8. How to build sanitary farm buildings.
9. How to dig irrigating ditches.
10. What feed you can raise most economically and what feed you can buy to advantage.
11. How to treat and care for your live stock in disease.
12. How to prevent disease in your stock.
13. How to meet the market demands.
14. How to ship your stock.
15. THE TRUTH ABOUT STOCK FOODS.
16. The results of government investigations in all lines of interest to the live stock raisers and farmers for the past 10 years.

THIS BIG BOOK IS FREE.

IT IS YOURS. It was written EXPRESSLY for YOU, if you are a farmer or breeder of live stock. It is not the ordinary free gift with which you have had experience.

It was written to be sold and is now sold, in the cloth bound edition, the world over, and, under our agreement with the publishers, we must reserve the right to withdraw this free offer at any time. But, first, we want you and every other progressive feeder and breeder of stock, who appreciates the value of such a work, to secure one of these free copies, if you do not feel like sending us 50 cents for the \$3.00 edition. There is positively no cash to be paid with this generous offer. We tell you frankly our object in offering you this book free. Our object is simply a pleasant method of bringing your attention to our new department of stock food, a quick means of getting acquainted, as it were. Once you have secured and read this book, we know that you will be convinced of the value of the matters contained therein, and of our sincerity and ability to serve you in your feeding and farming. Thus we expect to demonstrate the value of Davis Stock Food and naturally hope that some time, when you are ready, you will send us a trial order for Davis Stock Food, and we know that a trial order will make an enthusiastic and regular customer of you. And if it does, the book will serve its mission. Just remember that there is no string whatever tied to this free book offer. Just write for the book, tell us how much stock you have, and we will promptly and cheerfully send you the book, without a cent of expense to you or any obligation on your part in any way. Send for the book now. This free offer will not last indefinitely. You do not even need to bother about sending a letter. Just say on a postal card or in a letter, "I have... head of horses,.... head of cattle,.... head of hogs,.... head of sheep. Send me, free of all charge, your large book, entitled 'One Thousand Pointers for Stock Raisers,' securely bound in paper, the regular 50-cent edition, as per your offer on page 872 of your catalogue," and we will send it to you by return mail free and postpaid.

THAT IS EASY, IS IT NOT? BUT DO IT QUICKLY, WHILE OUR FREE OFFER LASTS. WRITE US TODAY.

You Can Get This Big, Ele-Book, Together With a Big

WE ARE EXTREMELY ANXIOUS FOR YOU TO OBTAIN A COPY OF THIS IMPROVED AND VALUABLE STOCK BOOK, even if you do not care to send 50 cents for the regular \$3.00 book, and especially are we so anxious for you to make an actual trial of Davis Stock Food and learn what it will do for your stock, that we have worked out a method by which you can get both the \$3.00 book and a big two-pound package of Davis Stock Food FREE without it costing you one penny. The big cloth bound book, printed on heavy paper, costs a great deal to send by mail or express, and the mail or express on a two-pound package of stock food in addition would be a considerable item of expense either to you or to us, and so that there may not be any expense for transportation for the big cloth bound \$3.00 book and the two-pound package of stock food, any expense either for you or for us, we have this plan to explain to you—this wonderfully liberal free offer.

SEND US AN ORDER FOR ANY MERCHANDISE

from any of our various departments to go to you by freight, fill out the blank coupon at the bottom of the opposite page, cut it out and attach it to your order, and we will pack with your goods and send to you, free of cost to you, a copy of the regular \$3.00 cloth bound edition of the great book—"1,000 Pointers for Stock Raisers," and also a full size two-pound package of Davis Stock Food. The only conditions we provide are to tell us about how much stock you own and that you have never used Davis Stock Food. This is our great introductory offer. By this method we can place in your hands, without any expense for mailing or express charges (for the book and package will add absolutely nothing to your freight), a copy of the finest edition of a book that every farmer or owner of stock should have, and a full size package of Davis Stock Food, containing 80 full feeds, free, for a thorough trial. We want you to have the book and read it. It is worth so much to any owner of stock, contains so much valuable information that we would really like every one of our customers to have a copy of this valuable book—"1,000 Pointers for Stock Raisers," regardless of whether or not they ever buy stock food from us or anyone else, and at the same time we want you to try Davis Stock Food. If you have been using stock foods heretofore you will find Davis Stock Food superior to anything you have ever used, without exception. If you have entertained a prejudice against stock foods heretofore, if you have felt that there is too much mystery about the subject of stock foods, that you knew too little of stock foods and what they contain, that you did not care to experiment with them, we especially want you to take advantage of this offer. There is no mystery, no secret about Davis Stock Food. You can see exactly what it is made of, it so states on every package. It is simply the application of twentieth century methods and knowledge. Davis Stock Food is scientific feeding. The world is advancing every day in all lines. You should not fail to avail yourself of the latest advancements in the feeding and care of stock. It means money in your pocket. Make this trial before you forget it. Send us your order for goods to go by freight, fill out the blank lines opposite, attach the coupon to your order and we will send you, free of any expense to you, one of the regular \$3.00 books and a large, full size, regular package of Davis Stock Food. If you don't want to cut the catalogue page you can copy the coupon in your order, tell us how much stock you own, say that you have never used Davis Stock Food, and ask us to send you free in your freight shipment one of the regular \$3.00 books—"1,000 Pointers for Stock Raisers," and a large package of Davis Stock Food, in accordance with the offer made in our catalogue.

REMEMBER, THE BOOK WE PROPOSE TO SEND YOU FREE WITH A PACKAGE OF DAVIS STOCK FOOD WITH YOUR FREIGHT SHIPMENT IS THE BEST EDITION THE PUBLISHERS PUT OUT,

the regular \$3.00 edition, elegantly bound in full cloth binding, printed on heavy paper and sold the world over for \$3.00. It is just what its name indicates—"1,000 POINTERS FOR STOCK RAISERS"—and if we used ten pages in this catalogue to describe this book we would still fail to cover all of its interesting and valuable chapters. We cannot begin to tell you half of the important information that will be found between the covers of this valuable book. You can get some idea of the value of it from the subjects we mention further on, which are fully treated on in this book. You can get some idea of what the book must be when we tell you that it contains over 200 big pages which measure 8½ by 11½ inches in size (the outside of the cloth bound book measures 9 by 12 inches) and that it is fully illustrated, every part of the text made clear and plain by pictures photographed from life. The book shows you horses, cattle, sheep, hogs, poultry of all kinds and classes, breeds, every stage of health and disease, tells everything about the breeding, raising, handling of stock of all kinds, tells how to immediately recognize the disorders and diseases of all kinds is subject, how to give simple home treatment, how you can save many a head would pay to a veterinary doctor, when to call in the service of a veterinary doctor, and the edge contained in this book will surely actually save you many a head of stock.

giant, Cloth Bound, Regular \$3.00 Stock 2-Pound Package of Davis Stock Food **FREE**

THE BOOK IS A REAL ENCYCLOPEDIA OF KNOWLEDGE FOR STOCK RAISERS.

IT IS POSITIVELY THE GREATEST STOCK BOOK EVER WRITTEN, THE MOST VALUABLE STOCK BOOK EVER PUBLISHED, THE MOST IMPROVED COMPILATION OF THIS NATURE THAT WE HAVE EVER HAD THE PLEASURE OF EXAMINING.

WE WANT EVERY ONE OF OUR CUSTOMERS who own stock of any kind, no matter how much or how little, to have this book and to read it carefully. We know it will make money for our customers and it will save them money, too, and we have therefore thought out this plan, that everyone may get a durable, permanent copy free, a book to put in the library, a book to refer to daily, a real, important, valuable and permanent work of reference. Understand, all that you need to do is to think of this when you send us your order for goods to go by freight. Make up an order to go by freight now. Send us the blank properly filled out or copy the wording of it in your order, and the great book, the finest edition, bound in cloth, the regular \$3.00 book, packed together with a full size package of stock food will go to you with your shipment free with our compliments. **BY SPECIAL ARRANGEMENT** with the publishers of this book, we have secured a limited edition, and, knowing the value of the book, we want every farmer and stockman in the United States to obtain a copy of it.

CONTAINS OVER 200 PAGES of solid reading matter and illustrations, giving exactly the information you desire on every imaginable thing about the farm and feed lot, valuable reviews of all feeding problems, specimen rations, nutritive values, taken from actual experiences of the world's most prominent and successful stock breeders and raisers. You cannot afford to miss the valuable information, data and suggestions which this book contains. It is beyond a doubt the most modern, comprehensive, reliable and authoritative book which has ever been published and offered to the stockmen and farmers of the United States. There is at least one page, and possibly many more, of this book that contains just the information which you are hungry for. It will solve some particular problem that has been vexing you—the chances are that you will find 50 just such pages of vital interest and special value to yourself and your particular locality. It brings the science and knowledge of the live stock and farming world home to your door. It is a veritable library in itself.

**THIS IS THE REGULAR
\$3.00 EDITION.**

Elegantly Bound in Full Cloth Binding, Printed on Heavy Paper and Sold the World Over for \$3.00.

IT IS WORTH MANY TIMES ITS PRICE

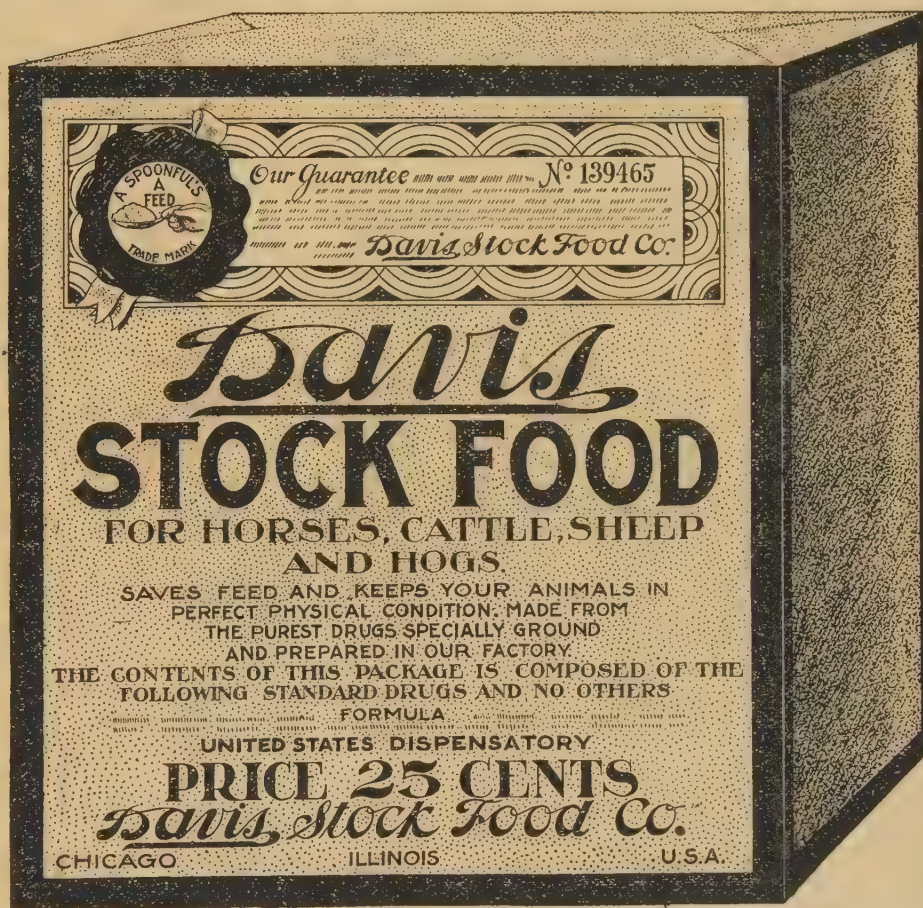

TO ANY STOCKMAN OR FARMER, AND YOU CANNOT AFFORD TO BE WITHOUT IT.

IF YOU WANT TO KNOW

1. How to top the market.
2. How to get 15 pounds of pork from 1 bushel of corn.

11. How to treat and care for your live stock in disease.
12. How to prevent disease in your stock.
13. How to meet the market buyers.
14. How to ship your stock.
15. The truth about stock foods.
16. The results of government investigations in all lines of interest to the live stock raisers and farmers for the past 10 years.

**THIS 2-POUND PACKAGE OF
DAVIS STOCK FOOD FREE
WITH THE BOOK IN A FREIGHT ORDER.**

DAVIS STOCK FOOD is NOT a PATENT MEDICINE or a "cure all." Its ingredients are NO GREAT SECRET, but are printed in plain letters on every package so that YOU WILL KNOW exactly what it is made of; so that you will know just what you are giving your stock; so that you will know that when you buy it you are getting just what you pay for and full value for your money. It is the result of twentieth century research, experience and science. It will not cure all forms of disease, but it will enable you to raise wonderful stock; it will prevent disease in your stock; it will enable you to make 3 bushels of oats take the place of 4; it will enable you to fatten your steers in thirty to sixty days less time; it will enable you to turn your hogs off at five or six months, each weighing 200 pounds and over; it will enable you to raise big, healthy litters; it will enable you to feed that fancy bred sow, that Jersey bull, that prize sheep for the show ring, and give you a blue ribbon every time. It accomplishes all this in accordance with well known principles that you yourself know. It assists and brings to the highest state of perfection the digestive faculties of the animals; it absolutely prevents the loss of feed in feeding; it insures you against your animals going off their feed; it prevents constipation and keeps the bowels open; it will make the coat of your horse grow smooth, slick and shining; your horse will do better work, harder work and more of it on less feed than ever before. We know all of this, and we want you to verify and substantiate our statements for yourself. We want you to be the judge without any expense to yourself. We are, therefore, going to send you this package of Davis Stock Food, together with our large book, entitled: "One Thousand Pointers for Stock Raisers," if you will only fill out and send us this coupon with your freight order or write this in your order.

This illustration shows the large, full size, regular 25-cent package of Davis Stock Food that you can get absolutely free, together with a copy of the \$3.00 book, "1,000 Pointers for Stock Raisers," bound in full cloth, absolutely free with an order for goods to go by freight.

Fill out coupon below, attach it to your next order for goods to go by freight, or copy the wording of the coupon in your order, and we will send you FREE with your goods a copy of the big stock book, as fully described, and a 25-cent package of Davis Stock Food, all without any expense to you.

THE \$3.00 STOCK BOOK AND PACKAGE OF DAVIS STOCK FOOD FREE.

SEARS, ROEBUCK & CO.

I have.....head of horses,.....head of cattle,.....head of hogs,.....head of sheep,.....head of poultry. I have never used Davis Stock Food. Send me, absolutely free of charge, in my freight shipment order, your large book, the regular \$3.00 edition, full cloth binding, entitled, "One Thousand Pointers for Stock Raisers," and your large 25-cent package of Davis Stock Food, which I agree to use as directed.

THAT IS EASY, IS IT NOT? BUT DO IT QUICK, NOW, WHILE THE OFFER LASTS.

Davis STOCK FOOD

2 POUND 25c; 4 POUND 50c; 8 POUND \$1.00
PACKAGE PACKAGE PACKAGE

FOR THE CONVENIENCE OF OUR FRIENDS AND PATRONS who only keep one

or two horses or cows and who would rather become acquainted with the Davis Stock Food by buying one or two months supply at a time, we have had it put up in handsome cartons of 2, 4 and 8 pounds each. The 2-pound carton contains 80 full feeds, the 4-pound carton, 160 full feeds, and the 8-pound carton, 320 full feeds. For the small user these cartons are handy, as they can be kept clean and in a dry place. We want you, if you have never used Davis Stock Food, and do not care to give us an order for 100 pounds, to send us an order for one of these different sizes. Remember, that every pound of Davis Stock Food used will save one bushel of oats or its equivalent, if fed according to directions. Your horse may be run down in flesh, his appetite may be poor, he may be troubled with worms, he may seem unable to extract any nutriment from his feed, though he eats enormous quantities. If so, send us an order for a package of Davis Stock Food, and feed it as directed (full directions sent with every package), ask our advice, if you will, and if, after having fed the entire package, you are not fully satisfied, just write and tell us so, and we will cheerfully refund your money, without quibbling or argument. You may have a cow which is run down in flesh. She may not be giving the amount of milk that she ought to, or her milk may be deficient in cream, perhaps it is ropery and stringy or blue; her appetite may be poor. If so, send us an order for one of these packages of Davis Stock Food, feed it as directed, and, if she does not give more milk and better milk and at the same time pick up in flesh, have a brighter look about the eye, just write and tell us so, saying that you are not satisfied and we will return every cent you have paid us. Perhaps you live near town and have a few pigs that you are raising to use for this winter's pork supply; you are interested in getting as good a quality of pork as possible; you want their systems to keep free from disease, because you expect to eat the meat; perhaps you are particularly fond of lean meat, or perhaps you want

lard. Again, the pigs are very likely to be troubled with worms, which is very detrimental, while the greatest foe in raising hogs is constipation. Davis Stock Food regulates all this. It will make a decided improvement upon the quality of the meat. If you will follow our directions, your pigs will grow fast, and lean meat will be in preponderance, or fat, if fed according to the directions for lard, and you will profit by it, it will keep their bowels and systems free from worms and parasites and absolutely prevent constipation. The health of yourself and your family depends upon keeping this meat sweet, pure and clean. Davis Stock Food, if used regularly, will insure this. Just remember that it is not an expense; it pays for itself, it will make your hogs gain from one to two pounds a day a piece on less feed than you are now giving them, and when killing time comes your neighbors will envy you. Remember, that our certificate of guarantee is put on every package, that it means just what it says, and that if at any time you are not fully satisfied with the results after having used the entire package, all we ask is that you write and tell us so and give us an opportunity of returning every cent you have paid us. We know what Davis Stock Food is, and we know that it is far superior to anything manufactured in the way of stock foods today. We know that the Davis Stock Food Company has the most modern and thoroughly equipped plant of its kind in the world. We know that they use only absolutely pure drugs and, most important, we know that every pound of Davis Stock Food carries its full quota of medication, and that you are buying it for less money than if you went to your druggist. Try it, if you will, and note the results for yourself. The ingredients of which it is composed are printed in plain letters on every package, and any druggist will allow you to see his United States Dispensatory, in which the actions of the various drugs are given. If you do not care to ask the druggist, ask us to send you the book, entitled "One Thousand Pointers for Stock Raisers." It contains verbatim descriptions of all the ingredients taken from the UNITED STATES DISPENSATORY, an official publication by the UNITED STATES GOVERNMENT. Do not forget to send us an order today. Our special prices for Davis Stock Food are as follows:

No. 65F100 Davis Stock Food, 2-lb. pkg. Price..\$0.25
No. 65F105 Davis Stock Food, 4-lb. pkg. Price.. .50
No. 65F110 Davis Stock Food, 8-lb. pkg. Price.. 1.00

DAVIS STOCK FOOD =25= \$3.00 POUNDS

THIS IS A FAITHFUL PICTURE of a 25-pound pail of Davis Stock Food. It is put up in this manner for the convenience of persons owning from three to five head of stock. The pail is a heavy wooden pail, nicely finished and secured by patent cable hoops. You will find it useful on the farm after the stock food has been used. It contains 25 pounds, full measure, of Davis Stock Food—one thousand full feeds. The price of each pail of 25 pounds is \$3.00, and, if fed according to directions to horses, it will save twenty-five bushels of oats, worth at least \$7.00—more than twice the amount we ask you for the stock food. It is sufficient to feed four horses for three months. Perhaps you have four or five horses that you use for carriage purposes. If so, you naturally wish them to look spry and span, to have a smooth, shining coat, to be full of life and energy. If so, send us an order for this 25-pound pail, use it all according to directions, and if you are not entirely satisfied that it has saved you more than twice its cost, that, if as a consequence of having fed it, your horses do not look better, feel better, than they ever did before—just write and tell us, and we will without any argument return every cent you have paid us. We realize that we are making an exceptional offer; there is not another stock food company in America that would dare to make such an offer—but we know that Davis Stock Food is honest all the way through; we know what it will do, and—better than that—

we know that the great mass of American stock raisers are honest; we know that no one will be better pleased than yourself if Davis Stock Food bears out our statements, and that is all we ask; for we know that if it does, you will be only too glad to buy more of us and say a good word for it. **ONE THING IS IMPERATIVE, HOWEVER;** not expect to feed Davis Stock Food one meal, forget it the next, feed it the next, then miss it for three or four days, and again feed it for a few times and still expect results. It must be used every day, three times a day, if the best results are to be obtained. You would not expect your horse to keep in any kind of condition and do its work if he was only fed occasionally. Therefore, grant Davis Stock Food the same attention that you do your regular feed. It is no trouble whatever, if you will only just remember to use it, and if you do, we know that you will become an ardent advocate and friend of Davis Stock Food. **THE SAME GUARANTEE** and the same formula that is found on every package of Davis Stock Food is put on the pail. Do not hesitate or wait to send us an order. Do it today; send in an order for this large 25-pound pail at \$3.00 and get the benefit of the lower price.

No. 65F120
Davis Stock Food,
25-pound pail... **\$3.00**

Four 25-lb.
pails, or 100
pounds of

**DAVIS
STOCK
FOOD**

and why you
should have
that much.

**WE
STRONGLY
ADVISE**

all owners of from five head of stock and upward to send us an order for 100 pounds of Davis Stock Food. One hundred pounds is sufficient to feed 15 head of horses or 15 dairy cows for three months. It will save you 100 bushels of feed, worth more than twice what we ask you for the 100 pounds. Davis Stock Food must have a fair show and opportunity to demonstrate its worth. It must be fed with religious regularity, just the same as you feed oats or other feeds. You must not—and we do not think that you would—expect your cows to give milk very long, or your horses to be in condition to work very long, if you did not feed them regularly, and we know that you are fair minded enough to realize that the same holds good of Davis Stock Food. Make up your mind when you buy it that it becomes just as much a part of your horses' maintenance ration as the oats and hay, and feed it not once or twice, but all the time. Again, horses, cattle, sheep or hogs that have been run down and are out of condition and whose digestive systems have been deranged, perhaps for years, will not show results in a day or two. You can appreciate this fact, that it will take perhaps a month before any visible results will be obtained. But at the end of this month the change for the better will be so rapid and so apparent that you will be delighted. Your horses will then begin to enjoy life in the full sense of the word. Your cows will fill the milk pails night and morning, and your wife will be delighted with the large amount of rich cream in the milk. If you are in the dairy business, and your cows' milk has run around 3 to 4 per cent butter fat, you will be surprised to see how the percentage will increase—and all this with less feed. It is a well known and acknowledged fact that 90 per cent of the domestic animals today have indigestion in one form or another. They are consequently unable to extract anywhere near all of the digestible nutrients from the feed. American feed stuffs, in the stomach or alimentary canal of the average domestic animal, will yield only about 80 per cent of their digestive nutrients. You are thus losing 20 per cent of the actual feed which passes through the animal undigested. And this does not mean that you are only actually losing the feed value, but the whole animal system is deranged, and does not assimilate even as much as the digestive juices are able to throw into solution. By the addition of Davis Stock Food to the regular ration, the entire system is slowly but surely brought into a normal condition. All the glands of the

Our Guarantee No. 139460

We hereby guarantee the contents of this package to be composed of the ingredients as printed on the package. That shape drugs are absolutely pure and conform to the standard of the U.S. Pharmacopeia. If there is any more in the package, we will cheerfully return the money. digestive system are toned up and corrected, as it were, the digestive juices are properly secreted and in abundance, thus subjecting the food stuffs to the full force of the digestive system, as nature intended. The liver, the pancreas, are made to brace up and perform their normal functions. The muscular walls of the intestines are given new life and peristalsis is uninterrupted, thus preventing constipation. We know all of the foregoing, and know that every pound of Davis Stock Food will save a bushel of grain, surely a profitable proposition, which you cannot afford to overlook from any standpoint; and now—before you forget it—send us an order for 100 pounds of Davis Stock Food. You cannot afford not to do it. Just send us \$12.00, and we will ship it to you. Feed it all—every particle of it—and if you are not more than

afford to overlook from any standpoint; and now—before you forget it—send us an order for 100 pounds of Davis Stock Food. You cannot afford not to do it. Just send us \$12.00, and we will ship it to you. Feed it all—every particle of it—and if you are not more than

No. 65F125 Davis Stock Food. Price, for four 25-pound pails, or 100 pounds.....\$12.00

YOUR HORSES

IF YOU HAVE HORSES FOR PLEASURE, you naturally take a pride in them, do you not? You are particularly anxious to have them look smooth and sleek, to have plenty of life and energy, with their heads up, their coats sleek, and every nerve on edge. You like them to be able to take you on a twenty mile drive into the country and still feel like coming home. Have you ever noticed that such a trip seems to take the very life out of them, as it were? It should not. The horse in its wild state (while such a trip would naturally make him tired), still had just as much life and

Compare this picture with the lower one. Does your horse look like this? If so, feed him Davis Stock Food.

ginger at the end of such a trip as when it started. Did you ever stop and consider that your horse does not live under natural conditions? Did it ever occur to you that, like man, he is in need of correctives, of condiments and of some of the little necessities that the human family must have in order to meet the twentieth century ideas of living? Did you ever notice that the oats or corn pass through him whole? Take notice of these things, and we think you will agree with us. DAVIS STOCK FOOD is just what you have been needing. It will rapidly bring your horse into condition, whether he be a driving horse, a delivery horse, a heavy work horse, or used for breeding. DAVIS STOCK FOOD, first of all, makes the grain palatable, an absolute necessity. You may notice it on yourself. Is there anything that you are particularly fond of? If there is, just take notice of yourself next time you eat it. You do not swallow it whole, as if it were simply a duty you perform, you thoroughly masticate it and hold it in your mouth as long as possible, so as to obtain all the pleasure that its particular flavor or character gives you, "a toothsome morsel," as it were. It stimulates the flow of saliva, and induces you to thoroughly masticate it, making it the more digestible. Again, who is there that can take a lemon and cut it without inducing a heavy flow of saliva to the mouth? You have heard of the small boy, perhaps, who appeared in the midst of the village band with a cut lemon and put that band out of business. DAVIS STOCK FOOD, first of all, makes the feed palatable. The horse soon becomes accustomed to it and looks for it just as much as you are looking for your salt and pepper on your table. It adds palatability to his usually tiresome feed. He gets so that he thoroughly enjoys it, and, enjoying it, masticates and grinds the grain and feed thoroughly, thus getting it into condition for the digestive juices to thoroughly saturate it. In the stomach DAVIS STOCK FOOD stimulates the walls of the stomach, in which are situated thousands of minute glands, secreting the various digestive juices, thus giving them an abundance, causing the entire intestinal tract to be enlivened, and bringing the millions of small glands into action. The muscular walls are toned up and given new life, thus keeping the food moving ever backward, and with an abundance of digestive juices present, throwing all available nutrients into solution. The villi and small capillaries are thus enabled to fulfill their functions in a satisfactory manner, and to assimilate and absorb all the good there is in the feed. The greater part of DAVIS STOCK FOOD is taken up by the blood. It strengthens the vital organs; the liver is awakened and made to perform its functions; the pancreas must fall in line; the kidneys are braced up, as it were, and the metabolic process is stimulated and made to take care of all the poisonous matters in the blood.

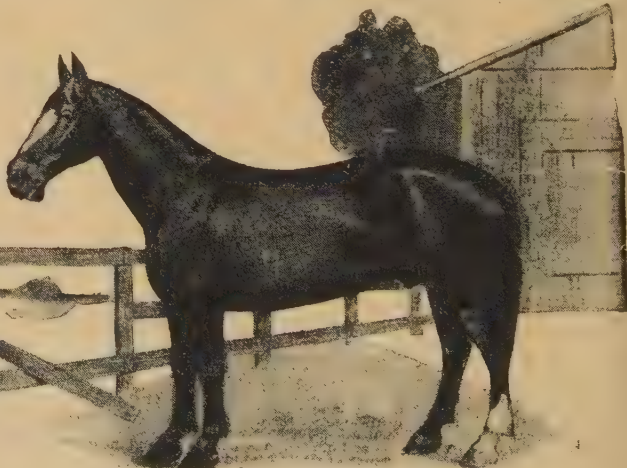

You are thus losing one-fourth of your grain and feed; surely not a very profitable condition of affairs. And you, as a business man, will appreciate any proposition that will enable you to do away with this loss, especially so, when, at the same time, you are getting your animals into better condition, and thus getting better results from them. Oats are the premier food for the horse, to use that as an example. It has been proven beyond all doubt that DAVIS STOCK FOOD will save at least fifteen to twenty per cent, or, in other words, will increase the digestive powers of the animal, enabling it to extract from fifteen to twenty per cent more nutriment from the grain. It is therefore obvious that you can save from fifteen to twenty per cent in grain by the use of DAVIS STOCK FOOD. One pound of DAVIS STOCK FOOD is sufficient for ten days' feed. Supposing you are feeding your horse twenty-one quarts of oats a day in order to keep him in condition and do the work you ask of him. This will mean 210 quarts of oats in ten days. If DAVIS STOCK FOOD fully enables the horse to extract fifteen per cent more nutriment in these ten days, this will mean a saving of thirty-one and one-half quarts, or practically one bushel of oats. Therefore, after a month, cut your horse's feed down to eighteen quarts a day, a saving of three quarts every day; and if your horse is not in better condition on eighteen quarts of feed, with DAVIS STOCK FOOD, than he ever was on twenty-one quarts, when without it, we do not want a cent for DAVIS STOCK FOOD. It must pay its own way and if it doesn't, nobody pays. One pound of DAVIS STOCK FOOD costs you 12 cents, and it will save one bushel of oats. To all practical purposes you are therefore

BUYING OATS AT 12 CENTS PER BUSHEL.

As a business man, you will agree with us, that this is certainly a good proposition. It means that in a year you are saving on each horse over thirty-four bushels of oats, worth at least 32 cents a bushel, making an actual saving of \$10.88. It will cost you \$4.32 to feed DAVIS STOCK FOOD to a horse for one year, leaving an actual profit on the transaction of \$6.56, to say nothing of the improved condition of your horse. That is not so bad, is it? We know this, and we want you to know it. And the only way you can satisfy yourself is by sending for a pail of DAVIS STOCK FOOD today; start feeding it, giving your man instructions to feed it just as regularly and with as much attention as he gives to feeding the horses oats. And if it does not pay its own way, verifying all that we have said, just tell us about it, and we will cheerfully return every cent you have paid us. That is the way we expect to sell DAVIS STOCK FOOD. It is on satisfied customers that we expect to build the largest stock food business in the world, and we want you to try it. So, sit down, write now, and send us \$3.00 for a twenty-five pound pail of DAVIS STOCK FOOD. You to be the judge in this case.

HORSE POWER.

If you were using a ten horse power engine in your business you would expect it to give you ten horse power, wouldn't you? If it did not you wouldn't waste much time in seeing why it did not, and, having ascertained the cause, you'd fix it. It may have been because of poor feed, the mixing valves were perhaps out of order and were not giving the proper mixture, thus making it impossible for the engine to get all the power out of the gasoline. You wouldn't hesitate to thoroughly investigate the reason of inefficiency in a piece of machinery. So be fair and at least do the same for your horse. Your engine may be a nice piece of mechanism, but it is only man's creation and not nearly so complicated or perfect as your horse, and it doesn't get half the abuse. You only expect it to run under favorable conditions. You expect your horse to work under all conditions, and if he fails you blame the horse. Is that quite fair? Are you looking after the health of your horse with the same care you give your machinery? He can't give you adequate service for the feed he eats unless the digestive organs are in a position to extract all the nutriment from the grain, and if he is unable to do this he is not only losing a large percentage of his feed, but the entire digestive tract is disturbed and a thousand and one functional disorders are liable to follow. Do you honestly think he can do himself justice? Did you ever have indigestion? Do you ever have trouble with your bowels? Could you go out and do a hard day's work if your last meal was undigested and seemed like lead in your stomach? Stop now and consider the matter; you're fair minded enough to give your horse a "square deal." That horse you've been calling lazy may not need a whip. Just assure yourself that his digestive organs are properly performing their functions before you condemn him. We've all heard the expression, "He has no life in him," and we all know the usual remedy, a whip. Do you think that good treatment? You can make him jump for a few feet with that same whip, but it won't help the day's work. Just try DAVIS STOCK FOOD with that horse, give it a fair trial and the horse a square deal. It won't be long until he brightens up, he'll go at his work with a zest and determination that will surprise you. He will thoroughly enjoy his feed and you can throw that whip away. You have

Davis Stock Food will do as much for your horse.

THIS TELLS YOU HOW
DAVIS STOCK FOOD
 ACCOMPLISHES
 ITS APPARENTLY
PHENOMENAL RESULTS.

It explains the reason and methods whereby it saves grain. It is a well known fact that American feed stuffs have an average digestibility of approximately fifty-five to sixty per cent. This means that they are able to yield that much nutriment if the system is able to extract it, as it should; but eighty to ninety per cent of our domestic animals are incapable of doing this; the digestive system is not working smoothly, owing to the abnormal conditions of their surroundings and the work they are called upon to perform. Therefore, very few of them are able to extract more than seventy-five per cent of the digestible matter.

doubtless been feeding him eight or ten quarts of oats at a feed—stop it! Give him seven and see how much better he does, and don't forget to credit DAVIS STOCK FOOD with the three quarts of oats you save every day. It costs you a trifle over 1 cent a day to feed—three quarts of oats are worth at least 3 cents. That tells the story, DAVIS STOCK FOOD pays its own bills, just give it a chance. Send us an order now, today, and if you are not more than satisfied write and tell us so and give us an opportunity to return your money.

No. 65F125 Price, per 100 pounds **\$12.00**

DO YOU LIKE GOOD, RICH CREAM?

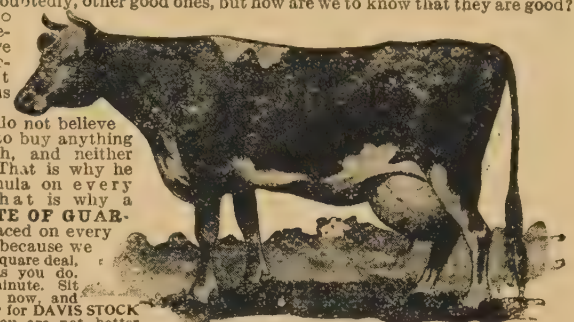

How are those cows of yours doing? Perhaps you have only one or two, to supply your immediate needs. Perhaps you are running a dairy, producing milk, cream or butter for profit. No matter which of these you are doing, you are interested in getting all the milk you can from your cow. You are interested in having that milk just as rich in butter fats as possible. You are more than interested in having that cow in perfect health and free from disease. There is only one way to do this, and that is by keeping her in perfect physical condition, assisting

Perhaps Your Cow is in This Condition.

her to properly perform the functions that the Creator intended her to perform. The cow of today is a highly organized milk machine. Under nature's regime she roamed the fields at will and brought forth her young, and gave simply enough milk to raise the young animal. Her milk producing functions were then allowed to rest until another year came around. Now all this is changed. Man is not satisfied to allow nature to take its course. The cow must give milk every day in the year. The young is seldom allowed to take its full quota. The modern cow is a milking machine, pure and simple, running at full tension and a truly marvelous piece of mechanism. The average cow in a year should give you at least 6,000 pounds of milk. Just stop a minute and consider what this means. It means that you are taking her total weight from her every two months, and carrying it to the milk house. It means that you are taking from her approximately six times her total weight in a year. This is so common and ordinary that we seldom stop and place it down in cold figures, but when we do this, we are compelled to marvel at the efficiency of this machine, run under a continual high pressure. Man has never produced or invented anything more wonderful, more complex, and, at the same time, more simple and efficient. Do you not think that it would be well for you to pay close attention to the needs of your cows? Unless her entire digestive system is working and in absolutely perfect condition, it goes without saying that she cannot obtain that from the feed which is absolutely necessary for her in the production of her milk. Just remember this, and do not blame your cow if she is not giving so much milk as you wish, and if she is not giving milk sufficiently rich in butter fats. Do not blame her if her milk is ropy or stringy or blue. Rather be fair, and blame yourself. The mechanism is there, and you are the engineer in charge; it is your business to see that proper fuel in the way of nutriment, etc., is supplied. The cow, in her wild state, could do this herself. She could roam the fields and the hills, gathering the fragrant grasses; partaking of the various roots, herbs and barks (roots, herbs and barks were nature's stock foods), and thus keeping her system in perfect condition. But man has changed this, and in the changing, he must replace it himself, so that the animal economy is supplied with the necessities of life.

DAVIS STOCK FOOD is composed of absolutely pure roots, herbs and seeds. They are gathered from the four corners of the globe, and are those which long experience has demonstrated to be the most effective for their respective uses. Their composition is no dark secret. We take you fully into our confidence, placing our formula on every package. We do not ask you to feed your cow a thing on which you cannot obtain full and complete information. And when you read the description in the United States Dispensary, of the functions of these various ingredients, we feel confident that you will agree with us that it would be impossible to get a more ideal combination than **DAVIS STOCK FOOD**. It keeps the digestive system in perfect condition. It purifies the blood, keeping the system free from disease and making the milk that you have on your table pure and sweet and fit for human use. It stimulates the mammary glands, keeps them working perfectly, and thus enables them to convert the foodstuffs into the purest of milk. **DAVIS STOCK FOOD** pays its own way. It is not a question of, can you afford it? but, can you afford to be without it? We know what **DAVIS STOCK FOOD** is. We know what it will do; and we want you to know. We want you to send us an order for enough of **DAVIS STOCK FOOD** to thoroughly try it, and watch results. Your wife will be delighted with the quality of the milk. She will tell you mighty soon what **DAVIS STOCK FOOD** is doing for that cow. Remember, we ask you to be the judge. We want you to thoroughly try **DAVIS STOCK FOOD** at our expense, and, if you are not fully satisfied, after having given it a fair and impartial trial, you can do us no greater favor than tell us, and give us an opportunity of returning every cent that you have paid. That shows how much we think of **DAVIS STOCK FOOD**. We know that you will think just as much of it, when you have had an opportunity to try it. Do not think that **DAVIS STOCK FOOD** is in the same class with other so called stock foods. There are, undoubtedly, other good ones, but how are we to know that they are good? We have no method of determining, since the manufacturers do not see fit to tell us what they are made of. We do not believe in asking you to buy anything on blind faith, and neither does Davis. That is why he puts his formula on every package. That is why a **CERTIFICATE OF GUARANTEE** is placed on every package, just because we all believe in a square deal, just as much as you do. Do not wait a minute. Sit down and write now, and send us an order for **DAVIS STOCK FOOD**; and if you are not better satisfied with your purchase than anything you have ever purchased before, we will be mighty badly mistaken. If after you get it there are some feeding questions that seemingly bother you, write us about it. We are only too glad to tender our assistance. We believe that we have in our organization the means of obtaining valuable information, and consequently of giving valuable advice and assistance upon knotty feeding problems that may trouble you, and we are only too glad to extend our services. And just remember this, that we are looking for an order from you for **DAVIS STOCK FOOD**. We want every owner of stock in the United States to try **DAVIS STOCK FOOD**; and if it is within our power to induce you to try it, we know that you will become a permanent customer and an enthusiastic advocate of it.

What Davis Stock Food will do in Six Months.

HOW TO SELL YOUR CORN FOR ONE DOLLAR A BUSHEL

Have you been hauling your corn or your other grains to the elevator, and taking just the market price? Did you ever stop and fully consider what you were doing? It doesn't pay. You are simply selling your farm by the wagon load. You are taking that grain, which came from the soil, and which has all the best of the land within its kernels, and in selling it you are robbing your farm of all the best elements it contains. Stop it. It is bad business. Rather market your corn and other grains on the hoof. You say you need the immediate money.

Compare These Barrows with the Ones on the Other Picture.

That is a mighty good reason, but, after you get started in the right lines, you will always be in a position to get ready money. There is no greater machine on earth for the converting of corn into ready money than hogs. Just a plain, quiet, American hog, given his full share of attention and treatment. Did you ever stop to consider the conditions in which the American hog has forced his way to the top? There is no more abused animal, there is no more neglected animal on your farm than this same hog. He is given, in many instances, the refuse of the other live stock. If there is any moldy corn, it is picked out for the hog; if there are any decayed vegetables they go to the hog; and, when it comes to housing him, in nine cases out of ten, he is shown the manure pile back of the barn, with the mud hole for his front yard. And still this is the same hog that has produced millions of wealth in this broad land; he has raised thousands of mortgages, and his fame has spread the world over. Perhaps your experience in hog raising has been a bitter one. Disease may have entered your herd and cleaned you out. You may have had bad luck with your sows in raising your pigs, and now you are thoroughly disgusted. But be fair, and do not blame the hog. When you consider the conditions under which he has developed, it is truly a marvel, and the question naturally arises, what would he have done had he obtained "square deal?" Take our advice, try it; give him a square deal. Feed him as he should be fed. House him as he should be housed, and your bank account will tell an eloquent tale of gratitude. The main trouble in the hog business, and the one great bugaboo, is disease wiping out your herd, and we can state confidently that there is no good reason for it except man's reason. Observe the ordinary and fundamental principles of sanitation and hygiene; feed properly; supply the hog with that which he has been unable to obtain for himself, because of his confinement, and then look for results. One of the great evils in the swine industry and the one thing that must be avoided is constipation. It is the root, literally speaking, of eighty per cent of disease in the swine. Keep his bowels open and his digestive system working properly without friction, and you have an ideal work machine. The majority of farmers feed their hogs indiscriminately. They will argue with themselves as they throw the corn into them that they give them all they can eat, and that they do not get adequate returns. And in ninety-nine cases out of a hundred they are right. Did you ever stop to consider that something more than merely throwing the corn into them was necessary? To begin

with, the majority of hog breeders overfeed, and this is just as bad as underfeeding. You clog their digestive systems, and so weaken them that they are an easy prey for disease. In the wild state the hog was free to go where he would. Nature provided him with a snout so that he could dig and root for the various roots and herbs that his system craved. He roamed the forests and nibbled of the bark and seeds that were necessary to keep his system healthy. But man has changed this. He has bred off his snout. He has kept him confined for generation after generation, without attempting to replace or supply him with that which nature in her wisdom found necessary. Roots, herbs, barks and seeds were nature's stock foods, and **DAVIS STOCK FOOD** is the result of twentieth century science and knowledge in the bringing together of these various roots, herbs, barks and seeds that have been found to most quickly meet nature's demands as correctives.

DAVIS STOCK FOOD, first of all, makes the food palatable. It increases the secretion and the flow of the saliva. It induces the hog to thoroughly masticate his food, because he likes it and because it is palatable. Passing into the stomach, all the glands are stimulated and the digestive juices secreted in abundance in the alimentary canal. The charcoal, sulphur and iron act as purifiers and antiseptics, and keep him free from disease. Levant wormseed grapples with and destroys all larvae or worms that have gained entrance. The digestive system is thus placed in position to abundantly handle all the nutrients of the feed. None is lost. That wonderful, intricate machine rapidly absorbs these nutrients that form muscle and fat in the animal economy. A bushel of corn, properly fed with **DAVIS STOCK FOOD**, will produce any way from twelve or fifteen pounds of pork, and do it quickly at that. At the same time your hogs have the best insurance on earth against disease. They will grow strong and healthy and fat. The feeding and raising of hogs is rapidly being reduced to a science. In our book entitled "One Thousand Pointers for Stock Raisers" we have covered the subject exhaustively, noting the results, not only of our own experience, but we have culled from the best of the United States Government and various State Experiment Stations all their best and most interesting experiments for the past ten years. This feature of the book alone is son thing that you, if you are interested in hogs, should not be without. If you have not been a corn feeder for one year, it covers the situation thoroughly. But, above all, we want you to try **DAVIS STOCK FOOD** with those hogs. We want you to try it with it

Do You Recognize Them? Davis Stock Food Brings This Result.

runt, who has never done well, and we want you to try it with that bunch you are feeding. We want the boar to have his share. You want that sow, from whom you expect a litter soon, to have her share. Your runt will not remain a runt very long; that bunch you are feeding will go to the market in thirty days' less time; that boar will be placed in perfect physical condition, all his energies and vital organs will be invigorated and toned up, and he will do better service than you ever dreamed of. The sow will deliver you a litter of pigs that will make your heart glad. And that isn't all—she will give enough milk to raise every one of them, too. The pigs will become hogs before you know it; and if they do not weigh 200 pounds inside of six months, we want to know it, and we want to repay you every cent that you paid us for **DAVIS STOCK FOOD**.

DAVIS STOCK FOOD won't cure hog cholera; it won't cure swine plague; it won't cure lung fever. There may be other stock foods on the market that will. There are other stock foods on the market whose makers claim they will, and we want it distinctly understood that **DAVIS STOCK FOOD** will not. But **DAVIS STOCK FOOD** will prevent hog cholera; it will prevent swine plague. It will, if the hogs are properly housed, obviate pneumonia, and, above all, it will make pork mighty fast. That is what **DAVIS STOCK FOOD** will do, and that is what we want you to try **DAVIS STOCK FOOD** for. We know it, and we want you to know it. Send us an order for at least sixty days' supply right now, before you forget it.

FOR WOOL OR MUTTON.

The feeding of sheep, so as to obtain the maximum amount of nutriment and the maximum gains from their feed has **always** been a more or less serious problem, and one to which the feeders as a whole have not given **sufficient** attention. It goes without saying that the range or pasture in season cannot be improved upon from the point of **economy** and **quality**, but in winter the sheep **must** necessarily

Are your sheep in this condition?

subside upon dry feeds over the greater part of our country. They **must** be fed from the feed trough. It is especially important that ewes, just before breeding time and during pregnancy, have the best of care. You doubtless like to see twin lambs as well as **anybody**. **DAVIS STOCK FOOD**, used in accordance with our directions, will surprise you in the number of twin lambs that you will be able to get from your flock. Well fed ewes have **more** twin lambs than those poorly nurtured. You will find it profitable to practice what is called "**flushing**" by the old English and Scotch flock masters, and two or three weeks before the desired date of breeding supply the ewes with an extra quantity of nutritious and highly palatable feed, mixed with one tablespoonful of **DAVIS STOCK FOOD** to every fifteen pounds of grain or feed, and the increase in twin lambs alone will **more** than pay you for the trouble you have gone to. After the lamb is dropped, **DAVIS STOCK FOOD** should be used continuously in the feed troughs, for at no period in the animal's life can it be forced quicker and make greater gains than now. You have perhaps been troubled with **worms** in your sheep. That is **mighty** bad business, as you know, and it is liable to knock all the profits out of the transaction. Just try **DAVIS STOCK FOOD** through one season, and you will be more than pleased.

The American public have of late years developed a decided taste for lamb. The tender juicy meat brings **high** prices. Thus it is profitable from every standpoint to hurry the lambs to market as fast as possible. We want you to make

DAVIS STOCK FOOD assist you in doing this. It will do it, and all we ask is a fair trial on your part. If you are not more than satisfied, tell us so, and we will return you every cent you paid us without a murmur.

Perhaps you are interested in feeding for the exhibitions. Try **DAVIS STOCK FOOD** and see what it will do. We will warrant that you will get **more** blue ribbons because of its use. On mature sheep, you will have but very little trouble in getting a pound a day gain.

It takes a high quality of skill to get a bunch of sheep on full feed without some of them going off feed. **DAVIS STOCK FOOD** will prove an able assistant. If you will only give it a fair and impartial trial, you will become an enthusiastic advocate of it as are thousands of others.

Sheep, like other animals, must be kept in perfect health if the best results are to be had. Their entire digestive system must be working properly. The skin especially, with its millions of sebaceous glands, must be kept in good condition, and **DAVIS STOCK FOOD** is peculiarly well fitted to be of invaluable assistance to the sheep man. We want you to **thoroughly** test our statements, and we want you to get enough **DAVIS STOCK FOOD** to try it out on that bunch of sheep. We want you to do it entirely at our risk, and we wish it **distinctly** understood that if, after having given it a thorough and impartial trial, you do not feel fully satisfied in your own mind that it has proved **invaluable**, and more than paid for itself, all you have to do is simply to write and tell us so, and give us an opportunity of returning your money. We know what **DAVIS STOCK FOOD** will do, and we want you to know; so right now, before you forget it, send us \$12.00 for 100 pounds of **DAVIS**

Davis Stock Food will make them look like this.

STOCK FOOD, and we know that you will agree with us that you have never spent \$12.00 to better advantage in your life.

POULTRY FOODS.

Every practical, progressive poultryman realizes the necessity of feeding scientifically mixed foods. By making an exhaustive study of the feeding problem of poultry, both from an egg producing and table fowl standpoint, we are now able to offer the poultrymen a full line of scientifically prepared poultry foods, each having its special function. Among the foods listed will be found those especially intended for building bone and muscle; others are put up with the sole idea of increasing the production of eggs, and throughout the entire line we have always kept in mind the necessity of purity. All feeds have been carefully selected and mixed, and nothing but the best of cleaned grains and materials are used in their manufacture.

Freight Rates.—Almost everything in this line is carried by the railroad companies as fourth class. By referring to the tables of rates in the front of the catalogue, and finding the nearest point to your station, you can calculate very closely the amount of freight you will have to pay, but just remember this, that whether you buy from us or your home dealer, you are paying the freight any way in the long run.

DAVIS CHICK FEED.

This is a combination of the best grains and seeds, having a high protein content. They are selected because of their well known bone and muscle building power. The young chicks should not be fed indiscriminately, and if best results and a rapid growth are desired, there is nothing better than this feed.

DAVIS COARSE GROUND BONE.

This is prepared from especially selected fresh green bones. It is especially valuable as an egg producer and in the development of young chicks.

No. 65F9505	Price, per 25-lb. sack...	\$0.55
No. 65F9506	Price, per 50-lb. sack...	1.00
No. 65F9507	Price, per 100-lb. sack...	1.85

DAVIS RAW BONE MEAL.

This meal is ground from the best of fresh selected green bones. It is very fine so that it may be mixed with mesh.

No. 65F9510	Price, per 25-lb. sack...	\$0.52
No. 65F9511	Price, per 50-lb. sack...	.98
No. 65F9512	Price, per 100-lb. sack...	1.87

DAVIS BROILER TEETH.

This preparation is a mixture of the smaller sizes of the crystal grit, bone and oyster shell, of about equal proportions. It is especially recommended for young chicks to be used in connection with Davis Poultry Food.

No. 65F9515	Price, per 25-lb. sack...	\$0.40
No. 65F9516	Price, per 50-lb. sack...	.70
No. 65F9517	Price, per 100-lb. sack...	1.20

BEEF SCRAP.

This preparation is especially valuable in fattening chickens, ducks and geese, and there is nothing better to furnish the material for eggs in the winter time. Its efficiency can be very much increased by the addition of Davis Poultry Food which enables the hen to extract absolutely all of the egg making material from beef scrap.

No. 65F9520	Price, per 25-lb. sack...	\$0.65
No. 65F9521	Price, per 50-lb. sack...	1.20
No. 65F9522	Price, per 100-lb. sack...	2.25

DAVIS MEAT MEAL.

This is manufactured from the best of selected beef scraps, bone, blood and a liquor that is used in the cooking. It is an unusually effective egg producer.

No. 65F9525	Price, per 25-lb. sack...	\$0.55
No. 65F9526	Price, per 50-lb. sack...	1.00
No. 65F9527	Price, per 100-lb. sack...	1.90

DAVIS BLOOD MEAL.

This is a meal made from the solid matter contained in the blood, all the moisture being evaporated. It contains over eighty-five per cent protein, and fed in small quantities with other feed is very effective as an egg producer. It will also give surprising results in forcing growth.

No. 65F9650	Price, per 20-lb. bag....	\$0.81
No. 65F9651	Price, per 40-lb. bag....	1.48
No. 65F9652	Price, per 100-lb. keg....	3.10

DAVIS CALF MEAL.

This is a scientific mixture proved by long experience and use to be especially effective in feeding calves in the absence of milk. It is composed of the purest ingredients, and when used with the addition of Davis Stock Food, there is nothing more effective in maintaining health and getting rapid gains in calves.

No. 65F9655	Price, per 20-lb. sack...	\$1.00
No. 65F9656	Price, per 50-lb. sack...	1.95
No. 65F9657	Price, per 100-lb. sack...	3.40

DAVIS DIGESTER TANKAGE.

This is made from the residue of beef scraps. It is thoroughly dried, and analyzes approximately sixty per cent protein; unusually effective in feeding hogs and young pigs. It will give rapid growth and great strength of bone.

No. 65F9670	Price, per 100-lb. bags...	\$1.84
-------------	----------------------------	--------

DAVIS OIL CAKE.

When buying oil cake insist on **Davis**; it is pure. Guaranteed to be the best selected oil process meal. Sold in 100-pound bags only.

No. 65F9660	Price, per 100-lb. bag...	\$1.59
-------------	---------------------------	--------

DAVIS GROUND FLAXSEED MEAL.

An absolutely pure article in which only the best selected flaxseed is used, ground by special process, insuring the retention of all the oil and nutrients in the meal. Sold in 100-pound bags only.

No. 65F9680	Price, per 100-lb. bag...	\$3.24
-------------	---------------------------	--------

DAVIS COTTON SEED MEAL.

See that the name **Davis** is on the sack when you buy cotton seed meal; it's a guarantee of purity. One of the most economical supplementary feeds known to the American stockmen for obtaining rapid gains. It is especially beneficial in milk cows, often increasing the quantity of the milk thirty to forty per cent. We advise its use with cattle and sheep only, however, and not with swine, and the best results can be obtained by using it in connection with Davis Stock Food. Full directions for its use, compiled by the United States Government, will be found in our book entitled "One Thousand Pointers to Stock Raisers." Sold in 100-pounds sacks only.

No. 65F9675	Price, per 100-lb. sack...	\$1.68

DAVIS POULTRY FOOD

**A NEW DEPARTURE IN POULTRY FOODS.
YOU NEVER HAD ANYTHING LIKE IT.**

FIRST LET US EXPLAIN that DAVIS POULTRY FOOD is not a food in any sense of the word, and the word "Food" is, in reality, a misnomer. You naturally ask why then if such is the case, we call it a "poultry food."

THIS IS OUR EXPLANATION: Years and almost centuries ago there originated in England certain condiments, which were put up and sold to raisers of poultry and stock under the name of "stock foods" and "poultry foods." Their value was soon recognized, and their manufacture became one of the most important industries of that country. They became known everywhere as "poultry foods" or "stock foods," as the case might be. So calling them was ultimately adopted in America, and from that day to this, condimental, digestive and corrective preparations have been sold by the manufacturers and purchased by the consumers under the name of "stock food" or "poultry food"; inasmuch as this custom has become so widely spread, we could see no benefit in trying to introduce a new name, but have preferred to follow the custom of years. Instead of being a food, DAVIS POULTRY FOOD is condimental, digestive and corrective. The ingredients of which it is composed are printed in plain letters on every package. A great many of them have been used by other manufacturers separately, but never in the combination in which they are found in DAVIS POULTRY FOOD. They are appetizers, first making the feed more palatable. They are stomachic and digestive, assisting and insuring the proper digestion of the feed. They are antiseptic in the alimentary canal. They stimulate and tone up the entire system, giving the fowl life and energy. They assist materially in that complex and comparatively little understood function of the fowl, namely the production of eggs, and the one function which the American poultry raiser is vitally interested in. When we stop and consider what the American fowl is today, as compared with her sister of past generations, we must marvel at the change man has wrought. The fowl of nature was called upon to lay only sufficient eggs to reproduce her kind. After laying these eggs it became her duty to hatch them; which she did, and layed no more eggs for another season. All this has changed. The American hen of today is a machine for the production of eggs, highly developed and run to her maximum capacity. In this deviation from the natural order of things, man has materially interfered with nature; and, having done so, has introduced conditions that must of necessity be taken care of. Going at the pace she is today, the American hen must be maintained in perfect strength and health at all times. Her system must be supplied with the proper nutriment; she must have the proper housing, the proper care, and a sufficient amount of exercise, in order to keep her wonderful mechanism in perfect working order. And it is in accomplishing this that DAVIS POULTRY FOOD performs its mission. We do not ask you to take our word for it; in fact you would be foolish to take any person's word for it, without having an opportunity to use YOUR OWN judgment. There is nothing like knowing it for yourself, and this is exactly what we want you to do.

SEND US AN ORDER FOR DAVIS POULTRY FOOD TODAY

For your convenience, we are offering it in 2-pound packages for 25 cents, in 4-pound packages for 50 cents, and in 8-pound packages for \$1.00. In addition to this it is put up in 25-pound pails, and it is this latter quantity that we recommend you to purchase.

The formula, telling you exactly what DAVIS POULTRY FOOD is made of, is printed in plain letters on every package, and every package contains a **CERTIFICATE OF GUARANTEE** that entitles you to **YOUR MONEY BACK** if you are not fully satisfied—and that certificate means exactly what it says.

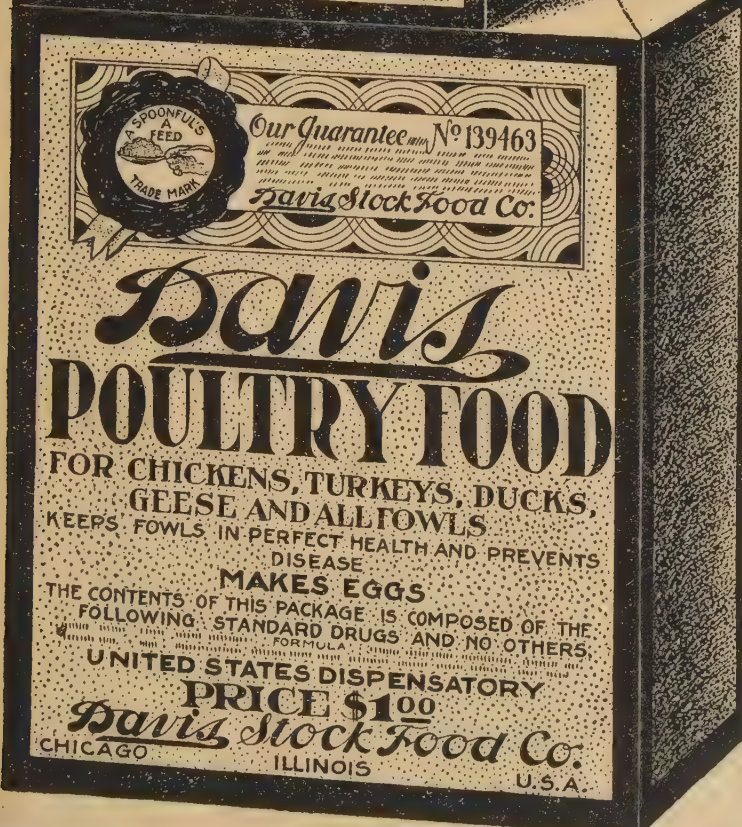

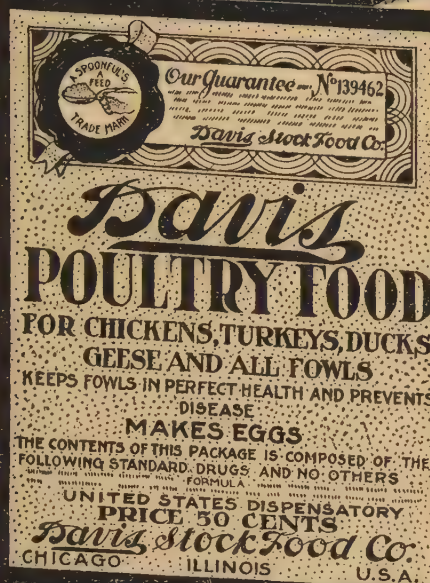

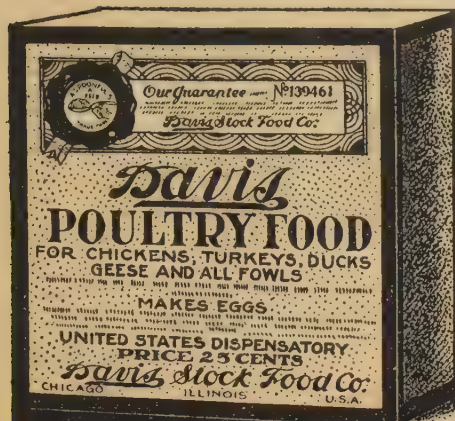

WE ARE BLAZING A NEW PATH IN THE STOCK AND POULTRY FOOD BUSINESS. We have adopted a new policy—that of taking the customer into our fullest confidence. We are entering this field, not for today or tomorrow, but for all time; and we expect to build up the largest Poultry Food business in the world. We cannot do this without your assistance. We cannot do it unless all of our customers and the purchasers of DAVIS STOCK FOOD or DAVIS POULTRY FOOD are fully satisfied as to their respective merits. We cannot do this unless we live up to our word and our guarantee to the letter. And your knowledge and experience in your dealings with SEARS, ROEBUCK & CO. is sufficient guarantee as to the worthiness of the certificate that you will find on every package. The DAVIS STOCK FOOD COMPANY have published, what is to our minds, one of the most valuable books that has ever come off the press and been offered to the American farmer. In it the science and feeding of poultry is gone into exhaustively. The beginner is informed how to start and build on a solid basis; the old timer will find thousands of hints and suggestions that will help him. All the various problems of the feeding, housing and caring for poultry are treated exhaustively. In addition to this, a thousand and one different diseases, that make poultry raising unprofitable, are treated—telling you their cause, how to avoid them, and how to cure them. If you have not received a copy of this book, entitled: "One Thousand Pointers for Stock Raisers," want you to have it. It will tell you much more eloquently just what DAVIS POULTRY FOOD should become a part of your equipment the poultry business. It will leave no question in your mind about advisability of using it. Instead of whether or not you can afford to use it, the question will be:

CAN YOU AFFORD TO BE WITHOUT IT?

IF YOU HAVE NOT RECEIVED a copy of the book, write us at once; tell us how many head of poultry you have, and say that you want our book entitled "One Thousand Pointers for Stock Raisers," and we will send it to you free, all charges postpaid. We have, however, secured another edition, bound in heavy cloth binding, printed on elegant paper, making an ideal library book. The regular price of this is \$3.00, but if you want the cloth bound edition free, and will send us an order for a shipment of goods, to go by freight, and will say in your letter that you want a copy of the regular \$3.00 edition, bound in cloth, we will send it to you free of all charges, including it in your shipment. This offer is limited, however, and we reserve the right to withdraw it at any time. This great offer is fully explained on pages 872 and 873.

AND JUST REMEMBER that we want you to give a thorough trial. DAVIS POULTRY FOOD will make your hens strong and healthy; it will increase their egg laying capacity; it will insure good, strong, healthy chicks; it will make the chicks grow strong and fast, with a lower cost of production than you ever dreamed of, and taken all in all, DAVIS POULTRY FOOD makes the poultry business more than profitable.

entire package, just say so, and we will cheerfully refund every cent you have paid us. A 2-pound package is 25 cents, a 4-pound package is 50 cents, an 8-pound package is \$1.00, and a 25-pound pail, \$3.00.

DON'T forget to send us an order right now for DAVIS POULTRY FOOD. Remember, it is fully guaranteed, and all we ask of you is to give it a thorough and fair test; and if you are not fully satisfied after having used the

DAVIS POULTRY FOOD

2-POUND PACKAGE, \$0.25
4-POUND PACKAGE, .50
8-POUND PACKAGE, 1.00

For your convenience, and to meet the wants of those who have but a few hens, to supply eggs for the family, we have DAVIS POULTRY FOOD put up in paper cartons. A 25-cent package contains 2 pounds or 1,280 feeds. This is enough to feed twenty hens for almost 2 months. Twenty hens, in two months, should lay at least 40 dozen eggs. DAVIS POULTRY FOOD will give you 60 dozen eggs from those same twenty hens. This increase in eggs alone is worth \$2.40. You are thus making an actual saving of over \$2.00, and in addition to this, your hens are in the best of health, and have the best insurance on earth against disease.

The 4-pound package sells for 50 cents, and contains 2,560 feeds, or enough for forty hens for two months. If you have this number of chickens, you are probably not only keeping them for the eggs that they give you but you wish to raise enough poultry for your table. You want the eggs to be fertile, so that they will hatch, and once the little chicks are out, you want them to be strong and healthy. You want those same little chicks to grow rapidly and furnish broilers for the table. Try DAVIS POULTRY FOOD for two months. It will give you more eggs. It will keep the chickens in perfect health. Instead of getting three or four chicks from a hatch of thirteen eggs, at least 90 per cent of them will hatch. It will make the young chicks healthy and strong. It will prevent cans and cholera, and

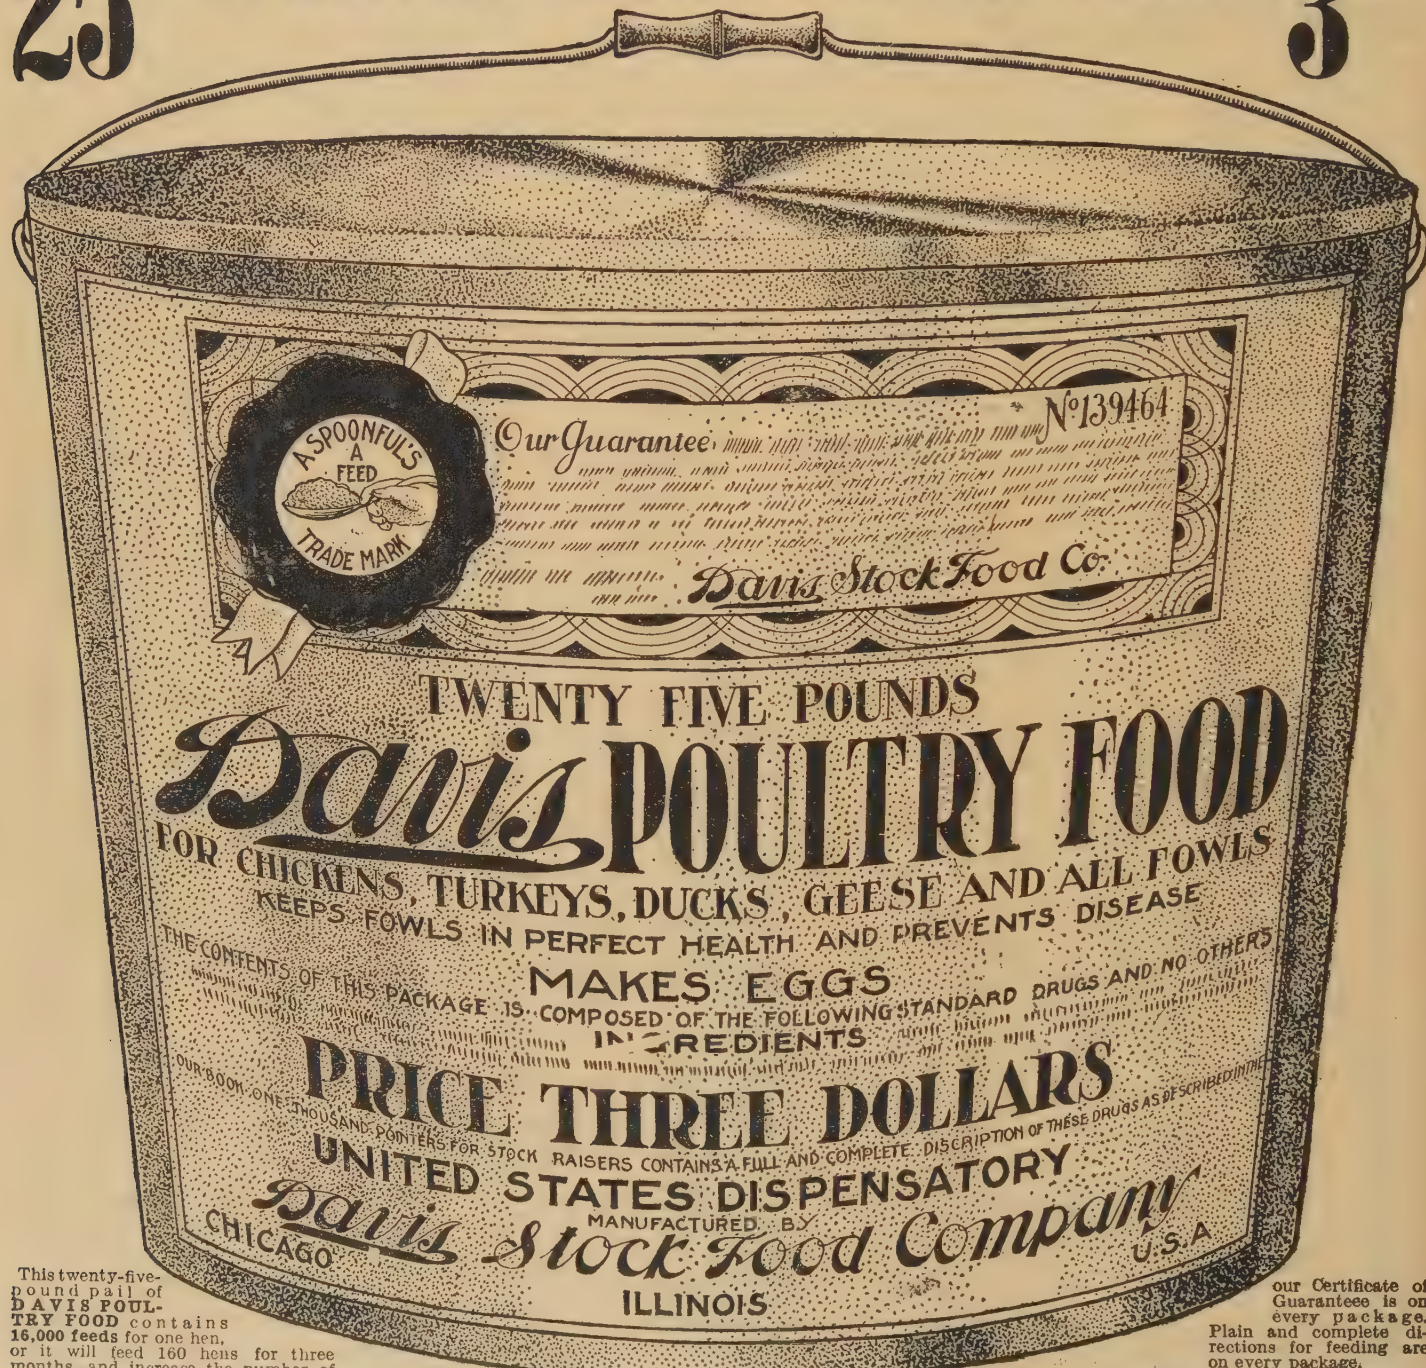

No. 65F130 2-POUND PACKAGE DAVIS POULTRY FOOD. Price 25c

make them grow rapidly. It will give you two-pound broilers in sixty days or less, with meat that is juicy, sweet and tender. The cost is practically nothing as compared with the enormous returns you get from them. All we ask is that you give it a trial, and if after having used it all up the results are not entirely satisfactory, you can do us no greater favor than write us a letter and tell us, giving us an opportunity of returning your money.

The 8-pound package contains over 5,000 feeds. For parties owning more chickens, we put DAVIS POULTRY FOOD up in 8-pound packages, containing over 5,000 feeds, or enough to feed 80 hens for two months. Plain and complete directions for feeding on every package. One thing, however, we ask you to remember, and that is that DAVIS POULTRY FOOD cannot give the desired results unless it is used regularly. You must feed it and use it with just as much regularity as you do the grain. All we ask is that you try it; test it thoroughly, and if the results are not more than satisfactory we do not want a cent of your money. We expect to build up the largest poultry food business in the world, on the merits of our goods alone—and a satisfied customer is the best possible advertisement and endorsement we can get. We are willing to do our part, and guarantee DAVIS POULTRY FOOD fully.

WILL YOU SEND US AN ORDER TODAY?
No. 65F132 8-POUND PACKAGE DAVIS POULTRY FOOD. Price 1.00

25 POUNDS OF DAVIS POULTRY FOOD \$3.00

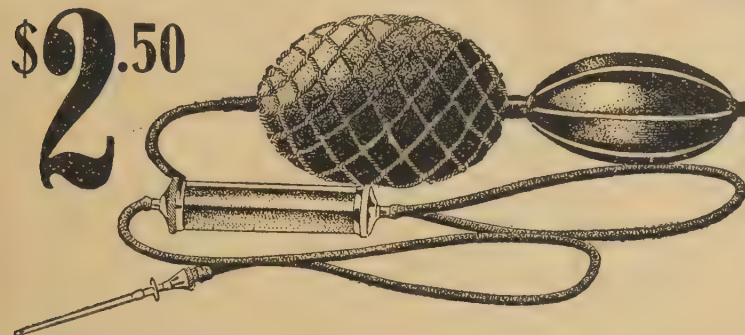

This twenty-five-pound pail of DAVIS POULTRY FOOD contains 16,000 feeds for one hen, or it will feed 160 hens for three months, and increase the number of eggs you get from them by at least 200 dozen more. The price of this pail is \$3.00. With eggs at only 12 cents a dozen, it will make you \$24.00 extra money. It will make your hen lay from 20 to 60 per cent more eggs, and in time double her production. It prevents chicken cholera and roup, cures gape and causes young chicks to grow rapidly. It enables the fowl to thoroughly digest and assimilate all of the nutritive properties of the feed, keeps her system in perfect physical condition, thus warding OFF disease. The ingredients used in the manufacture are printed in plain letters on the label, and

our Certificate of Guarantee is on every package. Plain and complete directions for feeding are on every package. Are your chickens lazy? Perhaps they are not laying as they should. If so, don't wait an instant, but send us an order today for a 25-pound pail of DAVIS POULTRY FOOD; and if it does not give you more eggs and better chickens than you ever had before, write and tell us, and we will cheerfully refund your money. Send us \$3.00 today, and allow us to ship you this 25-pound pail. After the contents are used up you will have a nice useful pail on hand.

No. 65F140 25-Pound Pail of Davis Poultry Food. Price.. \$3.00

MILK FEVER AND ITS CURE.

\$2.50

MILK FEVER usually occurs in the most active period of life, that is, between the fourth milking and sixth calf, and is most prevalent in well nourished, plethoric, heavy milking cows. One attack predisposes the animal to recurrences. One of the chief causes of it is the great activity of the milk secreting structure of the udder, which explains why it occurs in the best cows. In heavy milking cows, all the feed eaten in excess of that required to make up the normal waste of the system is turned into milk, and not used for the laying on of flesh or fat. Fleshiness is therefore an unnatural condition in these animals, and the period during which they are dry is usually very short; but even though this period is short, there is usually no avenue of escape for excessive nutriment and this nutriment becomes stored up in the glands and in the blood, throwing the entire system into a high state of plethoria, and at the calving time all the blood which has supplied the foetus is suddenly thrown back into the circulation, and, if the udder does not begin active secretion very promptly, plethoria becomes extreme. These causes may be properly called predisposing causes. Regarding the direct cause, numerous theories have been advanced by various investigators, but as yet nothing definite has stood all tests.

Schmidt of Muhlheim claimed in 1897 that the disease was due to an auto-intoxication, produced by the absorption from the udder of leucamines, resulting from a decomposition of the first milk (colostrum). Following up this idea he considered that the treatment should be directed toward retarding the secretions of the udder, and at the same time, neutralizing the toxin already present by the use of an antitoxin agent. He therefore advocated the injection of the udder with an aqueous solution of potassium iodide, which method was followed by an immediate decrease in the mortality to a very marked degree. The great success attending upon this line of treatment immediately gave his theory general recognition, and this very difficult disease was thought to be conquered at last. Following this, however, other investigators injected the udder with etherized air and sterilized atmospheric air, and obtained much better results than those resulting from Schmidt's original treatment. It was evident that a thorough distention of the udder was far more important than the antitoxic action of potassium iodide, and it was for the administration of sterilized atmospheric air that the Davis Milk Fever Outfit was constructed. In explanation of this treatment and the cause of its efficiency, various investigators and authorities have claimed that after calving, the determination of the blood is suddenly changed from the uterus to the udder, which produces a bloodlessness of the brain. By thoroughly distending the udder, the pressure therein causes a decrease in circulation, which tends to equalize the distribution of the blood in other parts of the body, thus relieving the blood condition in the brain and the consequent symptoms of milk fever. It is also evident that the highly favorable results obtained by the injection of atmospheric air into the udder are due to the fact that milk fever is in a degree caused by an anaerobic organism (a germ that is unable to live in the presence of air, which invades the udder).

SYMPTOMS.

MILK FEVER is comparatively easy to diagnose, and almost every stockman and dairyman knows it immediately. It usually occurs within two days after the birth of the calf and is seldom if ever seen after the second week. In isolated cases it has been observed a few days before calving. At the commencement of the attack the cow usually exhibits excitement, is restless, treads with her hind feet, switches the tail, stares anxiously about the stall, bellows occasionally, shows colicky symptoms and makes inf-

Is your best cow worth \$2.50?

What would you do if that fancy cow of yours was to become afflicted with milk fever when she drops her calf? Do you know that this disease is fatal in 95 per cent of the cases? Do you know that drugs internally are practically useless? Do you know that the only successful treatment is that prescribed by the Bureau of Animal Industry Department of Agriculture of Washington, D. C.?

THE DAVIS MILK FEVER OUTFIT is made according to the specifications of the Bureau of Animal Industry of the government, and is fully described in Farmers' Bulletin No. 206, issued by the United States Department of Agriculture. The fact that you have never lost a cow from milk fever is no guarantee that you will not. Send us an order for the Davis Milk Fever Outfit today.

MILK FEVER is a very common and heretofore very fatal disease, affecting cows. It has been a particular hardship to the stockman, owing to the fact that it usually attacks the best milking members of the herd at a time when the milk flows most freely, and it has caused extremely severe losses in the dairy industry. It is therefore of the utmost importance that the stockman or the dairyman should have at hand at all times an effective and successful method of treatment. Without this treatment, 95 per cent of cases will prove fatal. With the Davis Milk Fever Outfit, 95 per cent of the cows can be cured, and, at an expenditure of \$2.50, there is absolutely no reason for any stockman to have loss of animals from milk fever. It is the cheapest and best insurance on earth for this disease.

feetual attempts at relieving the bowels. The owner seldom recognizes these symptoms, but they are followed within a few hours by a beginning of paralysis, indicated by a staggering gait and a weakening of the knees and fetlocks in front. The cow becomes quieter, the gait more staggering, and she goes down and is unable to rise. Paralysis by this time is general, the cow lies quiet, her eyes partly closed; she pays no attention to the calf or her surroundings, and dies may be with impunity on all parts of the body. While down, the patient assumes a characteristic position. The head is turned to the side, usually the left, and rests on the chest. Should the head be drawn out straight it immediately flops around to the side when force is removed. There are symptoms of paralysis of the muscles of the throat, so that swallowing is impossible. Bowels are weak; in some cases there is a rise of temperature. In cases that recover, convalescence is rapid, and on the day following the onset of the disease, or even a few hours after, those that recover will be up and going. A few cases, however, continue to show a slight paralysis for a week or longer. In fatal cases the animal may remain perfectly quiet and die in a comatose condition from complete paralysis. Very frequently, however, there is agitation and excitement prior to death, with tossing about of the head. Death, like recovery, usually occurs in from 18 to 72 hours after the onset of the malady.

TREATMENT.

THE DAVIS TREATMENT is the most successful treatment ever discovered for milk fever. It consists of the injection of sterilized atmospheric air into the udder. It is simple, practical and harmless and will cure 95 per cent of the cases. The Davis Milk Fever Outfit consists of a metal cylinder with milled screw caps on either end. The cap may be removed in order to place sterilized absorbent cotton within the cylinder. To this cap a pair of rubber bellows is connected by nine inches of rubber tubing. The cap on the end toward the milking tube is to be removed together with the eight inches of rubber hose at the free end of which is the self retaining milking tube, for the purpose of disinfection before treating each case. The pulling on or off of the tubing of the nozzles of the milled caps is thus rendered unnecessary. Within the metal cylinder is a wire net, which prevents the obstruction of the outlet of the chamber by holding back the sterilized cotton, and also permits of the unscrewing of the lower cap and the disinfection of this portion of the apparatus, including the milking tube without contaminating the packing. Absorbent cotton, impregnated with carbolic acid (or boiling cotton) or other suitable disinfectants can be purchased from the drug stores in most localities, and is better, though slightly more expensive, than plain cotton.

THIS IS A BRIEF DESCRIPTION of the Davis Milk Fever Outfit. Every farmer, send for one at once. The fact that you have never had a case of milk fever does not mean that you will not be troubled with it in the future. The extremely low price of the Davis Milk Fever Outfit is such that you cannot afford to be without it in case of emergency. Remember, there is nothing to wear out; that full and complete directions for its use are on every box. Send for it today. Do not wait until that best cow of yours dies. For when she does get milk fever, you will be willing to pay ten times what we are asking for the outfit if you only had it on hand.

No. 49F1982 Complete Outfit, as illustrated Price.....\$2.50

DAVIS BLACKLEG OUTFIT.

BLACKLEG is one of the most dreaded diseases among cattle. The loss in cattle from blackleg exceeds that of all other causes combined. Every owner living in a blackleg district knows that it is the young animals, especially between the ages of from 16 to 18 months, that are most liable to become affected, although it does infect older cattle also. It is also evident that the high grade, full blooded stock is more subject to the disease than the common or low grade range cattle. Thin skinned animals are more liable to it than thick skinned ones. The most important fact that the infection is almost always introduced into the system through abrasions of the skin, the form of minute punctures made by thorns, burrs, etc.; and that to take effect the virus must penetrate into the subcutaneous tissues. Consequently the thicker the skin of the animal the less liable it is to become penetrated. The spring and fall seems to be the most unfavorable seasons.

SYMPTOMS.

The symptoms of blackleg are so characteristic that the disease is easily recognizable. The first symptoms may be either of a general or local nature, though frequently the latter. The general symptoms are a high fever, loss of appetite and a suspension of rumination. The respiration is fast, the animal moves around with difficulty and frequently lies down. All the visible mucous membranes are at first dark red from congestion, but they change in the course of ten or twelve hours to a dirty lead color. The most important diagnostic feature is the development of a tumor or swelling under the skin. The swelling may occur on any part of the body or limbs, except below the knee or hock joint or on the tail. It is frequently seen on the right flounder and, owing to the extensive discoloration of the swollen parts, as is observed after the animal has been skinned, the disease has been popularly named "Blackleg" or "Black Quarter." Tumors may also appear on the neck or chest. They are very small and painful, increasing rapidly in size, and may in a few hours cover a large portion of the body. At a slight pressure on the tumor a cracking sound is heard. The tumor is cold to the touch and painless in the center. The skin over it is dry and parchment like. When the tumor is lanced a frothy dark red fluid is discharged. The swelling usually appears before the general symptoms, and may reach such an extent as to cause complete paralysis of the affected parts, while the animal looks bright and has good appetite. With a very few exceptions the disease terminates fatally, death generally occurring in from 12 to 36 hours, a few cases lingering from three to four days.

PREVENTIVE MEASURES are practically the only efficient means for combating this disease. Two kinds are to be recommended: First, hygienic measures, aiming to destroy or prevent the spread of the infection and, second, such measures as tend to fortify the body and system of susceptible animals. Called prophylactic measures, however, were more or less useless until the discovery of Blackleg Vaccine for infection. It was found by three prominent investigators, named Arloing, Cornevin and Thomas, that the hypodermic injection of small doses of a fluid from a blackleg tumor did not necessarily result in death, but frequently produced a mild attack of the disease unaccompanied by any swelling, and that the animals treated in this way were afterward practically proof against the disease.

TREATMENT.

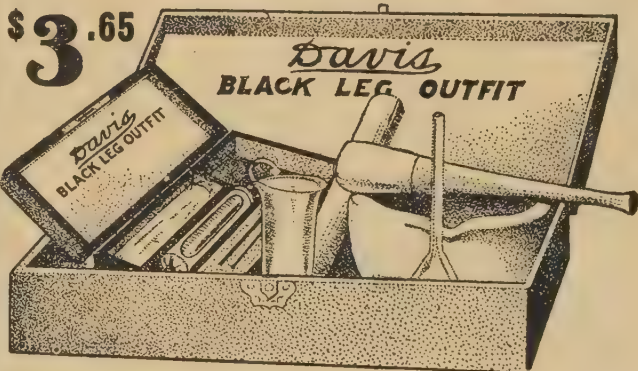

THE DAVIS BLACKLEG VACCINE OUTFIT consists of a porcelain mortar and a measuring glass together with a hypodermic syringe, with pestle, a glass funnel and two hypodermic needles and an extra glass barrel. All of this is encased in a good, strong wooden box and is identical with the outfit recommended by the Bureau of Animal Industry of the United States, and offered by them at \$4.00. Full directions for its use accompany each case, and a book entitled "One Thousand Pointers for Stock Raisers," a copy of which may be had for the asking, and complete description of this disease. If you are raising cattle to any extent, do not neglect to vaccinate them. In this case an ounce of prevention is worth all the cures in the world.

BLACKLEG VACCINE OUTFIT,

complete and containing a mortar, pestle, funnel, graduated glass and filter paper to prepare the vaccine, also a fine hypodermic syringe, with needles, etc., to inject the same. This outfit will answer all requirements for the use of the vaccine distributed by the government or any other vaccine in powder form. The syringe is graduated for doses and is complete and furnished alone or with extra needles if desired. The outfit is put up in a neat, polished arduous case. Size, 7x6x4 inches. Weight, 4 pounds.

No. 49F1820 Syringe only.....2.35

PASTEUR BLACKLEG VACCINE.

We furnish the genuine Blackleg Vaccine, for protecting cattle against blackleg, either in powder form or cord form. This Blackleg Vaccine has been used on over three million calves, which have thereby been successfully protected against blackleg. Both vaccines are supplied for single or double treatment.

No. 49F1821 Pasteur Single Blackleg Vaccine (powder form), per packet, sufficient for from ten to twenty head. Price.....\$1.30

No. 49F1822 Pasteur Double Blackleg Vaccine (powder form), per double packet (first lymph and second lymph), sufficient for from ten to twenty head, according to Price.....\$1.89

No. 49F1823 Pasteur Blackleg Vaccinating Outfit (No. 2 syringe complete, and pestle, mortar, funnel, graduate and filters for preparing and using powder form of vaccine), complete in case. Price.....\$5.80

No. 49F1824 Single Blacklegine (cord form of vaccine ready for use.) Price. No. 3 size, 50 doses, \$5.78; No. 2 size, 20 doses, \$2.38; No. 1, 10 doses, \$1.38

No. 49F1825 Double Blacklegine (cord form of vaccine ready for use). Per packet of 10 doses (first lymph and second lymph, inclusive). Price.....\$1.90

Blacklegine is applied with a needle which is now very much improved and is provided with a handle. The handle with two needles is called the "Blacklegine Outfit," and the accompanying illustration shows this outfit with the dose attached to the needle and ready to be administered. Vaccination with Blacklegine is as simple as taking a stitch.

A booklet containing full particulars regarding Blackleg and its prevention with Pasteur Blackleg Vaccine, will be mailed upon application.

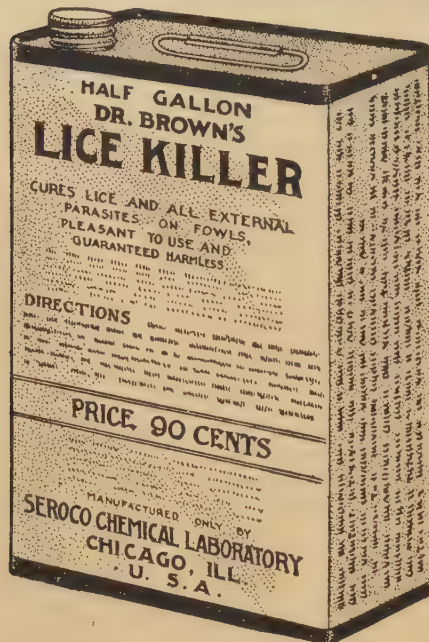

No. 49F1826 Blacklegine Outfit for using Blacklegine. The outfit consists of handle and two needles. Price.....46c

If by mail, postage extra, 3 cents

No. 49F1827 Extra Blacklegine needle separately. Price.....18c

BROWN'S LICE KILLER, 69¢

A never failing friend to poultry. Your money cheerfully refunded if it ever fails.

BROWN'S LIQUID LICE KILLER

is a liquid compounded for the use of the poultry raiser and for the destruction of all vermin and the cure of all germ diseases of fowls. It is not one of those nostrums made as cheap as possible and put on the market to sell, but an article of unquestioned merit upon which an enormous trade has been built purely through the good and satisfactory results obtained. It today enjoys the largest sale of any liquid lice killer known.

POULTRY cannot flourish while infested with annoying parasites, and it is very seldom that fowls are found without them. Brown's Lice Killer is a certain cure. It will quickly and effectively rid your poultry and poultry houses of lice and mites. All you have to do is to paint the roosts, nests and other places where the lice harbor. They are quickly killed by the fumes and the hens being free from the pests will commence laying, and egg yield will soon be increased 25 to 50 per cent. When eggs command the high prices of present mar-

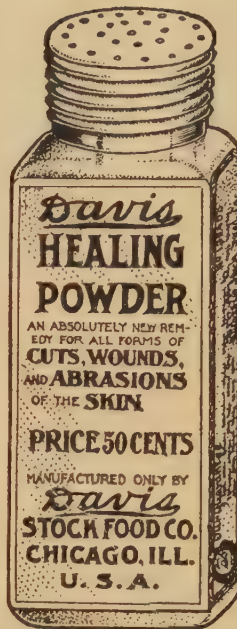

kets, it certainly pays to encourage the largest possible yield and Brown's Lice Killer will put many dollars in the farmer's pocket.

NO AMOUNT OF ARGUMENT can convince you so thoroughly of the great value of this lice killer like one single trial. Thousands of gallons sold last year and the good results obtained is sufficient proof for the most skeptical.

WE POSITIVELY GUARANTEE Brown's Lice Killer as represented or your money cheerfully refunded. Order a can and judge its value.

DAVIS HEALING POWDER, 39¢

RECOMMENDED AND ENDORSED BY ALL VETERINARY SURGEONS FOR CUTS, WOUNDS AND ALL ... ABRASIONS OF THE SKIN ...

THIS HIGHLY BENEFICIAL HEALING POWDER

has been devised as the result of many years' experience by prominent veterinarians in treating fresh cuts and wounds. It is really a wonderful remedy in its effects and you will be more than pleased with results.

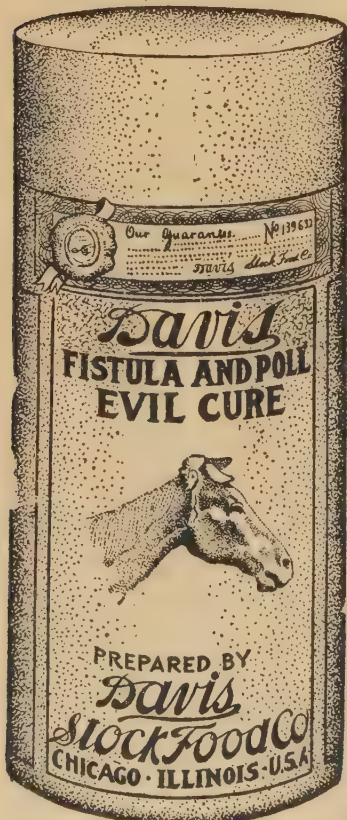

IT IS EASILY APPLIED by means of the patent nickel top sifting box, is cooling and heals very quickly. Animals will not lick or bite sores when covered with this powder. It is in every way superior to a salve or liniment for this purpose and much more economical.

THIS IS ONE OF THE MOST USEFUL

veterinary preparations that any stock raiser can have about the premises. It is particularly valuable in warm weather as a remedy for abrasions of the skin, cuts and wounds of minor importance, but which might, if neglected, develop into very serious trouble. Flies and other insects will not bother a wound or cut treated with Davis Healing Powder. This remedy is antiseptic, promotes the growth of new tissues and no danger from blood poisoning will follow a cut or wound if this remedy is promptly applied.

THIS POWDER WE GUARANTEE to do just exactly what we claim for it. You are to be the judge whether or not it is satisfactory, and we will cheerfully refund your money if it ever fails.
No. 65F510 Regular price, 50 cents; our price.....39¢

REMEMBER, YOU GET A PROFIT SHARING CERTIFICATE, AS EXPLAINED ON PAGES 1 AND 2, THE MOST LIBERAL OFFER EVER HEARD OF.

DAVIS FISTULA AND POLL EVIL CURE, \$1.29

THE ONE GUARANTEED CURE. NO CUTTING. EASY AND SIMPLE TO APPLY. CURES MOST CASES IN THIRTY DAYS LEAVING THE HORSE SMOOTH AND SOUND. MONEY CHEERFULLY REFUNDED IF IT FAILS.

NO EXPERIENCE REQUIRED

to cure either disease with Davis Fistula and Poll Evil Cure. Fistula and Poll Evil are two diseases of horses which heretofore have been regarded as practically hopeless. Both diseases are caused by an injury, inflammation, swelling, breaking down of tissue, pus and discharge of matter following, and if not checked promptly blood poisoning and death of the animal may result. Davis well known cure subdues all the inflammation, checks the formation of pus and by means of its alternative action, restores the surrounding tissues to a healthy condition and promotes the healing. These three valuable properties combined in one remedy is what makes Davis Fistula and Poll Evil Cure such a remarkable veterinary remedy, as one or two applications before the disease has fully developed will usually suffice to cure the trouble. In advanced cases the treatment is the same except that the disease having a stronger hold upon the system, requires longer treatment.

FISTULA OF THE WITHERS

is a disease beginning with acariasis of the bone. From the backbone projecting upward into the flesh are many small projections or spines, and these are especially liable to injury. This injury may arise from many causes, but mostly from pressure of the collar or saddle or from the horse rolling on something hard. A slight bruise may then cause inflammation, a swelling follows, the surrounding tissues become involved and break down into matter or pus, and on the outside over the spot the flesh becomes diseased and of a soft spongy nature. The pus accumulating on the inside gradually works itself to the surface for discharge, and as this foul matter is all the time accumulating as long as the disease is unchecked, the channel for discharge must be kept open, and being open and discharging, soon becomes coated with a membranous lining and is known by most people as the "pipe." In fact, many persons think that a fistula is simply a pipe and by removing the "pipe" the disease will be cured. Attempts to cauterize the pipe with caustics and hence destroy the disease, aggravates many cases. The pipe being the channel of discharge, must be there as long as the disease exists, and to cure the fistula we must go deeper and get the cause of the disease, which is exactly what Davis Fistula and Poll Evil Cure does.

POLL EVIL

is merely another form of fistula, and appears behind the ears of the horse. Like fistula, it is caused by a bruise, one of the first symptoms being a swelling on one or both sides. These swellings may form quickly and be accompanied by heat and be painful to the touch, or they may be slow in making their appearance and be neither hot nor tender. Nevertheless, they will in time develop into fistula, and the treatment should be applied as soon as noticed. The symptoms of pus and discharging matter are the same as in fistula, and by treating in the early stages, with Davis Fistula and Poll Evil Cure, the disease can be readily cured before it reaches the fistula stage.

TREATMENT. Complete directions for treatment of Fistula and Poll Evil by means of Davis never failing cure accompany each package and a booklet on this disease, its treatment and cure accompanies every package.

WE GUARANTEE

DAVIS FISTULA AND POLL EVIL CURE TO DO EXACTLY WHAT WE SAY IT WILL AND WILL GLADLY REFUND TO YOU ALL YOU HAVE PAID FOR THE REMEDY IN ANY CASE WHERE IT FAILS. ORDER A BOTTLE AND HAVE IT ON YOUR BARN SHELF READY FOR EMERGENCY.

No. 65F520 Regular price, per bottle, \$2.00; our price, per bottle\$1.29

SILVER SPAVIN CURE, \$2.29

A CERTAIN REMEDY for all BUNCHES or BLEMISHES on HORSES. An ABSORBENT and COUNTERIRRITANT. Absolutely Guaranteed to Cure BONE SPAVIN THAT IS JUST DEVELOPING, BLOOD SPAVIN, BOG SPAVIN, CURB, SPLINT, CAPPED HOCK, WIND GALLS, SOFT BLEMISHES AND ALL FORMS OF ENLARGEMENT AND RECENT GROWTHS OF EVERY DESCRIPTION.

MANY A VALUABLE HORSE has been rendered practically worthless by the development of a spavin or some other blemish which lame him and practically ends his days of usefulness. No disease is more destructive to the usefulness and value of a horse, and for years it has been a constantly accepted belief that this disease, serious in its inception and more serious in its progress, is an ailment for which there has been no certain cure.

A CERTAIN CURE for this stubborn and heretofore unyielding disease of the horse has been found in SILVER SPAVIN CURE, and we offer it to you under our guarantee that it will do all that is claimed for it if the simple directions on the package are followed, or we will cheerfully refund the purchase price. This marvelous remedy is the result of many years of practice by one of the most renowned veterinary surgeons, who gave practically all his time and attention to diseases of the horse and particularly affections of the limbs, for which this remedy is designed. A thorough knowledge of the physiology of the horse, a most careful and searching study of the peculiarities of the several forms of spavin and the nature of injuries and diseases causing lameness in horses, resulted in the perfection of SILVER SPAVIN CURE, which has never been approached by any remedy ever devised for this purpose.

THE PENETRATING AND ABSORBENT PROPERTIES of SILVER SPAVIN CURE are really wonderful. Its application to the affected parts brings quick relief. Inflammation disappears, the unnatural growth is permanently killed, the circulation of the blood is greatly accelerated, a dissolution of the ossified deposit begins at once, there is immediate improvement, the lameness gradually but surely wearing off and a positive and permanent cure results.

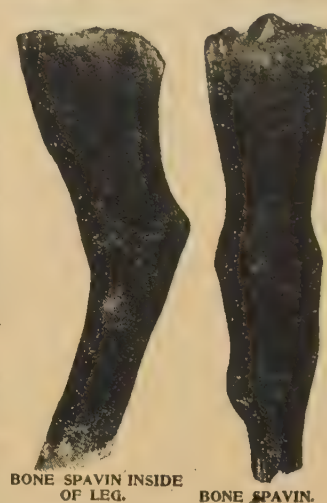

IN ALL CASES OF SPAVIN, in all its several stages, but more particularly in its elementary stage or when first suspected, SILVER SPAVIN CURE does not bring simply temporary relief, but produces a perfect and permanent cure almost at once, and it is so wonderfully efficacious in treating all aggravated forms of spavin, as well as curb, splint, wind galls, etc., that no horse owner can afford to be without a bottle of this splendid remedy for use in an emergency, because severe labor or strains, resulting from heavy pulling or fast driving, frequently develop spavin, ringbone, curb, splint or other affections of this character which, when neglected, develop into the most aggravated cases and in time render the animal practically worthless.

NO MATTER WHAT OTHERS MAY TELL YOU with reference to the treatment of spavin and similar diseases, there is only one way to remove the ossified growth and unnatural bony substance which develops, and this is by absorption. The wonderfully penetrating and absorbent properties of SILVER SPAVIN CURE make it the only recognized and positive cure for this disease. There seems to be no limit to its curative qualities in the diseases for which we recommend it, and its application according to directions not only brings immediate relief, but its action and its influence on the tissues seems to continue for months after the treatment ceases. It not only removes the bony growths and restores the affected parts to a natural and healthy condition in most cases, but it seems to correct the unnatural conditions of the blood and circulation to such an extent that the unnatural deposits cease entirely and there is no recurrence of the trouble. However, there are cases in which, because of complications, even SILVER SPAVIN CURE cannot dissolve the bony deposits, but in every case it cures the lameness. In some cases the bony deposits are nature's effort to build up a weak joint, and it is not desirable to reduce the deposits, and when the trouble is of long standing and complicated, no remedy can reduce the lump, and only SILVER SPAVIN CURE will cure the lameness. We guarantee it to cure the lameness and arrest the progress of the disease.

ASIDE FROM THE FACT that the curative qualities of SILVER SPAVIN CURE are really marvelous (and it has been known to cure cases that were deemed beyond all possible relief), it is guaranteed to be perfectly safe to use, and it will not destroy the hair follicles nor will it leave the slightest scar. There are some spavin remedies offered on the market which may and may not relieve a spavin in its early stages, but they are composed of such strong caustics and other drugs that they destroy the hair and skin wherever applied and leave an unsightly scar. SILVER SPAVIN CURE, no matter how often or how long applied, will not injure the hair or tissues, and as soon as the treatment is suspended a new growth of hair appears, and the limb of the animal is as smooth and glossy as it was before the disease appeared. In fact, it does not leave the slightest evidence of the treatment, and the most expert veterinarian could go over the animal, feel very carefully and would fail to discover any evidence that the horse had been afflicted with a spavin, a ringbone, splint, curb or any of the diseases which this remedy is guaranteed to cure.

IN OFFERING SILVER SPAVIN CURE to our customers we are bringing within their reach a remedy heretofore known only to the veterinary profession and long used by the most expert veterinary surgeons in their private practice with untiring results, and it is brought to you at a price much lower than that asked by many others for remedies which fail to bring relief, and we offer it to you in absolute confidence that it will do all we claim for it or we will cheerfully refund the purchase price.

THERE ARE IMITATIONS OF THIS SPLENDID REMEDY offered by unscrupulous manufacturers and dealers who, realizing the serious nature of this disease and understanding how quickly it renders a valuable horse worthless, hold out many glittering promises to the horse owner, and whose only object is to secure the \$3.00 or \$5.00 price of their remedy, which is little enough to pay for a cure if the remedy they offer would really do all they claim for it. We feel that while we can make the strongest possible claims for SILVER SPAVIN CURE, and it has already demonstrated its wonderful curative properties, we should offer this remedy on a guarantee of results, we should give you an opportunity to try it without risk of loss if it fails to cure, and it is for this reason that we say to you that if it fails to do all we claim for it, when the simple and easily understood directions on the bottle are followed, we will cheerfully refund the purchase price. Under these conditions you cannot afford to experiment with any other remedy offered which is claimed to be "just as good" as SILVER SPAVIN CURE. There are no "just as good" substitutes.

BONE SPAVIN INSIDE OF LEG. BONE SPAVIN.

PHENALIN, \$2.49 A GALLON

THE IDEAL GERMICIDE, INSECTICIDE, DEODORIZER AND ANTISEPTIC.

PERFECTLY HARMLESS to man and the lower forms of animal life, but deadly to germs and insects. Phenalin is the cheapest disinfectant to use because of its strength, as one part of phenalin to one hundred parts of water makes a solution which is death to every germ of germ life. Every stock raiser will find a supply of phenalin almost a necessity, as its manifold uses and germicidal properties make it indispensable. Its curative and preventative properties make it the most valuable general purpose remedy on the market.

SOME OF ITS USES.

CATTLE Mange, screw worm, scratches, lice, inflamed udders, inflamed teats, galls, sores and wire cuts will heal quicker under phenalin treatment than any other treatment known. Try it and if you do not find it so, we will cheerfully refund your money. Lice will be entirely unknown on cattle if phenalin is used.

SHEEP Phenalin will cure sheep affected with scab, foot rot, grubs in the head, anthrax, ticks, etc. If properly used as a preventative, your flock will not be affected with any of these diseases.

HORSES Phenalin is the best remedy to use for bad hoofs, nail in the foot, scratches, galls, wire cuts, etc. It will keep flies off affected parts, and will cure with remarkable rapidity.

HOG CHOLERA This is undoubtedly one of the most destructive diseases which afflicts the stock raising industry. As a preventative phenalin is a wonderfully efficacious remedy and its use is an absolute prevention of this dread disease. It is much easier and much cheaper to prevent this disease than it is to attempt to cure it, after it has secured a foot hold, and a small quantity of phenalin used in the drinking troughs will keep your hogs in a fine, healthy condition.

CHICKENS can easily be cured of leukemia, pips, scaly legs, canker, cholera, limber neck and chicken pox if the phenalin treatment is used. Phenalin is also the best lice destroyer and preventive; where it is used lice cannot live.

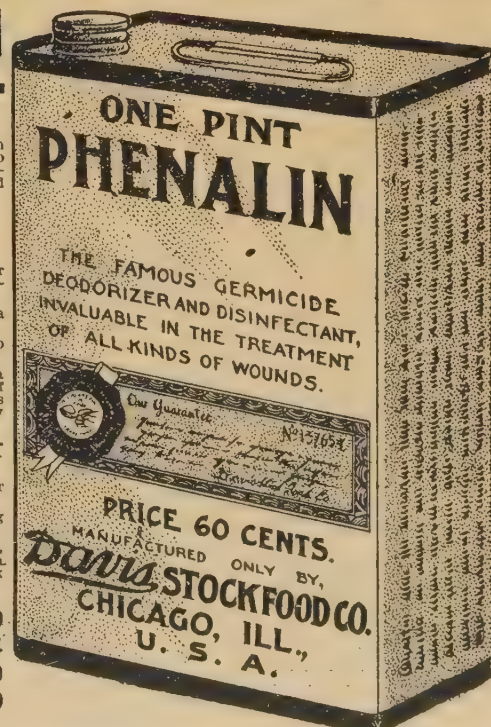

DOGS Phenalin is positively guaranteed to cure mange. Fleas cannot live on dogs that are occasionally washed in water to which a small quantity of phenalin has been added.

INSECT PESTS ON PLANTS If plants are occasionally sprayed with a weak solution of phenalin such a thing as insects on them will be entirely unknown.

FOR URINALS AND CLOSETS phenalin is the best disinfectant and deodorizer, as it destroys all disease germs, and kills any bad odors which may be present. Full directions sent with each package. Order a bottle of phenalin and if it does not do exactly what we claim it will do, write us and we will send back your money.

Davis Ophthalmia Specific - 39c

Guaranteed relief in Moon Blindness and Specific Ophthalmia.

No. 65F550 Regular price, per package 50 cents; our price.....39c

SORE EYES among your live stock may arise from various causes, generally from a cold, irritation, foreign or poisonous matter, a germ, etc., resulting in watery eyes, inflammation, overflow of tears, beside considerable annoyance to the animal. Davis Ophthalmia Specific applied to the eye two or three times a day by blowing a small quantity of the powder on the eye ball, will shortly relieve congestion, clear the eye and save the sight. If the eyes have become red or swollen on the inside of the lids, foment several times a day with hot water and keep the animal in a darkened and well ventilated stable. There is no preparation that meets the requirements as a cure for sore eyes more satisfactorily than Davis Ophthalmia Specific, and it is a valuable remedy to be kept on hand by every veterinarian and stock raiser.

EYE TROUBLES are common to horses, cattle, sheep, dogs and other animals and few stock raisers know how to treat the most insignificant eye troubles. It was with a view to offering the average stock grower a simple remedy that he might apply himself, that Davis Ophthalmia Specific was prepared. In all ordinary cases this remedy will prove efficacious and it has been used with wonderful success by the best veterinarians and largest stock raisers of the country. We cordially recommend it and if you have valuable live stock about you it is a remedy which you should have in your chest of veterinary remedies for use at a moment's notice.

KENTUCKY FOOT FORM, 59c

The Finest Hoof Dressing Made.

IN OFFERING THE KENTUCKY FOOT FORM,

our famous hoof dressing, to the horse owners of America, we wish to say that it is not an ordinary dressing, but the result of many years of practice by one of the most notable veterinarians whose practice has long been confined to the care of the highest bred horses on the American turf. To make an ordinary everyday dressing is a comparatively easy task, but to manufacture one like the Kentucky Foot Form, with all its splendid qualities, requires expert knowledge of the hoof, its diseases and method of treatment. To bring about the most satisfactory results, and after many years of experience in the finest studs of the country this hoof dressing Kentucky Foot Form was developed and is offered as a dressing containing all the excellent qualities of the best hoof dressing on the market at the present time without their objectionable properties.

FOR PREVENTING TOE CRACKS,

corns, quarter cracks, hard, dry, brittle and tender feet, Kentucky Foot Form stands without an equal. These are common everyday troubles which annoy the horse owner and unless properly treated affect the value of the animal, and the use of time act as a preventative in the future. It is just as essential that a horse's hoofs be examined occasionally, cleaned and properly treated as it is that the animal should be curried, brushed and kept clean. A hoof dressing should be used occasionally as a preventative of hoof diseases and we guarantee that if you use Kentucky Foot Form the hoofs will always be clean, soft, healthy and beautiful. It is absolutely free from fish oils and other similar ingredients; it is compounded from absolutely pure substances and we guarantee it to be the very highest grade hoof dressing offered at any price.

Davis Veterinary Liniment, 79c

THE MOST REMARKABLE CURATIVE LINIMENT EVER MADE IN ANY COUNTRY OR AGE, CURING MANY FORMS OF DISEASE AND BANISHING PAIN WITH WONDERFUL SUCCESS, LINIMENT THAT PENETRATES MUSCLE, MEMBRANE AND TISSUES, RELIEVING MORE AILMENTS AND STOPPING MORE PAIN THAN ANYTHING EVER OFFERED TO THE VETERINARIAN OR STOCK RAISER.

THE DAVIS VETERINARY LINIMENT

is the one great preparation that strikes to the seat of the complaint. It penetrates the muscles, membranes and tissues to the very bone and becomes distributed throughout the entire system. Oils will not do this nor will liniments having an alcoholic basis. Try the effects upon yourself—wash your hands thoroughly clean with hot water and soap; dry and then anoint the palms of the hands with a small quantity of the liniment, warming the hands and reapplying until no more will be absorbed; then wash the hands perfectly clean. In three to three and one-half hours later the peculiar odor of the Davis Liniment will be plainly noticed in the urine voided. This should prove to you more conclusively than any amount of talking, that Davis Veterinary Liniment is not like other liniments which merely affect the outside, but that it is the one liniment that penetrates the parts, becomes distributed throughout the system and positively cures the ailments. Is the one great reliable Veterinary Liniment in every particular, the one that meets all the requirements of the stock raiser, the one liniment that gives universal satisfaction.

INDISPENSABLE TO STOCK OWNERS.

All ailments of stock should be promptly treated with the very best remedies obtainable. The Davis Veterinary Liniment should be used on horses, cattle and other stock in cases of swelling, lameness, strains, enlarged joints, sprains, inflammations, etc. In coughs, colds, sore throat, etc., it should be applied to the throat and windpipe and rubbed in thoroughly. A very beneficial leg wash can be made by adding one or two tablespoonfuls of Davis Veterinary Liniment to the quart of warm water and thoroughly bathing the limbs.

No. 65F570 Regular price, \$1.00; our price.....79c

March's Famous Chemical De-Horner, 75¢

THE ONLY SUCCESSFUL CHEMICAL DE-HORNER.

Endorsed by State Agricultural Experiment Stations, Leading Stock Growers and Agricultural Publications.

WE OFFER IN THE JOHN MARCH COMPANY'S CHEMICAL DE-HORNER

the most successful remedy for the purpose for which it has been devised, a remedy which prevents the growth of horns and which introduced to the live stock men a method entirely new, and one which has worked a great and beneficial revolution in the live stock industry. It is a powerful but simple remedy, easily applied, and one already well known to stock raisers throughout the world.

WITHOUT HORNS human and animal life is safer; without horns only one-half the shed room formerly used is necessary. Without horns cattle will destroy less food, a saving of one-fourth may be easily counted on; without horns the most vicious become gentle and docile without horns they will go to the water tank and drink together in one-half the time they would take with horns on. Without horns you can ship from five to seven head more in a car. Without horns they can be shipped long distances without a scratch. Packers say they can pay from fifteen to twenty cents more per hundred for de-horned cattle because their hides are not torn or their flesh bruised. The nutrition necessary to grow five pounds of horns will produce fifteen pounds of beef, five pounds of butter and about nine pounds of cheese. The vital forces wasted by the "bosses" fretting the weaker ones, amount to more than the beef, butter and cheese combined. Every horn grown costs the producer, at the least, one dollar to produce it, or it costs the United States over one million dollars to grow horns on the bovine head which are of no more use than horns would be on the domestic horse. All the objections to the barbarousness and cruelty of sawing off the horns, or in regard to the serious consequences which often follow sawing off the horns are done away with by using John March & Co.'s Chemical De-Horner.

THE NEW WAY. The John March & Co.'s Chemical De-Horner completely fills a long felt want. All that can be said in favor of sawing off the horns can be said of this new process which does away entirely with the objectionable features of the old way, and which raised so many bitter enemies against de-horning on account of its cruelty. This method of de-horning is cheaper than the saw nearly painless if done as directed; leaves no mark or discolored hair; opens no cavity of the head; leaves no malformation; sheds not even a drop of blood. Where sire and dam are de-horned by this process, the horn never having become a part of the animal, the next and future generations do not grow horns. What a boon to both the bovine and its owner! The John March Chemical De-Horner works equally as well on sheep, goats, and other animals as on cattle.

No. 65F580 Regular price, \$1.00; our price.....75c

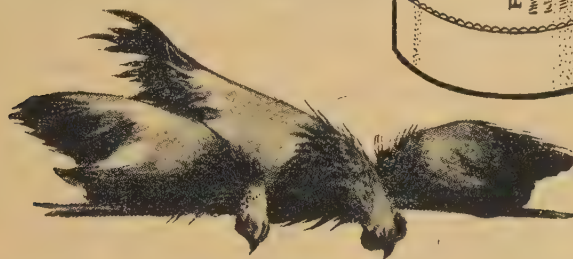

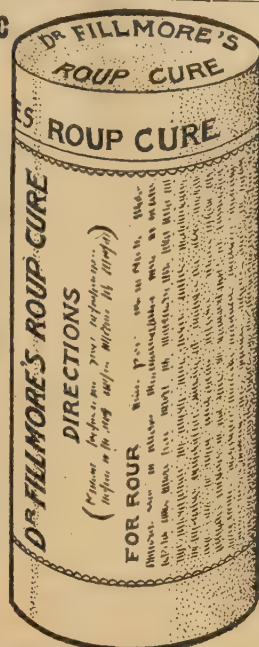

DR. FILLMORE'S ROUP CURE 39c

THE ONLY GUARANTEED CURE FOR ROUP IN ANY FORM.

ROUP is a very prevalent disease among chickens and exists in many forms. It is usually caused by the chicks roosting in the open air and catching cold, which soon develops into Roup.

THE SYMPTOMS comprise hoarse breathing, swelled heads and eyes, discharge from the nostrils, and in the malignant or contagious form, it is accompanied with a very foul odor. It rapidly saps the vitality of the bird, and in a short time the chick appears weak and drooping, and death follows unless relief comes promptly.

DR. FILLMORE'S ROUP CURE is the only sure treatment. One small measure (included in package) is filled with the powder which is dissolved in one gallon of drinking water. All the other water should be removed and the chicks will gladly take the medicine. In a well developed case of Roup, keep all the affected fowls in a separate coop. When a fowl cannot see to drink, bathe its head with a warm solution of the cure. As a preventive for the remainder of the chickens, add about one-half measureful to a gallon of water, and give this solution as drinking water. This will cure a cold in three or four days. But a well developed case of Roup will require from two to three weeks.

Chickens afflicted with Roup.

If you raise chickens you will need this splendid remedy, and at our special price it is a very profitable adjunct to every poultry keeper's medicine chest.

No. 65F590 Regular price, per box, 50 cents; our price39c

DR. FILLMORE'S CHICKOLIN, 39c

THE ONLY SURE CURE FOR CHOLERA AND GAPES IN CHICKENS TURKEYS AND GUINEAS. KEEPS FOWLS HEALTHY, MAKES THEM FEEL BETTER AND LAY BETTER. PAYS BIG TO FEED.

DR. FILLMORE'S CHICKOLIN

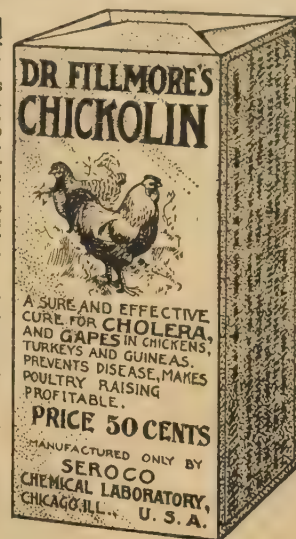

is the only sure cure for cholera and gapes in chickens. It has been in use on prominent poultry farms for years and has demonstrated its value as a wonderful and extremely valuable poultry remedy. In fact the virtues of this remedy have become so well known that many poultry raisers consider Chickolin as essential for raising chickens, curing and preventing diseases, as the housewife considers salt and pepper for seasoning. We are pleased that we have made arrangements for the exclusive sale of this well known remedy, and we offer it to our thousands of customers at a price much lower than it has ever been offered before.

CHICKOLIN is an absolute necessity for the successful and profitable raising of poultry. It is equally good for the young chick or the old hen or rooster. Given as a preventive, it prevents diseases and makes poultry raising profitable. For the curing of Cholera, Indigestion, Bowel Complaints, etc., use Dr. Fillmore's Chickolin at the rate of one teaspoonful to each gallon of drinking water and remove all other drinking water.

FOR CANKER apply Chickolin pure with a small brush or feather after removing the canker. For frosted combs, swelled head, chicken pox, sores, cuts, wounds, sore eyes, etc., apply. Chickolin at the rate of one teaspoonful to half pint of water.

IF YOUR CHICKENS ARE AILING, if they droop around the poultry yard, if their plumage is lustless you should order Chickolin at once and begin its use. It will work wonders in any poultry yard, and as a general, all purpose remedy it is recommended as the best to be had.

We guarantee Chickolin and will refund the purchase price if it isn't satisfactory

No. 65F600 Regular price, 50 cents; our price39c

DAVIS LUMP JAW CURE, \$1.29.

A POSITIVE SPECIFIC FOR CURING THIS SERIOUS AFFECTION.

LUMP JAW, technically known as Actinomycosis, or Lumpy or Big Jaw, is a plague rapidly becoming prevalent. While several years ago it was little known, it has grown of late to tremendous proportions, and is now one of the commonest of ailments among cattle.

A PARASITIC DISEASE. Lump Jaw is a germ disease, caused by a vegetable germ or fungus named Actinomyces or Ray Fungus. This fungus is found upon pasture grasses, about straw stacks, barnyards, upon beards and husks of barley, being usually spread about by some animal having the disease. While the fungus may penetrate the tissues in various parts of the body, they usually gain entrance through the mucous membrane of the mouth. Healthy cattle, in eating the plants upon which the fungus is growing eat the germs with it, and when they find lodgment in a punctured membrane of the mouth, or gain lodgment at the side of the teeth, the animal becomes infected, and the disease starts from this point and invades the neighboring parts. It is a well known fact that the membrane about the jaws, especially the connective tissue beneath the skin of the jaw, is particularly liable to scratches, which accounts for the fact that the disease nearly always starts in this part.

EARLY STAGES. When once the fungus fastens itself in the membrane of the mouth, it multiplies with great rapidity, eventually destroying both flesh and bone. Lump Jaw can first be detected by the presence of a swelling, and later one or more hard lumps appear upon either the jawbone, cheek, or below the ear between the lower jaw and the neck, but most frequently on the external surface of the jaw. When these are first noted it is the best time to kill the growth of the disease, as a few applications of Davis Lump Jaw Cure at that time will quickly kill all the fungus and remove every trace of the disease. The longer you put off treatment the more the disease spreads, the bone becomes affected and it is then much more difficult to cure.

IN THE EARLY STAGES the lump usually softens and an abscess forms which, increasing in size, at last breaks danger of infection. This poisonous matter, loaded with fungi, becomes distributed about the pasture and wherever the animal is confined, endangering the animals which have not been infected. While the disease is confined to the head, the cure by Davis Lump Jaw treatment is certain but if neglected at this stage, the disease will rapidly spread involving the entire alimentary tract together with the liver and in the great majority of cases it will attack the lungs, for which there is no cure.

DAVIS LUMP JAW CURE is the result of many years' study and veterinary practice with a complete understanding of the causes and effects of lump jaw. It is a dark red liquid for external application, possessing remarkable penetrating power. It is rubbed upon the part and within a few moments penetrates every fibre and tissue of the affected part. Its antiseptic and healing action commences at once and a few applications will cure every case of genuine lump jaw in which the bone has not been too heavily affected. When once the cause of the disease has been removed, nature will proceed to throw off the dead tissue, and this remedy, inducing the growth of healthy tissue, will aid nature in rebuilding the diseased part.

GUARANTEED. We absolutely guarantee Davis Lump Jaw Cure to do all we claim for it and will cheerfully refund your money if it fails in any case.

No. 65F610 Regular price, per bottle, \$2.00; our price, per bottle.....\$1.29

DAVIS STABLE DISINFECTANT, 99c.

PREVENTS CONTAGIOUS DISEASES. KILLS ALL GERMS.
KILLS ALL FOUL ODORS IMMEDIATELY.

THERE ARE INNUMERABLE DISINFECTANTS on the market; some good, some bad, some indifferent. When you go to the expense of using a disinfectant and using it, it goes without saying that it should be efficient. To be inefficient is dangerous. In using it you should have a perfect right to feel safe, to feel that you have taken all possible precaution toward stamping out disease, to feel that your herd or flock is protected. Should the disinfectant not be a germicide it would work irreparable harm. We regret to state that there are many disinfectants on the market that accomplish nothing more than replacing one foul odor with another, and if their bacteria and germ killing properties were only as strong as their odors you would have no cause to fear. But that is just the trouble; they are not. It therefore behooves the stock raiser to select his disinfectant with care; to know that the disinfectant he is buying is efficient; to know that it is honest and will accomplish its work. He should insist upon knowing in the first place, that it contains standard chemicals and drugs, and, in the second place, that these pure chemicals and drugs are used and mixed properly; and knowing these things he is able to judge for himself as to just what degree of efficiency he may expect. As the health of himself and his family so largely depends upon the health of his animals it is especially important that he exert every effort to control and eradicate disease. The old adage that "An ounce of prevention is worth a pound of cure" was never more applicable than in this connection.

THE PRIMARY CAUSES OF PRACTICALLY ALL DISEASES are now recognized to be bacteria, germs and parasites. Bacteria multiply either inside or outside the body, often forming compounds and gases that enable us to recognize them. Different substances may be used to counteract these disagreeable odors; but removing the odor does not remove the cause and many manufacturers of disinfectants evidently work on the principle that in destroying the noxious odors they remove all danger. We can tell you positively that they do not; that there are many and innumerable substances that will act as deodorizers, but which are not germ destroyers.

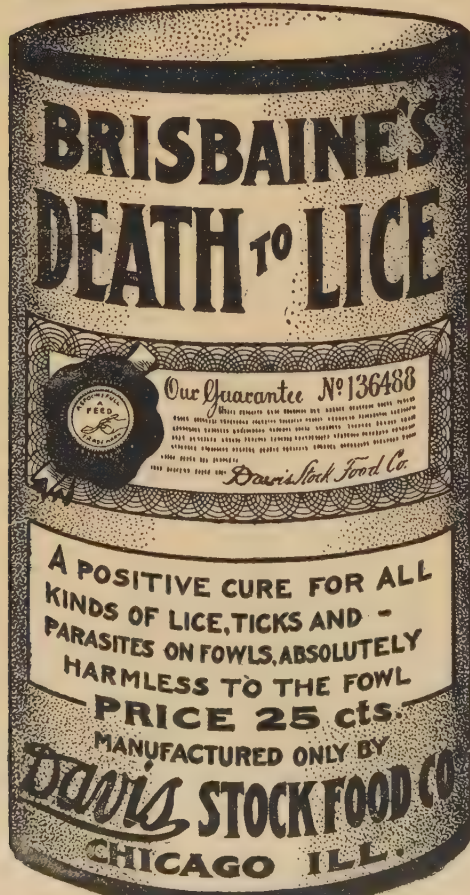

THE UNITED STATES GOVERNMENT has literally spent millions in preaching the doctrine of prevention by the use of disinfectants, germicides and parasitides. The barn in which you keep your horses should be thoroughly and regularly disinfected, so that the air remains pure and sweet. It is particularly important in the dairy barn if you would have your milk pure. It is absolutely essential if you would keep your hog-house free from infection and disease germs, if you would reap the profit which rightly belongs to you. Formerly, and to a greater or lesser extent today, carbolic acid has been the standard disinfectant, used in solutions varying from 1/4 to 5 per cent. But it was and is open to many objections. First, the strong, pungent, irritating odor; second, the expense; third, the danger in its use. This led the government and various scientists to search for a safe, efficient and economical substitute. The question was finally solved by many, who were able to make an emulsion of crude coal tar products. Some of these were and are efficient, others are nothing more nor less than deodorizers.

DAVIS STABLE DISINFECTANT is made from crude Cresol, acknowledged by the United States government and the world authorities on the subject to be the most effective substance known in fighting germs, bacteria and parasites. The crude Cresol is treated with rosin, soap, and goes through a process of manufacture perfecting what is known as an emulsion, a compound that is soluble in water. Extensive, exhaustive experiments and tests have demonstrated that a 2 per cent solution of Davis Stable Disinfectant is equal to and stronger than a 5 per cent solution of carbolic acid. It is at the same time much less harmful and is non-poisonous. In all ordinary cases a one per cent solution will accomplish the desired results. This means that a one gallon can of Davis Stable Disinfectant will make 100 gallons of disinfectant, ready for use, and one hundred gallons of disinfectant should last the ordinary farmer five or six months, if properly used. Surely, you will agree with us that you cannot afford to be without it.

IT IS BY FAR THE CHEAPEST INSURANCE you ever purchased, and you have the satisfaction of knowing the danger of disease among your stock is reduced to a minimum. Whether you purchase Davis Disinfectant or not, we earnestly advise you to purchase and use regularly a good disinfectant. It is to

your advantage and for your own welfare. There are others on the market, undoubtedly, just as good as the Davis Disinfectant, and, while we would like you to use Davis Disinfectant, because we know just how it is made, because we know just how efficient it is, this does not mean—and we do not claim for a minute—that it is the only disinfectant on the market. We would like very much to have you send us an order for a trial gallon of Davis Disinfectant. Let us ship it to you; use it and satisfy yourself of its quality. Then, if you are not entirely satisfied with it you can do us no greater favor than to write and tell us so, thus giving us an opportunity of returning every cent you have paid us. We think that the Davis Preparations are the best preparations in the world for their respective uses. We know what materials are used and we know that they are manufactured and put together in an honest manner. It is to your interest to satisfy yourself on this point. We confidently expect to build one of the largest businesses of this kind in the world on Davis Preparations. We could not do this unless they possessed merit, and we cannot do it unless every purchaser of them is thoroughly satisfied. Send us an order today and if you are going to use disinfectants, by all means use the Davis. It is put up in quarts, half gallon, gallon and five gallon cans, for your convenience.

No. 65F621 Regular price, 5 gal. can, \$5.00; our price, 5 gal. can 3.85

BRISBAIN'S DEATH TO LICE, 19c.

THE ONE SURE CURE FOR LICE ON FOWLS.

A POWERFUL LICE KILLER BUT HARMLESS TO POULTRY.

IF YOU HAVE EVER RAISED POULTRY you undoubtedly have had your share of trouble in having your birds pestered with lice. Wherever chickens are raised lice are bred—and lice and chickens make a poor combination. If your birds must waste their time and energy providing nourishment for myriads of lice and parasites, you cannot expect them to lay on flesh and keep your table supplied with eggs; therefore, do not wait until they become infested with lice before treating them. Obtain a good louse powder and see that it is used occasionally. Prevention is ever better than a cure. There are so many different varieties of lice infesting chickens that it would be impossible to attempt to name them in our limited space. There is one, however, that is so generally distributed that it is worthy of a more than passing mention, namely the "Chicken Mite," technically known as the *Dermanyssus Gallinae*. Wherever chickens are raised, there this mite is found. Its normal color is light gray with dark spots, but when filled with blood it takes on a decidedly red appearance. Its usual habit is to attack the birds at night and to hide in the cracks and corners of the roosts and rubbish during the day, but in exceptionally bad attacks the mite remains on the fowls during day time. As a rule, however, it makes its appearance late at night. For this reason the chicken mite is decidedly dangerous to profitable poultry raising. Often, upon an examination of the fowls during the day, you will fail to find the parasite, although the fowls are badly infested at night. Occasionally this mite infests man, horses and other animals, producing symptoms of scabbage by its bite.

IN ORDER TO SUCCESSFULLY COMBAT AND DESTROY THIS PARASITE, it is necessary to thoroughly spray the walls, all the cracks, the roosts, the rubbish, the droppings and bedding of the house, and to occasionally dust the fowls with Brisbane's Death to Lice. Brisbane's Death to Lice is a thoroughly efficient louse killer. It is absolutely harmless to the fowl, and in this feature is radically different from a number of the so called louse killers now on the market. The articles of which it is composed are printed in plain letters on every package, something that you should insist upon in everything you buy. Many poultry raisers have had a discouraging experience in buying louse killers and, after having used them, faithfully following directions, only to go out some morning and find half their chickens dead. The only sure protection against this is to force the manufacturer to print his ingredients on the label of the package, so that you may know what you are using. If his article is a harmless and efficient one, he should have no objection to doing it, and if he refuses to do so you may draw your own conclusions.

WE KNOW what Brisbane's Death to Lice is. You may know, when you purchase a package. We know that it is harmless and efficient. You can easily determine this by giving it a trial. It is put up for your convenience in a strong round box, with sprinkling top attached, so that you need not remove the lid to use the box; it being made like a sifter. When you next send us an order include an order for one package of Brisbane's Death to Lice. It will pay for itself many times over. It is put up in strong, one pound, sprinkler top, cartons; twenty-five cents each. Your money back, if not entirely satisfied.

DAVIS VETERINARY CARBOLIC SALVE, 39c.

THIS WELL KNOWN

unfailing healing salve is used by nearly all the prominent stock raisers in the country. A trial of this unexcelled salve will quickly convince any stock raiser that it is by far the finest carbolic salve for veterinary use on the market. It contains certain healing properties not found in other remedies, and it is a never failing friend in treating and permanently curing wounds, cuts, galls, old sores, abscesses, ulcers, ring worm, tetter, itch, chapped and cracked skin, and all other skin diseases common to animals. In cases of long standing, scratches and grease heel, where the tissues have been hardened with time, our carbolic healing ointment will reach the bottom, promote the formation of healthy granulations, restore the parts to a healthy condition, and effect a complete cure without leaving a scar. It will produce a new growth of hair of natural color, in all cases where the hair follicles are not entirely dead will bring out the hair. In many

cases where the roots are supposedly dead a new growth of hair will appear. It is the best and most reliable all around veterinary salve ever offered to the stock raiser, and considering its wide range of usefulness and its cheap price, every stock raiser should have several boxes on hand for emergency.

DAVIS CALF AND COLT SCOUR REMEDY, 39c.

ONE OF THE MOST SERIOUS COMPLICATIONS

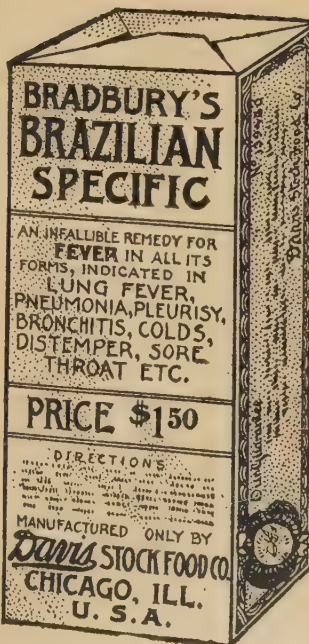

in young colts is violent and excessive diarrhea, known as scours. It usually comes on shortly after birth, but may not appear for several days. In mild cases the symptoms are not very marked at first, merely a running off from the bowels, but unless treated, soon becomes serious, and the following complications arise: Sunken eyes, dullness, low temperatures, no desire for food, short, hurried breathing and excessive weakness. The discharges from the bowels are very heavy, yellowish white in color and very offensive in odor. Unless checked, the death of the animal may result within twenty-four to forty-eight hours. Many different causes have been advanced as producing this disease. Some authorities ascribe it to keeping the young animals in closed stables, the close, filthy, bad smelling buildings causing the complaint. Others claim the disease produced by a germ. Whatever the cause, it is very serious and unless immediate attention is given is apt to cause material loss of live stock. In all such cases Davis Scour Remedy will bring immediate relief. It differs in every respect from anything else on the market. It stands in a class by itself. It not only stops the diarrhea by removing the cause, but it tones up the stomach of the young animals, decreases the griping and scouring, checks the intestinal irritation, increases the appetite, sweetens the stomach and aids digestion. It effects a speedy and permanent cure and strengthens the animal by freeing it from the disease and enabling it to properly digest its food. It is guaranteed to do just what we say it will and you can put every confidence in the results. Money cheerfully refunded if it fails.

BRADBURY'S BRAZILIAN SPECIFIC, 89c.

AN UNEQUALED REMEDY FOR EVERY FORM OF FEVER COMMON TO LIVE STOCK.

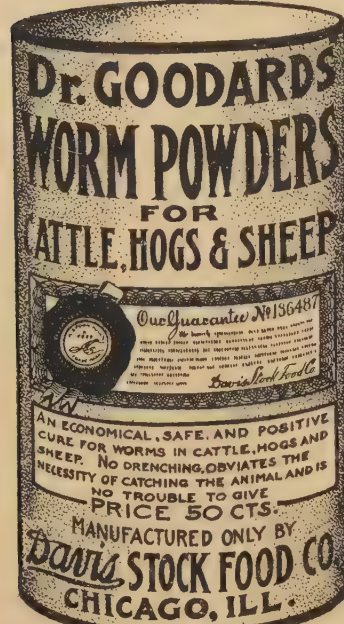

FOR AN EMERGENCY, which frequently arises on the farm among the flocks and herds, Bradbury's Brazilian Specific is undoubtedly the finest veterinary remedy on the market. It is prepared by the Davis Stock Food Company from a formula developed by one of the greatest veterinary surgeons in the United States, and it is guaranteed by us to be an unequalled specific for the relief of lung fever, pneumonia, pleurisy, bronchitis, colds, distemper, sore throat, etc. It is a wonderfully efficacious remedy in the early stages of these several diseases and its prompt use has saved thousands of valuable animals which otherwise would have been lost had it been necessary to have waited for the arrival of a veterinary surgeon for treatment. Lung fever, pneumonia and pleurisy develop very suddenly and quite unexpectedly and a remedy such as Bradbury's Brazilian Specific in such an emergency will prove of untold value. It is prompt and certain in its action, bringing quick relief and in the formative stages of any of these diseases it brings instant relief.

NO STOCK RAISER, no veterinarian should be without this well known valuable remedy. While we have no special inducement to offer the veterinary surgeon in the way of prices (as we could not name a lower figure even were he to buy in gross lots), every veterinarian who seeks to build a large and lucrative practice among stock raisers ought to keep a liberal supply of this specific in his laboratory as it is undoubtedly the highest grade and most effective remedy for these troublesome and treacherous diseases known to the fraternity.

No. 65F680 Regular price, per bottle, \$1.50; our price..... 89c

DR. GOODARD'S WORM POWDERS FOR CATTLE, HOGS AND SHEEP, 39¢

THESE ARE THE SAFEST AND SUREST CURE FOR WORMS IN CATTLE, HOGS AND SHEEP NO CATCHING THE ANIMAL, NO DRENCHING, NO TROUBLE TO ADMINISTER.

WORMS ARE TO BE FOUND

in nearly all calves, lambs and pigs about weaning time, especially during the late spring and summer months. Worms rapidly debilitate the system, they weaken the animal and make it a fit subject for disease and unless they get prompt relief great mortality follows.

THERE ARE SEVERAL VARIETIES of these parasites which live in the stomach and bowels of animals, deriving their nourishment by suction from the intestinal secretions, sapping the vitality of the animal they feed upon and causing enormous loss to live stock interests annually.

THE MOST COMMON WORMS are, first, what is known as the long, round worm, which sometimes attains a large size and is generally found in the small intestines; second, the broad tape worm is another type which is causing death to whole flocks in some of the central and western states; third, the twisted stomach worm, according to accurate government records, killed three million lambs in the central states in one year.

AS A CERTAIN REMEDY for worm troubles in young live stock we offer Dr. Goodard's Worm Powders as a remedy which is simple to give, wonderfully effective and absolutely harmless. Complete directions on every package. Two

or three doses will kill every worm infesting the animal, and if followed by the feeding of Davis Stock Food, described elsewhere in this catalogue, the animal is quickly restored to a good healthy growing condition.

YOUNG LAMBS especially are quickly affected by the presence of parasites causes great pain, loss of flesh and energy, and death in a few days. In the older animals, while they do not always kill, they do debilitate the system that all food loses its value because it cannot be properly assimilated; the growth of wool is greatly retarded and results in financial loss to the wool grower.

A WORMY ANIMAL is never a profitable animal and this is particularly true of hogs, which are especially susceptible to worms. When hogs become very wormy they soon reach a low state of health and very slight exposure to cholera or swine plague will develop the disease in them. Dr. Goodard's Worm Powders are certain death to all kinds of worms in hogs and we recommend its use occasionally among your swine, even though you have no positive evidence that worms are giving them trouble. If they happen to have these parasites the remedy will quickly relieve them and if they haven't been infected it will act as a preventive. The same thing may be said with reference to calves. As a curative remedy it is one that every stock raiser, especially every farmer who raises several varieties of stock, ought to have at hand. It will cleanse the stomach, invigorate the system and as it has been thoroughly tried under all conditions we guarantee it to give absolute satisfaction or we will refund your money.

No. 65F692 Regular price per 3-pound package, \$1.00; our price.....79¢

DAVIS WIRE CUT REMEDY, 79¢

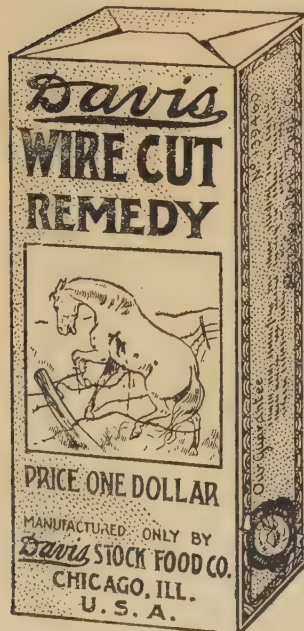

HEALS ALL WIRE CUTS—LEAVES NO SCARS.

THOUSANDS OF VALUABLE HORSES, Cattle and other animals are injured yearly by barbed wire fences and in many cases are permanently crippled or disfigured because the injury is not properly treated. In Davis Wire Cut Remedy we offer the very best treatment for cuts from barbed wire as well as all other flesh wounds, and as a healing cleansing antiseptic and disinfecting agent it is soothing and mild in action and positive in results.

THIS SPLENDID HEALING LOTION

demonstrates its great virtue in the quick, easy and thorough healing of all scratches, barbed wire or other cuts, lacerations or deep incisions. Its ingredients are harmless, and while it is prepared especially for use in treating animals, it is equally satisfactory as a healing remedy for both man and beast. If Davis Wire Cut Remedy is used promptly in all cases according to directions on the bottle it is absolutely impossible for blood poisoning to result, its antiseptic properties quickly kill all germs, inflammation is immediately allayed, suppuration is prevented, and the daily application of the lotion promotes the rebuilding of the injured tissues and a prompt and permanent cure results. No remedy offered stock raisers is of greater value than this our Davis Wire Cut Remedy, and at its extremely low price it ought to be in the veterinary medicine chest of every stock grower for use in emergencies.

No. 65F700 Regular price, \$1.00; our price.....79¢

DAVIS DISTEMPER CURE, 39¢

A POSITIVE QUICK ACTING REMEDY FOR COUGHS, COLDS AND ALL FORMS OF DISTEMPER. QUICK, EFFICIENT AND SURE. SOLD UNDER A SPOT CASH GUARANTEE—YOUR MONEY BACK IF IT FAILS.

DAVIS DISTEMPER

CURE is wholly unlike the many distemper cures now on the market; it is composed of strictly pure drugs and medicines and is a formula used by the best veterinarians in the country and one which is guaranteed to cure the most stubborn cases. It is the best known remedy for quickly relieving coughs, colds, distemper or influenza.

DISTEMPER IS A COMMON AILMENT AMONG HORSES

and in some of its forms is contagious. An animal suffering with this disease is not in condition to work or drive, and neglect of this affliction frequently brings on other complications which sometimes permanently disables the animal and generally affects its usefulness to such an extent that it greatly depreciates in value. It is a comparatively easy matter to treat successfully all forms of distemper in their early stages and it is for this reason that we recommend to

every live stock owner the purchase of Davis Distemper Cure whether his horses have this disease at the present time or not. The amount represented in the purchase price is so small and its value to you when needed is so great that it pays to keep it constantly on hand. Upon the appearance of the first symptom of a cough or cold or the more aggravated forms of distemper the use of this remedy according to printed directions will bring quick and certain relief.

IT SHOULD BE REMEMBERED, especially in cases of distemper which are well developed, that in connection with the use of Davis Distemper Cure a great deal will depend on the sort of treatment the animal receives at your hands, and as distemper in its several forms generally makes its appearance in an animal which is run down and whose system is more or less debilitated a cure may be more speedily effected, the animal may be restored to a strong, healthy condition more quickly if you will feed Davis Stock Food as described elsewhere in this catalogue in connection with this treatment and in connection with the daily rations of the animal.

In many years' experience one of the leading veterinarians of the country has declared his remedy the very best preparation he has been able to discover for the treatment of distemper and as it has proven so thoroughly satisfactory in so many cases we unhesitatingly guarantee it to be strictly first class in every respect, to be the very best distemper cure offered by any firm or individual and if you order it and use it according to directions and it fails to do all we claim for it we will be glad to refund your money and pay the transportation charges both ways upon notification of its failure and dissatisfaction on your part.

No. 65F710 Regular price, 50 cents; our price.....39¢
If by mail, postage extra, 16 cents.

DAVIS VETERINARY BLISTER, 39¢

HERETOFORE,

where a blister was required it has been necessary for the horseman to go to the veterinarian or drug store for it. In many cases it was necessary to get some person to apply it, all of which should be unnecessary. It was to meet the growing demand for such an article that Davis Veterinary Blister was put upon the market. It is simple, harmless and highly efficient, and is used after the prescription used by the best veterinarians in the country. Davis Veterinary Blister is intended only for use on what is known as soft swellings or injuries affecting the muscles or ligaments. It is composed of Spanish Fly, finely ground, and petrolatum. Veterinarians have never found

anything better for curbs, sprains, for ligaments and muscles. If used when the curb first appears it is guaranteed to cure and remove it. It does not deteriorate with age, because it is put up in strong tin boxes, securely sealed. You have doubtless had the unfortunate experience of having your horses "throw a curb." At such times Davis Veterinary Blister, applied immediately, will affect a cure in over ninety-nine per cent of the cases. Surely your horse is valuable enough to keep it on hand.

PERHAPS you have had horses with sprained tendons, and though you got them to the veterinarian as soon as possible, it was too late. Extensive tissue changes had taken place and a thickened tendon was the result. Davis Veterinary Blister used immediately as directed, would have prevented this. In a great many cases it will remove all traces of the trouble from the tendon that has been thickened for some time. It is a guaranteed cure for sprained tendons, curb and sprained muscles. It will not remove the hair or leave a bald spot. It is exactly what you would get if you called the best veterinarian in the country. Include it in your next order and keep it on hand. Your horse is worth protection and worth saving, and no man ever knows when it is liable to either throw a curb or sprain a tendon.

No. 65F720 Regular price, per box, 50 cents; our price, per box.....39¢
If by mail, postage extra, per box, 8 cents.

DAVIS FLY CHASER, 98c.

A Great Money Saver and Profit Producer for Stockmen.

FLIES COST THE STOCK RAISERS OF THE UNITED STATES MORE THAN A HALF BILLION DOLLARS ANNUALLY.

This is a strong statement to make, but the Bureau of Animal Industry of the Agricultural Department of the Government has already discovered that this is a conservative estimate of what is represented as lost from shrinkage of milk production and flesh due to the misery inflicted on live stock by flies, mosquitoes, ticks and other insect pests which torment them from four to six months during the year.

WE OFFER DAVIS FLY CHASER as a very effective remedy against flies, mosquitoes and all other insect pests, the most satisfactory remedy on the market, one which is easily applied, and while it is very effective for the purpose for which it is designed it is absolutely harmless to both man and beast.

IT IS FALSE ECONOMY

to feed a horse from twelve to fifteen quarts of oats a day and then have him spend 80 per cent of his energy to keep off a horde of annoying pests in the form of flies or mosquitoes. If less profit, less ability, he is not nearly so good a work horse, he is not nearly so good a roadster. It is also false economy to turn your milk cows and other cattle loose in the pasture to spend more than half of their time and energy in driving away insect pests instead of grazing and earning profit for their owner.

THE LOW COST OF DAVIS FLY CHASER will enable you to treat all your animals at very great profit, less than half a cent a day per animal will give them absolute immunity from insects of every character. A gallon of fly chaser will make twenty-five gallons of fluid, and it is easily applied with spraying machine to those animals to be turned out in the pasture or worked in the fields. Spraying the stall and interior of a barn or cow shed will keep out the insects when the animals are kept indoors.

FLIES SPREAD DISEASE. In fact a large per cent of the mortality among live stock in the summer season, is due entirely to contagion carried by flies, and as Davis Fly Chaser is an insecticide, Germicide, Antiseptic and Disinfectant it prevents Anthrax, Texas Fever and many other diseases of similar nature. No stock raiser can afford to be without this splendid remedy, and we are so sure of its effectiveness, we are so certain that its results will be entirely satisfactory to you that we guarantee it to be absolutely the very best fly chaser on the market, and if you do not find that it does all we claim for it we will cheerfully refund your money and pay the transportation charges.

ORDER A SAMPLE CAN of this remedy and use it on your horses, cattle, hogs, dogs and other domestic animals and we know that a brief trial will convince you of its splendid qualities and great value to you.

No. 65F730 Quarts, regular price, \$1.25; our price \$0.98
No. 65F731 Gallons, regular price, \$4.00; our price 2.62

DAVIS COLIC CURE, 39c.

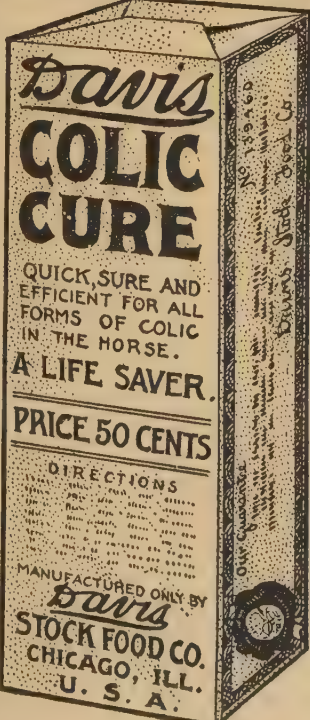

Unsurpassed for all Stomach and Bowel Troubles, YOUR MONEY BACK IF IT EVER FAILS TO CURE.

A REMEDY THAT EVERY STOCK OWNER SHOULD POSSESS. Colic is the most distressing of all troubles of animals and more horses die every year from it than from all non-contagious diseases combined. Colic is a spasmodic contraction of the muscular coat of any part of the intestines, usually caused by improper feeding. The animal affected with it will appear uneasy, pawing the ground, arching the back, looking around at the flank. On lying down he will kick at the belly and roll on the ground until the spasms are relieved. In all such cases Davis Colic Cure will bring quick and certain relief, and stock raisers who have tried it, are enthusiastic in praise of it. One dose usually cures the most severe case of colic in horses and cattle and we have never known a case where a second dose failed.

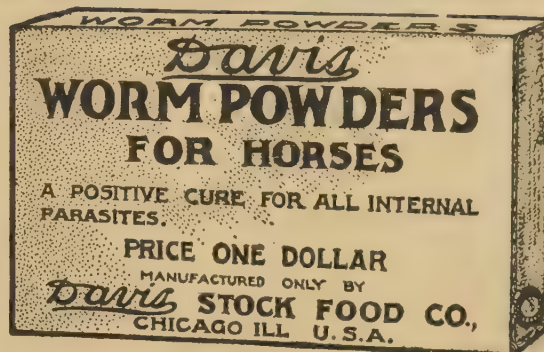

IS YOUR HORSE WORTH \$1.00?

Colic comes unexpectedly, it is of frequent occurrence and it is always dangerous. By having this reliable remedy near at hand you run no risk of losing your horse, without it he may die. Davis Colic Cure is Cheap Insurance as it cannot fail. Davis Colic Cure is unexcelled for all stomach and bowel troubles accompanied with colic pains, spasmodic or wind colic, cramps, bloats, engorgement of stomach, stoppage of water, indigestion, etc. It relieves the pain and relaxes the muscular coat of the stomach, bowels and bladder, stopping fermentation and causing a normal action and free evacuation of the organs. It acts instantly, is easily administered and is a sure cure where other remedies fail. Full directions are given upon each bottle, together with information as to the best and quickest means of relieving the animal when attacks come on.

No. 65F740 Regular price, 50 cents; our price 39c

**DAVIS WORM POWDERS FOR HORSES, 79c.**

Especially Prepared for the Treatment of Worms in Colts and Horses.

NEARLY ALL YOUNG COLTS, especially about the weaning period

are subject to worms, which rapidly debilitate and weaken their system as well as making them easily susceptible to other diseases. The worms found in horses comprise, Taenia, Perfoliata, Gastrodiscus Aegyptiacus, Oxyuris, Oxyuridae, Sclerosotum, Equinum, Sci. Tetracanthum, Ascaris Megalocephala, and Filaria Papillosa, varying in character from those usually found in cattle, hogs and sheep and hence require a different treatment. A remedy which will effectively remove all worms from your horses, clean out their system, make them well and give them a beautiful shining coat. Horses and colts having worms are usually run down and in poor condition. They are generally hide bound, pot bellied, have colicky pains, sluggish movements, staring coat, the skin covered with scurvy blotches, poor appetite, dung covered with mucus substance and a whitish matter about the fundament. The horse bites the woodwork in his stall, licks the walls and has a craving for salt, offal and dirt. A certain evidence of worms is their presence in the droppings or dung, although frequent movement of the bowels with some griping and straining and rubbing the tail and fundament against the stall are often indicative symptoms. Any or all of the above symptoms may be present in colts and young horses, and occur most frequently when the animals are pastured on low wet ground and drink stagnant water. Worms are the cause of a great many diseases and ailments in horses and colts, and any number of valuable animals are lost every year through ignorance of the cause of the complaint. The sure treatment for worms in horses and colts is the long tried, never failing Davis Worm Powders. This is not a general mixture intended to cure worms in all kinds of stock but are specially compounded after many years' practical experience, and are guaranteed to cure.

IN ADDITION TO THE USE OF DAVIS WORM POWDERS we heartily recommend the feeding of Davis Stock Food, as described on pages 869 to 878 in this catalogue, as a very great help toward restoring animals to a strong healthy condition, a food scientifically prepared and wonderfully efficacious under all conditions, used and recommended by the largest and most successful stock raisers of the United States. Davis Worm Powders are put up in twelve powders to the package. Full directions for treatment contained in every package.

No. 65F750 Regular price, \$1.00; our price 79c

DAVIS MANGE CURE FOR DOGS, 79c.

THE CONTAGIOUS SKIN DISEASE KNOWN AS MANGE

is caused by parasites, which after burrowing beneath the skin cause inflammation, watery discharges ooze through the skin and drying form unsightly scabs. This troublesome disease may make its appearance almost anywhere on the animal, but generally on the neck and it spreads very rapidly unless prompt measures are taken to effect a cure. To relieve the intolerable itching accompanying this disease, the animal will either bite the affected parts or rub against anything with which it comes in contact, rubbing until the hair is removed and a raw unsightly sore develops.

TO CURE MANGE it is necessary to use a remedy which will destroy the parasites as well as their eggs, and in Davis Mange Cure for dogs we offer a positive remedy which has been used with great success for many years and which we guarantee to be the most effective remedy offered for this purpose. It has cured the worst cases of mange, and as it is antiseptic in its properties it not only stays the disease but prevents contagion. If you have valuable dogs you will find it worth while to keep a bottle of this remedy in your medicine chest, and whether your dogs are valuable or not as a preventive of contagion, as a method of keeping other animals from taking this disease in some form even from a dog which you do not value highly it will be found a most economical investment.

No. 65F760 Regular price, \$1.00; our price 79c

SAVE ONE-THIRD ON YOUR GROCERY BILLS

WE OPERATE THE LARGEST GROCERY STORE IN THE WORLD, AND HAVE BEEN REDUCING THE LIVING EXPENSES OF HUNDREDS OF THOUSANDS OF OUR CUSTOMERS FOR SEVERAL YEARS. IT IS NO UNCOMMON THING FOR A FAMILY TO SAVE FROM \$50.00 TO \$100.00 A YEAR ON THEIR GROCERY BILLS BY SENDING TO US FOR ALL THEIR GROCERY NEEDS, BECAUSE WE OFFER THE HIGHEST GRADE GROCERIES AT THE VERY LOWEST WHOLESALE PRICES, PRICES IN MANY INSTANCES LOWER THAN THE RETAIL MERCHANT PAYS HIS WHOLESALE FOR GOODS NOT NEARLY SO FRESH, SO PURE OR SO DESIRABLE.

THE BIG ILLUSTRATION shown on this page is a reduced facsimile of our big 32-page Grocery Price List, which we will send you free, postpaid, upon request. We cannot catalogue groceries in this, our big catalogue, because the prices quoted herein are good for one year, whereas groceries fluctuate from month to month. To give you the advantage of the very latest price quotations we issue a special 32-page Grocery Price List, showing the very lowest wholesale quotations on the very highest grade seasonable merchandise, and if you are at all interested in reducing your living expenses, won't you please write us a letter or on a postal card say, "Send me your free Grocery List," and we will send it by return mail, free.

THIS FREE GROCERY CATALOGUE shows a complete line of the finest, highest quality groceries offered by any firm or individual, and we urge you wholly in your own interest to send for this big free grocery bulletin, revised and issued every sixty days, because it will show you the very lowest prices on every grocery and meat item which you use from day to day, and even if you do not care to place your order with us, it will enable you to determine when your home grocery dealer makes you right prices on the articles you purchase from him.

IN THIS SPECIAL GROCERY CATALOGUE you will find a complete line in each of the following departments: Teas and coffees, spices, baking powders and extracts, dried fruits, canned goods, jams, jellies and preserves, fish, salt and smoked meats, flours and cereals, sugars and syrups, crackers and bakery goods, candies, cigars and tobaccos, soaps, stock and poultry foods and other miscellaneous supplies.

OUR GROCERIES ARE ABSOLUTELY PURE and conform in every respect to the pure food requirements of state and national laws. Not a single item is offered in this, the world's greatest grocery, which has not first been approved by Dr. Edward Gude-man, the famous chemist who analyzes every food product we offer our customers. You are therefore not only sure of the lowest prices on all your grocery needs, but you are absolutely certain to receive the highest grade groceries it is possible to secure in any market.

OUR WONDERFULLY LOW PRICES on groceries are made possible because we are the largest buyers of food products in the United States. Our outlet for groceries is tremendous and our demands are so large that in many instances we take the entire product of a mill or factory, the entire product offered by a producer, and buying in such enormous quantities and purchasing for spot cash, we receive the very lowest price concessions it is possible to obtain, and not only do we buy at lowest prices, but contracting for the entire output of a mill or factory or producer, we are able also to control the quality of the merchandise we purchase from them.

WE INVITE COMPARISON of our prices and our qualities as shown in this free special grocery bulletin with the qualities and prices offered and quoted by any other dealer at home or elsewhere. No grocery store in the world can compare with us in price offerings or in quality of merchandise, because no other grocery in the world buys as heavily or enjoys the patronage which has come to us in recent years. Our grocery business is growing by leaps and bounds. Our grocery business this year is double the grocery business of last year if you will send to us for this free Grocery Catalogue with its lowest prices, its full descriptions, its special offers, and after looking through it carefully will send us a trial order made up from its pages, we are absolutely certain that you will be so well satisfied, not only with the price savings we have enabled you to make, but also with the high quality of the groceries we send you, and that you will follow in the footsteps of thousands of others who have sent us trial orders and who have since become permanent and satisfied customers, ordering groceries from week to week and month to month throughout the year.

PLEASE REMEMBER that every grocery item we sell you from the unqualified guarantee of "Satisfaction or your money back." Every single item we offer you bears this unqualified guarantee. If the article or articles we send you are not perfectly satisfactory when the shipment reaches you, if you do not feel that you have received wonderful value, that our groceries are in every way better and more desirable than groceries you can obtain from any other dealer at home or elsewhere, return the unsatisfactory goods to us at our expense of transportation charges both ways and we will promptly refund your money.

BEFORE YOU FORGET, won't you please send for this big FREE Grocery Price List? Just write us a letter or on a postal card say, "Please send me your big free Grocery List," and we will send it to you by return mail free and postpaid.

THIS BIG GROCERY LIST IS FREE

THIRTY-TWO BIG PAGES, 9½x12½ IN SIZE. PRINTED IN TWO COLORS.

THIS PRICE LIST IS GOOD FOR TWO MONTHS.

SEARS, ROEBUCK & CO., CHICAGO, ILL.

LATEST REVISED ISSUE

== THIS IS THE GREATEST GROCERY IN THE WORLD ==

THE FUNDAMENTAL PRINCIPLES OF UNIFORMLY LOWEST PRICES, highest qualities and prompt filling of orders are the foundation stones upon which we have builded the largest grocery business in the world. This is the new method grocery, the grocery which solicits its orders and fills them on principles different from those which actuate most dealers, because we not only say that we save you money, that we supply you with the best groceries obtainable anywhere, but we back our statements by our performance and say to you that the groceries we send you must prove the truth of these statements, must be entirely satisfactory to you, or you may decline to accept them, you may return them to us at our expense of transportation charges both ways, and we will promptly refund your money.

OUR GROCERIES SELL THEMSELVES.

We have been preaching the doctrine of highest qualities and lowest prices for so many years, we have been supplying hundreds of thousands of customers with all their grocery needs so satisfactorily for so long a period of time and our methods of doing business have been so fully endorsed by our customers that it is not surprising that this grocery business has doubled and trebled from year to year. Our business for January, 1906, was more than double that for January, 1905, and we feel that this great increase in our grocery business has been entirely due to the high quality of merchandise we sell, the extremely low prices which we quote, and the sustained endeavor to carefully and promptly fill every order for groceries received by us. Our customers have learned that every grocery item we send them, every order we receive from them is handled by us with the distinct understanding that the customer must be perfectly satisfied with every feature of the transaction or the money sent us will be refunded.

WE ARE IN HEARTY SYMPATHY with the efforts now being made in Congress and in the legislatures of the several states to protect the consumer from those unscrupulous dealers who have been selling adulterated and impure groceries and food products. We are in hearty sympathy with any agitation which will result in improved conditions and we have gone even a step farther than any dealer we know of, not alone to protect our customers in this matter but also to protect ourselves. As the largest buyers and retailers of food products in the United States we have found it desirable to employ one of the best analytical chemists, a recognized authority and one of the most competent food experts in the United States. Under these conditions it is absolutely impossible for any manufacturer or producer to supply us with an article which is not up to our high standard of quality to begin with, and if such manufacturer or producer should attempt later to adulterate the article sold us or in any way lessen its high quality, our chemist would immediately detect it, and such adulterated or lower quality article would not be permitted to occupy shelf room in our establishment.

EVERY FOOD ITEM WE SELL conforms to the Government standard. However, a number of states have recently passed pure food laws that are slightly different from those on the national statute books, and we have therefore gone a step farther in our effort to supply strictly wholesome, high class groceries. Pure food commissioners are writing us the most encouraging letters, assuring us of their purpose to co-operate with us in every way possible; and under these conditions and in view of this very special effort we are making to have everything we sell conform to the strictest requirements of every state, you can understand why we guarantee our food products to be absolutely pure and wholesome and free from adulteration.

LET THIS WONDERFUL GROCERY OF OURS be your source of supply for all the food products you consume; let us supply your needs and send to you the highest grade groceries it is possible to secure; let us supply your daily needs as we have been supplying thousands of others for several years and so reducing their living expenses by reason of our astonishingly low prices that they are coming to us from day to day and week to week in steadily increasing number. If you have never ordered groceries from us you ought to make up a sample order from the pages of this book, remembering that we guarantee every article to be all that we represent it to be, and if upon arrival of the goods you ordered you find that a single item contained therein is not absolutely satisfactory to you from every standpoint, it may be returned to us and we will return your money and the transportation charges paid by you. Every item we sell is sold on this unqualified guarantee of quality and, in any case, where any article we sell proves unsatisfactory for any reason, we promptly refund the money you paid and the transportation charges.

REMEMBER ALSO OUR PROFIT SHARING PLAN. You need groceries every day. We know if we satisfy you your orders will be frequent, and with every grocery order we receive from you we send you one of our profit sharing certificates for the full face value of your order, which may be exchanged, when the total of these certificates amounts to \$50.00 or more, for many useful and valuable articles which we give you FREE. It is possible to furnish your home without expense if you send to us for everything you eat and wear. Please turn to pages 1 and 2 of this big book and read about our wonderfully liberal profit sharing plan.

Please include your order for books with your order for other merchandise, if possible, and thus **SAVE on **TRANSPORTATION CHARGES**.**

novels, beautifully printed, bound in cloth with handsome cover designs. Just as per volume.48c
If by mail, postage extra, per volume, 11 cents.

Blennerhassett, or The Deceit of Fate, 48 Cents.

By Charles Felton Pidgeon.
A romance founded upon the events of American History. With illustrations. A fascinating tale of the time of Aaron Burr and Alexander Hamilton. Throughout the clever chain of the events of Aaron Burr's dramatic life runs the thread of a unique love story, a golden thread that gives its gleam to sombre realities. Contains 442 pages, excellent quality of paper. Bound in cloth. Size, 5 1/2 x 7 1/4 inches.
No. 3F310 Price 48c
If by mail, postage extra, 10 cents.

Quincy Adams Sawyer, 48 Cents.

By Charles Felton Pidgeon.
A picture of New England home life. With illustrations from the play. Full of interesting incidents, quaint sayings, healthy sentiment and a certain irresistible humor that will appeal to readers who are tired of the conventional novel. Contains 474 pages, excellent quality of paper. Bound in cloth. Size, 5 1/2 x 7 1/4 inches.
No. 3F312 Price 48c
If by mail, postage extra, 11 cents.

St. Elmo, 48 Cents.

By Augusta J. Evans.
Sold for the first time at a popular price, only a limited number, and when these are sold, no more can be had. This novel is the best known of Mrs. Evans' works. The most successful American novel ever written. Towns, yachts, country homes, etc. have been named in its honor, so widespread has been its success. Contains 565 pages, printed on excellent quality of paper. Bound in cloth with a new, pressed cover design and photographic inlay. Size, 5 1/2 x 7 1/4 inches.
No. 3F313 Price 48c
If by mail, postage extra, 11 cents.

When Knighthood Was in Flower, 48 Cents.

Or, the Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happenings in the Reign of His August Majesty King Henry the Eighth. Taken from the memoirs of Sir Edwin Cookenden by Charles Major. The present edition is superbly illustrated with numerous scenes from the play. A novel that has entertained thousands of readers. Contains 359 pages, printed on good quality of paper. Bound in cloth with cover design embossed. Size, 5 1/2 x 7 1/4 inches.
No. 3F314 Price 48c
If by mail, postage extra, 10 cents.

The Hoosier Schoolmaster, 48 Cents.

By Edward Eggleston.
A story of backwoods life in Indiana. Revised, with an introduction and notes on the district by the author, with character sketches by F. Opper and other illustrations by W. E. B. Starkweather. This book now ranks among the classics of American literature. Its wholesome tone and genuine fun, as well as its happy delineation of the characteristics of the pioneers of the time, making it a volume that should be found on the shelves of the library in every home. Contains 281 pages, price, 5 1/2 x 7 1/4 inches. Bound in cloth with title stamped on back and side, and embossed design on cover. Size, 5 1/2 x 7 1/4 inches.
No. 3F316 Price 48c
If by mail, postage extra, 10 cents.

The Eternal City, 48 Cents.

By Hall Caine, author of "The Christian". This famous book which was dramatized and played throughout the country with so much success by Edward Morgan, cannot fail to prove of interest to the most casual reader. Life with its intrigues, its love and hate, was never so well depicted by that master artist, Hall Caine, illustrated throughout with photographs from the play. This edition is in every respect equal to the \$1.50 edition. Contains 449 pages, printed from large type on the best quality of paper. Bound in cloth with original cover design stamped in green. Size, 5 1/2 x 7 1/4 inches.
No. 3F318 Price 48c
If by mail, postage extra, 11 cents.

Graustark, 48 Cents.

By George Barr McCutcheon.
The story of a boy behind a throne. This work has been and is today one of the most popular works of fiction of this decade. The meeting of the Princess of Graustark with the hero, while traveling incognito in this country, his efforts to find her, his success, the defeat of conspiracies to dethrone her, and their happy marriage, provide entertainment of which every type of reader never wearies. Contains 427 pages, printed on excellent quality of paper. Bound in cloth with cover design stamped in white. Size, 5 1/2 x 7 1/4 inches.
No. 3F320 Price 48c
If by mail, postage extra, 11 cents.

David Harum, 48 Cents.

By Edward N. Westcott.
It is unnecessary to say this well known book. Any one who has read David Harum wants to read it again, and those who have not, should not fail to purchase a copy. David Harum with his quaint humor, his big heart, his generosity, his under a blustering appearance, can not fail to come very close to the reader. This book is in every respect equal to the \$1.50 edition. Contains 389 pages, printed on the best quality of paper. Bound in cloth with beautiful cover design stamped in red and green. Size, 5 1/2 x 7 1/4 inches.
No. 3F322 Price 48c
If by mail, postage extra, 10 cents.

The Fat of the Land, 48 Cents.

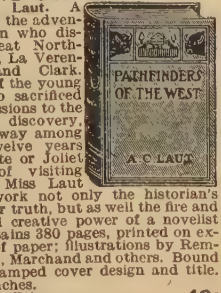

By Dr. John William Streeter. The story of an American farm, written in the form of a novel. The importance and value of this book to the man on the farm is incalculable, while its vivacity, frankness and good humor make it most interesting to the nature loving reader. The book refutes the oft repeated statement that "farming doesn't pay" and shows that brain power directed to farm management will be as liberally recompensed as when put to work in any other line. Contains 406 pages printed on excellent quality of paper and bound in cloth with original design stamped on cover. Size, 5 1/2 x 7 1/4 inches.

No. 3F326 Price, per volume, 48c

If by mail, postage extra, 10 cents.

Pathfinders of the West, 48 Cents.

By Agnes C. Laut. Thrilling story of the adventures of the men who discovered the great Northwest. Radisson, La Verendrye, Lewis and Clark. Thrilling story of the young adventurers who sacrificed all earthly possessions to the enthusiasm for discovery, and made their way among the Indians, twelve years before Marquette or Joliet had thought of visiting these regions. Miss Laut brings to her work not only the historian's tireless search for truth, but as well the fire and imagination and creative power of a novelist and poet. Contains 380 pages, printed on excellent quality of paper. Illustrations by Remington, Goodwin, Marchand and others. Bound in cloth with stamped cover design and title. Size, 5 1/2 x 7 1/4 inches.

No. 3F328 Price, per volume, 48c

If by mail, postage extra, 14 cents.

Buccaneers and Pirates of Our Coast, 48 Cents.

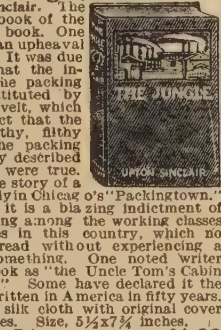

By Frank Stockton. Stories of the rise and decline of buccaneering and piracy in our West Indian waters. Spanish exactions grew so monstrous in the seventeenth century that English French and Dutch combined against their excesses. The buccaneers who were the result of the combination became later pirates for private gain. Mr. Stockton's quaint humor brightens the stories of their dark deeds. Contains 325 pages. Printed on excellent quality of paper. Illustrations by George Varian and B. West Clinedinst. Bound in cloth with original cover design. Size, 5 1/2 x 7 1/4 inches.

No. 3F330 Price, per volume, 48c

If by mail, postage extra, 11 cents.

The Jungle, \$1.08.

By Upton Sinclair. The most talked of book of the year. A terrible book. One that has caused an upheaval in this country. It was due to this book that the investigation of the packing houses was instituted by President Roosevelt, which disclosed the fact that the terrible, unhealthy, filthy conditions of the packing houses so vividly described in 'The Jungle' were true. The Jungle is the story of a Lithuanian family in Chicago's "Packingtown." More than this, it is a blazing indictment of conditions existing among the working classes in the big cities in this country, which no American can read without experiencing a desire to do something. One noted writer describes this book as "the Uncle Tom's Cabin of wage slavery." Some have declared it the greatest novel written in America in fifty years. Bound in green silk cloth with original cover design. 413 pages. Size, 5 1/2 x 7 1/4 inches.

No. 3F350 Price, per volume, \$1.08

If by mail, postage extra, 12 cents.

EVERYMAN'S LIBRARY SERIES.

Per Volume, 40 cents; Two for 78 cents; Six for \$2.28; Twelve for \$4.32.

FOR THE LOVER OF GOOD BOOKS, WELL MADE ATTRACTIVE BOOKS; of the best in the world's literature, printed and bound in such a manner that it will be a pleasure to pick up a copy; for those who do not buy a book in the cheapest possible edition, and yet who cannot afford the expensive hand made half leather books, **EVERYMAN'S LIBRARY** is the greatest value ever offered.

EVERYMAN'S LIBRARY is a collection of books in uniform binding. Not confined to any one department of literature, but including Biography, Classics, Belles Lettres, Fiction, History, Philosophy, Poetry, etc. A different color of cloth is used on each of the sections, for example: history is bound in red cloth, science in gray, poetry in green, etc.

EVERYMAN'S LIBRARY affords unusual opportunity for the gradual accumulation of high class books in uniform bindings at the lowest possible cost. You get one book at a time or as many as you please. You buy only the titles you want and only as you want them. But what you buy is in keeping with what you have already bought, and thus an opportunity is afforded for the gradual accumulation of a collection of standard works in uniform binding without incurring heavy financial obligations or acquiring books not specially desired, the thing most to be desired in collecting a library.

EACH VOLUME measures 4 1/2 x 7 inches, 1 inch thick, and is bound in the best quality gold of cloth with full gilt back, with title and delicate design stamped in gold. The books are printed in London on the best quality of paper, delicately thin and fine, but absolutely opaque; printed from new extra heavy and clear type. Each book has a title page and frontispiece which is affascinate of those in rare editions of the same book. The library as a whole is edited by Prof. Ernest Rhys, with introductory notes to the separate volumes by such famous writers as Swinburne, Lord Avebury, T. Watts-Dunton, Andrew Lang, etc.

ADDITIONAL TITLES will be added to this library at the rate of one hundred volumes each year until the best of the world's literature has been produced.

HUMOROUS BOOKS

Bill Nye's Comic History of the U. S.

By Edgar W. Nye (Bill Nye). A complete history of our own country, written in Bill Nye's peculiar style. He intensifies our interest in solid historical facts by making them glow with his delicious humor. A narrative of sustained interest, with Nye's unique characterizations, and full of fun from cover to cover. Fully illustrated by F. Opper, the world's greatest comic cartoonist. Fun and knowledge combined, the latter "sugar coated" with delicious humor. Printed on good paper, 329 pages, 140 illustrations. Bound in cloth. Size, 6½x8½ inches. Sold by agents everywhere at \$5.00.

No. 3F3200 Our price, 58c
If by mail, postage extra, 16 cents.

Bill Nye's Remarks.

By Edgar W. Nye. One of the humorous books of the nineteenth century, containing 191 of this famous humorist's funniest stories; 504 pages; over 150 illustrations. Bound in cloth, with handsome cover design, stamped with gold and ink. Size, 6½x8½ inches.

No. 3F3205 Price, 43c
If by mail, postage extra, 16 cents.

Wit and Humor.

By Edgar W. Nye (Bill Nye) and James Whitcomb Riley. The yarns in this book are by the inimitable humorist, Bill Nye, and the poems are by the lovable Hoosier Poet, James Whitcomb Riley. A happy combination of wit and humor, melody and pathos and you may be sure in advance that this book will please you; 238 pages. Bound in cloth. Size, 5½x8 inches.

No. 3F3210 Price, 43c
If by mail, postage extra, 11 cents.

Peck's Uncle Ike and the Red-headed Boy.

By George W. Peck. This famous humorist's two latest works, bound complete in one large volume, the newest, brightest and wisest book of humor on the market. Nothing has equaled it since "Peck's Bad Boy" was written. What the bad boy does to his pa, isn't in it with some of the tricks he plays on his Uncle Ike and the red-headed boy is just as funny as the other bad boy. Fully illustrated. Bound in cloth. Size, 6½x8½ inches.

No. 3F3212 Price, 48c
If by mail, postage extra, 18 cents.

Peck's Bad Boy and His Pa, and Peck's Sunshine.

By George W. Peck. Two of Mr. Peck's most famous books, bound in one big volume. This is the first, the genuine and the only complete edition of this famous book, the book that you get downright, solid fun has never been equaled. "Peck's Bad Boy and His Pa" has made thousands laugh, and the stories today are just as fresh as when they were originally written. "Peck's Sunshine" is a collection of articles generally calculated to throw sunshine instead of clouds on the faces of those who read them. Remember, when you order this book you get two complete books from the pen of this most famous comic writer. "Peck's Bad Boy and His Pa" and "Peck's Sunshine," both complete in one volume. Substantially bound in cloth; 522 pages, with 100 original illustrations by T. Williams. Size, 6½x8½ inches.

No. 3F3215 Price, 38c
If by mail, postage extra, 18 cents.

Peck's Bad Boy Abroad.

By George W. Peck. The "Bad Boy," who has been in more mischief and created more fun, than any other boy in the world, accompanies his pa on a tour around the world, which the latter takes for his health. They visit all the foreign lands, and call on many crowned heads. The bad boy is just as full of fun as ever, and keeps up his mirth provoking pranks in every land. Every line is a laugh, every page is a roar. Fully illustrated. Bound in cloth; 126 comic illustrations. Size, 6½x8½ inches.

No. 3F3216 Price, 65c
If by mail, postage extra, 20 cents.

How Private Peck Put Down the Rebellion, and Peck's Boss Book.

By George W. Peck. Two of Mr. Peck's most humorous books, bound in one big volume. This is an exceedingly humorous account of the experiences of a raw recruit. It is written in the most mirth provoking style of this famous humorist, full of laughable stories of camp life, smuggling and scouting. "Peck's Boss Book" is a collection of over fifty of Mr. Peck's most humorous short stories, including The Troubles of a Bridal Party, Breaking Up A School, Did Eve Ever Receive Callers, The Discreet Conductor, Tale of a Shirt. Bound in cloth; 488 pages. Size, 7x8½ inches.

No. 3F3223 Price, 48c
If by mail, postage extra, 18 cents.

Peck's Bad Boy with the Circus.

By Hon. George W. Peck. This book relates the experiences of the bad boy and his dad during their travels with the circus. The bad boy gets his dad into hot water in every conceivable way, and plays jokes and pranks on everyone from the clown to the manager, and from the monkey to the elephant. Rip-roaring, side-splitting fun from beginning to end. Lots of comic illustrations; about 450 pages. Size, 7x8½ inches. Bound in cloth.

No. 3F3225 Price, 58c
If by mail, postage extra, 20 cents.

Hot Stuff.

By Famous Funny Men. Wit, humor, pathos, ridicule, satire, puns, conundrums, riddles, charades, jokes and magic. The very best stories from such famous humorists as Josh Billings, Eli Perkins, Mark Twain, Bob Burdette, Bill Nye, Artemus Ward, M. W. George W. Peck, Bret Harte, and more than fifty others; the funniest stories that the funniest writers have ever written. Bound in cloth, with marble edges, 774 pages. Size, 6½x9 inches.

No. 3F3240 Price, 63c
If by mail, postage extra, 18 cents.

Shams.

By John S. Draper. "Shams, or Uncle Ben's Experiences with Hypocrites," humorous and entertaining pictures of every day life and incidents in the rural districts, with Uncle Ben's trip to the City of Chicago and to California, and his experiences with shams and sharpers. A delightful, humorous and entertaining book. Illustrated with over 100 original and humorous illustrations. Substantially bound in cloth; 412 pages. Size, 6½x8½ inches.

No. 3F3245 Price, 40c
If by mail, postage extra, 18 cents.

The Troubles of Mr. Bowser.

By G. B. Lewis (M. Quad). In The Life and Troubles of Mr. Bowser, we find this celebrated humorist at his very best. Mr. Bowser is always looking for trouble, and usually finds it. Between Mrs. Bowser, the cat, and his desire for information, he is always up against it. Mr. Bowser's troubles will make you forget your own. Bound in cloth; 441 pages, fully illustrated. Size, 6½x8½ inches.

No. 3F3247 Price, 48c
If by mail, postage extra, 15 cents.

JACKSON'S FUNNY BOOKS.

ON A SLOW TRAIN THROUGH ARKANSAS. By Thos. W. Jackson. 500,000 copies sold January 15, 1900, and the game isn't called yet. A funny railroad story, sayings of the Southern darlings, and the latest and best minstrel jokes of the day. "Then the Brakeman got in and hollered, 'Take your partners for the tunnel.'" Paper bound; 96 pages. Size, 5½x7½ inches.

No. 3F3250 Price, 10c
If by mail, postage extra, 4 cents.

THROUGH MISSOURI ON A MULE. Thos. W. Jackson's second book. Just as funny as "On a Slow Train Through Arkansas." Paper bound; 96 pages. Size, 5½x7½ inches.

No. 3F3251 Price, 10c
If by mail, postage extra, 4 cents.

THOS. W. JACKSON ON A FAST TRAIN. Jackson's third book. If you have read one of Jackson's books, you will want to read them all. Size, 5½x7½ inches.

No. 3F3252 Price, 10c
If by mail, postage extra, 4 cents.

Special Offer.

No. 3F3253 All three of Jackson's famous funny books, "On a Slow Train Through Arkansas," "Through Missouri on a Mule," and "Thos. W. Jackson on a Fast Train." Price, for the three books, 60c
If by mail, postage extra, 10 cents.

Irish Wit and Humor.

For sarcastic keenness, for gracefulness and for red hot scores of nothing is more effective than Irish wit and humor as told in this little book. It contains the best sayings of all Irish speakers and the best efforts of the most famous Irish humorists and dialect writers. Substantially bound in cloth; 151 pages. Size, 4½x6½ inches.

No. 3F3256 Price, 20c

AGRICULTURE, LIVE STOCK, POULTRY AND DAIRYING

Practical Farming and Gardening.

Edited by Willis MacGillivray. The largest, the most complete and the most valuable general work on farming and gardening ever sold at a moderate price. There is more solid, authentic and valuable information crowded into the 500 pages of this book than can be found in many of the largest and most expensive works on farming and gardening. This book is written for that class of farmers who put brains into the management of soil, plants and animals. Every line of work taken up and described in this book is written by a specialist in that particular line. For example: Everything pertaining to Soil Fertility and Crops is written by Joseph J. Edgerton. Topics pertaining to Gardening and Trucking, by Arthur T. Erwin. Fruits and Forestry, by Levi R. Taft. Injurious Insects and Plant Diseases, by E. S. G. Titus. Animal Husbandry, by Herbert W. Mumford. Diseases of Farm Animals, by R. A. Craig. Other sections in this big book are written by other equally well known authorities, making it an invaluable working guide and reference book to everybody interested in any way in farming or gardening. There are chapters on modern ideas in Soil Treatment and Tillage, Field Crops, their adaptations and economic relations, with specific cultural directions; Vegetable Garden and Trucking Crops, Fruit Culture and Forestry, important Injurious Insects and Diseases Affecting Field and Garden Crops, Fruits and Shade Trees, Selecting and Feeding Farm Animals for Profit, Beef Making, Feeding Native Cattle for Beef, Feeding Range Cattle for Beef, Diseases of Farm Animals, The Silo in Modern Agriculture, Making Poultry Pay, Handy Rules and Useful Information and Wholesome Cooking Without Without. Substantially bound in cloth. Printed on the best grade of book paper. Profusely illustrated. Most of the illustrations from original photographs. 500 pages. Size, 6½x8 inches.

No. 3F5290 Price.....75c
If by mail, postage extra, 16 cents.

The First Book of Farming.

By Charles L. Goodrich. Published by Doubleday, Page & Co., so you may know it is good. Treats fully of the general principles of plant culture, soils, cultivation, fertilizers, drainage, etc. 86 illustrations. 260 pages. Size, 5½x7½ inches. Bound in cloth.

No. 3F5300 Price.....95c
If by mail, postage extra, 12 cents.

Farmers' Cyclopaedia of Agriculture.

By Earley Vernon Wilcox and Clarence Beaman Smith. A compendium of agricultural science and practices on farm, orchard and garden crops and the feeding and diseases of farm animals. A new, practical and complete presentation of the whole subject of agriculture in its broadest sense. It is designed for agriculturists who want up to date, reliable information on all matters pertaining to crops and stock. It contains detail directions for the culture of every important field, orchard and garden crop grown in America, together with descriptions of insect pests and fungus diseases, and means for their control. It contains accounts of modern methods in feeding and handling all farm stock, including poultry. Diseases of different farm animals are described and the most recent remedies suggested. A vast mass of new and useful information, authoritative, practical and easily found. Over 6,000 topics are covered, and the book is illustrated by nearly 500 superb halftone and other original illustrations, making it the most perfect cyclopaedia of agriculture ever attempted. Strongly and substantially bound in silk finish cloth. Printed on the best quality of book paper, 619 pages. Size, 7x9½ inches.

No. 3F5303 Price.....\$2.95
Weight, packed for shipment, 5 pounds.

Magner's Farmers' Encyclopedia.

By David Magner. An invaluable book to every farmer, embracing articles on the horse, the cow, horse habits, shoeing, diseases of the horse, farm grasses, fruit culture, dairying, cookery, health, cattle, calving, sheep, swine, poultry, the dog, toilet, and social life. Substantially bound in cloth. 636 pages. Size, 6½x9 inches.

No. 3F5306 Price.....78c
If by mail, postage extra, 30 cents.

The Home Encyclopedia of Useful Information.

By D. Magner, author of Magner's Horse Book. 12 great books in one volume. Particularly adapted to the farmer. Embracing all important subjects of how to succeed at farming, how to grow vegetables and fruit, and how to exterminate insects, management and treatment of horses, live stock, farm animals, etc., but also home remedies for health and beauty, how to make money, self instruction in book-keeping, shorthand, penmanship, and law without a lawyer. Royal octavo book of over 700 double column pages, nearly 600 pen drawings and 64 full page halftones. Size, 7½x9½ inches, 2 inches thick. Bound in cloth with cover design stamped in gold and colors; marbled edges. Retail price, \$2.50.

Spraying Crops.

By Clarence H. Weed. Why, when and how to do it. A complete manual that will enable you to use your spraying machine to the best possible advantage. Published in 1903. Fully illustrated. 136 pages. Size, 5½x7½ inches. Bound in cloth.

No. 3F5325 Price, 39c
If by mail, postage extra, 7 cents.

Fumigation Methods.

By Willis G. Johnson. An up to date book on the practical application of the new methods for destroying insects with hydrocyanic acid gas and carbon bisulphide. The most powerful insecticides ever discovered. An indispensable book for farmers, fruit growers, nurserymen, gardeners, florists, millers, grain dealers, etc. Fully illustrated. Bound in cloth. 313 pages. Size, 5x7 inches.

No. 3F5328 Price.....85c
If by mail, postage extra, 10 cents.

The Potato.

By Samuel Fraser. A practical treatise on the potato, its characteristics, plant cultivation, harvesting, storing, marketing, insect enemies, diseases and their remedies, etc. You can make more money out of potatoes after you have read this book. 51 illustrations. 185 pages. Size, 5x7½ inches. Bound in cloth.

No. 3F5370 Price.....60c
If by mail, postage extra, 9 cents.

Tobacco Leaf.

By J. B. Killebrew. A practical handbook of the most approved methods in growing, harvesting, curing, packing and selling tobacco, with an account of the operations in every department of tobacco manufacture. Based on actual experience in the field, curing barn, packing house, factory and laboratory. 150 original engravings. Bound in cloth. 506 pages. Size, 5x7 inches.

No. 3F5372 Price.....\$1.70
If by mail, postage extra, 15 cents.

Asparagus.

By F. L. Hexamer. A practical treatise on the planting, cultivation, harvesting, marketing and preserving of asparagus. 166 pages. Size, 5x7½ inches. Cloth.

No. 3F5373 Price, 38c
If by mail, postage extra, 8 cents.

Rhubarb Culture.

By J. E. Morse. The new and complete guide to dark forcing and field culture of rhubarb. How to prepare it and how to use it. Fully illustrated with original photographs. 130 pages. Bound in cloth. Size, 5x7½ inches.

No. 3F5376 Price, 38c
If by mail, postage extra, 6 cents.

New Onion Culture.

By T. Greiner. A new edition of this well known book, thoroughly rewritten and enlarged. Tells you how you can make big money in onions. Fully illustrated. 114 pages. Size, 5x7½ inches. Bound in cloth.

No. 3F5379 Price, 38c
If by mail, postage extra, 7 cents.

The Book of Corn.

By Herbert Myrick, assisted by Shamel, Burnett, Fulton, Snow and other capable specialists. A complete treatise upon the culture, marketing and uses of corn in America and elsewhere. For farmers, dealers and others. Fully illustrated. Bound in cloth. 372 pages. Size, 5x7 inches.

No. 3F5381 Price.....\$1.25
If by mail, postage extra, 11 cents.

Manual of Corn Judging.

By Archibald Dixon Shamel. An invaluable book in the various schools of corn judging, farmers' institutes, fairs and like places where corn is studied. Fully illustrated with photographs by the author. 72 pages. Size, 5x7½ inches. Bound in cloth.

No. 3F5382 Price, 38c
If by mail, postage extra, 6 cents.

The Cereals in America.

By Thos. F. Hunt. With chapters on the improvement of field crops; wheat, corn, oats, barley, rye, rice, sorghum, buckwheat, etc. Fully illustrated up to date, published in 1905. The best book we have ever seen on the subject. 421 pages. Size, 5½x8 inches. Cloth bound.

No. 3F5330 Price.....\$1.40
If by mail, postage extra, 16 cents.

Grasses and How to Grow Them.

By Thomas Shaw. One of the most complete books written on the subject, with chapters on all the different kinds of grasses, pastures, meadows, hay making, etc. Fully illustrated. Right up to date, published in 1903. 453 pages. Size, 5½x7½ inches. Very substantially bound in cloth.

No. 3F5335 Price.....\$1.10
If by mail, postage extra, 15 cents.

Farm Grasses of the United States.

By William Jasper Spillman. A practical treatise on the grass crop, seeding and management of meadows and pastures, of the best varieties, the seed and its impurities, grasses for special conditions, etc. Published in 1905 and right up to date. 54 illustrations. 148 pages. Size, 5½x7½ inches. Cloth.

No. 3F5340 Price.....82c
If by mail, postage extra, 10 cents.

Forage Crops Other Than Grasses.

By Thomas Shaw. A complete treatise on the cultivation, harvesting and uses of other forage crops besides grasses, including rape, corn, sorghum, various varieties of clover, cereals, millet, root crops and cellulosic plants. Fully illustrated. 280 pages. Size, 5x7½ inches.

No. 3F5345 Price.....80c
If by mail, postage extra, 12 cents.

Alfalfa.

By F. D. Coburn. Contains a fund of practical information on the production, qualities, worth and uses of alfalfa in the United States and Canada. 163 pages. Fully illustrated. Size, 5x7½ inches.

No. 3F5350 Price.....38c
If by mail, postage extra, 6 cents.

Prize Garden'ng.

By G. Burnap Fiske. This book gives the actual experiences of successful prize winners in the American Agriculturist garden contest. Every line is from actual experience, based on real work; a mine of practical information, comprising the Grand Prize gardener's methods of gardening for profit, farm gardens, the home acre, town and city gardens, etc., etc. Fully illustrated with original photographs. Bound in cloth. 320 pages. Size, 5x7 inches.

No. 3F5358 Price.....85c
If by mail, postage extra, 11 cents.

Vegetable Gardening.

By Samuel B. Green. A manual on the growing of vegetables for home use and marketing. With chapters on the growing of vegetable garden, irrigation, fertilizers, tillage, seeds, green houses, injurious insects, etc. A very complete work with 123 illustrations. Thoroughly up to date, published in 1905. 252 pages. Size, 5½x7½ inches. Bound in cloth.

No. 3F5360 Price.....75c
If by mail, postage extra, 12 cents.

The Seed Grower.

By Charles Johnson. The only book publishing giving full instructions for the successful growing of seeds and bulbs for the market. It tells you where to find your market, how to grow the best vegetable and flower seeds; how to dry and clean them; how to sort them; what the average crop yield per acre should be for each variety; tells the usual market price for seeds; tells how to keep seeds, how long they retain their vitality, how to raise new varieties and how to obtain fancy prices for them. It also explains the real or true names of many so called "novelty" seeds. Bound in cloth. 187 pages. Size, 5x7½ inches.

No. 3F5365 Price.....69c
If by mail, postage extra, 9 cents.

Cauliflower, Cabbages, Etc.

By C. Allen. A complete guide to the culture of cauliflower, cabbages and allied plants, from seed to harvest. With chapters on diseases, injurious insects, etc. Very fully illustrated. 125 pages. Size, 5x7½ inches. Bound in cloth.

No. 3F5385 Price, 38c
If by mail, postage extra, 7 cents.

Ginseng.

By M. G. Kains. Being a complete guide to the cultivation, harvesting, marketing and market value of this big money maker. Fortunes have been made in ginseng and there is no reason why you should not do the same. This book tells you how. Fully illustrated. 164 pages. Size, 5x7 inches. Bound in cloth.

No. 3F5390 Price, 35c
If by mail, postage extra, 7 cents.

Mushroom Culture.

By Wm. Robinson. A complete treatise on the culture of mushrooms, with chapters on suitable places for growing mushrooms, culture, preparation of materials, spawn, etc., together with modes of cooking, and descriptions of some of the most common and useful edible mushrooms. Bound in cloth. 171 pages. Size, 5x7 inches.

No. 3F5394 Price.....40c
If by mail, postage extra, 5 cents.

Mushrooms; How to Grow Them.

By William Falconer. The profits made by mushroom growers makes this subject one of vital interest to everyone in position to engage in this work. This book is a complete treatise on the subject, constituting a thoroughly good, reliable guide in every way. Fully illustrated. 169 pages. Size, 5x7½ inches. Cloth binding.

No. 3F5395 Price.....80c
If by mail, postage extra, 7 cents.

Successful Fruit Culture.

By Samuel T. Haynard. A practical guide to the cultivation and propagation of fruits. Thoroughly up to date. 274 pages. Size, 5x7½ inches. Cloth.

No. 3F5425 Price.....80c
If by mail, postage extra, 10 cents.

BICYCLES

**BELOW ALL
COMPETITION
WONDER VALUES
FOR 1907**

NAPOLÉON AND ELGIN KING wheels for 1907 carry every new and known improvement combining every high grade and new 1907 feature of every other high grade bicycle made, betterments of every kind. As good as the very best. Better than bicycles others sell at double our price.

NAPOLÉON AND ELGIN KING BICYCLES as shown on the next two following pages, are made with such frame, sprocket, hanger, hub and wheel construction as to put them in a class by themselves, the HIGHEST OF HIGH GRADE, and easily worth a dozen cheap shoddy wheels for real service. **NAPOLÉON AND ELGIN KING BICYCLES** are illustrated on the following pages, so don't overlook these two bicycles; see the illustrations, note the special features, but BETTER THAN ALL, let us send you a Napoleon or Elgin King Bicycle, send it to you with the understanding and agreement you are to use it 10 days, put it to every test, compare it with bicycles sold by others, regardless of name, make or price, \$30.00 to \$50.00, if you please, and if you don't find ours the equal and better and worth a dozen of the many cheaper grades on the market, then return the bicycle to us at our expense and we will immediately return your money.

WE ARE THE LARGEST BICYCLE DEALERS in the world selling direct to the users (the riders). We sell more bicycles direct than all other bicycle dealers or makers in America combined, a big part of all the bicycles sold in this country. This wonderful sale makes possible the highest grade bicycles made—the Napoleon and Elgin King. This wonderful sale makes possible our incomparably low prices. **MONEY BACK IF NOT SATISFIED.**

OUR TEN DAYS' FREE TRIAL OFFER.

WHETHER YOU SEND CASH IN FULL with your order or \$1.00 (balance payable after received), the bicycle is shipped to you with the understanding and agreement that after it is received you can use it for ten days, during which time you can put it through every reasonable test, compare it with bicycles sold by others at much higher prices, and if you order a Napoleon or Elgin King we will say to you that if you do not find either of these wheels the equal of the highest grade wheels made, regardless of name, make or price, and whether you order the Kenwood, Elgin King or Napoleon, if the bicycle isn't perfectly satisfactory to you, much better in quality and much lower in price than you could buy elsewhere, you can return the bicycle to us at our expense, and we will immediately return your money.

OUR TWO YEARS' BINDING GUARANTEE.

OWING TO THE HIGH QUALITY of the bicycles we offer, every bicycle is sold under our written binding two years' guarantee, by the terms and conditions of which if any piece or part gives out by reason of defect in material or workmanship, we will replace or repair the bicycle free of cost. The pneumatic tires of the Seroco brand are the highest grade single tube tires made, and these while not covered by a two years' binding guarantee, are covered by the regular association guarantee, the strongest guarantee issued with any pneumatic tires made. With care the Seroco single tube pneumatic tires will last several years.

REMEMBER, What does this mean? Simply that we must be offering better bicycles for less money than anyone else. Read our descriptions carefully, two-year guarantee, and then judge for yourself.

SAFE DELIVERY GUARANTEE.

WE GUARANTEE the bicycle to reach you in perfect condition, and if any piece or part is broken or injured in any way, we will replace or repair it free of charge.

OUR GREAT COASTER BRAKE OFFER.

ONE OF THE MOST MODERN IMPROVEMENTS in bicycle building of late years has been the coaster hub and brake, which permits the rider to rest at frequent intervals while riding, as the bicycle will continue in motion while the pedals remain stationary. The coaster hub is also indispensable in coasting. The bicycle is always under perfect control. As the feet remain on the pedals the bicycle can be stopped instantly, thereby frequently avoiding accidents. We furnish one of the highest grade coaster hubs and brakes on the market, the celebrated Forsyth coaster hub and brake, and when so requested will furnish this celebrated Forsyth coaster hub and brake attached to any of the bicycles at \$2.75 extra or at the special price complete as quoted under each bicycle. Don't overlook our illustration and complete description of the new celebrated Forsyth coaster hub and brake as shown under No. 19F20 on page 943. We recommend by all means that in ordering a bicycle you order it fitted complete with the new 1907 model Forsyth coaster hub and brake, especially so if you order the best bicycle made, either the Napoleon or Elgin King as shown on the following pages.

WON'T YOU LET US SEND YOU A NEW 1907 BICYCLE TO EXAMINE?

PLEASE LET US SEND YOU ONE OF THE BEST WHEELS, the best, of all, the Napoleon, the three-crown nickel jointed bicycle, the best bicycle made, the bicycle that is illustrated and described on the following pages; or if not a Napoleon, then an Elgin King, the best bicycle made for 1907, excepting only the Napoleon. By all means select one of these two wheels. We advise you in this way in your own interest. Let us send you one of these wheels to examine, try out. Take it on our ten days' trial plan, if you please, show it to your friends; in the ten days you are trying it out you can take two or three orders, you can sell two or three of these wheels at from \$5.00 to \$20.00 profit each, and remember every wheel you sell brings a profit sharing certificate to you for the full amount of our price. These certificates you can exchange for your choice of an almost endless variety of very valuable articles as shown on pages 1 and 2 of this book, such as pianos, organs, buggies, furniture, and an endless variety of merchandise, free for the asking, free to our customers as their share of the profit in exchange for the profit sharing certificates we send them.

REMEMBER, we guarantee our bicycles to reach you promptly, reach you safely, guarantee you can buy elsewhere. If a Napoleon or Elgin King we guarantee it to be the highest grade on the market, the equal of any bicycle made, regardless of name, make or price, and for every cent you send us we give you a profit sharing certificate for the full amount, and we allow you to exchange these certificates for your choice of the many valuable articles shown on pages 1 and 2. If you have any use for a bicycle, if any of your friends have need of a bicycle won't you let us send you a Napoleon or Elgin King to examine? Read the following pages carefully and don't overlook the many new improvements, the late 1907 features as shown on these two wonder wheels, the Napoleon and Elgin King.

\$11⁷⁵ KENWOOD GENTS' MODEL OF 1907

**READ EVERY
WORD
CAREFULLY**

THIS OUR 1907 KENWOOD has always been known and sold as a high grade bicycle and is really too well known to require lengthy description. While, of course, it does not compare with the Elgin King or Napoleon, it is a thoroughly reliable wheel and worth double that of many of the cheaper wheels on the market.

WHILE WE ADVISE EVERYONE to order a Napoleon or Elgin King Bicycle, if you don't feel you can pay the slight difference, then by all means order this our New 1907 Model Kenwood; under our guarantee you will find it in every way better than any bicycle you can get from any other house for \$5.00 to \$10.00 more money.

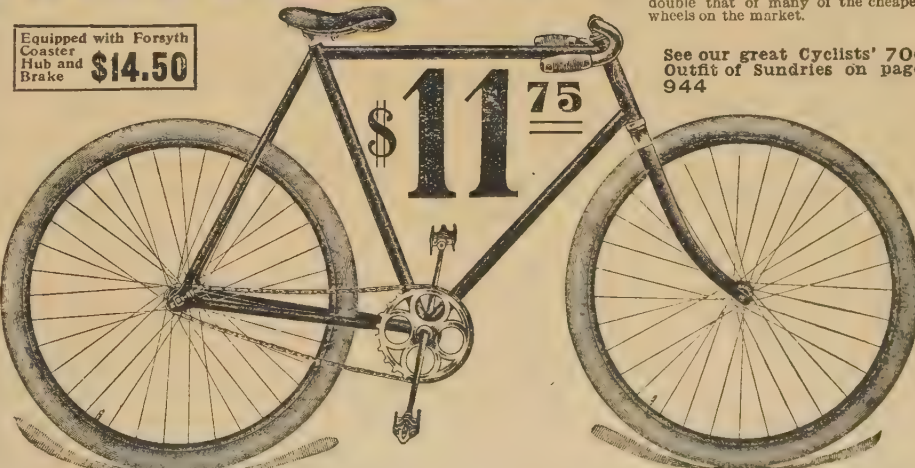

OUR \$11.75 KENWOOD compared with bicycles that are being sold by others at \$12.00 to \$14.00, you will find has better frame construction, is very much stronger, more up to date, better hanger, sprocket, hubs, better wheels, better tires, better finish, more up to date features; in fact, will outwear two of the ordinary cheaper wheels on the market, and every Kenwood is put out under our binding two years' guarantee. While you can get the Kenwood to give you satisfaction, for the slight difference in cost we especially urge in your own interest that you select either a Napoleon or Elgin King, for these two wheels are the highest of high grade bicycle value; we have never before been able to give such values as can be had from no other house.

Equipped with Forsyth
Coaster
Hub and
Brake **\$14.50**

DESCRIPTION OF THE \$11.75 KENWOOD.

THIS BICYCLE COMES IN EITHER 20, 22 OR 24-INCH FRAMES, AS DESIRED.

FRAMES are made of the best seamless tubing, flush at every joint, arched crown, good finish, enameled by the latest process in jet black; crown, sprocket, cranks, head fittings, seat post, pedals and chain adjuster heavily nickel plated on copper; wheels are 28-inch with swaged piano wire spokes, high grade hubs, full ball bearing, new 1907 model one-piece hanger, large front sprocket and 7-inch cranks. The Kenwood is equipped with a good adjustable handle bar, leather grips and rat trap pedals and with Seroco single tube pneumatic tires. As many riders purchasing a medium priced bicycle do not have use for the tool bag, wrench, pump and tire repair outfit, we have decided to quote the Kenwood without these articles, which has enabled us to make the price somewhat lower, or \$11.75. However, to those who desire to procure the Kenwood with these articles, we will furnish them at an additional charge of 50 cents.

Don't Fail to Read About the New Napoleon and Elgin King, Described on the Following Pages

WHY WE CAN SAFELY GUARANTEE OUR BICYCLES FOR TWO YEARS

IS CLEARLY EXPLAINED TO EVEN THE INEXPERIENCED BY THE FOLLOWING PATENTED EXCLUSIVE IMPROVEMENT METHODS USED IN CONSTRUCTING OUR BICYCLES.

YOU WILL FIND THE NEW RED HEAD ELGIN KING and the ORIGINAL THREE-CROWN, NICKEL JOINT NAPOLEON have been greatly improved for 1907. Our expert mechanics have carefully gone over every detail of manufacture with instructions to improve wherever they possibly could, adding any new features regardless of cost that would make these bicycles better, handsomer or more up to date. We know that the Elgin King and Napoleon Bicycles will give even greater satisfaction than before, as during the past year we have been able to perfect a number of exclusive improvements which will not be found in bicycles of other manufacturers. We are constantly improving our bicycles, adding such new features from time to time as have been thoroughly proven to be satisfactory. For our 1907 Elgin King and Napoleon Bicycles we have been very fortunate in securing exclusive right to use a number of special features which place our bicycles practically in a class by themselves. There is certainly someone in your neighborhood who has either an Elgin King or a Napoleon, and we would ask that you examine these bicycles carefully, asking their owners as to the satisfaction they have derived from them, and then consider that the New Improved Elgin King and original three-crown, nickel joint Napoleon embody all the good points of the earlier models, together with many fine improvements and special features which make them even better and greater value than ever before. There are a number of little features about the New Improved Red Head Elgin King and original three-crown, nickel joint Napoleon Bicycles that it is impossible to explain by illustration or description, such as the method of brazing, plating and enameling. All of our bicycles are made from the raw material to the finished product in one factory. The plating is done by the highest quality of skilled labor, on Duplex copper plate, and buffed by the latest and most improved machinery. The ordinary methods of nickel plating could not be used on our bicycles, as, owing to the extreme length of time which all of our plating is buffed on high speed buffing wheels, we must use an extra heavy deposit. In brazing some manufacturers use what is known as a brazing cap. A small metal holder is placed on the inside of the frame, containing the brazing material, which melts when the frame is heated and is supposed to spread and do the necessary brazing. All of our brazing is done by the open method, the frame being first placed in a vise especially made for this purpose, so that each frame is absolutely true. It is then securely riveted before being given to the brazer, who places the joints under two torch flames made from gas, under high pressure, and when the joint is sufficiently hot it is brazed both inside and out. To be sure that there is a sufficient amount of brazing material used, the factory superintendent instructs the brazers to put on even more than required, which, of course, makes it necessary to file our frames considerably longer at the joints than by the other method, in order to make a neat and smooth frame. This makes it cost us considerably more to build them, but we know that we are giving the very best frame that it is possible to make.

Sears, Roebuck & Co. CHICAGO

Bicycle Certificate of Guarantee

Always mention this Certificate Number when writing us regarding this Bicycle.

WE HEREBY BARGAIN AND AGREE with the purchaser of this bicycle to make good, free of cost to the purchaser, either by repair or replacement, any broken part or parts, caused through defective material or workmanship, on the following conditions:

Where any repairs or replacements are made by us, the purchaser of this bicycle shall be entitled to use, either by mail, express or freight, within ninety days from the date of the purchase of this bicycle, and all transportation charges, either freight, express or mail, must be prepaid by the purchaser, for no duplicate or new parts or repairs will be sent free of charge, unless the broken parts are first sent to us prepaid, and as shown stated.

The special free with which this bicycle is fitted, are made for us under contract by one of the highest placed bicycle tire manufacturers in America, and every tire is guaranteed to us to be absolutely perfect, and it is here we hereby bargain and agree with the purchaser of this bicycle that the tire with which it is fitted is absolutely perfect, and any tire proving defective can be returned to us at any time within sixty days from date of purchase, and it will be repaired or replaced with a new tire. This does not cover puncture, cut or other accident.

WE WILL ALLOW NO BILLS for repairs or repairs or parts paid by yourself, unless we have been consulted before the work is done and have given you written permission to incur such expense.

DO NOT RETURN ANY PARTS TO US FOR REPAIRS UNTIL YOU HAVE FIRST WRITTEN US, for in a great many cases we can save you money, transportation charges, etc., by a more judicious repair.

UNDERSTAND, in reference to repairs or defective parts, no part of the transportation charges, either freight, express or mail, shall be paid by you, but you will also make them better suited to your bicycle in every respect.

Your name, full address and full particulars must be written plainly and enclosed with or attached to the form returned to us.

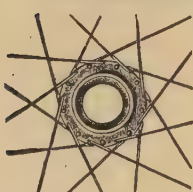

THIS GUARANTEE IS BINDING ONLY BETWEEN OURSELVES AND THE PURCHASER, and is not transferable.

SEARS, ROEBUCK & CO. CHICAGO, ILL.

THE NEW CHAIN ADJUSTMENT AND REAR FORK ENDS used on the Improved Elgin King and Napoleon Bicycles are certainly the acme of simplicity. They enable the rider to remove the rear wheel without changing the chain adjustment in any way. Many styles of chain adjustments make it necessary to remove the screws, also a number of collars and small washers, which takes a considerable length of time, especially for the inexperienced rider, to again secure the necessary adjustment. In this new style adjuster, in case a thread on the screw has become stripped, or on a collar, either one may be removed in a few moments, and replaced with a new one. This is the only chain adjuster that has this particular feature. The fork end itself is made from heavy cold rolled steel, it is therefore impossible for it to break or crack. It is made with the new tight grip form of lug, which is a great improvement over the old method of attaching to the frame.

IMPROVEMENTS FOUND ONLY IN THE NEW ELGIN KING AND NAPOLEON BICYCLES.

OUR WHEELS are laced by the most improved method, which, while it takes longer to build the wheel, also makes it necessary to use a longer spoke on account of the spokes crossing each other so many times. This gives a better and more satisfactory wheel in every way. This construction provides for a torsional strain by meeting it at right angles from the center, thus preventing the breaking of spokes, racking of wheels, or wheels becoming out of true. You will seldom see an Elgin King or Napoleon Bicycle wheel out of true, regardless of the time it has been in service.

THE BALL RETAINERS. The new Red Head Elgin King, and the genuine three-crown, nickel joint Napoleon for 1907 are equipped throughout with the celebrated Star patented ball retainers, which not only keep the balls in their proper places, not allowing them to crush each other, but enables the rider in case he should desire to take his bicycle apart, to readily remove the balls, clean, oil and replace them in a few moments. When the retainers are used you are always assured that the balls are in their proper places, and not wedged against each other. These retainers are fully covered by patents, and cannot be made by every manufacturer.

THE CHAINS used on the new Elgin King and Napoleon Bicycles are especially made for these bicycles, by the oldest exclusive chain manufacturer in this country, a manufacturer whose name represents to the special functions which each performs. The blocks are made from Swiss steel, warranted not to stretch or break. The side plates are stamped from Colonial small hot rolled blued stock, made for this particular purpose. The rivets are swaged from the highest quality of tough semitool steel, and are not cut from wire as in many of the cheaper chains. These chains are guaranteed to withstand great strain.

THE ACCOMPANYING ILLUSTRATION shows our new improved bearing construction, used exclusively in the new Elgin King and Napoleon Bicycles, and also the construction used by others. You will note that in the lower illustration the balls touch the cone and cup only in one place, while in the upper illustration, which shows our construction, the ball touches the cone in one place and the cup in two places, giving what is known as a three-point contact. It is an established fact that there is less wear where the bearings have a three-point contact than where there are only two. This should not be overlooked in the selection of bearings, if a bearing of great wear resisting qualities is desired. You will also note that in our system of bearing construction that balls instead of having a tendency to press or wear the side or bottom of the cup, run directly in the corner, which equalizes the strain, bringing the pressure on the side and bottom, placing the strain in what might be called a triangular position. Understand that all of our bearings are fully guaranteed to give the best of service under all conditions, and without restrictions of any kind.

WE WISH TO CALL YOUR ATTENTION

to the fact that all new and improved Elgin King and Napoleon Bicycles are equipped with Seroco guaranteed single tube tires, a tire which we have used for many years with the most satisfactory results. We have not only maintained the high standard for which this tire has always been noted, but have been able to add a few improvements, which while not noticeable in the outward appearance of the tire, nevertheless render it even more satisfactory than before. Recognizing the fact that all tires which have been made heretofore have been more or less weak where the valve stem joins the tube, we have had the factory experiment on this point for several months, with highly satisfactory results. We are now placing a liberal quantity of wear resisting rubber and heavy fabric at this point; also instead of securing the stem on the outside of the tire, it is now attached from the inside, while the tire is being made. The accompanying sectional view of our improved valve stem construction with the heavy reinforcement about the valve will give you a fair idea as to the new reinforcement. The dotted lines show our process of laying the fabric, while the black margin represents the generous thickness of special rubber placed at the most vital point. Porous tires are absolutely impossible with such a construction. These tires, instead of being made from a long cut off tube, and the ends vulcanized, are manufactured each one separately, on a large wooden drum. The tire builder selects the inner tube from those which have passed the inspector, and then builds his tire up completely until it is ready to be placed in the mould. All our tires are vulcanized in heavy moulds weighing several hundred pounds.

BEFORE PLACING YOUR ORDER FOR A BICYCLE we would ask you to give us the privilege of shipping you either the new Improved Elgin King or the genuine three-crown, nickel joint Napoleon for your examination. If you have examined you do not find that it is better, more up to date, with higher grade equipment, in fact, a higher grade bicycle in every way than those offered by other houses at almost double the price, we would ask that you return the bicycle to us, and we will gladly refund you all transportation charges, together with purchase price.

A MOST NOTABLE FEATURE about the Elgin King and Napoleon Bicycles is our new and original method of head construction. We have endeavored to show the difference between the relative difference between our head construction and the construction used by many others. We make the heads out of one heavy seamless high carbon steel tube, the lugs being brazed in, instead of being punched, the metal is also flared out so as to make a reinforcement where the lug enters. The lugs are extra long and run a considerable length into the tubing, so that in a sharp fall the strain is evenly distributed and does not come on one particular point. The head used by many manufacturers is made from a stamping of plain steel, bent together and brazed, which makes it impossible in this form of construction to have a reinforced head. The lugs are also necessarily short, and in case of a sudden fall generally the entire strain would be brought on these particular connections. This construction is considerably cheaper to make, as the head can be stamped out in one operation, and the work may be done by an inexperienced mechanic. This one particular feature should have your very careful consideration in the selection of a bicycle, as the life of the wheel is dependent upon seemingly unimportant details of this character.

NOTE the new improved 1907 all steel reinforced seamless seat post cluster. By referring to the accompanying illustration you will be able to readily see the doubly reinforced construction of this seat post cluster, the long lugs, doubly strengthened tubing, reinforced from both inside and outside, with fish mouth lug, giving the bicycle the greatest possible strength.

FORSYTH COASTER HUB AND BRAKE.

WE WISH TO CALL YOUR SPECIAL ATTENTION to the Forsyth Coaster Hub and Brake, which we are using exclusively. We sold many thousand of these during the past season with the most satisfactory results, and owing to an advantageous contract we are now placed in a position to furnish these brakes to our customers at only a slight advance over the cost to produce them, viz. \$2.75 additional when attached to bicycle, giving a hub we know is absolutely perfect both in mechanical construction and durability. The operating parts can be easily adjusted without removing the wheel from the frame; no other brake on the market has this feature. See description on page 943.

No. 19F405

The New 1907 Model Elgin King, \$13.70
Equipped with Forsyth Coaster Hub and Brake, 16.45

THE IMPROVED ELGIN KING is one of the most beautiful bicycles ever made in any factory and is second to none, with the single exception of our three-crown, nickel joint Improved Napoleon. It embodies many new and up to date features for 1907, including the new patented all steel reinforced seat post cluster, which gives one of the strongest frames that it is possible to make. For this season we are using the new adjustable hanger bracket, fully described below. This bicycle has a world wide reputation for its graceful lines and easy running qualities, and with all the

improvements which we have made for 1907 will mark a new era in the construction of bicycles. In the early bicycle days the Elgin King has been sold as high as \$125.00; since coming into our control, by the aid of modern machinery, expert workmen and economical management we have been able to maintain the high standard of quality, making it possible so that everyone can now afford to own a high grade bicycle. The genuine Red Head Elgin King can be had only from us, and there is no bicycle that can be procured from any other concern within many dollars of the price that will approach it for beauty, quality of material or style.

SPECIAL FEATURES AND IMPROVEMENTS IN THE NEW RED HEAD BEAUTY.

READ AND JUDGE FOR YOURSELF.

FORK CONSTRUCTION

of the new Elgin King is of special improved shape, our own design, having extra long lugs and triple reinforcements, made of the highest quality, fully tested XXXX drop forgings, which makes one of the lightest and handsomest fork crowns ever put on a bicycle. The perfect taper and curve in the crown, together with the reinforced lugs which extend in the fork sides, also the angle of the stem, produces a wheel which is without doubt absolutely perfect in steering qualities, enabling the rider to obtain a much higher speed than ordinarily.

THIS ILLUSTRATION

shows you the new improved dust-proof adjustable four lug, full ball bearing Hanger Bracket, which we are using on the Improved Elgin King. Owing to a most ingenious construction the cups, or ball races, are always in perfect alignment, causing the balls to run very freely, and the cranks to revolve with little or no exertion. On this bracket, you will notice, where the tubing for the main frame is connected, the lug extends several inches past the joint so as to go on the inside of the tubing. You will readily see that this additional reinforcement in this most vital part of the bicycle, the part which receives the most strain, makes it unusually strong. In all its adjustments, the Elgin King is a particularly satisfactory bicycle. It is easy riding, comfortable and requires less power for propulsion than any other bicycle with the single exception of our three-crown, nickel joint Napoleon described in the following pages.

DON'T OVERLOOK

the handsome new improved 1907 all steel reinforced seamless seat post cluster. By noting the accompanying illustration you will readily see the beautiful appearance which this new feature gives the Elgin King frame. The top bar, seat post mast and two rear stays gracefully tapering into one seamless steel cluster, making one of the strongest clusters ever devised for use on a bicycle, and, with the exception of the cluster used on our Napoleon, it is without doubt the best to be found on any bicycle, regardless of name or price. In all the features which go to make a strong, rigid, well made bicycle frame you will find the Elgin King excels. We are exceedingly particular as to qualities and workmanship, and the detailed descriptions of special parts shown on this page we feel will prove to you the high character of this bicycle.

THE NEW HANDSOME RED HEAD

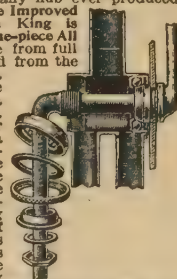

ornamentation which we have endeavored to show with some degree of accuracy in the illustration on the opposite page, is without a doubt one of the most beautiful features ever used on any bicycle. On the 1907 Elgin King the entire head is enameled in a beautiful deep vermilion red, the same color extending in graceful darts on the upper and lower tubing, delicately outlined with a gold stripe, giving the bicycle a most beautiful appearance, making a handsome frame than you will find on bicycles of other makers even at three times our price; a frame which can only be compared with those of the highest grade, and one which must be seen to be appreciated.

THE HUBS

used in the Improved Elgin King are full ball bearing, three-point contact, with large cups and cones; bearings are turned from highest quality of tool steel, and are arranged in such a manner that they are absolutely dust proof, and run as easy as any hub ever produced.

A SPECIAL FEATURE of the Improved Elgin King is the new 1907 Duplex Drop Forged One-piece All Steel Hanger. The cranks are made from full crucible stock, all cones being turned from the solid bar; the stationary cone acts as a compensating lookout in securing the sprocket to the cranks, which is a patented feature of great importance. You will never find a Duplex hanger with a loose sprocket. There is also a small lug on the right crank which engages the sprocket, giving the rider the greatest possible power in driving the bicycle with the least exertion. Note the easy manner in which they are assembled or taken apart. In removing hanger it is only necessary to take off pins on the left hand side. This picture will also give you some idea as to the manner in which the tubes are connected to our new Elgin King hanger bracket. This plainly shows the quadruple doubly extending all solid steel reinforcements, features which put the Elgin King in a class with the highest grade bicycles made.

\$14.45

OUR LADIES' ELGIN QUEEN BICYCLE.

Exactly same quality as our Elgin King, equipped with high grade combination rubber pedals; finely varnished dress and chain guards, with latest style lacing. Frame, 20 or 22 inches.

No. 19F456 Ladies' Elgin Queen Bicycle.

Price \$14.45

Above bicycle fitted with Forsyth Coaster Hub and Brake. 17.20

DESCRIPTION. The Elgin King is one of the highest grade bicycles ever produced, having a fine reinforced frame, embodying the above explained exclusive features, made of the best one-inch 20-gauge first quality Shelby seamless cold drawn steel tubing; size, 20, 22 or 24-inch as desired. Finished in jet black, the head being handsomely decorated in rich vermilion red, this beautiful decoration extending on the top and lower bar, outlined with a delicate gold stripe. The bicycle must be seen to be fully appreciated. The frames are enameled by the best process with genuine Eclipse American enamel—four coats baked at a high temperature. This accounts to some extent for the great depth of color, which is seen only in such high grade wheels as the Improved Elgin King, also for the exceptional wearing quality on the finish of these bicycles. Front fork crowns, tips and

all other bright parts are heavily nickel plated on Duplex copper plate, polished and handsomely buffed. We use only the Union brand of nickel in all our nickel plating, which, while very expensive, is really the only satisfactory plating. We might add that our bicycles are the only ones made using this brand of plating. Wheels are standard 28-inch, with selected one-piece rock elm rims, finely finished and varnished with a special quality of Spar varnish, which makes the rims absolutely impervious to atmospheric conditions. All of our rims are manufactured by the Mutual Rim Co., which is recognized to be the only company in this country making a satisfactory, genuine one-piece wood rim. We do not enamel our rims, but varnish them, showing the natural color of the wood. In making enameled rims, what are known as the seconds are usually used, as the defective places can be readily covered up by the enamel, so that it is almost impossible to determine whether they are rock elm or just ordinary ash; the latter is used to a considerable extent, but is really unsafe on account of being so very brittle. Triple swaged piano wire spokes, manufactured by the Birmingham Needle Co., who manufacture the piano wire and special needles. These spokes have great tensile strength and at the same time very seldom break, owing to their exceptional temper. We use in the Elgin King only the New Improved Onward tubular all steel hubs. These hubs have been used for many years in the highest priced bicycles, and we have never as yet seen one which has been worn to such an extent that it would not give satisfactory service. Hanger is the latest 1907 Duplex, with 7-inch one-piece crucible steel cranks. We use the Union Indianapolis Full R block chain, with straw center, and blued sides. The seat post and handle bar are fitted with the latest style Ajax expander. Handle bar has full leather grips on hickory core which makes the most satisfactory wearing grip we have ever been able to secure. Considerable attention has always been given the bearings used in these bicycles. They are of the well known Faultless construction, and we know that they will last longer and run as easy as any other. Owing to an advantageous contract we have been enabled to equip the Elgin King with the Crescent and Diamond makes of pedals, the best pedals made. The bearings are also of the patented Faultless construction and are guaranteed to last a lifetime. Higher grade equipment is furnished on the Elgin King. This famous bicycle is equipped with the celebrated guaranteed Seroco single tube tires full grain leather genuine Reading hand padded saddle, made by the Reading Manufacturing Co., whose name alone is a guarantee of quality; extra fine grain leather tool bag, containing all steel wrench, full brass quick action hand pump and tube of Seroco Quick Tire Repair Cement.

THE NEW 1907 NAPOLEON

Bicycle possesses improvements and advanced ideas in construction not attained by any other make. The most distinctive feature about the Napoleon is the three-crown construction. We solely control this patented used in any other than the original three-crown Napoleon and Josephine bicycles. We call your special attention to the mechanical construction shown below. These famous bicycles are manufactured under the most rigid specifications, each one being thoroughly tested and inspected. This is one reason why we especially urge you to consider the Napoleon in making your selection.

WHY are we doubling our bicycle business year after year? BECAUSE there is and always has been honest value in every one of our bicycles, especially so in the famous Napoleon.

OUR SUCCESS has been purchased by the greatest perseverance and vigilant attention to every small detail about our famous bicycles.

The Napoleon is superior in every detail of construction, finish and material. If these bicycles were not exactly what we represent them to you, how could we give a two-year binding guarantee?

SENT ON APPROVAL. On receipt of \$1.00 we will ship this magnificent bicycle to you C.O.D. subject to your examination. If on arrival at your nearest railway station you are not immensely pleased with it, the wheel may be returned to us at our expense and we will refund your deposit.

FOR
ONLY \$15.95,

a price based on the manufacturing cost, with only our one small percentage of profit added, we offer the matchless Napoleon Bicycle, without question the finest bicycle manufactured in the world today; a wheel combining more up to date features, more improvements that are exclusive with this bicycle than can be found on any other bicycle; a bicycle that is handsomer, more graceful, made of better material, finished in a more artistic manner than any other bicycle and not only the finest bicycle, but the most durable and easiest riding wheel in the world.

SEE NEXT PAGE FOR DETAILED CONSTRUCTION OF THIS NEW IMPROVED NAPOLEON.

THE JOSEPHINE is our highest grade ladies bicycle, and has the full three-crown nickel joint construction. This is the ladies' model of our famous Napoleon. It has all of the improvements found in the new Napoleon, such as new style reinforcements, full nickel head, beautiful three-stripe rims and is fitted with the celebrated 20th Century one-piece

\$16.70

forged steel hanger and the new Harris long distance wearproof hubs. The entire frame is perfectly flush and enameled with three coats of the best enamel and striped with a double panel gold effect. Can be furnished in either black or maroon, as desired. We guarantee this to be positively the handsomest, most perfectly constructed and durable ladies' bicycle on the market, regardless of name, make or price. It is the only genuine three-crown ladies' bicycle. We solely control their manufacture, and it is impossible to purchase them from anyone else. While our ladies' Elgin Queen is high grade, and the equal of any bicycle with the exception of the Josephine, to those who desire the very best that can be procured, we earnestly urge them to purchase one of these new 1907 Josephines, a bicycle which embodies every up to date feature for 1907. It is made in exactly the same high grade manner as the Napoleon, and is equipped with the very highest quality of 1907 Diamond full ball bearing, dustproof, combination rubber pedals, with beautiful, striped mud and chain guards, having the new style Simplex lacing. It is made in the standard size frame, namely, 22 inches. In ordering, be sure to state color wanted.

No. 19F458 Ladies' Josephine Bicycle. Price.....\$16.70
Equipped with the Forsyth Coaster Hub and Brake.....\$18.48

DETAILED DESCRIPTION OF THE IMPROVED 1907 NICKEL JOINT NAPOLEON.

FRAME—The frame is 20, 22 or 2 1/2 inch as desired, made of the very highest quality XXXX high carbon, 20 gauge, 1 1/2-inch Shelby cold drawn seamless steel tubing, flush at every joint.

THREE CROWNS—The crowns, head and seat post cluster are handsomely finished in full silver nickel plate, this plate being placed on double duplex copper plate, making the handsomest, smoothest and strongest frame made.

WHEELS—Rock maple rims, varnished with American Spar varnish, beautifully striped to match frame, with one broad and two delicate hairline stripes, hand rubbed, making the most durable and handsome rims possible to produce. Spokes

are triple swaged, quadruple plated on heavy duplex copper plate, of high tensile strength, laced in the most approved tangent style, so as to take up all the strain and thus save the wheels in encountering rocks or other obstructions. The spokes are made by the Birmingham Needle Co., a name which represents nothing but the very best that it is possible to make.

GEAR—72, 81, 91 or 104, as desired. For ordinary riding 81 gear will be found to be the most preferable, and in rough hilly parts the 72 gear would be very much preferred.

HUBS—For 1907 we use exclusively the New Harris Long Distance Wearproof Hub, full nickel plated, and equipped with the Faultless ball bearings.

HANGER—New 1907, 20th Century one-piece forged steel, full ball bearing 7-inch crank hanger, fitted complete with Star ball retainers.

TIRES—The Napoleon is equipped with the celebrated, guaranteed, improved Seroco single tube tires. Remember, these tires have the new improved valve construction, and heavily reinforced walls. They have always given the very best service, and are fully covered by the Association Guarantee. With proper care and usage they will last for many years.

PEDALS—Owing to a most advantageous contract, we have been enabled to equip our new Napoleon exclusively with the Diamond solid center pedal. One of the most expensive pedals to produce, and which with ordinary usage will last a lifetime. It is the handsomest, easiest riding and most perfectly adjusted full ball bearing pedal made. Furnished in either rat trap or rubber combination, as desired.

HANDLE BAR—We equip our Napoleon with the highest grade, full nickel, reversible adjustable bar. These bars are made for us by the Chicago Handle Bar Co., the largest exclusive bar manufacturers in the world, and have the new Compensating Hercules Internal Grip, enabling the rider to procure any adjustment in a very few moments. The bar is fitted with the highest quality wound leather grips, having a wooden core and ends, rendering them practically indestructible.

SADDLE—The saddle is one of the best products of the Reading Saddle & Mfg. Co., manufacturers who only make the very finest bicycle saddles. The saddle is made from heavy its shape, wear better and last longer than any other saddle on the market. Fitted with full nickel truss spring, and new adjustable-clamp.

NICKEL HEAD—The head is of the very latest 1907 design, heavily silver nickel plated on Duplex copper, handsomely polished and buffed.

FINISH—The frame is absolutely flush at every joint, brazed by the open process, copper and nickel plated entirely, enameled with three coats of the highest grade asphalt American enamel, put on by a brush and baked, hand rubbed, striped with a double handsome gold stripe. Colors, black and maroon as desired. Be sure to state color wanted. Positively the handsomest finish ever put on any bicycle, regardless of name, make or price.

\$15.93 FOR OUR BIG No. 8-19 ACME GRAND RANGE, FOR COAL OR WOOD.

IF YOU ARE A STOVE MANUFACTURER OR DEALER and know the market price of pig iron and the relation it bears to the cost of the finished high grade stove, you will wonder how it is possible for us to produce a nearly 400-pound square oven, high shelf, reservoir range and sell it for \$15.93. **OUR \$15.93 PRICE** is made possible, from the fact that we operate the largest stove foundry in the world, our moulding room alone accommodating six hundred moulders. We are equipped with every known machine for reducing labor and improving quality. Our pig iron is bought direct from the furnaces in larger quantities than any other stove maker can buy. Our own railroad tracks enter our foundry and warehouses and connect with several trunk lines. Everything has been done, and on a larger scale than other stove makers, to reduce the first cost and produce the highest possible quality, and to this first cost there is none of the expense common to all other stove makers and dealers, nothing to be added except our one small percentage of profit, as the finished castings and parts come from their several places in the foundry and are assembled in the mounting room, the stove goes direct to the car tagged to the buyer. In fact, our expense stops almost where other stove makers' expense begins; hence we practically cut the price in two to the buyer and give you the highest grade of work at but little more than one-half the price you would have to pay elsewhere.

THIS BIG, SQUARE OVEN, high shelf, reservoir range is the very handsomest design shown, the latest rococo pattern mounted on a rich rococo base; has a large square oven with deep nickel plated outside oven shelf, large

rococo high back shelf with nickel plated pot holders, six-hole top with one graduated lid and five solid covers, deep porcelain lined reservoir. It is handsomely nickel trimmed, with big nickel medallion on oven door, nickel plated oven shelf, nickel plated knobs and tea shelves. The oven door is tin lined, **MAIN TOP, TOP SHELF, AND HEARTH EDGES ARE PLAIN BLACK** and easily kept clean. This stove is fitted with a duplex grate, made to burn coal only or both coal and wood and has a large ash pan.

Water Fronts for Acme Grand Ranges. Price, extra, \$2.00. Do not mistake water fronts for water reservoirs. Water fronts are used only where there is a water supply furnished with constant pressure through pipes, which can only be obtained in large towns and cities with water works, or from an elevated pressure tank.

See page 951 about hot water fronts. If desired without high shelf, deduct \$1.25

\$13.84

IF YOU ARE NOT A STOVE DEALER OR MAKER and simply want to buy a fine range for your own use, and you order this at \$15.93 and then compare it with stoves that your dealer at home sells for \$25.00 to \$36.00 you will see that you have saved from \$10.00 to \$20.00 by sending your order to us for our big \$15.93 Acme Grand Range.

THIS IS THE HIGHEST GRADE, newest style, most up to date, best cast iron range possible to produce, superior to any range that goes out of any other foundry in America. We use nothing but the highest grade stove plate, Birmingham iron (no scrap iron is used); we use nothing but 72-hour coke for melting; we employ only the most skilled union moulders, our polishing and grinding is all done by automatic machinery (not accomplished by the hand work of other makers), our nickelling is higher grade than you will find on any other stove, the castings we turn out will, by reason of the iron we use and the way it is moulded, stand more strain, is less liable to warp or crack than any other stove plate made.

\$15.93 AT OUR SPECIAL \$15.93 PRICE we furnish this stove for coal or wood, as desired, exactly as illustrated and described, complete with high back and shelf and porcelain lined reservoir, the same delivered on board the cars at our foundry at Newark, Ohio, from which point you must pay the freight. The stove weighs crated ready for shipment 455 pounds, and the freight will average for 500 miles \$1.50 to \$2.00 (greater or less distances in proportion), so you can see the freight charges will amount to next to nothing as compared to what you will save in price.

OUR SPECIAL \$15.93 PRICE is for the stove only, exactly as illustrated, and does not include pipe or cooking utensils. For prices on stove furniture, pipe, cooking utensils, etc., see our pages 370 to 381.

DEALERS CAN BUY THIS STOVE to sell again, as every stove bears the name "Newark Stove Works, Chicago." You can buy this stove from us singly, in lots of ten or in carload lots and the price is the same, \$15.93. You can add \$10.00 to it for your profit; sell it at \$25.00 and still give much greater value than you are now giving in any stove coming from any other foundry. With the largest stove foundry in the world, material bought at the lowest possible prices, with every known labor saving machine to reduce the cost and improve the quality, we can furnish you, dealer or consumer, singly or in carloads, these and other stoves of higher grade than go out of any other foundry and at a big saving in price.

BY OUR FREE TRIAL OFFER you can order this stove, enclose our price, and we will send it to you with the understanding and agreement that you give it thirty days' trial in your own home, and if for any reason you become dissatisfied with your purchase, if you do not find, after comparing it with stoves sold by others at about double the price, that you have received a better stove than you could get elsewhere at a saving of \$10.00 to \$15.00, you can return the stove to us at our expense and we will return your money, together with any freight charges paid by you.

ABOUT REPAIRS. Understand, we can always furnish you repairs for any stove we sell in any of the years to come, and always at foundry cost. If any part breaks from accident or otherwise, simply write us and the repairs will be sent to you immediately at factory cost. Always state the fuel to be used. Prices with Reservoir and High Shelf Delivered on the Cars at Our Newark, Ohio, Foundry. All strongly crated for a short or long journey.

ACME DUCHESS

For Coal or Wood.

DETAILED DESCRIPTION.

HIGHEST GRADE BIRMINGHAM PIG IRON STOVE PLATE, latest rococo design, strongest framing, bracing and staying construction; our new design and construction for the control of heat circulation, draft and operation, therefore the best baker, most economic in the consumption of fuel, easily regulated of any stove on the market.

ORNAMENTAL HIGH SHELF. The high warming shelf is openwork, the latest embossed rococo design, on which are mounted two handsome swinging nickel plated tea shelves.

MAIN TOP. The main top is of the sectional style to allow for expansion and contraction without fire cracking, and contains four cooking holes, out top and centers, stayed, braced, reinforced, the best possible top construction.

FIRE BOX. The fire box is built for coal or wood. It is made with full shaking and dumping grate adapted for all kinds of coal. Comes along with extra wood grate, free of cost, so it can be instantly changed from a coal burner to a wood burner or vice versa; has our own patent construction unequalled by any other range on the market.

THE OVEN is extra large, made so that you can take advantage of the swell of the door; so constructed that you have an even distribution of heat, making it an ideal baker.

LEG BASE. The four legs of this handsome range are connected with four base strips and separate from the range body, enabling the leg base to be placed in position and the body of the range placed squarely upon it. It is of the latest rococo design.

NICKEL TRIMMING. This range is beautifully nickel trimmed throughout, nickel medallions, plates, ornamental designs, etc. It is equipped with the latest style oven door kicker, the most complete damper and heat controller. It embodies every high grade feature of every other high grade range on the market, with the defects of none.

ABOUT QUALITY.

A visit to our stove foundry at Newark, Ohio, would convince you at once that we are turning out a higher grade of steel and cast iron cook stoves, heating stoves and ranges than goes out of any other foundry in America. You would also be convinced that our cost of production is lower than any other foundry. With our moulding room, smelting from 8 cupolas, where most all other foundries melt from one, with our automatic machinery and equipment, with our foundry running at full capacity every day in the year, making much of our work that others buy, and doing this at a big saving in cost, you would be impressed with the opportunity we offer you to get the highest grade stove work possible to produce, and that at a much lower price than you could buy inferior goods elsewhere. **WE GUARANTEE SAFE DELIVERY.**

ABOUT THE FREIGHT CHARGES. The freight charges amount to next to nothing as compared with what you can save in price. The actual net weight of this big stove, without crating of any kind, is about 400 pounds, and the railroad companies will carry this stove from one hundred to a thousand miles from Newark for from 30 cents to about \$5.50, according to distance, a mere fraction of what you will save in price.

SHOULD YOU NEED REPAIRS.

Should you need repairs for this Acme Duchess, or any other stove, we bargain and agree to supply you in the years to come at actual factory cost.

SAVED \$10.00.

Riverhead, N. Y.
Sears, Roebuck & Co., Chicago.
Gentlemen:—We are very well pleased with the Acme Duchess and at any time you should desire a testimonial or anyone in this vicinity wants to see one of your stoves in action just call on or refer to me. Have saved \$10.00 at least outside of freight in buying from you.

Yours, etc.,
WM. N. BURNITE.

\$15.81 VALUE WONDER

THIS IS OUR NEW IMPROVED 1907 MODEL

four-hole combination coal and wood burning Acme Duchess Range built on the latest 1907 rococo design, with large swell rococo base, all complete, including wood and coal grates, deep porcelain lined reservoir, high rich rococo back and shelf, nickel trimmed and nickel mounted, a beautifully designed range embodying every new feature yet offered. size, weight, style and finish considered, at a marvelously low price, a price that barely covers the cost of material and labor in our own foundry, with but our one small percentage of profit added; a price that would make it a wonderful seller in any retail store; a price which to the consumer would mean a saving of from \$5.00 to \$15.00 on a range; a price at which the same range could not be produced in any other foundry in the world. Our low cost price is made possible, first because ours is the largest stove foundry in the world. We are the largest buyers of pig iron and stove making materials, we run at full capacity every day in the year, employ every known labor saving and high quality making machine and appliance, have no traveling salesmen, no storage warehouse, handling and rehandling expense, operate with one profit, the manufacturer's profit, and that based on a very conservatively small basis.

This, our Acme Duchess, as shown in the large illustration, with high back and high shelf, deep porcelain lined reservoir, coal and wood grates and full equipment, is furnished at from \$15.81 to \$18.19 according to size, as listed below. We also furnish the exact same range without reservoir, as shown in the small illustration at the bottom of page, at from \$13.07 to \$14.93 according to size

as listed below. The two ranges are identically the same, piece for piece and part for part, size, weight, style, make and finish, the only difference being the one in the small illustration is not furnished with a reservoir, while the one shown in the large illustration comes complete with deep porcelain lined reservoir.

EASY TO SET UP AND OPERATE.

THIS STOVE COMES READY TO SET UP

in your own home. It isn't knocked down, it is ready for the stove pipe and fire. No matter whether you have ever set up a stove or not, you can take our stove from the depot, take it to your home and in a few minutes, without any previous experience, you may have a fire going and you will find the stove will work perfectly. The damper construction, the heat distribution, the draft construction, in all such that the stove will work to your entire satisfaction from the beginning, use less fuel and prove a better baker than any stove you have ever used.

Nos. 22F251 to 22F253

30 DAYS' FREE TRIAL. If you send us an order for this range or any other stove in this catalogue, the stove will go to you with the understanding and agreement that you can give it thirty days' trial, and if you do not find it the greatest stove value you have ever seen, return it to us at our expense, and we will immediately return your money, together with any freight charges paid by you.

We furnish the Acme Duchess four-hole cast iron range, complete with high back, shelf and expansion reservoir, the hard coal, soft coal and wood burning stove with the two grates, the coal burning and the wood burning grate, exactly as shown in the large illustration, in the various sizes strongly crated and delivered on board the cars at our Newark, Ohio, foundry all complete, everything, ready for use, at the following special prices.

If you do not burn coal at all order the Acme Empress from page 977. The same range for wood only. Prices do not include pipe or cooking utensils. For cooking utensils see pages 370 to 381.

Water fronts for Acme Duchess, \$2.00 extra. See page 951 about Hot Water Fronts.

If desired without high shelf, deduct \$1.00.

THE HIGHEST GRADE BASE HEATING WOOD STOVE MADE

\$11.52
FOR WOOD ONLY

THIS IS ESSENTIALLY A HOME STOVE.

It is made in three sizes, will accommodate rooms of a different size or houses of a different size. The largest size stove is amply large to heat any ordinary house, the whole downstairs to be made thoroughly comfortable, the upstairs sleeping rooms to be made comfortable for sleeping, this in the coldest weather with a less amount of fuel than with any other base heating diving flue wood burner made. There is no other stove of this type in which the fire is so thoroughly under control, no other stove of this type that will hold fire as many hours, no other stove of this type that has the graceful lines, the design, trimming, the silver nickel ornamentation that will permit it to be compared with ours. It is a real ornament to the parlor or living room of any home.

OUR ACME SUCCESS

AT \$11.52 we offer you this our ACME SUCCESS Parlor Heating Stove under our guarantee that it is the highest grade base heating diving flue stove made, regardless of name, make or price, a stove which is built on the same lines as those followed in the construction of our Acme Surprise, the exact same stove built with combination coal and wood burning grates.

THIS IS UNQUESTIONABLY the very highest grade wood burning heating stove that has ever been offered by any founder or stove dealer, and we know that it is absolutely impossible for any other founder to begin to equal the value we give you in this stove because it is made by us in the largest stove foundry in the world, where manufacturing costs are lower than in any other stove foundry, where materials cost us less than the same materials cost other founders and where we have developed the latest and most expert corps of trades stove builders to be found in any stove foundry in the world. The low cost of raw materials, our trained employees and hundreds of special machines built under our own supervision and according to our own plans for the handling of stove work have given us such enormous advantages in the manufacture of stoves and ranges that our selling prices as quoted in the pages of this catalogue are lower than the wholesale selling prices in carload lots of any other founder in the business.

THIS BASE HEATING FRONT DIVING FLUE Wood Burning Stove is a splendid example of what we are able to do in this the largest stove foundry in the world in the way of bringing highest quality stoves and ranges to you at the lowest possible cost. No other wood burning heater manufactured in any other foundry equals this stove in size, in massiveness and beauty of design, in rich silver nickel ornamentation, in draft control and in special features of grate and fire pot which give this stove its wonderful base heating qualities; no other stove manufactured is so carefully and so thoroughly fitted, so thoroughly stayed and braced, no other stove has such superior interior construction as this our Acme Success and when we offer it to you at \$11.52, \$14.04 and \$17.12 special manufacturers' prices we guarantee that it is the greatest value ever offered in a parlor heater designed specially for wood as fuel.

THIS IS A PARLOR STOVE. When we say a parlor stove, we mean that it is in beauty of design, in the silver nickel mounting and ornamentation effect such an ornament to any parlor in any home as you will find in no other stove of like style made in any other foundry in the country. It is handsomer in that it is richer, newer, more artistic, more up to date, more decorative, more in the rococo design than any other stove turned out by any other stove foundry in America today. The nickel ornamentation, the urn, the swing top, the base, the medallions excel anything yet produced by any other maker in a stove of this type. The swirl front, in which is fitted the transparent mica plate, brings to view the flame and which flame is reflected through the polished reflector panel above, produces an effect not approached in any other stove made; in short, it is an ideal base heating diving flue, exclusively wood burning stove.

THE ILLUSTRATION, which has been drawn by our artist from a photograph, will give you but a vague idea of the beauty of this stove. It is a stove that must be seen to be appreciated. Beginning with an ornamental urn of bronze and polished copper colors, with a specially designed and four arms in the rococo design, we pass to an elegant oval dome swing top which is heavily nickel plated and polished to the highest finish. Underneath it comes a main top with a griddle cover in the center, furnishing a cooking hole when dome is swung aside, and the main top, in which the griddle cover rests, will lift off entirely, leaving the whole main top open to receive irregular chunks of wood which might not go in the large fire door; then follows the elaborate full swirl rococo ornamentation in the main top of the stove, where the highest quality of stove plate casting work is done, its strength, durability and finish unequalled by any other stove maker in the land.

THE UPPER FRONT OF THE STOVE is relieved finished, silver nickel, ornamental reflector panel above the mica lights, through which the flame is seen and reflected into the room by the nickel polished reflector panel. Through the mica lights can be seen the flame blazing and curling downward through the diving front flue to the full base flues below, where it travels beneath the ash pit to the back of the stove and starts upward through the smoke pipe. **IN THE LOWER FRONT** is the screw draft register, highly nickel plated and polished, through which the draft supply is obtained, and by which the draft can be cut off at will. Just below this is the long, elaborate, silver nickel and highly polished foot rail name plate, a broad, convenient rest for the feet, and an additional ornament to the front of the stove.

THE BASE SKIRTING OR LEG FRAME AND **LEGS** are all silver nickel plated after our own process, incomparable in its finish, and not matched by any other foundry in the world. The right end of the stove contains a large wood fire door, admitting the largest piece of wood cut from any cord stick, and is fitted with a large, silver nickel handgrip turnkey. At the bottom line of this door is a full silver nickel ash catch, or small hearth, as shown, and the wood grate, being considerably below this line, combined with its imperviousness for ashes to spill on the floor when the door is opened. The ash door has a large silver nickel turnkey.

THE ASH PAN is large and runs the full length of the bottom grate. The draft is toward the front of the stove, down the main front to the base flues, passing back and upward to the pipe collar and into the smoke pipe. There is an automatic damper, the handle of which is shown in contact with a "trip" at the back of the fire door, so that when opening the door the direct draft is also opened automatically, and no smoke creeps out the top line of the door when putting in fuel. When the fuel is put in and the door is closed, you can close the direct draft damper, and the heat then passes down the front, as described. **THIS WOOD BURNING, BASE HEATING FRONT DIVING FLUE STOVE** is made with a view of combining the good points of all high grade base heating stoves of this type made, with the defects of none.

If you order this stove you will find it in many ways superior to anything in the same style that is being put out by any other manufacturer, being offered by any other dealer. Understand, every stove bears the name "Newark Stove Works, Chicago," and while the price is the same whether you order one stove or a carload, we especially request the orders of dealers large and small. We guarantee to furnish you better stoves than you can buy elsewhere and at a saving of 25 to 33 1/3 per cent in price. If you buy from us you will increase your sales, and at the same time you are now getting you will be able to give your customers much greater value for their money.

OUR GUARANTEE AND FREE TRIAL OFFER.

Send us your order for this new improved 1907 model wood burning stove, enclose our price, we will send the stove to you, guaranteeing it to anteing it to reach you in just in a few days, and if you are not satisfied, reach you in perfect order, without break, crack or damage of any kind; we guarantee it to please you, guarantee that you will find it a much better stove than you can get from your dealer at home at anything like the price. If you do not like it all this and more, you can return it to us at our expense and we will immediately return your money, together with any freight charges paid by you.

IF YOU BURN COAL SEE OUR ACME SURPRISE FOR COAL ON PAGE 994.

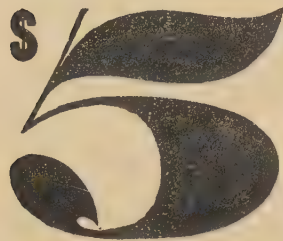

WE FURNISH this handsome stove under our guarantee for quality, under our 30 days' FREE TRIAL OFFER, under our guarantee that it will reach you in perfect condition. We furnish it in the following sizes at the following special prices:

OUR LOW PRICED ACME IVY COTTAGE HEATER

FOR WOOD ONLY.

\$  **.02**

FOR WOOD ONLY

AT \$5.02, \$5.75 AND \$6.91, according to size, we offer this, our Acme Ivy Cottage Wood Burning Heating Stove, lower priced than ever before offered by us and greatly improved for 1907, made larger and handsomer, heavier and more strongly built, and therefore more than ever before the greatest value in a cottage wood burning heating stove ever offered.

THIS BIG COTTAGE HEATER is made in our own foundry at Newark, Ohio, and is made along the same general line of stoves and ranges as is handled by the same expert stove builders from the time the iron ore enters the melting furnaces until the stove is mounted and crated ready to ship to the customer and it is just as thoroughly fitted, stayed, braced, it is just as well finished in every respect as our highest priced stoves and ranges, the only difference being in the pattern of the stove, and in offering it to you at these special prices it is sold at the mere cost of materials and labor with one very small margin of profit added.

SPECIFICATIONS, PRACTICAL FEATURES, IMPROVEMENTS OF OUR 1907 STYLE ACME IVY WOOD BURNING HEATING STOVE.

NICKEL PLATED URN. This top ornament, being made by our accessory department within our own foundry, receives the utmost attention and while no more elaborate than is shown in the illustration, is a becoming tasteful ornament.

DOME SWING TOP. This openwork swing top is elaborately carved and very handsome in every particular, but without any nickel plating. When it is swung to the left it exposes to view the cooking holes in the main top which can be utilized for any cooking purposes.

MAIN TOP. With the exception of the smallest size, the main top of the stove is fitted with two griddle covers and a boiler for center, which can be removed, enabling an oval wash boiler to be placed across the length of the main top and will be found quite a convenience when desired to be used in this manner. The smallest size contains but one griddle cover.

MAIN BODY. The main body of the stove is elaborately carved gray iron casting, nice finish, and work, excepting a few nickel-plated draft registers shown in the illustrations. The upper front is mica lighted showing the cheerful flame of the wood fire.

FIRE CHAMBER. The fire chamber is commodious, admitting of large irregular chunks and knots of wood.

NICKEL TRIMMINGS. All knobs, the screw draft registers and the foot rail are all nickel-plated by our improved silver nickel-plating process.

LEG BASE. The leg frame and feet are massive, completing the most attractive cottage heater yet offered in this class.

On this, our Acme Ivy Cottage Heating Stove for wood only, we do not use any further nickeling than described above, but offer it as a handsome pattern in the natural color of iron.

OUR BINDING GUARANTEE.

EVERY ACME IVY WOOD HEATING STOVE is covered by our binding guarantee as to quality of material, workmanship, etc., and we agree that should any piece or part give out by reason of defective material or workmanship, we will replace or repair it free of charge.

THE ACME IVY is without doubt the greatest value ever offered in the Cottage Style Wood Burning Heating Stove. We are lowering it this season to prices that any manufacturer or foundry dares to sell such a style stove at wholesale in the largest quantities, in fact, there is no stove foundry in the country that is as large as ours, has the facilities that ours has for producing the best stove at the lowest cost, that embodies so many improvements and devices which enable us to reduce the cost and, therefore, there is no foundry that would be able to build a high class Cottage Wood Heating Stove for the price at which we offer our Acme Ivy direct to the consumer, which price includes only a very narrow margin of profit.

A BIG OFFER FOR DEALERS.

IN SOME SECTIONS of the country there is a big demand for wood burning heating stoves, and in such sections dealers can make money by buying the Acme Ivy Stoves from us, and selling them again to their customers at a liberal profit.

WE KNOW THAT DEALERS cannot buy this style of stove at as low a price as we offer according to size, and while we have no further inducements to offer than the price named, regardless of the quantity or the number of stoves ordered at a time, yet the stoves we make do not bear our firm name and, therefore, can be sold again by any dealer as his regular stock.

THE ACME IVY has every practical feature, every improvement of the very best cottage heating stoves made, with the defects of none, and many improvements that we alone use.

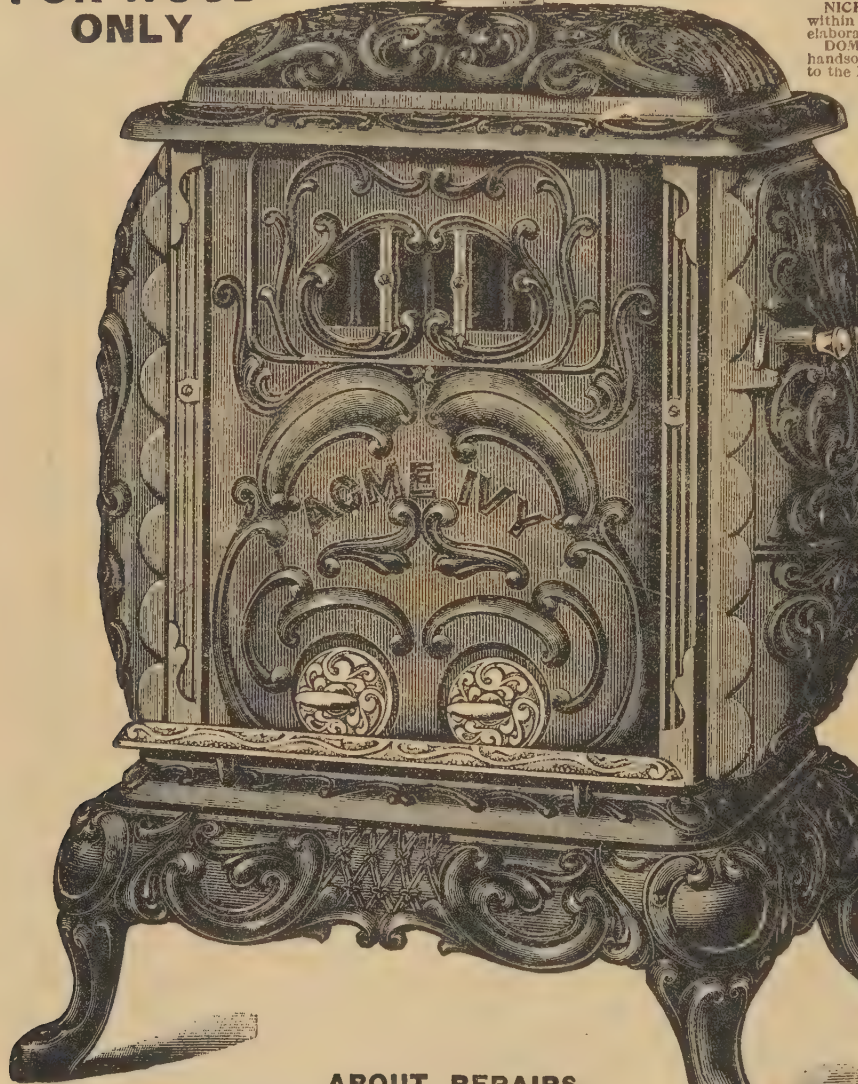

THIS LARGE ILLUSTRATION of the stove reproduced direct from a photograph, will give you a good idea of its appearance, yet it must be examined in every feature and weight it and we compare it with other stoves, in fact, it must be seen, and examined to really appreciate the value we are offering.

THIS STOVE IS IN STYLE, in utility and durability the outgrowth of a stove making organization not approached in any other foundry. With our special artists as designers, with the best wood stove pattern makers in this country, with moulding facilities unapproached, with a nickeling plant not equalled by any other foundry in the country, with an accessory plant not to be found in any other foundry, with a finishing department that stands alone in its every point of excellence, we produce THE FINEST, HIGHEST GRADE, THE BEST WOOD BURNING STOVES MADE.

TURN TO THE FIRST TWO PAGES of this big catalogue and read the full particulars of our wonderful and astonishingly liberal profit sharing plan by which our customers may select just the articles they have wanted from among the hundreds illustrated there and get them absolutely free in return for our Profit Sharing Certificates. No matter what you may want, whether it be a piano, a box case, a bicycle, a music cabinet, an easy chair, a rug, a stove, a set of dishes, a camera, a watch, a sewing machine, a clock, wearing apparel or books—REMEMBER, WE GIVE IT TO YOU FREE in exchange for our Profit Sharing Certificates. Not one cent to pay—just a free gift from us in appreciation of the amount of merchandise you buy from us. It is easy to get these valuable articles free because our prices are lower than ever—but little more than one-half what retailers charge and very much lower than those of any other catalogue house. Therefore, no matter what you need to eat, to wear, or use, you can buy it from us for less money than you would have to pay elsewhere. By purchasing everything you need from us you will not only save a great deal of money, but you will be surprised how quickly the Profit Sharing Certificates will amount to a total of \$50.00, entitling you to an article of great value, usefulness and beauty, absolutely free.

REMEMBER WE GUARANTEE SAFE DELIVERY

of every stove we ship and your stove will reach you in the same perfect condition in which it leaves our foundry.

ABOUT REPAIRS.

REMEMBER we carry a complete stock of repairs for all the stoves we make, and in the years to come you can always get any needed parts from us, and we will furnish them to you at actual foundry cost.

THE FREIGHT ON AN ACME IVY COTTAGE HEATER from our foundry in Newark, Ohio, only a few cents as compared with the big saving in price. Stoves are accepted at third class freight rates and the freight amounts to a small sum. You pay the freight from our foundry at Newark, Ohio, but no matter where you buy your stove, you will pay the freight. If you buy it from your home dealer the freight he pays is figured in his selling price. If you buy a stove offered by any other house delivered to you freight prepaid, the cost of the freight will also be figured in the selling price. However, you need not consider the item of freight when you buy the Acme Ivy because it would be a small amount and we guarantee that you will make a big saving even after you pay the freight and add the freight charges to our selling price. In fact, if you don't find that you have still made a big saving after paying the freight, you can return the stove to us and we will return your money and pay the freight charges both ways.

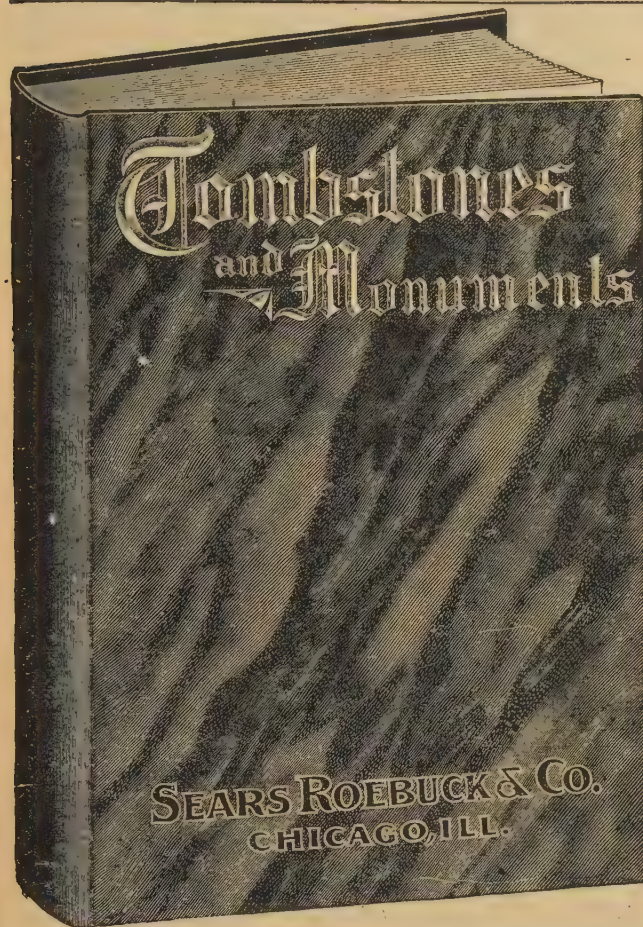

We offer the Acme Ivy Cottage Wood Heating Stoves at the prices listed below, which prices are for the stoves delivered on the cars at our foundry at Newark, Ohio, from which point the customer pays the freight.

Catalogue Number	Stove No.	Length of Fire Box	Height, inches	Floor Space, inches	Actual Weight, pounds	PRICES
22F547	21	22	33	20 x 20	96	\$5.02

22F549	25	26	35	20 x 24	119	6.91

Ornament is not included in measuring height. All sizes take 6-inch stove pipe.

DEPARTMENT OF MEMORIAL ART.

MARBLE AND GRANITE MONUMENTS, TOMBSTONES, HEADSTONES AND MARKERS, MARBLE FOOT STONES AND CORNER POSTS FOR CEMETERY LOTS, ORNAMENTAL IRON AND STEEL FENCING FOR GRAVE LOT ENCLOSURES, WIRE GRAVE GUARDS, LAWN AND CEMETERY VASES AND SETTEES. ORNAMENTAL LAWN IRON AND STEEL FENCING.

SEARS ROEBUCK & CO.
CHICAGO, ILL.

the railroad company. You can receive it, open the boxes and examine it carefully, and if it is not found exactly as represented, does not please you, does not prove to be of more value than you expected, you can return it to us and we will refund the money, together with any freight charges paid by you. Could we say anything more convincing than this? Remember, we go to the expense of shaping, carving, tracing and lettering, and then guarantee that it must please you, be lettered exactly as you have ordered it, and give you the additional bond of insurance that we will lose the freight on it and refund you the money you have paid, out if it is not exactly as guaranteed. We do all the lettering for you. The tombstone reaches you complete, ready to set up in the cemetery.

All granite work requires six to eight weeks to finish, letter and ship. Then allow ample time for it to reach you.

THIS BIG HANDSOMELY ILLUSTRATED CATALOGUE OF TOMBSTONES AND MONUMENTS IS FREE.

THIS ILLUSTRATION IS A FACSIMILE REPRODUCTION of our large and beautifully illustrated catalogue of memorial art, a big book of over one hundred pages containing full information with reference to the finest line of marble and granite monuments offered by any firm or individual engaged in this business. The illustrations in this special catalogue are made direct from photographs of the monuments themselves, just as they would appear when erected in your family lot or over the last resting place of a loved one. This big catalogue also contains full and accurate descriptions of the largest line, the handsomest designs ever gotten together in a single catalogue.

OUR WONDERFULLY LOW PRICES, such prices as have never before been quoted on this free special catalogue, our new methods of doing business, our guarantees, our open proposition and convincing offer, all the reasons why we are able to undersell all other monument dealers are fully and very clearly explained in the pages of this big catalogue, and if you have any idea of ordering a tombstone, a marker, a cemetery lot enclosure or anything else in this line, before placing your order with anyone else at home or elsewhere, be sure to send for this, our big free catalogue, with all its wealth of interesting information, with its beautiful designs, and whether you order from the pages of this, our special catalogue, or from someone else, this book will give you such a fund of information as will be of great value to you in ordering a tombstone and the prices we quote will give you an accurate knowledge of the real value of the stone you intend to purchase.

THIS BIG FREE CATALOGUE will be a revelation to you, it will give you such an insight into the methods commonly followed by others in this business, as you could not obtain from any other source, and we know that under our terms by which we sell you the largest or the smallest monument or marker at the mere cost of marble or granite and the labor in cutting, with a small margin of profit added, will be so much lower than the prices you can secure from any other dealer at home or elsewhere, and our terms of shipment and our guarantees are so broad and liberal that we know if you have any thought of ordering a tombstone or monument we will be certain to receive your order.

MEMORIALS IN GRANITE AND MARBLE have been a fat field of profit for the retail dealer and the traveling commission agent for a century, under the old fashioned method of large selling expense and large profits. These large selling expenses, indispensable to those still following the old time method of quarry to the wholesaler, wholesaler to retailer, and retailer through traveling commission agents to the user. We point the way direct from quarry to cemetery, eliminating all these intermediate expenses and profits, giving you the benefit of the cost of the rough quarried marble and granite, adding only the cost to cut, carve, shape, polish and letter, with but our one small percentage of profit between quarry and cemetery.

OUR PRICES for these highest of high grade memorials in marble and granite are about one-half the prices usually asked. If you select any one of the tombstones or monuments, illustrated and described on these pages, and then price the same in style, material and quality of workmanship at your local dealer's or from any granite or marble works in the country, you will find the prices others will ask you are nearly double what we quote.

ACME BLUE VERMONT MARBLE. This material when polished, develops a dark blue gray beautifully veined mirror surface, susceptible to strong, clear, sharp tracing, carving and lettering, is the nearest to the color of dark granite and is the most popular color for marble memorials. It will stand severe weather exposure for a greater length of time than the best imported Italian marble.

WHITE ACME RUTLAND ITALIAN. This wonderfully beautiful white marble has the same appearance as the most expensive and highly celebrated Italian marble, and for lasting qualities is far superior to it. It withstands weather exposure longer and in every way is the ideal marble for cemetery work. All marble work requires four to six weeks to finish, letter and ship. Then allow ample time for it to reach you.

BEST BARRE GRANITE. This commercial term "Best" means all it implies, as every worker there is plenty of Barre Granite. There is plenty of Barre Granite, but there is only one grade of "Best Barre Granite." We use this grade and this grade only. Barre Granite is world famed for cemetery work. Superior to any of the imported grades, indestructible by weather exposure, and so hard that cutting from the quarry, sawing into blocks, shaping into monuments, polishing to bring out its bright, mirror-like, blue mottled effect, carving, tracing and lettering, requires the most laborious efforts by hand and machine, so hard that pneumatic tools must be used, guided by the hands of the most skilled craftsman. It needs no other commendation from us, as it is too well known to the readers of this catalogue to need our eulogy.

WE POSITIVELY REQUIRE THAT EVERY PIECE of granite or marble which enters into any of our beautiful monuments, tombstones or markers shall be carefully inspected before it is cut and polished, and even after much expense of time and labor is put in the stock, if any flaws should appear or defects in quality are found, the block is immediately rejected. By using all the precautions known to our highly trained men and their most skilled methods, we deliver to our customers a class of cemetery work such as is seldom seen in stocks of retail marble companies. Send us your order for any design shown on these pages, and we guarantee to carefully box it and guarantee its safe arrival at our station, free from any injury by

LETTERING EXTRA. Inscriptions on marble—Ordinary sunk verse letters, 2½ cents per letter; ordinary sunk inscription letters, 6 cents per letter.

Inscriptions on granite—Ordinary V sunk letters, 1½ inches and under, 16 cents each; 1½-inch letters raised ¼-inch, 55 cents each, and other sizes in proportion.

Our Exquisite \$21.52 Monument.

Delivered on cars at our Vermont works. Give us 4 to 6 weeks to finish, letter and ship.

See preceding page about the cost of lettering, prices of foot stones and corner posts for cemetery lots.

We especially recommend this monument in the world's Best Acme Blue Dark Vein Marble, as the tracing of the design stands out in a bright, clear gray against the dark blue polished surface. The design is very desirable in White Acme Rutland Italian, but in the blue it shows up to much better advantage.

Dimensions: Nos. 61F518 and 61F519. Total height, 44 inches. Shaft, 26x14x8 inches. Upper base, 18x12x8 inches. Bottom base, 22x16x10 inches. Estimated weight, 950 lbs.

Ladies' CONVINCER Patent Colt Blucher, \$2.65.

\$2.65

The very latest production in artistic boot making, is one here-with illustrated. We could say \$3.50 and still give most excellent value, but we promised ourselves that the CONVINCER would be put out at \$2.65—no higher—no less. The pattern is one of our own design and never before shown. Made of best Corona colt, with dull mat calf, lace stay and heel foxing, producing a striking contrast, and being a Goodyear welt, insures a foot fitting, comfort giving boot, which must be as pleasing to the wearer as it is handsome to others. **Sizes and half sizes, 2½ to 8. Widths, B, C, D, E and EE.** Don't fail to state size wanted. Weight, 27 ounces.

No. 15F6 Price, per pair... \$2.65
2 pairs for..... 5.00

Ladies' CONVINCER Kid Boot, \$2.65.

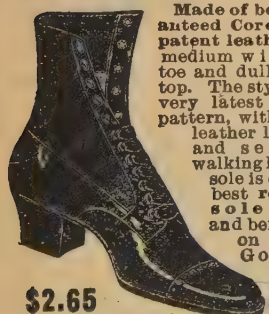

\$2.65

The handsomest pattern we have yet shown, combining the late high vamp, giving the high arch instep effect, with the patent colt tip and heel foxing. The upper stock is the finest mellow vici kid, while the sole is the very best rock oak, sewn on by hand, producing at once one of the most fashionable and comfortable light weight boots we have ever offered. Every pair stamped CONVINCER, which means a guaranteed \$3.50 value. **Sizes, 2½ to 8. Widths, C, D, E and EE.** Don't fail to state size wanted. Weight averages 25 ounces.

No. 15F7 Price, per pair... \$2.65
2 pairs for..... 5.00

Ladies' CONVINCER Patent Colt Blucher, \$2.65.

ANOTHER ONE OF OUR GREAT VALUES IN THE CONVINCER LINE, SUCH AS RETAILS FOR \$3.50.

\$2.65

Made of best guaranteed Corona colt patent leather, with medium width tip toe and dull box kid top. The style is the very latest Blucher pattern, with patent leather lace stay and sensible walking heel. The sole is cut from best rock oak sole leather, and being sewn on by the Goodyear welt process, insures a perfectly smooth insole and the most comfortable and serviceable patent shoe it is possible to make. This is the handsomest style we have seen and is extraordinary value. **Sizes and half sizes, 2½ to 8. Widths, C, D, E and EE.** Don't fail to state size wanted. Weight, 30 ounces.

No. 15F8 Price, per pair... \$2.65
2 pairs for..... 5.00

Ladies' CONVINCER Patent Colt Button, \$2.65.

There is nothing in ladies' foot-wear quite so snappy and thoroughly up to date, and so universally popular, as the boot herewith illustrated. This boot is made from the very best selection of patent

\$2.65

Ocorona colt—the most satisfactory bright leather ever tanned—is made over the fashionable university last, with tip toe and full Cuban heel. The top is of dull mat calf, fitted with dull buttons; black satin inside facing and custom outside back stay. The soles are of medium weight, cut from first quality white oak sole leather; Goodyear welt sewn, producing a flexible and perfectly smooth inner sole (no tacks or thread to hurt the foot). We guarantee the CONVINCER equal to shoes generally sold at \$3.50. **Sizes and half sizes, 2½ to 8. Widths, B, C, D, E and EE.** Don't fail to state size wanted. Weight averages 27 ounces.

No. 15F9 Price, per pair... \$2.65

Ladies' Kid Vamp Blucher, \$2.49.

\$2.49

This is what our designer calls his masterpiece. He has produced a boot with a soft velvet kid vamp, insuring all the comfort found in the all kid shoe, with patent leather lace stay, patent heel foxing and dull calf top, making an entirely new and handsome boot, and a pattern never

before shown. Last is medium, soles slightly extended, genuine Goodyear sewn, flexible and cut of best oak leather. The shoe is fitted with Cuban heel, trimmed in the best manner throughout. **Sizes and half sizes, 2½ to 8. Widths, B, C, D, E and EE.** Don't fail to state size wanted. Weight, 26 ounces.

No. 15F10 Price, per pair... \$2.49

The "Wellesley" Blucher, for Swell Young Ladies, \$2.39.

\$2.39

A new college cut pattern of all high grade chrome patent leather. This is a decided dress shoe and an especial favorite with college girls, made up to meet the demand for a nobby but serviceable shoe and a stylish high heel. Outside back stay and pull strap combined and medium large eyelets; altogether a strikingly handsome shoe. **Sizes, 2½ to 8. Widths, B, C, D and E.** Don't fail to state size wanted. Weight average, 28 ounces.

No. 15F12 Price, per pair... \$2.39
2 pairs for..... 4.45

Ladies' CONVINCER Patent Colt Welt, \$2.65.

\$2.65

Another brand new pattern, the product of our own designer. You can buy shoes anywhere, but the exclusive up to date styles, the high standard of quality, and the foot fitting shape, are not to be had at anything like this price. The vamp stock is the best Corona patent colt, the coolest leather made, while the top is of dull box kid, rock oak soles, Goodyear sewn, insure flexibility, and the CONV. C.E.R. stamp on each pair guarantees the wear, workmanship and general high quality. The usual of any \$3.50 shoe, and many at even higher prices. **Sizes, 2½ to 8. Widths, C, D, E and EE.** Don't fail to state size wanted. Weight averages 28 ounces.

Patent Colt Foxed Blucher, Goodyear Welt, \$2.29.**\$2.29**

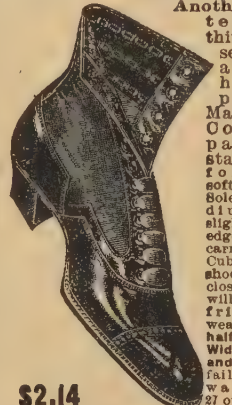

An extremely tasty and well made ladies' shoe out on the very latest college pattern from an extra good wearing chrome patent leather and smooth dull kid tops. Made Goodyear welt and extension sole, making it an easy walker and preventive against running over. A specially selected sole and Cuban heel and fitted with latest large eyelets. Sizes, 2½ to 8. Widths, C, D and E. Don't fail to state size wanted. Weight averages 27 ounces.

No. 15F29 Price, per pair.....\$2.29
2 pairs for..... 4.29

Gunmetal College Blucher, Goodyear Welt, \$2.19.**\$2.19**

This is one of the shoes most in demand today and is having an extraordinary run. It is made over an entirely new and handsome last and the large eyelets and gunmetal stock make it a swell shoe for ladies who want the very latest. There is no better wearing material than in the upper, and the soles are a fine selection and genuine Goodyear welt sewed. The heel is also right up to date and as a whole the shoe is a beauty. Sizes, 2½ to 7. Widths, C, D and E. Don't fail to state size wanted. Weight averages 28 ounces.

No. 15F30 Price, per pair.....\$2.19
2 pairs for..... 4.10

Ladies' Patent Colt Lace, \$2.14.**\$2.14**

Another new pattern. Something you don't see elsewhere and a very handsome production. Made of patent Corona colt, patent lace stay and heel foxing, and a soft, dull kid top. Sole is firm, of medium weight, slightly extended edges, and the last carries a medium Cuban heel. It is a shoe sold extremely close, but we know will make a firm friend of every wearer. Sizes and half sizes, 2½ to 8. Widths, C, D, E and EE. Don't fail to state size wanted. Weight, 27 ounces.

No. 15F31 Price, per pair.....\$2.14
2 pairs for..... 4.00

Ladies' Dry Sox Shoe, \$2.00.**\$2.00**

Made of the finest selection of velour calf on the latest college pattern, with extra large eyelets and long outside back stay and pull strap combined. A very artistically perforated tip and built especially with a view of keeping the feet dry and comfortable—a special design of last is used for this particular shoe; extension sole well selected stock and military heel. Sizes, 2½ to 7. Widths, C, D and E. Don't fail to state size wanted.

Weight averages 28 ounces.

2 pairs for..... 3.75

Ladies' Swell Vici Blucher, \$2.29.**\$2.29**

This is a very neat and dressy shoe, made from an extra fine selection of vici kid with the patent tip and up to date military heel. No better wearing material can be used for a ladies' shoe than kid-skin, and when made over a stylish last and a well fitting pattern, as illustrated, it makes a very attractive shoe. It is a genuine Goodyear welt, with a medium weight flexible sole and is extraordinary value. Sizes, 2½ to 8. Widths, C, D and E. Don't fail to state size wanted. Weight averages 28 ounces.

No. 15F34 Price, per pair.....\$2.29
2 pairs for..... 4.29

Ladies' Patent Leather Blucher, \$2.04.**\$2.04**

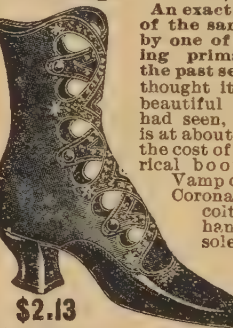

The Blucher style being all the rage this season, we have added this shoe made from a guaranteed patent leather colt, which is the most serviceable patent leather made. We fit this shoe with dull mat calf top, Cuban heel and good wearing soles of medium weight. The style of last is the latest, being a medium width toe, and the shoe is stylish enough and good enough to sell at a much higher price. Sizes and half sizes, 2½ to 8. Widths, D, E and EE. Don't fail to state size wanted. Weight, 28 ounces.

No. 15F35 Price, per pair.....\$2.04
2 pairs for..... 3.85

Ladies' Patent Colt Foxed Blucher, \$1.98.**\$1.98**

This illustration shows the new style of last which is very handsome and an A1 fitter. The vamps and perforated heel fox are chrome patent colt-skin and the top, also perforated, is a fine selection of dull mat kid. Extension soles of the best sole leather and a full Cuban heel, in every way a shoe that would ordinarily sell for \$2.75 to \$3.00, but the quantity we sell allows us to offer at the price we do. Sizes, 2½ to 7. Widths, C, D and E. Don't fail to state size wanted. Weight averages 28 ounces.

No. 15F36 Price, per pair.....\$1.98
2 pairs for..... 3.75

The Stage Favorite, \$2.13.**\$2.13**

An exact duplicate of the sandal worn by one of the leading prima donnas the past season. We thought it the most beautiful thing we had seen, so here it is at about one-third the cost of the theatrical boot makers. Vamp cut of best Corona patent colt, genuine hand turned sole, medium French heel, and handsome some-ly beaded cross straps. Top made of best box kid, producing a novelty for house, party or dancing, at a price within the reach of all. Sizes and half sizes, 2½ to 8. Widths, C, D, E and EE. Don't fail to state size wanted. Weight averages 19 ounces.

No. 15F37 Price, per pair.....\$2.13
2 pairs for..... 3.95

Ladies' Patent Leather Blucher Cloth Top, \$1.98.**\$1.98**

An especially dressy shoe for ladies at a price that puts it within reach of all. Made from a genuine chrome patent leather and an imported black and white check cloth top. A nice, medium weight of Union sole leather and full military heel. Sizes, 2½ to 7. Widths, D, E and EE. Don't fail to state size wanted. Weight averages 27 ounces.

Ladies' Fancy Scroll Lace, \$2.00.**\$2.00**

Patent leathers have become so popular that we have, in the boot herewith, illustrated, combined the patent leather with a fine selection of vici kid. This shoe is made with a light, flexible sole, fitted with latest Cuban heel, outside custom backstay, perfectly smooth inner sole, and while it is more comfortable to the wearer than the all patent leather shoe, it is also one of the handsomest styles we have ever seen. Sizes and half sizes, 2½ to 8. Widths, C, D, E and EE. Don't fail to state size wanted. Weight averages 27 ounces.

No. 15F41 Price, per pair.....\$2.00
2 pairs for..... 3.75

Ladies' Goodyear Welt Lace, \$2.10.**\$2.10**

This shoe is a genuine Goodyear welt vici kid, made over our handsome Beal last, fitted with genuine patent calf tip and the latest military heel. Being a genuine Goodyear welt shoe, the wearer is insured a perfectly smooth inner sole, no tacks or thread to hurt the foot. A special value and warranted. Sizes and half sizes, 2½ to 8. Widths, D, E and EE. Don't fail to state size wanted. Weight averages 26 ounces.

No. 15F45 Price, per pair.....\$2.10
2 pairs for..... 3.95

Ladies' Box Calf, Goodyear Welt Lace, \$2.23.**\$2.23**

Box calf stock is especially desirable from the fact that it can be polished by simply applying patent leather paste and rubbing with flannel cloth. In this, our highest grade Goodyear welt box calf shoe, we use only the very best materials throughout. The stock is medium weight, as easy as kid, and twice as durable. Sizes and half sizes, 2½ to 8. Widths, C, D, E and EE. Don't fail to state size wanted. Weight averages 33 ounces.

A Page of Exquisite Footwear

THE illustrations on this page represent a grade of shoes never before furnished by a mail order house, as they are of the most exclusive styles, usually found only in the high class stores on 5th Avenue, upper New York. Comment on the wearing and fitting qualities of such shoes is unnecessary, so we describe in short below each illustration what the material is and the sizes and widths we carry. They are all genuine bench made, hand sewed welts.

BE SURE TO STATE SIZE AND WIDTH OF EACH PAIR ORDERED.

TAN SHOES.

Ladies' Haired Calf Top Blucher Oxford.

\$2.50

In presenting this shoe we are giving you an exact duplicate for ladies' wear of the most popular Oxford of high grade that we ever sold for men's wear, and it was found to be such an attractive shoe that orders have been pouring in on us through the fall, though it was a low cut shoe. It is a genuine Good-year welt, cut from a nice, fine and light selection of coltskin, and made throughout as a bench made shoe. We are able to offer this shoe at the price we do by having made our contracts before the price on the haired calf had gone up so extremely high as it is now. Sizes, 2½ to 7. Widths, B, C, D and E. Don't fail to state size wanted. Weight, 20 ounces.

No. 15F4002 Price, per pair.....\$2.50

Our Bernice.

This is an entirely new design, is made up as a specialty for those who wear the very latest styles. The upper stock is a fine patent coltskin, vamp and heel fox and trimmings with a vicl kid quarter of a rich chocolate shade. This shoe is made light and flexible, has an ordinary

\$2.15

turn, and is particularly a dressy shoe for summer wear. Sizes, 2½ to 8. Widths, B, C, D and E. Don't fail to state size wanted. Weight, 18 ounces.

No. 15F4004 Price, per pair.....\$2.15

Our Alexandria.

A very elegant and novel design in a high grade ladies' patent colt turned Oxford. Cut from a very tasty and artistic pattern and made as a summer specialty with a chocolate kid collar and lace stay, which give the shoe a very light and airy effect.

\$1.50

It is strictly hand turned shoe, and of a grade that should call for considerably more money than we ask for it. Sizes, 2½ to 8. Widths, B, C, D and E. Don't fail to state size wanted. Weight, 18 ounces.

No. 15F4006 Price, per pair.....\$1.50

A Specially Dressy Oxford.

Made of a choice selection of fine light weight patent coltskin with a collar and lace stay of tan vicl kid. This is a turned shoe, made up without a tip, which is the style specially used for evening wear, and is made with great durability, so that it will stand regular

\$1.65

everyday wear just as well as heavier looking shoes. It is high grade in every particular, both material and workmanship, and quoted from 50 cents to \$1.00 a pair less than your dealer would be able to supply such a shoe. Sizes, 2½ to 8. Widths, B, C, D and E. Don't fail to state size wanted. Weight, 18 ounces.

No. 15F4008 Price, per pair.....\$1.65

Fur Trimmed Felt Juliette, \$0.98.

This very stylish felt Juliette has a neat beaded bow and is trimmed with an A1 grade of fur. It also has leather sole and low heel. It is very attractive and a most comfortable house shoe. Made in brown felt with black fur. Sizes, 2½ to 8. Widths, full. Don't fail to state size wanted. Weight, averages, 20 ounces.

98¢

No. 15F4012 Price, per pair.....\$0.98

Vicl Novelty Oxford.

\$1.05

A very neat and attractive vicl kid Oxford, with patent tip and chocolate colored quarter also of vicl kid. The illustration shows a most unique pattern and the shoe altogether is specially made with a view to its lightness and durability, yet a very smart dress shoe. Sizes, 2½ to 8. Widths, C, D and E. Don't fail to state size wanted. Weight, 17 ounces.

No. 15F4021 Price, per pair.....\$1.05

Ladies' Tan Calf Leader.

\$1.15

Tan Russian calf, Blucher cut Oxford, big eyelets and big laces, half double sole, fair stitched, and sole leather counter and insole. A ridiculous price for a shoe built for wear. Sizes, 2½ to 8. Widths, D, E and EE. Don't fail to state size wanted. Weight averages 24 ounces.

No. 15F4028 Price, per pair.....\$1.15

Women's Tan Goat Oxford.

Women's tan colored India goat Oxford, velvet inserted lace stay, half double sole, fair stitched, guaranteed counter and insole. Unheard of price, but serviceable. Sizes, 2½ to 8. Widths full. Don't fail to state size wanted. Weight, 25 ounces.

85¢

No. 15F4039 Price, per pair.....\$0.85

Suede Top Blucher.

\$2.35

A very elegant and dressy shoe for ladies, the vamp heel, fox and lower trimmings being cut from a fine selection of light weight patent coltskin, and the quarters from a very high grade suede tan color kidskin, with a patent back stay to protect the top from showing the wear from the skirts. Very few retail stores would dare to carry so exclusive a style as this, and those who do would have to get at least \$1.00 more than we ask for it. This is a nice flexible shoe and especially adapted for those who do not care to wear an Oxford during the summer months. Sizes, 2½ to 8. Widths, B, C, D and E. Don't fail to state size wanted. Weight, 24 ounces.

No. 15F4043 Price, per pair.....\$2.35

Misses' and Children's Tan Russela Calf Blucher Oxfords, \$1.00 and \$0.80.

The latest style is the Blucher cut, ribbon tie, herewith illustrated. Best Russia calf stock is used, half double sole, fair stitched, low heel, large eyelets and wide lace. The counter and insole are of solid leather and nothing has been left undone that would help to make a stylish, durable Oxford. Widths, D, E and EE. Don't fail to state size wanted. Weight varies according to size.

No. 15F4065 Misses' sizes, 8 to 2. Price, per pair.....\$1.00
No. 15F4067 Children's sizes, 5 to 8. Price, per pair.....\$0.80

Ladies' Fancy Patent Chocolate Top Blucher.

This is a very neat and tasty combination the chocolate vicl top being a nice relief from the regulation black. The vamp, heel foxing and lace stay are cut from the best grade of chrome tanned patent leather. It is made over a very shapely last and has first quality sole and Cuban heel. Sizes, 2½ to 8. Widths, D, E, and EE. Don't fail to state size wanted. Weight, 28 ounces.

MOST OF OUR SHOES ARE
EXCLUSIVE PATTERNS

More value than you can
obtain elsewhere.

Kangaroo Grain, Cut 12 Inches High, Two-Buckle Felt Bootee, \$2.40.

This is an entirely new and compound method of making a felt shoe, as the leather shoe is made over an entirely seamless felt bal, so there is no seam inside of the shoe, but just soled, felt throughout. The vamp is the very best selection of kangaroo grain and the full double soles and heels are slaughter leather, hemlock tannage; for a durable, warm, high cut shoe, this is certainly the best we know how to make, and is worth easily \$1.50 to \$2.00 more than we ask for it. Sizes, 6 to 12. No half sizes; full widths only. Don't fail to state size wanted. Weight, 60 ounces. No. 15F603 Price, per pair...\$2.40 3 pairs for.....6.85

Men's All Felt, 9-Inch High Cut Bal, \$1.29.

This is a seamless, all felt, high cut shoe, with the sole and heel sewed on, without having any seam whatever inside of the shoe. Can be worn with or without rubbers and is something quite new and very good in the felt shoe line. Sizes, 6 to 12. Full widths only. Be sure to state size wanted. Weight, 48 ounces. No. 15F604 Price, per pair...\$1.29 3 pairs for.....3.60

Men's Plush Lined, \$2.19.

This shoe is cut extra high, has heavy oak soles, solid sole leather counter and inner sole, wearproof calf foxing and tip, genuine don-gola quilted top with full bellows tongue, and is lined with heavy plush to the top. We couldn't build a higher grade, more durable, warm lined shoe at any price. Sizes, 6 to 12. No half sizes. Widths full. Don't fail to give size wanted. Weight, 48 ounces. No. 15F605 Price, per pair...\$2.19 3 pairs for.....6.25

Ladies' High Cut Felt Lace, \$1.25.

Made of excellent quality of fine serviceable felt. Cut extra high. The sole is solid oak leather. Low, broad, comfortable heel, extra felt lining, and heavy felt cushion insole. Back stay and inside trimming of leather. We are offering it at a price much below any wholesaler in the country.

If by mail, postage extra, each garment, 11 cents.

MEN'S WINTER UNION SUITS.

IT IS IMPORTANT that we have the correct sizes when you order underwear. The sizes are stated in each quotation. The safe and sure way is to state both your breast and waist measure and we can then give your order prompt and accurate attention.

INSTRUCTIONS FOR TAKING MEASUREMENTS. FOR BREAST AND WAIST.
A close, firm (but not too tight) measure should be taken over vest with coat off, observing that you do not expand the chest. Take close breast measure and see that the tape is close under the arms and over the shoulder blades. For waist, measure under the vest just above the hips.

HOW TO WASH WOOLEN UNDERWEAR.

SOAK ONE HOUR IN SOAPSUDS, not too hot, put in a little liquid ammonia, transfer to clean, warm soapsuds and wash by stirring the garments around and squeezing the suds through. Do not use a washboard, rinse thoroughly in pure warm water to remove all traces of soap. Pass the garments through a wringer twice, then immediately lay them on a table flat and while damp stretch each garment to proper shape by hand, then hang up to dry in a warm room, or out of doors if warm and dry. (Hang up by top of garment.) It is best not to iron woolen underwear. Use pure soap free from alkali.

Size 5 is for..... 34 to 36-inch bust
Size 6 is for..... 38 to 40-inch bust

LADIES' ONEITA UNION SUITS

Their distinctive feature, as distinguished from all other union suits, is the opening across the top from shoulder to shoulder, through which the garment is entered and taken off. This device does away entirely with the buttons, button stays and double thick seams of cloth under the corset. Its popularity has been steadily increased by the close attention always paid by the manufacturer to the scientific study of the patterns necessary to make perfect fitting union suits.

Ladies' ONEITA Cotton Union Suits, Ecru, 39 Cents.

LADIES' WINTER UNDERWEAR—Continued.

PRINCESS OR OPEN DOWN FRONT STYLE UNION SUITS.

Ladies' Gray Egyptian Cotton Union Suits, 39 Cents.

No. 16F6463 Ladies' Cotton Union Suits. Open down the front. Made of Egyptian cotton in natural gray color only. Silk trimmed neck and front, pearl buttons. A very low priced union suit, but an especially good value that would retail at a great deal more money. Are fully reliable, can be depended upon and are as good as what you would pay a retailer 25 to 35 per cent higher prices. Sizes, 4, 5 and 6. Don't forget to give size wanted. Price, each.....\$0.39 3 suits for.....1.11 If by mail, postage extra, each, 23 cents.

Ladies' Fleece Lined Union Suits at 75 Cents.

No. 16F6464 Ladies' Heavy Ribbed Cotton Union Suits with soft, thick, seal like fleecing on the inside. Heaviest ribbed fleeced union suits made. Well made throughout, nicely trimmed and the best value ever offered for the money. Color, natural gray. Sizes, 4, 5 and 6 to fit bust 32 to 40. Don't forget to give size wanted. Price, each.....\$0.75 3 suits for.....2.14 If by mail, postage extra, each, 26 cents.

Ladies' Drop Seat Cotton Union Suits, 75 Cents.

No. 16F6465 Ladies' Very Heavy Egyptian Cotton Union Suits, ecru color, with soft fleece lining. Made with drop seat, same as children's. Buttons down front. It will be observed that the seat buttons below the line of the corset. In this manner a comfortable and practical drop seat suit is made and is preferred to the other styles by many. Sizes, 4, 5 and 6. State height and bust measure in order. Price, each.....\$0.75 3 suits for.....2.14 If by mail, postage extra, each, 21 cents

Ladies' Fine Cotton Union Suits, 75 Cents.

No. 16F6467 Ladies' Princess Style Cotton Union Suits, open down front, a practical suit, easy to get into and out of. Made from fine combed, genuine Egyptian cotton, that will always remain soft and smooth. Silk trimmed neck and front, pearl buttons. A suit that is not excelled by any of our better qualities for fit and careful manufacture. Regular winter weight. Color, cream white. Sizes, 4, 5 and 6. State height and bust measure in your order. Price, each.....\$0.75 3 suits for.....2.14 Postage extra, each, 20 cents.

Special Wool Mixed Union Suits, 79 Cents.

No. 16F6468 Ladies' Union Suits, wool and cotton mixed, with a soft fleecing on the inside, fine jersey ribbed, knit closely ribbed cuffs and anklets, silk trimming around the neck down the front, closed with pearl buttons. This garment we consider exceptional value when you will stop to realize that at our price of 75 cents you could hardly expect to buy anything but all cotton. These goods are 35 per cent wool. For a good, strong, durable garment we recommend this number. Color, silver gray. Sizes, 4, 5 and 6. Don't forget to give size wanted. Price, 3 suits for \$2.25; each.....79c If by mail, postage extra, each, 20c

Ladies' Worsted Union Suits, Button Down the Front, at \$1.00.

No. 16F6469 Ladies' Princess Jersey Ribbed Union Suits, open down the front to waist line, knitted from pure wool yarn with a mixture of cotton, which keeps the garment from shrinking. This excellent garment is made by a new process which brings the wool to the surface, making it non-irritating to the skin; hand crocheted with silk around neck and down front, made with covered seams and closely ribbed cuffs and anklets. Color, natural gray. Sizes, 4, 5 and 6. Don't forget to give size wanted. Price, each.....\$1.00 3 suits for.....2.85 If by mail, postage extra, each, 20 cents.

OUR SPECIAL VALUES. Ladies' Fine Wool Union Suits, Open Down Front, \$1.49.

No. 16F6470 Ladies' Princess Jersey Ribbed Union Suits. Opened down the front, fancy silk crocheted neck and front. Regular winter weight and guaranteed to give entire satisfaction. They contain enough cotton to keep from shrinking and will wear longer and better than all wool and are fully as warm. We recommend this suit. Color, natural gray. Sizes, 4, 5 and 6. State bust measure and height in order. Price, each.....\$1.49 3 suits for.....4.25 If by mail, postage extra, each, 25 cents.

Ladies' White Wool Union Suits.

No. 16F6472 Ladies' Fine Wool Union Suits. Same quality as above garment. Color, white only. Sizes, 4, 5 and 6. Don't forget to give size wanted. Price, each.....\$1.49 3 suits for.....4.25 If by mail, postage extra, each, 25 cents.

Ladies' Black Wool Union Suits

No. 16F6473 Ladies' Wool Union Suits. Same style and quality as above garment. Color, black only. Sizes, 4, 5 and 6. Don't forget to give size wanted. Price, each.....\$1.55 3 suits for.....4.40 If by mail, postage extra, 23 cents.

Sears, Roebuck & Co.'s Special All Worsted Suits, \$1.95.

No. 16F6475 Extra Princess Style Union Suits. Buttoned down front, made from fine, clean, all worsted yarn, with a slight trace of cotton to prevent shrinkage; perfect fitting and dependable. Hand crocheted neck and front; shaped waist; extra finely made and finished. Color, light shade of sanitary gray; regular retail price of this suit is \$2.75 or \$3.00, and we believe that in offering it to our customers at this wholesale price on our small profit plan, they are getting the greatest underwear bargain in the country. Sizes, 4, 5 and 6. Don't forget to give size wanted. Price, each.....\$1.95 3 suits for.....5.85 If by mail, postage extra, each, 25 cents.

Ladies' Australian Worsted Suits, \$2.25.

No. 16F6480 Ladies' Princess Style Jersey Ribbed Union Suits, made from select Australian yarn; not too heavy, but the regular winter weight. Union suits are warmer for their weight than old style underwear, as they fit directly against the body, retaining the warmth. Trimmed with crocheted neck and front; shaped waist, and a superior finish throughout. Stitched throughout with the new elastic seam—stronger than the garment itself. Will not irritate the most sensitive skin. Color, gray only. Give height and bust measure in order. Bust sizes, 4, 5 and 6. Price, each.....\$2.25 3 suits for.....6.40 If by mail, postage extra, each, 23 cents.

Dr. Wright's Health Union Suits, \$1.75.

No. 16F6487 Dr. Wright's Fine Health Union Suits for women. Flat knitted. These suits are made non-shrinking, as the outer surface is of cotton and the inside of fine Australian wool, softly fleeced. The wool only comes in contact with the body. They are heavier and warmer than the usual style of fitting ribbed suits. Color, natural gray. Sizes to fit busts, 32, 34, 36, 38, 40, 42, 44. Don't forget to give size wanted. Price, each.....\$1.75 3 suits for.....5.00 If by mail, postage extra, 25 cents.

Ladies' Extra Size Fine Wool Union Suits, Button Down Front, at \$1.65.

No. 16F6492 Ladies' Extra Size Princess Union Suits, Jersey ribbed, open down front, fancy silk crocheted neck and front. Regular winter weight, and guaranteed to give satisfaction. They contain enough cotton to keep them from shrinking, and will wear better than all wool and are fully as warm. We recommend this suit. Color, natural gray. Sizes, 7, 8 and 9. Bust measure, 42 to 48 inches. Don't forget to give size wanted. Price, each.....\$1.65 3 suits for.....4.70 If by mail, postage extra, 24c.

LADIES' EXTRA SIZE ONEITA UNION SUITS.

TABLE OF SIZES.

TRUNKS AND TRAVELING BAGS.

WE SELL ALL STYLES OF TRUNKS AT LOWEST PRICES. WE CAN SUIT YOU IN PRICE AND QUALITY. NO ONE CAN COMPETE WITH US IN THIS LINE.

IN TRUNKS AND BAGS, as in most other kinds of merchandise, we re-
commend the better grades, for they are the
cheapest in the end. A dollar or two added to the price of a trunk may
mean many years of additional usefulness. The particular reasons why
we deserve careful consideration and your order, is because we protect you
from high prices, from dishonest quality and workmanship. While we
sell the cheaper kinds as well as the better grades, each represents the best
value of that kind at lowest possible prices. We do not offer one kind
of trunk or bag at cost and then ask you to pay too much for another.

Crystallized or Fancy Metal Covered Trunks.

Cross Bar Slats, Iron Bottom.

No. 33F5002 Very substantially
made; barrel stave top, paper lined,
iron bound, cross bar slats on top, body
slats, set up tray with covered bonnet
box, hasp lock, leather handles, fancy
tinned trimmings, iron bottom.
Be sure to state size wanted.

Length	Width	Height	Weight	Price
28 in.	14½ in.	17½ in.	27 lbs.	\$1.65
30 in.	16 in.	19 in.	34 lbs.	2.20
34 in.	18½ in.	21½ in.	41 lbs.	2.80
36 in.	19½ in.	22½ in.	46 lbs.	3.10

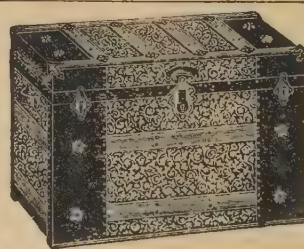

THERE IS INTEGRITY in trunks as in other merchandise. They should
be made to stand the wear and tear which they
are sure to get from time to time.

OUR TRUNKS AND BAGS are made under careful supervision; every
with the exactness and skill of thorough workmen. THIS IS WHY WE
WARRANT EVERY TRUNK AND BAG to be as represented and the best
of its kind at the lowest possible price.

Crystallized Metal Covered Trunks, Flat Top.

HATS SOLD AT \$3.50

IN RETAIL STORES.

MEN'S AND BOYS' CLOTHING DEPARTMENT

ONE-THIRD TO ONE-HALF SAVED ON MEN'S MADE TO MEASURE CLOTHING, MEN'S READY MADE CLOTHING, BOYS' CLOTHING, RAINCOATS, DUCK, SHEEP LINED AND LEATHER CLOTHING, FUR COATS AND WORKING CLOTHING OF EVERY DESCRIPTION, BECAUSE WE ARE THE MANUFACTURERS AND SELL DIRECT TO YOU.

OUR \$4.45 PRICE OR \$12.84 PRICE, \$16.00

FOR EXAMPLE, ON MEN'S SUITS, DOESN'T REPRESENT \$4.45 OR \$12.84 SUITS AS COMPARED WITH RETAIL PRICES,

but when we quote such prices they represent just two items, namely, the actual cost of the material and workmanship in our own finely equipped tailoring plant and our one very small margin of profit. Hence, the \$4.45 suit or the \$12.84 suit that we offer represent retail values of not less than \$8.00 and \$25.00. This same basis of low pricing runs through our entire line of clothing, so that you must not think that because our price is way down, is so low as compared with what you pay elsewhere, that the clothing cannot be good, but you must remember always, that as manufacturers, we are quoting the manufacturers' price, and that our clothing is actually worth twice as much at retail in nearly every case as the price we quote. There are no big, heavy selling expenses, traveling salesmen's expenses, big advertising campaign expenses, no large profits of wholesale or retail houses counted in our prices. Every unnecessary expense is chopped clean out of consideration. You are put upon the same basis as a clothier himself, buying direct from a manufacturer, and a clothier himself could actually save money by buying the clothing he sells from us.

OUR GARMENTS ARE BETTER MADE AND WE GUARANTEE THEM TO BE BETTER THAN THE AVERAGE CLOTHING ON THE MARKET AT ANY PRICE.

FOR AN EXTRA FINE BLACK DRESS SATIN LINED SUIT.

Goods No. 45F6865

While we offer the most wonderful values ever heard of in clothing because of our making the clothes in our own plant and selling direct to you, adding only the smallest possible margin of profit to the actual cost of the goods and workmanship, and while our prices begin at \$4.45 and up for men's suits worth \$8.50 and up, yet we refer you to our finer grades, particularly to the extra fine satin lined suits like this illustration to be had in other styles besides on page 1214. On these we save you a very great deal of money. If you want something extra fine, do not overlook our astonishing offers in finely tailored suits with extra fine lining. What kind of clothing do you want? Look at the list of sample books below. We save you half on any kind of clothing. Let us send you a sample book free, postpaid. Write us.

LIST OF FREE SAMPLE BOOKS AND INDEX TO OUR CLOTHING DEPARTMENT.

NEARLY ALL OF THIS CLOTHING CAN BE ORDERED DIRECT FROM THE DESCRIPTIONS IN THIS CATALOGUE ON THE FOLLOWING PAGES. SOME OF IT CAN BE ORDERED FROM SAMPLE BOOKS AS WELL AS FROM THIS CATALOGUE. OUR FREE SAMPLE BOOKS WILL BE MAILED POSTPAID TO ANY ONE ON REQUEST, TOGETHER WITH FASHION PLATES, TAPE MEASURE, ORDER BLANKS AND COMPLETE OUTFIT. SEE THE DESCRIPTION OF EACH BOOK BELOW.

No. 81F FREE SAMPLE BOOK OF MEN'S MADE TO MEASURE SUITS AND TROUSERS for Fall and Winter wear at from \$8.90 to \$24.90. A specially selected line of high grade woolsens, fashionable patterns, and shades representing all the various weaves in both domestic and imported goods, especially suited for professional men, business men, everybody wanting particularly fine clothes made to measure in any style, containing illustrations of all up to date fashions. For an illustration of this beautiful book of tailoring see page 1200 opposite. (This book does not contain samples of overcoats, but only suits and trousers. See description of Sample Book No. 87F, next column, for overcoats). Sample Book No. 81F also represents medium and heavy weights. If you live in the southern part of the country or want fairly light weight garments, see description of Sample Book No. 85F in next column. But if you want regular fall and winter made to measure clothing write for this Sample Book No. 81F. See our great made to measure black Thibet suit offer on page 1201.

No. 83F FREE SAMPLE BOOK OF MEN'S CORDUROY CLOTHING. You can order corduroy garments from page 1216, regular suits, pants and vests, or if you want working corduroy clothes see pages 1243 to 1262. But if you would like to see samples of corduroy garments, ask for this Free Sample Book No. 83F.

Just write and say, "Send me Free Sample Book No. _____." Just give the number of the book you want and it will be mailed to you at once, postpaid, making everything so simple and plain that you will not have the slightest difficulty in understanding it, and you will find it as easy as A, B, C to send your order.

No. 85F FREE SAMPLE BOOK OF MEN'S MADE TO MEASURE SUITS AND TROUSERS of light weight suitable for spring and summer wear or for those who live in the southern part of the country. This sample book represents our very fine tailoring, made to order garments and the same class of fabrics as are shown in our big free Sample Book No. 81F illustrated and described on page 1200, only that the fabrics in this book are all selected for those desiring fairly light weight garments suitable for warmer climates or for spring and summer purposes.

No. 87F FREE SAMPLE BOOK OF MEN'S MADE TO MEASURE FALL AND WINTER OVERCOATS AND ULSTERS. In this book we show a specially selected line of heavy weight Meltons, Kerseys, Friezes, Vicunas, Chinchillas, etc., in fine all wool grades, in black, dark blue, Oxford gray and brown shades and fancy patterns adapted for all styles, medium length, long overcoats, single breasted and double breasted styles, frock overcoats and dress garments of all descriptions, all of which fashions are handsomely illustrated in handsome fashion plates. A sample overcoat value is described on page 1202. Send for this sample book if you want to see the latest and finest line of made to measure garments.

No. 88F FREE SAMPLE BOOK OF YOUNG MEN'S, BOYS' AND CHILDREN'S READY MADE CLOTHING. This book contains samples of our entire line of boys' clothing. You can order all this clothing from descriptions in this catalogue on pages 1227 to 1242. Look over this big line of boys' and children's garments. The descriptions are accurate and complete, but if you want to see samples, send for this free Sample Book No. 88F. We describe and illustrate this Sample Book fully on page 1228. In any event, do not order boys' and children's clothing anywhere else until you have had a chance to see the wonderful values and the great saving we can make for you in this line of goods, a saving of one-half as compared with retail prices elsewhere.

No. 89F FREE SAMPLE BOOK OF MEN'S READY MADE CLOTHING.

Suits from \$4.45 to \$17.00, pants from 98 cents to \$4.29, and overcoats from \$4.96 to \$15.00. Manufacturers' prices on clothing worth twice as much if you compare it with retail prices. All this clothing is described and illustrated fully on pages 1203 to 1226, every description being very carefully printed with the purpose to give you an exact idea if possible as to the appearance and quality of the clothes. You are quite safe in ordering from this catalogue, but if you want to see samples, by all means write for this big FREE Book No. 89F, which is fully illustrated and described on page 1204. The book contains complete information, fair sized samples, illustrations of all styles, order blanks, tape measure and everything complete; all free and postpaid on request, representing a saving of fully one-half in clothing, and clothing that is guaranteed better by far than the average on the market.

For Rainy Weather Clothing, Mackintoshes, Rubber Coats, Oiled Slicker Clothing, see pages 1226, 1260-1262 in this catalogue. We do not furnish samples of these goods.

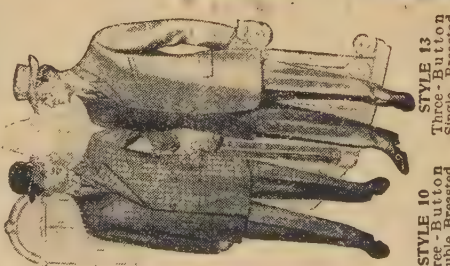

For Men's Fur Coats, Duck, Sheep Lined and Leather Clothing, Overalls and Working Clothing of every description, see pages 1243-1262 in this catalogue. We do not furnish samples of these goods.

THIS IS JUST A SMALL ILLUSTRATION OF THIS GREAT BOOK

HIGH GRADE SUITS TO ORDER AT **\$8.90 TO \$24.90**

THIS BOOK TELLS WHY our made to order clothing is finer, better lined and trimmed, more stylishly shaped and as compared with other tailoring; tells how simple and easy it is to measure by our plain system and how we guarantee to fit you and please you perfectly, no matter how particular you are, or refund your money in full.

THIS WONDERFUL SAMPLE BOOK, (No. 81F) of tailoring contains samples of all the latest styles of woollens, color mixtures and solid shades in gray, navy blue, brown or black, in fine all wool and silk mixtures, the very latest designs, fancy worsteds, unfinished and finished dress worsteds, doeskins, black thibets, both domestic and imported weaves, in fact more complete than most lines of fashionable merchant tailors; contains handsome fashion plates of all the latest effects in the cut of sack, frock, Prince Albert and full dress styles, city fashions; contains a 52-inch cloth tape measure, order blanks, envelopes, price list, all complete, making it so simple, so plain that if you have not ordered tailoring from us before, you will wonder why you have waited so long before you realized what a marvelous saving you could make in your tailoring bills and how easy it was to measure and how thoroughly our guarantee of fit protects you.

JUST WRITE US A LETTER OR POST CARD and say "Send me Free Sample Book No. 81F or Free Sample Book of Made to Order Clothing," or state in your own words what you want and we will at once mail this great book of tailoring full of latest samples, low prices etc., practical, useful and indispensable information on tailoring, free and postpaid at once.

GENTLEMEN, DON'T ORDER A SUIT from any tailor or agent without first seeing this elegant hand Sample Book No. 81F on high class made to order clothes, complete with samples of the finest qualities of woollens and beautiful correct fashion plates. We tell you all about the big profits of merchant tailors, their heavy expenses, the large commissions of agents and profits of wholesale tailoring houses and why they must and do charge you nearly twice our prices for no better fitting, no finer quality than we give you and why our tailoring ranks in front in point of fashion, trimmings, style, finish and fit. Ask for Free Sample Book No. 81F.

A SAMPLE VALUE IN BLACK THIBET SUIT to order is shown on page 1201 in this catalogue. Look over the description, by all means send for this suit if you need a fine black garment, \$14.95 is our price, \$25.00 would not buy it from a merchant tailor. Write today for Free Sample Book No. 81F.

WE INVITE PROFESSIONAL MEN, DOCTORS, MINISTERS, LAWYERS, BUSINESS MEN OR ANYBODY TO WRITE FOR THIS BOOK, No. 81F, UNDER OUR GUARANTEE THAT IF YOU ORDER, WE GUARANTEE TO PROVE OUR TAILORING WORTH NEARLY TWICE OUR PRICE AND BETTER THAN THE AVERAGE TAILORING THROUGHOUT THE COUNTRY OR WE WILL REFUND YOUR MONEY.

THIS BOOK DOESN'T SHOW OVERCOATINGS. IF YOU WANT A MADE TO MEASURE WINTER OVERCOAT, WRITE FOR OUR FREE SAMPLE BOOK No. 87F, DESCRIBED ON PAGE 1199

\$14.95 STARTLING OFFER IN AN ALL WOOL BLACK DRESS THIBET SUIT MADE TO YOUR ORDER

AS A POSITIVE PROOF THAT THIS IS NOT A \$14.95 SUIT as ordinarily considered, but is on a par with made to order suits at \$25.00 to \$30.00, won't you gentlemen who have been paying upward of \$25.00 for ordinary black suits to measure, send your order for this garment with the understanding that it represents better cloth, better linings and trimmings, finer style, shape and fitting qualities than any \$25.00 suit you ever had; with the understanding that you can wear the suit 30 days as a test and return it after that time if you find that we, in any manner, misstate the value or fine tailoring of this suit, and we will refund you the \$14.95 together with what it cost you for express charges.

ASK FOR CLOTH No. 13F9472, state style you want and give measurements according to our very simple system shown on page 1202.

SEND US YOUR ORDER TODAY and let us make a suit to your special measurements from this extra quality all wool staple 18-ounce jet black pure dye Thibet cloth, suitable for year round wear, at only \$14.95, in order that you may see this is not an ordinary \$14.95 suit, but is actually a \$25.00 to \$30.00 value as measured by standard tailors' or agents' prices, representing the rock bottom price with from \$10.00 to \$15.00 of tailors' expenses and profits knocked out of consideration. Let us prove to you that we are making the finest class of tailoring to be had anywhere, and because of our selling direct to you we are making the most wonderful values ever heard of in made to order clothing.

SEND US YOUR ORDER TODAY AT OUR RISK, enclose this special offer price of \$14.95, ask for cloth No. 13F9472, give your measurements according to our simple system shown on page 1202, state what style you want and we will ship the suit to you with the understanding that you can take it home, try it on, look it all over thoroughly, show it to your friends and wear it 30 days, and if it doesn't prove itself to be even more than equal in style, fit and finish to any suit you ever had made to order elsewhere at \$25.00, you are perfectly at liberty to return it to us at our expense and we will immediately refund you your \$14.95 and the express charges. You professional men, business men, or anybody who wear fine made to order clothes, we say you would not be doing yourself justice if you did not test this proposition, take us up on it, see for yourself and be your own judge as to whether you can make a saving of about one-half on your tailoring bills and at the same time improve upon the class of tailoring you have been getting. If you don't want a black suit like this one, then don't order a garment from any tailor until you have seen our wonderful Free Sample Book No. 81F, illustrated and described on page 1200. Write for it at once.

Here Are Some of the Leading 1906-7 Styles, in Which We Make Our Fine Grade All Wool Jet Black Thibet Suits to Measure at \$14.95.

HERE IS HOW THIS FINE BLACK THIBET SUIT WILL BE MADE, LINED AND TRIMMED.

QUALITY OF THE CLOTH, a pure high grade all wool genuine jet black Thibet, 18 ounces to the yard, suitable for year round wear, guaranteed fast dye, woven especially for us from PURE AUSTRALIAN WOOL, the best wool weavers use and positively one of the finest grade dress Thibets we can get, such as merchant tailors and tailors' agents would offer you IN SUITS TO ORDER at from \$25.00 to \$35.00.

THE LININGS AND TRIMMINGS, the coat body and vest back will be lined with extra fine IMPORTED SATIN FINISH VENE- TIAN LINING and sleeves with imported striped sateen. Shoulders will be padded with strictly first class wool felt, fronts interlined with the best Scotch canvas and French hair cloth, bringing out neatly rounded shoulders and perfectly hanging coat fronts, the collar will be hand padded and buttonholes handworked; all seams will be reinforced and sewed with silk. Inside of vest will be lined with imported sateen, interlined with good Wigan, pockets will be stayed and buttonholes hand made. Waist curtain of pants will be lined with imported sateen, pockets made of heavy sateen, double Silesia crotch lining and pockets, and crotch securely stayed with tape. THIS IS THE KIND OF MATERIAL AND TAILORING that you find elsewhere only in strictly high class made to order garments.

ABOUT STYLES. We illustrate on this page some of the most popular styles for this season, our style 18, four-button cutaway, our style 10, three-button double breasted, and our four-button style 2, single breasted and straight front sack. The two illustrations showing back views, show you the different ways of cutting the back of the coats, one way with a middle vent or opening and the other way with a vent or opening at each side. State if you want your coat made with side or middle vent.

\$14.95 IS OUR PRICE FOR SUIT TO ORDER IN ANY SACK OR REGULAR FROCK STYLE AND SEE OUR PRICES FOR PRINCE ALBERTS, TUXEDOS OR FULL DRESS GARMENTS, LINED AND TRIMMED IN THE SAME WAY, IN NEXT COLUMN.

MEASUREMENTS AND SIZES. Measuring is very easy (use our regular tailoring order blank if you have one or see page 1202). It is a simple matter and we positively guarantee to fit you perfectly or it will not cost you a cent. At \$14.95 we will make this suit in sizes up to and including 42 inches breast measure. If you are larger than 42 inches breast or larger than 40 inches waist, send for our FREE SAMPLE BOOK No. 81F where we quote terms and prices on larger sizes.

HOW TO ORDER. JUST ASK FOR CLOTH No. 13F9472, state what style you want, give measurement and send \$14.95 with your order. We will place it in work at once and ship it nicely packed as soon as completed. Try them on, look them over, consider the value, and if it is not a \$25.00 suit at least, as compared with tailors' values, return it to us at our expense and we will refund your money and what it cost you for express. **WE TAKE ALL THE RISK.**

AN ALL WOOL BLACK KERSEY OVERCOAT

MADE TO YOUR ORDER.

STYLE
41STYLE
136

IF YOU WANT A FINE BLACK MADE TO MEASURE OVERCOAT, won't you send us your order today for this garment No. 13F9556, to be made as described below, with the understanding that it is to equal made to order overcoats of tailors or tailors' agents elsewhere at \$25.00 to \$30.00 and that you are to have the privilege of taking the coat home to examine it, try it on and satisfy yourself as to its value and return it to us if you find it otherwise than we claim and we will refund your money together with the express charges.

Ask for cloth No. 13F9556, give your measurements according to the simple system mentioned below and state what style you prefer, whether the style 41 at \$14.90 or whether the style 136 at \$16.90.

WE MAKE YOU THIS LIBERAL OFFER

if it is not as good throughout as tailors' or agents' \$25.00 to \$30.00 overcoats, if it doesn't mean that it is just a \$25.00 to \$30.00 garment with the \$10.00 to \$15.00 of tailor's expenses and profits and agent's commissions all knocked off, then you are at liberty to return the coat to us at our expense and we will refund you the \$14.90 or the \$16.90 according to whatever style you order together with the express charges. You simply cannot afford to let this opportunity pass. Read the complete description below as to how this coat will be made and write us today with your order. Don't hesitate, it is easy to measure and

WE POSITIVELY GUARANTEE TO FIT YOU PERFECTLY.

Even if you do make a mistake we don't expect you to keep the garment if not exactly what you want. Return it and we will refund your money.

If you don't want this fine black kersey made to order overcoat and would like some other kind of goods or different shade let us send you our Big free Sample Book No. 87F, described fully on page 1199, which contains a complete line of all kinds of overcoats and ulster fabrics with complete fashion plates of all overcoat and ulster styles.

Don't order an overcoat from any tailor or agent until you first see our free Sample Book No. 87F.

WRITE FOR IT AT ONCE.

HERE IS AN EXACT DESCRIPTION OF HOW THIS OVERCOAT WILL BE MADE, WHAT THE MATERIAL IS, ETC.

QUALITY OF CLOTH is a high grade all wool jet black kersey, weighing 28 ounces to the yard, just such a fabric as merchant tailors would use in their winter overcoats at from \$25.00 to \$30.00, guaranteed fast dye and a splendid wearing goods that will hold its color perfectly.

LININGS AND TRIMMINGS.

body of overcoat lined with a splendid quality of all worsted, heavy diagonal serge, and sleeves with Skinner's guaranteed satin, warranted to wear for two seasons, interlined with pure linen canvas and haircloth and sewed in the most painstaking and thorough manner. Has a silk velvet collar, velvet pocketing and under collar is hand padded.

Perfectly shaped, stylishly made, strictly finely tailored garment.

Not to be compared with \$15.00 to \$18.00 overcoats others offer but equaling in every way \$25.00 to \$30.00 garments.

This illustration shows two practical styles, the medium length and the long overcoat. Style 41 in this black kersey goods will cost you \$14.90 only, and style 136 the long overcoat will cost you \$16.90. State the style you wish in ordering and ask for cloth No. 13F9556.

STYLE 136
Long Single Breasted Fly Front
Overcoat. Proper length,
48 to 54 inches.

STYLE 41
Single Breasted Fly Front Over-
coat. Proper length, 38
to 42 inches.

ABOUT STYLES, the two styles those most generally worn, style 41 proper length from 38 to 42 inches at \$14.90 and style 136, proper length 48 to 54 inches at \$16.90. But if you want a double breasted overcoat about same length as style 41 it will cost you \$15.90.

Our complete line of styles is shown in free Sample Book No. 87F.

BE SURE TO MENTION THE STYLE YOU WANT WHEN YOU ORDER.

MEASUREMENTS AND SIZES.

Take the measurements for the overcoat in exactly the same way as for an under coat, that is, measure over your vest, in case of the breast and waist as explained below and measure over the coat only in case of the sleeves. Don't worry the least about the measurements, they are easily taken and we take the entire risk of fitting you perfectly or we will refund your money. The prices we have quoted are for regular sizes up to and including 42 inches breast; if you want larger sizes

SEND FOR FREE SAMPLE BOOK 87F

described on page 1199, which quotes our terms and prices on larger sizes.

HOW TO ORDER, ask for cloth No. 13F9556, state what style you want, give your measurements as explained on this page, send

\$14.90 — \$16.90

FOR OR FOR

STYLE 41 — STYLE 136

State how you want the garment shipped and we will make the overcoat to your order and ship at once upon completion, neatly packed with the above guarantee to satisfy or refund your money.

WE TAKE ALL THE RISK

OUR BIG FREE SAMPLE BOOK

No. 87F contains samples of all classes of overcoatings and ulster cloth, kerseys, friezes, meltons, vicunas, chinchillas, etc. WRITE FOR IT TODAY if you want anything in made to measure overcoats (but if you want a made to order suit send for free Sample Book 81F described on page 1200).

HOW TO MEASURE FOR A SUIT OR OVERCOAT TO BE MADE TO YOUR ORDER.

Use one of our regular custom tailoring order blanks if you have one, or if not, use a plain sheet of paper and write down the measurements in order as they are called for in the instructions we give here. These instructions are taken from our regular order blank.

FIRST STATE HEIGHT, WEIGHT AND AGE.

COAT OR OVERCOAT. State style of coat or overcoat wanted.

Stand in your natural way, breathe regularly, and don't expand chest; also take everything bulky out of your pockets. (Sleeve measures are to be taken over the coat, but take coat off when you measure the breast and waist)

Note—Measurements from 1 to 2 need only be given in case you order a frock coat. It is not needed for sack coats. Always give full length desired for sack coat.

Length. From collar seam at 1 to hollow of waist line at 2. 3 shows length for sack coat. 4 shows length for frock coat. 5 shows length for Prince Albert coat.

Sleeve. From middle of back at 6 to elbow at 7. Sleeve again from middle of back at 6 to wrist joint at 8. (Now remove coat. These measures must be taken over vest.)

Breast. All the way around body at breast, close up under arms at 11, snug but not tight. Tape should be over the shoulder blades at the back.

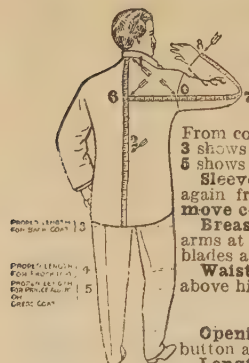

Waist. All the way around body at waist at 12. Waist line is just above hip bones. Always feel sides for location of these bones.

VEST. State style of vest wanted.

(These measures must be taken over the vest.)

Opening. From collar seam at back of neck at 9, to first button at 10.

Length. From collar seam at 9 to bottom of vest at 13.

PANTS.

(Now turn up your vest.)

Outside seam. From top of waistband at 14 to heel seam of shoe 15.

(Now stand erect and draw pants well up in the crotch.)

Inseam. From close up in crotch at 16 to heel seam of shoe at 17.

Waist. All the way around body at waist at 18 over pants. Waist line is just above hip bones. Always feel sides for location of these bones.

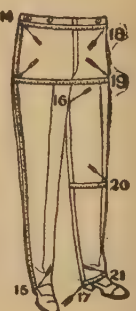

Seat. All the way around body at the hips, the largest part snug but not tight at 19. Remove everything bulky from pockets.

Knee. Around knee, the size desired at 20.

Bottom. Around bottom to size desired at 21.

Style of pockets. Side or top.

STATE WHETHER YOUR SHOULDERS ARE SQUARE, SLOPING OR REGULAR.

that we can and will give you two or three times as much for your money as you can get elsewhere; **AS A GUARANTEE** that we can and will give you a better fitting, more stylish, more dressy suit for \$5.95 than you can get elsewhere at more than double this price; **AS A GUARANTEE** that with this \$5.95 suit you will make a better appearance than in any ready made suit you ever wore; **WE MAKE**

THIS OFFER—Write us your size, height, weight and measurement as explained on page 1205 (don't be afraid about making a mistake for we take all the risk and guarantee a perfect fit). **MENTION No. 45F6690**, inclose our special offer price, \$5.95, and we will send this \$5.95 suit to you of these **WONDERFULLY LIBERAL CONDITIONS: WEAR IT 30 DAYS FREE.** Try it out in every way. If you don't find it a perfect fit, better made and tailored, more stylish, if it don't give you a better, dressier, more stylish appearance than any ready made suit you ever owned; further, if the black Thibet cloth, the Italian lining, interlinings and trimmings throughout are not as good or better than you can get elsewhere in any suit for \$15.00, if it is not in every way **the most wonderful suit** value you ever saw or heard of, return it to us at our expense, **ANY TIME WITHIN THIRTY DAYS** (wear it thirty days free), and we will immediately return your \$5.95 and express charges paid by you.

QUALITY OF THE CLOTH.

A strongly woven 21-ounce jet black guaranteed fast color Thibet, absolutely the finest cloth we ever used at such a price.

ASK FOR No. 45F6690
Price for suit as illustrated.....\$5.95
Be sure to mention Special Offer Suit No. 45F6690.

JUST LIKE FASHION FIGURE hereon, latest style four-button sack coat. As this figure appears, just as you will appear in this new 1906 style suit. The cloth of which this suit is made is a good strong, wear resisting, year around weight. A fine black wool Thibet cloth, suitable anywhere, for business, Sunday or dress occasions; suitable for all ages, all seasons and all climates, summer or winter, north or south. It's a wonder of value.

PLEASE LET US SEND YOU THIS \$5.95 SUIT, you take no risk, for if it don't please you in back. Please tell us how much you weigh, your height and give us your measure, as explained on page 1205. Don't be afraid you will make a mistake in measurements, for if you do, no matter, it's our loss, not yours. If you have any use for a nice new suit, **WON'T YOU LET US SEND YOU THIS \$5.95 SUIT?**

JUST THINK, ONLY \$5.95, and this suit is made from an extra quality **BLACK WOOL, FAST COLOR, GENUINE THIBET** suiting cloth, one of the best wearing fabrics on the market, the kind of goods tailors use, and the kind that goes into ready to wear suits others sell at \$12.00 to \$15.00. It is made in the very latest style for 1906, newest 4-button sack coat; the lining, interlining padding, staying, stiffening, etc., is of much better grade than you are accustomed to find in ready to wear suits sold even at \$12.00 to \$15.00.

MADE IN OUR OWN FACTORY by our own system of modeling, cutting and tailoring, which insures better fit, more style than you will find in other clothes. Made in our own factory at a cost of material and labor only, nothing more, which makes possible our incomparably low price of only \$5.95. Less than one-half the price charged by others.

IF YOU WON'T LET US SEND you this \$5.95 suit, won't you please select a suit from one of the many very special values shown in these pages.

FREE WITH OVER 100 SAMPLES AND \$4.45 TO \$12.00 FASHION PLATES OF SUITS AT

MANY DIFFERENT STYLES. pants at 98 cents to \$4.29, overcoats and ulsters from \$4.96 to \$16.00. FREE, with illustrations of all styles, FREE, 32-inch cloth tape measure, order blanks, envelopes and a complete outfit. The most astonishing collection of clothing values ever heard of, sold direct to you (we being the manufacturers), on the basis of actual cost of goods and workmanship, with but our one very small profit added, putting you in a place to buy your clothing for actually less money than clothiers have to pay the wholesale house. This remarkable book tells you all about it, tells you why our clothing is better than others, explains everything, shows you how perfectly easy and simple it is to measure and how we can positively guarantee to fit you perfectly and will refund your money if you are dissatisfied in the slightest. **WRITE FOR THIS FREE BOOK No. 89F TODAY**

ON A POSTCARD OR IN A LETTER JUST SAY, "send me FREE Sample Book No. 89F or Clothing," or state what is wanted in your own words and the book will go forward to you at once free and postpaid together with the complete free outfit. Don't order a suit, pair of pants or overcoat from anywhere until you have seen this book of surprising values, every garment worth twice at least what we ask for it as compared to retail prices, (or if you wish, you can order your clothing from this catalogue, from the following pages).

WHILE WE WOULD BE PLEASED to have you order this clothing from our descriptions on the following pages in this catalogue, pages 1205 to 1266, and while we positively guarantee to please you with the quality, pattern and tailoring value of the garments if you order direct from our descriptions here and while it would save you time to order direct from this catalogue now, yet if you don't find it easy to make a selection, if you prefer to see samples by all means **SEND FOR THIS BOOK No. 89F WHICH WILL BE MAILED TO YOU FREE FOR THE ASKING,** and don't order a suit, pair of pants or overcoat at any price from any other dealer until you see this unequalled line of patterns, styles and values in endless variety.

YOU CAN LITTLE REALIZE the astonishing difference in prices and quality, that we are offering as compared with the high retail prices and only ordinary qualities at retail, until you see this great book of samples No. 89F which is free on request. You can't understand how much money we can save you until you understand the fact that we are the largest manufacturers of clothing in the United States, buy our woolsens direct from the weavers, make the clothes in our own finely equipped plant (actually the finest tailoring plant in the United States), and know that we sell on a basis of the smallest profit ever known to be asked, which small profit is added only to the actual cost of producing the clothes and not added to an already high price, caused by the big expenses such as come between you and the original manufacturer when you buy your clothing from retailers.

THIS MARVELOUS COLLECTION OF SUITS, pants and overcoat values in this great book, you, proves to you like seeing a thing with your own eyes that we can and do save you one-half the money you would spend elsewhere for clothing.

WRITE FOR THIS FREE SAMPLE BOOK No. 89F TODAY, RIGHT NOW; THERE IS NOTHING TO COMPARE WITH IT ANYWHERE.

\$4.45 SUIT OFFER

Positively Representing

A Retail Value of at Least \$8.50

GOODS No. 45F6600, MADE IN ROUND CUT SACK STYLE 1, FROM GOOD SOLID 20-OUNCE UNION CASSIMERE, DARK PATTERN WITH FAINT NARROW GRAY STRIPE EFFECT, WITH A SLIGHT MIXTURE OF GREEN AND BROWN THREAD, MAKING A NOBBY EFFECT AND A PRACTICAL SHADE FOR A GENERAL BUSINESS SUITS.

YOU WILL UNDERSTAND THE VALUE BETTER when you that this is not an ordinary retail \$4.45 price, but is a price that we quote as manufacturers. This \$4.45 represents only two items, first the cost of the goods, trimmings and workmanship and second our one very small percentage of profit. If you would figure on top of this the ordinary expenses of a wholesale house, for traveling salesman and big advertising campaigns together with their large profits, then figure on top of that again the expenses and large profits of the retail clothier or agent you can easily see at what price this suit would have to be sold. You can set the retail price at about \$8.50, if not as high as \$10.00. So this \$4.45 suit we offer is not the \$4.45 suit ordinarily considered but ranks along side of retail values of \$8.00 and is guaranteed better in goods, trimmings and workmanship than the average \$8.00 suit. Don't you see then what an astonishing money saving proposition our clothing values represent to you? Remember that this same thing can be said of every suit, pair of pants or overcoat offered in this line, whether it is a suit at a low price or one of our higher priced garments. They all represent retail values of at least twice the price we quote.

WHILE WE GUARANTEE THIS \$4.45 SUIT OF OURS to be worth twice this price, to be an excellent value throughout, to be first class in the way of cloth, trimmings and tailoring, guarantee it to be a nicely shaped perfectly fitting suit, yet why not invest a few dollars more and get one of our better grades, one of our higher priced suits and make a still greater saving? Knowing that \$5.00 or \$10.00 or \$15.00 as the case may be represents retail values of \$10.00, \$20.00 and \$30.00, why not take the same money that you might have invested at retail and get one of our better grades of suits? Every extra dollar that you invest in our clothes brings you just that much greater results, results that cannot be measured at all by the retail value of a dollar, because you know we make this clothing in our own very finely equipped plant, we use hundreds of thousands of yards of cloth, hundreds of thousands of yards of trimmings and make many thousand suits every season and the cost to us is lower than the cost to any other manufacturer while at the same time we aim to make them better and it is actually money saved to spend a dollar or two more and get the finer qualities, such as you will find on page 1207 or 1215.

WE ABSOLUTELY GUARANTEE to fit and please you in every way. If you are disappointed with the pattern, quality, workmanship, fit or anything, we ask as a favor that you return the goods to us at our expense and we will immediately refund every

THIS SUIT IS MADE AS ILLUSTRATED in round cut sack style 1, and in regular sizes from 34 to 42 inches chest, 30 to 40 inches waist, and 30 to 36 inches inseam. These are the regular sizes for ready made clothing. See the bottom of this page for full details as to how each style is made. This garment is lined with good black Italian, thoroughly interlined and tailored in a most substantial way.

ORDER FROM THIS DESCRIPTION or send for our **FREE SAMPLE** BOOK No. 89F, just as you choose. We guarantee to satisfy you fully or refund your money. Measuring is simple, we only need your breast, waist and inseam measurement as stated on this page.

ASK FOR GOODS No. 45F6600

OUR LIBERAL TERMS. While we will, upon request, ship upon receipt of \$1.00 deposit with your order, balance C. O. D., yet we advise you to send the full price of goods with your order, because you thereby make one single transaction of the order and are not obliged to pay any more at the express office excepting the transportation charges alone, as by doing this you will save the charges that the express companies make for returning the money on C. O. D. shipments.

WE POSITIVELY GUARANTEE TO RETURN EVERY CENT YOU PAY, BOTH THE PRICE OF THE GOODS AND TRANSPORTATION CHARGES IF YOU ARE DISAPPOINTED IN THE LEAST.

cent you have paid and express charges besides. There is no possibility of your losing a cent. We take all the risk, and even if you make a mistake yourself when ordering the garments and they should not prove satisfactory to you, we will even then permit them to be returned at our expense and we will refund your money, in full.

HOW TO MEASURE. Don't be the least afraid about the measuring part of it, as that is very simple. If you don't happen to have one of our clothing order blanks handy, just use any ordinary plain sheet of paper and give the information and the measurements as mentioned below according to whatever garment you may be ordering. We take all the risk and you cannot lose a cent because even if you did make a mistake and were in any way disappointed with the garment you received, you could return the same to us at our expense and we will exchange it, we paying the transportation charges both ways or refund your money and express charges, just as you prefer. Nothing could be easier and no proposition could be fairer.

GIVE HEIGHT, WEIGHT and AGE; these are very important; they MUST not be FORGOTTEN.

COAT AND VEST OR OVERCOAT.

Stand in your natural way, breathe regularly, don't expand chest; take everything bulky out of your pockets.

BREAST—(see figure B); take coat off and measure around body at breast close up under arms at 1, snug, but not tight. Tape should be over shoulder blades at the back.

WAIST—(see figure B); measure over vest all around waist at 2. Note your waist line is just above hip bones.

SLEEVE—(see figure A); with coat on, measure from middle of back at 3 to elbow at 4, and then measure again from the point 3 clear around to wrist joint at 5.

VEST.

BREAST—Same measurement as coat for breast. **WAIST**—Same measurement as coat for waist.

PANTS.

WAIST—(see figure C); turn up your vest and measure around waist over pants at 6. Note your waist line is just above hip bones.

INSEAM—(see figure C); stand erect and draw pants well up in crotch; measure from close up in crotch at 7 to heel seam of shoe at 8.

THE QUESTION OF MEASURING IN A NUT SHELL.

We only need three measurements for a suit, if you wish to simplify the matter. We guarantee to fit you perfectly if you just give us your breast, waist and inside seam measurement from close up in crotch to heel. These three measurements are really all that is needed in most cases, and you might add your height and weight, or if you wish you can give all the measurements. We guarantee to fit you in any case or refund your money.

STYLES AND SIZES OF SUITS.

SIZES. Unless it is distinctly stated in the description of the goods that we furnish extra sizes, it is understood that all the ready made garments described are furnished in sizes only as follows: Coats and vests from 34 to 42 inches, inclusive, breast measure; pants from 30 to 40 inches, inclusive, waist measure, and from 30 to 36 inches, inclusive, inside seam measure. Pants sizes from 30 to 34 inches waist, run from 18 to 19 inches knee, and from 16 to 16½ inches bottom. Pants sizes from 35 to 40 inches waist, run from 19¼ to 20¼ inches knee and 16¾ to 18 inches bottom.

READY MADE SUITS ARE FURNISHED ONLY

STYLE 1—Coat, round cut sack, four buttons; two lower outside pockets, one small change pocket and two inside pockets. Vest, single breasted, notch collar; two lower, two upper outside pockets and one inside pocket.

STYLE 5—Coat, four-button frock; intended to be worn with only top button closed, therefore, called one-button cutaway frock, no outside pockets, two inside pockets and two tail pockets. Vest, single breasted, five buttons, notch collar; two lower, two upper outside pockets and one inside pocket.

STYLE 18—Coat, four-button cutaway sack; one outside breast pocket, two lower outside pockets, small change pocket inside the right hand outside pocket and one inside pocket. Vest, five buttons, single breasted, no collar.

No larger or smaller sizes than these can be furnished, excepting from such numbers where it is distinctly stated. See Nos. 45F6607, 45F6618, 45F6645 and 45F6659 for larger sizes.

We cannot furnish half sizes in ready made clothing. Whenever such measurements are received we are obliged to send the next full size, larger or smaller, according as it seems to suit the case, in our best judgment.

We do not sell single coats or single vests separate from suits. If you want a single coat or single vest refer to page 1216.

IN THE STYLES QUOTED FOR EACH NUMBER.

STYLE 30—Coat, double breasted square cut sack, with the up to date long lapel; outside breast pocket, two lower outside pockets, one small change pocket inside the right hand outside pocket and one inside pocket. Vest, single breasted, five buttons and no collar.

STYLE 32—Coat, single breasted, straight front sack, outside breast pocket, two lower outside pockets, small change pocket inside the right hand outside pocket and one inside pocket. Vest, single breasted, six buttons and notch collar.

\$4.98**DARK AND BROWN MIXED UNION CASSIMERE SACK SUIT.**

Quality—A good heavy weight winter suit, cloth weighs 21 ounces to the yard. Regular \$10.00 retail value elsewhere. **Pattern**—Dark background mixed with brown, worked into a narrow broken stripe effect with an occasional dash of red; exceedingly nobby, yet practical for general wear. **Trimings**—Coat and vest back lined with good wearing black Italian, sleeves with good twill, canvas interlinings, neatly shaped. **Style 1**, as illustrated, round cornered sack; vest, five buttons, notch collar. **Sizes**, 34 to 42 inches chest. \$6.48 SPECIAL FREE TEST OFFER

A STYLISH PRACTICAL DARK COLOR SUIT NEVER BEFORE EQUALED UNDER \$12.00 RETAIL. AND TO BE HAD EITHER IN ROUND CORNERED SACK STYLE OR CUTAWAY, AS YOU PREFER.

JUST ASK FOR GOODS NUMBER 45F6610, if you want

round cornered sack, style 1, or ask for goods number 45F6611, if you want cutaway sack, style 18, enclose our special price of \$6.48, tell us the number of inches around your body at breast close up under your arms, number of inches around your body at waist just above your hip bones, also the length of your leg from close up in crotch to heel seam of your shoe, and with these three measurements we guarantee to fit you perfectly, and to prove this suit worth nearly twice the price or you can return the clothes to us at our expense, and we will refund all you have paid and any transportation charges it cost you.

WHILE THIS IS AN ASTONISHING VALUE,

actually wonderful as compared with retail prices everywhere else, you will find that our entire line of clothing is based upon the same standard valuation. It is worth twice what we ask for it, whether you take this suit or another one, just because we are the manufacturers and sell direct to you, putting you in a better place to buy your clothes than if you were buying them at wholesale prices.

THE SUITS HERE DESCRIBED

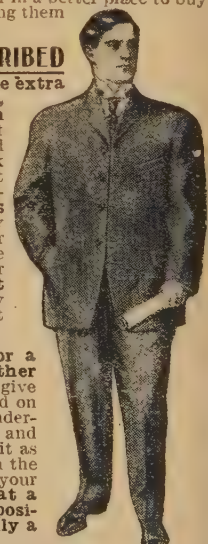

are made from genuine 22-ounce extra heavy Union Velour Cassimere, strong wearing goods. **Pattern**—Dark background with faint broken gray stripe effect and an occasional dash of red silk noil threads, also a few almost invisible green threads, a pattern usually seen only in suits at \$12.00 or more, and very popular as well as practical for general wear. Lined with durable black Italian, tailored by our expert workmen. Our great offer mentioned below, certainly ought to interest every man who wants to make every dollar bring the biggest returns.

If you want these goods in the above style 1, round cornered sack, ask for goods
No. 45F6610

OUR GREAT OFFER is that if you will send for a suit of these goods in either style here illustrated, will enclose our \$6.48 price, give us your measurements as mentioned above, or as explained on page 1205, that we will send this suit to you with the understanding that you can take it home, wear it 10 days free, and if after that test it don't appear to you to be a \$12.00 suit as compared with retail store values, that you can return the suit to us at our expense and we will give you back your \$6.48 and the transportation charges. Now, is not that a fair offer? We could not afford to make this proposition unless we positively knew that this is certainly a wonderful value.

\$7.94**DARK SILK MIXED WORSTED ROUND CORNERED SACK SUIT.**

Quality—A substantial 21-ounce mercerized worsted fabric mixed with silk on surface.

Pattern—Background is black and over this is sprinkled very fine pin point silver silk threads, making a rich dark pattern with enough color to relieve it, and a shade that is immensely popular for business wear.

Trimnings—Fine black Venetian body lining, good quality sateen sleeve lining, wool felt shoulder padding, patent canvas stiffening in fronts, double sewed seams, a neatly shaped and perfectly fitting suit, thoroughly made in our own very finely equipped plant. **Style** 1 only, as illustrated here and as described on page 1205. Sizes, 34 to 42 inches chest. Don't fail to state sizes wanted.

\$7.94**DARK SILK MIXED WORSTED CUTAWAY SACK SUIT.**

Quality—A 21-ounce cloth suitable for fall and winter or year around wear, woven from mercerized worsted and pure silk, a kind of fabric that will wear a long time and look well.

Pattern—Background is black diagonal weave over which are sprinkled very fine pin point silver silk threads, thus relieving the otherwise plain dark shade, a practical pattern for business wear.

Trimnings—Good black Venetian in coat body and vest back, durable sateen sleeve lining, double sewed seams. The interlinings of our suits are much superior to the average; we build our suits to last and to fit splendidly. **Style** 18, with cutaway sack coat. Sizes, 34 to 42 inches chest. TO PROVE THAT THERE IS NO COMPARISON between our clothing and the retail clothing values offered everywhere else, to prove that our clothing is better and more finely tailored than any other kind, to prove that by getting our cloth direct from the mills in large quantities at first cost and our tailor trimmings direct from the factories instead of from jobbers, and by manufacturing the clothing ourselves in our own very finely equipped plant, then selling the clothes to you direct, charging you only the actual cost of producing the garments with but our one very small percentage of profit added, to prove that by these methods that we enable you to own your clothing at actually less money than it costs your local clothier to buy his stock from the wholesaler in dozen lots, we want you as a favor to us, that is if you want a good substantial all wool black thibet suit, to select a style from the illustrations below, give us your breast, waist and inseam measurements, as mentioned on page 1205, enclose our special price of \$7.95 or \$8.95, according to the style you want, and we will send you the suit with the understanding that you can take it home, try it on, examine it inside and outside, wear it, test it and show it to your friends, and if you, your relatives and friends don't conclude that the suit is worth \$15.00, as compared with retail values, if it is not a stylish up to date, practical business or dress garment, you can return it to us at our expense and we will refund you the price you paid together with any transportation charge it may have cost you.

THIS GENUINE FINE GRADE ALL WOOL BLACK THIBET is woven specially for us in a mill under our control. We send our special woolen expert down to the mill to superintend the preparation of the stock or yarn. It is woven from an extra heavy very fine wool, and is adapted for year around wear and especially suitable for fall and winter. There are thousands of thibet suits sold by manufacturers all over the country every year and which will cost you retail a great deal more than this price and which will actually not wear half as long as these suits. The cloth in those cases is made simply to look well for a time instead of for the purpose of wearing. Unless thibet cloth is made from extra strong quality of wool yarn and the right weight it is sure to come out of the loom tender or weak and consequently will give very little satisfaction for wear. We have so much confidence in this number that we are willing to replace any garments that prove unsatisfactory either in workmanship, lining, trimming or quality of material used in the suit.

THE LININGS AND TRIMMINGS are of the most substantial grades, the coat body and vest back are lined with imported black Italian and the sleeves a standard neat pattern strong wearing fabric. The coat is interlined with patent canvas in front, left shoulder pads, we use durable pocketing and pockets are stayed and

tacked, in fact, these are not \$7.95 or \$8.95 suits, as ordinarily considered by those prices at retail, but are worth \$15.00 as sure as they are worth our price.

WHETHER YOU ORDER ONE OF THESE GUARANTEED ALL WOOL BLACK THIBET SUITS or one of our fancy designs or colored suitings, we want you to understand that they are all priced upon the same basis, and whether you invest \$7.95 or \$15.00 for one of our very fine grades of suits that it is not a \$7.95 or a \$15.00 suit that you are getting, but a \$15.00 or \$30.00 suit, that is, measuring the valuation by the standard retail clothing values all over the country. That is what our methods of selling clothing direct to you, manufacturing ourselves, means. Don't buy clothing anywhere else until you have taken advantage of our offer to prove these points to you. You don't take any risk. We guarantee to prove it or you can return the clothes to us and we will pay the express charges both ways and refund your money in full.

WE FURNISH THIS FINE BLACK THIBET in all the styles here illustrated, and in ordering please give the goods number that you find mentioned below the style that you select. Any one of the styles, No. 1 round cornered sack, No. 18 cut-away sack or No. 32 straight front sack, will cost you just \$7.95, and any one of the styles, No. 30 three-button double breasted sack or No. 5 four-button frock style, will cost you \$8.95; figures that represent only the actual cost of the goods and tailoring with but our one small profit added and you have nothing whatever to pay for heavy selling expense such as traveling salesmen and the like.

ALL THESE SUITS COME IN REGULAR SIZES, the coats and vests measuring 34 to 42 inches chest, and the pants 30 to 40 inches waist and 30 to 36 inches inside seam. It is very easy to measure, as explained on page 1205. If you don't happen to have one of our regular clothing order blanks just use a plain sheet of paper, give the goods number of the garments you select, mention the style you want and write down the measurements (the breast, waist and inseam is really all that we need), enclose the price and we will ship the suit within a few days and guarantee to deliver it to you in perfect condition to fit you or the transaction will not cost you a cent.

HOW WOULD YOU LIKE TO TAKE A FEW ORDERS for our clothing from your friends? You can send for our **BIG FREE SAMPLE BOOK**, described on page 1204, show it to your friends, let them send their orders along with yours and share in our profits by the liberal method explained on pages 1 and 2. A large number of our customers are taking advantage of this wonderful Profit Sharing Plan in this manner.

SUITS

RIGHT AT THE BEGINNING WE WANT TO TELL YOU THAT THESE ARE NOT \$20.00 OR \$22.00 SUITS as is commonly known by those figures (there is no comparison) and you will do us a favor if you will just now banish from your mind all thoughts of price until later, and let us tell you plainly and simply just how and of what these very fine suits are made. Then you can see that if we wished to sell these suits at the regular retail price that we could just as well get \$35.00 to \$40.00 for them, that is, if we were not selling direct to the wearer himself.

ALL OF THESE THREE STYLES, the Prince Albert, the Tuxedo and from the same very high grade dress cloth, namely, a 17-ounce pure all wool unfinished black worsted, a quality especially woven for us and particularly adapted for full dress Tuxedo and Prince Albert suits. It is specially prepared in a 17-ounce weight, so that it will be adapted for a dress suit to be worn at any season of the year, whether you want it for spring, summer, fall or winter. We are not exaggerating in the least when we say that tailors would not think of using as fine a grade of black worsted suiting as this in anything short of the \$40.00 garments, and, mind you, they could not afford to give you any finer linings and trimmings at their price than we do at our price.

LET US TELL YOU how very finely lined and trimmed these styles are. The body and sleeve linings of all three styles are the same, namely, the coat bodies and vest backs are lined with an extra fine quality of imported satin finish Venetian body lining, a very fine appearing fabric, which gives much better service than the cheaper grades of satin or silk linings that commonly find their way into many dress suits offered at retail for fancy prices. The inside lining of vests and the sleeve lining of coats are all of Skinner's guaranteed satin. The inside of garments, or what is commonly called the interlining, consists of the very finest all wool felt padding in shoulders, high grade French hair cloth, garments are all sewed with fine silk, are carefully shaped, and, in fact, the work is all done by strictly high grade workmen, such as are regularly employed only on the very finest work. There is practically no difference whatever between the work they do on these clothes and what is regularly found in the very fine merchant tailored clothes turned out in our fashionable city centers. You get a strictly high class, finely tailored dress suit in every particular.

AND NOW ABOUT THE FINISH AND FACING ON THE LAPELS, we wish to say that nothing is omitted to make these suits perfect as high class dress suits. The Prince Albert has silk facing to the buttonhole and this is the pure dye extra quality of silk especially adapted for fine trimming. The Tuxedo Suit has satin facing to the edge of the lapels, which in Skinner's guaranteed satin and the full dress suit will have lapels faced with silk to the buttonhole. The trousers of all three garments will be cut in the latest fashion with light tan curtain lining at the waistband and thoroughly up to date in every particular.

NOW, THEN, WHAT DO YOU THINK OF ALL THIS FOR \$20.00 in the case of the Prince Albert or Tuxedo, or for \$22.00 in the case of the full dress? Remember, we guarantee these things to be just what we say they

are and we guarantee to fit you perfectly and deliver you a suit in perfect condition and prove it to be worth just about double our price or you can return the clothes to us at our expense and we will refund your money.

THE PRINCE ALBERT SUIT is made double breasted style with the usual inside pockets. The Tuxedo Suit is made as illustrated with shawl collar and lapels and with pockets which is the latest and most popular fashion of the day. The full dress is the same standard high grade fashionable style that is made by the leading tailors of cities and the low cut vests are according to the strictest rules of fashion. You will not be disappointed in the slightest detail.

THESE PRICES, WE KNOW, ARE EXCEEDINGLY LOW, but as we many times stated throughout the descriptions of our other suits on the preceding pages, our price on any of these garments represents the actual cost of producing the suits in material and workmanship in large numbers in our own plant, where we have the finest tailoring facilities in the country, together with only an exceedingly small margin of profit. And you know, yourself, that the difference of \$15.00 to \$20.00 between our price and the price of retail clothes is easily made up by the chain of profits and heavy expenses of wholesale and retail clothiers, and why not save this extra money? Or if you have not been able before to afford a fine black dress suit, although you would like to have one very much, you can certainly now afford it at these prices, and be as fashionable and possess as fine garments as the best dressed gentleman in your neighborhood.

THESE GARMENTS run in sizes from 34 to 42 inches chest only, and from 30 to 36 inches. from 30 to 40 inches waist, with regular inseam

YOU TAKE NO RISK WHATEVER IN ORDERING DIRECTLY FROM THIS CATALOGUE, as our description is accurate and complete. The goods and tailoring are faithfully described, and we would like to have you order at once if you wish a fine dress suit; but if you have any idea that you would prefer to see the sample of the goods, be very sure to write for our free Sample Card No. 91F, before getting a dress garment anywhere. The card will be mailed free at once on request, together with tape measure, order blanks and everything complete, making the matter all very plain to you.

SEE PAGE 1205, which explains our simple rules for measurement, and remember that we absolutely guarantee to fit and please you perfectly in every case. You can't lose a cent in any event.

Could You Take a Few Orders for Clothing?

A very large number of our customers are sending not only their own orders, but are also sending us the clothing orders of their neighbors or friends along with theirs, and in that way we give them Profit Sharing Certificates covering their entire purchases. Thus they increase their Profit Sharing Certificates very rapidly.

THEY ARE FURNISHING THEIR HOMES PRACTICALLY FREE

Please turn to pages 1 and 2 of this catalogue for full details about this wonderful proposition. While, of course, we don't employ any agents at all and don't get out any special outfits for that purpose, yet that does not prevent you from buying clothing for others. In fact, many clothing agents and dealers (on their own responsibility) are actually buying our clothing and selling it in preference to other clothing, because we give very much better values and the workmanship and quality commands a better price. Compare our values with what wholesale houses furnish and you will be surprised how much better throughout our qualities are. See our list of sample books on page 1199.

REMARKABLE VALUES IN CORDUROY SUITS, PANTS AND VESTS.

UNLESS YOU GET A SUIT OF GOOD CORDUROY it is a poor investment to buy a corduroy suit at any price. There are a great many corduroys offered that would be dear no matter what you paid for them, as they would give little service. We protect you against worthless corduroys. **EVERY CORDUROY GARMENT WE HERE OFFER** is made in our own plant from strictly good quality corduroy, such as will wear well and give you honest service. We guarantee them to be strictly the finest class of corduroys to be obtained and worth nearly twice these prices at retail.

\$6.50 EXTRA WEIGHT SUIT. QUALITY HEAVY DRAB CORDUROY

Quality—A good, stout, heavy weight guaranteed grade of corduroy; will not break or rip. Shade—The popular drab color; very practical for general wear. Trimmings—Coat body lined with strong wearing Italian, sleeves of durable domestic goods, firmly sewed and extra well made. Absolutely the best wholesale value ever offered. Style 1 only, round, rounded sack coat, five-button, notch collar vest, usual pockets. This is positively worth from \$10.00 to \$12.00 retail. Sizes, 34 to 42 inches chest. See next number for larger sizes. Don't fail to state size wanted.

Goods No. 45F9900
Price for suit, \$6.50
Price for coat 4.76
Price for pants 2.38
See how to measure, page 1205.

\$8.00 EXTRA SIZE HEAVY WEIGHT DRAB CORDUROY SUIT.

Quality—The same goods and same shade exactly as the above number, made in Style 1 and trimmed and tailored exactly the same as the above number only this suit comes in larger sizes; cut to fit heavy set, regularly built men measuring from 43 to 50 inches chest. Don't fail to state size wanted.

WE DESCRIBE THEM ACCURATELY and you are perfectly safe in ordering from the descriptions here given, but if you prefer to see a sample before ordering, send for our Free Sample Booklet No. 83F, which contains samples of all our corduroys. These garments come in regular sizes, from 34 to 42 inches sizes and styles. Chest only, except the one large size quoted below, and come only in the styles described and illustrated. The styles are made the same as regular suit styles, as explained on page 1205.

EXTRA QUALITY FANCY DARK BROWN AND GRAY SUITS.

\$7.90 Single Breasted Style 1. **\$8.90** Double Breasted Style 30.

We can save you a great deal on corduroy suits, and can give you better grades of corduroy than what you will pay two-thirds more than our price for at retail.

WE FURNISH this fine quality of fancy corduroy in two styles. Style 1, the popular single breasted, round cornered sack suit, will cost you just \$7.90, and the warm, up to date, double breasted style 30 will cost you just \$8.90. If you want the single breasted style 1 at \$7.90, ask for Goods No. 45F9904, but if you want the double breasted in style 30 at \$8.90, ask for Goods No. 45F9905, and we will send you the suit you order, with the understanding it is worth double any other suit at retail at such a price, or that you would have to pay about twice our price for this quality and make at retail.

THE QUALITY OF THESE GOODS is extra fine. The shade is a rich, dark brown neat cord, over which are sprinkled small gray dots, just enough of them to bring out a neat, dark, fancy pattern, one of the most popular effects you could desire. It is a good substantial weight for winter wear.

If you want our fancy dark brown and gray corduroy suit in the above style 1, ask for Goods No. 45F9904
Price for suit \$7.90

BE SURE TO STATE GOODS NUMBER AND SIZES WANTED.

CORDUROY VESTS.

\$1.49 VERY FINE QUALITY FANCY BLACK AND GRAY CORDUROY VEST.

Quality—A somewhat better grade, and neater cord effect than the average. Pattern—Background black, over which are thickly sprinkled neat small gray dots, bringing out a general dark and gray effect, while at the same time the gray dots are more plentiful at regular intervals, thus forming faint wide horizontal bars, but not at all pronounced. Style—Single breasted, five button, notched collar. This is a real stylish and very handsome garment. Sizes, 34 to 42 inches chest. Don't fail to state size wanted.

Goods No. 45F9928
Price for vest \$1.49

CORDUROY PANTS.

\$1.50 MEN'S HEAVY WEIGHT DRAB CORDUROY PANTS.

Quality—A stout wearing grade of heavy corduroy, much better than the average corduroy sold at around \$2.00 retail; the popular drab shade. Workmanship—Stoutly put together, thoroughly sewed, and will give fine wearing service; cut in prevailing style, with two hip pockets, a pocket at each side, and watch pocket. Sizes, 30 to 40 inches waist. Don't fail to state size wanted.

Goods No. 45F9906
Price for pants \$1.50

\$2.50 FINE QUALITY BROWN CORDUROY PANTS.

Quality—You will pay as much and more than this price at retail for pants made of unsound corduroy, but here we offer you a guaranteed quality at only \$2.50. The tailoring is the same grade as put into our regular trousers; double crotch pieces, seams and buttons stoutly sewed, usual pockets. Sizes, 30 to 42 inches waist. Don't fail to state size wanted.

Goods No. 45F9910
Price for pants \$2.50

For great values in working clothing, see pages 1243 to 1262.

\$2.50 EXTRA SIZE FINE QUALITY DRAB CORDUROY PANTS.

Quality—An exceptionally fine grade of the practical shade of drab corduroy, guaranteed against breaking or ripping with any ordinary wear. Workmanship—Stoutly and neatly sewed and tailored in the same substantial manner as regular pants. It is in the workmanship of our clothes that you find so much difference in our favor when compared with the workmanship in the average retail garment. Sizes—This number comes only in large sizes, for men measuring from 42 to 50 inches waist. Don't fail to state size wanted.

Goods No. 45F9909
Price for pants, extra size \$2.50

\$3.00 HIGH CLASS TAN CRINKLE CORDUROY PANTS. Quality—An extra heavy weight and finer finished corduroy than any of the others, in a medium shade, a lighter shade than the regular drab. This is a very neat cord, and richer looking than other corduroys. We put a very fine class of workmanship into this garment. Sewing is very neat, they are strongly constructed, and they will certainly give you exceptionally good service throughout. We very highly recommend these fine goods. Sizes, 30 to 40 inches waist. Don't fail to state size wanted.

Goods No. 45F9914
Price for pants \$3.00

\$4.98 FOR BLANKET LINED CORDUROY WORKING SUIT.

SEE PAGE 1250.

\$1.12 PLAIN DRAB CORDUROY SINGLE BREASTED VEST.

Quality—A good substantial grade of the favorite drab shade of corduroy, such as would be used in very much higher priced garments at retail. Style—Single breasted, five-button, without collar, the usual four pockets outside. If you want a corduroy vest, here is one at actually less than your dealer can buy it at wholesale. Sizes, 34 to 42 inches chest.

Don't fail to state size wanted.
Goods No. 45F9920
Price for vest \$1.12

\$1.38 DOUBLE BREASTED FANCY BLACK AND GRAY PATTERN VEST.

Quality—A durable substantial grade of fancy corduroy, practical for vests. Pattern—Background is a rich black, over which is a broken check effect in gray, with a scattering of small gray dots within the checks as well. Very handsome and the latest fashion. Style—Made double breasted with two rows of four buttons each and no collar; the usual four pockets. Sizes, 34 to 42 inches chest only. Don't fail to state size wanted.

Goods No. 45F9924
Price for vest \$1.38

\$1.67 STYLISH FANCY BROWN AND GRAY DOUBLE BREASTED CORDUROY VEST.

Quality—A neat cord and fine wearing fabric. Background is brown, over which run gray threads in the same direction as the cord, from one to three gray threads in each cord, thus bringing out a sort of irregular or broken narrow stripe effect. If you want something real neat, we recommend this handsome garment. Style—Made double breasted with two rows of five buttons each, no collar, four pockets. Sizes, 34 to 42 inches chest. Don't fail to state size wanted.

Goods No. 45F9926
Price for vest \$1.67

\$1.23 AND UP FOR SINGLE CLOTH VESTS.

Made from remnants of regular suitings left over from our various manufacturing and custom tailoring departments. We have a large number of small pieces of cloth left over every season from our various clothing departments, pieces that are too small to make into anything larger than a vest, so we have cut them into single breasted vests of regular sizes and made them up in a first class way, the same as all vests that go with our ready made suits; and, if a single vest is wanted, we can offer you an excellent one from this assortment. We have graded the prices according to the quality of the cloth.

quote very low prices in order to close out our odds and ends. These vests are worth more than double our price. Sizes, 34 to 42 inches breast measure. Don't fail to state size wanted.

No. 45F9930 Men's single breasted single vests in various shades and mixed patterns in cassimeres and chevots; a good quality and representing exceptional value. Price for single breasted vest, \$1.23

No. 45F9932 Men's single breasted single vest of still higher quality from remnants left over from our custom tailoring department. Good grades of cassimeres, chevots, worsteds and silk mixed fabrics, both plain and fancy patterns. Price for vest \$1.49

No. 45F9934 Men's single breasted single vest, of our best grade of remnants left over from our custom tailoring department. From the higher qualities of chevots, tweeds, fancy worsteds and silk mixed qualities, a very rich assortment of patterns; and if you want a real good vest at a low price, you cannot afford to overlook this number.

Price for vest \$1.67

See page 1219 for great values in fancy vests.

RICHLY TAILORED SINGLE BREASTED (PALETOT) AND DOUBLE BREASTED (PADDOCK) BLACK DRESS FROCK OVERCOATS \$18⁰⁰

OUR PALETOT DRESS FROCK OVERCOAT.

Style 67

Made single breasted style; average length, about 48 inches; velvet collar, one outside breast welt pocket, two skirt pockets with flaps, an inside breast pocket and cash pocket. Illustration also shows how back is made.

If you want the above style Black Dress Vicuna Overcoat, ask for

Goods No. 45F8816

Price for overcoat, \$18.00

MADE FROM EXTRA FINE ALL WOOL 26-OUNCE BLACK VICUNA CLOTH, LINED IN BODY WITH IMPORTED SATIN FINISHED VENETIAN, AND IN SLEEVES WITH SKINNER'S GUARANTEED SATIN.

THE LATEST FASHIONABLE CUT, PERFECT FITTING EFFECTS, STRICTLY HIGH CLASS TAILORING, EQUAL TO DRESS COATS AT RETAIL FROM \$35.00 TO \$40.00.

If you want the Single Breasted Paletot Style ask for Goods No. 45F8816, and if you want the Double Breasted Paddock Style ask for Goods No. 45F8817; price of each is the same, \$18.00.

DO YOU WISH TO GET AN EXTRA FINE DRESS FROCK OVERCOAT,

in either a single breasted Paletot style or double breasted Paddock style? Have you been paying \$35.00 to \$40.00 for such garments elsewhere? Or have you desired very much to have a dress overcoat of this class and felt that you could not afford to pay the big prices of clothiers and tailors? These garments, as you know, are exceedingly stylish, and the most fashionable for dress overcoats now in vogue. If you want a coat of this kind you certainly cannot afford to think of getting one elsewhere until you have seen these very finely tailored and high class quality overcoats. Please don't become alarmed as to the merits of these garments just because we quote this low price. Remember, this price is arrived at by a very different method than the prices of tailors and clothiers. We have no big, heavy selling expenses amounting to about 25 per cent of the cost of the garments, we don't make the big profits that wholesalers, tailors and retailers make, we don't have the long line of expenses that they have to figure, and these different items amount to from \$15.00 to \$20.00, and when they are knocked off because we manufacture the garments ourselves and sell direct to you, don't you see it leaves the price at \$18.00. You profit to the extent of the difference. The very fine tailoring, the high class quality of goods and trimmings are all there just the same. You will be perfectly satisfied if you order direct from our description here, but if you wish to see a sample of the goods write for sample card No. 91F.

BOTH THESE ELEGANT STYLES are made from the same fabric—a 26-ounce fairly heavy weight, very fine all wool black Vicuna overcoating. Please remember that we use an extra fine grade of imported satin finished Venetian lining in the body of the coats and Skinner's guaranteed satin in the sleeves. You could not get any finer trimmings than these in coats at twice the price retail. The interlining consists of very fine wool felt padding and the very finest class of stiffening, canvas, haircloth, staying, pocketing, etc. We use a finer quality of lining and trimming fabrics than they ordinarily use in high class coats because we can obtain them direct from the factories at a smaller average cost. The workmanship and tailoring is done in our own plant by our very finest and most skilled tailors, men who devote their attention almost exclusively to very fine custom work, so that you get a coat that has all the lines, all the snap, style and smartness of made to measure garments.

BOTH THESE GARMENTS COME IN REGULAR SIZES from 34 to 42 inches chest. getting a perfect fitting garment. We positively guarantee to fit and please you perfectly. Enclose our price, \$18.00, and you can take the garment home, try it on, examine it thoroughly, and if it don't more than meet your expectations as a very finely tailored, high grade dress overcoat, send it back to us at our expense and we will refund you the \$18.00 and what it cost you for express.

MEASURING IS VERY SIMPLE as you will find explained on page 1205. Just give us your chest measurement, taken around your body at breast, close up under arms, over your vest, the same as you would for an under coat, also give us your waist measurement and we will send you the coat you order at once, neatly packed with the above guarantee. You will see just how each garment is made by referring to the description of the style under each illustration.

DON'T FAIL TO STATE SIZES WANTED, ALSO THE GOODS NUMBER.

OUR PADDOCK BLACK DRESS FROCK OVERCOAT.

Style 68

Made in double breasted style as illustrated: average length, 48 inches; velvet collar, one outside breast welt pocket, two lower skirt pockets with flaps and one breast pocket and cash pocket inside. Coat is made in back like illustration shows.

If you want the above style in our black Vicuna, ask for

Goods No. 45F8817

Price for overcoat, \$18.00

\$5.48 OUR SPLENDID LEADER DOUBLE BREASTED ULSTER

MADE OF EXTRA HEAVY 30-OUNCE DARK OXFORD GRAY MELTON, GUARANTEED AS A SOLID, LONG WEARING FABRIC, MAKING A WARM WINTER ULSTER. ASK FOR GOODS NO. 45F8828

Do You Want to See a \$10.00 Ulster at the Low Price of \$5.48?

Don't think for a minute that this is anything like overcoats or ulsters sold at low prices elsewhere at around \$6.00. (There is no comparison.) If you saw this ulster on your neighbor's back and he asked you what you thought he paid for it and you had not known of Sears, Roebuck & Co.'s clothing values, we are sure that you would say \$10.00, because we are sure that if, as manufacturers, we should sell this coat to a wholesale house or sell it to a retail merchant and they would pay out the heavy expenses that they do for placing their goods on the market, and then figure the substantial profits that they make, that the coat would easily cost you \$10.00.

WHILE THIS IS JUST SUCH A VALUE AS WE HAVE ABOVE STATED and is a well made, thoroughly tailored, durable ulster, lined with extra heavy quality of diagonal cotton ulster lining and strong black Italian sleeve lining, and while it is by no means such an ulster as would commonly be offered in stores at a low price, yet we would advise you to put a little more money into an ulster, say from \$7.00 to \$11.95—that is some of our higher priced ulsters—and you will get just so much better garments, just so much better tailoring, linings, trimmings, cloth and everything, that it will greatly pay you to spend the difference. You see that because we make the clothes ourselves in our own finely equipped modern plant the cost of making, the cost of good tailoring is less to us than it is to other manufacturers, the cost of cloth, linings and trimmings is vastly less and then we sell direct to you, so that every dollar makes a vast difference in the quality of an ulster as compared with a dollar invested in garments at retail. For example, take the fine jet black all wool ulster No. 45F8834 on the next page, a wonder at \$8.16, or Nos. 45F8840 or 45F8842 on page 1224 at \$10.24 and \$11.95—these are astonishing offers worth at least \$20.00.

THIS ULSTER No. 45F8828 is made in double breasted style 46, as illustrated here and described on page 1220, with large storm collar, throat tab, two muff pockets and the usual other pockets. Average length, 50 inches. It is well sewed and warmly made. We make this same cloth into a pea jacket and vest and for description of this see page 1225 and refer to goods No. 45F8844 if you want the pea jacket and vest. Sizes, 34 to 42 inches, chest only. Don't fail to state size wanted.

Goods No. 45F8828 Price for ulster, style 46, \$5.48

\$10.24

TRY ONE OF OUR FINEST ALL WOOL ULSTERS. THE PRACTICAL DARK OXFORD GRAY HEAVY 32-OUNCE FRIEZE.

Ask for goods No. 45F8840

WE HAVE ASKED YOU ELSEWHERE to invest in our better grades simply because that while you can save money by getting a \$10.00 retail ulster for \$5.00 in our line, yet by investing the same \$10.00 with us you can get an ulster whose retail value is about \$20.00, and the quality will certainly pay you for taking such a step. **HERE IS AN EXTRA HEAVY ALL WOOL FRIEZE** which we have made into a fine double breasted storm collar ulster, style 46, lined with heavy diagonal serge in the body and imported Venetian sleeve lining. A splendid ulster from every standpoint and the most comfortable, durable, warm garment that you ever had. Remember, we make our garments better than the average manufacturer. We seldom see our customers, we sell them only by cataloging the goods and we depend only on the quality and the fine workmanship to sell the goods and increase our trade. You can see then one reason why our tailoring and our qualities must be even better than we describe them and the fact that our trade is actually doubling year by year shows you that our qualities are better than the average even though others charge you a great deal more than our prices.

THIS NUMBER COMES IN REGULAR SIZES from 34 to 42 inches chest. Do not fail to state size wanted. See page 1220 for full description of style 46

Price for ulster, style 46 \$10.24

\$7.56 A CHALLENGE IN EXTRA HEAVY DARK BRONZE MELTON BELT BACK ULSTER

No Wholesale House Sells a Better Ulster to the Clothier for \$8.50 in Wholesale Lots.

ASK FOR GOODS No. 45F8832

WE CHALLENGE ANY WHOLESALE HOUSE to produce at \$8.00 to \$9.00 the equal of this belt back ulster and before it would get to you in the usual expensive manner it would easily cost \$15.00 and mind you, for the difference of \$7.44 you would not get a cent's worth of better quality; the linings, trimmings, workmanship or fitting qualities.

THESE ARE NOT TO BE VALUED by the prices we place upon them, that is, if you are considering them in connection with the ordinary prices quoted by clothiers. A clothier himself could best appreciate our astonishing offer by comparing the clothes we sell at these prices with those he buys at similar or higher prices and he will find that he actually could save money by buying our clothes and selling them; in fact, we find that quite a large number of clothiers are doing this very thing, caring not that we sell direct to the consumer, but thinking only of the practical side of it, that is, where they can get the best clothes for the least amount of money. These ulsters and overcoats are much better made garments, better lined and trimmed and better fitting clothes than the average clothier sells and the difference in quality is as marked as the difference in price.

THIS ULSTER No. 45F8832 IS MADE IN STYLE 55 double breasted, large storm collar, detachable belt in back, outside breast pocket, usual other pockets, average length 50 inches, lined with extra heavy quality of diagonal ulster lining, strong and durable. **Shade** is a very dark brown or bronze, quite popular for general wear. Comes in regular sizes from 34 to 42 inches chest.

DON'T HESITATE TO ASK FOR OUR BIG FREE SAMPLE BOOK No. 89F if you have the slightest difficulty in deciding from our descriptions what goods you want. You can, however, absolutely depend upon our descriptions being correct and we guarantee to satisfy you if you order from them. Measuring is very simple, don't worry about that part of it, see how easy it is by referring to page 1205.

Goods No. 45F8832 Price for ulster, style 55 \$7.56

\$10.53 EXTRA SIZE VERY HEAVY ALL WOOL OXFORD GRAY FRIEZE OVERCOAT.

Quality—32-ounce weight, exceptionally heavy, warm ulster cloth. **Shade**—Dark oxford gray, the most practical for general business wear, does not show soil easily. **Trimmings**—Specially heavy imported wide wale ulster lining in body and strong long wearing lusterine iron cloth sleeve lining, plain seams, edges double stitched $\frac{1}{2}$ inch. It is the inside tailoring and interlinings of our clothes that make them so much more valuable than the average overcoats offered elsewhere. **Style** 56, double breasted ulster with outside breast pocket. **Sizes**—This number comes only in large sizes, cut to fit heavy set regularly built men, measuring from 43 to 50 inches chest. Do not fail to state size wanted.

Goods No. 45F8837

Price for ulster, extra size . . . \$10.53

BE SURE YOU DON'T FORGET

to state your sizes on your order; also goods number. Just give your chest measure, height and weight. See pages 1205 and 1220 for information about measurements and sizes.

\$11.95 HIGH CLASS JET BLACK ALL WOOL KERSEY DRESS ULSTER WITH HIGH GRADE LININGS.

ulster with outside breast pocket. **Sizes**, 34 to 42 inches chest. Do not fail to state size wanted.

Goods No. 45F8842

Price for ulster \$11.95

Quality—One of the finer grades of kersey overcoating, weighs 30 ounces to the yard and a rich jet black such as tailors would use in their fancy priced styles. **Trimmings**—Body lined with extra quality diagonal serge, sleeves with Skinner's guaranteed quality of satin. The tailoring in this garment is very high grade. Why pay retail prices for what are considered fine garments elsewhere; our workmanship is high grade and the price is low because we are manufacturers and sell to you direct. **Style** 56, double breasted

Measure in same way as for an overcoat. Give size around body at breast. See how to measure on page 1205.

A black and white illustration of a man in a dark suit and cap, holding a cane, standing next to a large, dark, textured object. The man is looking down at the object. The object has a rough, almost crystalline texture. The background is plain.

Price for pea jacket and vest, style 60.....\$9.68

Quality—26-ounce cloth and good, substantial wool melton, making a solid warm short coat and a dark cord gray shade, is practical for general wear. Trimmings—Body lined with durable domestic fabric and sleeves with heavy twill, warmly constructed, and if you want a short coat for cold weather this is certainly a bargain, being the manufacturers price. It is easily worth \$6.00 retail. Style—Pea jacket made like the jacket of the 60's, as illustrated, with velvet collar, double

Price for single pea jacket like style 60 \$3.98

Quality—Cloth weighs 30 ounces to the yard, a good thick, warm, well woven fabric, such as would be used in \$15.00 retail overcoats.

Trimmings—Good heavy, strong, dark shade body lining. Iron cloth sleeve lining. Coat is made to withstand very cold weather and you could not get a garment like this under double our price at retail.

Style—62, double breasted with storm or ulster collar and throat tabs to button collar up around the neck, three outside pockets and one inside pocket. We furnish the coat only

Price for single pea jacket, style 62 \$4.97

\$7.43 MEDIUM TAN COVERT
SPRING OR FALL TOP
COAT.

Price for overcoat \$7.43

The style in which all our Fall and Spring Overcoats or Top Coats are made.

Style 31

IF YOU DO NOT WISH A HEAVY WINTER OVERCOAT you can make your selection from the following: Cambergs, as they are a very fine assortment of fairly light to medium weight Coverts, Cheviots and Tibets specially adapted for the purpose of spring and fall overcoats, or what are popularly known as top coats. Tailors, tailors agents and clothiers would charge you practically twice our price, while they would give you nothing finer than these in cloth, trimmings, workmanship or fit. (See our extra fine silk faced Dress Top Coat No. 45F8888.)

STYLE AND SIZES—We furnish these garments only in regular sizes from 34 to 42 inches chest, and each and every garment is made in the same style, 31, as here illustrated. Average length 36 to 38 inches, three outside pockets, one inside pocket and the latest fashionable cut in every particular. We do not furnish them in any other style or sizes. **We don't furnish samples,** as these are standard well known fabrics, described accurately and every expense possible is cut out with a view of giving you the greatest possible value to be had.

MEASURE IN THE SAME WAY as you would for an undercoat—as explained on page 1205. Give chest measurement around body taken over your vest.

\$8.65 FAIRLY LIGHT TAN COVERT FALL OR SPRING OVERCOAT.

Quality—A medium weight, neat, close weave covert cloth, such as tailors would use in top coats at \$15.00, and a fairly light grayish tan shade. If you want a light shade coat, this is especially recommended. **Trim-mings**—Lined in coat, body, and sleeves with a good

mercerized Italian to match the shade of garment, carefully interlined, nicely shaped, and remember our tailoring is usually fine because they are made in our own finely equipped plant. **Style 31**, as illustrated. **Sizes**, 34 to 42 inches chest. Do not fail to state size wanted.

Goods No. 45F8880 Price for overcoat\$8.65

\$8.87 **SPLENDID VALUE**
ALL WOOL BLACK
THIBET TOP COAT.

Quality—A medium weight, suitable for chilly weather at any season of the year if one desires a short coat. Made from all wool jet black thibet of a grade that would be used in coats at \$16.00 retail. **Trimmings**—Lined in body and sleeves with a fine Venetian of very durable grade and nice finish, shoulders neatly shaped and rounded, padded with wool felt, fronts carefully stiffened and tailoring of the best standard throughout. **Style 31**, average length, 36 to 38 inches. **Sizes**, 34 to 42 inches chest. Measuring is very easy, just give us your chest measure taken around the body at chest, as explained on page 1205. Measure over your vest.

\$9.26 FANCY GRAY HERRING
BONE AND STRIPE
EFFECT CHEVIOT TOP
COAT.

Quality—A fairly light to medium weight cheviot, a medium soft finished fabric of excellent appearance and good wearing qualities. **Pattern**—Background is a dark and gray herringbone effect with very small thin stripes one inch apart. This is an exceptionally stylish gray and one worn in the most fashionable centers by the best dressers. **Trimmings**—Fine Venetian lining in body and sleeves, shoulders carefully padded; strictly fine tailoring throughout, equal to what is found in 1 yd retail \$18.00 coat. **Style** 31, average length, 36 to 38 inches; latest fashionable cut. **Sizes**, 34 to 42 inches chest.

Goods No. 45F8884
Price for overcoat.....\$9.26

\$10.43 EXTRA FINE ALL-WOOL TAN COVERT TOP COAT.

Quality—A fairly medium weight, finely woven, strictly all wool covert cloth of an excellent finish, such as is used in fancy priced tailoring elsewhere.

Shade—A medium tan, caused by background being a regular dark tan shade mixed with small gray threads.

Trimings—Extra fine Venetian in body and sleeves, to match the shade of goods, sewed with silk, good wool felt shoulder padding, garments will hold their shape perfectly as they are tailored by expert workmen and fine handiwork guaranteed.

Style 31, as illustrated, in the latest fashionable cut, like merchant tailored coats. **Sizes**, 34 to 42 inches chest. Do not fail to state size wanted.

Price for overcoat \$7.94

Please do not forget to give measurements. Give size around body at breast over your vest, and state height and weight. We guarantee to fit you.

\$5.76 MEN'S WIDELY ADVERTISED CIELETTE RAINPROOF FALL AND SPRING OVERCOATS.

THESE COATS ARE SOLD AT RETAIL AT FROM \$10.00 TO \$30.00 UNDER VARIOUS OTHER BRAND NAMES WHICH USUALLY END IN "ETTE."

THE CIELETTE RAINPROOFING IS WIDELY ADVERTISED

and many imitators use a similar process of rainproofing fabrics, calling their processes other names. These names usually end in "ette," but all refer to the process of applying a patent chemical to ordinary woollens, which gives the fabrics the property of shedding water without in any manner changing the appearance, quality or flexibility of the goods. For this reason, the overcoats made from woollens so treated are adapted either for general wear as fall or spring overcoats in fair weather or serve for protection in rainy weather. They are not, however, intended for long or continued rains, such as only a rubber coat would resist, but for all ordinary rainy weather they give the most practical service and take the place of the airtight mackintosh or rubber coat, except only for severe or stormy rains. They are the most comfortable raincoats and at the same time most stylish fall or spring overcoats one could possess.

OTHER MANUFACTURERS and retail clothiers take advantage of the popular demand for this useful coat to reap big profits because the chemical involved is a recent patent, but we have bought the right to use the best patent process (the trade mark of which we show below). We manufacture the coats ourselves and thus save you a handsome sum on every coat, selling them to you direct in our usual way at only a slight profit over the actual cost of material and labor.

\$5.76 ASTONISHING VALUE IN GENUINE MEDIUM WEIGHT BLACK THIBET CIELETTE RAINPROOF OVERCOAT.

Style 135
The style in which most of our Cielette rainproof overcoats are made.

Can be worn either as a raincoat or spring and fall overcoat. Sizes, 34 to 42 inches chest only. Do not fail to state size wanted.

Goods No. 45F8852
Price for Cielette rainproof overcoat \$5.76

\$6.54 HANDSOME, DARK STRIPED CHEVIOT CIELETTE RAINPROOF OVERCOAT.

Quality—A fairly light weight, adapted for a comfortable spring and fall overcoat or raincoat. **Pattern**—Background dark and brown mixed, over which run subdued gray stripes, some stripes having a faint red thread, others a blue and others a green, serving to vary the dark brown and gray shade to some extent. Stylish looking and nobby overcoat. **Trimnings**—Sleeves and yoke lined with standard Italian, wide facings, neat tailoring throughout. **Style** 135, the usual pockets. These overcoats treated with the patent Cielette rainproofing process are not changed in the least and resemble any other overcoat of similar style. Sizes, 34 to 42 inches chest only. Do not fail to state size wanted.

Goods No. 45F8854
Price for Cielette rainproof overcoat \$6.54

\$6.98 WONDERFUL OFFER IN AN ALL WOOL DARK AND GRAY TWIST CHEVIOT RAINPROOF OVERCOAT.

Quality—A 20-ounce cloth, making a medium weight overcoat suitable for year around wear woven from all wool twist yarn, strong and durable. **Pattern**—Dark and gray, background being black, over which are scattered fairly large gray threads. Quite nobby and strictly up to date. **Trimnings**—All these garments are lined only in sleeves and yoke. This one has a good standard Italian lining, facings are wide, shoulders are neatly shaped and padded, coat has three outside pockets and one inside pocket. **Style** 135 only; average length, 51 inches. These are the most practical and economical coats one could possess. They do the work of two garments. Sizes, 34 to 42 inches chest. Do not fail to state size wanted.

Goods No. 45F8856
Price for Cielette rainproof overcoat, \$6.98

\$8.46 VERY STYLISH DARK GRAY COVERT CIELETTE RAINPROOF OVERCOAT.

Quality—A fair weight for spring or fall wear and a good grade of covert in a very dark oxford gray shade which is practical for general or dress wear.

Trimnings—Lined in sleeves and yoke only with fine merzerized Italian; facings wide, shoulders neatly padded, fronts well shaped; the tailoring is done by expert workmen throughout. **Style** 135 only; average length, 51 inches. See illustration on this page. This makes a rich dark spring or fall overcoat or raincoat and is certainly a wonderful value for the price we quote. Sizes, 34 to 42 inches chest. Do not fail to state size wanted.

Quality—A 20-ounce weight, suitable for year around wear, woven by the Ethel Allen Mills and composed of the finest worsted, a medium hard finish fabric. **Pattern**—A dark gray mixed effect with almost invisible broken checks 1/2-inch square. Considered very neat and up to date for this class of garments. **Trimnings**—Fine venetian cloth in sleeves and yoke only, shoulders padded with wool felt and fronts properly stiffened, excellent fitting qualities. **Style** 135 only, as illustrated on this page. Sizes, 34 to 42 inches chest.

Goods No. 45F8864
Price for Cielette rainproof overcoat, \$10.84

STYLES IN WHICH THEY ARE MADE.

All but two of these garments are furnished in style 140. **Style** 135 has a plain cloth collar, two lower pockets with flaps, one outside breast pocket and one inside pocket, and is made in single breasted fly front style; average length, 51 inches. **Style** 140 is double breasted overcoat with lapels the same as a single breasted overcoat, two lower pockets outside with flaps, and the usual inside pockets; plain cloth collar and average length 51 inches. We have made the fabrics into the styles best adapted for them. We don't furnish them in any other style than the one mentioned for each number. We line these overcoats only in sleeves and yoke. There is no other body lining. Facings are wide.

SIZES. Cielette Rainproof Overcoats come only in sizes from 34 to 42 inches chest measure. No larger or smaller sizes than these are furnished.

HOW TO MEASURE. Give your size around body at breast, as shown on page 1205. Measure over your vest.

OUR DESCRIPTIONS ARE ACCURATE, and we guarantee to fit you or refund money if you order from these descriptions. We do not furnish samples of these goods.

\$11.72 HIGH CLASS PURE WORSTED AND SILK MEDIUM GRAY CIELETTE RAINPROOF OVERCOAT.

Quality—Woven by the Riverside Mills from all worsted and silk yarn, weighs 19 ounces to the yard, suitable for all seasons. **Pattern**—medium gray background, dark and gray mixed with subdued gray check effect, many of these gray threads being silk in a silver shade; over this runs a very subdued almost invisible overplaid effect of single brown threads with a few hardly noticeable green silk threads. The whole effect is a medium gray shade, considered very fashionable. **Trimnings**—High class venetian in sleeves and yoke, wide facings, coats all cut to hang fairly roomy from the shoulders down. **Style** 135, as illustrated. Sizes, 34 to 42 inches chest. Do not fail to state size wanted.

OUR GREAT 10-DAY FREE TRIAL BOYS' CLOTHING OFFER.

OUR ALL WOOL GENUINE FAST COLOR DARK NAVY BLUE HEAVY WEIGHT CHEVIOT GOODS IS FURNISHED IN ALL THE DIFFERENT STYLES ILLUSTRATED ON THIS PAGE AT THE PRICES MENTIONED FOR EACH.

ASK FOR THE GOODS NUMBER given below the fashion figure that represents the style you want, state age or give your measurements according to our simple system shown on our order blank or on page 1229, enclose the special price for the style you select, and we will ship the garment to you exactly in accordance with your order. You can wear it ten days and if it does not convince you that it is the best value you ever heard of, if your neighbors don't say it is positively a wonder in boys' clothing values, if you don't conclude that you have saved just about half what you would pay elsewhere at retail for such a garment, return the garment to us at our expense and we will pay you back every cent, together with what it cost you for transportation.

TO PROVE that we are beyond doubt selling the finest grade boys' clothing, to prove that by making these clothes ourselves, that the quality of our goods and trimmings are the best on the market, to prove that our own Ucantear make, as described on page 1229, is the very best workmanship to be had in boys' clothing, to prove that we sell you such clothing at a price that represents just about half what it is worth as compared with retail values, to prove that you would pay twice as much for our goods and make if you bought the same standard elsewhere, let us send you a suit or overcoat, either a young man's long pants suit, a boy's knee pants suit or fancy suit or overcoat from this all wool dark navy blue genuine cheviot goods in accordance with our above wonderful offer, and test this proposition for

yourself, prove it to your own satisfaction at our risk. We want to convince you that you really cannot afford to be paying retail prices elsewhere when you can save so much money and be assured of getting the very finest qualities, such as we offer. While we would like to send you one of the garments offered on this page from this special value cheviot fabric, as we were able to get the goods at a greatly reduced price because of the enormous yardage we are using, yet you can select any number from this entire line and you will find that no matter what you select the value is astonishing throughout.

THIS DARK NAVY BLUE heavy weight cheviot cloth is a sound all use in the suits is 20 ounces per yard. The same cloth exactly is used for the overcoats only a much heavier weight, namely, 25 ounces to the yard. Every garment is finely tailored, padded, interlined, thoroughly stayed, seams triple sewed and taped. You can order right from this page if you please and we guarantee to please you perfectly, or if you prefer you can send for our sample book and see a sample of this very fabric for yourself. If you want our sample book before ordering write for Free Sample Book No. 88F, an illustration of which is given on page 1228.

IN ORDERING from this page give the goods number shown below the style in which you want our navy blue goods, enclose the price given for that style and state age of boy or the measurements. It is all very simple, as explained on page 1229, and we take all the risk.

YOUNG MEN'S, BOYS' AND CHILDREN'S CLOTHING.

THE LATEST STYLES AND FABRICS FOR THE FALL AND WINTER SEASON OF 1906-7.

Our celebrated Ucantear make of Young Men's and Boys' Clothing has become so well known that little description is necessary. All we ask is that, if you have not yet ordered your boys' clothing from us, that you give us a trial order, and we will guarantee that you will find ours the best made boys' clothing ever bought. Unless you get your boys' clothing made to measure at more than double our prices, you cannot get garments made as thoroughly and as strongly as the clothes we here offer. We illustrate a coat on this page which shows you the thorough work to be found in the inside of every coat we produce. All seams are taped and triple sewed so as to resist all strain. The fronts of the coats are interlined with canvas and haircloth, which prevents the garments from sagging or getting out of shape. Shoulders are made with sanitary pads worked in by hand, and collars are thoroughly shirred so as to fit close to the neck. Every coat is properly stayed and possesses all the features to be found elsewhere only in custom tailored garments.

Style 1 is a four-button round cut sack coat with one outside breast pocket, two lower pockets with flaps and a cash pocket on the inside of the right hand pocket.

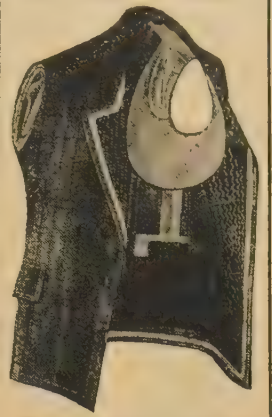

Style 3 is a double breasted three-button square cut sack coat with short roll lapel, one outside breast pocket and two lower pockets with flaps.

Style 18 is a four-button sack coat with half square corners, one outside breast pocket and two lower pockets with flaps. The coats of this style are cut military effect back with a slight flare at the bottom and with slits on the sides.

DESCRIPTIONS OF STYLES OF YOUNG MEN'S SUITS.

Style 21 is a three-button long roll double breasted square cut sack coat with one outside breast pocket and two lower pockets with flaps. Backs of coats in this style are cut in the latest military effect with a slight flare at the bottom and slits on each side. All Vests for our young men's suits are made with five buttons and a notch collar except those of style 21, which are made six-button and without a collar. We take special pains to always cut all Pants for our young men's suits in the most desirable style for the season and they will be found neatly shaped and rounded out so as to fit well over the shoes. We show this season a line of the best fabrics and most desirable patterns ever grouped together at such extremely low prices. Under each number we state the style or styles in which same is made and, as the garments are ready to wear, only the styles and sizes which we advertise for each number can be supplied. Should you find that you cannot be fitted with a suit made according to the table of measurements for young men's suits which we give below, write us first and state the style and measurements you desire and we will make you a special price to have a suit made to order or send you samples of such goods as we can furnish in the size desired.

Our "Ucantear" Make.

The illustration shows the careful and thorough work on the inside of our coats.

FIG. A.

FOR BOYS' AND YOUNG MEN'S LONG PANTS SUITS AND OVERCOATS

GIVE THE FOLLOWING MEASUREMENTS AND INFORMATION.

Goods Number of Suit or Overcoat

AGE HEIGHT WEIGHT

BREAST—(See Figure A). Take coat off, measure all around body at breast, over vest at 1, close up under arms, snug but not tight. Tape should be over shoulder blades at back.

WAIST—(See Figure C). Turn up vest, measure all around body at waist over pants at 6. Note that waist line is just above hip bones.

SLEEVE—(See Figure B). Measure over the coat from middle of back 3 around to wrist joint at 5.

INSIDE SEAM—(See Figure C). Measure from close up in crotch at 7 to the heel seam of shoe at 8.

Boys' Long Pants Suits are made in sizes from 30 to 36 inches chest measure, the sizes usually worn by average size boys from 14 to 20 years of age.

No smaller sizes than 30 inches or larger than 36 inches chest measure can be furnished in long pants suits.

Our Young Men's Suits are all made in sizes to fit average size young men from 14 to 20 years of age, or measuring from 30 to 36 inches breast measure.

WE SHOW BELOW a table of measurements, according to which all our young men's suits are cut, which will be a good guide in determining the size required. If larger sizes than those specified in our table are needed, we refer you to our Men's Ready Made Clothing Department. For each number we state the style in which it is made up. No other styles than those mentioned can be furnished.

THE TABLE BELOW shows the way the sizes of our Boys' and Young Men's Long Pants Suits run, and will help you to judge what size is required.

AGE	COAT			PANTS			The weight and chest measure are for average size boys of this age.
	Chest, inches	Sleeve, inches	Length of Coat, inches	Waist, inches	Inseam, inches	Weight, pounds	
14	30	27½	26¼	28	28	90	
15	31	28½	26¾	29	29	100	
16	32	29	27¾	30	30	110	
17	33	30	28¾	31	31	120	
18	34	30½	29¼	31-32	31-32	130	
19	35	31	29¾	32	32-33	135	
20	36	31½	30¼	32-33	33-34	140	

If you find that your boy requires a larger coat than 36 inches chest measure or pants more than 34 inches long, see our Men's Ready Made Line, pages 1204 to 1226.

USE OUR REGULAR MEASURING BLANK for young men's, boys' and children's clothing if you have one, but if you have none, take the various measurements as asked for, very carefully, and set them down in the order called for here so that we may be able to furnish you a perfectly fitting suit. Always take measurements with the coat off, putting the tape around the body close up under the arms in taking the measurement for the chest.

\$3.53 HAYWARD MILLS DARK GRAY MIXED UNION CASSIMERE.

The best possible value which can be produced for the price. **Pattern**—A black background relieved by colorings in gray, forming a broken pin check effect. **Trimmings**—Black Italian body lining, twill sleeve lining. **Style**—Coat is cut in round cut sack style, has three outside pockets and one inside pocket. \$5.36 HEAVY WEIGHT DARK BROWN MIXED CASSIMERES SUITS.

A neat appearing heavy weight soft finish fabric of unusual value. **Color**—Very dark with a striped effect in a brownish shade. One of the best popular priced fall and winter suits in our line. **Trimmings**—Most substantial possible. Black Italian lining in coats and backs of vests. Shape retaining canvas fronts, shoulder pads, ivory buttons and thoroughly tailored. **Style**—Coats are cut in four-button round cut sack style with three outside pockets and one inside pocket. Vests have five buttons and notch collar. Pants are cut in the most desirable style for fall wear and have side pockets, two hip pockets and a watch pocket.

Goods No. 40F3010

Price for suits for young men of average size from 14 to 20 years of age or measuring from 30 to 36 inches breast measure, in style 1 only. **\$5.36**

Always give age, height and weight in ordering young men's, boys' and children's clothing of any kind. While we are very rarely out of goods or sizes ordered, it is nevertheless better to give two selections in case through some chance we may be out. There will then be no possibility of disappointment.

Young Men's and Boys' Suits at Manufacturers' Prices.

ON THIS PAGE WE SHOW an exceptionally fine collection of practical suits for every day and dress wear at prices that represent about half what they are worth as compared with retail values elsewhere.

SIZES. All these garments come in sizes to fit average size young men and boys from 14 to 20 years of age, or measuring from 30 to 36 inches breast, with corresponding waist and inseam measurements. Measurements required are shown on page 1229. Give age, height and weight, then the breast and other measurements as called for. There will be

no trouble at all about the fit. We have a very large experience in this line, and positively guarantee to fit and please you in every particular or refund your money, together with transportation charges.

STYLES. Each garment is furnished in some certain style, and we do not furnish garments in any other styles than those specified in the description. See page 1229 for brief description of each style or fashion. If you want samples of these suits, write for Free Sample Book No. 88F, described on page 1228.

\$5.25 SURPRISING VALUE IN
YOUNG MEN'S CORDUROY
SUITS.

Made of pure dye close ribbed dark drab English corduroy, the same material for which usually nearly double our price is asked. Thoroughly tailored garments. Linings and trimmings are selected to match the material and every effort is made to make the suits as substantial as possible. The fact that our business in corduroy suits has more than doubled itself last season, shows that our customers appreciate the exceptional values we offer in that line. Coats have three outside pockets, one inside pocket, vests, five buttons, and pants, side pockets, two hip pockets and a watch pocket.

One of the prettiest styles shown this season. It makes a very dressy suit, not too heavy, so that it can be worn at almost all seasons of the year. **Color**—A mixture of black and olive with a narrow striped effect formed by alternating gray and yellow dotted lines. **Trimmings**—Canvas and hair cloth front, broad padded shoulders, black serge body lining, satin sleeve lining, and ivory buttons. **Style**—The latest military effect back with slits on the side and a slight flare at the bottom. Vest, single breasted, five buttons with a notch collar which will compare favorably with custom tailored garments.

Goods No. 40F3024

REMARKABLE VALUES IN

EXTRA FINE, FANCY JUVENILE SUITS.

ON THIS PAGE WE SHOW YOU A VERY SELECT VARIETY OF THE FINEST LITTLE FELLOWS' SUITS PRESENTED THIS SEASON.

WE HAVE CAREFULLY followed the most exclusive styles in little fellows' garments. Our own designers have done the most excellent work in getting up the most fashionable patterns ever brought out, and we are glad to be able to offer you a line of juvenile suits from this page that can be safely said to be unsurpassed for quality, style and fashion anywhere else, and we know that you simply cannot touch such garments at retail under about twice the price we ask. If you have been in any big city lately, you will see in the exclusive boys' clothing lines displayed in the big store windows, some styles of this class at very fancy prices, and we can assure you that they are not in any way better than the garments we offer right from this page, as all our clothing is made with the greatest possible care, and guaranteed to be of the best grade on the market.

IN ORDERING, PLEASE STATE AGE of your boy, and say whether he is large or small for his age. Please note that we say in each description, exactly what ages the suits are made for. If caps are ordered with suits, state size wanted.

WHILE WE DO NOT SHOW SAMPLES of these little suits, we do show them in colors in our big Sample Book No. 88F, which is free on request and which is described on page 1228.

DON'T BUY ANY CLOTHING OF ANY KIND FOR BOYS ELSEWHERE until you have first looked through the various divisions of this catalogue and have seen what we have for them and the remarkable values we offer. Besides what boys' clothing you find on pages 1227 to 1242, please see page 1253 for boys' duck and corduroy blanket lined and sheep lined coats. Every boy should have a coat of this kind for rough outdoor wear, school purposes, etc. Also see page 1261 for boys' mackintoshes and rubber coats and page 1258 for boys' overalls, little Brownie overalls, etc.

\$3.48 AND UP FOR YOUNG MEN'S OVERCOATS AND ULSTERS.

THESE EXTRAORDINARY VALUES IN YOUNG MEN'S OVERCOATS are only possible by our individual method of dealing direct with the weavers in procuring cloth, direct with the factories in getting trimmings and by making the garments ourselves in our own finely equipped tailoring plant, then selling to you, the wearer, direct, at a price that justifies the actual cost of goods and making to us and our one very small margin of profit.

THIS LINE REPRESENTS THE VERY BEST QUALITIES of young men's overcoats and ulsters to be had on the market. We are able to procure the finest grades of fabrics and tailors' trimmings for actually less money than other manufacturers pay for the inferior grades, because of our doing such an enormous business in clothing and we guarantee that you will find these coats not only the lowest in price but the very finest qualities, the finest made coats you can procure at any price. And if you are not convinced of this you are

at perfect liberty to return the clothes to us at our expense and we will refund the full price and transportation charges.

SIZES are made for young men or boys of average size from 16 to 20 years of age, or from 32 to 36 inches breast measure. We do not furnish any larger sizes in this line than 36 inches breast. If larger sizes are required refer to our men's line on pages 1221 to 1226.

MEASUREMENTS. Measure the same way as you would for a coat of a regular suit, give breast measure taken over the vest around body close under arms. See page 1229. State age, height and weight.

STYLES. We give here a brief description of each style and you will note that each fabric comes in some particular style and can only be furnished in the style we state in description.

IF YOU WISH TO SEE SAMPLES of these overcoats and ulsters, write for our Free Sample Book No. 88F, which is fully described on page 1228.

DESCRIPTION OF STYLES.

STYLE B41 is a single breasted three-quarter length coat, ranging in length from 33 inches for size 16 to 42 inches for size 20. Cut full back, fly front, velvet collar.

STYLE B42 full length, fly front overcoat with velvet collar. Size 16 is 46 inches long and size 20 50 inches long.

STYLE B45 is a long double breasted ulster with a large collar of same material as coat and with two muff pockets and two lower pockets with flaps.

STYLE 26 is a double breasted overcoat with a seam and with a long slit in the back. A broad collar, broad lapels and cut full length. Size 16, 46 inches long; size 20, 50 inches long.

STYLE 33 is a medium length, latest style, fly front, single breasted overcoat, with a seam and a long slit in the back, velvet collar, lengths ranging from 42 inches for size 16 to 46 inches for size 20.

SEE OUR OFFERS IN DUCK CORDUROY, BLANKET AND SHEEP LINED COATS FOR BOYS ON PAGE 1253.

\$3.48 SINGLE BREASTED DARK GRAY MELTON THREE QUARTER LENGTH FLY FRONT OVERCOATS.

No better value than this garment has ever been produced in an overcoat. The material is a neat, very dark gray melton cloth. Coats are cut fly front, have a velvet collar, one outside breast pocket, two lower pockets with flaps and are double stitched all around. Every seam in the garment is triple sewed and taped. Lined with good black twill lining, strong mohair sleeve lining.

Goods No. 40F3224

Price for single breasted overcoats for young men from 16 to 20 years of age, but not larger than 36 inches breast measure, in style B41.....\$3.48

\$3.98 HANDSOME GRAY STRIPED MELTON FLY FRONT OVERCOATS WITH SLIT IN THE BACK.

Very neat appearing coat in a dark gray striped effect. A very popular pattern for the season. Extra strong made with black twill lining, neatly striped mohair sleeve lining, every seam double stitched and taped. Coat has a velvet collar, one outside breast pocket, two lower pockets with flaps, one inside pocket and a long slit in the back which is made to button. Exceptional value in an overcoat made in the latest fall style.

Goods No. 40F3226

Price for overcoats for young men from 16 to 20 years of age, but not larger than 36 inches breast measure, in style B33.....\$3.98

\$4.22 HEAVY WEIGHT FAST BLACK MELTON CLOTH LONG BELT OVERCOATS.

Coats which generally wholesale for considerably more than our retail price. Cut full length, fly front, with velvet collar, three outside pockets, one inside pocket, lined with extra strong black twill lining, mohair sleeve lining and with every seam triple sewed and taped. No stronger made coat can possibly be produced.

\$4.48 FANCY GRAY STRIPED CHEVIOT LONG FLY FRONT OVERCOATS.

Material is especially well adapted for a stylish looking overcoat for early Fall and early Spring wear. It is not too heavy. Exceptionally well tailored, every seam triple sewed and taped. A loose, full cut garment with three outside pockets, one inside pocket, a velvet collar and provided with a belt which can be detached if desired. Lined with fine black twill lining and black and white striped mohair sleeve lining.

Goods No. 40F3230

Price for single breasted overcoats for young men from 16 to 20 years of age, but not larger than 36 inches breast measure, in style B42.....\$4.48

PLEASE READ THIS

BEFORE ORDERING as it will enable you to make the best possible selection of AN OVERCOAT or OTHER GARMENT.

ON OUR BASIS AS MANUFACTURERS selling direct to the wearer the difference between the more ordinary qualities and the very finest grades of garments is cut in two. For example, you see that our lowest priced overcoat on this page is \$3.48 and the highest priced is only \$3.98, a difference of just \$5.50. Now if you would figure on the difference between the lowest priced overcoat at retail and the highest priced coat you would find the difference almost twice as great as this and yet that difference would not represent any better quality than our difference of \$5.50. Don't you see then that it will pay you to spend the difference of \$1.00, \$2.00 or even \$5.50 to get the very best grades seeing that every dollar means so much better quality?

\$5.25 LATEST STYLE DOUBLE BREASTED OVERCOATS IN A MEDIUM SHADE OF GRAY MELTON.

One of the most practical and neatest appearing styles of overcoats ever designed. It is made double breasted with large lapels and a half ulster collar of the same material as the coat. Cut full length with a long slit in the back and we also furnish a belt with it which can be worn with coat if desired. Color, the latest effect in a medium light gray. Lined with a splendid quality Italian cloth, made with welt seams and double stitched edges all around. Broad padded shoulders. You cannot appreciate the exceptional value of this coat until you see it. Include one in your order and if you do not consider it the greatest value ever shown in a stylish overcoat, return it at our expense and we will refund your money.

\$10.00 OUR FINEST DARK OXFORD GRAY MIXED VICUNA CLOTH OVERCOATS.

A fine all wool soft finish material in a very dark shade of oxford gray. A particularly desirous pattern for stylish overcoats. Tailored in first class manner with broad padded shoulders, fine silk velvet collar, one outside breast pocket, two lower pockets with flaps and cut in the most stylish effect for the season. Seam in the back and a long slit which can be buttoned. The coat is lined with a very fine serge venetian lining and black satin sleeve lining. We believe that this coat cannot be duplicated for nearly double our price. We bring out the most perfectly fitting effects in overcoats. Our system of measuring is easy to follow. See page 1229. Just give age and breast measure, that's all that is actually needed.

AND UP

FOR BOYS' SCHOOL OVERCOATS

OUR LINE OF SCHOOL OVERCOATS FOR THIS SEASON is selected view to furnishing the most durable and at the same time the neatest appearing class of garments at the lowest possible prices ever quoted. Every garment which we offer is carefully tailored, lined in the most substantial manner and cut in the correct styles and lengths for the season.

ALL THAT WE SAY ON PAGE 1229 concerning our Ucantear make can actually be applied to the making of these coats as we guarantee them to be actually the best class of garments ever offered for school boys' wear or for general or dress wear for boys of this age. Making these clothes ourselves in our own splendidly equipped tailoring plant and supervising every part of the work as we do we are able to insure very much stronger, better made and more lasting garments than you ordinarily get by paying pretty near twice our price at retail.

SIZES. School overcoats are made in sizes to fit the average size boys from 9 to 15 years of age only, but not over 31 inches breast measure. 31 inches breast is

the largest size we carry in school overcoats and if you must have a larger size you will be obliged to select from our line of young men's overcoats shown on page 1238.

STYLES. Each fabric is furnished in a style which is described for each number and this is the only style in which the fabric is furnished. We have made the fabric in the styles best adapted for them.

SHOULD YOU CARE TO SEE SAMPLES of these overcoats we will mail you our big Free Sample Book No. 88F on request. See page 1228 for description of this book. However the descriptions here given are accurate and complete and we positively guarantee to satisfy you if you order from them.

HOW TO ORDER. Give the age of boy and say whether he is large or small for his age. This is all we actually need, but if you wish to be still more accurate you might state his breast measure. We tell you all about sizes of boys clothing on page 1229.

Don't forget to state age.

SEE OUR OFFERS IN DUCK AND CORDUROY, BLANKET AND SHEEP LINED COATS FOR BOYS' SCHOOL WEAR, OR FOR SKATING AND ALL OUTDOOR PURPOSES, PAGE 1253.

Always state the goods number.

\$2.98 OUR \$2.98 DOUBLE BREASTED HEAVY DARK GRAY MELTON CLOTH SCHOOL OVERCOATS.

Without a doubt the greatest value ever offered in a double breasted coat. The material is a heavy weight very dark gray melton cloth, which is sure to give satisfactory wear. Coats are cut full length, full back and in the popular double breasted style. Have velvet collars, one outside breast pocket, two lower pockets with flaps and are provided with a belt in the back which can be detached if not desired. Lined with strong black twill lining, mohair sleeve lining and with every seam double stitched and taped. Easily the greatest value ever offered in a double breasted overcoat. On our basis, however, a better grade costs you so little more that it pays to spend a little more and get one of the coats shown in the bottom row of this page.

\$1.52 **FOR LITTLE FELLOWS** AND UP FANCY JUVENILE OVERCOATS

YOU WILL AGREE WITH US that the line of fancy overcoats for little fellows represented on this page and on page 1241, comprises the most fashionable, up to date and handsome styles for juvenile overcoats that one could find anywhere. Our designers have been able to select for us a line of fashions that enables us to present an assortment of styles that is not surpassed anywhere else, not even in the big city clothing stores.

IF YOU HAVE ANY LITTLE FELLOWS IN THE FAMILY, you cannot afford to overlook this assortment, as both from the standpoint of quality and value we offer you the best you can possibly get. Our facilities enable us to sell direct to you at prices that other wholesale manufacturers would charge the dealer in dozen lots. Our line represents all the novelties, all the latest designs in this class of garments. **Sizes**—These garments are made for boys of average sizes from 3 to 8 years of age, and in ordering be sure to state age of the boy and say whether he is large or small for his age. Order by age only.

WHILE WE DO NOT FURNISH SAMPLES of these little overcoats, we show them in colors representing the exact shade of the goods and trimmings, in our big free Sample Book No. 88F, described on page 1228. However, you can order from these descriptions below with the perfect assurance of being satisfied, or we will refund you the purchase price and what you paid for transportation charges.

\$1.52 GRAY MIXED MELTON CLOTH OVERCOATS.

Without a doubt the greatest value ever offered in a well made full size child's overcoat. The material is a medium gray melton cloth of good wearing quality. Coat has a velvet collar, two outside pockets with flaps, is trimmed with eight metal buttons and has a belt in the back. The tremendous quantity which we can use makes it possible to sell this coat at the price for which we offer it.

Goods No. 40F3180

Price for Juvenile overcoats for boys from 3 to 8 years of age only.....\$1.52

\$1.78 DARK OXFORD GRAY MELTON OVERCOATS.

A very neat little coat made as illustrated with a double breasted appearing front and one large plait down the center, which is piped with black silk cord and brass eagle buttons. A silk embroidered emblem is on the left sleeve. Made with velvet collar, two outside pockets and flaps, with every seam taped and triple stitched. A substantially made and neat appearing coat which is sure to give satisfaction.

\$2.73 HEAVY WEIGHT DARK OXFORD MIXED CASSIMERE OVERCOATS.

A very handsome appearing garment, made as illustrated, with a shield front, a box plait and two tucks down the front, which are piped with black cord. The shield is ornamented with three black silk clusters. Coat has a velvet collar, a red silk embroidered emblem on left arm, a belt in the back and buttons with a fly. The material is a splendid quality of dark gray mixed cassimere of a heavy weight and makes a very handsome appearing and substantial coat.

Goods No. 40F3187

Price for Juvenile overcoats for boys from 3 to 8 years of age only.....\$2.73

\$2.85 HEAVY WEIGHT NAVY BLUE MELTON CLOTH OVERCOATS WITH BLACK ASTRAKHAN CLOTH COLLAR AND CUFFS.

One of the greatest values ever shown in a substantial, warm and dressy coat. Material is a heavy weight, dark navy blue melton cloth and the collar and cuffs are trimmed with black astrakhan cloth, which has the appearance of fur. The front is ornamented with three braided loops and buttons with a fly. The coat will be found a thoroughly tailored garment and we are confident that our price is far below garments of this style and quality of material shown elsewhere.

Goods No. 40F3188

Price for Juvenile overcoats for boys from 3 to 8 years of age only.....\$2.85

\$2.95 FANCY MIXED CASSIMERE MILITARY CAPE OVERCOATS.

A very pretty style made exactly as illustrated, with a detachable military collar, lined with red flannel. Coat has a double breasted appearing front, is trimmed with handsome metal buttons, has a velvet collar and a belt in the back. The skirt of the coat is made with three box plaits in the back. The material is a good weight, olive and gray mixed cassimere which gives a very dressy appearance.

Goods No. 40F3189

Price for military cape overcoats for boys from 3 to 8 years of age only.....\$2.95

\$2.76 DARK OXFORD MELTON CLOTH OVERCOATS.

Another very handsome little coat, made with a shield front and with a large box plait down the front, trimmed with white pearl buttons and a silk embroidered emblem in the center of box plait. Coat has a velvet collar, two outside pockets with flaps and a detachable belt in the back. A splendid, dressy little garment.

Goods No. 40F3190

Price for Juvenile overcoats for boys from 3 to 8 years of age only.....\$2.76

\$3.48 DARK GRAY MIXED CHEVIOT OVERCOATS, WITH ASTRAKHAN CLOTH COLLAR AND CUFFS.

One of the most popular styles for the little fellows. The material is an extra good quality of dark gray mixed cheviot. The coat buttons with a fly, the collar and cuffs are trimmed with black astrakhan cloth, and the front is ornamented with handsome black silk clusters and loops. For a dressy, warm winter coat there is nothing better than this number.

Goods No. 40F3191

Price for Juvenile overcoats for boys from 3 to 8 years of age only.....\$3.48

\$3.52 DARK GRAY MIXED ALL WOOL FRIEZE OVERCOATS.

For a substantial dressy coat there is nothing like the material we use in this garment. The color is a dark oxford. The coat is made to button with a fly, and the front is made with a shield, which is bound all around with fancy black braid. Front and cuffs are ornamented with handsome black silk clusters. Coat has a velvet collar, two outside pockets with flaps and a detachable belt in the back. Another of the best values we are able to offer this season.

Goods No. 40F3192

Price for Juvenile overcoats for boys from 3 to 8 years of age only.....\$3.52

OUR VERY FINEST GRADES OF LITTLE FELLOWS' JUVENILE OVERCOATS

THE FANCY LITTLE OVERCOATS on this page represent our very finest garments of this class. While for less money from page 1240 we can furnish you coats that are worth twice the price there quoted and while they would cost you fancy prices if you bought them elsewhere, yet if you select from this page from some of our very best grades you get such garments as are not often found in the average stores throughout the country except at such high prices as one does not care to pay. You will save a substantial sum by getting these finer grades and will be sure of having the finest coats ever made for little fellows. You will save

STATE AGE OF THE BOY and say whether he is LARGE or SMALL for his age. We will be sure to send you perfectly fitting garments and guarantee to satisfy you perfectly. The three next numbers of Astrakhan Coats are among the very latest novelties of the season.

\$4.00 BLACK ASTRAKHAN CLOTH OVERCOATS.

Made of a splendid quality of large coal black astrakhan cloth with collar and cuffs, trimmed with black and white astrakhan cloth, which gives it a very handsome effect. The front buttons with a fly, and is ornamented with three beautiful black silk clusters and loops. Coat has two outside pockets with flaps and is made with side vents. A handsome appearing, dressy little garment, at a price which we know bars all competition.

Goods No. 40F3193

Price for Juvenile overcoats for boys from 3 to 8 years of age only.....\$4.00

\$4.48 FANCY TRIMMED RED ASTRAKHAN CLOTH OVERCOATS.

A stylish up to date little garment, made exactly as illustrated with a large velvet collar and with the front and cuffs trimmed with black tape, three black silk aiguillettes, a handsome white silk embroidered emblem on velvet on the left arm and a belt in the back. The material is a red astrakhan cloth, a very favorite color for dressy coat for the little fellows and we know that our price for this splendid novelty is far below that usually asked for it.

Goods No. 40F3194

Price for Juvenile overcoats for boys from 3 to 8 years of age only.....\$4.48

\$4.73 RED FLANNEL LINED BLACK AND WHITE ASTRAKHAN CLOTH OVERCOATS.

There is nothing dressier than this little coat. It buttons with a fly and has a large shield front, which is trimmed with broad black tape and ornamented with six black silk clusters, cuffs are also trimmed with braid and two black covered buttons and a beautiful silk embroidered emblem on a velvet background is on the left sleeve. Coat has a belt in the back and is made with black velvet collar. The material is a splendid quality of black and white mixed astrakhan cloth, and the coat is lined throughout with all wool red flannel.

Goods No. 40F3195

Price for Juvenile overcoats for boys from 3 to 8 years of age only.....\$6.25

\$6.50 DARK NAVY BLUE KERSEY OVERCOATS WITH FUR COLLAR AND CUFFS.

Absolutely the best value that has ever been offered in a fur trimmed overcoat. Coat is made exactly as illustrated. The material is a dark navy blue kersey, collar and cuffs are made of black electric seal, a very handsome appearing fur. The front is ornamented with black silk clusters and loops. Coat is made with a long slit in the back, has two outside pockets with flaps and is lined throughout with fine black Italian cloth. If you favor us with an order for this number you can expect to receive a thoroughly tailored and up to date coat which small retailers would hold for at least double our price.

Goods No. 50F3198

Price for Juvenile overcoats for boys from 3 to 8 years of age only.....\$6.50

3.98 FOR YOUNG MEN'S CIELETTE RAINPROOF SPRING AND FALL OVERCOATS

This is the class of useful garments that are sold everywhere else at fancy prices merely because of a patent chemical used to rainproof the cloth

RAINPROOF OVERCOATS

are widely advertised under various brand names, names that usually end in "ette," as we state in describing our men's coats on page 1226. All of these brands have reference to coats made of ordinary woolsens and rainproofed by a special patented chemical process which is applied to the fabric without in any manner affecting the quality or color of the goods.

OTHER MANUFACTURERS

take advantage of these facts to reap big profits, notwithstanding the fact that the rainproofing process can be applied for mere nominal cost.

\$3.98 MEDIUM GRAY CHEVIOT CIELETTE OVERCOATS.

A neat appearing, serviceable coat for every day wear during the spring and fall season. Coat has no body lining, only a yoke and sleeve lining. Made of good black Italian cloth. Shoulders are padded and coats have three outside pockets. We believe that a coat in this material and make has never been offered before at such a price.

Goods No. 40F3260

Price for young men's rainproof overcoats, sizes 16 to 20 years, but not larger than 36 inches breast measure, in style B63.....\$3.98

\$5.95 FOR A FAST BLACK THIBET RAINCOAT MADE IN STYLE B63, AS ILLUSTRATED.

Wonderful value in a black coat, well tailored, neat appearing garment. Made with a satin yoke, satin sleeve lining, piped seams, long slit in the back, three outside pockets, and furnished with a belt which can be detached if desired. A useful coat either for a regular overcoat or for a raincoat.

Goods No. 40F3261

Price for young men's rainproof overcoats, sizes 16 to 20 years, but not larger than 36 inches breast measure, style B63.....\$5.95

Style B63 for ages from 15 to 20.

WE USE THE CIELETTE,

Rainproofing process, the best of all brands, and we make the garments ourselves, just the same as we do all the rest of our clothing, selling them to you at a price that takes in only the actual cost of the goods and tailoring, with but our one small profit added. Hence we offer you the same extraordinary values in this line as in any other garments, notwithstanding the fact that others charge fancy prices for similar coats.

We do not recommend these garments for heavy or continuous rains, but for all average rainy weather they are a perfect protection, serving either for an ordinary overcoat or raincoat as prepared, being the most stylish garments of either class. For very heavy rains and stormy weather we refer you to our Mackintoshes and rubber coats for boys, on page 1261.

SIZES. These raincoats come in sizes to fit the average size young men from 16 to 20 years of age, not larger than 36 inches breast measure. Take this measurement just the same as for an ordinary overcoat over the vest. See page 1229.

\$5.98 FANCY MIXED CHEVIOT RAINPROOF COATS.

An attractive pattern in a fancy mixture, with colorings in gray, black, red and yellow. Made like style B63, correct length, collar of same material, all seams piped. A long slit in the back, satin yoke, satin sleeve lining, one outside breast pocket, two lower pockets with flaps, and made with broad, padded shoulder effect. A coat for which retailers will ask at least \$10.00. Suitable either for a raincoat or a spring and fall overcoat.

Goods No. 40F3262

Price for young men's rainproof overcoats, sizes 16 to 20 years, but not larger than 36 inches breast measure, style B63.....\$5.98

\$7.95 FINE ALL WOOL BLACK VICUNA CLOTH RAINPROOF OVERCOATS.

Without a doubt the best spring and fall coat in fast black, all wool material which has ever been offered anywhere. Elegantly trimmed with black venetian yoke, black venetian sleeve lining. Made with the popular broad shoulder effect and with fronts interlined with canvas, which tends to keep the coat always in shape. Coat has one outside breast pocket, two lower pockets with flaps, a long slit made to button in the back, and we also furnish a belt with it, which can be detached if desired. Send us your order for one of these coats, and if you do not consider it the most surprising value you have ever seen, return it at our expense, and its purchase price and all expense charges you have had will be refunded to you.

Goods No. 40F3263

Price for young men's rainproof overcoats, sizes 16 to 20 years, but not larger than 36 inches breast measure, style B63.....\$7.95

\$1.85 AND UP FOR BOYS' REEFER COATS

WE SHOW A VERY NEAT COLLECTION OF BOYS' REEFERS TO FIT LITTLE FELLOWS FROM 3 TO 8 YEARS OF AGE, ALSO A LINE OF STORM COLLAR REEFERS FOR BOYS FROM 8 TO 16 YEARS OF AGE. PLEASE NOTE THE SIZES IN WHICH EACH NUMBER IS QUOTED. STATE AGE OF YOUR BOY AND SAY WHETHER HE IS LARGE OR SMALL FOR HIS AGE.

\$1.85 UNUSUAL VALUE IN LITTLE FELLOWS' BUTTON TO THE NECK REEFER COATS.

\$2.48 FINE DARK BLUE MELTON CLOTH REEFERS.

One of the neatest garments which we are able to offer this season in this popular style. The little coats are cut in regular double breasted style with broad lapels, velvet collar, two outside pockets with flaps, trimmed with fine brass buttons and on the left sleeve is a silk embroidered emblem. A thoroughly well tailored coat, lined with splendid black Italian cloth. The price which we make on this garment is less than half what is usually asked for it.

Goods No. 40F3256
Price for little fellows' reefer coats for boys from 3 to 8 years of age only.....\$2.48

\$3.50 STYLISH DARK BROWN ASTRAKHAN CLOTH THREE QUARTER REEFERS.

One of the dressiest and most popular styles in warm winter coats shown this season. Material is a splendid neat curl dark brown astrakhan cloth. Coats are cut in double breasted style with long broad lapels, velvet collar to match the material, padded and interlined so as to retain their shape, and lined throughout with a splendid quality of all wool serge lining. Trimmed with handsome ivory buttons to match the material. Two outside pockets with flaps, one inside pocket. A thoroughly tailored, stylish coat of more than ordinary value.

Goods No. 40F3250
Price for double breasted reefer coats for boys from 8 to 16 years of age only.....\$3.50

\$2.25 STORM COLLAR REEFERS FOR BOYS FROM 8 TO 16 YEARS OF AGE.

The garments we offer under this number are made of extra strong dark gray melton cloth, substantially tailored, lined with black Italian cloth. Have two muff pockets, two lower pockets with flaps, a large storm collar with a throat latch attached. Nothing better for a warm winter garment for every day wear.

Goods No. 40F3244
Price for storm collar reefer coats for boys from 8 to 16 years of age only.....\$2.25

\$2.75 HEAVY DARK NAVY BLUE MELTON CLOTH STORM COLLAR REEFERS.

One of the best blue coats in this popular style which we have ever been able to offer. Material is heavy weight, strictly fast color dark navy blue melton cloth, which is sure to give satisfactory wear. Coats are made in the most substantial manner possible, lined with black Italian cloth in body and sleeves. Have two outside muff pockets, two lower pockets with flaps, a large storm collar with a throat latch attached. There is nothing better than a good reefer coat for skating or other winter sports.

Goods No. 40F3246
Price for storm collar reefer coats for boys from 8 to 16 years of age only.....\$2.75

\$3.48 NAVY BLUE CHINCHILLA STORM COLLAR REEFERS.

This favorably known material for boys' reefer is always in great demand and usually much higher prices are asked than we quote. The coats are thoroughly well made garments with muff pockets two lower pockets and flaps. Have two outside muff pockets, two lower pockets with flaps, a large storm collar, lined with splendid black Italian cloth. Full cut and roomy garments. Try one of these coats and we believe that you will consider it the best value you have ever obtained for the price.

Goods No. 40F3248
Price for storm collar reefer coats for boys from 8 to 16 years of age only...\$3.48

\$9.98

OUR GREAT LEADER BUFFALO CLOTH FUR OVERCOAT.

LOOK AT OUR ASTONISHING OFFERS IN FUR OVERCOATS, BOTH FOR ORDINARY WEAR AND FOR FINE DRESS WEAR PURPOSES, OUR FUR LINED GARMENTS, ETC.

By operating the largest duck and fur coat factory in the United States, we furnish fur coats, duck, leather and sheep lined clothing direct to you at lower prices than dealers pay other manufacturers, and at the same time we furnish the very finest quality of these garments ever offered.

THIS WONDERFUL VALUE buffalo cloth coat No. 41F296 at \$9.98 is made of extra heavy, rich dark brown buffalo cloth, closely resembling the buffalo fur, and is guaranteed to stand all kinds of hard usage, and to be a coat that will give absolute satisfaction. It is not a shoddy material which some manufacturers term buffalo cloth, but has a genuine stockinet back, which in itself is a guarantee as to its wearing qualities.

READ THIS: The coat is lined throughout body with an excellent quality of quilted, mercerized Italian lining, iron cloth sleeve lining, leather arm shields to protect the arm holes from wearing, sleeves and upper part of the coat are rubber interlined, making the garment wind and waterproof. It has two outside breast or muff pockets, two skirt pockets, and is cut full 52 inches long. Can you imagine such a coat being sold by any dealer for anything less than \$15.00 to \$18.00? He could not buy it from any manufacturer for any such price as \$9.98, our great leader price and special offer to you. You can see from the extra care in making this coat, and from the fine quality of the garment throughout, what you might expect in our higher priced fur coats, such as we make in our big factory for the finer purposes.

WHILE WE RECOMMEND this buffalo cloth coat to you, telling you truthfully exactly what it is, and while it is a better coat by far than the average buffalo cloth coat others sell at a much higher price, and is the best coat of its kind manufactured, yet it will pay you greatly to invest more money and get one of our very fine genuine fur coats, for example, our galloway calf coat No. 41F304 at \$22.40, on page 1244 or the still finer grade at \$24.96, or any one of the fur coats No. 41F310 buffalo calf, No. 41F313 wombat or No. 41F316 our finest wombat, or our fine raccoon skin coats or extra fine fur lined dress coats on the following pages. Making these coats as we do in our own directly controlled factory, we are selling them to you on the basis of actual cost of skins and the making, with but our one very small margin of profit added, and you get lower prices and better qualities of fur coats, whether one of our low priced or high priced garments, than any manufacturer will quote to small dealers, and there is no comparison whatever between our prices and those of the average dealer who has to pay more than our price to manufacturers for the coats not guaranteed to the extent that ours are.

IT WILL CERTAINLY PAY YOU, while you are buying a fur coat, a coat that is supposed to do you for a considerable time, a coat you don't buy every year—it will pay you to get an extra good one; and for the price that you would pay to a dealer for an ordinary cheaply made fur garment of skins that are not thoroughly tested you can get from us for less money the finest coat on the market of any particular fur that you prefer.

IT IS UNDERSTOOD that we guarantee the quality of each and every coat in this line, guarantee the workmanship and trimmings to be exactly as we describe and the garments in every way to be free from defects and that if you are disappointed with them in any way whatever, if you don't believe that the value is all or even more than we claim for it, you are at liberty to return the coat to us at our expense and we will refund you the price of it, together with the freight or express charges you paid.

THIS COAT comes in sizes from 36 to 46 inches chest. See the left hand corner at the bottom of this page for terms and general information on fur coats.

If you want this buffalo cloth coat ask for

No. 41F296 Price\$9.98

TERMS AND GUARANTEE ON

FUR COATS. While we ship men's fur coats C. O. D. where you send \$2.00 deposit with the order, it is advisable to send the full price with the order and avoid the charges express companies make for returning money on C. O. D. shipments. Practically all our customers send the full price with their orders. All coats are guaranteed to leave our establishment in perfect condition and free from all defects, and if not entirely satisfied with coat when you receive it, you are at liberty to return it to us at our expense and we will refund your money, together with transportation charges. If a coat has been worn, and if for any reason you are not entirely satisfied with it and you return it to us, we reserve the right to repair the coat, furnish a new coat in place of it or refund your money, as the case requires.

SIZES. Sizes of men's fur coats run from 36 to 46 inches breast measure, inclusive. Coats are cut full size and run full 52 inches in length. Fur coats should not be worn tight. In ordering, be sure to give correct measurements around chest, under the arms, over your vest, and be sure to give correct height and weight, as these are also necessary. Anything over 46 inches chest, or longer than 52 inches, we call extra or over size, for which we make an extra charge as below:

EXTRA CHARGES FOR OVER

SIZES. On all fur coats measuring over 46 inches breast measure up to and including 52 inches breast measure, we charge 10 per cent more than the price quoted for the regular sizes in this catalogue. For fur coats over 52 inches breast measure and up to and including 56 inches breast measure, we charge 20 per cent extra. For extra length coats, we charge as follows: For fur coats measuring over 52 inches in length, up to and including 56 inches, we charge 10 per cent more than price quoted for regular lengths in this catalogue. Over 56 inches and up to and including 60 inches in length, we charge 20 per cent extra. For example, if you wish a fur coat of any number which costs, in regular sizes, \$15.00 and your breast measure is 48 inches, we would charge you 10 per cent more than the catalogue price, which is \$1.50 more in the case of the \$15.00 coat, making it cost you \$16.50. If you want a coat which is an extra size as well as an extra length, we charge you the combined extra charges both for size and length.

\$14.99

BROWN CABARETTA FUR OVERCOAT.

Fur—Genuine brown cabaretta, closely resembling the color and fur of the genuine buffalo, and a very warm, durable fur. **Trimming**—Heavy quilted lining throughout body and sleeves, finished at bottom with a strip of leather protecting bottom edge from wearing against the shoe, leather arm shields. Coat is double sewed throughout and fitted in sleeves with our patent wind excluding wristlets and closes with loops and buttons. Sizes, 36 to 46 inches breast, full 52 inches long.

No. 41F297 Price.....\$14.99

\$16.49 EXTRA QUALITY BROWN CABARETTA COAT.

Made and trimmed in exactly the same way as the above coat, only made from the very best selected cabaretta skins.

No. 41F293 Price.....\$16.49

\$14.48

SPECIAL GRAY NORWAY DOG COAT.

Fur—Extra quality selected gray Norway wolf dog skins of a rich shade, tipped with black, absolutely natural color. **The Make**—Double sewed throughout, body lined with heavy quilted mercerized Italian in body, and heavy iron cloth in sleeves, leather arm shields and woolen woven wind excluding wristlets; closes with loops and buttons. Sizes, 36 to 46 inches breast measure, 52 inches long.

No. 41F298 Price.....\$14.48

\$15.75

GREAT VALUE BLACK LAMB SKIN COAT.

Fur—A carefully selected jet black curly lamb skin; a very warm, medium weight fur coat, large shawl collar of same fur. **The Make**—Quilted lining throughout body, heavy iron cloth in sleeves, leather arm shields, wind excluding wristlets and coat closes with loops and buttons. We recommend this coat for general wear and especially for street purposes or driving. The material and workmanship will give you perfect satisfaction as you understand the coats are made under our own control. Sizes, 36 to 46 inches breast measure.

No. 41F300 Price.....\$15.75

\$15.98 BLACK CHINA DOG SKIN COAT.

Fur—Black China dog skins that are perfectly matched giving the coat the appearance of being made from one hide; skins all natural color and will wear exceptionally well. **The Make**—Double sewed throughout, quilted lining, leather arm shields, wind excluding wristlets, fitting tight at the wrist, a feature very essential in a well made fur coat. While this is a very fine coat, better than the average dealer handles, if you wish to get our best China dog coat, made from the very finest skins obtainable, select the next number below. **Sizes**, 36 to 46 inches breast measure.

No. 41F299 Price... \$15.98

\$17.80

BEST QUALITY PLAIN BLACK DOGSKIN COAT.

Fur—The very best and most carefully selected black China dogskins well worth paying the difference in price for, considering the quality throughout.

Make—Exactly the same as the above coat No. 41F299, large and roomy, 52 inches long, made only from extra heavy furred and better skins. **Sizes**, 36 to 46 inches chest.

No. 41F294 Price.....\$17.80

\$22.40 JET BLACK GALLOWAY CALF COAT.

Fur—Jet black galloway calfskins, well selected and matched. A splendid wearing fur, immensely popular with fur coat users, making a comfortable, medium weight and warm garment. **The Make**—Cut very full size, double sewed throughout, leather arm shields, woolen woven wind excluding wristlets, heavy quilted Italian lining, large shawl collar and loops and buttons. Bottom of coat faced with leather, protecting it from wear against the shoe. Before buying, look at the next description of a still better coat. **Sizes**, 36 to 46 inches chest.

No. 41F304 Price...\$22.40

\$24.96

XXXX QUALITY JET BLACK GALLOWAY CALF SKIN COAT.

Fur—The highest priced galloway calfskin coat we sell, the very finest and most carefully selected skins being used. Has a very large, genuine astrakhan collar. Sold with our special guarantee to give absolute satisfaction or money refunded. **The Make**—Otherwise than the better skins, it is exactly the same style and make as the above number, and manufacturers are asking from \$5.00 to \$10.00 more than our price for a coat no finer, and on top of that the retail dealer has to make his profit. You will make an exceptional saving by investing in this coat; you not only save the retailer's profit, but save part of the manufacturer's profit and get the best coat besides. **Sizes**, 36 to 46 inches chest, cut large and roomy, which avoids the tight feeling across chest and under arms which coats of other makes have.

No. 41F306 Price.....\$24.96

\$19.96 EXTRA QUALITY BLACK DOG SKIN COAT WITH WOMBAT COLLAR.

Don't buy a fur coat elsewhere, either for general wear or special dress purposes or for driving, until you have first seen one of our fur coats, either this one or some other mentioned on the previous or the following pages, as they are the most astonishing values, the finest qualities ever presented to wearers of fur coats.

**GIVE THE NUMBER OF THE COAT YOU WANT,**

state your breast measure and enclose our price, and you can take the coat home with the understanding that you can examine it thoroughly, and if it don't prove to be worth pretty near double what the average dealer sells at a similar price, or if the quality of our coat would not cost you pretty near twice as much elsewhere, and if it isn't

ABSOLUTELY THE FINEST GARMENT YOU EVER SAW FOR THE MONEY,

return the coat to us at our expense and we will give you back the price of it and what it cost you for express or freight.

THIS EXTRA QUALITY BLACK DOGSKIN COAT, No. 41F295,

AT \$19.96, is made from a very fine grade of natural black dog skins, very heavy fur and has a large shawl collar of silver gray wombat, making a handsome contrast. Skins are thoroughly deodorized, and entirely free from any offensive odor. In fact every detail of expert furriers' work is strictly followed out in our manufacturing plant. Not only will you find this coat perfect in every detail but the same great care is taken in the making of every coat we offer. This black dogskin coat is lined with heavy iron cloth in sleeves and fine quality mercerized Italian in body, leather arm shields and wind excluding wristlets, bottom of coat at back has a strip of leather 32 inches long, preventing the shoe from wearing out the edge. **Sizes**, 36 to 46 inches chest. Full details as to terms in general and the special prices of extra sizes will be found at the bottom of the left hand side of page 1243.

OUR FUR COAT TRADE HAS DOUBLED EACH SEASON,

for several seasons, simply because our customers have learned the fact that as manufacturers we quote them prices and give them values that are better than the dealers at home get from manufacturers. In fact, great numbers of dealers throughout the country, looking at the practical side of it, wishing to get the best coats for the money they can possibly get anywhere, are buying our coats and selling them to their trade because they know that the quality of them commands a good price; surely, then, the wearer is making a most handsome profit and a great saving by getting his fur coats from us. If you want this fur coat ask for

DON'T FORGET TO STATE YOUR SIZE AND THE NUMBER OF THE COAT YOU ARE ORDERING.

\$23.15 JET BLACK CURLY DOG COAT.

Fur—A jet black domestic skin of extra fine appearance, so fine that unscrupulous manufacturers often sell coats of this class for genuine astrakhan. Skins are carefully matched and thoroughly deodorized by a patent process of our own, guaranteeing it against offensive odor. Fur has a rich, glossy appearance, and at the same time is one of the finest wearing garments in our line. **The Make**—Double sewed throughout, leather arm shields and patent wind excluding wristlets; heavy Italian lining. It pays to buy a coat like this; we protect you against defects of all kinds. Dealers and manufacturers elsewhere sell a coat of this description to small merchants at \$5.00 to \$10.00 more than we ask. Our business has more than doubled in fur coats each season, for the past seasons, because of the quality and remarkable values in the fur coats we are selling. **Sizes**, 36 to 46 inches chest. See page 1243 for general information on fur coats.

No. 41F306 Price....\$23.15

**\$23.48 JET BLACK SIBERIAN KIP COAT.**

Fur—Siberian kip, which is a hide with a medium length fur and noted for its toughness and wearing qualities, as well as an elegant luster, fine jet black. This coat was very popular with us last season, having sold a very large number of them, and we fully expect to sell three or four times more this season because of the merits of this garment. **Style and Make**—Lined throughout body with heavy quilted mercerized lining, double sewed all the way through, leather arm shields, wind excluding wristlets, loops and buttons, as illustration shows, and fitted at bottom with our antiwear strip of leather, which protects the lining from wearing by rubbing against the heel of shoe, etc. When you buy a fur coat you naturally want the best you can get, because it is something you don't buy every season, and we recommend this garment to be one of the most lasting and serviceable coats, one of the very best values in which you could put your money to say nothing of the great saving made as compared with prices on fur coats elsewhere. **Sizes**, 36 to 46 inches breast measure; 52 inches long and cut large and roomy.

No. 41F309 Price....\$23.48

\$29.45 VERY FINE JET BLACK
BUFFALO CALF COAT.

Fur—A jet black Russian buffalo calfskin, with collar, cuffs and pockets trimmed with southern beaver or what is commonly called nutria, a fine soft fur.

Style and Make—Lined throughout body with heavy quilted Italian and in sleeves with heavy drill, which has hardly any wear out to it, fitted at cuffs with wind excluding wristers and bottom faced with our anti-wear strip of leather. Coat closes with loops and buttons as illustrated. A coat that is of great value either for dress or ordinary wear, but if you want a still better coat of this class our next number below will certainly interest you. Sizes, 36 to 46 inches breast measure, 52 inches long, cut large and roomy.

No. 41F310
Price.....\$29.45

\$32.40 EXTRA
QUALITY JET
BLACK BUFFALO CALF
COAT.

FUR—The very finest and most carefully selected jet black buffalo calfskins, being the best selected backs from the thousands of buffalo calfskins that are bought for our own fur coat factory. Our most careful experts are engaged in the matching of the skins used in this coat and we are absolutely sure that this is the finest of its kind offered anywhere. We quote an astonishingly low price considering this extra fine quality. The Make and Trimmings are the same as in the above number, the difference being in the special grade of fur.

No. 41F311 Price.....\$32.40

\$28.35 XXXX QUALITY SILVER
WOMBAT COAT.

Fur—Genuine Australian silver wombat, the skins being carefully selected and matched, particular attention being paid to the blending of the shades. For general service, you cannot purchase a fur coat that will give you better general satisfaction than the Australian wombat, the fur being a medium length and it is closely furled, which guarantees its wearing qualities. Coat has a large shawl collar, cuffs and pockets all made of southern beaver. **Style and Make**—Lined throughout body with excellent quilted lining, sleeves fitted with our wind excluding wristlets and coat faced at bottom with our anti-wear leather strip. Sizes, 36 to 46 inches chest, cut full 52 inches long, large and roomy. It is a known fact among furriers that a genuine Australian wombat makes even a better appearance after being worn a year than when new. The next number is a still finer wombat and on this page you will also find our very best wombat coat made of all backs.

No. 41F313 Price.....\$28.35
\$30.25 SPECIAL EXTRA SILVER WOM-
BAT FUR COAT.

Fur—Absolutely perfect wombat skins, the most carefully selected stock possible, nothing but the finest being used. (We discard the cheaper grades of wombat altogether, which other manufacturers use in coats that we would not catalogue at all.) Otherwise this garment is made exactly the same as the above number.

No. 41F315 Price.....\$30.25

\$25.00 WONDERFUL OFFER IN OUR
POPULAR Jet Black HAIR SEAL COAT

WHY IT PAYS TO BUY OUR FUR COATS FROM THE STANDPOINT OF QUALITY ALONE, TO SAY NOTHING OF THE GREAT SAVING IN PRICE BY SELLING THEM DIRECT TO YOU AS MANUFACTURERS, PUTTING YOU IN A BETTER PLACE THAN THE AVERAGE FURRIER OR DEALER.

THIS REMARKABLE VALUE, NO. 41F312, jet black glossy hair seal coat is a medium weight, making a very dressy appearance, looking quite stylish, combined with durability and comfort. While the price of raw hides of all descriptions has advanced considerably, we are able to offer this coat at last year's price, as we were able to make a heavy purchase of these skins before the market advanced, and as they are made in a factory under our own control, you can see, without any figuring, why it is our prices are so very low, lower even than what dealers pay other manufacturers for coats, that we feel sure would not compare with this one in quality.

THESE SKINS ARE ALL TESTED thoroughly by experts. The coat has a large shawl collar, cuffs and pocket pieces of heavy southern beaver, a rich, soft fur making a pleasing contrast with the jet black body. The coat has worsted ornaments and olives, as illustrated, and is lined with an excellent quality of quilted fabric and fitted with our wind excluding wristlets and faced at bottom with leather.

ALL WE SAY OF THIS COAT, as regards its fine workmanship can be said of every coat in this line. The greatest possible care is taken to perfect the quality, as we never sacrifice the quality to the slightest extent for the purpose of quoting a low price, but we quote absolutely the lowest prices ever heard of on the finest qualities.

We refer you to the next number below as our finest hair seal coat if you would like the very best we carry.

These garments come in sizes from 36 to 46 inches breast.

No. 41F312 Price.....\$25.00

\$28.00 OUR BEST QUALITY JET BLACK HAIR
SEAL COAT.

Fur—The finest and most carefully selected jet black hair seal, collar, cuffs and pocket pieces made of southern beaver, specially selected fur throughout, well worth spending the difference for. A special feature is that all our coats which are trimmed with southern beaver collars are finished to the edge so that the cuffs can be removed at any time, and are not sewed on to a short sleeve, like many coats other manufacturers, who cheapen the quality, have placed on the market. This coat is made exactly like the above number excepting only for the specially selected fur.

No. 41F317 Price.....\$28.00

OUR NORWAY SEAL COAT ON THIS PAGE IS AN-
OTHER EXTRA FINE BLACK COAT.

\$34.98 EXTRA QUALITY JET BLACK
NORWAY SEAL COAT WITH
GENUINE OTTER COLLAR.

Fur—We call this our professional coat, being especially adapted for physicians, ministers, lawyers, etc., or anyone desiring a dressy fur coat, but not intended for hard or rough usage. Carefully selected jet black Norway seal of elegant luster, appealing to almost anyone with good taste. Collar and pocket pieces trimmed with genuine otter fur. **Style and Make**—Very fine quality worsted ornaments and olives, as illustrated, extra quality black quilted lining, leather arm shields, double cable sewed throughout. Other manufacturers would charge dealers 25 per cent more than we ask. This is certainly one of the handsomest coats ever offered. Note the large genuine otter collar. Sizes, 36 to 46 inches breast measure. If you want a very fine black fur coat—don't overlook this number.

No. 41F314 Price.....\$34.98

\$39.90 OUR VERY FINEST SILVER
GRAY ALL BACKS WOMBAT
COAT.

Fur—The very finest silver gray wombat skin, only the backs of the finest selected hides being used in the construction of this coat, thus cutting out all the white spots, enabling us to offer you a coat of uniform fine rich silver gray shade throughout. The matching and blending is done only by expert furriers; large nutria collar, cuffs and pocket pieces, specially selected nutria, very fine. **Style and Trimmings**—Extra heavy quilted lining, fancy ornaments and olives as illustration shows, wind excluding wristers and faced at bottom with our patent anti-wearing strip of leather so it can't wear against the shoe at back. Wombat is especially noted for its durability and you certainly could not get a quality elsewhere both in fur and workmanship such as you will find in this coat, if you pay a vastly higher price than we quote. We guarantee to please you perfectly and to satisfy you perfectly as to the value or refund your money. Sizes, 36 to 46 inches breast measure.

No. 41F316 Price.....\$39.90

\$30.00**GENUINE BLACK BULGARIAN
LAMBSKIN COAT.**

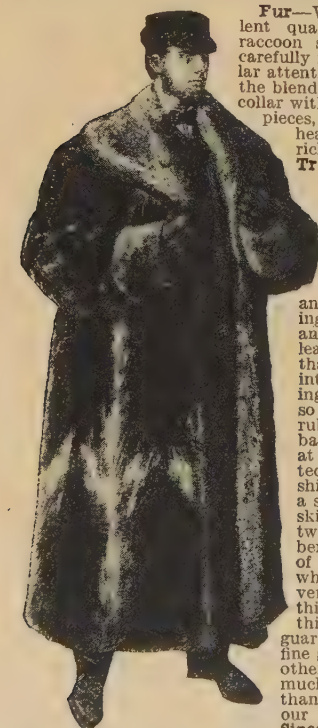

Fur—The best and most carefully selected jet black, curly, Bulgarian lambskins, with collar, cuffs and pocket pieces trimmed with an excellent quality of nutria.

We absolutely guarantee this coat to be free from any offensive odor, such as is common to Bulgarian lamb coats placed on the market by other manufacturers, this garment being thoroughly deodorized by a patent process of our own. **Trimmings**—lined throughout the body with a heavy quilted mercerized lining and in sleeves with a heavy iron thread cloth; fitted with leather arm protectors and woolen wind excluding wristers at bottom of sleeves. Closes with worsted loops and olives. This garment represents a high standard of workmanship and material, made in our own factory under our personal supervision. A rich and stylish looking coat, recommended for style as well as splendid wearing qualities. **Sizes**, 36 to 46 inches breast measure and 52 inches long. Illustration gives a fair idea of the excellent appearance of this garment.

No. 41F318 Price.....\$30.00

\$42.85**XXXX QUALITY NORTHERN
RACCOON SKIN COAT. FULL
NUTRIA TRIMMED.**

Fur—We use an excellent quality of northern raccoon skins, which are carefully matched, particular attention being paid to the blending. Large shawl collar with cuffs and pocket pieces, all made of very heavy nutria fur, rich and soft.

Trimmings—Lined with excellent quality of heavy quilted fabrics in body and in sleeves with heavy iron cloth; wind excluding wristers and bottom of lining faced with our antiwear strip of leather, something that we ourselves introduced, preventing wear at a point so much exposed to rubbing against the back of shoe; lining at arm holes protected with leather shields. If you want a still finer raccoon skin coat look at the two following numbers in the middle of this page above, which represent our very finest coats of this class, although this number here is guaranteed a very fine garment, such as others would sell at a much higher price than we charge for our better grades. **Sizes**, 36 to 46 inches

breast measure. 52 inches long.

No. 41F323 Price.....\$42.85

\$54.25**NORTHERN RACCOON SKIN
COAT WITH GENUINE OTTER
COLLAR AND CUFFS.**

Fur—Very fine, carefully selected natural color northern raccoon skins. Other manufacturers quote a much higher price on raccoon skin coats of an inferior grade, while ours is a natural color and not dyed or tipped, such as other manufacturers do in imitation of the genuine. We especially direct your attention to the large rolling collar, large cuffs and pocket pieces of genuine otter skin. It is a beautiful coat, and while the illustration represents the general style it cannot do justice to the elegant appearance of this garment. **Trimmings**—Lined throughout the body with fine quality quilted fabric, fitted at sleeves with our wind excluding wristers, bottom of coat faced with our antiwear strip of leather. Coat closes with loops and olives. **Sizes**, 36 to 46 inches chest measure, cut large and roomy, in which more skins are used than other manufacturers will put in their coats. See the next number for a still finer coat of this class.

No. 41F325

Price.....\$54.25

**\$57.85****XXXXXX QUALITY NORTHERN
RACCOON SKIN COAT WITH
GENUINE OTTER COLLAR AND CUFFS.**

Fur—The very finest quality of northern raccoon skins. We got the first choice of these skins placed on the market for this season and ordered very heavily in advance and we selected the finest and richest colored natural skins in the entire lot. Large rolling collar, cuffs and pocket pieces of genuine otter. There is not a finer raccoon skin coat on the market at any price. Our price is astonishingly low for this exceptional quality. General make is the same as the above coat, same sizes, etc.

No. 41F326

Price.....\$57.85

\$53.25**GENUINE ASTRAKHAN FUR
OVERCOAT.**

Fur—The finest quality of jet black, glossy astrakhan with a large, rolling collar, cuffs and pocket pieces of fine southern beaver, sometimes called nutria.

Undoubtedly the very greatest value ever heard of in a genuine astrakhan fur overcoat, such as sells elsewhere for about \$80.00. Astrakhans on the market at \$65.00 to \$75.00 do not compare with this coat.

Trimmings—Constructed for warmth combined with dressy appearance, not made for rough hard usage, such as an ordinary fur overcoat. Excellent quality of quilted lining and back of coat is double lined. If you want an extra fine dress coat, presenting the appearance and style of furriers' very fancy priced coats, order this number. **Sizes**, 36 to 46 inches breast measure.

No. 41F327 Price.....\$53.25

\$11.97**ASTRAKHAN CLOTH OVERCOAT.
ONE OF OUR VERY HEAVIEST
SELLING COATS.**

Fabric—A black, curly stockinet back astrakhan cloth, which will stand considerable wear and tear and still retain its fine appearance as illustrated, and making a coat that is well adapted for a warm business or driving coat or for dress wear as well. Large rolling collar and cuffs of the same material and front, pocket flaps and cuffs trimmed with a wide binding. Coat closes with loops and olives and is lined with heavy quilted Italian in body and iron cloth sleeve lining. While we have been able to slightly reduce the price as compared with last season, we still maintain the high degree of quality which easily distinguishes our coats from those of other manufacturers, having made an unusually large purchase at an inside price of stockinet back astrakhan. **Sizes**, 36 to 46 inches breast measure.

No. 41F329

Price.....\$11.97

Be sure to state your chest measure in giving your order. Measure the same as for an ordinary coat, as explained on page 1205. Full details about terms and sizes of fur coats are found on page 1243.

See the following page for our very finest fur lined overcoats, which represent furriers' fancy priced fur garments.

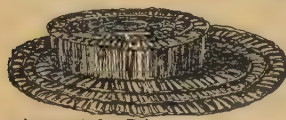

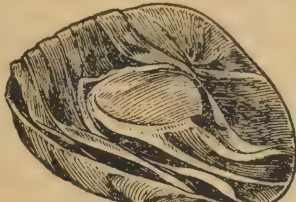

\$13.44**BLACK KERSEY ULSTER WITH
ASTRAKHAN CLOTH COLLAR
AND CUFFS.**

Cloth—A fine quality of heavy black kersey, fine appearing and good wearing fabric.

Large shawl collar and cuffs of black astrakhan cloth, giving the ulster the appearance of being trimmed with genuine Persian lamb fur which is now so popular with so many who wear fur lined overcoats. **Trimmings**—Heavy quilted mercerized Italian lining throughout body, sleeves lined with heavy iron cloth, double sewed throughout, lapped seams, giving strength and style to the coat. Closes with worsted loops and olives. Being a coat of our own construction, we know no other manufacturer makes a coat as slightly and of as good quality at less than \$18.00 to \$20.00. We save you both the retailer's and jobber's profits, and our liberal guarantee absolutely protects you. **Sizes**, 36 to 46 inches breast measure. If you want a cloth coat of this description you simply cannot afford to overlook this astonishing value.

No. 39F7081
A very elaborate dress hat made on a buckram frame with hub crown. Shape turned up in the back with a tilted dent on the left side. The facing and upper brim are made of black silk velvet edged with folds of spangled and silk chenille black braid. The hub crown is covered with the same material. On the right side of crown is a black jet ornament, from which a fold of black taffeta silk is drawn across the brim and extended to the back bandeau and made into loops and bows. A black French curl plume is placed in the back of the hat, same falling over the brim and extending to the crown. This hat is very stylish and can be ordered in all black only as described. Price, \$4.59

A Pretty Model Designed by Mme. Neville, \$4.69.

\$4.69

No. 39F7082
A very pretty dress hat, hand made on a buckram frame. Highly turned up on the left side. The facing and upper brim are overlaid with folds of novelty alicia blue brail edged with alicia blue silk velvet. The new high crown, made of silk velvet, is trimmed in the front with a large novelty ornament and folds of silk velvet, which extend over the left side of the brim. A large white ostrich plume is beautifully arranged on the left side. A side bandeau, trimmed with loops and bows of alicia blue silk velvet and alicia blue silk and velvet flowers, completes the trimming of this charming hat. This is exceptionally becoming as described in alicia blue with a white plume, or in red with white plume, or in navy, navy with black plume or all black, to state color wanted. Price, \$4.69

Beautiful Dress Hat with Style and Character, \$4.75.

\$4.75

No. 39F7083
This beautiful dress hat hand made on a buckram frame is turned up on the left side. The facing is made of gathered and shirred brown silk, while the upper brim is made of brown silk velvet. The large bell crown, made of brown silk velvet, is overlaid with folds of brown novelty braid, edged with brown silk chenille. The trimming in the back consists of large loops and bows of brown satin ribbon, same drawn over the back of the brim and extended to the side bandeau, which is trimmed with a large cluster of brown silk and velvet flowers. A long French curl white ostrich plume arranged on the left side, gracefully drooping over the side of the brim, completes the trimming of this hat. Can also be ordered in all black or navy with black feather or navy with white feather. Be sure to state color wanted. Price, \$4.75

One of the Most Becoming Shapes of the Season, \$4.89.

\$4.89

No. 39F7085
Strictly hand made on a buckram frame. Shape turned up highly on the left side and the back. The facing as well as the upper brim is with black taffeta silk, edged with gathered and shirred black silk velvet. The large bell crown, made of black taffeta silk, is surrounded with a cuff of plaited silk. A fold of heavy black lace is overlaid over the brim and extends to the side bandeau, which is trimmed with loops and bows of black silk velvet ribbon. Directly in the front is a black jet ornament from which a handsome ostrich French curl plume appears on the left side, same falling over the brim in very graceful effect. Can also be ordered in brown with a white feather, if so desired. Be sure to state color wanted. Price, \$4.89

One of This Season's Most Stylish Creations, \$4.99.

\$4.99

No. 39F7086
The shape is the very latest, turned up in the back and slightly dented on both sides. The facing and upper brim are made of gathered and stitched black silk velvet, same edged with silk and overlaid with black jet spangles. The crown is overlaid with silk and trimmed with black jet spangles and bows and folds of black taffeta ribbon. Two black French curl ostrich plumes are handsomely arranged on both sides of the crown, held on the left side to the crown with a jet ornament. The large back bandeau is trimmed with folds, loops and bows of very best quality black taffeta silk ribbon, same covering the brim and extending to the crown. In black only as described. Price, \$4.99

Stylish and Charming Model, Extraordinary Value, \$5.25.

\$5.25

No. 39F7087
Is a very stylish and charming hat, hand made on a buckram frame. The very latest shape is highly turned on the left side and slightly drooping in the back. The facing and upper brim as well as the crown is made of best quality black silk velvet, edged on the brim with tucked black taffeta silk. On the left side appear three large French curl ostrich feathers gracefully drooping toward the crown. On the right side of the crown is a novelty ornament with a fold of black silk ribbon drawn across the back of the crown, and falling over the side of the brim, is extended to the bandeau, which is profusely trimmed with large loops of the very best quality black taffeta silk ribbon. The material and workmanship make this a very desirable hat and we recommend same in black as described, but can also be ordered in brown with white feathers or navy with black feathers, if so desired. Be sure to state color wanted. Price, \$5.25

One of the New, Odd Shapes for This Season, Dressy and Pretty, \$5.48.

\$5.48

No. 39F7088
A milliner's masterpiece. The shape is very odd and most becoming. It has a high back, dented on the left and right sides. The facing and upper brim are made of imported black silk chenille and black jet spangled braid, edged with black silk velvet. The crown, made of black silk velvet, is trimmed in the front with a fold of wide best quality black taffeta silk ribbon. The same fold is drawn across over the left side of the brim and is extended to the bandeau and made into large loops and bows. Three black ostrich plumes handsomely arranged on the left side, a black jet ornament in the front and a large side bandeau complete the trimming of this beautiful hat. This hat can be ordered in black only, as described. Price, \$5.48

A Very Becoming Shape, Designed by Mme. Milet, \$5.75.

\$5.75

No. 39F7089
A very stylish dress hat, made on the very latest shape, one that is exceedingly becoming. The shape is highly turned up in the back and slightly raised all around the brim. The facing is made of folds of jet spangles and black chenille braid, while the upper brim made of taffeta silk is edged with black silk velvet. The crown covered with folds of black jet spangles and chenille braid is edged with black silk, same silk extending in folds and falling over the brim and made into very large loops and bows. Two black French curl ostrich plumes are artistically placed in the back over the crown. A black bandeau completes the trimming of this hat. This hat is exceedingly pretty and becoming in all black, as described. Price, \$5.75

A Stunning Model, Very Effective, \$6.48.

No. 39F7090

A stunning model, this pretty dress hat. Strictly hand made on a buckram shape, highly raised on the left side and drooping in the back. The facing is made of gathered and shirred white taffeta silk, while the upper brim, made of black silk velvet, is edged with white imported lace. The silk velvet bell crown is trimmed with folds of black taffeta silk ribbon and a black jet ornament. A large French curl white

plume is arranged on the left side, same falling gracefully over the brim. An all around bandeau, trimmed with white silk flowers, completes the trimming of this hat. This hat looks very stunning in black and white, as described, but can also be ordered in all black, all brown, or all white. Be sure to state color wanted. Price.....\$6.48

MUSLIN UNDERWEAR DEPARTMENT

OUR MUSLIN GOODS are made under our own supervision, under the most approved sanitary conditions, and with the result of the best class of workmanship. Each garment is carefully

FOR THE CONVENIENCE OF CUSTOMERS

up a complete muslin underwear outfit, very carefully selected, consisting of all the necessary and best style of garments which we offer in complete sets of fourteen pieces. These outfits are already put up in sets and we cannot make any changes. If you buy one of these outfits, you will be getting remarkable value, for the price is less than you would pay for the individual pieces of the same quality bought separately. We are making very low and close prices on the complete outfits. Our profit is only a very slight margin on the cost of the complete outfit (not on the separate pieces) and is a smaller per-

MUSLIN UNDERWEAR OUTFITS.

examined as to stitching, 15 to 18 stitches to an inch in our garments. Widths, lengths, sizes, buttons and buttonholes, all undergo a careful inspection before being accepted, thus insuring our customers well made and stylish muslin wear.

centage of profit, than we could accept if we were pricing each individual garment. We save the handling expense and we give you the benefit of this in the low price. To sell the same number of muslin garments separately would mean a greater handling expense, because each item would have to be picked from stock, handled and packed. In this outfit, everything is complete and we handle the complete outfit, thus one handling as against fourteen (14) garments).

We strongly advise you to order one of these outfits. You will get a complete muslin underwear wardrobe at a price unheard of before. Don't fail to include one of these outfits for your supply of muslin underwear, and such additional pieces as you require can be selected from the following pages.

\$4.95 FOR MUSLIN UNDERWEAR OUTFIT, CONSISTING OF FOURTEEN PIECES.

IN THIS OUTFIT we offer you at least \$6.00 in value for \$4.95; in fact, it is such an outfit that bought in a regular retail store would cost you at least \$7.50. As explained before, by putting up these outfits in advance, all packed ready for shipment, necessitating only one handling on our part for the entire fourteen pieces, we are able to save quite an expense and give you the benefit of the saving in the low price.

INSTEAD OF BUYING 2, 4, 6 or 8 pieces of muslin underwear, why not send us your order for this entire outfit, take advantage of our new method of putting up these goods, and get the benefit of the low price. You surely can use all of the pieces included in this outfit, even though you may not need them immediately, and we can assure you that you will get such value for your money as you never thought possible.

THIS SPECIAL \$4.95 OUTFIT, offered as one of the leaders of our muslin underwear department, consists of the following garments:

- A** Two Gowns made of muslin, yoke trimmed with tucks and insertion.
- B** One Gown made of cambric, very pretty yoke with torchon lace insertions, hemstitching, tucks, beading and ribbon insertion, lawn ruffle with lace edge to match.
- C** One Underskirt made of cambric, wide lawn flounce with two insertions of torchon lace with edge to match, made with a dust ruffle.
- D** Two Underskirts made of cambric, has 7-inch lawn flounce tucked four times, lawn ruffle with four tucks and edged with torchon lace, has dust ruffle.
- E** Two Corset Covers made of cambric, neck and armholes trimmed with torchon lace.
- F** Two Corset Covers made of cambric, two insertions of torchon lace, neck and armholes trimmed to match.
- G** Two pairs Drawers made of muslin, trimmed with three tucks, has 4-inch cambric flounce edged with valenciennes lace.
- H** Two pairs Drawers made of muslin, has cambric flounce, one insertion of torchon lace with edge to match.

Total, fourteen pieces. Be sure to give bust measure and skirt length.

No. 38F100 Price, for entire set of fourteen pieces. \$4.95

VERY POPULAR AND STYLISH IMITATION FUR COATS FOR CHILDREN.

These beautiful little coats are made of the celebrated bear skin cloth. The fabric used in these cloaks is woven similar to plush material, with about a half-inch wool nap, having that soft, silky effect. They are very nobby and warm. The white can be easily kept clean by washing the surface with ordinary soap and a wet cloth or brush, just wet enough to wash nap only. See headwear to match on page 1347.

ASTRAKHAN CLOTH LEGGINGS WILL MATCH ASTRAKHAN CLOTH CLOAKS AS SHOWN ABOVE.

Colors, navy blue or brown. Ages, 6 to 14 years. Be sure to state age and color when ordering. Price, **\$3.75**. If by mail, postage extra, 37 cents.

AN INNOVATION IN HOME DRESSMAKING.

Already Cut, Ready to Make Garments.

The garment cut out like a paper pattern at nearly the usual cost of material alone. Simply run it up on your machine, finish, and the garment is ready to wear.

Those who prefer made to order, or made at home garments, find that there has been three great obstacles: cutting, fitting and putting together properly; also the greatly increased charges of professional dressmakers, but preferring to make up their own garments in their own way this idea comes as a solution to the problem.

Nearly nine times out of ten, women hesitate to put a pair of scissors into a piece of cloth. Every garment cut by a man tailor. You save all risk of wasting material by faulty cutting and you are guaranteed a perfect fit in every instance where you give correct measurements.

You save in the cost of paper patterns: you save in knowing how. Simply sit down to the machine and sew the garment.

Notched, with complete instructions and diagrams for making. Just like a paper pattern, except that it is cut out of the cloth itself.

ALWAYS STATE BUST MEASURE AND COLOR WHEN ORDERING.

Ladies' Long Kimono.

\$1.29

No. 38F9154 Full Length Kimono of heavy fleeced flannel. Mercerized sateen trimmings. Cut with wide kimono sleeves. LADIES' MEDIUM AND HEAVY WEIGHT COVERT COATS.

These illustrations, while they will convey to you some idea of the style of these garments, cannot begin to convey to you the beauty of the materials and the elegance in tailoring of these fine coats. We have put into them the very highest grade materials that it is possible to secure. In the linings and trimmings we have used better materials than are usually used in coats offered at double the prices named by us, and we have given them such treatment and designing, modeling, trimming, etc., that each garment has a distinctiveness of style and elegance common only to the very highest priced man-tailored coats. There is grace in every outline in all of these splendid coats, there is quality in every piece of material entering into their makeup, there is such style as can only be found in the product of the most exclusive designers in ladies' wearing apparel in the fashion centers of the world, and if you order any one of these numbers we know that you will be more than pleased with the garment we send you. In ordering be sure to give bust measure and color desired.

FINE TOP COATS OF DURABLE MATERIALS

WE PRESENT HEREWITH a splendid line of top coats for ladies, made in sizes ranging from 32 to 42 inches bust measure. These garments are thoroughly well made of very durable materials and we present herewith a variety of styles a choice of materials and an assortment of patterns which cannot help but please discriminating purchasers. At the very moderate prices named on this page we offer such garments as no other dealer at home or elsewhere can possibly offer you. We make these garments in our own factory, we buy the raw materials in enormous quantities at a decided price advantage and as we sell direct to you, you pay us only the cost of manufacture and materials with one small margin of profit added, instead of paying profits to manufacturers, jobbers, wholesalers and retailers, as you are compelled to pay when you buy from the ordinary retailer.

THESE GARMENTS have a distinctiveness of style only to be found in the product of the most skillful designers of women's wear, and in these offerings we tender you an opportunity to secure most up to date styles, thoroughly well made garments at a price which does not begin to represent the real value that we put in every one of these coats.

DON'T FAIL TO GIVE SIZE AND COLOR WANTED when ordering. If you require larger sizes than we regularly carry in stock we will make them to order for 20 per cent above the regular catalogue prices. It requires about two weeks to make a garment to order.

HIGH GRADE LONG COATS AT SHORT PRICES.

WE OFFER ON THIS PAGE another choice line of our exclusive styles in ladies' long coats. Note the grace of outline, note the beauty of design in every one of these coats, how strikingly attractive every one of them is. We have enjoyed an enormous patronage in our cloak department, a patronage which is increasing by leaps and bounds from season to season, due to the fact that we have employed several of the highest grade designers of women's clothing that it is possible to secure, and we assure you that in every garment on this page and every other page of this catalogue we offer you such styles as can only be secured in the highest class exclusive ladies' furnishing shops in the fashion centers of the world. We do not charge you the fancy prices that others ask for style; our most moderate priced coats and suits are made up in just as good taste, the styles are just as up to date as in our more expensive garments, the only difference being in the quality and value of the materials.

THESE COATS COME IN SIZES FROM 32 TO 42 inches bust measure. If a larger size is desired than we carry regularly in stock it will be made to order for an additional cost of 20 per cent above the regular catalogue price. When you order be sure to state size wanted and color selection.

NOBBY CLOAKS FOR NOBBY FOLKS

HERE ARE ADDITIONAL STYLES in our Splendid Line of Ladies' Coats, such styles as are shown exclusively by us, patterned by our expert designers, made in our own factory from the highest grade materials, well made in every respect, and such values as we know no other suit or cloak house can possibly approach. Please note the graceful lines of all these long cloaks; note the variety in style, the collar and cuff treatment, the yoke, the sleeves and the new front shown on these garments. Surely in these pages you can find such a coat as you are looking for, a coat which will be entirely new in style and treatment, one which will be in such good taste that you and your friends cannot help but be pleased with it.

WE HAVE BEEN EXCEPTIONALLY FORTUNATE this year in securing an unusually fine line of materials to make up into these very Latest Style Coats, and we have gone even a step further than other manufacturers in finishing these garments; the lining and findings are of exceptionally high grade, the workmanship is of the very best and we offer them to you at these astonishingly low prices in the belief that no suit or cloak house can begin to approach us in the value of their offerings.

WHEN YOU ORDER, BE CAREFUL TO GIVE THE SIZE WANTED AND STATE THE COLOR DESIRED

This lining has the appearance of silk, but it wears much better. Colors, black or brown, with brown fur collar. Don't fail to state size and color.

Price.....\$12.50

IDEAL COLD WEATHER GARMENTS.

HEREWITH we present a number of garments designed especially for the coldest weather. We have selected the materials with a special view to making these extra warm, long coats and in the course of manufacture we have been very careful to line and finish each individual garment as carefully as we know how. They are absolutely correct in style, with the very latest yoke, sleeves and cuffs, they hang perfectly, are graceful in every line and we know that they cannot help but please you if you are in the market for a fine cold weather garment.

THE PRICES do not begin to represent the real value of these coats, because, making them in our own factory, purchasing our own raw material, employing our own designers and high class tailors and producing these coats in enormous quantities, we have the advantage of almost every coat manufacturer in the country, and offer you the advantage of prices which are lower than your local dealer would pay at wholesale for cold weather garments not nearly so high grade as these. In ordering be careful to state size wanted and indicate color desired.

No. 17F1191 VERY NOBBY STORM COAT. Made of very fine all wool kersey cloth, 45 inches long. Large shawl collar made of finest South American Beaver (nutria). Stylish sleeves, turnover cuffs. Color, seal brown only. State size wanted. Price, \$10.75

POPULAR STYLES IN PLUSH COATS

THESE FINE PLUSH COATS are underpriced; such coats as these would be sold in the highest grade ladies' furnishing stores for from two to three times the prices we ask. We take the materials direct from the mills and offer them to our customers at the mere cost of materials and the labor of making, with one small margin of profit added. When you buy ladies' wearing apparel from other dealers you are compelled to pay several profits to the manufacturer, the jobber, the wholesaler and the retailer, all of whom have heavy selling expenses. All these profits and expenses are eliminated by us and if, upon receipt of any garment ordered from this catalogue, you do not feel that you have received such a coat as you would have to pay double our price for anywhere else, if you do not find it entirely satisfactory, an elegant, thoroughly well made high grade coat, you may return it to us at our expense of transportation charges both ways and we will return your money. Be sure to state size when you order.

No. 17F1336 LADIES' LONG COAT. Made of good quality high grade black seal plush. 36 inches long. Fly front. Half fitted back. Large storm collar. New style full sleeves with turnover cuffs. Price.....\$3.98

LADIES' CIELETTE AND GRAVENETTE RAINPROOF OVERGARMENTS.

THE MOST USEFUL, PRACTICAL AND STYLISH OVERGARMENTS FOR OUTDOOR WEAR, FOR WET OR DRY WEATHER.

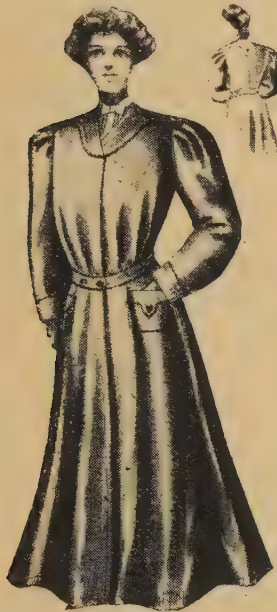

THE SIZES run from 32 to 42 inches bust measure and from 54 to 62 inches in length. We do not furnish larger, smaller or shorter garments than these measurements.

HOW TO ORDER. State catalogue number, color and give number of inches around bust, fullest part under arms, also from neck to waist in back and then from waist to bottom of skirt or length desired, then sleeve from middle of back to shoulder seam, and then from shoulder seam to wrist.

THE CIELETTE RAINPROOFING PROCESS is the original method so widely advertised and used for treating ordinary woollens, giving them the property of turning water in all ordinary rains without in any way injuring or affecting the texture, color or finish of the cloth. It remains flexible and porous to air just as before. No rubber or rubber compounds are used and there is, therefore, no odor or objectionable feature of any kind in these coats. In fact, they are just the same as a handsome up to date walking coat, but have the property of turning water, and nobody would ever suspect they were raincoats unless told they were such. No lady would be without one of these garments after wearing them and knowing how useful and handsome they are.

IN REGULAR GARMENTS there is an average difference of 20 inches between bust and length; for instance, if you order a 36-inch bust measure we will send you a coat 56 or 58 inches long. If coat proves a trifle too long, you can easily hem it up and save the \$2.00 charge for making coat to order.

IF YOU REQUIRE AN EXTREME SIZE, larger than 42 inches bust measure or longer than 62 inches in length, or sizes different from those advertised, same will have to be made to special measure and will cost \$2.00 extra, cash in full with order, and will require two weeks to make.

No. 17F1701 LADIES' HALF FITTED BACK RAINCOAT. A good coat at a low price, made of a gray waterproof covert cloth, fancy imitation collar with points in front, back and shoulder. Full sleeves, patch pockets, single breasted fly front and belt all around. Sizes, 32 to 42 inches bust measure and 54 to 62 inches in length. Color, oxford gray only. Be sure to give measurements wanted, when you order. Price.....\$1.98

THIS LADIES' BEAUTIFUL RAINCOAT, made up of a good, serviceable, mercerized raincloth, in neat Empire effect with plaits in back and front, imitation velvet collar trimmed with velvet and buttons. Latest style leg of mutton sleeves. Be sure to give measurements when you order.

LADIES' TAILORED SUITS.

TAKE THESE MEASURES CAREFULLY.

and more complete instructions. We make these tailor made suits from 32 to 42 inches bust measure, and 22 to 39 inches waist measure and everything very close and larger sizes require more material, trimming, etc. And always remember it takes at least ten days (from ten to fourteen days) to make these suits special to order.

It will help us also if you state your height and weight, and we will guarantee a perfect fit. If you have any doubt about taking these measurements correctly, write for special order blanks with diagrams and 37 to 44 inches skirt measure. For sizes larger than these, we must charge 20 per cent above the prices quoted, because we have figured the material to make these suits special to order.

NEAT SUIT. Made of good quality repellent cloth. Eton style, collarless effect. Stylish sleeves, richly trimmed with tailor stitched taffeta around the collar, in front and on cuffs.
